Hare Krishna
All glories to Srila Prabhupada
Dear Srila Gurumaharaj
Please accept my humble obeisance at the dust of your lotus feet

By your divine grace, we are doing fine in Bhakti but lacking the taste because of my mind constantly engaged in darkness. I am very sorry for your father's passing away. He was indeed a pure devotee who happen to receive you as his son. May Sri Sri Radha Radhikaraman gave Sriman Jerry Ji eternal shelter at Her Lotus Feet.
Guru Maharaj since long time you are constantly travelling and sharing the love of Krishna consciousness in the west to fulfill Srila Prabhupada's divine instructions. May all of your aspirations get fulfilled. But selfishly as a fool I am going to state that by these travels of yours we, the devotees in India miss your association.
When I was writing this offering, I was pondering what can I as an ignorant fool write. But when I offered my obeisance at the dust of your lotus feet, I felt I can at least glorify that divine dust. That divine dust is the mixture of your perspiration, the hard sweat you perspire in Srila Prabhupada's service. That dust is most fortunate because it can get your personal association almost all the time. Just like every spec of dust in Vrindavan is full of of love, the divine dust at your lotus feet are example of your dedication to Srila Prabhupada and our entire guru parampara.
I am still not one of your formally initiated disciples but I have hope that very soon you will formally accept me as your servant. Sometimes I get too much despondent but then your divine words save me from the situation. Please always be our saviour and please never reject me although my faults are countless.

-- I am very much grateful for giving a community like BCEC, leader like Kanai Thakur pr, Brahmachari ashram,
- we heard a lot about attachment to Holy name, loyalty to Parampara, detachment from this world... But we get to see this in your practice.
- your journey home book is inspiration for many and everytime I read it, it increases my appreciation to you...
- you yourself went through so much but you never ever enforced austerity on others.
- Whenever I am in search of some hope, I search for your lectures Maharaj...
- It is so difficult to handle some intellectual people that too if someone is simple in heart, you are engaging so many IITians Maharaj!!
- in spite of having achieved so much successfully, you are always giving value to small thing with devotion over big achievements with ego.
- I seek your blessings to not give you trouble, not bring any bad name to Prabhupad, rather I serve Prabhupad very dynamically.
- let me follow your instruction of becoming servant of servant of devotees and I must take shelter of Holyname.

Respected Guru Maharaj,
Please accept my humble obeisance's at your lotus feet!
I feel very fortunate and blessed to be under the guidance and shelter of your dear disciples here at Damodardesh Yatra. I thank you from the bottom of my heart for everything you are doing so that we as your children can make swift advancement in the practice of KC.
Recently I attended the Kartik Yatra at Jagannath Puri, and it was like dream come true because we were waiting to hear from you from last three years as we didn't have yatra due to COVID.
Like every year this year also I got the opportunity to assist in Kitchen under the supervision of HG Gauranga prabhu who mercifully tolerates my foolish mistakes, it is always my inspiration to see prabhuji tirelessly serving in kitchen to cook breakfast and lunch prasad for thousands of devotees every year. I am very grateful to you for blessing me with such an opportunity to assist in some insignificant way.
At Damodardesh recently I started assisting in kitchen seva for weekly program and its very satisfying to the heart.... to see how every devotee in ISKCON is trying to assist each other in spreading the glories of SB & BG. We are awaiting to celebrate Kirtan Rasa program which happens every year in the first week of December here. And its again dream come true to attend the heart enriching kirtans of great kirtaniyas like BB Govind Swami Maharaj, HH Sacinandan Swami Maharaj and many other exalted vaishnavas.
Dear Guru Maharaj it has been eight years that you have given me shelter at your lotus feet and there is no other means that I can repay you for your causeless mercy than to assist the local authorities here in whatever way possible. I am trying my best to assist in weekly kitchen services as well as other congregational programs. So far its only because of your causeless mercy and blessings that I am able to practice KC and I beg for the continued mercy and blessings to keep going on in assisting your servants of servants of servants...!! Please bless me

with proper intelligence, maturity and ability to assist in all possible way to please you, your dear Gurudev Srila Prabhupada and Their Lordships.
Kindly forgive me for my foolish mistakes and bless me to improve in my services day by day. Kindly bless me so that I can chant properly every day and read SP's books everyday with all sincerity.
I thank you from the bottom of my heart...!!
Your insignificant servant,
Abhay Nitai das.

Hare Krishna Dear Guru Maharaj. Please Accept my humble obeisance's.
During my studies in college i came across devotees and they used to conduct daily chanting sessions. in one of such sessions the devotee played a small video clipping -lessons from the HAWK. that is the first time i saw you in my life and was touched by the words of wisdom. at that very moment i felt very much connected to you, to be under your shelter. though i was very arrogant and had a lot of attitude problem eventually by the hearing your lectures and association of senior vaishnavas and hearing them the qualities that you stress to be a Vaishnava keep inspiring me to overcome my arrogant dominating svabhava. whenever i hear your lectures i develop so much deep appreciation for your genuine spiritual consciousness of being a humble servant of servant. The Logic that you put forth that the highest philosophy is to follow the TRUTH and the greatest truth is to understand accept, realize and act on our position of being an eternal servant of the absolute truth. the greatest pleasure is in giving pleasure to the reservoir of pleasure. such enthralling realizations that you carry inspire me to act as a servant and minimize my critical fault finding nature. in the recent yatra one point which i carry home carry in my memory very much is that "the more we love Krishna the more we understand Krishnas love for everyone , and more we understand Krishnas love for everyone more we can feel the suffering of the jivas" this realization of yours is so true and inspiring to love krshna. and it reconfirms that only a genuine lover of krshna can be compassionate to the suffering jiva.
Whenever my mind troubles me your lectures are the only solace. I can really see the amount of energy that you give to prepare your yatra lectures to benefit and serve all the devotees. Though we are not able to personally relate with you, your concern for us and love for us is definetely reflected in the amount of energy you give to prepare your lectures to elevate my dull consciousness to spiritual platform. iam eternally grateful for these wonderful nectars. which keeps me alive. I always look forward to your live lectures. Though you have set forth the highest standard of Vaishnavism of having consciousness of servant of servant iam still struggling with my false pride anarthas etc i beg for your prayers and blessing to overcome these anarthas, material attachments and be blessed with pure love for krshna.

Dear Gurudeva
Please accept my humble obeisances
All glories to Srila Prabhupada
All glories to you on this most auspicious day of your appearance

On this day I like to reflect on your amazing qualities and what my life would have been like if you did not exist. Without your mercy, I would never have known Srila Prabhupada's and Sri Caitanya Mahaprabhu's mercy. I do not think I would have had the strength to continue living and as such I would now be in a condemned ghostly existence.

oṁ ajñāna-timirāndhasya

I was lost, wandering around the material world following only the guidance of my material desires. You have saved me. I know this and still I am such a wretch that I continue to defy your mercy by taking it for granted and acting improperly. I pray for your forgiveness.

This brings me to your qualities. You have innumerable divine qualities but there are two which always continue to drive me forward in my endeavour to become a servant of the servant of Sri Caitanya Mahaprabhu. They are your boundless compassion and your unrelenting patience.

By your example you teach what is real compassion. In any situation you appear to be completely absorbed in how to bring everyone around you closer to Krishna. Because of your constant efforts to present Krishna Consciousness in a way that is simple, blissful and logical, even the most dull, envious and lusty fallen Kali Yugaites have a chance to perform devotional service.

"I do not mind My personal distress. I only wish for the happiness of Kṛṣṇa, for His happiness is the goal of My life. However, if He feels great happiness in giving Me distress, that distress is the best of My happiness." - CC Antya 20.52

That such love should exist is inconceivable and unbelievable to us jaded, weary, cynical residents of today's dog-eat-dog world. I am a spiritual baby and so I prattle and stumble and fall, but it is only because of you that I know this love exists and that it is meant for all of us to experience. You never give up on us and so I can never give up on myself.

Another year has gone by where I feel I have wasted the gifts you have given me. I continue to pray that I can serve you with more sincerity. I promise to eternally endeavour to serve you, Srila Prabhupada, the Vaishnavas and Sri Caitanya Mahaprabhu.

Your Servant
Abhirama Das

Hare Krishna dear Guru Maharaj.
All glories to Srila prabhupada.

I always used to be shy and introvert kind of person in past and somewhat presently also. So when i came to KC, it was very new world to me, when everyone was very open to speak about KC, dhoti kurta in public, Harinaam, is started to feel, 'do i really belong here?' as my nature was not at all supporting it. But my solace was your lectures in beginning of KC life( even now, forever). You changed my belief system, what is really meant to be humble, what is false ego, what does hypocrisy means, what is spiritual life, who is Srila prabhupada, etc

All this i learnt from you. Now i can say proudly that i never feel shy or uncomfortable in my Vaishnava attire, harinaam or preaching to public. This is due to you only. In every stage of my progress in spiritual your has major component in it. Even though hardly i get to hear you personally or zero vapu seva, still able to continue with your vani.
Recent Karthik yatra also, the way your absorbed in describing Lila of Mahaprabhu - you have transported us to 500 years before. i can only be grateful to you and say ' Thank you' - whenever i get to see you, meet you.
Still i will try to follow the your mood to be servant of servant of all devotees and parampara. and serve local temple and authorities diligently, chant and do sadhana sincerely.

What material world sees as a glory!
You teach us to feel for it sorry!
Desire for name , fame and money are highly praised
You make us see them as start of being diminished.
Being a servant is seen in the material world as a plight
You teach us to bask in glory and see that as our birth right.
Material desire to enjoy make us unable to hear our inner core
Your teachings bring the real happiness within to the fore.
Desire to get respect from others is what we should fear
“Trinad api sunichena” is what you teach us in our neck to wear.
Although there are seemingly innumerable challenges to operate
You teach us to put everything beside for a higher purpose and cooperate.

Dear Srila Gurudev,
Please accept my humble obeisances
All glories to Srila Prabhupada
All glories to your Divine Grace
We are eternally indebted to you for taking us on the Karthik Yatra in Jagganath Puri during this year.
By your causeless mercy, we received so much during this Yatra -
i. Many wonderful instructions, pastimes from your nectarine lectures.
ii. The past time places of the Vaishnav acaryas, Lord Chaitanya, Lord Nityananda that we got to visit.
iii. The association of over 10000 sincere devotees during Lectures, Kirtans, Mangala Arati
iv. The amazing prasadam made with so much love and devotion
Again and again, you made the point about being grateful and humble. You also mentioned about how we can do anything in devotional life only by the mercy of Guru and Krishna.
We beg for your causeless mercy so that we can carry the spirit of the Yatra after we return to our respective temples.
You have given so much of your time and energy for the GEV and Bhaktivedanta hospital projects. During the Yatra, we felt very much inspired by the presentation of the Bhaktivedanta hospital about the Barsana eye camp and the other initiatives and the GEV presentation. We beg for your mercy to keep these wonderful projects in our heart and support them to the best of our ability.

We pray to their Lordships of Radha Kalachandji Dham so that we can please your Divine Grace by our service attitude towards the devotees and the deities of Radha Kalachandji Dham.
We beg to Lord Narasimha Dev for the protection your health and your inspiring services to the mission of Srila Prabhupada.

Dear Guru Maharaj,
Please accept my humble obeisances at Your Lotus Feet.

I am not sure how to glorify ur presence in my life with this contaminated thoughts of mine as I sincerely believe myself to be insignificant & most fallen infront of Your magnanimous personality. But somehow I have gathered courage in association of devotees and more selfishly to purify my thoughts & deed.

Guru Maharaj, first of all thank you from the core of my heart to arrange this year's Karik Yatra, it's been after 4 long years we have got your valuable association not only during yatra but also at the time of Your visit to Kolkata this year, so it was a double bonus for Kolkata Dham devotees.

Guru Maharaj, when we ISKCONites speak about Kolkata in spiritual context first thing which comes to our mind is, Kolkata is Birth place of our beloved founder Acharya Srila Prabhupad.

Whenever I hear your lecture, your natural love for Prabhupad is clearly visible. Being trapped in this world I cannot understand or even after understanding I tend to forget what great Acharyas has left behind for us to take the legacy forward.

But when I see your life surrendered and determined towards Prabhupada mission it is as same as what Prabhupad mission of life was that to surrender and being determined towards instructions of His Guru Maharaj Srila Bhakti Siddhant Saraswati Thakur Prabhupad.

Guru Maharaj I being some how fortunate to hook up with our great & greatest Gudiya Parampara, I cannot imitate any of you but I should atleast get that 1% service attitude which is more than enough for fallen souls like me to perfect my life.

Guru Maharaj You often come for my rescue in my dreams sometime scolding me, sometime inspiring me sometime just to give association but still I am unable to change my filthy heart, I want to be the part of your service towards Srila Prabhupad, please guide me and don't leave me, as now, You are my ray of hope towards the absolute path of Krishna Consciousness.

Hare Krishna Maharaj:

Please accept our humble obeisance and all glories to Srila Prabhupada.

As we wish you the best on your 73rd appearance year, your visit to Detroit in 2022 during your 72nd appearance day was a dream that came true.

This is where you once again injected all of us with the much-needed vigor and gave your causeless mercy to sustain and progress in Krishna conscious path.

In the last year, with your blessings:
1. We have attended several family events and connected with our extended family members and acquaintances where, by personal example, we have been able to emphasize the importance of teachings from Gita in daily life.
2. As this year marked our 25th wed-

ding anniversary and our parents' 50th wedding anniversary, we traveled together to chaar dhaam in Uttarakand part of India where we visited Rishikesh, Haridwar, Gangotri, Yamnotri, Kedarnath, and Badrinath. It was your mercy that made it possible for us to visit these places on foot. After the yatra, we were able to celebrate at ISKCON Delhi and ISKCON Ahmedabad with over 150 people.

3. We were also able to visit Mayapur dham and share importance of healthy eating with students and teachers at Mayapur international school.

4. With your unlimited grace, our son will be graduating from law school in May 2024 from Georgetown Law in Washington D.C. His accomplishments this year include publication in law journal and on the music channel.

5. Our online bhaktivriksha continues to progress well engaging several families in India and North America.

6. On a personal level, we are striving to be as eco-friendly as possible by eliminating paper products and so on.

7. We continue to work on our quality of chanting on a daily basis and we feel grateful every day that we are able to chant the holy names, read the holy scriptures, associate with holy people, and honor holy prasadam.

8. This past summer we visited Bhakti Center in New York and attended the Thursday night kirtan special. We could sense your divine presence in the entire center which gave us a transcendental experience.

None of the above could have happened without your and Srila Prabhupada's blessings. On this auspicious day, we pray to Krishna to keep you well.

Wishing you the best of health and spirits

Hare Krishna dear Gurudev.
Please accept my obeisances.
All glories to Srila Prabhupada.

I am very grateful to You for opportunity to be a part of Krishna Conscious movement. That opens more doors to serve and communicate with vaishnavas. Moreover it helps to introduce Krishna Consciousness to others as in Kali Yuga it is the best benediction for manhood. Your lectures are nectar and Your instructions are like navigation for me which help not to get lost in this world full of obstacles and anxieties.
Your stories about meeting Srila Prabhupada are misteriously beautiful, which I listen to again and again, Your service to Srila Prabhupada gives total conviction of Guru Parampara's genuinity, Your humility and respect of others can touch the stone hard hearts:
guru-mukha-padma-vākya, cittete koribo aikya,
ār nā koriho mane āśā
"My only wish is to have my consciousness purified by the words emanating from his lotus mouth".

I have heard many times in Your lectures how You recite the answer of Srila Prabhupada to questions "how to pay back for everything You gave us", which is that "You can do that by getting in love with Krishna":

yasya prasādād bhagavat-prasādo
yasyāprasādān na gatiḥ kuto 'pi
"By the mercy of the spiritual master one receives the benediction of Krsna. Without the grace of the spiritual master, one cannot make any advancement". So I understand that to please Krishna I need to satisfy Guru, and to make Guru happy I need to please vaishnavas.
I am trying to glorify You but I feel like a small child who is trying to please His father. So please accept my trial.

Your unqualified,
Acyuta Keshava das.

Respected Guru Maharaja,
Please accept my humble obeisances at your lotus feet
All glories to Srila Prabhupada!
When I think of you Maharaja, the core image of yours in my heart is that you are a lover of Krishna and a servant of Vaisnavas. No wonder many of your Brajavasi friends claim, "You are actually a Brajavasi who is somehow caught by the city people of Mumbai." The only thing which you have essentially taught us it to be a humble menial servant of Srila Prabhupada and devotees. The only activity you have taught us is chanting of the holy names in Sankirtan. The only festival you have taught us is to come together and hear Hari katha. You have truly fulfilled the service a spiritual master is supposed to do to his disciples i.e. giving Krishna to us.
Maharaja, today I wish to thank you especially for the 5 gifts which I have been meditating upon last few weeks:
1) Your inspirational example of being Krishna-maya (absorbed in Krishna) – consistently since last several decades we all have seen how you very truly and honestly love Krishna, and are absorbed in chanting his names and glorifying his character and activities. You love giving pleasure to Krishna through Vrindavan forest, festivals and service to the deities. You are nothing but a Krishna intoxicated madman. A true sadhu.
2) Vani – this is my greatest ecstasy in life Maharaja. Whether it is sweet kathas of Krishna lila, Rama lila, Gaura lila, or whether it is your heart-transforming and anarthas-revealing weekend morning Srimad Bhagavatam classes, they just pull our heart in attraction to Krishna and the path of pure devotional service. You do not teach anything dilute, following in the footsteps of Sukadeva Goswami, Sri Chaitanya Mahaprabhu and Srila Prabhupada.
3) Values – simplicity, humility, tolerance, unity, gratitude, always willing to come together to chant dance & hear, joy of selfless seva, seeing the essence in other devotees, never criticising and offending, keeping Sri Sri Radha Krishna as the very centre of all our activities, loyalty to Srila Prabhupada
4) Culture – yatras, enthusiastic festivals, culture of respecting and glorifying Vaisnavas, culture of devotee care, spreading the culture of Varnasrama by spiritualising and engaging everyone without any discrimination of ashram or nationality, etc
5) Vaisnava family – wherever I go, I find your dear disciples whether India or US, and they are so eager to serve and help out simply because we are in that one family of Srila Prabhupada. You always say that success of congregation is when their kids take up to KC and success of brahmacari asrama is that their parents take up to KC, and success of the entire community is when every devotee is happy and wants to naturally serve and assist each other in need. Simply because you have given me a connection to yourself so many devotees also love me and help me. I feel that you are my spiritual father who has given me a big family spread all over the world and are helping me, protecting me, facilitating me, nourishing me and inspiring me through all of them. Thank you very-very much Maharaja.
Maharaja, some time back Krishna had inspired a short poem in my heart in appreciation for you. Please kindly accept the same here.
Seeking your blessings to be able to chant the holy names and hear Srimad Bhagavatam with humility, and serve my superiors and community of devotees at Varanasi, Prayagraj, Chennai, Boston and San Jose.

Srila Gurudeva,
Please accept my humble obeisances, all glories to You, and all glories to Srila Prabhupada!

Guru Maharaj, Taking the mission of Srila Prabhupada and Lord Chaitanya Mahaprabhu as your life and soul, you have expanded the ISKCON movement world-wide, creating thousands of disciples, followers and well-wishers.

Your lectures are heart touching and soul stirring, invoking the love of Chaitanya MahaPrabhu, filled with nectar of Krishna Prema. You bring in the essence and narrate in an enthusiastic spirit.

Srila Sanathan Goswami and Srila Rupa Goswami established Vrindavan where ever they are even while serving the Muslim king, similarly, you gave the world Govardhan Eco Village.

It is said the greatness of an individual is estimated by the results. Counting what you have done for the ISKCON movement, you certainly are the empowered acharya in the line of Srila Prabhupada.

Karthik yatras are becoming larger and larger every year, and yet the quality of the prasadam and yatra co-ordination is becoming better and better.

Your love for your God brothers and God sisters is so amazing and teaches us how

to live our lives with our God brothers and God sisters.

You are personification of humility and teach us on how to be humble, you not only talk but walk what you preach and that brings the transformation in the people with your words.
With the scale of impact and projects you are doing, you travel world-wide and yet you are very personal with everyone.

Thank you, Guru Maharaj for giving us GEV, unlimited lectures, kirtans, dham yatras, mentors, counsellors world-wide so that we can come, stay and progress in our Krishna Conscious journey.

Thank you, dear Guru Maharaj for everything you gave to this world.

On this auspicious day, on behalf of all the devotees around the world, we all wish you a very happy appearance day.

Guru Maharaj, please forgive all my offenses.

On this auspicious day, I pray to Sriman Chaitanya MahaPrabhu, Sri Sri Radha Gopinath, Sri Sri Laxmi Narasimha Dev for your good health, long life, unlimited strength so that you can preach and give Krishna to all the people of this world and in many universes.

I also pray to Radha Rani that I get to serve you eternally the way you like me to do.

With deep gratitude!!

Your insignificant and unworthy beggar,

Acyuta Kumara Das

Dear Respected Guru Maharaj
Please accept my humble obeisances
All glories to Srila Prabhupada

Respected Gurudev and Loving Father, I have no qualification to glorify you, however, for my purification I am trying to write a few words. As of today, the world is all about technology and moving from 2G to 5G, I feel below are the 5Gs which are very dear to you and your life rotates around them and you guide us all in your lectures and instructions towards them too, to keep us connected to the Guru, Guru Parampara, Gauranga and Krishna.

G – Guru – The love, commitment, dedication and surrender of you for your Guru, HDG Srila Prabhupada. You always connect your lectures, your life's biggest achievements and learnings in very humble way and as your offering to Srila Prabhupada and give credit only to Srila Prabhupada to give you that strength and empowerment to deliver what is dear to him. Similarly, you also inspire us to surrender to Guru in the same way.

G – Give (while entering into India) – when you were trying to enter into India you told the officer at the border with tears in eyes "someday, I promise, to do something good for the people of India."

As you promised, so you gave and did so much good to the people of India through your life - wisdom, preaching, Krsna katha, your Kartik Dham Yatras, so much love, devotion, care, humility and surrender to the Supreme Lord Krishna by your exemplary behaviour. You have given your everything to take people of India back home back to Godhead.

G – Govardhan Eco Village (GEV) – This is another humble offering by you to the desire of your spiritual master HDG Srila Prabhupada, creating a replica of Sri Vrindavan Dham. Expanding day by day and the number of visitors is also increasing every year. It's all your desire to please Srila Prabhupada. Your every action is to please your Guru.

G – Glorification of Krishna's pastimes – Every year in your Kartik Yatras, you speak for hours and hours and take all thousands

of your disciples and well wishers deep in to the Nectarian pastimes of Krishna. Time factor does not exist in spiritual world is what we heard and when you speak about pastimes of Lord you take us all to the spiritual world from where we don't want to come out and have no clue of time.

G – Gauranga Mahaprabhu– Your love for Gauranga Mahaprabhu and His Shikshashtakam is unparalleled. 3rd verse is your life and soul and as Mahaprabhu instructed to put this verse in to the neck, you hold this verse very seriously and sincerely and very dear to your heart – trinad api sunicena tarur api sahisnuna, amanina man dena kirtaniya sada hari. You always request everyone to chant the holy name in this mood of considering self to be humble than the blade of grass and tolerant than the tree and achieve the real benefit of Krishna Consciousness.

Dear Gurudev, on your 73rd Vyas puja day, I pray to the lotus feet of the Lord Krishna to give you long, healthy life so that you can inspire billions of souls to get attracted to Krishna and go back home back to Godhead. Also, I pray at your lotus feet to bless me with Krishna Prema, empower me to do preaching of teachings of Bhagavad Gita and engage completely in Srila Prabhupada's family business of Book distribution throughout my life.

For your pleasure, in year 2023 (Jan-Nov), I have distributed around 2000 Srila Prabhupada books (BG & Krsna) myself and with my team of devotees at ISKCON Chennai. Also, by your mercy I could get 21 Srimad Bhagavatam sets donated/delivered to needy devotees for Bhadra Purnima.

At your Lotus feet
Your insignificant aspiring servant son,
Adbhuta Gopal Das, Chennai.

My revered spiritual master Sri Srimad Radhanath Swami Maharaj,
Please accept my repeated dandavat pranams at your divine lotus feet.
All glories to our Founder-Acarya Om Vishnupad Sri Srimad Abhay Caranaravinda Bhaktivedanta Swami Maharaj Prabhupada!
Hare Krishna!
My heart fills with joy and gratitude as I write this Vyasa puja offering to you, dear Gurudeva.

Your life is a story of intense spiritual yearning, extraordinary sacrifices, unparalleled devotional adventures, complete saranagati and ever expanding selfless service to Sri Guru Sri Gauranga.

You are truly an Acarya. I offer my heartfelt gratitude to you Guru Maharaj for being the ideal example to follow.

During my second initiation, when I audaciously asked you for personal instructions, the answer you kindly gave me is the essence of the essence of all digested spiritual wisdom. You said, "Just spread the sweetness of Krishna consciousness around you and don't criticise anyone."
It is my conviction , that one who strictly obeys these 2 instructions will surely get

the full mercy of Guru, Gauranga and Gopinath.
Even though, I am repeatedly faltering and failing trying to follow these 2 instructions, I am ever more enthusiastic and determined to keep trying. These 2 instructions have become the motto of my life, dear Guru Maharaj.

The highlight of this entire year 2023 was the Kartik Yatra to Sri Jagannath Puri Dhama.
Beholding your all-attractive form, listening to your elaborate narration of sweet Krishna katha as well as singing and dancing in your Suddha Prema Nāma Sankirtan in the presence of over 10,000 sincere devotees was the perfection of my life. In the immortal words of your dear friend Srila Bhakti Tirtha Swami Maharaj, “It doesn’t get better than this… yet it keeps getting better year after year!”

Thank you very much Srila Guru Maharaj. I am yours, always and in all ways.

Your insignificant dasanudas,

I consider myself fortunate that I am writing an offering to HH Radhanath Swami Maharaj, my spiritual master, on the occasion of his 73rd Vyasa Puja. Guru Maharaj, you are inspiring thousands of people all over the world to become devotees of Krishna.

Guru Maharaj, although your qualities are unlimited, with my limited brain I will name few today as an offerings:
1. Perfect disciple of Srila Prabhupada
How a 19 year old boy hitchhiked to India from Europe which took him 6 months to reach after so many struggle and difficulties. Your spiritual quest was so deep that Like rest of the youngsters of his age, he did not just want to have good career, make money, get married, produce children and finish his life. He desperately wanted to understand the meaning and purpose of his life. So, he came to India.
In spiritual India, Maharaj performed penance in Himalayas for many months. He went to many pilgrimages and meditated on the SUprem Lord. He met many spiritual leaders of that time residing in India got impressed. Many of them wanted him to join their monastery. But still within his heart he found there was something which he was looking for which he was not able to get.
He continued with his spiritual quest. He continued praying to the Lord. Pleased by his sincere devotion, Lord Krishna, the Supreme Lord, directed him to Srila Prabhupada, a great devotee of Lord Krishna.
Then Maharaj decided to dedicate his whole life to serve our beloved Srila Prabhupada.
In one of offerings HH Tamal Krishna Maharaj mentioned you as perfect Vaishnava and disciple of Srila Prabhupada. He mentioned that Radhanath Swami was already a monk before joining ISKCON.

2. Dedicated devotee of Krishna
After taking shelter from Srila Prabhupada how you took his instructions sincerely. During initial days in New Veindavan, maharaj was given service to do pujari service in a small temple over the hill. Where no one goes, so Maharaj did all the services from A to Z to the deities. From 4:30AM to 8:30PM, 4 times Aarti, 6 times bhoga including cooking all alone. During winter days, while doing pujari services, he has to take bath many times in a day. Since there were no facility to heating the water so he used the break the ice and take bath from that. He continued till 8 years like that. It was more than 20 hours of service daily. He did it without any complain and without any grudge. His purpose was to just serve Krishna in all situations. He did not ever think about his physical comforts. That shows how much sincere disciple you are Maharaj of Srila Prabhupada.

3. Visionary:
Visionary means who have right intelligence to understand the future with determination and does careful planning. Maharaj, we see how you inspired devotee doctors to open BV Hospital in Mumbai, which is now the foremost hospital in Mumbai. When he wanted to open this hospital, there were many senior devotees who were against this since Srila Prabhupada mentioned many of his lectures how mayawadi's do social service since they don't have any rasa in their practice. But Maharaj said in current time that's need of an hour as why only mayawadi's have authority to serve people. Now we see that this hospital is that it not only treating people, but also making them devotees. So it turn out to be another hospital temple.
Maharaj, your vision of having Govardhan Eco Village, which is a replica of Vrindavan and providing completely natural environment. That project wining many international awards due to its unique nature and how its helping the environment and local villagers. Its providing the right eco system to follow simple living and high thinking.

4. Great communicator:
Guru Maharaj, you are empowered by Srila Prabhupada and Krishna, ability to share the message of Bhagavad Gita, Srimad Bhagavatam, Chaitanya Charitamrita in a way that the audience can understand it, appreciate it and apply it in their life. Your ability to communicate with verities of audience also surprises me always. Some time when I see you addressing the corporate people, bankers, business people, or London House of Commons, I always wonder as a pure devotee what Maharaj will speak there to attract their heart. But you are so perfect on passing the right Krishna Conscious philosophy to them that people of any religion or faith will appreciate and inspired by that.
Many times I amazed by your class when you decode the deep philosophical difference between Bhakti and other sects. I always relish your classes and feel like it never ends. Your classes takes us and show the spiritual world.

5. Compassion
You are the embodiment of love and compassion Guru maharaj. Each and every words you speak, the way you care for small child, to devotees, to non-devotees, your god brothers. The care for even animals. I heard that once you directed a devotee to make a sand house for a turtle living in a pond, really shows that. How you take a note of very minute details when comes to the service. More examples: through the Midday Meal program today thousands of kids from humble background can eat Krishna prasadam. The spiritual food is nourishing their body and also their soul. Maharaj organizes free eye camp in Barsana where thousands of villagers who are residents of Vrindavan and Barsana get free eye treatment. It is a great way of serving the residents of dhams.

6. Creating future spiritual leaders:
Just like how Srila Prabhupada trained his disciples to become great leaders, following the same mood, maharaj created so many great leaders in ISKCON today who are taking Krishna Consciousness process to the next level and making sure our future is safe.
Some names are: HH Bhakti Rasamrita Swami Maharaj, HG Radha Gopinath Prabhu, HG Krishnananda Prabhu, HG Radheshyam Prabhu, HG Caitanya Caran Prabhu, HG Gauranga Prabhu, HG Gaur Gopal Prabhu and there are many such great devotees.

I do not have sufficient qualification to give Vyasa Puja offering to Maharaj. As an offering to him, I have just underlined few of his extraordinary qualities. But his qualities are unlimited and cannot be quantified. Also, I am full of 4 defects and Maharaj is a pure devotee of the Lord, I do not have wisdom to know and understand all the qualities of Maharaj.

On the auspicious occasion of HH Radhanath Swami Maharaj's 73rd Vyasa Puja, I beg Maharaj to give me shelter at his lotus feet and bless me so that I can become serious and sincere in my Krishna Conscious life. I beg Maharaj to give me knowledge, intelli-

gence and determination so that I give up all types of sense gratification, give up all the anarthas and develop great attachment to chant the holy names of Krishna, read Srila Prabhupada books and serve the devotees.

Your Insignificant Servant

Hare Krishna Guru Maharaj
Dandavat pranam
All Glories to Srila Prabhupada

Some months back I was hearing from HG Vrajchandra Pr & HG Pranavananda Pr about you. How much you always try to extend your self inspite of not so good health to serve devotees. Always dealing in a way to please devotees. Always you try to keep service to your spiritual master as a high priority. GEV is the sign of it. Years before Srila Prabhupada had told in New Vrindavan to make Vrindavan there. You were carrying that desire in your heart from so many years trying to execute it in whatever circumstances were there. And now when GEV came, you expanded it and gave a complete shape to it. It has come out so well that whole ISKCON world, all Srila Prabhuapada disciples are appreciating it.

Guru maharaj, I also desire to have this quality of yours to keep your desire, desires of your dear servants HG Radheshyam Pr, HG Kanai Thakur Pr as higher priority than my desires. Always trying to align with their desires.

Also I can see that you don't have desire to be proprietor, controller or enjoyer.

• Once while driving in car with your godbrother, HG Swaroop Damodar Pr's kirtan was going on & your godbrother was appreciating him so much. Later on your godbrother came to know that HG Swaroop Damodar Pr is your disciple only. But Guru maharaj, you never told him that he is your disciple. You see your disciple as property of Srila Prabhupada.

• You have made ISKCON Chowpaty temple in a way that it will go on even if you are not physically present there. No controllership mentality.

• In WIDC meeting at ISKCON Mira Road temple, in attendance book all were suppose to write their name, their post & which center they are from. HG Kanai Thakur Pr sent me photo of that attendance record. I was surprised to see what you had written your position as. You had written "Dasanudas". It shows no desire to enjoy post, position.

Even though there are thousands of disciples, disciples of your Godbrothers, new people who would always like to be around you, you always try to give them personal experience. Last big initiation ceremony, you personally chose initiation location as Srila Rupa Goswami's samadhi place to give personal experience to all devotees. During that time, you made me also fortunate by accepting me as a disciple. I was hearing from senior devotees that, new initiate's list was going to you in morning only but still initiations used to begin after 3pm. Because you were personally going through all biodata of each initiate, offering prayers for him, choosing spiritual name for him. That's why it was taking lot of time for you.

I also desire drop of these your oceanic qualities Guru Maharaj and also need your grace, blessings so that I will not get pride of having these qualities but use these qualities to serve the devotees around me & assist them to become Krishna conscious more & more.

Currently I am staying some days in ISKCON BCEC, Pune & some days in Nandgaon VOICE, Nanded, Maharashtra. By your grace, I feel I received everything best in my life. Best of the association, best of the training program, best of the temple. Everything is just so amazing. Thank you for giving me association of you dear servants like HH Bhakti Rasamrita Swami Maharaj, HG Gauranga Pr, HG Radha Gopinath Pr, HG Radheshyam Pr, HG Kanai Thakur Pr,

HG Gauranga Darshan Pr, whole team of Brahmacaris at ISKCON BCEC, Pune. Each one is such amazing gem. From your side dear Guru Maharaj, you have given me everything. After initiation, everyone was offering some laxmi as Guru dakshina to you. But I was not having anything. So I was asking HG Kanai Thakur Pr what to do. Prabhuji told me to offering my life as Guru Dakshina. So that time I remembered the way you had surrendered to your guru maharaj. I'm not so committed, dedicated. But surely I promise to you my dear Guru Maharaj that I will try to serve you in mission of Srila Prabhupada whole life.

I beg your mercy to remain humble menial servant of servant,
Adi Gopal Das,
ISKCON BCEC, Pune

Dearest Gurudev,
Please accept my humble obeisances.
All Glories to Srila Prabhupada.

On this most auspicious occasion of your divine appearance in this material world. I pray for your blessings and mercy.
Life after life we were roaming like a vagabond with no direction on how to end the sufferings. By the causeless mercy of Srila Prabhupada and hard work of all his loving disciples, we got the much needed direction. You have been the source of huge inspiration in our lives. You have given us all that is required to perfect our lives and end our suffering and go back home.

You have tirelessly worked to bring us closer to Srila Prabhupada and Lord Krsna. However we fall short, and are still attached to the material enjoyment and thus do not desire to surrender. Please accept us as we are. We surely desire to be more sincere and dedicated, so as we become worthy to be offered to the Lotus feet of Srila Prabhupada.

Please keep your blessings upon us, the unworthy servants.

Your Servants who needs your care

It wasn't easy but it was worth
Dear Gurudev
Please accept my humble obeisances at your lotus feet
Out of your innumerable ,unlimited ,oceanic qualities ,I would like to briefly try to reflect upon the hardships you endured, because of which we are reaping the sweet fruits of association of sincere devotees, devotional communities and many more benefits, which are not possible to enlist and comprehend with my tiny brain
Living by the norms of society was easy, to live by the spiritual values was difficult, but you chose to, you lived a simple life, you participated in social rights, you wanted to explore about the deeper meaning of life .
TRIP TO EUROPE -it was easy to stay at home comfortably with loving parents, relatives and friends, but you continued your journey to explore spiritual truth, where to eat, where to stay, no money, but you continued nevertheless, it was hard, but it was worth it, even though it caused so much pain to your parents, worry, anxiety, your father said that you are crazy, this world is a dangerous place and you are young and inexperienced, you were inspired by the statement, if a person doesn't have an ideal he is ready to die for, he has nothing meaningful to live for,
Island of crete - After a day long meditation, you heard a voice, "Go to India", you had no idea of India except the pejorative news of snake bites and dangers in material world, it was easy to be with Garry, or go to Israel and earn money, but you whispered to the heavens, I am willing, it wasn't easy but it was worth
NO MANS LAND - A 4 km trek, a walk through the valley of death, unexploded mines, it was easy to stay back but you crossed the border, praying at every step

but it was worth
Its not easy to reflect on the wisdom, which Lord wants to teach in overwhelming difficult situations, it's easy to get stuck in it or get overwhelmed by it, but you realized such valuable lessons from a MONGOOSE in Herat, MONKEY snatching away all your peanuts which were meant to break a month long fast, multiple lessons on the bank of GANGES, RAM SEVA BABA'S STICK,,your sacrifice was worth, it is still enlivening to the hearts of millions
Your ENTRY TO INDIA was not easy, it was denied, it was rejected, how many attempts you made, how many requests, how long you stayed under that tree, it was easy to stay back but it was worth, you persisted, and because of that today there are thousands of devotees all around the world
CHOOSING AMONG THE CHOSEN, it was not easy, you met so many spiritual teachers, who were genuine in their own way, to choose among them, whom to surrender, when many of them offered their shelter to you, you also had some spiritual experiences in their company, but you wanted to surrender to the path of pure devotional service, so it was worth, you took shelter of Srila Prabhupada and offered his shelter to all of us
AFTER JOINING ISKCON, also it was not easy, days of New Vrindavan were not easy but it was worth, you were such an example of a life of dedication and sacrifice, reflecting on that the larger community of devotees is united despite disagreements, inspired by your words which are backed up by your personal examples and sacrifice, so it was worth it
After COMING TO CHOWPATTY - to develop it was not easy, to grow it was not easy and to again join back in ISKCON officially was not easy ,but it was worth, today we are sheltered by the larger community of ISKCON ,and so many of your god brothers
Thank you very much Gurudev for teaching through your life ,that we should do what is right not necessarily easy, because it is worth it ,

Hare Krishna Maharaj,
Please accept my humble obeisances unto your lotus feet.

It was my first time I got your association in KY 2023, there I really got an idea that how you walk your talk and your humility. When you sang jaya jaya jagannatha it filled me with lot of energy and hairs was standing on their ends, it was giving an idea of your love for god.

**Aditya Malhotra (Punjabi Bagh)**

Dear Gurudev, like every year, as I sit down to write my vyasa puja offerings, I have mixed feelings, a feeling of excitement to be able to glorify your unlimited qualities, but at the same time being utterly incapable of putting in words my feelings. I am your struggling aspiring servant, who is very strongly under the influence of maya with no attachment for Krishna or bhakti. However when I hear you or see you, I feel hopeful that your unlimited compassion may deliver even an insignificant materialistic person like me. Although I haven't had the fortune of getting your physical association much, but when I hear your intimate disciples share their realizations with you, I feel deeply touched and enamored by your divine qualities. You are an embodiment of compassion and a perfect acharya, as you not only teach by words the sacred values of humility, compassion, sensitivity, gratitude and servitude, but you also show by your perfect example that what a Vaishnava truly represents. You always explain that these humanly qualities are foundational to our practice of spirituality. Your own personal journey to the lotus feet of your spiritual master is so inspiring for anyone who is interested in pursuing a spiritual journey. Despite having millions of followers, admirers and well wishers, you still remain the most humble, grounded and loving personality that one can ever come across. You really exemplify the dasanudas bhaav, which is one of the foundational virtue gifted to us by our esteemed Guru Parampara. Your

personal dealings and your deep exchange of love and respect, especially for your godbrothers and godsisters present a perfect example for us to follow, in order to serve together in a mood of cooperation to serve this great mission of Srila Prabhupada and our guru parampara. Your teachings are so simple yet so sublime that if one sincerely follows it, they will surely achieve perfection in this lifetime only. I feel highly indebted to you for all that you have given me which I can never payback but I pray to your lotus feet that I may be able to serve you in some small way to make you happy and that will be the perfection of my life.

Dear Guru Maharaj,

Please accept my most humble & prostrated obeisances at your divine lotus feet,

Thank You for teaching me through your example how to live with the consciousness that Krishna is everywhere and in everything. Most often i even forget that Krishna is within me and He is watching me 24x7, specifically my intentions, still i try to put myself first. In the recent Kartik Yatra, you praised so many devotees for their sevas to Vaishnavas, especially the Kitchen team. i should learn that whatever type of contribution i might be doing, i must always glorify devotees and their contributions.

Thank you Guru Maharaj for teaching me about Vaishnava etiquettes through your own example. To your Godbrothers & Godsisters, whenever you meet them you always give them respect, discuss about Krishna & His pastimes with them. Just by observing your interactions with them gives a lot of happiness. i should learn that how i should also spend time with devotees to deepen relationship with them. Many times i look for topics to talk to them, i should always try to discuss topics about Krishna. Also, following Vaishnava etiquettes, will not only please Srila Prabhupada and Acharyas but will also develop inside me more respect for Vaishnavas.

Thank You Guru Maharaj for helping me developing attachments to Gaur-lila through your lectures. i never tried to hear them with much attention but in recent few months when i tried, i felt so attached to Lord Sri Chaitanya Mahaprabhu's pastimes. i could understand that Lord through His own example is teaching us how to become a devotee. Most of the pastimes are centered around chanting the Holynames & service to Vaishnavas, which Lord tells everyone to do constantly.

Thank You Guru Maharaj, for always being present in all phases of my life. Whenever there was a situation where i was very much down, you were present either in form of Vani(lecture) or some picture or some quote or kirtan or Vaishnava sangha. This presence of yours always helps me to stay on the path which Srila Prabhupada & all Acharyas have shown me. In last couple of months, i have seen many of yours videos where you visited multiple Holydhams and devotees there were so happy to meet you. You also gave time to them. You always put devotees first.
As a son, you also did your responsibilities for your dear father who departed recently. Hearing and observing your love for your parents, inspires me with thought that i can only best serve my parents by being a true and natural servant of devotees.

Dear Guru Maharaj, i m still new to learning how to truly develop the mood of being servant of devotees, my anarthas level

have decreased only a little even after so many years, my false pride is too big like a mountain but i know you are so kind on me that one day by your mercy small-small improvements will start within me.

Even today I am not following your example of living Krishna Conscious life and I simply struggle to move on attempting to practice the principles you have given.
But, I have great hope, that you are very kind even to a fallen person like me. Your mercy is always reaching me through constant association of devotees.

So, all i pray at your lotus feet on this divine Vyas Puja of your is that, may i also live my life executing your instructions purely, seriously, sincerely and without any ulterior motives. May i be able to serve the Vaishnavas in their service to Srila Prabhupada and Lord. May i be able to do my responsibilities with maturity & do my sadhna with more determination, enthusiasm and faith

Thank you Guru Maharaj for always giving me your association.

Dear Guru Maharaja,
Please accept our humble obeisances unto your Lotus feet. All glories to Srila Prabhupada.

There is no limit to which we can go on offering our gratitude to you by accepting us as your disciple and offering us an opportunity to walk the path of pure devotional service. Yes, it is true that we are not so much fortunate to get your personal association and opportunity to serve you, yet at the same time we understand it's our great fortune to receive your instructions and guidance through your deep soul steering classes and kirtans. As time is moving ahead, we are seeing how Bhakti is becoming more and more deeper in its application in your devotional practices.

You have always been a devotee of substance and finds the real purpose of services to Srila Prabhupada in profound way and assisting thousands of devotees on the path of devotional service. Being here in Sri Vrindavan Dham we are seeing how Srimati Radharani is orchestrating our life in your service. The more we love Krishna and Srila Prabhupada the more one wants to share this with the world. And That is what you are doing it.

You show all the wonderful qualities of a Pure Vaisnava whose heart is sold out to love and service of Sri Guru and Sri Gauranga. Humility, Tolerance, Eagerness to respect others and expect none for oneself. Gratitude for one and all for all that they do for Serving Srila Prabhupada and Lord Chaitanya Sankirtan Movement. Our Most Beloved Father Srila Guru Mahārāj,
Please accept our respectful obeisances. All glories to You!! All glories to Srila Prabhupada!! All glories to Sri Sri Radha Gopinath Ji!!

Dearest Guru Mahārāj, we wish You a very very Happy 73rd Appearance Day!! May Sri Sri Radha Gopinath Ji shower Their Choicest blessings upon You!!
On this very special day, we sincerely pray to Lord Nrsimhadev to continue to keep You in His Transcendental Protection!!

You have an extremely Unique, Important and Crucial Role in our lives Dearest Srila Guru Mahārāj. Your Guidance, Love, Support and Strength allows us to persevere in the challenges that life throws at us.
Our heartfelt gratitude to You for Your trust in us, which is unparalleled and the way You Lovingly Nurture us is unmatched - which not only gives us the strength to tolerate all situations, but also allows us to "Experience the Spiritual World - to Live in the Other World" - You have taught us to "Live the Words and Pastimes of the Srimad Bhagavatam". We beg for Your blessings so we may continue to reciprocate with spiritual fortitude for Your trust in us.

For the past few days, both of us have been meditating on one of the very beautiful Bhajans written by Srila Bhaktivinod Thakur - Yamuna Bhavavali - which describes the Glories of Krishna's Lotus Feet, and whoever takes shelter of these Divine Feet are blessed with spiritual bliss :

ohe prabhu doyamoya tomara carana-dwoya
sruti-siropari sobha paya
guru-jana-sire puna sobha paya sata guna
dekhi amara parana judaya

Oh my Lord, oh most compassionate Personality! Your two divine lotus feet are beautifully decorating the summit of all the scriptures. And when those lotus feet in turn decorate the heads of all the spiritual masters coming in the disciplic succession, then their beauty and splendor increases hundred fold. Seeing this truth, my heart has become fully satisfied.

jiba manoratha-patha tańhi saba anugata
jiba-bancha-kalpa-taru jatha
jibera se kula dhana ati-pujya sanatana
jibera carama gati tatha

The desires of all the jiva souls are actually following the path which leads them to Your beautiful lotus feet, which are just purpose-trees as much as they bestow the fulfillment of the most cherished desires of all these souls. Indeed, Your feet are just like the very wealth of the dynasty of jivas, and they are the most revered object of worship for all of time to come. Thus they are the ultimate goal and refuge of all souls.

This morning, both of us sang this beautiful Bhajan in front of our Deities and dedicated it to You Dearest Srila Guru Mahārāj.
One of our realisations is that - we feel that Krishna, His Lotus Feet, His Pastimes - all are very far fetched for us - but the Direct Representative of Sri Krishna is Your Divine Self - You are Sakshad Hari - and especially the second verse of this Bhajan is so very appropriate in Your glorification Dearest Srila Guru Mahārāj.
Service to Your Lotus Feet is the perfection of our lives.

As Srila Bhaktivinod Thakur has written in another Bhajan, which is our humble plea :

krsna se tomara, krsna dite paro,
tomara sakati ache
ami to' kańgala, 'krsna' 'krsna' boli',
dhai tava pache pache

Krsna is Yours. You have the power to give Him to us. We are simply Your servants run-

ning behind You shouting, “Krsna! Krsna!”

Dearest Srila Guru Mahārāj, please bless us so we may continue to serve the Mission of Srila Prabhupada and for Your pleasure.
We beg for forgiveness for any offences committed by us knowingly or unknowingly and we request You to please engage us in Your service, for Your pleasure, eternally!!

With deep, heartfelt gratitude,
Your servants,
Advaita Chandra Das and Kalasudha Devi Dasi.

Dear Guru Maharaja,
Please accept my humble obeisances.
I am eternally grateful to you for giving me so many gifts in my life. By your unlimited mercy, somehow or other I came across genuine devotees & became fortunate.
brahmäëòa bhramite kona bhägyavän jéva
guru-kåñëa-prasäde päya bhakti-latä-béja
Today on this most auspicious day of your Vyas Puja, I would like to express my heartfelt gratitude for giving me these most rare & sublime G.I.F.T.S.:
G - Gurus
Thank you so much Maharaja for giving senior devotees like HG Radheshyam Prabhuji, HG Sundarshyam Prabhuji, HG Shadbhuja Gauranga Prabhuji, etc in my life. By their sacrifices & prayers I am continuing some way or other in my devotional life. They are very mature, strict & loving superiors, under whose shelter & guidance even toughest situations become easy to tackle. They have properly nurtured & trained me in my devotional life & they are always available to help me & many others even in our smallest problems. I had never seen such pure selfless people in my life before. Thank you so much for giving their most valuable association in my life. Please bless me so that I can take proper advantage of their association.
I – Inspirational Lectures
Thank you so much Maharaja for giving such wonderful nectarian lectures. As you mentioned once to a devotee who wanted some personal instruction from you, that “My lectures are personal instructions for all disciples” (paraphrased). Your vani has the ability to enthuse one spiritually & cross all hurdles on the path of Krishna Consciousness. I have experienced many times that you reciprocate with us through your lectures, for e.g. one day I had some arguments with another devotee & was very disturbed in mind, I started hearing one of your old lectures, where your chastising statements shook me & I realized my mistake & asked forgiveness from that devotee. Especially your lectures describing the lives & teachings of previous acharyas are my all time favourite. Just getting a glimpse into the lives of great personalities like Goswamis, Narottam das thakur, Shrivas Acharya, etc one cannot help but become more fixed up in his practise of devotional life.
F – Family of devotees
Thank you so much Maharaja for giving me an opportunity to be a part of this big Vaishnava family. Having association of like-minded practitioners is very relishable. Especially I wish to express my heartfelt gratitude for giving us ‘Kartik Yatras’, where in I get a glimpse of spiritual world, the place where everybody wants to serve Krishna & devotees, where everyone is selfless, where one wants to keep all others ahead of him in line, where one remains blissful even amidst austerity and where everyone puts Krishna in centre.
T – Tåëäd api sunécena
As Srila Prabhupada states “Advancement in Kåñëa consciousness depends on the attitude of the follower.” (NOI). Thank you so much Maharaja for giving us the insight of the mood & heart of a devotee. It’s only because of you that we can understand the attitude of a genuine devotee, which is to become humble, tolerant, respectful & never expecting respect, although I am far far away from this exalted mindset. Please bless me so that one day I can actually come up to the standard as you wish us to be on.
S - Services

Thank you so much Maharaja for filling my life with so many transcendental services. Your representatives have flooded our lives with many varieties of engagements, like preaching, cultivating new people, decorating, designing, cooking, book distribution, etc. Without such active engagements it would become very challenging for passionate people like me to keep continuing devotional life. What I appreciate most in services is the selfless mood which we try to inculcate, as per your wish. As you once mentioned to book distributors in Chowpatty "Let's distribute more books that everyone & still pray that we come last in ranking" (paraphrased).

In reciprocation to all these wonderful, priceless, sublime GIFTS, I do not have anything to offer! I offer my whole life in your service. Please accept this insignificant fallen soul as one of your servants of servant of servant & give me an opportunity to remain connected to the Guru Parampara & render whatever small insignificant service I can do to please your representatives.
Begging for your mercy,
Your aspiring servant,
Adveit

Dear Gurudev,
Dandavats Pranam,
Please accept my humble obeisances.
We are very grateful to you to accept our all family members as your disciples.

I personally love to take care of GEV guests and giving them GEV tour.
I would like to highlight few points: when guest visit Vrindavan forest, Yamuna river, Govardhan, Barsana and Vaishnav memorial, they become so happy and they immediately start inviting their relatives to come and visit GEV.
All guest becomes very inspired when they see Vaishnav memorial and they get into prayerful mood.
Annashektra delicious prasad very much loved by guest.

All Glories to Srila Prabhupada

Please accept my humble obeisances ,Guru Maharaj I am feeling blessed to get this opportunity to express my heartfelt gratitude towards the Lotus Feet of Maharaj through my foolish words. Please forgive my mistakes.it was 2020, I started my journey of Krishna Consciousness and it was 2021 , I came to know about Maharaj through His ecstatic Kirtan on YouTube. From that moment only I accepted Maharaj as my Spiritual Master. Then I purchased The Journey Home and tears were rolling down from my eyes while reading His autobiography. I was truly blessed to read the book & then got The Journey Within , a mountain of wisdom. I was sure that I would never get a opportunity to have Darshan of Maharaj , but out of causeless mercy of Srimati Radharani, on 8 October 2023 , I attended Satsang of Maharaj in Kolkata and felt truly blessed...Maharaj's teachings help me me a lot to lead my life spiritually and stay connected with Shri Krishna. I , considering myself a very insignificant and unqualified soul, am not sure if in this life time Maharaj will accept me as His disciple, but I have accepted Maharaj as my Spiritual Master and will try my best to serve Maharaj by following His instructions. My humble request at the Lotus Feet of Maharaj , to please bless me so that I can continue to serve Shri Shri Radha Madhav throughout my life and can remember Srila Prabhupad at every steps of my service. Bless me Maharaj so that I can serve Your Lotus Feet. RADHEY RADHEY.

Respected Maharaj ji,
Please accept my most humble obeisances on your 73rd appearance day.
All glories to Srila Prabhupada and all glories to Sri Gauranga.
We were always planning to have deities at our home for worship and not able to decide between Gaur Nitai or Lord Jagannath, Subhadra and Balram ji, but when I got selected in Central University of Srinagar Uttrakhand, our shiksha guru, HG Rasvigrah Prabhuji and HG Bhaktinidhi mataji suggested to have Sri Radha Krishna deities as it will be easily accepted for preaching in Srinagar.
We are so blessed recently when you gave the name of Sri Radha Girdhari ji to our deities.

Kartik yatra was a wonderful experience to have association with more than 10000 devotees under your shelter. We were fortunate to have the dust of your Lotus feets.

We are always praying Sri Radha Girdhari ji for your good health and promise to be humble and sincere servant in the mission of Srila Prabhupada to spread the Krishna Consciousness as per the wishes of Gauranga Mahaprabhu.

Thank you Maharaj for everything.

Hare Krishna Dear most Guru Maharaj ,
Please accept my humble obeisance's,
All glories to Srila Prabhupada
On this very auspicious occasion I am very greatful and indebted for all the things and nourishment You are providing us through Your lectures, through Your disciples and through Your wonderful association.
Every year taking us all for the wonderful Kartik Yatra where we come to meet different devotees ,glad to hear from your God brothers and You with complete absorption , we charge ourself fully for the whole year.

As it is rightly said that by Krishna's mer-

cy we get Guru and by Guru's mercy we get Krishna. In the beginning of my Krishna consciousness I was very confused in selecting Guru. I used to pray Krishna everyday to help me to select my Guru whom I can dedicate my life become committed to his mission.Thus over a period of time Krishna helped to select You. And now by hearing your lectures again and again we are coming closer to Krishna.

I was really got amazed and thrilled When I started reading Your book 'The Journey Home' to see your complete surrender and faith on God right from the beginning of your quest .
When you used to hitchhiked and travelled through different countries and different places ,you would face so many difficulties and near death experience's but in all those circumstances you just took the shelter of God.
When You don't find the proper way to your search for the quest You just used to pray sincerely to find your way.

Thank You so much Guru Maharaj for taking so much of pain and sacrifices You have done for all of us .
Thank You for teaching us all through Your own examples.

Please bless us all so that we can get a drop of your oceanic qualities and thus we can become a sincere instrument in assisting You in the mission of Srila Prabhupada.
Your insignificant servant,

Maharaja you have dedicated your entire life for serving Srila Prabhupada. In New Vrindavan, you were doing Pujari service. Single handedly taking great responsibility, extending yourself, barely sleeping, always engaged in seva. But you continued, so please Srila Prabhupada.
Knowing it as Srila Prabhupada's desire, you always kept in line with ISKCON authorities, although there were great challenges many times.
You have shown us an excellent example of Vaishnava etiquettes. Whatever seva you got from authorities, you have put your heart and soul to do it for the pleasure of Srila Prabhuapda.
Youth Preaching seva in America. You were simultaneously preaching in 25 colleges. You respect every living entity. You inspire people to give their hearts to the actual Lord of their hearts, Sri Krishna.
I seek shelter at your Lotus feet Maharaja so that I can eternally engage in your service, service to Vaishnavas, Srila Prabhupada and Sri Sri Radha Krishna.
Thank you very much for so much that you have given.

Please forgive me for my unlimited mistakes and offences.

Hare Krishna Maharaj, PAMHO.
I am a very insignificant person to give an offering, but I will showing my gratitude towards you via this offering, and how you have transformed my quality of chanting.
The Kartik Yatra of this year, we went to Alarnath temple, about 25 kms away from Puri. There, HG Krishnanand Prabhuji gave the lecture. In his lecture, he had mentioned that if one wants to increase the quality of chanting and want to develop higher taste in it, one must listen to the 2 lectures that you gave in Benapole, in 2004 Bangladesh Kartik Yatra. I heard those lectures with all attention and tried to understand each and everything.
From that moment, I have tried to pray in the lotus feet of Chaitanya Mahaprabhu and Srila Haridas Thakura. I cannot relish the mantra as you do, but I can now sit attentively and chant, thanks to your lecture!
I will be forever grateful for the insights that you provide, I am also interested in the Scientific side of Krishna Consciousness, and I will surely make some progress in spirituality and sciences by your mercy and mercy of your devotees.

Your Servant,
Akshat Namdeo

Hare krishna Maharaj ji Dandavat Pranam,

Please accept my humble obeisances on to your lotus feet.

I acknowledge my lack of qualifications and profound consciousness to speak for HH Radhanath Swami Maharaj. However, the organising committee's gracious opportunity and my deep affection for Maharaj allow me to consider this as a special mercy.

Anyone, from a young child to an elderly devotee, can offer heartfelt gratitude and love to Maharaj. His ability to foster loving and caring connections, transcends physical proximity. Maharaj, your lectures serve as nectar for our spiritual practices, consistently inspiring us.

I could recall an incident when I had the fortune of meeting HH RNS Maharaj at the first National conference held at Goverdhan Eco Village. Our Bhandirvan bace OC had requested us to bring young students from college. At that time, I was pursuing my Master's in Project Management at VJTI College in Mumbai. Through the grace of all Vaishnavas, I managed to bring my 36 college friends from my class to the conference.

During the conference, all my college friends were deeply inspired by Maharaj's discourse. Particularly impactful was Maharaj's invocation, "Om agyan timiranjasy...." The resonating sound of this extended OM left a profound impression on each of us. After the conference, as we were wandering around, one friend expressed a desire to meet Maharaj, and they all urged me to introduce them. It was a daunting task for me, as we had never approached Maharaj in this manner before. I hesitated but eventually said, "You can go directly; Maharaj is very affectionate. You can try." Reluctantly, they agreed and slowly approached Maharaj. Meanwhile, I settled in a corner of the conference room, feeling relieved, as this was not my cup of tea. Engaging myself with books and magazines, I had my back turned to the stage.

After some time, someone tapped my shoulder. Upon turning around, I was taken aback. It was HH Radhanath Swami Maharaj with my 36 college friends. My throat dried up with a mix of respect, awe, and the realization that Maharaj was there. Meeting his eyes for the first time felt like a magical experience, akin to looking at the sun. I was speechless, akin to the moment when Krishna opened his mouth and Yashoda Mai saw the universe within. I couldn't find words but managed a feeble "Hari bol" with folded hands. Maharaj warmly responded, "Hare Krishna, it's wonderful to see you with your group of friends. I heard you invited them for this conference, very nice." I simply smiled and again murmured "Hari bol." Maharaj understood my situation, smiled warmly and departed. I was in a state of shock for a while, realizing the potency, purity, and essence of Maharaj. I was also deeply touched by Maharaj's simplicity. Despite his exalted status, he took the time to meet my friends and even acknowledged me, a soul lacking any qualification to stand in front of him. His loving gestures and smile remain etched in my memory. I could share group photo with Maharaj, Kiran Bedi ji and 36 friends. But here, there is no provision to upload photo.

As we all know, Srila Prabhupada initiated the ISKCON and its preaching mission solely to honour the words of his guru Maharaj. The accountability and dedication displayed by Srila Prabhupada are truly remarkable. Similarly, HH Radhanath Swami Maharaj continues this legacy, initiating, nurturing, and showcasing several significant projects in service of the preaching mission. Goverdhan Eco Village stands as a testament to this dedication. In one of his lectures, Srila Prabhupada mentioned that determination means endeavouring with intelligence, a principle beautifully exemplified by Maharaj. Each action, event, and devotional service rendered by Maharaj is dedicated to Srila Prabhupada, devoid of personal motives or agendas.

"Trinad api sunichena taror api sahish-

nuna...” This line from Chaitanya Shikshatakam isn’t just a verse but a principle deeply embedded in our hearts by Maharaj.

There’s so much more I wish to express, but I’ll conclude here. I offer my heartfelt gratitude to Maharaj for bestowing his love, care, and mercy upon me through his lectures, kirtans, marvellous projects, Kartik yatras, and the Radha Gopinath community.

Please forgive any offences I may have committed and bless me with your mercy so that I may serve as a humble instrument in this noble Hare Krishna movement. Grant me the special mercy to embrace Krishna consciousness seriously and sincerely.

His holiness Radhanath Swami Maharaj ki jay!
Sril Prabhupada ki Jay!!
Radha Gopinath Bhagwan ki jay!!!

All glories to Srila prabhupada!

Your book Journey Home inspired me to take up Krishna consciousness. In that you went through so many difficulties and after that you received this krishna consciousness. And here, I got KC so easily but still I am not understanding the importance of KC and the urgency of it. I pray to you to please make me realize it.
In your devotional life you faced so many difficulties but your determination was resolute and you weren’t distracted by lust, envy , anger . I pray to you that my bhakti may also not be affected by my anarthas and I may able to please you and Prabhupada.
I have heard so many pastimes and that has made me realize that you are humility personified. I am a very proud person, I pray that please crush this pride of mine so that I may not commit any offences to all the Vaishnavas.
I also pray to you please empower may so that I can spread this mission of Srila Prabhupada all over the world. And in the book marathon of December I may be able to distribute this knowledge of Bhagvad Geeta.

Akshay

Hare Krishna Respected Maharaj Ji,
My thousands of Obeisances unto you Guru Maharaj.

If we want to get attached to Krsna we want to be detached from the worldly affairs. Detachment is very difficult. But to the degree we get attached to Krsna to that degree we get detached from these material attachments, our ego, false pride, mind.

Whatever attachment I could develop in my heart for Krsna is only because of the mercy and blessings of you Guru Maharaj through your wani.

I deeply touched by your presence through your wani. The wani is not like that but it is a wake up call for the sleeping soul like me.

In the deep sleep, we get so many thoughts, which are not supposed get. But as soon as we are awake we realize it was a dream. The same way your wani and instructions are medicine as well as fuel for my soul to awaken from my miserly condition.

Guru Maharaj your deep faith and mood is so much touching that it acts as a heat energy to melt my hard solid heart.

I am very much grateful to you will always be indebted for whatever you have done for me.

I am nothing without you. I always get lost whenever I don’t hear your wani. I realized that it’s actually even acting as lubricant whenever there was a friction between my material and spiritual life.

I thank you very much from my heart.

Your indebted servant,
Akshay

Dear Guru Maharaj, although I am completly uncapable to glorify such great person like You, I will try my best.
Any sober man can see that
you are living example of integrity, accomplished life,fulfilment not only of all main purposes of human life, but especially of all devotional aspirations...
For me You are transparent medium in all respects. Especcially unconditional love of krsna so brightly does manifest throuph You.

From the very beginning of Your life You were seeking God and were accepting all uncommon,- sometimes dangerous - incidents and situations in Your life as His revelations. And God Himself had become Your guide throughout all Your life.
Finally He had brought You to Vrindavan, where Your heart had been lost. Gradually Vraja Prema more and more was manifesting in Your heart untill You have realized Yourself as the servant of Srila Prabhupada, who is one of the most confidentional servants of Srimati Radharani.
like Govinda Kaviraj, who says: “I have locked up the external door of my heart (to stop my worldly existence), and open an internal doorway to my Manjari bhava”, You have done the same. And then,
Inspired by Hladini Sakti and following in the footsteps of Your beloved Spiritual Master Srila Prabhupada, You again open the external doorway of Your heart to give a way out of love and compassion of Ramani Siromani Vrisabhanu Nandini by vigorously preaching the Message of Gauranga Mahaprabhu.
First, desiring to repay a debt to Indian people, You have developed in Radha Gopinath Mandir unique congregation of Devotees , for whom You are their life and soul. In Govardhan Ecovilage under Your leadership now a four-decade dream Manifestation of Vrindavana forest have come true...
Now, feeling indebted to the western people, You are manifesting Your love and compassion by preaching all over the whorld...
...Amongst all Your disciples, being like a foolish and helpless child who seeks and does find protection only on the lap of his mother, so I can find shelter and protection only under the shade of Your lotus feet. Therefore my claim on your mercy is first. Oh when will that day come,- while bowing down to your lotus feet I will hear: “You may touch my feet”

Dhruva Maharaj said "I was looking for a broken glass, but I found a Jewel ".
In a similar manner, Lord has given me your association and I am really very grateful to Lord for giving me a Jewel like yourself. The Humbleness and kindness you have shows your dedication and Love towards Srila Prabhupada, Lord Krsna and humanity at large. You are very merciful upon all of fallen souls. You take care of each and every detail, thus this shows your caring nature towards devotees. I am always inspired by you and the teachings which you give.

**Aman Mittal (Pune)**

Hare Krishna Guru Maharaj,
Please accept my humble obeisances...

I promise to follow the 4 regulative principles, namely,
no meat eating, no intoxication, no gambling and no illicit sex, not only on the gross level but at the level of body, mind and soul...

I will try my best to chant a minimum of 16 rounds of Hare Krishna maha-mantra sincerely and also report to my counsellor, HG Varadraj Prji.

Today, I wish to surrender my everything at your lotus feet solely, although I have nothing, as without Krishna prema, it is all zero! I know surrendering to you means automatically surrendering to HDG SP and the entire Brahma Gaudiya Vaishnava parampara...

I really am fond of you, Maharaj, for you've given me your mercy through this counsellor system; your emphasis on the quality of our bhakti through sincere, humble devotional service is such a practical aspect that it has had a very deep impact on me.

Some of my observations are:
1) You've set a very high standard of serving guests, god brothers and sisters; everything is so thought out and yet so enchanting. Seeing your bond with everyone makes me understand that you make them all envy-free and love Krishna!
2) It is not easy to practise devotional service; it requires great endeavours, which attract causeless mercy, which in turn makes us capable of serving. So Maharaj, I seek your humble glance of mercy to give me strength and determination to do all endeavours from my end with a humble heart, a crying heart for Krishna prema. This is an important learning for me from your lectures.
3) Your gravity in all devotional activities has inspired me to become serious, although from inside I am longing and longing, but maybe I am too conditioned to the material activities that I have no attraction to Krishna Conscious activities! Maharaj Please teach me how to cry for Krishna incessantly...

Guru Maharaj, this may be my first offering, as I don't remember the offering I made before this, but from now on, I shall work on these shortcomings of mine in loving and serving Krishna and His devotees... Maharaj, you've transformed this stone-like stoned heart of mine, which is full of infinite faults and conditionings, then what to speak of your mercy on all the other nice devotees.

Maharaj, please accept me as your insignificant servant
~ Aman Mittal

**Aman Swaraj (ISKCON Kurukshetra)**

Hare Krishna Maharaj
please accept my humble obeisances.

I got connected to ISKCON in 2016, and every day, I am trying to grow in my spiritual life. And despite all the obstacles that I face, majorly the doubts and the anarthas, by Srila Prabhupada's mercy, I'm able to stay in ISKCON and practice Krishna consciousness and render some little services in my limited capacity.

I don't remember exactly when I saw you first on YouTube, but I do remember seeing you for the first time in the ISKCON Noida temple. At that time, I did not realize that you were meant to be my eternal shelter.
But over the years, by your mercy, I got to hear your lectures more and more, and they fueled my heart with love for your holiness.

I don't know whether I'll be accepted as your disciple, but I have sold my heart and soul to you already. your lectures are my solace; they are my guiding light in the dark alley of my mind.

Although nothing is hidden from you, I still wish to confess my heart's feelings to you. I

am not able to follow all your instructions, and sometimes, I get very discouraged and lonely in my spiritual life. I really need your mercy.

Although it was my first yatra, I felt as if I was home. All glory to the wonderful community you created at ISKCON Chowpatty. When the Kartik yatra ended, I felt as if I had lost something vital part of my life, for I don't know when I would see you again singing those tunes after the lecture. Also, I felt like, oh, where have I been for so many years?? There are so many Kartik yatras I missed... But better late than never! I'm grateful that I'm finally under your shelter.

You have given so many instructions, Maharaj, and If I start typing all that here, It will become so long, so I have chosen the three most important ones, which I noted in recent times -

1) If you don't feel enthusiastic, then act enthusiastically.
2) Real pleasure is in making sacrifices for a higher cause.
3) Chant with faith, attention, and humility.
4) Serve the Vaishnava with full heart.

May I never forget these instructions and make them the purpose of my life.

The mercy of Guru is not so cheap, and I am ready to pay the price, Maharaj. If I have to wait, then I'm ready to wait. I need your blessings that I don't lose enthusiasm on the path, and even if I lose enthusiasm, I still keep on serving you and all the wonderful devotees and Srila Prabhupada.

your aspiring disciple,
Aman Swaraj

Dear beloved spiritual master

This is your fallen disciple amar kishor das, in broken words attempting to appreciate your divine intervention in my unfortunate life.
Recently after a gap of 4 years I had the great fortune of participating in Kartik yatra 2023 the most memorable part of which was to associate with the enthusiasm, service attitude, dedication and humility of the devotees at Sri Sri Radha Gopinath Community.
As you often say that from a drop, we can evaluate the qualities of an ocean. In the same way by getting a glimpse of community at SSRGM, I could get a small understanding of your magnanimity and the extent of love and affection you had showered upon the devotees at SSRG.
Through the yatra I am getting to experience the same love and affection to some extent and truly speaking maharaj, I am just feeling thrilled and enlivened by that experience. I don't want to lose or forget those few moments. I felt as if I am getting newer and deeper insights of what is spiritual world like and what kind of loving personality Krishna is - it was appearing those

things which I have been hankering for while life have started to manifest infront of my eyes in that association and I could clearly understand that this is not becz of my advancement or something but only becz of placing myself in the midst of sincere dedicated devotees who only have the pure aspiration to become the sososo SSRG and that intense association is what is actually awakening these emotions.

I wish to mention some important points which I noted in your lectures in the evenings of Jagannath Puri Dham and I pray and aspire to imbibe them in my life all throughout till the last breath if I am allowed to

1. You told us the mood in which we should be chanting the Holy names everyday. It really touched my heart and everytime I chant with this mood, I am able to chant attentively maharaj. We are chanting Hare Krishna not to enjoy Hare Krishna but to invite the divine couple to enjoy our devotion.

We don't go to temple to see Lord Jagannath but to be seen by Lord Jagannath. That is bhakti.

2. We shouldn't see obstacles as obstacles but translate them as Krishna's signals to give us the necessary impetus to depend on Krishna whole sale. Whether there are obstacles or no obstacles but at the end of the day we have Krishna with us.

3. What is defn of happiness - of what I like to be or make the higher principle of serving the Lord's devotees

4. How we respect the dham is by how we treat each other and how we utilise every moment at dham - hearing chanting associating with devotees

5. The joy of self-importance or self-respect is insignificant to the joy of respecting and honouring others.

6. The whole process of bhakti is to transform our pursuit of pleasure from satisfying our own ego to satisfying Krishna

7. We make advancement according to how much we take shelter and how much we are dependent on Krishna's mercy.

8. Envy for devotees is actually envy for Krishna - the Gopis felt themselves incapable of pleasing Krishna but they were not feeling unhappy about it

9. The less and unqualified the more we can taste the holynames.

Also I am feeling extremely grateful that you chanted every day morning in the midst of all devotees in front of Tulsi, It was my 1st experience of getting to chant my rounds in your vicinity and presence. I cant express how happy and secure I was feeling when I got to chant in your presence maharaj. I am eternally grateful for kindly bestowing all these gifts upon undeserving souls like myself.

Thank you for accepting me with all my deficiencies, though I am good for nothing but you have so kindly picked me up and engaged me in Krishna's service

Always aspiring to humbly serve your divine lotus feet with love and devotion in a way that pleases you the most

Respected Guru Maharaj,
Please Accept My Humble Obeisance
Gurudev, I am very grateful to you for providing me with strong shelter of senior vaishnavas in the community who are there to give guidance as your representatives and giving me solace in times of difficulty, inspiring me whenever I am dull/ lazy in KC. One senior devotee guided me to talk to your photo form and reveal my heart on regular basis, but I am not able to

follow it due to my shortcomings and thus I am not able to connect to you properly. I have heard that you reciprocate with each and every disciple of yours and take care of them. Guru Maharaj please help me in this. Daily spiritual routine has become like ritual for me and I am lacking taste in KC. This offering I am writing to you to please help me so that I can become better devotee, talk to you regularly and get taste in KC. I know, I am lacking all this, therefore my family is also carrying same mood now as mine. Please help me guru maharaj as per your desire as you know what is best for me.

Hare Krishna Dear Guru Maharaj Ji,
Koti koti dandavat pranam at your Lotus Feet, again and again

Srila Guru Maharaj Ji, I am very grateful that Sri Sri Radha Shyamsundar ji sent you for fallen souls like me. Your appearance amongst even the most fallens like myself is the greatest blessing I could ever receive. I pray for your physical well being, although I am so insignificant to do so. You have always been very kind to me from my initial days of Krishna Consciousness, although I don't deserve it. This year you got me married to a very wonderful person, Ayushi, who, although not yet taken to Krishna Consciousness, is very supportive of me. But I feel very shameful to mention that despite receiving nothing but your mercy and blessings, I have not been sincere in my Sadhana and my dealings. Despite understanding the importance of devotee association, I have no laulyam for association, I have missed opportunities to take association, even yours when you visited Pune on October 11th. I am very sorry that I haven't understood the meaning of being an instrument, neither have I made the right choice of being the instrument of your mercy whenever opportunities were presented to me by Krishna's mercy. I don't have any quality of a devotee. I am indeed the most fallen.
I beg for your mercy to please bless me and my wife to take devotees' association always; become devotees, and become instruments in the hands of the servants of your servants. Please give us the intelligence to make the right choices towards Krishna. Please do whatever is necessary for me to become what you want me to be. I am yours.

Most insignificant servant of your servants,

Your lecture are solace to me though sadly I am not attracted to it , I am confessing you now I really need to hear your lecture regularly to become more attached and inline with process of Krishna consciousness. I really love and admire your dedication and love to your own guru Srila Prabhupada and I wish and pray that I too understand glory of dedication to guru and serve you for lifetime. I sincerely beg your mercy so that I become more serious in chanting ,reading books and doing sadhna in the association of devotees . I am going through very critical phase of my life and wish to be attached to hearing your lecture so please bless me to do so.

Sincerely wishing to serve Krishna, prabhupada and you the way you would like me to serve.

Hare Krishna Maharaj
Please accept my humble obeisances

I would like to extend my sincere gratitude to Srila Prabhupada, to you as well as to all my shiksha gurus for the causeless mercy and inspiration due to which I'm able to convey something about your extraordinary pastimes.
Whatever I do, it can never justify the mercy that you have bestowed on all of us in the form of revealing the deepest secrets of Krsna katha, distributing the Gauranga prema, sharing the instructions of Srila Prabhupada, enlightening us with your highest realizations and the list is endless.
It is only by your compassion and herculean endeavors that we are relishing the fruits of the most pleasing Sri Sri Radha Gopinath community, the most enchanting GEV, the most blissful Kartik yatras, the most energizing IYS yatras, the most relishable kathas and the most revitalizing teachings.

How can I ever repay for the uncountable pains that you have been happily accepting just for the upliftment of insignificant souls like me! Can I ever do something, even insignificant, in exchange for the respect that devotees give for accepting your transcendental shelter because of the endless struggles that you have gone through? I don't see any hope except your causeless mercy and blessings of Srila Prabhupada.

I beg forgiveness at your lotusfeet, from the bottom of my heart, for the offences that I might have performed, knowingly or unknowingly, due to my past conditionding. And I humbly and sincerely prays for the spiritual strength from you so that I can do sincere loving devotional service and contribute in your mission of expanding the message of Lord Chaitanya received through Srila Prabhupada.

My dearest master,

Home and saviour.
I don't know how to write an offering sincerely when there is but not one drop of sincerity in my heart.
That's how it feels anyhow.
Somehow it seems I've been finding it hard to surrender, latching on dearly to the material energy hoping it will give me the shelter I'm so deeply longing.
I find it hard to have faith, being faced with the material energy, yet, you keep me afloat.
Remembering you, listening to your lectures, remembering you accepted me is like having a distant shining light which captures my mind amongst the great storms of

this world.
I cannot write nor state anything of greatness I have done, for it feels, my mind is oh so captivated on survival- yet, I do truly wish, my dear spiritual master, that I may live to please you and dear Srila Prabhupada. I may live to please devotees, I may live authentically and with integrity, I may live to serve Srila Prabhupada's movement, I may live with purpose and dignity and courage.
May my heart look towards your shining light amidst the great waves of this material world and always be focused on being the servant of your servants.

I may speak with insincerity, yet I pray my actions and being live up to these words.

Remembering and praying to live up to these words of Sri Prahlad-

'O my Lord, I am Your unmotivated servant, and You are my eternal master. There is no need of our being anything other than master and servant. You are naturally my master, and I am naturally Your servant. We have no other relationship'

Forgive me for my lack of insincerity, may this life be but an offering to you, and may I forever attempt to follow in your footsteps.

Thank you,

Forever your servant, and thank you for caring for my mother and her partner in Govardhan eco village, you made a great imprint on her heart which has impacted her faith in the Krishna consciousness mission and made our relationship deeper in ways I would never had thought would be.

Thank you,
Forevermore,
I am eternally in debt to your kindness and love you have given to me. Truly.

All Glories To Srila Prabhupada
All Glories To Your Lotus Feet

Gurudev, at first I used to feel guilty when I would see the love your disciples have for you.

I'd feel so because I am self-centered & I didn't feel the same as my God brothers & sisters.

I used to feel 'neglected' when I didn't get the chance to have much association with you & I'd be jealous of those fortunate devotees who would get to be in your company.

Yet, somehow in listening to your lectures & trying to follow the instructions therein, I can feel a change

After all these years, I feel a sense of gratitude & the strength to somehow or the other continue with my sadhana, even though imperfectly.

I know now the meaning of your instruction that the Guru's vapu is meant to inspire & the vani is for disciple to follow.

We may get to meet you maybe once or twice a year, but we have the good fortune to associate with you thru your lectures.

I know am faulty Gurudev, yet you have accepted me as I am. This has makes us realize the import of the saying that thru the mercy of Krishna one gets a Guru & thru the mercy of Guru one gets Krishna.

I am indebted to you for this & can only express my gratitude in trying to sincerely follow your instructions. Please keep me in your shelter Gurudev.

Dear Guru Maharaj

Please accept my humble obeisance. All glories to Srila Prabhupada

As the days of Kali yuga are passing, people are more and more stooped in passion and ignorance. The world and its people seem like they are in more strife than ever. There is raging wars, diseases, overt sensuality and simply lack of faith and goodwill amongst humans. The tendency to criticize or find-fault is deeply ingrained in our psyche. I am no exception!

Contaminated by the modes of nature, my mind is constantly struggling to keep above the waters of goodness. Sometimes, I wonder if my spiritual practices will get me anywhere or if I have even made any progress in cleaning my dirty heart. To actually feel genuine happiness in the progress of others or other devotees or Krishna's mercy towards other devotees/living entities is something I struggle to cultivate. I pray at your divine lotus feet, to fulfill your words

coming out of your lotus like mouth, to cultivate a higher consciousness of how Krishna acts wonderfully through other devotees or beings. Engrossed in a false sense of 'I' and 'mine', I am miserly forgetful of this significant point.

While I have my shortcomings, I still feel there is hope if I take to this process of hearing and chanting seriously and sincerely. Hearing the eternal pastimes of the Lord emanating from your lotus like lips is certainly a salve to the aching heart. I pray that I always have the interest in my heart to hear enthusiastically the message of Krishna and his devotees. I pray that I am able to chant with focus and cleanse my contaminated heart.

You are like a walking spring giving relief to the people of this world parched with access to genuine knowledge of the reservoir of all pleasure - Krishna. I also pray to seek your unlimited blessings on cultivating a genuine sense of gratitude and humility to serve devotees and serve Krishna. While it is difficult for me to trust anyone and everyone, I pray that I am able to pass the hill of doubts and put faith in the shelter of guru and Krishna. Dear Guru maharaj, your constant desire for your disciples to become humble and tolerant in the face of material dualities is the ultimate spiritual test. Please bless me so I can always remain stoic and Krishna conscious amidst turbulent times.

As a matter of official reporting to you, I have been practicing my sadhana to my best (I know I have to improve more), preaching to the extent I can (although it seems like an uphill task as time progresses), and trying my best to behave in satva guna. It is my wish and prayer that I feel a genuine affection for the Lord, his devotees and pray that one day I feel separation and tears from Krishna when I chant His holy names.

On this auspicious day of your appearance, I pray to Krishna to award you long life so you can continue to walk on this earth and touch the lives of so many people who are in need one way or the other. I want to express my deepest gratitude at your lotus feet for accepting me as your insignificant servant and disciple. Thank you very much! Happy Birthday!

Hare Krishna!

Dear Guru Maharaj, please accept my humble bows.
All Glory to Srila Prabhupada!

Thank you for accepting me into Srila Prabhupada's family

Watching some of the devotees from different countries whom I saw for the first time, I could tell that they were Srila Radhanath Swami Maharaj's disciple.

Your disciples are embodiments of your devotion and compassion, and this cannot be hidden.

Your disciples are good examples of following your instructions, and for me they are always Absolute examples of the direction to follow.

One of the recent teachings that struck me to the core, and there are all kinds of teachings, but one that I think encompasses all the others, and please forgive me for being so bold in my assessment, is the perfect fruit of your devotion and service to Srila Prabhupada.

this instruction is "Don't put anything above Krishna.

It's the quintessence of all Vedic wisdom.

If I ever for a moment by causeless grace manage to fulfill this instruction, it will be the perfection of my life.

I thank You from the bottom of my heart and from the bottom of my soul for being

that saving Beacon on which I am ineptly trying to navigate in this raging material ocean.

Thank you Dear Guru Maharaj.

Your non-humbled servant Ananda Keshava das.

Dear Guru Maharaja,
please accept my humble obeisances. All glories to Srila Prabhupada and to you.
Happy birthday Guru Maharaja! This is a special day for you and also for me because in this special occasion I think deeply about our spiritual relationship.
During this year, for some moments, I thought that I understood what to do in my life to be Krishna conscious. But soon I found myself running after things that have no real value and I saw that, unfortunetely, my priorities are far from what I would like. To be honest, in those moments I felt a bit lost, but I know that I can think of you and your example.
You always touch me with your kindness, generosity, compassion on one hand, while on the other, you touch me with your unflinching faith and determination, transparency, honesty, clarity and freedom.
I understand that your priorities are clear and you move from one devotional activity to another with elegance and simplicity.
I think of your pure and innocent smile and also your gravity and silence.
I think of your gestures of generosity and attention to your disciples and your great desire to serve devotees.
I think of your commitment to serving Srila Prabhupada.
I think of your words of encouragement even for the small services I do.
You teach me that every phenomenon in the world is filled with divine splendor, but I must have first experienced the divine in my soul. When it happens, the disorder of my outer and inner world seems to disappear and everything has a new meaning and light.
In these moments, I know you are close to me and, like a loving father, you're asking Sri Sri Radha and Krishna to forgive my shortcomings.
Thank you Guru Maharaja and Happy Birthday!
Your humble servant,
Ananda Kisora das

Namo om visnu padiya krsna presthiya bhutale Srimate Radhanath Swami iti namine

Dear Guru Maharaj,

Please accept my humble obeisances. All glories to Srila Prabhupada!

In honor of your Vyasapuja, I am reflecting on your presence in my life .

Maharaj, you are aware that I do not see you in person very often. And that I prefer not to spent much time online, so do not hear you live or in recently recorded lectures. And yet I remain regularly connected to you. By the mercy of my benevolent godbrothers and godsisters, I hear your classes on the audio device, Kathamrita Sindu. I also listen to your wisdom on Amrita Droplets on Whatsapp. And I listen, Maharaj, I listen.

I am recalling a pastime of yours, when a disciple came to you seeking your personal instruction (you had accepted many, many discipltes by that time). Your response was something to the effect of, "Listen to my lectures. I have given all my personal instructions in my lectures."

And I listen for these. For this perosnal guidance from you to me. I listen to learn how to think, how to perceive, how to undersatand what is happening in my life, in the world.

And I also listen for how to situate my heart

for an upcoming festival. I listen to your festival lectures, waiting for that moment when your words strike a chord. It becomes clear then, how to direct my consciousness for that particular festival.

For example, I was listening to your festival lectures on Govardhan Puja. “Make a desperate cry, “ you said, sharing that the calamities Krishna’s dearest devotees underwent, was to draw them even closer to Krishna! That obstacles can have this effect on sincere, pious solus. Obstacles cam make us desperately out to Krishna for His mercy - and then receive it.

Yes, I thought, this is how I need to see obstacles. This is the prayer I need to offer today to Sri Giridhaari.

Prayers, Maharaj. A service I began a few years back. It is inspired by you, by your personal care and affection for all whom you interact. I send out Vaisnava Festival messages to the devoteees in my life, on these special days. A way to stay connected to them, to remember Krishna together. Over time these messages have come to include a sharing of my prayer for that festival day. A prayer inspired by your lecures. When the heart chord strikes, I meditate then. How can I compose this into a sincere prayer from my heart? Something concise and genuine that may also inspire other devotees to move deeper into their relationship with the Lord?

Here is the prayer I sent on Govardhana Puja day:

Dear Giridhaari, Lifter of Govardhana Hill, the Vrajabhasis made a desperate cry to You when they were attacked by Indra’s torrential rain and You protected them. More than protecting, You turned the calamity into 7 days of pure bliss for them!

In a similar way, please bless us to sincerely cry out to You when calamities strike in our life. Indeed, You give us these challenges just so we cry for You and then get to experience Your loving shelter. Thank you, Krishna.

I’ve been sharing these prayers and have been receiving encouraging feedback from devotees. That they contain some devotional inspiration. I am hoping you are pleased by this Maharaj, by this service I am rendering to Vaisnavas. By this attempt to take your instructions to heart, to share your mercy to uplift the devotees.

And please forgive me for all of my offenses Maharaj. I know my heart is still full of ugly conditionings. And I know your mercy is greater than my shortcomings. I wish to realize this truth, Maharaj. Please bless me to realize that my faults -of which I have much shame and guilt- are not a disqualification to letting your loving grace enter my life.

Endeavoring to please you,
Your servant,

No amount of research or thinking can adequately help us in expressing our deepest gratitude to you for being in our lives. You have bestowed so many gifts upon us. Loving godbrothers and godsisters to start with, are our best friends who are always there to cherish our successes , to help us through rough times in life, to encourage our tiniest efforts to please Sri Krishna. Without them where would we be?! Next comes Sri Sri Radha Gopinath who always charm our hearts with Their ever compassionate smiles. Next comes your classes and kirtans which time and again remind us of who we are and what our purpose is in life and help us absorb our minds and hearts in the Lord's holy name. Next comes your yatras where we get to completely absorb ourselves in the glories of the Lord's pastimes. The list is endless. We can only sprinkle upon our heads a few drops from this sweet ocean of gifts that you have bestowed upon us. We pray to the Supreme Lord that you be bestowed the best of health and that we dedicatedly be able to offer our services to you in our tiny capacity.

Dear Gurudeva, please accept my humble obeisances
.All glories to Srila Prabhupada!
All glories to you on this blessed day!

By some inconceviable arrangement-
Krishna's unlimited mercy
I have found you and you have found me.
Captured my heart, softened it up,
You entered inside....
remained with me to shelter, to guide.

I cherish those nectar moments
When we personally met,
but it so happened, that most of the time
Phisically far and apart
I had to find other ways to connect.

It was deeply empowering
When we did see each other eye to eye.
You gifted me with an invisible armour
of a spiritual warrior.
Awakaning the fighter within me
who with resolute determination
could pursue the path without distraction.

That was just one of the many gifts
You generously shared with me,
preparing my weak faith
to experience unity and connection
even in appearent separation.
I got to know since then,
that there are thousands of ways
to meet you despite of the distance.

Just to mention a few,
how our connection strengthens:

-every time when I hear your lectures,
read your books or translate
your wisdom pearls.

- Whenever I associate with my godbrothers
and sisters. Their dedication
and sincere devotion
is the sweet fruit of your nourishing protection.
They are clear reflection
of your soft hearted love , empathic attention,
your unflinching pure faith in Srila Prabhupada
your eternal well wisher, and true friend.

- When I stand in front of the Dieties,
their enchanting beauty and presence
Only through your eyes I can partially experience.
As Im gazing on their form sat cid ananda,
I remember what you tought:
only the servant of the servant of the servant
can reamain on the path leading to their abode.

- Whenever I endevour to follow strictly
sadhana, rules, regulations
consciously battleing the tendency to be
proud and pretentious,
I know you are pleased, when I dont seek fame,
respect or appreciation.

- Whenever I dont turn away
with cold indifference, from suffering souls
be it a human or a tiny ant.
You are right there with me
when I study , read or hear
in the association of devotees.
asking the question : is collecting information
is my intention?
Or to understand and practice the science of devotion?

- When the purports of Srila Prabhupada
transform my life, purify my heart,
the theory of krisna consciousness
becomes alive.
It turns to nectar, nectar turns to luiquid gold ,
melting away the cheap imitation,
destined to misguide my bewildered soul.

- All in all wherever you are and I may be,
we are united most intimately
when I remember the sacred instructions
we have received through the disciplic succesion.
My aspiration is to never forget
the most important lesson,
the essence of anolloyed devotion:

always think, speak and act
with pure purpose and straightforward intention.

With such mentality only
I will remain with you,
while chanting the Holy Name constantly:
“ trnad api sunicena
taror api sahisnuna
amanina manadena
kirtaniya sada hari..”
Living this verse day after day
will deepen our connection
be it in meeting or in separation.

It is surely possible to always
remember this instruction
as long as I follow in the footsteps of a master
who is the embodiment of tolerance,
humility , respect and compassion.

remaining your aspiring servant, AnandamayÍ dd.

Hare Krishna dear Guru Maharaj,

A million obeisances at your lotus feet. All glories to Srila Prabhupada. I trust this message finds you well. I had the good fortune to see you several times in Vrindavan during Kartik.

Maharaj, I have been contemplating how I can contribute to propagating Srila Prabhupada’s mission, a vow I took at the time of initiation. As part of my effort, I have initiated an online bookstore named Bluish Boy, dedicated to selling books authored by Srila Prabhupada, yourself, and other revered ISKCON gurus and authors. The website can be accessed at www.bluishboy.com.

I humbly offer this endeavour at your lotus feet, seeking your blessings so that I may effectively contribute to spreading Srila Prabhupada’s message through the distribution of his books.

Hare Krishna.

Your humble servant,
Anandaram Das.

Hare Krishna Guru Maharaj
Please accept my humble obeisances.

It was you who gave me shelter of your lotus feet. I still remember my initial days of KC when I was struggling to understand exactly what this KC means and was not able to connect anywhere and feeling hopeless. In that situation when I started hearing you, it was you through your vani helped me to understand the philosophy of KC and gave me strength and faith in Krishna and Prabhupada. Guru Maharaj I am eternally grateful to you and I pray may lord make me instrument of his mercy to serve the mission of Srila Prabhupada, Guru and Gauranga!

Dear Guru Maharaj. Please accept my respectful obesainces. All glories to Gauranga. All glories to you. I am grateful Gurudeva for accepting me inspite of my Kubja-like hunches on my back and deformities on my character. Gurudeva you did not see my crookedness/hunchbacks; instead you gave me opportunity to serve and associate with devotees who are living examples of book bhagavat. Just by seeing their character you are teaching me how I need to get rid of my hunchbacks and other deformities in my consciousness. This is my hope dear Gurudeva. Pls give me the strength to accept and honor your instructions. Pls help me always remember you. Yours servant Anandini Radharani dd

Hare Krishna Dear Guru Maharaj,

My best wishes to you on this very special day. Your glories are infinite and my gratitude cannot be fully expressed in this letter, although I wish to express it to you from my heart every single moment.

Each day I am reminded of my incalculable fortune of your eternal association that you have chosen to shower on me with love and grace. What to speak of the compassion you have expressed in allowing me to take shelter under you last year as your disciple...I am truly indebted to you to have found someone like me who was lifeless, forlorn, and ignorant, and bless me with your divine association.
In this dark age, you stand like a soldier of courage in an unfailing line of spiritual warriors armed with the weapons of Sri Caitanya Mahaprabhu by your own eternal guru and father AC Bhaktivedanta Swami Prabhupada and down-pouring that knowledge and wisdom on us. Without you, there is danger and hopelessness at every step but with you, I feel protected, sheltered, and loved.
I want to -
0. Serve and connect to Holy Names.
1. Follow your instructions and be an example of good disciple
2. Do service under the guidance of senior Vaishnavas
3. Read Srila Prabhupada's books more seriously

In all your lectures you show your gratitude towards Srila Prabhupada and never take any credit for yourself. Your internal character shines by relinquishing any false ego or claim. Your life is our evidence.

Sometimes I hear that your guru doesn't give time, but I can proudly say you have given me everything and even more through your kindness, representatives, and lectures. You have stretched and extended yourself more than you should. You keep nothing for yourself, you only know how to give, uplift others, and bring out the best in everyone to engage everyone by seeing the spark in them. I aspire to live what you stand for Maharaj and follow your stride sincerely.

Dear Gurudev, it was my first blissful Puri Yatra 2023 with you and godsiblings. It has been such a refreshing and soul-stirring experience. I could get a glimpse of what being in Krishna's kingdom mean(the abode of Vrindavan). I sincerely pray to always please you

H.H Radhanath Swami Maharja Vyaspuja Offering

All glories to Srila Prabhupada!
All glories to guru and Gauranga!
Please accept my humble obeisances.

The day you appeared became an auspicious day,
In the material world came the sun's ray.
You came to deliver us all the way here,
Or else we would have been lost here or there.

You made Krishna our goal of life,
And warned not to be hunted by maya's knife.
You had all the qualities of a swami from the childhood,
You always did everything for everyone's good.

Your journey from Chicago to India was a difficult one,
You treat us all like your own daughter and son.
Your attitude is always humble and kind,
You have sown the seeds of Krishna in our mind.

For our betterment you sacrificed many things,
To deliver us, Hare Krishna mantra your voice sings.
You gave us the most important, spiritual knowledge,
To save us from maya's big and beautiful cage.

You teach every adult, every old one and every lad,
We have always seen you happy and never sad.
You always help us and never say no every time,
And even in that we have seen you shine.

You are the most saintly and humble person,
You do everything for Krishna and never for fun.
For Srila Prabhupada you did whatever you could,
And would help others to do in whatever they should.

On your 73rd appearance day I ask you to bless me,
To give me a drop of your blessing from the sea.
With you, in the spiritual life there never came a draught,
And because of your blessings nothing would rot.

Dear Guru Maharaj,

Please accept my most humble obeisances at your lotus feet.

Guru Maharaj - you are an ocean of kindness
To Krsna's lotus feet you make us binded.
You are like an invisible but important thread
That keeps us all in a necklace intact.

Every year we make few attempts
Dragging our hearts which is unkempt
But with your loving words you make us content
And fill our hearts which now is empty.

You always show us the way
To be humble is what you say.
We stumble and fall every day
And suffering is the price we pay.

I wonder from where you get strength
Secret is your surrender with full cent.
You never comprise in anything
Be it seva, caring or preaching.

You love each and every living being.
Be it a simple beggar or an influential King.
Your kindness and mercy is for all
Who will receive it is a mysterious call.

Following your order is my only hope
Or in Bhakti there is no scope.
Pls pls always keep me in your shelter
As that's my only aspiration my master.

Forgive me for my countless offense
Or my spiritual life will be a forest dense.
Thank you, Gurudev, for everything
Hope I turn out to be a good human being.

Dear Maharaj, please accept my humble obeisances.All glories to Srila Prabhupada.

Your heart is home for millions, yet you give everyone their own space. This is inconceivable. We heard that Sri Narada Muni had disciples like Vedavyas ji to Mrigari. You have such a learned, cultured exalted devotees as disciples, at the same time you have accepted dumb, fallen and uncultured people like me. Maharaj your Kirtan and Katha take us to a timeless zone and give us the experience of Vrindavan.
Maharaj you have given us such a loving family, where we nourish and enlighten eachother continually.

Hare Krsna Guru Maharaj,
Please accept my humble obeisances,
All Glories to Srila Prabhupada

Even though I have no qualification whatsoever, but you have kindly accepted me as yours. Thank you for that. Thank you for connecting us to this great Bhrahma Madhava Gaudiya Parampara and thank you for all your lectures and teachings and inspiring us through your personal example. Thank you for always reminding us that being connected to this glorious parampara also brings upon us the great responsibility of following in the footsteps of all these great Acharyas and following their instructions.
I always try to remember your instructions which you often quote from Saint Francis of Assisi that: “we should always preach and whenever required we should say something”. I always try to remember that my words and my actions should always inspire me and others towards the greater good of everyone.

I am grateful to you for many things Guru Maharaj but the most recent one I want to thank you for is for showing your causeless mercy upon us (me and my to be wife HG Premanjani Devi Dasi) on Sri Radha-ashtami day 2023, when you met us near your room in Chowpatty after our marriage announcement in the temple hall. You gave us your blessings, prasad and gifts which we never expected.

As we are entering into the Grihasth Ashram we seek your blessings so that we can together serve and please Hari, Guru and Vaishnavas. And to not offend anyone.

Always praying for your good health,

Your servant

Dear Srila Guru Maharaj,

Please accept my humble obeisances at your lotus feet. I wish you a very happy 73rd Vyasa Puja. On this auspicious occasion of your appearance day, I want to express my gratitude and eternal indebtedness unto you Srila Gurudeva. In BG Krishna says that after millions of birth one who is really fortunate, can come to the path of devotional service unto Him. Amongst those, one who is awarded a bona fide guru is extremely rare. The guru is a representative of Krishna as all the scriptures conclude. And by pleasing the guru, one can become dear

to Krishna. Sometimes I pause in amazement how fortunate I am and how merciful Krishna is so that He sent me His bona fide representative to deliver me from this mortal world of repeated birth and death. In our initiation lecture you mentioned that if we understand the real significance of initiation, we'll go mad out of ecstasy. I pray someday I can understand that.

In the journey of trying to understand your mood and serve you in the best possible way I got many revelations form your lectures and form many of my senior god brothers. You always teach us to strive to become the servant of the servant of those who are aspiring for the same goal, love of Krishna. To love means to serve and to serve means to love. You teach us how to act as a menial humble servant of the vaishnavas. Feeling oneself lower than the straw in the street and tolerating provoking situations like a tree, offering all respects to others and expecting none in return. Whatever situation life shows us in our journey, good or bad, you taught us how to make it as an opportunity to come closer to Krishna by taking His shelter. I remember you mentioned that love means paying attention to details in our service to Krishna and devotees. You exemplify this instruction whenever you garland Srila Prabhupada's deity and arrange the garland so meticulously. It amazes me to see how deep love and respect you have for your god brothers and sisters and how you are always eager to serve them and bow your head in front of them.

You have a deep love for your revered spiritual master Srila Prabhupada. Your life mission is to assist him in his service to Sri Chaitanya Mahaprabhu and you expect from your disciples to assist you in your mission. You have many disciples who are rendering terrible services to your satisfaction. However, I'm not able to do even a spec of service for you. Currently I find myself stuck in a dark deep well where I am compelled to invest majority of my time in academics. I know this is for a higher purpose, but I feel suffocated as I'm not able to give any justice to your and Krishna's expectations. I aspire for a day when I'll be able to give most of my time for devotional service and spend only the minimum required amount for material activities which doesn't remind me of Krishna. I beg for your mercy so that I can grow in bhakti, get some taste in chanting the holy names and serving the devotees.

Your servant,
Ananta Vallabha Das

Hare Krishna Guru Maharaja ,
Please accept my humble obeisances at your lotus feet .
All Glories to Srila Prabhupada .

Wishing you a very happy appearance day . On this day of your Vyasa Puja I am reflecting on all the wonderful gifts you have bestowed upon all of us . Recently in the Karthik Yatra at Puri we all were so blessed to be amongst so many Vaishnavas , have wonderful association of each other after so many years . Thank you Maharaja for facilitating this Yatra
by your inspiration we were able to experience such a blissful experience after so many years meeting each other and having such a blissful experience.
I am eternally grateful to you Maharaja for always inspiring me to serve Srila Prabhupada's movement through your example and also your encouragement in always trying to focus on this as our ultimate goal to please Srila Prabhupada in whatever we do unitedly serving each other .
Amidst so many things happening in this world my nourishment I get most by hearing from you and Srila Prabhupada while going to office . Your lectures transport me to directly connect with dear Lord Krishna , Gauranga ,Srimati Radharani . Recently in yatra you so beautifully narrated the pastimes of Gauranga all his associates in Puri and Jagannath,each time I hear from you I am such so much relieved and joyous . In your lectures you have repeatedly stated this material world is such a dangerous place and the only shelter we have is of the devotees . You have taught us by your per-

sonal example of taking care of your father in his final moments , Of taking care of devotees who have given their life to Srila Prabhupada making sure they cared for at the most important time of their lives .
It is said that living by the values of the Shastras is most important . We can see how by your illustrious example you have taught us in every way through your personal example of embodying these wonderful Vaishnava qualities and teaching them to others . Each year on your Vyasa Puja I also reflect my service to you to please Srila Prabhupada .We have been taking care of our daughter Gita who was born on Gita Jayanti last year . You have stressed so much how important it is to take care of these Vaishnava children and it is our responsibility. Trying in our own significant way by your inspiration and seeking your blessings we can serve her and thereby by seeking your blessings she becomes a sincere devotee of Srimati Radharani

Grateful to you for everything Maharaja .Praying to their lordships for your good health always .

Please forgive me for my offenses .

You have opened the doors of spiritual world for us. You are putting yourself through so much bodily inconveniences, not caring for yourself, you are giving us so much inspiration to look for to perfect our human form of life.
I am indebted forever, but am not able to fully express my love and surrender to you, because of so many weaknesses of my heart. I am begging you for your mercy, so that i can fully surrender to your instructions, in becoming a insignificant servant, and be of some service to you, in your service to Srila Prabhupada.
I pray to Sri Sri Radha Gopinath ji that they bless you with good health, always.

Dear Guru Maharaj, your remembrance is contagious. Recently, I was witness when a devotee shared a copy of book written by your disciple to you for your blessings, you took a copy in your hands and you were looking at the photo of your disciple and then you started moving your hands on that photo and you were overwhelmed with emotions seeing the picture as if a loving mother nourishes loves her child....

Maharaj it was contagious. Your love for your disciple is contagious. Unparallel. A glimpse of higher taste which Lord Krishna shares... A glimpse of divine love...
Maharaj my sustenance is your that unconditional love. I bow down helplessly and gratefully paralyzed just to receive that graceful touch of yours ....

All glories to Srila Prabhupada!
All glories to you!
Just few years ago, I was an eighteen year

old boy living in ignorance looking for the purpose of life. By the your mercy I came across your autobiography, “The Journey Home”. I was attracted by the principles of impersonalism and mystic yoga before, and by the time I completed your book, I decided to myself, ‘I will follow Radhanath Swami.’ I got introduced through you to HDG Srila Prabhupada and I am trying to take his shelter through you. Your whole life is a living embodiement of ‘vyavasayatmika buddhi’ in following the words of the spiritiual master.
Krishna is yours and you have the power to deliver Him to us. We are beggars running behind you shouting, “Krishna! Krishna!”

Hare Krishna!
Please accept my humble obeisance Guru Maharaj

By the grace of all Vaisnavas, i recieved an opportunity to attend the recent Kartik Yatra in Sri Jagannath Puri Dham. The yatra serves as a strong reminder to the purpose we had once dedicated ourselves. My sincere gratitude to all devs who worked so hard to manifest the yatra as per your desire! And by their mercy, we also recieved some bits of service

This yatra took place at the very time of a struggle some event. The team we are serving with had faced a big setback, even though there was apparently no mistake from our side. But as the events folded up, i had seen quite dark sides of management. The biggest of all being - losing faith in the very seniors who brought us to Krishna consciousness. This offering is certainly not to complaint, but as we grow, i am realising, these things are inevitable! It becomes even more difficult to follow the principle of serving together!

i need your mercy Srila Gurudev. To accept devotees as my life and soul even if I am seeing apparent faults in them. Actually the very reason I am seeing these faults is because I am honeycombed with them. But what to do...
Now when i see the leaders of our society, there is filter in my vision. When we were new, i would blindly believe whatever a senior devotee is saying. But now, there is a strong filter.

At the same time, i realise, that all these leaders must also have gone thru moments like these! They might also have seen this setback, where their senior had broken their trust. I remember hearing some stories about you from the days of New Vrindavan sevas, and the early days of Chowpatty development. How much you have gone thru Srila Gurudev!

So i need your blessings. This offering became more of a request, but I need this Maharaja. I want to serve you by serving the devs around me, but how will I serve with a heavy heart? Please pray for this lowly soul Maharaja.

i beg forgiveness for my offences. Pray to Lord for making me your servant birth after birth. Also, may Lord keep you healthy, let me suffer my misdeeds myself... I understand this is not at all an easy benediction. But certainly my heart will pain to see you suffering for my bad.

Please forgive me maharaja for my offences! I promise to be more dedicated now on.

Maharaj I don't know how to write an offering but still I wanted to express my heart. It was the first time in year 2015 I heard one of your Amrit droplets lecture and was amazed by each and every world of yours, you were simply unfolding the truth of this entire material existence and till that time I never saw you. I asked the devotee to tell the name of the speaker but he told you search by myself and I guess it took me months of searching all the different speakers available on YouTube and finally I found your lectures and that was treasure for me. I started hearing you regularly and by regularly hearing a relationship developed and I wanted to hear you live and 2016 I came Radha Gopinath Temple along with HG Praneshwar Prabhu ji and heard your srimad bhagavatam class and you were telling how lord killed shishupal with his Sudarshan so that not even a drop of blood fell in the ground and I was amazed by the sound you made for sudarshan , I actually felt like sudarshan there and it was first time I heard the sound effect. That divine class and darshans of your are ever fresh for me. Many times you come in dream and give your darshans and that's truly your mercy.

With the permission of my counsellor I am entering grihastha ashram this year and I always had a dream that I get your blessings on my wedding day and When the dates came it was 7th December 2023 and I smiled and cried, thank you so much Guru Maharaj, wedding date to be your Vyas Puja day is the biggest blessings, it's more than I can ever dream. Thank you so much for showering your mercy upon me who is truly a useless being but by your mercy I am being used in the service of srila Prabhupada, Thank you so much.
So kindly bless us ( me and Mrigakshi, she is also your aspiring disciple Guru Maharaj) for our new journey, may we always remember all your instructions we have heard in your lectures.

Maharaj I am extremely sorry for all the mistakes I have done and also all the mistakes in this offering. I just tried to express my heart. I know you much be smiling reading the offering by an idiot.

Wishing you a very happy 73rd Krishna conscious appearance dear Gurudev. Maharaja, since the day I have started hearing you, the seed of Bhakti in my heart blossomed and I felt like you have already accepted me. I love the way you are always absorbed while speaking Krishna kathas, your love for Srila Prabhupada, your dancing ecstatically on kirtans, your most beautiful and simple smile, your brajawasi bhav, and a lot more always attracts my heart. I have developed immense faith in everything you speak. Maharaja, thank you for loving me unconditionally. From the first time I had your darshans, to all the loving reciprocations of yours, to you giving instructions in my dream, to taking me closer to Gopinath, to your Sunday feast classes, to giving me a beautiful devotee association, to being with me in all my good as well as bad times, to

our first meeting, to the most special Radhashtami and Bahulashtami, each and everything has took me very close to you and I have realised, I have nobody except my Guru and Krsna.

Guru Maharaja, when I see other disciples of yours, they have so much extreme love and faith for you. All are following the principles so seriously and always are focused on your instructions. I really want to develop such a bhav for you and Srila Prabhupada. Gurudev please accept me, to eternally be a servant of the servants of Krsna because it will please you. All I have is Srila Prabhupada's and your holiness's causeless mercy.

I am very grateful for everything you have given me dear Gurudev. This life is only for you and Sri Sri Radha Gopinath, you may use however you wish. Please always let me serve my seniors, all the Vaishnavas, Srila Prabhupada and you. Please let your instructions be my life and soul. Gurudev, my love for you does not even amount a drop in the ocean yet you receive it as the greatest of all love you have received. I can't thank you enough for your causeless mercy. I only beg you to please always keep me in the service of the servants of the divine couple of Vraja.

I pray to Narsimha Dev for your good health dear Guru Maharaja. I pray that you live long to spread the holy name and to fulfil Lord Chaitanya Mahaprabhu's mission. Thank you very much Maharaja for everything.

Our dearmost Gurudeva,

Hare Krishna. Please accept our most humble obeisances. All glories to Srila Prabhupada and his stalwart disciples like yourself who show us how to lead a life in the footsteps of the great acaryas.

Dear Gurudeva, we started as a small sanga of a handful of your disciples and aspiring disciples in January of 2014, under the ardent guidance of your disciples HG Prema-manjari mataji and HG Satyabhama mataji. We are delighted to share with you that we have grown from strength to strength in the last decade. Particularly in the last 5-7 years, our sanga has flourished under HG Nimai Sundar prabhu and HG. Braja Manjari mataji's enthusiastic direction.

On this most auspicious occasion of your Vyasa puja, for your pleasure, we have compiled our very first progress report of our growing sanga that now consists of 60+ disciples and aspiring disciples along with 25+ children. Here is a brief report of the past year:

1. Our sangees constitute devotees that are a part of various ISKCON centers across the Greater Toronto area with newer members inspired by you. As a result, we noticed that due to overlapping programs in the Temples and distance, a many were unable to come regularly to our monthly sangas. To facilitate more frequent meetings and increase attendance we have now expanded our monthly sangas to two locations every month! Great care has been taken to ensure that the facilitators are trained so as to have high quality and consistent nurturing.

2. Last year we saw 20+ initiations of our sangees in New York, Chicago, Boston. These sincere devotees continue to serve you at their local centers with increasing interest in your lectures, and books, as well as associating with like-minded devotees. Your older disciples continue to serve with the same fervour taking on various services at the Temple be it at the Management level, Sunday school, Festivals and fundraising or outside the Temple like Bhakti Vrikshas, University outreach including innovative initiatives.

3. Our third-generation participants- the children are also nicely guided by their parents and teachers at their Sunday school. They congregate regularly to engage in kirtan and Sunday School and are also taking up serious studies like Bhakti-Sastri. Even the younger children are so sharp and knowledgeable in the sastra, especially the Ramayana and the Mahabharata, it is astounding! Some older youth are involved in regular services like university outreach programs while juggling school.

4. We're also happy to share that there's continued interest in your books, especially The Journey Home which is still being distributed widely across the cities. These are being distributed to passersby on the streets, curious seekers at the Temple as well as intellectuals in the self-development sector. We continue to hear and become encouraged by their amazement at the various hardships you bore, as well as the fine humility and tolerance you've exhibited amidst challenges, with your deep faith in the sweetest Lord Sri Krishna shining through like the sun.

Gurudev, we're grateful for the opportunities of getting your darshan and association whenever you visit nearby cities in North America. We aspire to hear your instructions with rapt attention and follow in your footsteps of being a servant of servant in our various communities and humbly seek your blessings. We pray for your good health on this auspicious occasion of your 73rd Vyasa Puja so you may continue to touch the lives of countless with your vani and vapuh.

In your service,

Dearest Guru Maharaj,

Hare Krishna. Please accept our humble obeisances; glories to you and your one-pointed focus on serving our dear Srila Prabupada.

Last year we entered the Grihasta ashram on November 11th with the blessings of our parents and well-wishers at the Rajapur Jagannath Temple and so we present to you our first collective offering on this auspicious occasion of your 73rd Vyasa-Puja. We are so grateful to have exchanged vows in this holiest of dhams where we also had the good fortune of receiving blessings from HH Jayapataka Swami Maharaj who graciously spent time with us upon knowing that we are yours.

Post wedding we were granted the unbelievable opportunity of visiting several holy dhams including Remuna, Ekachakra, Puri, Nilachal, Nathdwara, Pushkar, Jaipur, Karauli, Vrindavan and by our most great fortune- Sri Govardhan Eco-Village. We had planned on visiting GEV around the time of your Vyasa-puja with the hopes of getting your darshan and were thrilled to be present amongst many exalted senior Godbroth-

ers who shared such heartfelt offerings.

Today we wish to say a few words of glorification for this heartfelt project which we see as an extension of you. Everyone at GEV took such great care of us and of every single visitor coming from near or afar. This mood is the signature presence there and it is evident that everyone serving at GEV wants to please you through service. We heard many pastimes from HG Premanjana prabhu who spent time with us sharing how you want everyone visiting GEV to have a great experience. The detail that has gone into crafting this experience for visitors has left us in awe and we have been telling our friends how they must spend time at GEV.

Gurudeva, we have been serving in our Toronto community for 10+ years individually and now we aspire to collectively serve in harmony. We also want to briefly share our collective contribution in serving you in your service to Srila Prabhupada:

Our regular service at our local temple involves managing festivities, Sunday feasts, Sunday school and donor care. This year, we also personally conducted Kartik programs- virtual sloka classes for kids along with in-person events. Since we have received good responses from some of these families and children, we are trying to see how we can continue to engage and educate on the principles and teachings of our acaryas.

We continue to try and reflect on how you are pleased when we serve our local community; keeping this instruction in mind, we are trying to contribute in our small ways to help present the teachings of Bhagavad Gita and Srimad Bhagavatam in different ways, inside and outside the Temple. Your mood of showing care and affection for everyone continues to inspire us with each passing year and we pray at your lotus feet to carry on in our endeavours, to keep pushing the envelope.

Seeking your blessings always as we remain recipients of your causeless mercy, Srila Gurudeva, and praying for your ever-good health so that you continue inspiring many more to take up the divinely sweet process of Bhakti.

All glories to Srila Prabhupada
All glories to Sri Guru and Gauranga

Wishing you dear Gurudev a very Happy 73rd Apoearance Day . Maharaj please forgive my offences unto your lotus feet as I attempt to write a few lines .
As an aspiring disciple of your divine self I would first like to express my deep gratitude to you and all your disciples .
It was my deep desire to attend Kartik Yatra from many years . This year by the mercy of Guru and Gauranga and under the guidance and encouragement of our dear councillors HG Sachitanuja prabhu and HG Deeptiradhika mtj I was fortunate to attend the Yatra .
Every moment of this Yatra is a precious memory which I carry in my heart . The darshan of their Lordships, the katha , the cooking seva , the association of so many devotees and the blissful kirtan are deeply etched in my heart .
On the last day when we were going to leave Puri dham with a heavy heart , our councillors asked us to come along with them and take your darshan and blessings. This was just Jagannath's causeless mercy on this totally unqualified person like me , i actually got this rare opportunity to take your blessings and speak to you Maharaj . Thank you so much Maharaj for the love and compassion you have for all of us .
I ask for your forgiveness and pray that I can follow your instructions through the words of my seniors .
Thank you Gurudev

Dear Guru Maharaj,
Please accept my prostrated obeisances at your lotus feet.
All glories unto you. All glories to Srila Prabhupada.

As years are passing, I am realising more and more – the importance of your vital teachings on Vaishnava culture of genuine respect, love, cooperation and care. Not only have you emphasised this through your vani, your life itself is a practical embodiment of this teaching. The way you glorified HH Gopal Krishna Goswami Maharaj in the recent Marathon launch at Pune – it just conquered my heart; bathed my whole existence in the sweetness of bhakti.

Not only you are living yourself in this way day in day out, you have also created a whole army of devotees who breathe this teaching of yours. Recently, in the Kartik Yatra, I got to serve prasadam to the Varishtha Vaishnava in Vedic way with tables-chair arrangement - under HG Tulasi Priya Prabhu. HG Gauranga Prabhu had told him just in the beginning of the yatra to add this feature for their care. Though HG Gauranga Prabhu was already busy in 1000s services at all levels of leadership, though the scale of the yatra has grown unparalleled, attention to such details in Vaishnava care is heart melting. HG Tulasi Priya Prabhu's dealings were also amazing. If any devotee asked him for a special privilege that was completely beyond the scope of his service, he still never said 'no'. He would always give a positive reply sharing how the devotee's need can be ensured elsewhere. His heart was always to somehow or other relieve the devotee's anxiety. I am sharing this detail to express that how deep your teachings have gone, Maharaj.

In Pune and later in the Yatra, I also got to chant in your association. Your absorption and intensity in chanting The Holy Names was deeply inspiring. You were emphasizing on this your Yatra lectures also. My chanting gets great strength; simply by meditating on those chanting moments with you.

Maharaj, it is very clear to my heart that no superficiality in devotional service will be pleasing to you. I have to be genuine in my intentions to please Hari, Guru and Vaishnavas in all aspects of my life and at least struggle my level best to offer this insignificant life in line with that intent.

Being a neophyte disciple of yours, I am still struggling to digest your teachings in practical life. And with increasing roles of leadership, this neophyteness will be costly.
I am a destitute beggar at your feet to get a drop of your mercy to digest "trnad api sunichena" verse in my personal life and live by it in every moment.

Seeking your blessings to be the servant of the servant of your servants,

Dear Gurudev,

Please accept my humble obeisances.
All glories to Srila Prabhupada.

Wishing You a very happy Krishna Conscious Birthday, dear Maharaj. Praying to their Lordships for Your good health and long life.

The past few years have been life-changing for our family. During the times of extreme hardships and pain, Your classes on adversity and difficulties were the only solace. Despite having the good fortune of growing up in a Krishna Conscious atmosphere,

it was during this difficult period that my seriousness and commitment to this path materialized. As my stomach curled in pain seeing my family fall apart, the only shelter I had was Your Vani and Gopinath's merciful glance. It was during this time that I hopelessly surrendered to Your grace and felt Your love and guidance through every aspect of my life.

Before these turn of events, I had lost touch with You, dear Gurudev. Although in childhood, I was blessed with abundant mercy, as I grew up, I got distanced as I went deeper into my own materialistic academic and family life. It was when I had begun to reflect on my lost relationship with You, that an unexpected tragedy struck. The Lord was kind enough to guide me through You right when I needed it most. Every word You spoke seemed to be of such depth and such understanding that it provided answers to all the injustices we were facing.

Thank You dear Gurudev for being there for each and every one of us, at all times. I am and will try my best to follow Your instructions. There is a huge scope for improvement and I will keep working on that so I may please You, someday. I seek Your blessings as my husband and I are currently planning for our first baby. I hope to nurture and nourish my child, emotionally, physically and spiritually to the best of my abilities, so he/she grows up to be a sincere devotee of Gopinath and contributes to this world.

I pray at Your lotus feet that I continue to hold on to Your instructions and learn to follow and practice them. That I do my sadhana with utmost focus, and respect and honour every Vaishnava. Thank You for being there for me in ways I cannot describe. I know You are always looking after Your helpless children, dear Maharaj. Thank You for Your endless compassion and mercy.

Your insignificant daughter,

**Anvay Pathak (ISKCON BCEC, Pune )**

Dear Guru Maharaj. Please accept my respected obeisance at your divine lotus feet. On the most auspicious day of your Vyaspuja I humbly take this opportunity to glorify you with my broken words. SB(1.2.16) says"O twice-born sages, by serving those devotees who are completely freed from all vice, great service is done. By such service, one gains affinity for hearing the messages of Vasudeva." and in Purport of the same verse Srila Prabhupada writes "By serving the servant of God, one can please God more than by directly serving the Lord." I was reading this verse and thought that how you created such wonderful community of trained, sincere and dedicated devotees and due to this, people in general get opportunity to get association, service to such devotees and they also get elevated into Krsna Consciousness. Maharaj this all possible due to your years of tremendous efforts, struggles, unlimited love, care for each one of us so that we can take to Krsna Consciousness.

Recently due to your causeless mercy you took us Kartik Yatra to Jagannath Puri Dham where more than 10k devotees came from all over the world eager to hear from you and eager to serve devotees.
This year also devotees allowed me to serve in the kitchen vegetables cutting seva which I was eagerly waiting for.
Maharaj it is always very inspiring to hear when you speak about service you say that, "the life of devotional service is our eagerness to serve". This one sentence always inspires me to associate and serve the devotees around me and kitchen seva in Kartik Yatra is one such rarest of all opportunities that we get to serve thousands of devotees in the month of Kartik that too in Dham in your presence. It was really amazing experience for me and witness such miracle that in Kaliyuga also so many devotees coming together from different parts of the world just to hear Krsna Katha and the cherry on the cake is the dancing kirtan at the end of lecture its just unforgettable, a lifelong cherished memory for me. You just transport each one of us to the spiritual world.

Maharaj this Kartik Yatra is just like booster dose, that boost our devotional service.
Maharaj you gave simple formula for how to become sincere in spiritual practice; “by associating with other sincere spiritualists”. You say in one lecture, “Good association increases our attachment to the highest truth. Those who come to attend discussions on absolute truth are compared to hamsas or swans. The swan never goes so low to eat the garbage on the side of the street. Its mind is fixed on attaining the nectar in the whorl of the lotus flower. The greatest, pure-hearted human beings are called Paramahamsas; they are like the supreme swans. Therefore we have to hanker to associate with such swans.” and I am grateful to Srila Prabhupada and Lord Sri Krsna that they have bestowed such a pure-hearted, genuine and fully Krsna Conscious person in my life, by your example one can get inspired and take to Krsna Consciousness and continue practice KC.

Maharaj whatever I am able to practice little devotional service is by your causeless mercy and your instructions are available in the form of your lectures, disciples, counselor system. On this most auspicious day I beg at your lotus feet that may I able to follow the instructions of my authority faithfully and enthusiastically, may I become small instrument of compassion in the hands of Lord Chaitanya and able to serve devotees in order to please them in the mood of servant of servant.

Hare Krishna!
Please accept my humble obeisance!
All glories to Guru Maharaj!
All glories to Srila Prabhupada!
All glories to Sri Sri Guru & Gauranga!

I consider myself fortunate that I am writing an offering to HH Radhanath Swami Maharaj, on the occasion of his 73rd Vyasa Puja. He is inspiring thousands of people all over the world to become devotees of Krishna. In my little way I am also trying to give my offering.
HH Radhanath Swami Maharaj is a perfect disciple. He assimilates the instructions of his guru in his heart and in spite of challenging circumstances continues carrying forward that instruction of his guru without any selfish desire. He is one of the best examples of an ideal disciple. Maharaj decided to dedicate his life to his spiritual father, Srila Prabhupada, and from the day he met him and accepted him as his guru.
He is not just a spiritual master but a mother who cares and a leader who shows the right path. Under his able leadership, students of many prestigious colleges and universities study Bhagavad Gita and other Vedic literatures. It helps them to understand the importance of leading a Krishna Conscious life. Not only students but Maharaj has also inspired many working professionals & housewives to become devotees of Krishna. Maharaj has special love for children. Children have specific needs and those must be addressed. So, Maharaj has trained devotees so that they properly take care of children so that the kids spontaneously get attracted to Krishna Conscious lifestyle and become devotees of Krishna. He is able to make everyone understand the need for and importance of inculcating spiritual values of love, selflessness, gratitude, compassion in their life.

On the auspicious occasion of HH Radhanath Swami Maharaj's 73rd Vyasa Puja, I beg Maharaj to give me shelter at his lotus feet and bless me so that I can become serious and sincere in my Krishna Conscious life. I beg Maharaj to give me knowledge, intelligence and determination so that I give up all types of sense gratification, give up all the anarthas and develop great attachment to chant the holy names of Krishna, read Srila Prabhupada books and serve the devotees with compassion which he always insists us to have.

Hare Krishna!

Respected Maharaja,

> Please accept my humble obeisances.
> All glories to Srila Prabhupada.
> All glories to Sri Guru & Sri Gauranga.

Please accept my prostrated obeisances at your most worshipable feet on the occasion of your 73rd Appearance Day. I don't know how to sufficiently thank you for what I have received from you because I can never do that sufficiently and if I dare to do that, then I will simply be a laughingstock (Vinoda Patram). Looking at my last 10 years of sojourn in Krishna Consciousness, I can clearly see and honestly say that I am made up of your mercy. (Jogyata Vicari Kichu nai pai Tomara Karuna sara, Karuna na hoile kandiya kandiya prana na rakhibo ara). I am most fortunate (although I am completely undeserving) to receive from you -

1. More & more Faith in Srila Prabhupada and His Dedicated Followers, Holy Shastras, Process of Pure Devotional Service, Holy Name, Sri Sri Radha Gopal, Sri Sri Gaura Nitai and all the merciful manifestations of SPOG
2. Attraction for the Personality of Godhead, Gaudiya Vaishnavism, Harinam Sankirtan Vaishnava Acaryas, Vaishnava Sanga
3. Most satisfying shelter through your vani, your exemplary life, your Kirtans & your compassionate representatives in my life
4. An example of a Person Bhagavata, where I can see all the Vaishnava qualities and principles that BG, SB, CC, and NOD talk about.
5. The most important teachings of Vaishnava Sadacara and being Servant of the Servant, without cultivating which we can never chant holy names purely and attract the attention of Krishna.
6. Life transforming Yatras, most recently Jagannath Puri yatra 2023.

Model Vaishnava Communities

7. Holy Tirthas like ISKCON Chowpatty, ISKCON Pune, GEV etc.

Your vani has been a stabilizer of my consciousness. Whenever I am in low spirits, your vani fills me with great hope and faith in the mercy of Guru and Krishna. & Whenever I am getting affected by false pride, your teachings crush & purify that impurity. Your vani gives me the right vision and right perspective towards Lord, Devotional Service, Holy Name, Vaishnavas, Scriptures, and Life. Whenever I hear your vani, those are the times of greatest celebration in the entire day and the times when I am not able to hear your vani, I have experienced that my vision becomes dull and I become prone to commit mistakes and go off track from the path of Pure Devotional Service.

On your Vyasa Puja Day, I pray to Sri Sri Radha Gopalji, Sri Sri Radha Venimadhava, Sri Bindu Madhava Bhagavan, Sri Veni Madhava ji, Sri Sri Gaura Nitai, Sri Kashi Vishwanath, Srimati Ganga Mayya, Srimati Yamuna Mayya, 6 Goswamis and all the Vaishnava acharyas that May they always keep you in good health and may the conditioned souls of this world receive your blessings for many more years to come. On this day, I resolve to recommit myself to the path of Pure Devotional Service in the mission of Srila Prabhupada and recommit myself to be a better servant of Hari, Guru & Vaishnavas. I humbly seek your divine grace as a beggar that I may always get the opportunity to have your association and

the opportunity to serve you, your instructions, and those whom you love, and may my consciousness become more & more purified by your association. May I develop a genuine service attitude and I may become reinstated in my eternal identity of being a Servant of the Servant of Vaishnavas. We also seek your blessings for the seva endeavors of our devotees to build beautiful homes for Sri Sri Radha Gopalji and Sri Sri Radha Venimadhavaji and develop communities of sincere followers of Srila Prabhupada at Varanasi and Prayagraj respectively.

Thank you very much Maharaja for everything!

Thank you Gurudev for accepting most unqualified souls like us under your soothing shelter. We are eternally grateful for the opportunity to make progress in spiritual life through your most precious instructions, unparalleled personal example and the invaluable association of your most exalted loving disciples.

We seek your blessings to strive our best in sincerely trying to overcome our anarthas and follow your instructions to please you and the vaishnavas. This is our only hope in this most helpless situation.

You have spiritually transformed so many lives and inspired so many souls to surrender to the Lord. We aspire for a tiny droplet of that nectarian mercy so that we may be able to serve you and please you one day.

Hare Krishna Guru Maharaj,
Please accept my humble obeisances.
All Glories to Srila Prabhupada.

Your lectures are truly inspiring & brings out most vital lessons. Recently you were speaking about different associates of Lord Caitanya and bringing out their different Vaishnava qualities. Also, the inner mood of Lord Caitanya. I felt you are giving us an opportunity to enter Gaur Lila.

Your kirtans are truly absorbing and helps us to cry out for Krsna's mercy. I am grateful for getting opportunities to participate in these long kirtans. Thus this Kartik yatras became source of great bliss & nourishment for my soul.

Your mood & example of being the humble servant of servant always inspires me to cultivate such mood in association of Vaishnavas.

I pray for your casueless mercy so that I can be an insignificant part of this great compassionate mission of Lord Caitanya in the line of Srila Prabhupada.

Dear Guru Maharaj,
Please accept my dandavat obeisances. All glories to Srila Prabhupada.
Thank you so much for being such a wonderful example. Srila Prabhupada tells us about anukarana and anusarana. We cannot imitate great souls ( unfortunately, this is the tendency of the materialistic mind ) but we should follow in their footsteps. I pray that I may follow in your footsteps, in your selfless service attitude, in your not finding faults in others, in your aversion to hearing criticism of others, in your humility and in your being respectful to all, in your compassion to all living entities, in your loving dealings with your god brothers and god sisters and especially in your sincerity in chanting the Hare Krsna maha mantra and in your dedication to Srila Prabhupada's mission. Then the mercy of Their Lordships will certainly follow. This is my desire and prayer. Though unqualified, I am hopeful of the causeless mercy of a Vaisnava.
May Sri Sri Radha Vrindavan Candra, Sri Sri Radha Madhava and Sri Sri Panca Tattva drown you in Their mercy. This is my prayer. Wish you a happy birthday!

With love,

День Вашего рождения для меня - особый и сокровенный день. Мое сердце два года назад стало принадлежать Вам. Я хочу поблагодарить Вас за духовную силу, простоту и чистоту Вашего сердца, благодаря которым, я стала чувствовать своё сердце и следовать его желаниям, хотя ум часто не хочет. У меня появилась решимость продолжать свой жизненный путь только в сознании Кришны.
После того как я виделась с Вами на Говардхан Эковилладж в январе этого года, Кришна провёл меня в паломничестве по всей Индии, по многим святым местам. И недавно, Он указал мне путь, как я могу послужить Вам и обрести милость Ваших лотосных стоп. Для этого я готова сменить свою комфортную жизнь на неизвестность, которая меня ждет в другой стране. И через месяц я уезжаю из своей страны туда где меня ждут для служения. И я понимаю, что не увижу теперь Вас долгое время. Но самое главное, что мое сердце счастливо встать на этот путь - дорога к Вашим лотосным стопам!)))
Я учусь общаться с Вами через сердце. И получаю ответы на свои вопросы.

В этом году я закончила Школу Бхакти, под руководством Ваших старших учеников. А так же, закончила институт практической психологии, в котором я получила навыки консультировать людей на основе ведических знаний.

Ваши книги и Ваша жизнь вдохновили меня на это обучение. Потому что негативные ситуации в жизни я теперь воспринимаю как условия задачи, которые посылает мне Господь для моего развития. Таким образом, мое развитие происходит постоянно.
Я очень жалею, что встретила Вас так поздно, и теперь не хочу медлить и тратить свою жизнь на что-то другое. Теперь у меня есть убеждение - что если и возможно счастье в этом материальном мире, то это - жизнь полностью по ведическим правилам, в служении преданным, и у лотосных стоп возлюбленного ГуруДева.
Ваше Святейшество, живите пожалуйста долго, счастливо, продолжайте дарить свои глубочайшие знания и распространять сияние своего бескорыстного сердца! И прошу Ваших благословений стать частью Вашей миссии.

Your birthday is a special and intimate day for me. My heart began to belong to You two years ago. I want to thank you for the spiritual strength, simplicity and purity of your heart, I began to feel my heart and follow its desires, although the mind often does not want to. I have developed a determination to continue my life's journey only in Krishna consciousness.
Since seeing You at Govardhan Ecovillage in January this year, Krishna has led me on a pilgrimage throughout India, to many holy places. And recently, He has opened me the way how I can serve You and gain the merci of Your lotus feet. For this, I am ready to change my comfortable life for the unknown that will be in another country. And in a month I am leaving my country where they are waiting for me to serve. And I realize that I will not see you for a long time. But the most important thing is that my heart is happy to take this path - the road to Your lotus feet!))))))
I am learning to communicate with You through my heart. And getting answers to my questions.

This year I graduated from Bhakti School, under the instructions of your disciples. Also, I graduated from the Institute of Practical Psychology, where I got skills to counsel people on the basis of Vedic knowledge. Your books and your life inspired me for this training. Because now I perceive negative situations in my life as conditions of the task that God sends me for my development. In this way, my development is continuing all the time.
I am very sorry that I met you so late, and now I do not want to delay and waste my life on something else. Now I have a conviction that if happiness is possible in this material world, it is to live completely according to Vedic rules, in the service of devotees, and at the lotus feet of beloved GuruDev.
Your Holiness, please live a long and happy life, continue to give your deepest knowledge and spread the radiance of your selfless heart! And I ask your blessings to be a part of your mission.

Dear Gurudev,
Please accept my humble obeisances,
All Glories to Srila Prapbhupada !!

In this world, every being is entwined in the intricate web of the three gunas - sattva, rajas, and tamas. These forces govern a cyclical pattern of birth and death, creating an endless loop from which escape seems unattainable. Like invisible chains, these gunas bind us to the wheel of material existence, dictating our lives in ways unseen.
Our material life is akin to a well-constructed prison, not of bricks and mortar, but of our own desires and attachments. This prison is so alluring, so intricately woven into our being, that we often remain unaware of our confinement. We are the prisoners, and it is our desires that form the bars keeping us bound.

In the ordinary world, even the most secure prisons, like Alcatraz with its daunting walls, vigilant guards, and surrounding waters, witness escapes. Yet, the prison of material existence is unique - it's a prison we often don't wish to escape. Enchanted by transient joys, we cling to our desires, the very chains that bind us.

In this grand illusion, there is one beacon of hope - Krishna. Unaffected by material qualities, He stands beyond the reach of the gunas. Mukunda, the supreme guide, is the one who can redirect us from this bondage. Unlike the changing tides of material nature, He is constant, eternal, and unchanging, always ready to lead us in service to Him.

Integral to this journey of service to Krishna is the spiritual master, a devoted servant of Krishna and his own spiritual master. Through his guidance, wisdom, and example, he can unbind us from the entanglements of material existence. The spiritual master acts as a bridge, connecting our souls with Krishna, and through his surrender and devotion, he guides us in our service towards Krishna.

I pray to aspire to be a servant of your servant,
Arjuna Prana Dasa.

Hare Krishna dear Guru Maharaj
please accept our humble obeisances,
All glories to Srila Prabhupad,
All glories to your divine self.

Dear gurudev, on this most auspicious occasion, we want to thank Sri Sri Radha Vrindavanchandra who have sent you to deliver thousands of conditioned souls and we want to thank you for accepting us in your shelter.

You are reservoir of amazing vaishnava qualities and each one shines brilliantly like the sun. We were in particular pondering on your two special qualities.

First one is your vision. You are an amazing visionary. All the projects where you get involved, they blossom like lotus on full moon day. Govardhan Eco Village and Bhakti Center are the latest offerings you have created for Srila Prabhupad which are attracting hundreds of thousands of people all around the world to Lord Sri Krishna. In the ISKCON world, everyone is keen to increase western outreach and that has put many Indian bodied devotees feeling that they should have been born in the west. You very expertly mentioned to the leaders of North America that as how Srila Prabhupad used western bodied devotees to attract Indian people, we should use Indian bodied devotees to attract western people. This shows your vision of how to engage everyone towards a common goal. You always stress all your disciple to follow the local temple authority and mention that that's what really pleases you. We talked with few of your god brothers and they really admire how you stress on serving in Srila Prabhupads mission in mood of servant of servant.

The other quality is your prayerful attitude. Whatever act it may be, big or small, you always pray very intensely. By seeing you, we get glimpse of how Akrura must be praying. Recently we saw a video where you were asked to light the first fire for Kartik Yatra cooking. We can see how intently you were praying before lighting the fire. In all your classes, specially in dham, when you are mentioning some beautiful pastime, you always make sure to teach us what to pray. Without your guidance, we could have just prayed for material things.

Dear gurudev, on this auspicious day, we pray to Sri Sri Radha Gopinath to bestow you good health so that many many decades, millions of people around the world get benifit from your association. We also beg forgiveness as we lack to follow your instructions many times. Your causeless mercy is our only hope. With your mercy, hope one day we'll be able to act in way that is always pleasing to you.

Maharaj, you are an ocean of inspiration for many yet so humble. In many of your lectures you stress on following instruction "trinad api sunicena, taror api sahishnuna, amanina manadena, kirtaniyah sada harih". You have been living example of imbibing this instruction. In the Kartik Yatra 2023, I saw, how humbly you greet people, how you show gratitude for all the sevaks specially the kitchen team. You always glorify your God brothers and God Sisters. You always give credit to Srila Pravhupada.

Last year I went to GEV and understood the grand vision you have. It is definitely a path breaking project and now an example for the whole world. Through GEV, you have shown, how we should live in harmony with Krishna's creation and also follow the path of to reach out ultimate goal of life.
Your "Journey Home" book inspires us to find answers to this life, our ultimate goal of life. Your "Journey Within" book inspires us to seek answers from within ourselves through the merch and grace of Guru.
I would like to Thank you for inspiring us in the path of Bhakti and understand the goal of life. I pray to Sri Sri Radha Gopinath for your good health.

Dear Guru Maharaj,
Please accept my humble obeisance's at your lotus feet.
Hare Krishna Guru Maharaj. No words to write in my offerings, but still trying to write something.

Maharaj this was the first time in my life, myself with my family attended the Kartik Yatra in
Puri. It was so exciting for us since we could get our association for such a long period that too for the first time. It was only possible by the loving and caring guidance of our counselors. They took immense care of us and shared their past experiences they had in the previous Yatras that they attended under your care. I personally could feel your caring touch through your words in your lecture. Your love towards your spiritual master Srila Prabhupada and your god brothers, it could easily been seen through words and your eyes
too. Whenever you took a glance towards the devotees in the pandal I could feel your eyes looking at me too. Like a tortoise who nourishes its child just through its eyes. I felt how Srila Prabhupada saw you sitting right behind in the Pandal and send a message to come to sit beside him, it's beyond imagination.

Maharaj fortunately I got an opportunity to serve for vegetable cutting in the yatra kitchen and admired how you came and went into each section and admiring at all the devotees and praising them during your lecture. It was indeed very touching for me, thinking in the back of my mind that such a great personality in the spiritual world striving and taking care of such small things so carefully. Your smiling face was same at the start of the lecture and at the end too. I had a divine experience while listening to your lectures in the Yatra and could feel the energy and the presence of everything you mentioned in your lecture.

Maharaj this time in our first yatra under the loving and caring guidance of our Shikhsa Guru our counselors we have got the deities of Sri Jagannathji, Sri Balaramji and Subhadra Mai from Jagannath Puri dham. I pray at your lotus feet to give us your causeless mercy so that we can serve the Lord beyond our ability. I am very much fortunate and always think that myself who has not a

single qualification but is still is under your loving care. If you,
Srila Prabhupada and all the caring devotees around me would not have been there, where would I be? I would have been just wandering around to fulfill my materialistic sense enjoyment.

Praying to the Lord and Srila Prabhupada to give your association and opportunity to serve you as much possible. And will try to strive to follow your foot steps and serve you, ISKCON, Srila Prabhupada and will try to be a servant of the servant servant till the end of my life.

Dearest Gurudev,

This is such a wonderful oppurtunity for me to express my heartfelt gratitude to you for the love, care and nourishment that you have given me since the time you have accepted me as your disciple.

Life has not been very easy constantly tormented with some challenge whether it be with respect to anarthas in the heart or health, but my solace has been your wonderful deep philosophical lectures which has kept on reminding me about my sambhanda with Krishna. I many times meditate on your absorption in chanting, your absorption while offering prayers to deities and Srila Prabhupada, your gravity in dealings, your deep love and gratitude towards your god brothers and godsisters always putting them in the forefront. This meditation was even more intensified during the recent Kartik Yatra where in I very closely witnessed all of the above. It was simply mesmerising and I felt my love and appreciation for you increasing even more and more.

Dear Gurudev, How should I describe to you my fallen condition? It is simply very disheartening for me so many times when I see how much I am tormented with hankerings for dhanam, janam and sundarim. I am sincerely trying to work on it but many a times there is a slip of consciousness. My aspiration is to continually seek your shelter and follow your instructions given through your lectures and serve in the mood of servant of servant.

It is one of the most rejuvenating time for us and with greate enthusiasm, we practice devotional service. Your lectures every evening are the bliss for soul and the dancing kirtan at the end is wonderful experience. It is very humbling for me to see that despite varying health, you everyday deliver the lectures for more than 3 hours sitting at one place. And also everyday, you visited the kitchen and cooked there for all the devotees.

Thank you for coming back to India. It was a long time we were waiting for your association. My heart was dried, my eyes were not stratified just by seeing you online...I am a neophyte devotee, I am not satisfied just by associating with your Vani. What to do, I cannot fly and meet you.

For me you were only accessible through one of your instructions that "we should never say no to any service, because it's Radharani's mercy to us." When anyone requests me for any service, immediately I remember your words... And in this way I am able to associate with you.

After a long time Krishna showers His mercy upon us, thank you for coming to Mayapur & Kolkata. I can live hundred more lives just by remembering these memories. These memories are great assets for me. Thank you for coming.... Thank you very

much.

Dear Guru Maharaj

All glories to Srilla Prabhupada.
Please accept my humble obeisances at your lotus feet.

Guru Maharaj, I would like to thank you from the core of my heart for teaching us the finer aspects of human behaviour by your lectures and your personal conduct. Your charming and enchanting smile and your glances which fall on us are really our treasure which are like an oasis in the desert of material world. Your gratitude for us just because we are trying to practise Krishna consciousness makes us humble and inspires us to be Krishna conscious.

Guru Maharaj, a lot of changes have happened in my life in last couple of months where it was actually difficult to sustain in the bhakti but by your and Srilla Prabhupada mercy coming in the form of senior vaishnavas have saved me at all front be it material, emotional, psychological or spiritual.

Gura maharaj, currently we are trying to outreach in our nearby areas where devotees are actually liking the practical aspects of Krishna consciousness and we had organised a Deep Dan program where around 50 outside people participated. Please give them your mercy so that they can also relish Krishna consciousness.

Your lecture “on the mood of Krishna in separation of Radharani manifesting as Lord Jagannath” in this Kartik Yatra actually helped me to accept that Srila Prabhupada has given everything in his books and I am trying to read Srila Prabhupada Book daily.

Guru Maharaj, please take care of your health as your well-being is the well being of so many of us. Praying for your good health.

I wish him a healthy life and pray that he keep us enlighten with true knowledge to live a spiritual life.

Hare Krishna dear Guru Maharaj
Please accept my humble obeisance.
My insignificant offering to you...

I came into this world with so many material desires. By Krishna’s mercy, I am dragged by devotees to the temple. Your lectures are like heart-ripping; as you mentioned in one lecture, Balaram ji in the form of Guru is like a plough that makes the heart soft by ripping apart our hard hearts. My heart is so hard that it is still so tough. I aspire to make you and Srila Prabhupada my life goals, but your mercy is needed. You say that your instruction in lectures is the same as personal instruction for each and every one of us. I seek shelter in your lotus feet at hard times, and it makes me nourished. I beg you to look deep into my heart with your grave stare at me and see the filth stored in my

past sinful activities.

My dear Guru Maharaj, your nature is very humble, and you teach all of us the same. You represent the parampara to us. Ohe vaisnava thakur, give me your shelter. I am loitering in this world, trying to satisfy my senses. Janiya suniya visa khai.

Your Puri yatra was very inspiring, but I am such a rebel that it didn't change my heart. You came to India, and Krishna arranged for me to hear from your lotus mouth. Kindly bless me so that service to you and Srila Prabhupada becomes my life and soul. Faith in you gives strength. I remember your lecture once shaking me up, and I left my sinful addiction. I feel such power in your words.

Nama om vishnupadaya krishnaprishtaya Bhutale srimate Bhaktivedant swamin iti najanma Namaste Sarswate deve gauravani pracharine Nirveshaha Shunyavadi paschatye desh tarine

Lord Chaitanya Mahaprabhu has instructed in cc that bharat bhumite manusya janma hailo jar janma sarathak Kari kar paropakar

Lord Krishna also many times addresses Arjuna by his material designations such as bharata, Partha, kaunteya bharatarshabha etc and Srila prabhupad says that to remind the glorious traditions Arjuna belongs to.

After coming in touch with Srila Prabhupada and ISKCON my outlook towards India has changed previously also I was proud of being Indian but never new the glory of India
LCM has given the above divine instructions to all the Indians and SP says that India is embassy of God in the material world.

Feel so indebted to Maharaj that he actually taught us how to be Indians as he himself consider as indian and love people of India so much.
I was hearing Maharaj talking to a group of people who had cone from Malaysia and Singapore to GEV to practice meditation and bhakti and Maharaj was teaching them about the values of Indian civilization. After the talk one of the persons in a arrogant tone ask Maharaj that you are describing India and Indians so wonderfully but then why there is so much poverty and disparity is there in India. Maharaj became grave and answered what you are saying is correct and being here for more than 3 decades I know much more problems than you but it's not because of Indians but rather due to constant attack and plunders by forgain Invaders for 1000 years that you see this and explain him the pastime of SP to reporter

that he had come to give British the most precious thing that they forgot to take from India. There are many who have come to India to study civilization and initially very disturbed when when they go deeper from surface they come to know that if world has to have true prosperity and peace then they should adopt Indian culture and philosophy. He also explained how his mother when cane to India initially she was very disturbed seeing things in India but when she returned to us she called and said I have meet finest of people ever in my life in India.
Another instance on 3rd April 2011 during world cup final Maharaj was giving class which I was attending personally and after class Maharaj asked I heared tonight there is big cricket match next to our temple and devotees told yes Maharaj and then he Said I am not at all interested in cricket but will pray that India wins as he loves people of this country very much and can't see them broken hearted but then in his own famous style commented that hope if it wins ravana doesn't come on streets of Mumbai for celebration.

Indeed our current Prime Minister and then Gujrat CM shri Narendra modi while attending book launch on 30 November 2011 described Maharaj rather compared him to a bride which leave her parents house which very very rich and comes to his sasural which is not very rich and never complains and rather tirelessly works for betterment and uplifting the people at her inlwas place and he said we are so indebted to people like Maharaj that they are reviving Indian culture in India

Thank you Maharaj for being so kind on Indians specially and making us eligible to follow the instructions of Srila Prabhupad and Lord Chaitanya Mahaprabhu

All glories to our Guru parampara!

On this auspicious day I would like to take this opportunity to humbly submit a few words of glorification in the dust of your lotus feet.

Just as a frog cannot understand the vastness of the ocean, I find it very difficult to fully conceive the impact that one person can make when equipped with the mercy of the guru parampara.

I'm astonished to see the deep effect your association has made on the lives of many. Your association transforms average Kali-Yuga residents to great saints dedicated to giving the entirety of their lives for the pleasure of Krsna. This certainly shows the depth of your devotion and as a great wielder of that mercy.

Gurudev, you teach through your own example. I have never seen anyone exemplifying humility like you do. Your purity reflects in your kathas which nourish our souls. Hearing kirtan from your lotus lips is a transforming experience in itself.

On this most auspicious day of your appearance, Please help me to understand how to serve you through the devotees and how to give Krishna to others.

I pay obeisances to all your glorious disciples who have made your instructions the single most important goal of their lives!

Aspiring to serve the dust of your lotus feet,
Avantika Toley

Hare Krishna Maharaj
Please accept my humble obesiances
All glories to srila Prabhupada

It's almost been 2 yrs Gurudev that i am been coming to temple which is your home that is sri sri Radha Gopinath and this 2 yrs have given me so many things which i was waiting and eagerly hankering for

When i first came to temple it was just like how use to go to other temple but Sri sri Radha Gopinath which are your Prandhan they were looking very different and the way temple was following all the norms which are given by Your Holiness it was very amazing to see it

After coming here as one mataji said , first people come like a Guest and later they are made a part of your home and Sri sri Radha Gopinath are always ready to accept us the way we are

When i First heared about Your Holiness i really wanted to Have your Darshan but being a nephotye i wasn't able to understand your importance nor had any knowledge of it but the way your Holiness always welcome we never feel that we haven't meet

Your Holiness only because of your love for srila Prabhupada you took this mission of buliding a Home for Sri sri Radha Gopinath and now we can see that how many youths and new members are joining our home through this we can understand that Sri sri Radha Gopinath have really come and have accepted our services towards them because they are emanated from your heart Gurudev and they are non different from Sri sri Radha Gopinath in sridham vrindavan

Your Holiness we can see that Radha Gopinath have become so dear and are so reciprocative that what ever short coming and prayer we do Sri sri Radha Gopinath always help us, it's only because your Holiness that you Gave us sridham vrindavan which you always carry with you as it's said

Tumar ridye sadev
Govind vishram

Your Divine presence and your Glances at us make gives our agitated mind a relief and your beautiful darshan and vani Gives us a vision that we all need in our lives
Your Holiness the way we see the devotees relationship and how brhmacharis helping youths as well as Grhasta to live a ideal life is so mesmerizing
Sri sri Radha Gopinath are so attractive that no attraction other them then takes place in our mind

How every month there are Prena festival for prabhujis and Chetna for matajis it has helped many soul to get connected to Sri Sri Radha Gopinath

Your Holiness i still remember that how i just wanted to have your Darshan on Radhastami this time but i wasn't able to take it but only by your mercy you came in temple and Gave your Darshan o Gurudev

Thank you so much Gurudev that you have Given us your home , your sri sri Radha Gopinath , your associate , your satsang , Your darshan and everything that we have at sri sri Radha Gopinath temple

Hare Krishna Maharaja, Wish you a very happy birthday, I am not at all qualified to write about you but as a loving aspiring disciple of yours I am doing little courage for purification of me and glorification of pure devotee like your divine grace .
Thank you so very much Maharaja for giving your association mainly by your Wani or lectures to me. I feel so inspired and I got real mood for doing devotional service. Specially I get always reminder of how to do bhakti and how to serve Vaishnava's how to serve them unconditionally. Thank you

for giving us the main principle of bhakti i.e. servant of servant of servant attitude by which we always remain humble and we automatically get purified. Thank you Maharaja for giving us such vital principles of devotional service.
On this auspicious day of yours I like to pray for your good health and always giving us your association and inspire us by your wani.
I would try my best to follow your instruction and give me the strength also to follow your instructions.
Thank you so very much maharaja

Hare Krishna Maharaj,
Please accept my humble obediences onto you our lotus feet.
All glories to Srila Prabhupada,
All glories to your Holiness .

Maharaj,

Iam so insignificant and I don't have any qualification to glorify you.
Maharaj your nectarine lectures and ecstatic kirtans help me very much to fight against Maya.

Maharaj I am so fallen that i don't know who Krishna is. Maharaj, i only know Vaishnavs maharaj. Maharaj i don't need anything in this material world but i only ask only for your mercy so that i can reach and please my spiritual master. Maharaj i sometimes feel that neither my Spiritual master nor vaishnavas love me . I feel so frightened that what if guru and Gauranga doesn't accept me . Maharaj as you know I am so sinful all the anartas are in full in me.

Maharaj i humbly beg at your lotus feet maharaj that to please be merciful upon this unworthy soul. I know you have many disciples,but i'm just an insignificant soul at your doorstep

Maharaj a insignificant,foolish, materialistic dog is waiting at your doorstep for you mercy maharaj

Dear Gurumaharaja Please accept my humble obeisances.
All glories to Srila Prabhupada. All glories to you on this auspicious day of your vyasa-puja.

Oh Maharaj ! How insignificant I am, how fallen am, but still it's your causeless mercy

you gaved me your chance to serve you.

The flow of words and sentences abruptly ceases.
How challenging it becomes to articulate one's thoughts?

Oh Maharaj! You have meticulously organised all the necessities of human society not only for your deciples but, for entire human race weather it's Nav vrindavan (GEV), your lectures, your all time offline online associations and reciprocations
But how fallen I am, unable to write anything
I was not born on the day of my birth but the teachings of Śhrila Prabhūpad, his lectures, his books came into my life
And after my spiritual birth, maharaj it was you under whose shether I grew up by your warm nurture.

My learning started not the day when I went my school but when the books of Śhrila Prabhūpad came in to my life and Mahārāj it was you who through your lectures, your guidance am able to understand the words, the motto of Śhrila Prabhūpad.

It's your and Śhrila Prabhūpad's causeless mercy maharaj that am writing something

When I read this verse from the Bhāgavatam
titikṣavaḥ kāruṇikāḥ suhṛdaḥ sarva-dehinām
ajāta-śatravaḥ śāntāḥ sādhavaḥ sādhu-bhūṣaṇāḥ

The symptoms of a sādhu are that he is tolerant, merciful and friendly to all living entities. He has no enemies, he is peaceful, he abides by the scriptures, and all his characteristics are sublime (SB 3.25.21
I could just think of your divine character and nothing else
As Śhrila Narottam dās Thākur mentions in his prārthanā

se-saba sangira sange je koilo bilas
se-sanga na paiya kande narottama das
Being unable to obtain the association of Lord Gauranga accompanied by all of these devotees in whose association He performed His pastimes, Narottama dasa simply weeps

[Lamentation due to the separation with lord and his associates]

But Maharaj, am considering myself the most fortunate,you are holding the hand of all of us engaged in the service of Śhrila Prabhūpad, ready to take us back home back to godhead.

I still remember the date maharaj (17 october 2022) when the first time I heard your lecture (Seeing the potential in everyone)
And Mahārāj, realised that, how you are very enthusiastic to the vision of Śhrila Prabhūpad as he desired for.
Every single moment in your life, you inspire us through your actions how to serve guru-gauranga.
You never lose a single moment to glorify your spiritual master A.C. Bhaktivedanta Swami Prabhupada.
Whenever someone acknowledges the incredible service you provide, you humbly attribute it to the grace of Srila Prabhupada.

Oh mahraj !
Hide me
Under your warm arms
Take me
Take me away from everyone
I feel so unwelcome
It's freezing day and night
The winter falls
I am shivering and sneezing
Please take me
Hide me
I want to feel your warm shether
Please don't disregard
Am breaking from inside

- Endow us with the ability to collaborate harmoniously despite the numerous obstacles, hardships of the present age, known as Kali-yuga.

-Grant me the fortitude to faithfully and wholeheartedly adhere to your divine guidance

- Bestow upon me your blessings so that I may emulate your virtuous path and shape my life in accordance with your benevolent teachings,

I beg you Gurudev, do not abandon me me ever, I am a lowly, dimwitted person with limited intelligence

Dear Guru Maharaj
My humble obeisances to you.
All glories to you and Srila Prabhupada

Kartik Yatra 2023 provided ample opportunity to strengthen our association with you. During this Yatra, my faith in Lord Caitanya Mahaprabhu increased significantly through your lectures. My taste in hearing Mahapranhu's pastimes also grew. You presented the pastimes in great detail, making it feel as if Mahapranhu's pastimes were being enacted in front of my eyes. I am very grateful to you for this.

Hare Krishna Respected Guru Maharaj.

Please accept my humble obeisance at your holy feet.
All glories to Srila Prabhupada.

It is by the mercy of your dear disciple HG Vrindavan Prabhuji that we are able to know your greatness more and more, through the book 'Guru Smaranam', that he wrote as an offering to you on your 70th Vyasa Puja.
From that book and hearing from many more devotees we understand that you are an ocean of all Vaishnav qualities. I would like to meditate on one quality of yours in specific and seek your mercy and blessings to receive this quality in me, for I'm very badly struggling in this area.
The quantity of tolerance that we see in your life is so prominent since beginning days. When you started the Journey to India, so many times you showed this quality of tolerance. Like the mongoose who took shelter of your head and slept whole night and you remained still tolerating the pain, bites of the insects, etc. Then you tolerated the most powerful force of opposite sex when that lady in Kabul forced you for union. Despite death threat you tolerated the situation and escaped alive. And then for the pleasure of sadhus you tolerated the hot spicy khichadi causing inconvenience to your own self but pleasing to devotees. Later once while you were about to begin speaking to a group of devotees you were offered a flower garland that was infested with red ants. The ants started crawling all over you and biting you. However you didn't complain at all. Just tolerated it all.
And finally for so long you have been tolerating my insincerity and mercifully allowing me to remain in association and giving unlimited opportunities to improve.
Dear Gurudev, I beg to you for this mercy so that I can tolerate the poison of anarthas that is within and continue to serve my superiors with honesty and enthusiasm. Tolerate the gross and subtle urges for pleasure, tolerate the false ego and with cooperation serve in the mission of Srila Prabhupada with whatever capacity I have. Thank you again Maharaj for accepting me. Seeking your causeless mercy always.

Hare Krsna dear Maharaj,

Since the first contact with the Bhagavad Gita As It Is in 2005-2006 my life has being a challenging blessing! Many difficult situations are coming and I can see the Lord's mercy, because each day I am feeling more purified and simple. After some time in contact with Srila Prabhupada and Krsna through the Shastras, then starting to associate with devotees in the Temple, I could meet You in 2015 trough Journey Home in Vrindavan Dham. Your book was a gift a Mataji gave to me. And after two years I could meet You personally on 08/12/2017 in Chowpati I reached on 7/12/2017. Since then, I am feeling You with me in every step. I pray for You every day, and mystically I could take initiation from You in Bhakti Center on 2019. What a Journey! It's Your birthday, but this year the gift was mine! I just want to send my love and gratitude for You. I am following Your instruction and doing my humble service with my limited capacity. I am a grhasta now, and my Lakshmi as a poor musician artist is causing me a lot of anxiety, manly I stay worry for my family. And trying to have a better future, even in this condition, by Your mercy, I could contact my spiritual brothers and went to Prabhupada Desh in Italy to meet the devotees there. I tried to fulfill Your wish taking my Sarasvati Veena to make a Sankirtan in the waters of Veneza, but me and Giridhari Prabhu could not make it happen yet... anyway it was a transcendental journey and I could feel You with me all the time. You live in my heart dear Gurudev, please bless me and love me so I can do every day a better loving enthusiastic service for You, Srila Prabhupada and the Transcendental Family of Vrindavan, our Home!
Love is your Birthday Gift!

All glories to Sri guru and Sri Gauranga

We have always seen you going out of your way, in good health and in bad health , to serve Prabhupada's ISKCON

Your care and compassion for one and all, your dealings with your God brothers as well as new comers are inspirations for us

For us you are the epitome of 'trinad api sunichena....'

When we look back on all the years that have gone by, we feel we are still like children standing at the shore of the great ocean of bhakti - children who are excited by the waves of occasional small feelings of ecstacy in seva and sadhana , children who are still to dive deep into that ocean to know the depths of bliss in love of krishna that await us

Maharaj, we know how small we are yet we survive in this world by trying to hold on to your shadow, by trying to follow your instructions

Today on the auspicious occasion of your 73rd birthday instead of bring gifts to you we beg that you bless us that may we have a drop of the love for all and for krishna that resides in your heart

All glories to Srila Prabhupada!
Wishing from our hearts the best wishes on your 73rd Appearance Day GuruMaharaja!
We are heavily indebted to you for your causeless mercy, for giving us the Holy Names and shelter under your lotus feet.
The possibility to do any seva that we try to do is simply the expansion of your causeless mercy upon useless ones like us. As an expert you are uplifting non qualified people like us to the platform of highest perfection. In your thousands of lectures, we find great solace and hope for us.
Although, we are full of faults, but GuruMaharaja, we definitely are sure you are so magnanimous that you are adosh darshi, and see whatever tiny good we have done.
Although, it's very difficult for us to have your personal darsans, still we feel nourishment under the able guidance and care of your sincere and senior disciples in Toronto area.
We try to always abide by the cooperative mood that you exhibit for ISKCON worldwide, and avoid any whimsical separatist ideas while doing any devotional activities.
There is so much of love in your heart for Srila Prabhupada's teachings, that it always inspires us to seek the wisdom through the Bhaktivedanta Purports. Your genuine love for the devotees helps us in practical dealings amongst ourselves and also with our child, whom we are trying to raise in a Kṛṣṇa conscious way, as much as possible.
We hope to serve you in some way in the future, and also continue our sevas that we

are doing. Although, there are challenges in our personal lives, still we are getting greatly benefitted by the mercy of sadhu sangha and sound form in your recorded lectures.
We pray at your lotus feet to do our japa more attentively and serve the mission of Srila Prabhupada in a small tiny squirrel way!
Prayers to Sri Sri Radha Gopinatha Ji on your holy Vyas Puja for your best health to continue the glorious mission of Srila Prabhupada on this planet for many more decades to come.

Thank you very much for accepting me as your servant and disciple. Whenever I contemplate on your teaching through hearing I feel ashamed and disgusted myself, as I had never met any of your teachings or your expectations from your disciples. I do render some little services here and there but I could never adopt the attitude of servitude while rendering those services which were not at all pleasing to your heart hence the Supreme Personality of Godhead Sri Gopinath. Please help me by giving your blessings so that I would imbibe your teachings and the attitude of servitude in my life.
I have been very much indebted to you for passing on you love and care to the fallen souls like me through the counselling system, through that association of your senior most disciples like HG Sanat Kumar pr, HG Radha Gopinath Pr, HG Shyamananda Pr, HG Govinda pr, HG Gauranga pr etc. a few to name.
I have been learning so many things during my stay at Vijayawada. Eventhough I have been feeling very difficult staying in your separation, with that lamentation I have been serving your dear disciple and my senior God brother HG Cakradhari prabhu. During this phase of my stay in Vijayawada I have been becoming seasoned realizing many of my shortcomings.
Thank you very much for your yatras Gurudev, which were giving us an opportunity to serve thousands of devotees together at one place which happened to be a Dham and in an auspicious month of Kartik. The challenges we are facing every year making us think more and also making us to be more innovative. Every year we have been learning new things and incorporating new systems. Thank you for giving us an opportunity to learn them.
I was wondering while hearing your lectures in Sri Jagannath Puri. Especially the one which you were describing on the appearance of Sri Jagannath. How wonderful it was, the person who never had the darshan of Jagannath Baladev and Subhadra on altar at Sri Jagannath Puri showing Darshan of Sri Jagannath on altar to thousands of people. By this narration you have proved again purity of heart does amazing things over material skills. We had Darshan of Lord multiple time in several trips to Jagannth Puri, but I never felt so blissful and satisfied when I heard the narration this time. Thank you for mercy upon us.
On this auspicious day of your appearance day I beg forgiveness for the offenses that I have been committing knowingly or unknowingly at your lotus feet or at the holy feet of Lord's devotees. Please bestow upon me your causeless unlimited mercy so that I would imbibe your teaching and serve you and your associates in the mood of servant of the servant of the servant.
At last I would like to make a submission that I am eagerly waiting for an opportuni-

ty to serve you and unite with you again at GEV or any of your project in a near by future.
Thanking you for everything you had given me in my spiritual life.
With regards

Hare Krishna! Dearest Maharaja!
Please accept my humble obeisances! All glories to Srila Prabhupada and to You!
On Your Vyasa puja day I wish You all the best, the best of health, the best of associations, the best of prasad!
More than a year has passed since we (my wife Tulasi-nandini and me) had the wonderful opportunity to see You in Prabhupada Desh. We very much waited to meet you this year, but Krishna had other plans, I had to look after my elderly mother so we had to cancel the visit to Italy in the last moment. You are such a caring soul so I mention that she is as fit as a fiddle again.
Tulasi-nandini mataji finished the translation of Journey Home into Hungarian, and we made steps involving Your US publisher, the Hungarian Yatra and a local publishing house in order to publish it in our country. The negotiations were very promising for a long time, but now we face some financing obstacles, as one of the participants opted out. We never give up, so we will try it another way. We do it for You, for the memory of Bhakti Tirtha Swami, who inspired Your writing, and for the lots of people like ourselves who will be inspired by reading it.
A big event this year for us was the Go-puja festival, when Darshan, our adopted ox was selected to be the decorated Go-puja cow in Nava Vraja Dhama. When we thanked, on behalf of Darshan, this wonderful experience to the devotees serving in the Gosala, they said: „ None of us wanted this to ever happen including Darshan, except Lord Krishna." As a matter of fact, Darshan is six hundred kilo and not overly friendly, except to Tulasi-nandini and me. He recognizes our voice and runs to us after even months of separation.
„Compassion and integrity". I do not forget Your words dear Maharaja. So I try to be useful for devotees who face material life problems. They are much more developed spiritually, but I do my best to be there if they stumble in material life problems.
My wife and me have never been to India so far, but we'll plan an India visit when You are there.
We pray a lot for You! Hope to meet you in the near future!
Your servant,
bh. Istvan

Most venerable Gurudeva,
Please accept our most respectful obeisances. All glories to Srila Prabhupada!

We wish to express our deepest gratitude for all the kindness, tolerance and understanding you bestowed, are bestowing and hopefully will continue to bestow upon us. You make such unworthy and undeserving neophytes like us, feel to be of some merit. Your perfect example of dedication and submission to your spiritual master's desire is a brilliant beacon of light that illuminates up our dark paths. Your example is very difficult to follow as everything you do is perfected to the highest level of excellence. However, no matter how little we succeed to replicate, even if we only do 0.001% of the things you have accomplished, it will be a major success in our spiritual lives.
We have always been so impressed by your sincere simplicity. It is difficult not to notice how you are entirely driven by the exclusive desire to please Srila Prabhupada. Only one who loves very dearly can create so many magnificent outcomes. Your Chowpatty community is one of a kind. And its numerous offshoots: The Bhaktivedanta Hospital, The Orphanage, The Bhaktivedanta Hospice, The Gopal's Garden High School, The Govardhana Eco Vellage, The Govardhana Goshalla, The Annamrita Midday Meals programme etc. etc., only come to show the extent of your compassion. Wherever you go and wherever your lotus feet touch, you transform the atmosphere of that place into Vrindavana, the place where there's only love, songs and dance - an eternal festival of bliss.
Thank you for all the inspiration you give us. Please allow us to receive a position of two tiny specs of dust under your lotus feet.

**Bhagavat Acharya Das (ISKCON Farmington Hills)**

Hare Krishna Guru Maharaj, please accept my humble obeisances.
All glories to Srila Prabhupada.

Maharaj, with your blessing and inspiration, we at ISKCON Farmington Hills have

started University preaching. Our main intention was to train Youth from all backgrounds to be Krishna Conscious. So far, we have a humble beginning, and we need your blessing to take it further to attract more students into Krishna Consciousness.

We have started Govinda's in our temple, and by the mercy of Krishna, the Prasadam distribution program is going well on the weekends. We are now planning to start a Prasadam distribution program on a larger scale by using a food truck so that we can reach out to more university campuses.

We are also trying to start a few more congregation preaching programs in the nearby cities which are a few miles away from our temple. We are also trying to start more Western preaching programs, starting with Yoga and Meditation programs here in Farmington Hills. We are planning to start more University programs and start a BASE model (Krishna House) in affiliation with our temple.

We humbly beg for your blessing and prayers to serve the Prabhupada Mission with our limited intelligence and our insignificant endeavors.

Yours Insignificant Disciple,
Bhagavat Acharya Das

Namah om vishnupadaya krishna presthaya bhutale srimate radhanatha swamin iti namine.

Respected Guru Maharaj,

Please accept my humble obeisances at your divine lotus feet

I would heartily like to offer my most sincere gratitude and respects unto your lotus feet on the 73th vyasa puja of your holiness.

• After the a gap of 3 years it was such a wonderful feeling to have received your darshan and association in the yatra at Jagannath Puri. I beg at your lotus feet to please give me the oppurtunity to participate in your annual yatra every year without fail.

• In April when I had come to Chowpatty for your SB class, I had a small exchange with you when I offered you a flower. You received it and very gracefully smiled indicating that you were very grateful and happy that I offered this flower to you. This simple exchange is quite nourishing for me in my spiritual life. I beg at your lotus feet to award me with the quality of gratitude for every small thing I receive in my life.

• I always feel I should get your personal association. I wish to interact with you, ask questions and seek answers from you, serve you personally. I wonder when I would get this oppurtunity. In this yatra I got a little deeper understanding of serving as being servant of servant of servant of the guru when you explained about Raghunath das goswami: he hardly had any personal interaction with Lord Sri Chaitanya Maha prabhu though he was staying in puri for 16 years. His service and interaction was with Swaroop Damodar Goswami. I beg at your lotus feet to bestow on me the mood which you want all your disciples to cultivate ie to render service to guru and Krishna is the mood of vipralambha bhava which is the highest mood.

• All devotees including myself see that you are always smiling at everyone. It appears that you have only a homely nature but not a missionary nature. But I heard from one of the devotees from NVCC pune temple how you at the age of 73, you are traveling to US and other countries in Europe for cultivation of devotees. You have a deep feeling for the projects of Srila Prabhupada which he created during his times. You consider your duty to restore the status quo of these temples. This made me understand how your spirit of expansion is so highly bubbling. I beg at your lotus feet to award me this feeling/ responsibility of shouldering the burden of guru.

• Your absorption in the pastimes is highly impressive. When you narrative the pastimes in the yatra it seems as if the pastime is happening right now. You bring out very subtle and important lessons from each instance in the pastime. They are like

jewels that needs to be framed and hung on the walls of our heart. I beg at your lotus feet to give me such ability to contemplate and get absorbed in Shastas.

• Your style of preaching is also very impressive. You can connect very easily with all types of audience. I feel that this is only because you have a genuine compassion to the suffering jiva inside their bodies. You see beyond the body, into the soul. I beg at your lotus feet to render the compassion by which I can help the living entities in this world to connect to Lord.

• When HG Krishnananda pr told about your chanting I felt highly inspired to chant attentively. He said that he has seen your chanting from many many years: how attentively you chant keeping yourself free from all distractions. He said these days you are keeping you hand near the chest like Haridas thakur while chanting for the entire 2 hours. I beg you maharaj to bestow this type of focus and attention in chanting.

• You always emphasise the point of trnad api sunicena verse so much. Only one who is humble like a blade of grass, more tolerant like a tree, offering all respects to others and expecting no respect in return can always chant the holy names. I beg at your lotus feet that let me someday I will get these qualities and by that I will get the right mood to chant the holy names sincerely.

May Lord Krishna give you many many more years to live and spread the holy names far and wide to all towns and village.

Hare Krishna

Dear Guru Maharaj

Please accept my humble obeisance at your lotus feet

On this most auspicious occasion of your 73rd Vyas Puja I would like to express my heart to you.

Just as after two years of south India tour Lord Chaitanya once again met the devotees at Jagannath Puri , similarly after a separation of few years the since 2019 kartik yatra at Vrindavan, all devotees were united again to observe the 2023 Kartik yatra at Jagannath Puri. Devotees from Puri, Navadweep, Kulina gram and other places came to meet Lord Chaitanya at Puri, similarly devotees from all parts of the world got opportunity for your divine sanga in the Kartik yatra at Puri.

There was on ocean of salt water outside the pandal & there was an ocean of devotees in the pandal and by your nectarean katha you were drowning us all in an ocean of Gaur Krishna prema & liberating us from the ocean of material existence.

Outside the pandal the ocean had many waves of water over it and inside there was wave of dancing devotees in Hari kirtan and a wave of laughter by your humorous katha.

Outside there were twinkling of stars in the sky and inside the pandal there were glittering teeth over the smiling faces of devotees by your devotional Gaur katha.

Devotees always hanker and long to be drowned by your nectarean katha. This kartik yatra was really a great solace.

Your lectures are the guiding light and it is the guiding compass to walk on the path of progress in Bhakti.

But due to my anarthas I am not following your instructions & repeatedly falling & failing to do so.

I beg to kindly forgive me and give me the strength to follow the instructions you give by your lectures so that I may not again come back in the material world.

Your insignificant servant

Gurudev thank you very much for your devine association during Annual Kartika Yatra 2023 in Jagannath Puri Dham. This year post covid yatra after four years was like life saving oxygen for me and my fami-ly. Thank you Gurudev for being life saving and remaining oxygen in our life.
During Covid-19 pandemic period for a pa-tient infected with covid +ve, availability of oxygen cylinder was very critical for him remaining alive. Similarly in our lives you are being as oxygen as life and soul of us living alive in sprituality.

Gurudev everyday we live in full of varity of pandemics, be it cut throat competition in our day to day life, be it dealings with materialistic persons. But whenever we as-sociate with you via your teachings, your lectures, your dealings with devotees we immediately feel availability of oxygen for such pandemics in our life.

Gurudev you were mentioning in one of lectures during this Kartika Yatra about the mood of a beeger. Gurudev you were men-tioning how a begger may be begging with a begging bowl in his hand, but in his heart of heart, he might be proud of his begging bowl as his belongings. In such mood one can not be a begger of true mercy of Lord. Similarly one who is proud of his belong-ings even spiritual assets will not be elligi-ble to receive mercy of Lord.

Gurudev I am begging unto your Lotus feet to have mood of a true begger. Everyone will have to leave all his belongings here only, some day or others. Gurudev by your mercy only I can attract mercy of Lord, pease be-stow your causeless mercy upon us.

I am lost with words and don't know how to start, ISKCON chowpatty has nourished my consciousness since 15 years, and you dear Gurudev have done seeding of my con-sciousness through metaphysical energy, your disciples are not less then Maharathi and Prajapati who have done feeding with their lectures on love and Shri Krishna con-sciousness and made me win the battle of all those deadly weapons from my unclean mind and soul, I wonder how glorious and effulgent would be the time when they got initiated and got charged with bhakti and prema.
Maharaj lots of thing I can talk to you throughout but I wish our dear srila Pra-bhupada always put us all in Hari Sharan and association of great devotees.. my wish to get officially your disciple and lead this moment throughout my life. Jay Gurudev.. thank you is just not enough and there is no word to reciprocate how wonderful I feel to be associated. Please make me a part.

Dear Guru Maharaj,
Please accept my humble obeisance at your divine lotus feet
I feel blessed and grateful to mention your unparallel contribution and constant guid-

ance through your vani in my life and that it has changed the course of my life and of thousands of others.
You have constantly mentioned and have exemplified the qualities of pure devotional service, loving association among devotees and serving the mission of Srila Prabhupada in the mood of servant of the servant. On this auspicious occasion, I would life offer prayers at your lotus feet for getting a desire to seek shelter in your divide words and in the association of your wonderful devotees. I feel blessed to be a part of a growing community where the leaders are faithful servants of their spiritual master and are loyal to the mission and teachings of Srila Prabhupada. Your teachings and exemplary behavior is constantly glorified and devotees are striving to follow in the mood serving as a menial servant, trying to be more humble than a blade of grass, not expecting any respects from others while giving all respect to others.
I will consider this as the success of insignificant life if I can please devotees around me by being their servant and thus please you, although I have so many imperfection and stumble on countless times but the shelter of vani and vaishnava sanga that you have provided will surely keep me reminding of my eternal position of 'nitya-krsna-dasa'.

A servant of your servants,

Dearest Guru Maharaj,
Hare Krishna,
Please accept my humble obeisance at your lotus feet,
Happy Krishna Conscious Appearance Day !!

It's such a auspicious day that you appeared in this material world for all of us. There no words to express my gratitude towards you. Your taking so many efforts and suffering from so many things in this material world just for us where you not even belong.

Thank you so much guru Maharaj for giving me shelter under srila prabhupad's family through you. even though I am not at all qualified for this. I know I am making so many mistakes and instead of taking shelter of Krishna I am always go under Maya's influence and still you are there with me and showing me right path and motivating me.
Thank you so much for holding my hand in this difficult phase of my life and inspiring me to take shelter of Guru and krishna
I am surviving in spiritual life only because of all your guidance, instructions through lectures and your melodious kirtans.

I am begging at your lotus feet please please always keep me and my family in your shelter and take us from this darkness and shower mercy upon us so we can make this grishtha life successful and use whatever we have in this mission of prabhupad.I really want to serve prabhupad and always want to engage in association of devotees.

Sorry I am asking again and again but you know my situation and the only thing on which I am depend is your mercy and blessings I can't do anything without this

Guru maharaj please kindly shower mercy upon us and bless us so we can chant holy names seriously and sincerely without keeping any motive and follow all your instructions and always engage in service of Srila Prabhupad and all devotees.

Your humble servant daughter,

**Bharti madan (SS Radha Gopinath temple sec 45 Gurugram, Haryana)**

Dear Guru Maharaj

Please accept my humble obeisances.
All glories to Srila Gurudev!
All glories to Srila Prabhupada!

I pray at your Lotus feet to bestow your mercy, that i can write something in your glorification. Just like a little child learns to walk by holding the finger of his father, similarly, i am trying to write, by your mercy, what i have learnt from you.
My dear Guru Mhj, my only experience of your personal association is your Vani association.
All around me, whatever I see, is your mercy overflowing. I feel i don't have patrata.. this has holes..still you keep showering your causeless mercy.

You gave us the Holy name:- the desire , dedication, enthusiasm to chant the Holyname is given by you.
In a lecture you said- we should desire to please Krishna, Guru, Vaishnavas. We should chant with that desire. What do you want, you want Pure devotional service or you want to get your rounds done. Chanting from the heart means I really want to purify my heart. I see so much lust, anger, greed, envy, pride, illusion.i don't want it. I am disgusted with them Krishna save me.I want to be an instrument of your love and cry out to Holy name.

You gave us the association of devotees:- the loving care among devotees, desire to serve each other without any ulterior motive and cooperate for the higher principles.
In a lecture you said- i simply seek friendship in the association of pious and enlightened devotees . Vritrasura in the perfectly enlightened state is teaching us, he is simply seeking friendship in the association of devotees, no greater benediction. It is the highest blessing of Srila Prabhupada Millions and billions of births have passed, to finally come to the point, where door to spiritual world are open before us through friendship in association of devotees.

You engage us in service of our Beloved Lord..
SS RadhaGopinath Lalita Vishakha maiya, SS Jagannath Baladev Subhadra maiya and SS Gaur Nitai.
In a lecture You said- Deity in the temple is such a completely tangible experience of having a relationship with Krsna. He is there, She is there, for sure. Its not just a question of faith. Faith is important but the fact that They are there is not faith, its reality. Its faith that gives us experience of reality.
Devotional service is not a job, its a privilege and we should serve with a desire to please.
Love is not to want peace, but to want service.
When there is pride in the heart, Krishna no longer takes pleasure in anything that we do.

You give us eyes to see Dhams in spiritual consciousness through your instructions.
You said- Holy Dham is not a place of this material world. It is spiritual world manifesting and is not different than Krishna.
"Ye yatha mam prapadyante"
According to the nature of our surrender ,according to the quality of our love, Krsna reveals Himself. Similarly,Krishna reveals the Holy Dham according to the spirit of our prayerfullness, our humility and sincere devotion..

You give us positivity in life inspite of hardships. You said- * The auspiciousness of any situation is how it brings us closer to Krishna.
* Every failure contains a seed of success.
* Trying to be happy in this material world is greatest illusion.
* if you think that everything is going to go just the way it should, and then i will be enthusiastic, then our enthusiasm is doomed. we should expect setbacks on every level, but to be enthusiastic, to not give up hope, to sustain our integrity even when there is temptation and fear, that is real Bhakti.
At another time you said-
Real Bhakti is, when we are not motivated by egoism or selfishness and we simply want to continue our service; our hearing and our chanting in a positive mood, not in a complaining mood, even in difficult situations.

Dear Guru Maharaj, although unqualified, i humbly desire service of your Lotus feet. Make me an instrument of compassion of

the Supreme Lord and Srila Prabhupada.

I wrote few lines on your most merciful Lotus feet..
Dear Guru Maharaj
Your Lotus feet, so merciful, give me goal to live and die.
Even in hardships, a hope, a reason to be positive and smile.

The supreme merciful Lotus feet, give us faith to see the Lord with our ears.
Opportunity to serve the Lord and His devotees who are very dears.

The gratitude for smiles and for tears, that my eyes can't see.
That whatever happens, my Beloved Lord loves me.
The Supreme compassionate Lotus feet.

My citta is full of anarthas, attachments and designations, but no worry
By serving your Lotus feet, all ignorance will be removed, cent- percent guarantee

Day by day, tests by tests,getting stronger desire and dedication to follow this Bhakti path.
And full conviction that by serving your Supreme merciful Lotus feet, one day i will be bestowed with service to SS RadhaGopinath.

Prayers for your good health.

All Glories to your Holiness

Respected Maharaj,
I cherish, the time of sahi snan in Kumbha Mela, 2004 in Nashik. Somehow, by mercy of HG Paramhamsa Prabhu, I got chance to enter in to the procession of the sahi snan along with all devotees following you. I remember the energy in the air, and mood of the all participants.
Procession with thousands of people reached to Ramghat after long time of Kirtan and other surrounding music.
I was stunned to see you deeply pray for long time amidst of big hustle and bustle around you. Your deep eyes were tightly embracing each other. I feel, you are in different world being aloof of surrounding. After long pause you came back to external world and graciously took holy bath. This incident touched me a lot.
In my challenges in year 2018, I felt your close presence, then realized that prayers you offer is for all your near and dear ones including your disciples in need of higher connection.
Thank you for your achieving such success in your journey home and becoming beacon of hope for so many around the world.
Please shower your blessings upon my family, My self, Hladini Gopi Devi Dasi (my better half and your disciple), My daughter Tulsi. So we can engage in service of Guru and Vaishnavas without any ulterior motive for only pleasure of Shri Radha Krishna.

Hare Krishna Guru maharaj,
Please accept my humble obeisances unto your lotus feet.

Guru maharaj you are an ocean of love, mercy, compassion and all good qualities. And I am experiencing this at every step in my life. This gives me so much strength to walk forward in my spiritual path, inspite of many challenges in life.

Gurudev, because of my father- in - law we have shifted to Yeola. I was very hesitant to go there as there was no temple, no dev-

otees, no seva, satsang. But this is only because of your mercy, that a temple has come up now, and there are Gaur Nitai exactly same as Gaur Nitai at home. Now I have got preaching seva also along with other sevas. Gurudev I am trying to do these sevas by my limited capacity. I am totally dependent on your causeless mercy. Gurudev everything is happening favourable to my spiritual life and for this I am seeing your merciful hand and Lord 's merciful hand at every step in my life.

But Gurudev, I fail to please you by my arrogant behaviour towards devotees. I try my best to avoid offences, I genuinely wants to please you but I always fail. Gurudev I totally depend on your mercy, please forgive me.

Today on this auspicious day of your Vyaspuja, I beg to Shri Shri Radha Gopinath to bless you with long and healthy life. We all need you Gurudev.

Hare Krsna
Dear Guru Maharaj

Please Accept My Humble Obeisance At Your Lotus Feet
Fortunate are those who have someone who look for them and even more fortunate and rare are those who look for them not only in this life but also life beyond this life.

And this truth has become more and more clearer to me as i see people around me , the pain the anxiety the fear is just a scratch away. I find sometimes myself so fortunate that I have people to whom I cry out to , and they give the real solution to the problem and and especially your lectures which cut through the layers of illusion and bring the real naked truth in front of my eyes.

but simultaneously I also find my unfortunate that even after seeing this truth even after knowing it my heart doesn't cry out for krsna and his devotees rather it still has attachment to worldly people and sense objects.

I don't understand how you are able to do so much for the pleasure of Krsna and Prabhupada , your glories can only be admired i can never ever think even to get those qualities but i do aspire for the droplets of this vaishnava qualities.

This are not material charisma for sure , its beyond the material conceptions. The kind of attraction devotees feel towards you , the kind of love and admiration they have for you is not of this world. I wish I could also develop that kind of strong connection towards you someday , that simple connection of love can help one to transcend the attractions towards the flicker pleasure of lust, greed and admiration.

Your faith in the holy name is the of the pure gold standard, I remember HG Gaurang pr sharing how he has never seen you ever chant inattentively , every word of holy name u take u take it with completer attention and respect.

At last i want to admit and declare that I am still that old person with same anarthas but by mercy of devotees i have got some desire to serve vaishnava and take shelter of lord but I am far far away from that goal, though the path is clear and simple I am complex at my heart. being here so at so remote place physically away from devotees its very dif-

ficult to maintain the purity of mind and the things which we would have considered a grt sin even in dream are easily broken here without giving a second thought, my condition is very pathetic but I have faith that your blessing and devotees blessing can save this drowning soul.

Kindly bless me that I can take shelter of your VANI and become a good servant of servant of your servants.

Hare Krishna Maharaj,
Please accept my humble obeisances at your lotus feet.
Thank you so much Maharaj, for always guiding me.. during the most difficult times as well as when I am at my best.. your lectures have been my shelter at all times..
When I am low and confused and frustrated, and I forget all that you have taught me.. you have saved me again and again by giving exact examples of devotees and their sacrifices in situations much tougher than mine..
You love EVERYONE.. and that's the most difficult part.. I beg you to give me such compassion where I too become an instrument to give motherly love to everyone who comes to Srila Prabhupad's home, without discriminating based on my conditionings..
When you tell me to tolerate all humiliation, bad words and difficult situations as a blessing of Krishna, it seems impossible to follow. But You alone also give me the strength to follow by your divine remembrance.. and you also send people who advice me the same if I even think to ignore your instructions..
I am good for nothing Maharaj but by your presence, I feel even insignificant person as me can also do something for Srila Prabhupad. I am struggling very badly with very basic things Maharaj, which other sincere devotees easily overcome.. I have not even able to overcome such distractions yet, but I know for sure, that only by your blessings and instructions, someday I will be able to follow them and thus please you, Oh Gurudev..
Please accept this insignificant creature in your service at the lotus feet of your sincere disciples Maharaj.. I beg and pray that your lectures should become my life and soul and I should follow them with all my heart.. Just like you follow Srila Prabhupad at every moment in your life.
Thank you so much Maharaj for everything. Thank you so much for holding me always through thick and thin and I pray that one day I would be able to please you..

I was overwhelmed recently when i saw you going down on your knees to serve brahmacharis in mayapur..you could have asked each one of them to lift up their plates to accept prasadam from you..but out of your natural humility you served them as you did
You are humility personified..it just comes spontaneously to you
While attending gbc meetings in pune you were begging the brahmacharis to bless you..once again you showed your humility..
I am so fortunate that you agreed to give me shelter of your lotus feet..
Gurudev please bless me that i can imbibe this supreme vaishnava quility of humility by closely observing your acharan..it does not come naturally to me..if i just try to be so simple like you..remember these wonderful examples you portray ..maybe someday i will understand what it means to be humble
Praying to krishna for your good health.. long life..many more associations with you..

Especially the care you have shown for chapatti making mataji's is very touch my heart.
Secondly, you have visited Satyavati Mataji's house to enquire about mataji's health and that benefited us as Mahasatsage Program in NVCC, which was attended by more than 6000 devotees.

Hare Krishna Maharaj,
Please accept my humble obesiances .
All glories to Srila Prabhupad.

Maharaj, this year during your Pune temple visit, two times you went to see H.G. Satyawati mataji at her residence, as she was ill, even you were personally present at Puri Dham to immerse the ashes of mataji.

It really moved me by seeing your intimacy with your disciples, you are so personal with devotees and taking care of all.

I always feel secure because you are with me all the time.

Thank you very much Maharaj for accepting me as your son.

On this beautiful occasion of your Vyas Pooja, please bless me that I always follow your instructions and serve you and Vaishnavas till last breath of my life.

Yours servant of the servant,
Braja Jeevana Das

Dearest, most lovable, and most merciful, Srila Radhanath Swami Maharaja,

When you accepted me as your own, I had never imagined how much mercy you would shower upon me. Please bless me that I may never take your mercy for granted. The only reason I am able to perform any sadhana is because you are always praying for my welfare to the Supreme Lord Sri Krsna Caitanya. I pray that I can accept your mercy whole-heartedly.

Your fallen servant,

Dear gurumaharaja,
Please accept my humble obeisances. All glories to Srila Prabhupada.

Please accept my humble offering of gratitude for your constant guidance in my spiritual path. As a reciprocation for the invaluable gift of diksa initiation I received from you on behalf of Srila Prabhupada and the parampara I will try to share a few words in glorification of you.

Srila Prabhupada said in Srimad Bhagavatam purport for 4.28.47 “the disciple and spiritual master are never separated, because the spiritual master always keeps company with the disciple as long as the disciple follows strictly the instructions of the spiritual master.”
With so many recordings of your classes

available, your disciples can always connect with you anytime and anywhere. This is such a great fortune for us to have your invaluable association, as you take care of all your disciples with this glorious service of yours, being personally present for each one of us without being physically present.

In one of your classes you said enthusiasm is contagious but lethargy is also contagious so we should be enthusiastic for devotional service to inspire others as a service to them. I was reflecting on how you are such a great example of enthusiasm as you are able to speak for hours and hours totally absorbed in pastimes of Krishna and Lord Caitanya with such detailed descriptions that bring your audience there through sound vibration. I pray I may develop even a fraction of such deep absorption and eagerness to speak about Krishna. And I wonder why we are so eager to speak about ourselves and so unwilling to speak about Krishna. Certainly it tells a lot about what our minds are most concerned with and where our materially contaminated consciousness tends to be attracted to.

In your vyasa puja offering to Srila Prabhupada you wrote how both happiness and distress are just distractions unless we seek shelter of Krishna's names with gratitude and devotion. I pray to remember your words whenever I try to materially adjust situations thinking Krishna consciousness depends on external conditions instead of an internal mood of surrender.

One of the main points you always emphasize in your classes is to develop a mood of servitude and desire to serve in a humble state of mind because Krishna is pleased when we try our best to please His devotees. Thank you for reminding us of our true nature of servants and warn us about the danger of trying to be the controller and the enjoyer.

I was recently meditating on one point you made in a class that if we are sincere devotees Krishna will smash our pride like He did with Indra by replacing Indra puja with Govardhan puja, but if we are insincere Krishna will let our pride destroy us. I pray for that sincerity and for having that level of surrender to let Krishna smash my pride however painful it may be if that is necessary for spiritual growth.

Thank you gurumaharaja for all your inspiring realizations you share with us and with all the world igniting the spark of inquisitiveness and reflection in us and constantly shaking me from my complacency in spiritual life.

Trying to be a servant of your servants,
Brajadevi Devi Dasi

Dearest Guru Maharaj,

I offer you my humble obeisances. All glories to jagat guru Srila Prabhupada and your divine grace.
Gurudev, I feel so fortunate that Lord Krishna has guided me to take shelter from you 8 years back. I try my best to follow your instructions by chanting a minimum of 16 rounds every day, following the 4 regulative principles, preaching the holy name, and engaging in service for others. While performing my spiritual duties, I try to follow the qualities you have exemplified as a pure devotee of the lord. The qualities of yours that stand out to me are humility, compassion, selfless service, tolerance, and unwavering faith in Lord Krishna. Without your guidance and blessings, nothing would have been possible. Thank you Maharaj for opening my eyes to the real knowledge of the Absolute Truth and for always inspiring me to develop prema-bhakti. On this auspicious day, I wish you a very happy Vyas puja and pray I can continuously follow your instructions.

With utmost humility and gratitude,

Dear Maharaja,
Please accept my humble obeisances! All glories to Srila Prabupada!

It has been a long and tumultuous year since I took shelter of your lotus feet at Super Soul Farm...

I went to India with Raganuth twice; nearly died a second time, in a horrific car accident; started a prasadam bakery; met a sweet devotee man named Charlie; and I have been steadily chanting 16 rounds a day.

It has been almost a year since I saw you last, at the Govardharn Eco Village...
You graciously sent Hari Priya to collect me so I could speak to you before you went back

to Chicago to see your father one last time... You shared your love for him with me, you told me and how he tearfully begged for you to come home to see him and how ill he was...your concern clear... (I am truly sorry for your loss.. )

I was finally in a place to receive grace, love & clarity from you. I tearfully told you that I wanted to make you proud; you said you WERE proud of me. You told me I was dear to Krsna and thus dear to you... Then you told me that you prayed for me every morning and night... With that, You gave me more than I had any right to receive from you. I can never repay you for the peace and hope you gave me that day... The words you spoke to me gave me the absolute assurance that Krsna was intimately guiding my every step. Thank you... What a gift!!!!

Happiest of birthdays Maharaja. Thank you for being such an incredible inspiration, & example. Thank you for every day you spend doing Krsna's work. I know well that he is so proud of you. Everyday you spend here, each of us here on the material plane benefit. Your infinite compassion and wisdom is so dearly needed by the world. I am so grateful for your presence in my life. I hope to see you soon.

Sincerely,
Brooke

Dear Guru Maharaj,
Please accept my humble obeisances. All glories to Srila Prabhupada.

on this 73rd appearance day of yours I sincerely pray for your good health and am grateful to the almighty for blessing me with a saintly association of yours.

I am extremely grateful for organizing Karthik yatra this year after 4 years. Your association and association of your senior disciples and thousands of vaishnavas helps me to realign my life's priorities and make Krsna the goal of life. Your behaviour is exemplary and you demonstrate how to practice what you speak in your lectures.

I wish to promise that I will try my best to chant the holy names attentively and without offences and try to understand that krsna is non different than his holy name as you recently emphasised in yatra. Please bless me that I take my life's decisions guided by Srimad Bhagavatam and Bhagavad gita and your words based on them.

Thank you very much for everything you do for your disciples.

Hare Krishna
Dear Guru Maharaj.

Please accept my humble obesiances onto your lotus feet.

All glories to Srila Prabhupada.

On Vyas Puja is day we get an opportunity to speak or describe how do we connect our relationship with our eternal Father (spiritual master). Out of causeless mercy Krishna gives a true Guru to a Sadhaka or a devotee who just started to perform devotional service and try to be serious in devotional life. And out of causeless mercy of a true Guru only Krishna manifests or in other words a true Guru manifests Krishna into the life of his disciple.

Guru Maharaj, you have made available Krishna in all of your lectures. Your Vaani is filled with all available rasas which manifest Krishna into the heart of a devotee. You have made available Krishna through your Vrindavan Dhaam lectures. You have manifested Lord Jagannath through your lord Jagannath pastime Katha. Recently in Kartik Yatra 2023 we all could feel the presence of Lord Caitanya and Lord Jagannath with all his devotees.

One specific leela you describe about Permanand Puri and Lord Caitanya which was very much enchanting. After hearing it, I went to have the water of Permanand Puri's well. You said any one who drinks the nectar of the well will be free from all sins and love of Lord Krishna will manifest in the heart.
Your Vaani also acts as a nectarean water like Permanand Puri's well, which helps us to remain focused in devotional practice..

You have discovered the secret of Vrindavan and shared it to the world and that secret is the mood of serving. I could experience the bliss of Seva during recent Kartik Yatra 2023. You have taught us that Vrindavan is to serve the Lord and his devotee. Each and every atom in Vrindavan is serving the Lord and his devotees. Trees, birds, creepers, river, mountain, Gopis, Gopas, animals, cows all are serving the Lord in their respective capacity. My only desire is to attain that serving mood which you had carried throughout your life. As you said in many lectures Sevanand is higher then Premanand.. This is absolutely true. Gurudev pls shower your mercy unto this very insignificant disciple of yours that I can follow your instructions which you expects from your disciples.

You are so dear to Srila Prabhupada and your God brothers and they are glorifying your qualities which are worth to imbibe in my life.

Since past some years I am not able to follow basic instructions strictly and sincerely due to my ignorance and laziness. I am not able to satisfy the expectations of my Siksha Guru.

Guru Maharaj for you the local authority is the main authority for your disciples to follow strictly and sincerely. Please bless me on this occasion that I can fulfill the desire of my immediate Siksha Guru and help him serve the mission of Srila Prabhupada.

My most sincere and humble obeisances to you my dear Gurumaharaj!!!

It's a great pleasure to write to you because for us, your disciples, this is the moment we have to speak with you, and also because I know that somehow you will know it. During the last letters I was wondering if you saw just one of my offerings, maybe just a sentence, but one day this doubt disappeared. I said to a friend how I was feeling with the separation of you, and few days you met this friend and you said to her that I was with Jagannatha and demonstrate her that you knew what I was doing. This did me more and more, confident to keep on over many difficulties that came.

You are a really saint person and I never had doubt about it, and I feel very fortunate to have you as my spiritual father. I don't know what things I did to receive this bless to have you as my spiritual master but it was very worth. I cannot imagine to have other person to guide me. You are the only inspiration that I have, and you will keep being for ever. When I did my votes with you, this was my great fortune, and I keep with this every day in my mind, my heart and in my practice. I never will forget you even being very far from you, because you are my true motivation to do everything important I do. My dream it's to meet you again but I don't care if this will happen or not because you are in my heart. I remember clearly all those days I were there in chowpaty with you and my godbrothers. It was the most important days of my life. I always saw Krsna consciousness as a duty, something logical, despity have nice realizations, but with you I had the greatest spiritual achieviments that someone like me can have.

Nowdays it's being very hard to deal with many things in this world, many people becoming crazy, lost about identity, duties and everything, and this is so sad, to see everyone and everything collapsing around us, its hard to see and don't fall apart together them. The only way to resist it is to have a important structure to not forget who we are and what we are made for, and why we are here. And Krisna consciousness gave this for us, but you my dear gurumaharaj put it very deeper into our heart, and gave us this important realizations with this structure that make us resist to everything, no matter how strong the storm is. You are the light that shines so bright always showing the way over the ignorance, over the darkness.

I'm really grateful, and I will be always gratiful to you for accept me us your disciple, and everyday I thing about to see you again and to make something that will please you. This is my north.

I don't have too many words to say but the main thing is this, my gratitude and my desire to please you.

Your eternal disciple,
Chaitanya Chandrodaya Dasa.

Hare Krsna Dear Guru Maharaja , Please accept my humble obeisances , All Glories to Srila Prabhupada . All Glories to you. Your Appearance in this world is the most auspicious event in my life . An insignificant touch of Your grace through your association has changed my life for the best. Vyasa Puja day gives me an opportunity to delve deep into the many qualities you posses and follow them in my life for years to come. Out of the unlimited qualities you posses I would like to focus on one quality which significantly impacts me. The mood of Vrindavan you carry with you, is one

quality that I admire the most. Scriptures say saintly person purifies the place of pilgrimage because he carries the holy place with him. Similarly in my little interactions with you I feel that You carry Vrindavan with you wherever you go. Every Congregation you build , you permeate that with this loving mood of Vrindavan, which is so evident in the congregation of ISKCON Chowpaty and Pune. So much so with the same mood you have physically manifest Vrindavan in Mumbai in the form your cherised project Govardhan Eco Village (GEV).
In my recent visit to India for the Yatra at Jagganath Puri I was so much astonished and touched to see 10000 deveotees living and breathing this mood as inspired by you. The yatra Experiences are always very purifying for the body , mind and the soul. The physical austeiries involved in the yatra purify the body. The association of sincere devotees who have given their lives for you and their committment to your projects, truly crushes whatever pride I had of being a so called devotee . Looking at the devotional service of these devotees makes me feel as if I have not even started doing any bhakti , this truly purifies the mind and my false ego. And ofcourse the yatra experience of visiting the holy places of pastimes of the Lord and then hearing about them from you enlivens the soul and makes us spiritually enthusiatic. So many devotees working together during the yatra to make you happy in making Srila Prabhupada happy , creates the same Vrindavan Atmosphere for every one involved. Vrindavan is a place and is also Consiouncess. By your example you are teaching us , no matter whether we are in Vrindavan or anywhere in the world , if we are determined and sincere in following Srila Prabhupada's instructions we can always create Vrindavan Consicouness wherever we are, and on the other hand if we are not sincere we can be physically in Vrindavan , yet our consiouness will be materially absorbed and not be in Vrindavan . Although I am very far from this kind of consciouness and have no qualities whatsoever to even call myself a devotee, I feel very hopeful, since I have a perfect Spiritual master to lead me to the goal of perfection.
Thus on this day of your apperance I Pray to Sri Sri Kishore Kishori for your good health and I pray to You to Kindly pray for us so we can develop even a small fraction of this Vrindvan Consicouness and become small insturments to radiate that to others so wherever we are we can create Vrindavan Atmosphere permeated with loving relationships which will give real job to everyone involved , to You and Srila Prabhupada. Aspiring to be an instrument of your grace.

Dear His Holiness Radhanath Swami,

Please accept my humble obeisances. All glories to Srila Prabhupada. All glories to you on your 73rd appearance day.

On this day, I am praying for your strong health and well-being so you can continue to serve Srila Prabhupada's mission on this earth and give all of those who love you, including us your disciples, your association and instructions. It doesn't seem right to pray that you feel Prabhupada and Krishna's presence and guidance at every moment and the happiness of serving them at every moment, because I know that you already do. I am praying that all of your disciples can work cooperatively with each other, fostering loving relationships, to serve your mission and please your heart. I am praying that I can go deeper in my devotional service and genuinely make you proud at every moment by thinking, acting, and feeling in ways that please you. I pray to always be conscious of your mercy and instructions.

When devotees asked Srila Prabhupada what service was most pleasing to him, he replied: "to love Krishna." Maharaj, I pray to love Krishna to please you. Once when I asked you how to serve you, you said: "Krishna is the link." So I know when I am serving Krishna I am serving you, and when I am serving you, Krishna's pure devotee, I am serving Krishna.

It has amazed me this past year seeing you immerse yourself again in traveling and giving yourself to so many devotees around the world who are yearning for your association. We have been so fortunate at Bhakti Center to receive your association, and when Dayal Gauranga was sharing with you how the devotees wanted more time with you you said: "that is how the whole world feels, except times it by 10." Then, due to your humility, you said you were doing your best and you apologized for not being able to do more. That broke our hearts because you do so much. We saw you risk your life to spend time with devotees in Ukraine and give powerful lectures, travel to so many different places touching devotees hearts, and recently giving an amazing Jagannath Puri Yatra. Thank you so much Maharaj for your amazing lectures.

This year I met my husband and got married, and he has always wanted to accept you as his siksa Guru. We were praying and praying to have your darshan to receive guidance how we can serve you in ghrastha ashram, and you were so merciful that you made time for us to ask you questions. My heart felt completely satisfied and full having this time with you, and I felt so close with you. You gave shelter to my husband.

My husband asked how he can balance his financial responsibility of moving out of Bhakti Center and providing for the family while continuing to serve Bhakti Center, and you said that is something that should be discussed with the senior management of Bhakti Center.

My husband asked for your relationship advice and how we can best serve each other, and you said "be kind and tolerant with each other, be Krishna Conscious, and continue serving together."
My husband asked how we can better serve our personal deities, Radha Nandagopala and Giriraj, and you said: "when you make Radha Murlidhara happy, then everyone else will be happy."

My husband asked how we can have balance in our lives, and you said: "by making balance in your life. We have to put appropriate responsible time to our sadhana, seva (mission), to our family, and to our relationship as husband and wife. If we don't give time to our relationship as husband and wife, then it doesn't work. If we don't have time for our sadhana then the relationship becomes mundane. If we don't have time for our seva, then our life loses spiritual meaning. So we have to balance all of these things. Not just time, but quality time."

My husband asked: "I heard that once we realize our spiritual form, our enthusiasm will be tremendous, so in doing so much practical devotional service we are not so much in meditation on our eternal identity, so should we just be in the mood of Lord Chaitanya's mission as the servant of the servant of the servant?" You said: "Yes. When Lord Chaitanya is pleased, He reveals our spiritual form. Part of our service is reading Srila Prabhupada's books, taking shelter of the Holy Name, pleasing our spiritual master and Prabhupada by serving their mission and giving Krishna Consciousness to others, and then with the combination of all of those things Krishna is pleased and reveals our spiritual form."

After sharing about my heart and asking your guidance on my service, you said: "Prabhupada said we make advancement in Krishna Consciousness according to how we take responsibility. When we take initiation we have a responsibility to follow our vows, when we're preaching we not only have a responsibility to carry the pure message but also we are responsible for the people we are preaching to. And in missions there needs to be management. People need to take responsibility for management. As grhasthas, a lot of our responsibilities are based on managerial, financial, and domestic matters, it's not just being a preacher. That's a balance. Whatever is best for the Bhakti Center is what you should discuss with the senior management here. If your management is really important and you want to do more preaching then it should be done in a responsible way that the management is taken care of. So anything that is very tangible, service oriented, is not something I can give guidance on. I can give guidance on the spiritual principles of things, but unless I'm going to stay here and be the manager I can't give managerial decisions, it has to be discussed with the management." You also shared with us that you want there to be a devotee school in New York. You said: "The Bhakti Center is a project that is extremely dear to Srila Prabhupad and I want to see everything done here." And at the same time you told us that as grhasthas we will have to balance between your heart (being Bhakti Center) and what is best for our family.

I said; "we hear so much about vani and vapu. Serving your instructions as being the most important. But also taking the vapu service whenever we get the opportunity, and it is needed at Bhakti Center. But sometimes I get anxious when I'm serving your vapu if I'm pleasing you, and it is needed, and I love serving you, but I wanted to ask you if there is any way I can improve my service to your vapu when you come here." You said "that's coordinating with the team of devotees who are doing the services. Just be cooperative with the team." I said; "I am trying to do that Maharaj."

In your instructions there was a strong theme of cooperating with the team of devotees at Bhakti Center and taking guidance from the senior management, which we have been doing Maharaj. You want us all to work together.

I asked "how can we go deeper into our prayer and sadhana?" You said: "by being sincere. You've already heard all the instructions, but we have to sincerely apply them in our life internally and externally. To the degree we are actually, sincerely trying to be humble, our prayers are pleasing to Krishna. Without humility, prayers are just a very superficial offering."

I said: "Over the years serving Radha Murlidhara and since Gaurachandra has been installed, what is your realization on Their mood and what is most pleasing to

Them?" You said: "When you read Srimad Bhagavatam and Chaitanya Charitamrita, that is eternally Their mood. And when we understand Prabhupada's spirit of compassion, we combine Prabhupada's mood with Radha Murlidhara's mood, which is Vrindavan. Sri Chaitanya Mahaprabhu's mood is sharing Vrindavan to the world. And Prabhupada was taking Lord Chaitanya's mood in assisting him in sharing Radha Murlidhara's mood."

I pray to meditate on these instructions deeply for the rest of my life, realize their purport more deeply continuously, and apply them with my heart and soul.

I am missing your vapu and applying myself to your vani at every moment. One of the most special times for me is being on the altar early in the morning dressing Radha Murlidhara and knowing that I am only assisting you in that intimate service to Their Lordships, as every service that I do is assisting you. You are the doer, and I pray to be your puppet.

In the recent kartik Yatra I get the chance to see you very closely it was my very great fortune to be on this yatra and have the Prasad that you made for us, it has a fatherly love. Your love towards your God brother's and respect towards srila Prabhupada that is unparallel. I pray to vaishnavs that your love and blessings be always with me and I try my best to work on your words.

**Chandra Caitanya das & Prema Vilasini dd (London/Bhaktivedanta Manor & Soho Temple)**

Dear Gurudev
Please accept my humble obeisances at your lotus feet.
All glories to our Founder Acharya Srila Prabhupada.

We have been most fortunate for the opportunity to participate in this year's Kartik Yatra in Sri Kshetra - Jagannath Puri Dham from 15 to 22 November 2023. This yatra was eagerly awaited due to the absence of yatras over the preceding four years due to Covid-19.

As you reminded us during the yatra pravachans, the fact that we were able to come to the Holy Dham of Jagannath Puri is solely due to the infinite compassion of Srila Prabhupada. He alone was appointed by the Panca Tattva to be Their emissary of broadcasting the glories of the Holy Names all over the world, nay indeed all over the universe. What a splendid service Srila Prabhupada performed for the pleasure of his Guru Maharaj, Srila Bhaktisiddhanta Saraswati Maharaj Prabhupada.

The only connection with Srila Prabhupada that I have had in my life while living in Africa is the fact that in November 1977, while hearing BBC radio, it was announced that Srila Prabhupada had left his body in Sri Vrindavan Dham, returning to his spiritual home, Goloka Vrindavan in the spiritual sky. I personally had no idea about my true nature as the spirit soul, nor the fact that I and all living entities are eternal servants of our Supreme Lord and Master, Sri Krishna, to Whom we should be rendering loving devotional service at every moment.

I had no idea or knowledge of the spread of Krishna Consciousness in the world and only became aware of this once we emigrated to the United Kingdom for the education of our two sons in 1996. We started going to the South London Centre on a regular basis without understanding a word of the Sanskrit or Bengali prayers. From our personal experience, it appears Krishna had a plan for us in this life.

In our family, my younger brother HG Raghava Pandita das was the first one to receive Harinam initiation from your good self in 2001 at Bhaktivedanta Manor. Subsequently, members of his family also obtained initiation from you and I received mine in 2012. My wife Prema Vilasini devi dasi received her initiation in 2019, when I also received my Brahmin initiation.

Dear Gurudev, all that is happening in our lives is solely due to the compassion of Srila Prabhupada and your good self and so many devotees too numerous to mention. May we always serve your lotus feet with a view of being your instruments in the mission of Srila Prabhupada.

Presently, we are serving at Bhaktivedanta Manor in the Sankirtan department, participating in the service of distributing Srila Prabhupada's books. This service is espe-

cially important during the December marathon as Srila Prabhupada is very pleased when devotees endeavour to distribute books despite the cold and freezing weather.
My wife and I are also serving in the Deity departments at the Manor as well as at the Radha Krishna Temple in Central London.
Even though we are both ageing, I am approaching 76 and my wife is approaching 70 years, our earnest desire is to be instruments of gratitude in the mission of Srila Prabhupada eternally. While our bodies are able, we will try our best to render service to this glorious mission of the most munificent Avatar of God, Sri Caitanya Mahaprabhu. We seek your blessings that we may continue in this service for many years to come.

We pray for your good health so you may continue to spread the glories of the Holy Names all over the world.

We remain your insignificant servants always.

Poem for Guru Maharaj Vyas Puja

In devotion's dance, a disciple true,
Holds his guru's teachings, pure and true.
Deep in heart's chamber, the wisdom lies,
Guiding steps forward 'Neath boundless skies.

Through trials and tests, unwaveringly strong,
Carries forth the guru's song.
No selfish aim, no personal claim,

Just the light of wisdom, a steady flame.

In Srila Prabhupada's footsteps, he treads,
Radiating love where'er he spreads.
Guru Maharaj you are a shining light,
Embodies the disciple, steadfast and bright.

His life a testament, a sacred art,
Living the teachings, a work of heart.
In each action, in each stride,
Guru's words in him abide.

Perfect disciple, in spirit and deed,
His guru's legacy, a living creed.
Oh, how beautifully his path unfurls,
A soul adorned with his guru's pearls.

In youth's fervor, he sought the truth,
From American soil to India's booth.
Not the conventional dreams in store,
But life's essence, he did implore.

Land of saints, where rivers flow,
Ganges and Yamuna's sacred glow.
Sages in devotion, detached, serene,
In remembrance of the Lord, unseen.

Himalayan heights, his penance traced,
Pilgrim's path, in holiness embraced.
Seeking purpose in each sacred shrine,
Prayers soared, a quest divine.

Impressed were the spiritual guides,
Offering paths, their grace provides.
Yet within, a yearning still,
A deeper calling, an untouched thrill.

With earnest pleas to the divine,
For the path, the true lifeline.
In answer to his fervent call,
Lord Krishna's guidance did befall.

Srila Prabhupada, the chosen guide,
In whom truth and wisdom coincide.
Directed by the Supreme's decree,
Guru Maharaj found what was meant to be.

In search of the spiritual crown,
Through lands and prayers, up and down.
His quest, a tale of devotion's gleam,
Guided by the Lord's eternal stream.

In that moment, a profound bond unfurled,
Guru Maharaj met Prabhupada, his spiritual world.
Akin to a son reuniting with his father's grace,
Deep joy surged, a soul's sacred embrace.

In Prabhupada's presence, a truth did gleam,
Satisfaction surged like a flowing stream.
Assured, protected, in love's warm glow,
The quest for truth found its final bow.

The ambassador from realms unseen,
Prabhupada shared Krishna's love, serene.
Begging to be a disciple, sincere and true,
Guru Maharaj found his guide, tried and true.

Prabhupada, world acharya, profound and wise,
Welcomed him in, with heart's loving ties.
Embraced as a father would his own,
A disciple found his heart's true home.

In that union, a celestial art,
A bond beyond worlds, a brand-new start.
In hearts entwined, the truth did soar,
A disciple found a guru to adore.

In New Vrindavan's quiet, secluded space,
Where nature's chill held a frozen embrace,
A young Brahmachari, devoted and strong,
Embraced his duty, a worship lifelong.

Deity care, a sacred chore he'd own,
In icy waters, his devotion is shown.
Bathing amidst frost, with no warmth in sight,
Yet, no complaint, his purpose alight.

No comfort sought, no grievance heard,
Serving Krishna, his soul's cherished word.
In silent service, devotion's creed,
To the Lord's will, he paid heed.

Then tasked to share Krishna's profound lore,
With a sense of duty, his mission he bore.
Decades adorned with wisdom's dance,
Spreading Krishna's message, in every chance.

Across the globe, his words did soar,

Touching hearts, inspiring more.
Thousands drawn to devotion's call,
Through his lectures, embracing all.

A life devoted, unwavering, and true,
In service to Krishna, in all he'd do.
From deity worship in icy morn,
To spreading love, his spirit adorned.

Guru Maharaj, a devotee sublime,
In every moment, a sacred chime.
Through service, devotion's song unfurled,
A dedicated soul in Krishna's world.

A hospital born to heal life's strain,
Yet, beyond ailments, a spiritual gain.
Uniting souls, spiritually ailing,
Guiding hearts to Krishna's unveiling.

Within those walls, a sacred space,
Where woes find solace, in Krishna's embrace.
For patients and caretakers, distressed and sore,
Krishna's solace, a balm evermore.

Under his guidance, in learning's quest,
Bhagavad Gita, students invest.
Like Arjuna, duty they don't forsake,
Krishna-centered lives they make.

Professionals, homemakers, drawn to his light,
Finding Krishna, their souls take flight.
Children, with needs, unique and clear,
Nurtured in devotion, love sincere.

Guru Maharaj's love, a guiding grace,
Inspiring souls in life's embrace.
From hospitals to homes, a ripple's start,
Devotion's journey in every heart.

In diverse tongues, he weaves the lore,
Vedic wisdom, a treasure to explore.
Bhagavad Gita, Srimad Bhagavatam's gleam,
Shared by Guru Maharaj, in every stream.

Crossing cultures with seamless grace,
Top bankers, technocrats in every place.
From HSBC's halls to Silicon's might,
Spiritual values, his guiding light.

Oxford, Cambridge, Harvard's halls,
Universities witness his soulful calls.
Love, selflessness, in hearts, he plants,
Compassion's seed in diverse lands.

Temple sermons, Kartik's sacred air,
His words unveil a realm so rare.
Krishna's glory, in each phrase resounds,
Hearts connect, in spiritual bounds.

In compassion's glow, his soul's decree,
To connect each soul with Krishna's spree.
For in devotion's fold, he sees the key,
To end life's woes, from misery free.

Strategies diverse, his compassionate art,
Spreading Krishna's love, from his heart.
Midday meals, a divine feast unfurled,
Nourishing bodies, enlightening the world.

Through Krishna's prasadam, humble and kind,
Soul and body, in harmony aligned.
Free eye camps in Barsana's embrace,
Serving thousands, with grace-filled grace.

In Vrindavan's haven, in Barsana's nook,
Healing eyes, a compassionate outlook.
Dhams' residents, their sight made clear,
Through Guru Maharaj's love, so sincere.

Compassion's dance, in every deed,
Connecting souls in their hour of need.
Through service, love's timeless role,
In Krishna's embrace, making hearts whole.

Under his guidance's steady gaze,
Devotees unite in Krishna's blaze.
Backgrounds diverse, forgotten and shed,
One identity, as Krishna's kin instead.

ISKCON Chowpatty, a radiant sight,
A temple model, love's pure light.
Where devotees gather, hearts entwine,
Grihasthas, brahmacharis, in service align.

Camaraderie blooms in every space,
Love and respect, an embrace's grace.
Guru Maharaj's inspiration, a guiding spark,
Leading projects, ISKCON's growth, a mark.

In Srila Prabhupada's radiant wake,

Leaders emerged, hearts wide awake.
Guru Maharaj, in lineage's flow,
Nurtured leaders to make hearts glow.

In humble offering, qualities grand,
Guru Maharaj's essence, like shifting sand.
For his virtues, words fall short,
His devotion's depth, a boundless port.

In awe, your admirer seeks to tell,
Qualities vast, beyond mortal spell.
Infinite virtues, Krishna's devotee pure,
An offering small, to a soul so sure.

Oh, on this day of reverence, I plea,
At Guru Maharaj's feet, seeking to be free.
Grant me shelter, your guidance so dear,
To tread the path, Krishna's love so near.

Bless me with wisdom, knowledge's glow,
To shed desires that cause life's woe.
Grant determination, a spirit ablaze,
To cast off distractions, Krishna to praise.

May I forsake, all sense's lure,
Let anarthas fade, devotion endure.
Kindle in me, a fervent flame,
For chanting Krishna's holy name.

In Prabhupada's words, let me dive deep,
To learn, to grow, in wisdom's keep.
Grant me the heart, devotees to serve,
In humble offering, their love to preserve.

On this Vyasa Puja, this plea I send,
For guidance, for strength, on this transcend.
To Maharaj's feet, my earnest plea,
For a Krishna-conscious life, pure and free.

Aspiring to be your eternal maidservant

Hare Krishna Dearest Gurudev
Please accept my most humble obeisances at your Lotus Feet!!
As i begin to pen down my offering, my heart fills up with unlimited gratitude. 23 years back my life was like a dried leaf, being carried away by the wind of Maya. But then you stepped into my life & made me like a fresh green leaf in the family tree of Srila Prabhupada.
Dear Gurudev, even though I am full of all the anarthas, I have so many defects, I am such an offender, still you accept me as your disciple & gave me shelter when I needed you - when my Mother left her body. Today even though I have lost both my parents, yet I have you - my Spiritual father.
I am forever grateful to you for allowing me to permanently reside in Vrindavan & serve in the Barsana project. It's been 14 years now & it has become my life & soul. I beg for your blessings so that I can serve there till my last breath, offenselessly & selflessly & somehow please the devotees & please you & Srila Prabhupada. This service is the only thing I have in my life even though I have no qualification to serve in Barsana. My oy qualification is your causeless mercy!!!
Even though I face many challenges Spiritually, mentally, emotionally, yet your lectures gives me immense hope & strength.
Dear Gurudev, your contribution in my life cannot be completely expressed in words. But I want to dedicate my life as an Offering to you, in whatever way it pleases you. Pls empower me, keep me under your shelter in spite of all my shortcomings so that I can surrender my life to the mission of Srila Prabhupada in this lifetime.

Maharaj, I was stranded in a dark well and was suffering for millions of years but out of your causeless mercy O Maharaj you came near this well and shouted out 'Is there anybody in the well I am here to help you and take you out' . My family, my friends, my relatives were near the well but never ever they felt of removing me from the well and kept me in distress and pain. But you took the pain of searching all the Wells for the well being of all of the fallen souls. Through your causeless mercy till date Maharaj you are doing the same job of tirelessly removing millions of fallen souls from darkest regions of suffering and showing them the path of transcendence....Srila Prabhupada bestowed upon you his causeless mercy and similarly you showered this upon all of us.Guru Maharaj I have not seen Krishna nor Prabhupada but in you I see both of them. How can we all repay your debt on us in millions of lifetimes, no we cannot. I pray for your well being and health. I pray that may we all develop a spec of dust of your qualities and spread love of Krishna as you do eternally.

Forever Yours Insignificant eternal servant.

Dear Radhanath swami Maharaj, thank you so much for being present on this planet. I had the blessing to read Your book, journey home, a spiritual firend named Marta borrowed it to me. Than I saw You in Bologna in

autumn 2022 and than everything changed. You saved me from material life, giving me a lumionous example of how to live in this world but not being of this world. Thanks to your association I left some lusty relatonship and I involved myself in services in te Torino Hare Krishna center, also starting studying and reading Sastra. I had the fortune to met some of your desciples, as BhakthyaLabhya prabhu from Italy, Citra Lila devi dasi from New Mayapure, France and I could enjoy the sweetness of their heart. In this way I could appreciate Your mercy and more than this, develop a relationship also with Srila Prbhupada, your beloved spiritual master. I'm not able to thank you enaught. My only desire is to serve You life after life and to see you happy. Thankyou so much Maharaj. Last thing: my mother Paola read your book and she became a devotee. You are so powerfull in take the heart of us conditioneted soul and put it in the hands of Radharani's mercy. Guru Maharaj please accept my respectful and humble obeisances

Dear Maharaja

It was great blessing and immense pleasure being in your association for short duration during the Jagannath puri yatra this year. Your lectures are always inspiring and few instructions that I noted were:

1. When you progress in spirituality, we should be more and more grateful to Krishna, as what we have received is given only by Krishna.
2. In the pastime of Chaitanya Mahaprabhu and his personal servant Govinda you gave very important instruction Govinda teaches us by his personal e.g. that we should take efforts and pain in serving the lord for his pleasure and not give pain to the Lord for our self-comfort and self-enjoyment .
3. Maharaj you also instructed that one should follow the instructions of one's spiritual master as done by Chaitanya Mahaprabhu. Mahaprabhu was instructed by his spiritual master Ishwar Puri to take service of Govinda who was Ishwar Puri's personal servant. Mahaprabhu followed the instructions.

These are few instructions which I could register in my limited memory.

Your love for all your disciples was displayed in you cooking personally for the devotees in yatra kitchen.

I pray at the lotus feet of Lord Krishna for your good health .

Please bless me so that I can follow your instructions and become a worthy servant of yours I pray that I may tune in to your and Srila Prabhupada's values and instructions. I want to be the instrument in doing various services for the pleasure of guru and Gauranga..

Thank you for being in my life Maharaj.

Dear worshipable HH Radhanath Swami Guru Maharaj,
Please accept my most humble obeisances millions of times at your Lotus feet.

Dear Guru Maharaj we are extremely grateful to you. We surrendered due to your causeless mercy.
Our beloved,our everything...our pathpradarsk Guru...our HG Satyawati Mtji whose guidance we wanted till end but it's our great misfortune that unexpectedly we had to undergo mtji's separation, very early. We saw this ultimate truth of life in front of our eyes. It was an eye opener for us. We witnessed it all.
Gurudev the mercy that you showered at that time,we had never seen before. Our eyes and hearts were full. Koti koti parnam Gurudev.
Gurudev you are bottomless ocean of mercy. We became witness of your causeless mercy. You came all the way from so far,- to enquire about the health of our most beloved HG Satyawati Mtji,in atharva. We were so grateful for the same. To give shelter and strength to a surrendered devotee and the family, you took so much pain and came personally to give spiritual shelter. We are deeply grateful for that. Please accept our humble obeisances Guru Maharaj. You are true representation of Krishna.
Towards the end of HG Satyawati mtji's journey here, you were with Her and the family..did kirtan and satsang. After She left body, you even accompanied for asthi visarjan in the ocean of Jagganath puri... what causeless mercy of Guru on surrendered devotee. And you extended unparalleled support to HG Jaidev Prabhu ji. This is extremely rare. This is extremely
Fortunate event,we are deeply grateful to you Guru Maharaj ji. Dandavat pranam at your Lotus feet dear Guru Maharaj.
By the separation of HG Satyawati Mtji we are extremely disturbed. Gurudev your causeless mercy has shown us the way. We felt little relieved. Koti koti pranam Gurudev.
Dear Gurudev,due to your causeless mercy we got HG Satyawati Mtji as our God sisters. Becoming our spiritual mentor and guide and Guru, Mtji showed us the way to the Lotus feet of such a divine, causeless ocean of mercy, you dear Gurudev. Right from giving beads in our hands to guiding us to Harinaam diksha, Mtji day and night worked very hard,how to uplift us in our spiritual lives. How are we ever going to express our gratitude to her in any way. Dear Gurudev koti koti Dandavat pranam at your Lotus feet.
This birth and leaving body episode of a great devotee,is an unforgettable event, divine event. And dear Guru Dev you are simply great and a pure soul.
Please accept my humble obeisances koti koti times at your Lotus feet.
This is ultimate truth in spiritual world. And we consider ourselves very fortunate to witness the same.
Who in the whole world is like HH Radhanath Swami Guru Maharaj and HG Satyawati Mtji.

This is a loan of millions of lifetimes which cannot be repaid by any disciple. And there is no beauty in life without this loan of Guru. There is no value that can be placed on the wisdom imparted by you Guru Maharaj. There is no parallel to your Krishna bhakti, and Guru nishtha. And your Lotus feet and shelter is priceless. Where you are there divine Gurudev,there I am always there folding my palms. Koti koti pranam at your Lotus feet.

Hare Krishna Dearest Guru Maharaj
Please accept my humble obeisances in the dust of your lotus feet.
All glories to Srila Prabhupada!
All glories to Sri Guru and Sri Gauranga!

Dearest Guru Maharaj, as I sit to write this I am welling up with tears. Your unconditional love and acceptance is beyond comprehension. How do I repay you for saving me? How do I pick myself up and piece myself together again so that I may be able to do some little service for you in your service to Srila Prabhupada?

In my most trying times over the past several months, when all those who should have been there to save me from falling, or help me get up from falling, it was only you who was there. It is only you who knows my heart and guides me and shows me the way and sends me the help I need. It is only you I want to be completely dependent on and guided by.

All the challenges I have faced and am facing are my own doing. For, in the ultimate issue, rejecting you, rejecting Krishna, in the insanity of thinking that I could do it on my own. I no longer want to have this attitude. I sincerely pray that I can simply surrender and give up all independence in every respect and every aspect of life. This may actually be the only way to try to repay you for the debt I owe you.

Maharaj, I know not of any way to adequately express my gratitude and appreciation. I feel the only real expression is the degree to which this heart and consciousness becomes transformed. And my sincere desire is that it is entirely transformed so I may fully surrender to you in complete faith and submission. I may look nowhere else for answers or solace or relief from the pangs of material existence. I may fully offer this life to you and totally give up every tinge of selfishness. I may find my life's purpose and action it as an offering to you.

Thank you, dearest Maharaj, for your selflessness and shelter. Thank you for showing me the way. Thank you for the purification and helping me endure it all and not be crushed by it. Thank you for saving me. Now may I choose wisely and simply surrender to you!

Dear Guru Maharaj,

With utmost reverence, I offer my humble obeisances at your Lotus feet. All glories to Srila Prabhupada, and all glories to you, dear Guru Maharaj!

On this joyous occasion of your 73rd Krishna Conscious birthday, I extend heartfelt wishes for your well-being. May Sri Sri Radharaman Lal shower you with the finest of health, enabling you to wholeheartedly serve Srila Prabhupada.

Though I am unqualified for writing an offering, for the sake of my purification, I pen these words and place them at your revered

feet. I heard this story from Radharaman temple's Goswami family and it resonated deeply within me.

Once a school boy goes to his school to give his exams. He takes a bundle of answer sheet papers from home for the exam. The exam starts at school and the teacher distributes both the question paper and answer sheet to all students and to him as well. He looks at the answer sheet given by the school as well as the one he brought from home and he finally chooses to write his answers in the home-brought answer sheet. The exam time is over and the teacher collects all the answer sheets and she realizes that he has written in another paper that was not given by the school. The teacher refuses to accept it and he begs and pleads and the answer sheet is finally collected. This matter gets escalated to higher school administrators and finally reaches the principal. The principal strictly refuses to accept this answer paper even though all his answers are right. The other students' answer sheets who have written the exam in an average manner are all accepted and they get pass marks but this boy fails in the exam.

The important lesson here is, that life gives us questions and answers and all answers should be written in only in qualified answer sheets. The qualified answer sheets are the instructions of our Spiritual Master who gives instructions based on Shastras. This seemingly simple story reinforces my conviction that even in material world, they look for authentic approved ways of doing things. I can imagine how it will be at Spiritual world. If I ever attain that sacred space, it will be solely through your guidance and mercy.

Dear Guru Maharaj, I humbly implore you to please bless me with your causeless mercy and blessings so that I can follow your instructions in the mood that you want me to follow. I am incapable of even understanding that. I strongly need your guidance so that I can hold on to it and receive the Lord's mercy through You. Wishing you once again a very happy Krishna Conscious 73rd birthday and I am praying to the Lordship that I get an iota of the Guru Bhakthi you have for Srila Prabhupad. Hare Krishna!

Hare Krishna! Jai Srila Prabhupad, Jai Srila Gurudev!

Dear Radhanath Maharaj,

Please accept my humble obeisances.
All glories to Srila Prabhupada.
All glories to you.

Your appearance in this world marks a day in which those of us wallowing in material existence received a fighting chance. Amidst the infinite days of eternal time, there's no greater day for humanity at large than the appearance of a genuine spiritual teacher who comes to reclaim the lost souls of the material realm. What kind of love is this, for someone to appear in a place of disease, death and suffering, to take up the difficult task of awakening souls ignorant of, if not opposed to, their relationship with God, and to all the while have no personal motivation, but rather full dedication to the service of their Guru? It's an unfathomable love. Nevertheless, this example of yours, of serving Srila Prabhupada with faith and veneration, is an example of pure, unconditional love. Seeing us as the souls in which Srila Prabhupada hopes to reclaim, you see us as his property, and ultimately Krishna's. Therefore, you genuinely love us. What incredible mercy it is to receive this love through your example, words and association through both. I pray to eternally feel increasingly and rightfully indebted to you. Thank you, Maharaj.

Because of your book "Journey Home" I connected to Chowpatty temple five years ago and finally have chosen India as my permanent home. I was an atheist and non-Veg lover like most people in China are. Your book has completely changed my life. The most heart-touching figure in "Journey Home" for me is Ghanshyam Baba. I pray that I can serve you as my spiritual master and surrender my life to you with Ghanshyam's spirit. Hare Krishna.

Dear Radhanath Swami Maharaj,

Please accept my most humble obeisances. All glories to Srila Prabhupada, and all glories to you.

On this most auspicious occasion of your Vyasa Puja, I would like to express my deepest gratitude for your appearance in my life. While I can not begin to fathom the extent of your glories and transcendental qualities, I would like to try to communicate how you have impacted the trajectory of my life.

Srimad Bhagavatam 11.3.21 states:

"The qualification of the bona fide guru is that he has realized the conclusions of the scriptures by deliberation and can convince others of these conclusions. Such great personalities, who have taken shelter of the Supreme Godhead, leaving aside all material considerations, should be understood to be bona fide spiritual masters."

The first time I heard you speak was on an interview on YouTube. I had a strong feeling that you weren't merely speaking theoretical knowledge but that you were truly living and experiencing the wisdom you were expressing. This immediately planted a desire in my heart to get a taste of whatever you were experiencing. Looking back, I can understand how the impression you left on me deeply inspired me to learn about Krishna Consciousness and gradually take up the process.

As I continue to listen to your lectures, read your books, and hear about you from devotees, I realize more and more of your remarkable qualities. Your sacrifice is inconceivable, your humility is extraordinary, your compassion is striking, and your devotion is otherworldly.

When you were 19 years old, you gave up everything in pursuit of the truth. Since then, you have impacted millions of lives, bringing them closer to Krsna, whether they be yogis in caves or university students. You see all with an equal vision, and you are able to mystically transform hearts and inspire the conditioned souls to take up pure devotional service.

I pray that I can always stay attached to your lotus feet with ever increasing intensity, and, in some way offer you a little service.

Your aspiring servant,
Bhakta Danny

Guru Maharaj for your pleasure I remember and remind myself and repeatedly trying to honour the instruction Trinadapi sunicena tarorapi sahisnuna amanina manadena kirtaniya sada hari, in the very beginning days of my Krishna consciousness I saw your smiling photo and quotes and heard your lectures then I got charmed and I accepted you as my spiritual master in my heart, I wish to dedicate this life to Srila Prabhupada mission I am praying Lord Krishna may arrange for me to get initiation from you. Dear Guru Maharaj,
Please accept my Dandvat Pranam to your lotus feet's.

On this occasion of your Vyas Pooja I am praying to Sila Prabhupad and Lord Narshima for your good health so that we continue to get your association in the form of Vapu and Vani.

Your service to Sirla Prabhupad and his mission which is Mahaprabhu's mission ultimately is exemplary and I am praying to you to bless me with strength and sadhana so that I can contribute to it as well.

Guru Maharaj you exemplify the true Vaishnav behavior with your humility (trnad api sunicena) following in footsteps of previous acharyas , high standards of personal sadhana and service to all vaishnavas without any discrimination , I remember that you love to quote this from BG5.18 for definition of a pandit -
vidyā-vinaya-sampanne, brāhmaṇe gavi hastini
śuni caiva śva-pāke ca, paṇḍitāḥ sama-darśinaḥ

You exemplified this verse with your personal behavior and I beg again and again for your mercy to get rid of my judgmental mentality and serve all the Vaishnavas with respect, honor , love and care.

Your faith in holy name and rasa you enjoy while doing Krishna katha and kirtan is infectious and enchants all the Jeeva who hears that, please bestow your contentious mercy for coming years and please allow me to glorify and worship you on a daily basis in my heart.

My Dear Guru Maharaj,
Please access my most humble sincere obeisances on to your lotus feet.

On this auspicious occasion of your 73rd birthday, I like to thank you from the bottom of my heart.
I am very grateful for your instructions and lectures. Without your kind mercy from your lectures and kirtans, I would not have understood anything that is related to devotional service and scriptures. Your lectures are all I have in order to understand the scriptures as I feel my self so unqualified to read the scriptures and understand them.

Maharaj, on this auspicious occasion I want to thank your devotees as well. It is Only by their hard work and their mercy upon me, I can practice devotional life.
Maharaj, I pray to Lord as my only desire is to be your humble servant of your servant eternally. I pray to Lord, that I never forget your mercy and that I could serve you eternally.
Maharaj you are my only shelter, and my life is meaningful only because of your mercy, your lectures and association of your devotees.
Maharaj, please bless this unqualified soul, that I will be an instrument of your mercy. That I will be able to practice my devotional service and preach as much as possible.

Dear Guru Maharaj, I want to repeat a few sayings from few of your Prerna lecture that I remember every day, and those words have become my life and soul and shows me path going forward everyday:
1. Krishna is your mother, Krishna is your father, Krishna is your everything. Love Krishna, pray to Krishna and chant His Holy names. Krsna's love is perfect. Radharani's love is absolutely perfect.
2. Be humble like a blade of grass, tolerant like a tree, ready to offer all respect to other and never expect anything in return.
3. From the teachings of Pralhad Maharaj, Accept and do not expect.
4. Mistake is only a mistake if you fail to learn from it.

Maharaj, please accept my repeated humble obeisances. I pray to the Lord to protect You and Your devotees and give me also Your shelter.
Thank you so much Maharaj. Please pray for me, I wish to remain your eternal servant of your servant. I am your property eternally.

Your humble servant of Your servant,
Dayalu Gaurang Das.

Dear Gurudev,

Please accept our humble obeisance's! All Glories to Srila Prabhupada! All Glories to you Gurudev!

When we received initiation from You O' Gurudev we had taken a vow to follow 4 regulative principles of no meat eating, no illicit sex, no gambling and no intoxication. We also took a vow to chant 16 rounds of Hare Krishna Mahamantra attentively on beads and serve in Srila Prabhupada's mission.

All these years, we are trying our best to follow our sacred vows and to strengthen the same. We are now trying to be serious in our chanting of 16 rounds and for this, we are now going for Japa Retreat of H.G Bhurijana Prabhu at Govardhan Retreat Centre, Govardhan.

Through this retreat, we wish to achieve the following:

1-Chanting 16 rounds attentively early in Brahma Muhurat
2-Completing all 16 rounds together.
3-Completing all 16 rounds sitting at one place
4-To chant with sincerity, dedication and with an attitude to serve the Divine Couple and the devotees at large.

O'Gurudev we humbly seek your blessings for our endeavor.

We also humbly pray to our Ista Deva Their Lordship Sri Sri Jagannath, Baladeva and Subhadra to always keep You in good and healthy condition for You to serve Srila Prabhupada and His mission.

On this auspicious day of Your Grace 73rd Vyasa Puja, We humbly beg at your lotus feet to kindly allow us to serve, as You desire.

Seeking your eternal service and blessings

PAMHO,
We humbly seek guidance on whether it is appropriate to commit ourselves entirely to surrendering to Krishna, ensuring that we do not stray from your teachings. Our prayer is motivated by a sincere desire to shield you from any impact on your health caused by our own shortcomings. Inspired by your profound insights shared in 'Journey Home,' we recognize the potency of our minds and intelligence, and we strive to channel these faculties into Krishna's service. Even if we may not yet be deemed qualified for personal association, we find solace and guidance through your enlightening lectures and books, earnestly seeking to remain under the shelter of your wisdom. message presented in a poetic format:

In the realm of surrender, Krishna's call,
A humble plea, should we give our all?
To grasp your teachings, not a chance to forget,
In your wisdom, our paths are set.
Prayers rise, concerns for your health,
Fallen souls, seeking spiritual wealth.
A journey shared in 'Journey Home' you penned,

Power in mind and intellect, a force to comprehend.

In Krishna's service, our minds shall sway,
A quest to live your words, day by day.
For personal association, yet to qualify,
In your lectures and books, our spirits fly.

In the shelter of your wisdom, we find,
A solace deep, a peace of mind.
A journey guided by the light you share,
In your teachings, we find strength to bear.

Your Servant of servant
Das DayaSindhuNitai.

Vyaspuja Puja Offering 2023
Please accept my humble obeisances
All glories to Sri Guru and Gauranga

Maharaj first I would like to offer my gratitude to you for whatever I have got in my life.
Although I am not qualified to stay in Mayapur, Lord Chaitanya Mahaprabhu have mercifully allowed me to stay here with no difficulty Maharaj.

Maharaj its one of your instructions to read Srila Prabhupad books seriously and it is also my desire to study Srila Prabhupad books systematically, Maharaj I have got an opportunity here in Mayapur to study Srila Prabhupad's purports systematically along with previous Acharyas commentaries. Within a short time, it is becoming for me very evident that Srila Prabhupad has very nicely handed over the descending mercy perfectly inline with previous Acharyas without any contradictions and it is giving me strong conviction from within and I am feeling very secure and glad to be under ISKCON Guru Vrinda.

Maharaj on this day i pray that please give me strength to come out of my comfort zone and take this course seriously and prepare myself in a humble way to contribute in Srila Prabhupad Movement going ahead in my life.

Your servant,
Deena Dayal Das

Hare Krishna Guruji,
My humble pranams.
I am still a neophyte in ISKCON culture ( I got attracted to ISKCON through my interest in learning Bhagavad Gita).
A year and half back I happened to hear your lecture through YouTube.
This was a time I completed my ashraya lev-

els and I was asked to surrender to a deciple of Prabhupad for further spiritual journey.
The moment I started hearing your lecture,I knew you are my spiritual master as your words gave me answers to what I was seeking within myself.And then I went on reading the book " The journey home" and "The Journey within". I haven't seen anywhere the compassion,humility and humanity you display on every living being you connect with. The little jokes and the smile when you give lectures are something your disciples relish...(I was looking around while hearing them with your disciples in Bangalore)
More words and lines are fastly moving in my head to say how grateful I am to get to know you and hear about you through exalted devotees of yours .They display the same compassion and understanding which you taught them.
My only wish and that which I pray to Krishna is atleast once allow me to see you from far and pay obesceices to the floor where you walked. I couldn't join the yatra this year.
Thanking Srikrishna, Guru parampara,Prabhupada and all devotees who helped me in finding you and allowing me to accept you as my Guru.
Hare Krishna hare Krishna Krishna Krishna Hare Hare
Hare Rama Hare Rama Rama Rama Hare Hare
Your servent of the servent of the servent..

**Deepak Kumar (ISKCON Juhu)**

Hare Krishna Maharaj,
Please accept my humble obeisances at your divine lotus feet. I am completely unqualified and incapable of describing the glories of your devotion and the gifts that you have given to all of us. But at the same time, it is important that I make an attempt for this offering for the pleasure of my seniors and my own purification which can eventually allow me to serve the devotees better. Please forgive me if I make any mistakes in my attempt considering me as an insignificant servant of yours.

Through your lectures, Maharaj you have always stressed on being grateful. Therefore I express my indebtedness to my seniors, equals, and junior devotees who have mercifully kept me alive in my devotional life through their association. If it wasn't for the devotees that you have trained so nicely in Prabhupada's mission, I would have wasted this rare human birth. I also feel fortunate upon the causeless mercy that you have bestowed upon all of us, who have been suffering for millions of lifetimes. In your lectures, you have said that an aspiring devotee should cultivate the 4 qualities that you yourself are an emblem of – Humility, Tolerance, Self-Control, and Neutrality. Your life is a true example of serving and surrendering to a pure devotee of the Lord and teaching us the right way of approaching the Supreme Lord
which is serving the devotees of the Lord. Your dedication to Krishna is proof of Srila Prabhupada's mercy on you.

In 2023 I got the opportunity to attend my first Kartik Yatra and I was completely astounded to see the service attitude of all the devotees to make it a success. This is a testimony of the fruits of the devotional tree that you have nurtured through the decades. I felt fortunate for getting the opportunity to take the shelter of this tree. In your Yatra lectures, you mentioned that we cannot go back to the GodHead unless we take pleasure in the association of devotees – chant, sing, serve, hear in that association and this remains a core purpose of your yatras. You also mentioned about depending on Krishna's mercy and taking His shelter. This I have heard from senior devotees from their personal experience of living with you, that how you were completely dependent on Krisha, whether be it serving at New Vrindavan in your early days, or building the community of loving & caring devotees at Gopinath, assembling the Bhakti Vedanta Hospital and giving us Vrindavan in the form of GEV.

You were also saying that a true devotee has no envy and therefore he is loved by ev-

eryone. That we can practically see, how all your God Brothers have so much affection for you. And even people from all walks of this society have shown their admiration for you. This is another form of your compassion upon all living beings. Just like Srila Prabhupada traveled all around the world to remind us who we are, similarly you have been mercifully reminding us Srila Prabhupada's words by following in his footsteps.

As a tiny insignificant soul, I pray to Their Lordships, Sri Sri Radha Rasabihari for your good health and that you continue to shower your causeless mercy upon me so that the tiny efforts that I may make in Srila Prabhupada's mission may bring me closer to service to Vaishnavas and Krishna.

Your insignificant servant of the servant begging to cultivate the desire to selflessly follow your instructions & serve Guru and Vaishnavas.
-deepak

Hare Krishna dandwat pranam dear most Guru Maharaj.

Wish you a very good health and long life on this auspicious occasion of your appearance.

On 3rd day of Jagannath Puri Kartik Yatra, I had been to the temple with my 79yr old mother. It was really an adventure! In the huge crowd with lot of pushes we were trying to guard my mother. By the mercy of Lord Jagannath we could get out of the temple safely. I was feeling so victorious for this task.While returning from the temple I was thinking that if you are allowed to enter the temple for the Lord's darshan or not and was feeling bit nervous also.

The very next day, you were explaining the Jagannath Leela as per H.H.Gaurgovind Maharaj's narrations. I never listened the Leela of Jagannathji appearance before. The unique way you were explaining the Leela as if it's happening before your eyes. I could see the Lord's real 'rupa' after listening to you and that time I understood that Jagannathji ,Baldev ji and Subhadraji are giving their actual darshan to you.

I realised that to see the spiritual world and even the Lord himself and to follow the path of Bhakti in the appropriate mood I / all of us need a vision of your teachings ,blessings and shelter for the rest of eternity.

Thank you so much Guru Maharaj for your Vapu and Vani sang.

Hare Krishna Dear Guru Maharaj

Please accept my humble obesciences

All Glories to Sri Guru and Gauranga

All Glories to Srila Prabhupada

Wishing you a very Happy Krishna Conscious 73rd Birthday dear Gurudev.

Please accept this small note of Gratitude on this auspicious day of your Vyas Puja.
This year has been a spiritually eventful year blessed with your mercy and compassion on our family. This April when Prabhuji and myself met you at GEV your first concern was about Sacinandan. You asked us. "How is your son doing...He gives me a complete report about both of you". The same thing you asked both of us meeting each of us at different places. This was so heart-warming for us. We always knew how personal and concerned you were but this time experienced it, how you had a thought about a boy back in the US, amidst so many other things that you had to deal with. Thankyou Gurudev. The cake made with the sponge of your love and compassion was made for us. The icing came when we were in US for Sacinandan's Graduation Ceremony at Atlanta. By your sweet will and mercy we get a call just 2 days before our departure to India that Kush was blessed with your grace by you agreeing to accept him as your disciple. We were overwhelmed with this news. By Krishna's sweet arrangement and your will only we were able to stay back for this most important celebration of his life. As soon as you saw both of us there at Alachua you were so happy and thanked us for being there. Our interaction with you at Alachua was the best topping on this cake of love.
Thankyou dear Guru Maharaj for extending yourself to such an extend for insignificant disciples like us and keeping us somewhere in the corner of your heart. We can't ask Krishna for anything more. We are eternally Grateful. I pray to your lotus feet that I can now recommit myself with more sincerity and with a heart filled with gratitude to follow your instructions and do all my activities for your pleasure and as a service unto you.

Your insignificant disciple

Dearest Gurumaharaja, I don't know what to write to you. I have nothing to offer you. Unlike all my esteemed Godsiblings, I am barely limping after your merciful sheltering lotus feet and I have not achieved anything significant to present you with.

After initiation Im realising how hard it is to follow your path. However, due to your grace, instead of being bitter and hopeless, you've taught me to be compassionate and more comprehensive of others and of myself.

I can not make you any other big promises or any offerings. All I can give you is a lifetime of sincerely trying to not disappoint you, and a hope of one day being strong enough to please you.

You are the best, most precious gift Krishna has entrusted me to,
Thank you for finding me,
Please no matter what, never let me go,
Your aspiring servant

Hare krsna dear Maharaj
Please accept my humble obeisance

All Glories to Srila Prabhupada

Maharaj I can't express my gratitude towards you.
I learnt Pancharatiki Vidhi / Archanam from HG. Pankajanghri Prabhu and trained under him and i learnt Bhagvat vidhi from you. I wrote a small song for you I hope you will like this song it's an insignificant attempt to please you.

Song as follows :-

Radhanath maharajera charane podiya
Hari nama bhiksa Magi charana dhoriya

Falling down and holding the feet of Radhanath Maharaj I beg him to give me the Holy Name

Sri Guru Maharajera kripa chhada
Ki bhave paibo Hari nama te Bala

Without the mercy of Shri Guru Maharaj how is it possible for me to get strength in chanting Harināma?

Tomara charana renu yadi na pai
Ki bhave paibo Maya hoite nistara thai

Without receiving the dust of your lotus feet how will it be possible for me to become liberated from Maya?

Sri Guru Maharajera kripa Bina
Ki bhave sevibo Radha Krsna

Without the mercy of Shri Guru Maharaj, how will it be possible for me to serve Shri Shri Radha Krishna?

Sri Guru Maharajera kripa Bina
Mora Ara kichu nahi ei tri bhuvana

Without the mercy of Shri Guru Maharaj I have nothing in all the three worlds

Gauranger shiksha trinad api suni chena
Sara jagate sikhaile diye Nijera Acharana

By your personal example you have taught to the entire world the teaching of Lord Gauranga's "tṛṇād api su-nīcena..." sloka.

Tumi yadi kripa na Koro ki bhave bhujibo krsnera katha
Tomara kripa na hoile ki bhave rakhibo prana

If you are not merciful to me then how will it be possible for me to understand Krishna katha?
If you do not bestow your mercy upon me then how will I maintain my life?

Thank you so much Maharaj for teaching me how to follow the principles of Trinad Api Sunicena... By giving your personal example not to me but to the whole world.
We all can see how much loyal you are to Srila Prabhupada.
As Prabhupada had a desire of creating New Vrindavan , after Decades of hard struggle you fullfilled Prabhupada desire.

Please accept my lowly self at your lotus feet.
Thanking you Maharaj for everything whatever I'm today it's only because of you.
You're eternal servant

Dear Guru Maharaja,

Please accept my humble obeisances. All glories to Srila Prabhupada. All glories to your lotus feet.

On this auspicious day of your Vyasa Puja, I wanted to take the time to express my sincere appreciation for you.

Thank you for accepting me as your disciple and taking me under your shelter.

I admire your dedication to Srila Prabhupada and preaching Krsna consciousness throughout the world.
One particular one that is dear to my heart is Govardhana Eco Village. It's amazing how it's a replica of Vrindavana with all the 7 main temples and Govardhana hill. The Yamuna river is there and many holy places. Just entering GEV, it is like stepping into Vrindavana. Even the atmosphere permeates with the sweetness of Vrndavana. Their Lordships Sri Sri Radha Vrindavana Bihari are effulgent as They preside over GEV. Their merciful glances bestow auspiciousness upon all. Thank you so much for bringing this GEV to all of us. It is truly a blessing.

Thank you for showing me through your example how being in Vrindavana is a consciousness. Everywhere you go, you bring the mood of Vrndavana as that mood is in your heart. Whoever comes in contact with you immediately becomes in touch with that sweet mood of Vrndavana. Your sweetness, care and love for all beings permeates through your every word and action. Every single soul who comes in contact with you is eternally blessed and fortunate.

I pray to be able to develop an understanding of what it really means to have Vrndavana in one's heart by seeing your beautiful example and embodiment of it.

Thank you for every single thing you do. I am eternally grateful for you and pray that in my life, I can please you and live in a way that would be pleasing to you.

With a heart full of deep appreciation,
Your spiritual daughter and aspiring servant,
Devaki Priti dd

Dear Guru Maharaj,

Please accept my humble obeisances,

I feel utterly disqualified trying to appreciate Guru Maharaj: like a dwarf trying to catch the moon. But I would love to make use of this opportunity to glorify you for the pleasure of all the Vaisnavas.

This last year was an exceptional year for me Maharaj in developing my affection for you and improving in my service to you in Prabhupad's mission. I read about you from Guru Smaranam, heard about you from my superiors and especially HG PriyaGopesh Pr and heard from you in New Vrndavan lecture series. All these made me realize your unique position and what I have received from you and how I have taken it cheaply till now. I especially love the way you focus on relationships among Vaisnavas, taking care of one's body, mind and soul, humility, cooperation, tolerance. HG PriyaGopesh Pr told me how you are known for "fine-tuning" your disciples: Prabhupad brought us to 99 and you are taking us to 99.9. And I am so inspired by the amazing happy community you have created in Chowpatty. This inspired me so much more to surrender my life to you and try to execute your instructions as my life and soul.

I got many opportunities Maharaj to serve and assist you in your mission last year Guru Maharaj: I tried to reach out to conditioned souls in Kiwale: SSPU, conducted SPW-PDW Camp in Kharagpur and Mayapur, did IIT First Year preaching marathon along with preaching in NITIE (now IIM) with several camps. I also was part of Surat outreach and tried IIT Second Year preaching and took care of Partha and wellwisher preaching in IIT too. I am extremely grateful for all these outreach opportunities Maharaj and I tried my best to serve to my best capacity in these areas and I am trying to improve in my preaching quotient with time. I seek your blessings and prayers that I can shoulder your burden and become a servant of your servants in preaching everywhere.

I am also so grateful for getting to attend your very famous Kartik Yatra for the first time. What a thrilling experience it was: to see you put so much effort into bringing devotees together, giving long lectures, and absorbing kirtans. I particularly enjoyed various lines you quote casually in your classes which I later realise are so heavy: each of your statements is loaded with realization and can burn away ignorance of millions of lives. Thank You Maharaj: pls allow me to be part of more of your yatras and get the opportunity to chant so close to you, hear from you and dance accoording to your tunes!

I read in Guru Smaranam that you said to please you is very easy: "Chant your rounds attentively, sincerely, honestly, follow 4 regulative principles with diligence and avoid 10 offenses". I pray to you Maharaj for giving me strength to follow your instructions and for becoming what all you expect from an ideal disciple. I beg to be your servant life after life.

Thank You Maharaj,

Your servant,
devansh

Hare Krishna Maharaj,
Please accept my humble obeisances to your lotus feet.

By the great mercy of Krishna and His devotees, I have got your shelter through your lectures, kirtans, and your blessed devotees. Your sweet, merciful and humble exchanges with devotees are very inspiring.
Your divine words are very pleasing to hear and very purifying. They are really devotional nectar. As I have heard from you, you have always emphasized on hearing with submissiveness, eagerness, and humility, and taking the instructions as life and soul. By doing this we can have a real change of heart. But somehow I am not able to take those instructions as my life and soul. So please bless me that I can take your and your servants' instructions with all submissiveness and humility, so that I can please you. Please bless me that may I also get a drop of taste you have for the holy name, by seeking shelter unto the holy name. I pray to Lord Nrsimha Dev that may He bestow good health and long life to you.

Hare Krishna Dear Maharaj.
Please accept my humble obeisances.!
I would like to take this wonderful opportunity to thank you from the bottom of my heart for everything you do, tirelessly working selflessly for hours, daily, to expand the Krishna Consciousness Movement and turning people into great devotees. Thankyou Maharaj, I will sincerely try to pray to Krishna that he bestows you with good health.
Maharaj, your lectures are of great help. Whenever my mind faces some sort of difficulty in accepting some situation or I am worried thinking of past or future, and when I listen to your lectures, randomly, without even searching for some specific topics, it seems that you address my problems in that very lecture, and this happens so often. It's like, I face some problem and your lectures provide instant solution. Thankyou Maharaj for your tremendous contributions, we all will be always indebted to you.

Hare Krishna dear Maharaj, please accept my humble obeisances. All glories to Srila Prabhupada. On this auspicious occasion, I am remembering, amongst many instructions, the instruction that is close to your heart. "Be humbler than a blade of grass, more tolerant than a tree, give respect to all and expect no respect. And in this state of consciousness, will we be able to chant the

Lord's names constantly." Not just the instruction, I am also remembering you walking the talk, the humility you yourself have displayed on many occasions. It is such a lofty idea, but the fact that the acharyas in the Parampara have exhibited this gives us hope that we can also strive towards this goal. I sincerely pray that there may be your divine grace always on this lowly soul and that I also am able to strive to imbibe this instruction and please the devotees, and the Lord. Thank you immensely, Your humble servant,
devesh.

Hare Krsna Guru Maharaja
Please accept my humble obeisance.
All glories to Srila Prabhupada and all glories to you.

We are very excited to welcome the auspicious occasion of your Vyas puja. For on this day we have received the greatest gift from Krsna, in the form of our dear Spiritual Master.

How can a tiny lamp even begin to praise the light and warmth of the Sun.
You are inspiring, thoughtful, your kindness towards all the souls irrespective of the body that they are in is like a balm to those who encounter it.
Even though I am being utterly disqualified to be your disciple, you still accept me out of your boundless mercy, for that I am so grateful.
Maharaj, you have realized the sublime truths about bhakti and out-of-your unlimited kindness, you share it with all of us.

I would like to recollect some of the major focuses in your lectures that created deep impact on my heart. You always stressed on the principle of "trinad api sunicena" i.e., being humbler than the blade of grass and more tolerant that the tree as a very important characteristic of a devotee. Without following this foundational principle, we won't be able to progress in our bhakti.
You taught us to always be in the mood of a servant of the servants of the servants of the Lord and always serve selflessly without having any personal motive.
You emphasis on having a relationship based on love and trust among the devotees to create a congenial atmosphere for practising bhakti.
You always stress on the importance of devotee association to protect oneself from maya and continuously progress in bhakti.
You talk about glorifying others but not taking praise for oneself.
Let my mind be devoid/free of any Indra like qualities of ahankara, anger, illusion and lamentation.
May I be able to become a sincere, serious disciple wanting to please vaishnavas in the humble mood of a servant of a servant of servant of a devotee, by following your instructions and continued guidance on this path to fulfil the purpose of this human form.

The most fortunate moment of life came when I got your darshan at Sadhu Sanga, Marriott Dallas Allen Hotel & Convention Center in Dallas May 2022. You were so kind to let almost 30 of us in from Austin in that tiny room and somehow that room for one, expanded to fit us all perfectly.
You gave a talk about the qualities of Sadhu.
SB.3.25.21
titikṣavaḥ kāruṇikāḥ
suhṛdaḥ sarva-dehinām
ajāta-śatravaḥ śāntāḥ
sādhavaḥ sādhu-bhūṣaṇāḥ
The symptoms of a sādhu are that he is tolerant, merciful and friendly to all living entities. He has no enemies, he is peaceful, he abides by the scriptures, and all his characteristics are sublime.
You also mentioned that wherever pious people gather together it becomes a place of pilgrimage.
Like a true sadhu you are here to enlighten us in devotional service to the Lord. O spiritual master you are the embodiment of Sadhu.

I sincerely pray to Krsna that he gives me strength to take all your teachings as my

life and soul and adhere to your divine instructions at all circumstances. I wish you a very happy, blissful and Krishna conscious appearance.

In service of Hari, Guru, Vaisnavas

After Lila Amrita, the next most inspiring book in my life are "My journey home" & "My journey within", as I have gone through the same several times and also listened to the audio version. Though I have listened virtually most of the lectures of Maharajji and participated in numerous Kirtans as his deep voice is truly mesmerising. Recently I had a chance to attend 1st in person lecture at NVCC and followed by Kartik Yatra-2023 where I am blessed with very close interaction and it is a dream coming true as his aura is itself all purifying. Maharaj connect with his disciples and his fatherly caring nature of all the spiritual and other needs are so touching and transcendental. Maharaj not only remember and recognize all his devotees which is so Divine and we always feel fully sheltered at his Lotus feet as true father. His every lectures runs into several hours and still we feel fully enthralled and engulfed in his deep voice and on the top of it when we have a round of Kirtan, we all feel transported to the spiritual world at once where we all great drowned in the Nectarian mellows of Krishna prema. I have dedicated my soul in the lotus feet of Maharaj where I receive transcendental happiness and always look forward to any menial services ordered upon me by any of his servants of the servants of Maharaj as my life is fully dedicated in his service.

Further, I pray for the long association with Maharaj in this material world as by his sear presence for me it has become none different than go-loka-vrindavana as under his spiritual guidance, I always feel complete peace and happiness.
Your often repeated verse from CC: “trnad api sunicena taror iva sahisnuna amanina manadena
kirtaniyah sada harih”, always ring in my ear and always try to adopt in my personal life.

So, I always pray

आता मला अचानक कॅन्सर आजार झाला आहे. कधी कधी मानसिक दृ÷टया मी खचून गेल्यासारखं वाटतो. पण मग लक्षात येतो की माझ्या गुरूंनी सुद्धा आयु÷यात कितीतरी खडतर प्रवास करुन गुरू ध्दोधण्याचा प्रयत्न केला. आणि तुमचा सदैव हसरा चेहरा माझ्या मनात कायमचा बसला आहे. त्यामूळे तुमच स्मरण करताच क्षणी मला आपली साथ असल्याची एक जाणीव निर्माण होते. आणि मी भितीमुक्त होतो आणि मन ध्दांत होतो. मी खूप पापी आहे पण तरी ही तुम्ही माझं स्वीकार केला आहे. म्हनून मी स्वत:ला खूप भाग्यवान समजत आहे. आपल्या औैीर्वादाने माझे जीवन धन्य झाला आहे असे मी मान्य करतो.

आयु÷यात एकाच इच्छा आहे की आपले जीवन असे जगायचे आहे की लोकांनी बोललं पाहिजे की यांचे गुरू किती महान असतील. परम पूज्य राधानाथ स्वामी महाराजांच्या औैर्वादाचे आम्ही सदैव लालैंी राहणार. कारण गुरूंचे औैर्वादामुळेच मी हा भवसिंधु पार करू ध्दकतो. म्हणून माझे उर्जा स्त्रोत महाराज आपण आहात.....

मी एवठा ही योग्य नाही की काही ध्दब्दात महाराज तुमची महती मी व्यक्त करू ध्दकू. परंतू स्वत:ला खूप भाग्यवान समजतो. Thanks Dear H.H. Radhanath Swami Maharaj ♥

I am Dhananjay Sakha Das, legal name being Devidas Ganpat Patil. Before my initiation from Shri Radhanath Swami Maharaj, my life was completely material and I didn’t even have an iota of spiritual inclination. But now I am experiencing how much change can happen when spiritual masters grace falls upon us. I have such a small family. And by the grace of all devotees and Guru Maharaj everything is going on smoothly. I came to devotional fold because of my dear friend and godbrother Sriman Sandipani Krishna Prabhu and His Grace Rupa Raghunath Prabhu. When my son was studying in Gurukul, he was given a book “THE JOURNEY HOME” which is Maharaj’s biography, as a reward. Even before that I knew about you. I had your first darshan in Galtare village where there was a festival and I even understood your discourse in English. Throughout the discourse I could

feel that you were seeing only me... I felt very blessed. It was then that I accepted you as my Guru within my heart. Later we were guided properly and the biggest blessing of my life is that I got initiated by you....
Recently I was detected with cancer. Sometimes I feel mentally very exhausted. But then I realize that my Gurudeva also tried to find a spiritual preceptor and had to endure a lot of difficulty in life. Your ever smiling face is etched in my mind forever. That's why the moment I remember you, I feel a sense of support coming from you, which drives my fear away and I again become calm. I am very sinful but still you have accepted me. So I consider myself very lucky. I whole heartedly accept that my life is now blessed by receiving your grace.

I want to live my life in such a way that people talk about your greatness thro seeing me. We will always be greedy for the blessings of His Holiness Radhanath Swami Maharaja, because we can crossover this ocean of material existance only because of Gurudeva's blessings. Maharaja, you are the source of my energy...

I am not fit enough to express your importance in few words dear maharaja. But I definitely consider myself very lucky.
Thanks Dear H.H. Radhanath Swami Maharaj

Dear Guru Maharaj, please accept our humble obeisance at your lotus feet. All glories to Jagad-Guru, Srila Prabhupada and all glories to your loving divine grace.

We sincerely thank you for accepting us as your disciples as well all our senior god brothers and sisters for providing us, on your behalf; their loving shelter, care and guidance on the path of Krsna Consciousness.

Since last January I have completed 60 years of age and retired from my professional duties.

"Having free time is not opulence, its danger"

"Sincerity in sadhana and eagerness to serve is basis of one's relationship with spiritual master"

Since then we both are reflecting on your above quotes and trying to do course correction in our life by endeavoring to improve our sadhna and accepting more services in Sri Radha Gopinath congregation and the mission of Srila Prabhupada.

We sincerely pray to Sri Radha Gopinath ji for your good health. May we request your blessings for sincere and selfless discharge of duties in Vanaprastha Ashram by both of us.

you prepared whole day for us to give us nectarine classes on the glories of Lord Jagannath and his devotees. U made our yatra so blissful with ur classes.
you took a great care of us and our children's in yatra. It's an really blissful experience to my son, and impact of ur association we can see even in our childrens life also. They are always eager to see you.

I have captured an several memories of chanting with u in my heart and same I will relish forever.
your merciful smiles whenever u look towards devotees is the cherry on cake.
We are very grateful towards u for extending so much for us. It's benefiting so much for our spiritual journey.

**Dhruv Nilesh Mahyavanshi (Mumbai, Chowpatty)**

I have no qualification to offer words to his holiness on Vyas puja, however the mercy of devotees made it accessible even to people like me. I must thank Maharaj for saving me by picking me up from my trajectory of going down and down in sins and he picked me up and changed my trajectory to be towards godhead. Being in an Indian family, I was blessed to be having wonderful spiritual parents, but I did everything ritually and my mind was becoming atheistic. Fast forwarding now, I can see from a wider scope of how our humility personified Maharaj had personally sent his associates for this rescue operation. I don't know if I can mention other people in this offering but out of gratitude to Maharaj, the most confidential of his servants that picked me up are HG Hari Madhav Prabhu, HG Hari Gopal prabhu, HG Madhu Madhav Prabhu, HG Madhav Charan Prabhu, HG Gajendranath prabhu, HG Shivani mataji and many other associates who guided me in early days.
When it comes to speaking about our Radhanath Maharaj, it can't be done without mentioning 3 things, Sri Sri Radha Gopinath mandir, Govardhan Ecovillage and The Journey Home book.
Gopinath, Maharaj's ishtdev, His favourite and personal dieties are the most beautiful and have been ever merciful to me. HG Shivani mataji dragged my mother and I to gopinath on Nityanand trayodashi of this year, it was the first I ever saw gopinath, having visited the temple roughly 4 times by now, I am very grateful to Maharaj for providing an eternal shelter here at gopinath.
Govardhan Ecovillage is simply another transcendental gift that Maharaj has given to me. Last year, my family visited Ecovillage for govardhan puja and ever since it

has stolen my heart. I have even stayed at gev for sebatical program and the soldiers that maharaj trained are so expert at shattering the false ego and pride within me and taught me the essence of selfless service.
The journey home book is another direct attack towards my teenage growing years, an attack of oceanic mercy. I listened to the audio book of journey home and got enchanted by the ways Krishna put together Maharaj's journey. It is said for Srila Prabhupad that Krishna orchestrated his life just accordingly that future devotees have no excuses left to reason such as old age, bad health, poor finances, bad association, etc from stopping Bhakti. Similarly Maharaj's journey was very precisely stringed together such that the conclusions that Maharaj derives from every incident in the book really peeks deep into my heart and elevates it to a higher platform of Bhakti.
I don't want to take much of your precious time in reading this, so I'm concluding this offering by finally thanking Maharaj again for everything. I am aspiring to be the tiny dust particle of your servant's servant's lotus feet, I have already considered you as my guru maharaj and have been internally initiated by you, even tho unqualified, aspiring to be initiated externally soon.

All glories to Radhanath swami Maharaj!
All glories to Srila Prabhupad!

Dear Guru Maharaj,
Please accept my humble obeisances
Namo om vishnu padaya krishna prestha-ya bhi take srimate radhanath swami iti namine.
I am not qualified to appreciate you but I will take this opportunity to glorify you for my purification for the pleasure of devotees. I have read in the Guru smaranam , that how humble and tolerant you were with all the devotees, during the building of this big community of chowpatty.
Then you said that your heart pains when you see devotees fighting. This line really touched me a lot in the heart that how much pain it would be causing to you when we fight any big or small thing amongst each other and not understand the actual purpose of the mission of prabhupada.
When I read Journey home, I really got inspired by your journey through the world, how you were searching for something higher throughout that. One of the incident when a person took you to a shop in India where he tried to feed your meat and there was a cow near you, seeing whom your heart melted and you immediately left that place understanding the each and every entity is a son of God. That was so touching.
I always try to hear your lectures attentively as much as possible and you always mention the verse "trnad api sunicena..." in almost every lecture of yours. That mood of humility and tolerance that I see in you and your disciples is so much enlightening. During your time in new vrindavan, you rendered so much service on the instruction of superiors without any objections and tolerated all kind of pains during that and those qualities actually motivates me to be like you - full surrender to superiors and tolerance.
I have tried to serve by engaging myself in kitchen services and preaching services in voice to serve in your mission, prabhupada mission.
I am really so so much struggling in my sadhana, philosophical understanding and that is actually making my heart weak in so many different situations.
I want to develop the taste for sadhana and chanting, so that I can take the shelter of holy name and please the other Vaishnavas.
Ys Dhruv

Dear Gurudev,
PAMHO
All glories to Srila Prabhupada

This year had been with many ups and downs having just entered my grihastha life, and your visit to Sridham Mayapur was like a boon to me. Your personal presence, your single glance upon this fallen soul struck right into this heart and made me realize how deep I have fallen into the dark well of Maya and you have just come to hold my hand to take me out of this ignorance. During my hard days, your words of being faithful, tolerant, and submissive have helped me a lot to give myself solace.

I have a sincere desire Gurudev to offer my body, words, and actions in the service of Srila Prabhupada mission. I know only you can save a worthless soul like me by engaging in the service of your Gurudeva. I am struggling with so many anarthas and I have no capacity to hold the mercy showering all around me, Gurudeva I need your support to hold that mercy and take full benefit of this rarest form of human life. You have gone through so many tolerance, rejection, and provoking situations, and in all of these situations, you were always determined to follow the instructions of your Gurudeva. I beg Gurudev to grant me the same spiritual strength so that I can please you and serve you eternally.

Your Servant,
Dikshita Gohil

**Dinabandhu Caitanya Das (Bengaluru)**

Dearest Gurudeva,
All glories to Srila Prabhupada. All glories to Sri Guru and Sri Gauranga. As we gather to celebrate your 73rd Vyasa Puja this year, I'm trying to contemplate on the essence of what has stuck to my steel-framed heart from all that I've heard from you over the past two decades.
Humility, gratitude and a non-critical attitude are the three qualities which I believe you emphasize the most and I will try to recollect them here.

1) Gratitude: In the recent Kartik yatra at Jagannath Puri,, you highlighted that gratitude is such an important quality because it exists in it's original form in the supreme lord himself. You gave the example of Sri Caitanya Mahaprabhu expressing gratitude to Sarvabhouma Bhattacarya for taking care of him like a son and further elaborated on Prahlada's gratitude to his Guru, Narada Muni. You mentioned that Prahlada is not expressing his gratitude in the past tense but rather in the present tense, which shows that even after receiving the mercy of Lord Narasimhadeva, he never forgot his position as a servant of his Guru. You also told us how it must have taken us millions of births to participate in this Kartik yatra and how we must not take it for granted.
In Srimad Bhagavatam 7.9.28, Prahlada says "But Your servant Nārada Muni kindly accepted me as his disciple and instructed me how to achieve this transcendental position. Therefore, my first duty is to serve him. How could I leave his service?". In the purport, Srila Prabhupada says "One should not be anxious to offer direct service to the Lord. Śrī Caitanya Mahāprabhu advised that one become a servant of the servant of the servant of the Lord (gopī-bhartuḥ pada-kamalayor dāsa-dāsānudāsaḥ)."
Gurudeva, you have truly demonstrated to us the meaning of this statement not only by your unwavering dedication and service to Srila Prabhupada, but by your loving and sweet dealings with your godbrothers and god sisters, their disciples, the larger ISKCON community and literally everyone who may have come in touch with you at

some point in your glorious life. Attention to details is a sign of love and I'm amazed at how you remember such minute details of your interactions with Ghanshayma Das Baba from the 1970's in Vrndavana or with HG Mahaprabhu prabhu and HG Srinathji prabhu in those early days of the Radha Gopinath congregation. I'm even more amazed at how you dealt so lovingly with the Ritviks in spite of all the turmoil that was happening in ISKCON and won their hearts.

We, as neophytes, sometimes express our gratitude to other vaishnavas by saying "I'm eternally indebted to you prabhu for doing this", but then that "eternal" indebtedness turns into "perpetual" aversion at the slightest disagreement or misunderstanding. On the contrary, we never find you adopting a confrontational stance with anyone who opposes, disobeys or even criticizes you. That is the difference between the so-called gratitude of neophytes like me and that of great souls like Prahlada and yourself. You have clearly emphasized that a Vaishnava cannot have retaliatory tendencies. When one of your godbrothers had criticized your projects at Mumbai, you told us "Nobody should think he's envious of me" and you didn't even attempt to defend your stance in public, what to speak of responding to the criticism. But that didn't stop you from executing your conviction with determination either. For decades, you ignored the barrage of criticism and continued the projects such as Bhaktivedanta Hospital, Barsana eye camp and mid day meals that were apparently perceived as social service and the world is now appreciating your vision for each of these unique contributions to Srila Prabhupada's movement.

2) Humility: Gurudeva, you have never failed to emphasize on this one Vaishnava quality and remind us of the dangers of false pride from time to time. One of your quotes reads "When there is pride in our heart, Krsna no longer takes any pleasure in anything that we do." In particular, your description of Govardhan Lila and the crushing of Indra's pride in the Kartik yatras at Vrindavan is striking. Yet, we continue to carefully maintain and protect our arrogance deep inside while putting on a show of humility outside to seek acceptance in the Vaishnava community. In the Kartik yatra, you emphasized the example of Krishnadas Kaviraja Goswami tagain who genuinely compares himself to a worm in stool. Forget about imitating, we cannot begin to understand the depths of devotion that foster this kind of humility. And, at the end of the day, humility is reality, plain fact that we are utterly insignificant and inconsequential in this gigantic creation, yet so hard to realize and so easy to fake. At the very least, now, by your mercy, Gurudev, we know what to aim for, what is truly valuable in life. I would have been rotting in the cesspit of arrogance and self-conceit had I not come across your gracious example.

At the same time, how that humility translates into practical service in the world is an art which you have demonstrated expertly. Since the material world is opposite in quality to the spiritual world, arrogance and hubris is seen as strength and humility as weakness, So, without being naive, a devotee must expertly execute his or her service and duties in the world while carrying the mood of humility within. As years pass on, the more I realize it's not possible to "develop" or "imbibe" but it is rather gifted by Guru and Krishna when they are pleased with our service.

3) Non-critical and non-judgemental attitude: Gurudeva, if there's one thing which displeases you, it must be judgemental attitude towards others, even non-devotees, what to speak of devotees. I have noted this from your lectures repeatedly but miserably failed in applying it in my dealings, Time and again, you have given us sastric examples like that of Amogha, Ramachandra Puri and Gopal Chappala from Caitanya Lila and Rahugana, Daksha, Indra, Sishupal and Duryodhana from Srimad Bhagavatam to remind us of the dangers of being loose on this end. And more than that, you have shown us how to be non-judgemental by your kindness in dealing with devotees who have apparently broken your trust in them (regulative principles, rebellion etc.). As we interact with the world, we realize that the same principles apply in worldly dealings

and people do recognize the critical need to avoid judgmentalism. As far as criticism goes, it is almost always an immediate consequence of judgmentalism and our irresistible appetite for it. Talking about judgmentalism, I'm reminded of a lecture of yours where you were discussing the 6 sons of Brahma being critical of his bewilderment by his own daughter. You gravely concluded "Krishna will not take the mistakes of his great devotees as seriously as our criticism of them". This one statement is so powerful that it summarizes all that we need to know about this principle to progress in our spiritual life.

Gurudeva, I humbly seek your glance upon this poor ignorant fool so that I can represent you and what you stand for appropriately both within and outside the devotee community. May we, as your disciples and aspiring disciples truly value, treasure, cherish, nourish,relish and share the gifts we continue to receive from you with humanity and beyond. May we choose our battles in our lives wisely and not fall prey to pettiness losing track of the bigger picture. May we not succumb to retaliatory and revengeful tendencies in spite of the provocations of this world. May we take great delight in and celebrate other Vaishnavas receiving mercy and advancing in their spiritual lives. May we always remain grateful for the gifts we received and humbly reciprocate by sharing the wisdom with the whole world.

Your Servant, Dinabandhu Caitanya Das

Dear Gurudev
Please accept my humble obeisances
All Glories to Srila Prabhupada
Wish you a very Happy Appearance Day

I would like to express my heartfelt gratitude to you for whatever I've learnt this year about the gifts you are giving.

At the beginning of the year I heard the lectures of HG Urmila Mataji on the Nectar of Devotion. These lectures were a turning point in my bhakti life. I understood that Srila Prabhupada wants us to experience the happiness of bhakti rasa through our practices of bhakti. In chapter 34 Srila Prabhupada writes that "Whenever there is a recitation or a dramatic play on the different pastimes of Krishna, the audience develops different kinds of transcendental loving service for the Lord". When I read this and heard mataji's explanation, I immediately remembered your kathas. It was at this moment I realized what I have received from you for so many years, but I never understood it. You have nourished us with all of your kathas so that we experience bhakti rasa. From the very beginning of my devotional life I would hear your lectures and experience bhakti rasa. I never knew the explanation for this. Year after year in your classes and yatras you nourished us with these kathas and kirtans. I am very grateful. I must admit that for many years I used to try to figure out lessons and search for logic and knowledge in your katha, and due to this my experience would be very dry and I would not be able to follow anything. But now after having understood about bhakti rasa, this past year all lectures of yours which I heard, I have felt very much nourished devotionally. I know how to hear your katha now. And by hearing your katha like this I have received many answers to many of my questions also. My experience has become more wholesome, because now I am hearing attentively for experiencing bhakti rasa and also can understand the knowledge and lessons which you are teaching. This has been a very great blessing. Thank you so much.

I don't remember the date but when you had come earlier this year to India, you had given a class in Chowpatty and I was hearing online. I had the enquiry how I can know whether Krishna has given me shelter. In that katha you told about Shri Rama making a promise to give shelter and protection to anyone who once sincerely surrendered and offered himself to Lord Rama. I received my answer. I had offered this prayer several times in the past. You also spoke of how Shri Advaita Acharya was crying out to Krishna begging him to come for giving mercy to everyone in this age and you told that this proves that God feels compassion

for our suffering. This was also one of my questions and I was very satisfied in my heart to get this answer from you. Similarly I received many answers from your class on Radhashtami day at Mumbai and then at Kolkata, Pune and all your kathas during the Jagannath Puri Yatra. You've taught me how a saragrahi Vaishnava thinks. I pray that I can imbibe and follow these teachings in my life.

This year I learnt about your good relationships with many Vaishnavas outside ISKCON, especially with many of Srila Prabhupada's godbrothers. I previously knew of your relationships with Shri Ramesh Babaji and Shri Ghanashyam Babaji and others from your book and HG Vrindavan prabhu's book. I was very inspired in my heart to see your example. I felt that you are a living example of the Vaishnavism that I read about in Chaitanya Charitamrita and I felt very inspired by that. I had been very disappointed after learning of the history of our society with Vaishnavas from different institutions. It was during this disappointment that I saw your example of simultaneously being dedicated to the service of Srila Prabhupada and also having friendly Vaishnava relationships with many Vaishnavas in Chaitanya Mahaprabhu's family irrespective of all external differences and boundaries and this is what really saved me and gave me faith. I feel inspired to be like you. Please bless me.

I also learnt by hearing from different senior devotees in HG Chaitanya Charan prabhu's podcasts how Govardhan Eco Village is reaching out to farmers and guiding them materially and spiritually, BRC is giving a platform to intellectualy oriented devotees to grow, BRC in Kolkata is preserving so many literatures of our previous acharyas. I learnt in the Yatra how you inspired the devotees to start Barsana Eye Camp. I already knew before about the Prayag projects, School Meal programs and Bhaktivedanta Hospital in Mumbai. I had learnt last year how you had guided devotees in the grihastha ashram in the 80s and 90s. Hearing senior devotees recount those teachings I learnt much that has helped me deal with my own challenges at home. I feel amazed at how much you have done for so many varieties of devotees.

On the first day of our Yatra Dham darshan, HG Krishnananda prabhu told in his lecture how HH Gaur Govinda Maharaj during one lecture had told the audience that you know how to cry for Krishna. I was very inspired.

Having understood all this I feel extremely fortunate to have come in your sanga. Even though I have no personal interactions with you but still I have learnt so much from your teachings and about you and your life. I have been very much devotionally nourished by all of this and I am grateful for all I have received. Thank you very much. Please bless me that I can also cry for attaining Shrimati Radharani's seva, for attaining Krishna, and be very very much eager to love Krishna as you told us in the pastime of the old Oriya lady who climbed on Chaitanya Mahaprabhu during Puri Yatra. Thank you for everything Gurudev.

Dear Guru Maharaj,
All glories to Srila Prabhupada.
Please accept my humble obeisance at your divine lotus feet!!

On this auspicious appearance day of yours I would like to take the opportunity to express my heartfelt gratitude for your inspiration and motivation to attend this year's Karthik Yatra at Sri Jagannath Puri dham. It's because of your constant care and compassion that ten thousand plus sincerely practicing devotees are coming together where our beloved Lord Sri Chaitanya Mahaprabhu deed His pastimes. Never have we experienced such pure bliss in such a wonderful association.

You mentioned about association saying that We come for yatra, to inspire deeper and deeper relationships with the devotees from all over the world, and hopefully to establish lifelong relationships, to feel grateful for all the blessings of Vaishnavas. Knowingly or unknowingly we do develop lasting relationships with devotees. There are some devotees whom we meet only during yatra, and really we cherish the previous yatra memories and experiences to full satisfaction of our hearts. All glories to your divine lotus feet.
Those wonderful, nectarian lectures and sweet kirtan of yours, dham darshan, dham Katha's, most enthusiastic devotees and top notch prasadam made the Karthik yatra grand success.
On this auspicious day we pray to Sri Sri Radha Gopinathji to bestow best health to you and grant us your association for years to come. I pray to your divine lotus feet to bless this servant of yours with drop of taste in Chanting the holy name of Lord and attachment to read Srila Prabhupada books Begging for forgiveness for my offenses that I may have done knowingly or unknowingly. Dear Gurudev,
Dandavat Pranams,
All glories to Srila Prabhupada!
All glories to you and Gauranga!
Even though I am not qualified to say anything about you but for my own purification I am writing this offering.
Out of the unlimited qualities that you possess, I would like to mention some.

Your taste for the Krishna Katha is such an amazing quality of yours. Once you began speaking about Krishna/Gauranga Mahaprabhu or his various avatars or his instructions, you lose track of time since you are so absorbed in speaking Krishna's glories. We can see that you are pouring your heart out when speaking about Krishna. We can get entrance into this pastimes due to your mercy.

You are compassionate to all, be it small kids or elderly person, man or woman. You always encourage and kind to all. You pray to bring all the souls back to the lotus of the Lord. You always are willing to help out anyone in need of guidance without any discrimination. Out of your compassion you went to Ukraine to encourage the devotees there even though the situation is not favorable.

You teach us by your example how to imbibe the 'trinad api sunicena..' verse in our life. You show us by your example how to treat each and every person especially devotees.

Thank you for accepting me as your disciple, for building a wonderful community for me to thrive in my Krishna consciousness. Thank you for providing the school to nurture and grow spiritually while gathering material knowledge in my childhood. Thank you for GEV (wonderful place to take our minds to Vrindavan), yatras, festivals, Bhaktivedanta hospital.

Please forgive me for any offense that I may have committed knowingly or unknowingly at your lotus feet.

Please continue to bless us so that I can follow your instructions of having humble mood while serving, I can chant sincerely, help out the local temples.

Hare Krsna Dear Gurudev, Please accept my humble obeisances! All glories to Srila Prabhupada & All glories to You.

On this auspicious day of your appearance day, I want to share my gratitude on behalf of my family(Nayanasundari dd, ChampakaValli dd, Mukunda & Divyatirtha das) specially my wife HG Nayanasundari Devi Dasi, who by your grace in spiritual world right now. Your contribution in our spiritual life has been tremendous, our whole life is driven by your mercy. It was Feb 2015 when Nayanasundari got to know she has been diagnosed with Heart & Lung disease which doesn't have any cure anywhere in the world & she has very limited time left in this world. It was impossible for us to fathom specially when younger boy is just 1 year & elder girl is 5 years. Being in foreign land, interestingly your birth place Chicago, by Yours & devotees mercy we continue fighting our war of existence. She continued with medicine however her health got deteriorated over time. It was in September 2016 when we both got 2nd initiation specially when Nayansundari was on the verge of death & by your mercy she came out of that, however struggle continued. It was around October 2018 when doctors gave up & said she has few more days to live, only option for her was lung transplant & unfortunately even after getting new lungs her body will reject new lungs & practically all big hospital in United States didn't accept her case & one small hospital in Grandrapids Michigan accepted her case & they clearly mentioned out of 1 million people we may find 1 pair of lungs which will be compatible to her & by your grace first pair of lungs were exact match & Nayansundari had transplant & was back on altar serving Sri RadhaGopijana Vallabh in Michigan. This milestone is very important in our life as her faith in You was very strong & You were holding her hand at every moment. Her desire to serve You & Gauranga increased more & more. It was in 2021 October when life again went upside down for us like you mention this material world is "Dukhalyam Ashashwatam", her body started rejecting lungs & within few days she was unable to breathe & had to be admitted in hospital, doctors had no clue & they put her on ventilator. It was that day when you were giving class for Ukraine war & when you got the message she is in critical condition, you offered your prayers & requested everyone to pray for her. Our life is just full of your prayers & mercy, not a single moment you left us. Nayanasundari continued her struggle, airlifted to Toronto hospital & life was completely hopeless with no clue of her recovering. At that time i got to know about various healing techniques & reached out to many devotees & many professional healers. This is where I got to know about other dimension of Krsna Consciousness far beyond my realizations, beyond my philosophical understanding. Practically every healer repeated the same life, whenever we try to heal Nayanasundari, we see her Guru (that is you Gurudev) around her protecting. This wasn't the only time, during Nayansundari's first lung transplant when she was on ventilator with ecmo(complete by pass of body), when she came out of it, she said I saw all Srila Prabhupad's disciples were next to my bed & there was Harinaam Sankirtan going on street. When I heard this, I got surprised as

I was there whole day next to her & I told her Nayanasundari that's not possible, I am here I didn't see anyone, but she was very clear, I saw everyone, i was begging nurse I want to go to Harinaam please let me go.

Coming back to healers, one of the devotee living in Vrindavan, every time she will say I see Radhanath Swami is holding her, she has guru kripa. Life became even more difficult day by day, she was struggling to breathe , however she continued her Bhakti with more intensity, during Haridas Thakur's disappearance day she changed 192 rounds before anyone else. And when last few days came, I was getting hopeless as nothing was working out. It was that last day when I messaged you that today is her last day in this world. You responded in fraction of second, saying you are ready whenever we need you. Gurudev , I just don't have words to share my gratitude, in spite of your extremely busy schedule & you have millions of devotees who are like Timangala fish serving you in gigantic ways, & here are we 2 like an ant trying to serve little bit here & there, you were there to shower your mercy. Like Sri Ram told Hanuman that this squirrel is doing as important service as you. You joined zoom & were there until her last breath i.e. more than 2 hours. You took her to spiritual world holding her hand, you made sure she doesn't get into cycle of birth & death again. You made sure she is taken back to loving hands of Radha Krishna. You were there with us at every moment Gurudev . No words in dictionary can define what you have done for us. I am short of words to describe your glories.

On this auspicious day, I also want to beg forgiveness for my shortcomings in practising bhakti with intensity I should be practising with & at the same time begging your mercy Gurudev. Nothing left in my life, everything is taken away & only hope I have is You Gurudev, only you can make me cross this ocean of material existence. I want to develop humility, I want to utilize every breathe of my life in serving You & Gauranga. Please please empower me so I can serve you. What's the use of this body which can't be used in your service. I have been rotting in this material world from time & immemorial, please pick me & put as a dust particle at your lotus feet. Krsna se Tumara Krishna dite paro tumhari Shakti achhe, Ami to Kangal Krishna Krishna Boli, Dayi Tavi Pachhe Pachhe. Please give me shaded of your lotus feet Gurudev. My life is useless without your mercy. Only one desire I have is we(Myself, Mukunda & ChampakaValli DD) attain the lotus feet of Radha Krishna in this lifetime.

Thank you so so much for literally everything Srila Gurudev.

Your servants,
Nayanasundari dd, Champaka Valli dd, Mukunda & Divyatirtha das

Radhanath Maharaj- My spiritual father !!!
I ran constantly , the race of increasing each n every ability,
Exhausted I turned to his vani,
It grounded me with humility !!!!
Trainers I met always spoke,
Your altitude comes from your attitude ,
Searching for attitude , I turned to his word , peace he said comes from gratitude !!!
I grew restless and agitated ,
Trying to search for my passion,
That night when I heard him,
I realised service comes
From compassion !!!

While performing, I thought
It's impossible to have cent percent sincerity,
I read , the different paths he walked with a 200 percent integrity!!!
It's was frustrating seeking love in every single relation ,
That day I heard him say ,
True love is nothing but pure devotion !!!
His compassion , was not merely a theory of some random divinity,
GEVwas a manifestation of compassion beyond human community !!!
Seeing categories divided , I wondered where to fit myself in a pity ,
That night when I heard him ,
He came rescue speaking of unity!!!
I stopped the mad rush n race,
I decided to come home rather...
I then prayed for his shelter,
Radhanath Mahraj - my spiritual father !!!
Thank you maharaj for Govardhan School of Yoga.
Thank you for your books!!! That kept me up in really tuff times and gave me a purpose to live .
Hare Krishna!!!

This is the first time that I have attended the divine kartik yatra, my heart is filled with gratitude towards you and devotees for providing the best of the best arrangements, in the form of Prashad, Dham darshans, accommodations, such wonderful classes, indeed it was a spiritual world.
Actually, I don't deserve all this, but it's your(guru's) causeless mercy that krsna is blessing me.
"Yasya prasada bhagavad prasado ,yasya aprasada nagati kutopi."
I am so very grateful to you for showing me the real path which leads to perfection.
Thank you for teaching the real meaning of "trinad api sunichena taror api sahisnuna amanina man dena kirtaniya sadha hari".
After hearing from you, I really feel to become a nice human being first, to love others having that compassion and humility for others jivas which are part and parcel of the supreme lord.
I cannot forget those days when you came

to Pune, and those merciful glances are the hope for me to sustain my whole life.
How can I express my love and gratitude towards you, my dear spiritual father, I am just a tiny jiva.
I promise you on your divine appearance day, that I will everyday chant my 16 rounds, and will try follow the instructions that you have given. I want to dedicate my life to you my dear guru maharaj, i always want to be under the shelter of your lotus feet. I will always be faithful to you and srila Prabhupada.

हरे कृ÷ण, गुरु महाराजांना कोटी कोटी दंडवत प्रणाम,

महाराज आपल्यामुळे जीवनाचा खरा अर्थ मला समजला, आपण आपल्या आयु÷यामध्ये कौंाप्रकारे भगवंताचे ध्दुद्ध भक्त बनलात हे खरच खूप एक आर्दी आहे. तुमच्या अंगी असलेले ध्दुद्ध गुण जसे आपणाकडे बघितल्यास असे वाटते की आपण एकदम कोमल आहात. जसे आपण म्हणता तृणदापी सुनीचेन तरोरवी सहि÷णूना अगदी आपण तसेच आहात. आपण जेव्हा प्रवचन देता तेव्हा अस वाटत नाही की तुम्ही कोणती इंग्रजी भा÷ाा बोलत आहात असे वाटते की गुरुमहाराज मला जी भा÷ाा समजते त्या भा÷ोत बोलत आहेत. त्यामुळे मनात जो प्रैंन होता की मला यांचे प्रवचन कधी समजेल का? तो दूर झाला. मी स्वतःला खूप भाग्यवान समजतो मला आपल्यासारखे गुरु मिळाले. कारण या कलियुगात खरा गुरु मिळणे खूप कठीण झाले आहे. त्यामुळे आपण आमच्या सारख्या बद्ध जीवांना या कलियुगरुपी भवसागरातून बाहेर काढण्यासाठी आलात. मी भगवान श्री जगन्नाथजी कडे आपल्या भावी आयु÷यात आपली प्रकृती ठीक रहावी यासाठी प्रार्थना करतो. तसेच गुरु महाराज आपल्या जीवनामध्ये खूप व्यस्त असतात जसे बाहेर विर्दैामध्ये जाऊन प्रचार करतात तसेच आमची एक प्रार्थना आहे की महाराज कधी कधी लातूर मध्ये किंवा आजूबाजूच्या गावांमध्ये यावेत जेणेकरून महाराजांचे दिव्य दर्दैान असंख्य लोकांना घेता येईल.

Millions of obeisances to Hare Krishna, Guru Maharaj,
Maharaj, because of you I understood the true meaning of life, how you became a pure devotee of God in your life is really a role model. The pure qualities that you have in your body, like looking at you, you seem to be very gentle. As you say Trindapi Sunichen Tarorapi Sahishnuna, exactly like you. When you give a lecture, it doesn't feel like what English language you are speaking, it feels like Gurumaharaj is speaking in a language that I understand. So the question in my mind was whether I will ever understand his sermon? He got away. I consider myself very lucky to have a guru like you. Because in this Kali Yuga it has become very difficult to find a true Guru. Therefore, You have come to take out bound beings like us from this ocean of Kali Yuga. I pray to Lord Shri Jagannath ji for good health in my future life. Also Guru Maharaj is very busy in his life like going abroad to preach and also our one prayer is that Maharaj may come sometime in Latur or nearby villages so that many people can have divine darshan of Maharaj.

Dear GuruMaharaj,
Unlimited obeisances would fall short in your respect compared to the great fortune you have bestowed upon us.

Your instructions have given life to our life. Each and every word you speak is coated with honey extracted by bee like acharya's from the limitless flower garden of Sri Krishna.May our ears always long to hear those nectarean words emanating from your lotus mouth until they have capacity.

You have given us the strength to chant the holy name with love and have a glimpse of sweetness of the holy name. May we with your empowerment be able to take that complete shelter "Saranagati" to always be submerged in that sweetness. May we always remember one of your cardinal teachings that when difficulties come to us, we take shelter of your Krishna.

We are trying our best to follow your instructions and lead an exemplary life following your footprints. Though we are not qualified but still you are so merciful that you have blessed us profusely. On the strength of your prayers we are able to chant, serve the vaishnava's and continue our services in the mission of Srila prabhupada in our small capacity like the tiny squirrel in Ramayana.

Srila prabhupada is your life and soul and only mission in life. Our desire is to be your insignificant servant life after life serving the mission of Srila prabhupada since that is the way to real bliss for the soul and that pleases you the most.

Dear Guru Maharaj,
Please accept our humble obeisances. All glories to Srila Prabhupada.
It gives us great joy today to celebrate your 73rd Vyas puja ceremony. The Karthik yatra to Jagannath Puri was a very ecstatic ex-

perience and your evening lectures on the nectarean pastimes of Shri Chaitanya Mahaprabhu were the highlights of the yatra. Thank you so much Gurudev for stretching yourself selflessly for the welfare of all of us.

My father Vrindavan Pati Das left his body a few days ago on the 6th of November. He was very fortunate to receive his first initiation along with my mother from your holiness in 2004 at Sri Sri Radha Gopinath temple. They served under the guidance of their counselor HG Dayalchandra Prabhu in Mumbai. A couple of years later my father moved from Mumbai to his hometown in Orissa and began living a vanaprastha life in the ISKCON temple opened by disciples of HH Gour Govinda Swami Maharaj in Brahmapur. After receiving his second initiation from your holiness, he started serving as a full time pujari there. Every year, he used to travel from Brahmapur to Mumbai to attend your Vyasa puja in December. Since he did not know English, he used to hear the Hindi translation of your lectures which were the primary source of inspiration in his spiritual life. He read the Oriya translation of The Journey Home and used to relish narrating stories from the book during our phone conversations with him. He brought the deities of Lord Jagannath, Lord Baladev and Subhadra Maharani from Puri for us while we were living in Pasadena and he was blessed by your divine presence along with HH Giriraj Swami Maharaj for the welcoming ceremony of the Deities.

Because of his failing health, he could not travel much and he was confined to the Brahmapur temple for the last years of his life. He missed having your association, so we used to share your pictures and videos on WhatsApp. When he heard about the Kartik yatra this year, his joy knew no bounds. He was eagerly waiting to have your darshan at Puri in November and I had planned to visit Brahmapur and travel along with him to Puri. However, Krishna had other plans.

Dear Guru Maharaj, I along with my brother Shyam Mohan das from Florida and my sister Mayapur Vasini dasi from Mumbai are eternally grateful that you accepted our parents as your disciples and extended your mercy to them. Thank you so much Gurudeva for your unlimited compassion for unworthy souls like us. On this auspicious day, we pray for your mercy so we can continue to serve the Guru parampara in the mood of servant of the servant of your servants.

Your humble servants,
Gauranga prem das, Janaki devi dasi, Lalita and Vishakha

**Gaurangi Gopi (Bhaktivedanta Manor)**

Dear Guru Maharaj, I am so truly blessed and thankful for all of your words of wisdom and inspiration. From the day that I was first introduced to your lectures, my life has become completely transformed. A whole paradigm shift occurred and the eternal wisdom and knowledge was awakened within my heart through the seed of bhakti and love for Krishna which was planted. I am grateful for your guidance in my life, and although you are far, your presence is always felt like the sun rays. Please accept these humble words of gratitude and appreciation. Your inspiration has saved my life. Hare Krishna dear Guru Maharaj.

Dear most Guru Maharaj,

Please accept my humble obeisances at your lotus feet.

Guru Maharaj, since the time I have known you, I
have observed your deep concern for everyone. It does not matter if they are practicing KC or not, or what species they are belong to. I still remember you gently patting on the head of a cat as if blessing her, lovingly cuddling the cows in a goshala and giving a hug full of warmth and love to all devotees. Guru Maharaj, this deep genuine concern is visible is in all your disciples as well. Your instructions not only uplift us spiritually but also imparts a sense of concern for others around us.
This sense of deep concern and compassion is coming in parampara. You inherited this from Srila Prabhupada and now this is continuing through your disciples. Your gratitude for Srila Prabhupada is oceanic. In all of your lectures till date, you have remembered Srila Prabhupada and expressed your sincere gratitude towards him. We recently came to know about the enormous efforts you have taken to revive places associated with Srila Prabhupada in Kolkata, like Srila

Prabhupada birth place and the historical ulta danga junction home where Srila Prabhupada received instructions from HDG Srila Bhakti Siddhanta Saraswati thakur Prabhupada. Gurudev, the love and respect you have shown to your godbrothers is an example for all of us to follow. Recently, when you were in Pune, your meeting (full of love and respect) with HH Gopal Krishna Goswami Maharaj deeply touched our hearts. You said Srila Prabhupada will be pleased if HH Gopal Krishna Goswami Maharaj is pleased.

A Day ago we came back from a blissful Jagannath Puri Kartik Yatra. It was an amazing experience for all of us. It was for the first time my parents joined the yatra. Indeed, the experience was spiritually uplifting for them. Your lectures, as usual were wonderful and amazing. It was like the pastimes are happening before our eyes. It was for the first time I went to Mayapur. I felt blessed and fortunate Visiting the Mayapur chandrodaya Mandir, taking tour of upcoming TOVP temple, Lord Chaitanya's birth place and samadhi mandirs of our acharyas. Remembering Srila Prabhupada in his room looking at the things he used was a memorable experience. Thank you so much for guiding us on the path of bhakti and allowing us to be in association of devotees and be part of the amazing yatras.

Gurudev, it's been 15 years since I started chanting but till today, I haven't been able to give my best to you. I do not have sufficient gratitude towards you in my heart. I have been wasting my life till date, please bless me so that I am able to give up my attachments and can devote rest of my life serving your lotus feet. On the most auspicious day of your vyaspuja, I humbly beg for your mercy so that I can surrender myself at your lotus feet and please you to the best of my ability.

Your aspiring servant,

Dear Gurudev,
My humble obeisances unto You.
Just been grateful for everything You showing to us, teaching us, praying for us(which is extremely helpful).
You teaching to see Krishna's hand in all our life situations, of course not so easy, because of the reactions which I should get for my previous deeds are quite severe and don't want to believe that all these situations Krishna is arranging.
But one your amazing instruction I've got from your disciples - about the importance of friendship in Krishna consciousness society. Friends are really needful, because they are very great truth speakers. I can lie to myself, but they are showing reality as it is and thanks to that awakens my need to find the real Truth as it is, and for that I need relationship with Krishna.
Krishna consciousness is very amazing - this is life, not a dead machine.
Thank you for giving chance to try living with Krishna as His dearest friend/servant, become good companion/ servant of His most dearest family. Thank you for giving this amazing proposal.
Praying for your happiness in Krishna consciousness.
Trying (with Krishna) to leave idea of lording over Krishna's nature and by mercy of Krishna and His dear Devotees to come back to the state of servant.

Thank you for everything.
Your servant (trying my best to be)

Dear Guru Maharaja,

Hare Krishna, Please accept my humble obeisances.
All glories to Srila Prabhupada.

I feel myself extremely fortunate that
- you have offered me the shelter of Shrila Prabhupada,
- you have taught me to live happily in the association of devotees by virtue of humility and
- you have taught me to see Krsna's hand in every situation of life through your instructive words based on the teachings of Srimad Bhagavatam.

I am sincerely trying to practice the teachings of Srila Prabhupada. However my mind is still very much impure which throws the dirt in my devotional journey and thus contaminates my heart & consciousness.

I humbly beg you to please bless me that my mind, my heart & consciousness be purified soon, free from all material contamination, so that I offer myself wholeheartedly in the service of Vaishnavas, and thus be able to please you in an insignificant way.

Please forgive me for all the offences committed to you, and all the Vaishnavas.

I am extremely grateful to you for the abundant mercy which you are showering upon this unworthy soul.

An insignificant beggar, begging to purify my heart in the service of Vaishnavas

On this auspicious day of your Vyas Puja I wish to convey my gratitude for your acceptance of this unworthy person as one of your disciples.
Dear Gurudev, when I look back on my spiritual journey it's so obvious that over the years you have taken immense trouble in making me understand the importance of spiritual practices in my life. You are guiding me always so that I remember Krishna in all stages of my life yet like a fool I am still attached to all material allurements diverting my attention from the divine path. You very patiently bring me back again and again with the arrangement of association of other Vaishnavas who are showing me with their own example in following your footsteps.
Dear Gurudev, I seek forgiveness from you and other Vaishnavas as I keep on committing mistakes in continuing Krishna consciousness in my life. It's difficult to achieve ideal standards but I am trying hard to follow the basics.
Your support will help me to float and somehow remain in association of other devotees.
Keep me under your shelters always.
Your unworthy servant,
Gourmandal das.

Hare Krishna! Dandwat pranam. HH Radhanath Maharaj ki jay!
On the occasion of Vyaspuja mahotsav, this time I feel very enthusiastic as I got the opportunity to offer my gratitude towards Maharaj.
I joined ISKCON in 2013.I was newhere and was trying to attend most of the programs as I can. One day we came to know that there is a program of your Vyaspuja in Dehu.
I didn't know about you at that time and also didn't know what is meant by Vyaspuja. However, I attended the program. During the offerings... I came to know many things about you. Every offering was revealing a new virtue of you and I was just amazed.. It was you that I was searching the whole life during reading spiritual books. I always thought that forgiveness, humility, kindness etc are the virtues only in books.. I have never seen such a person in real life. I was so happy that I got my idol in life whom

I can see. I was very enthusiastic that I got purpose of my life. I wanted to follow this person. After that till now I have atteneded many Vyaspujas of yours. Also I attended many Kartik Yatras. I read your book Evolve in the very beginning of my spiritual life. And I decided that If Lord allows.. I will be your disciple. Still waiting... For your mercy. May Lord Krishna bless you with perfect health and a long life. Thank you Hare Krishna!!

Hare Krishna dear Guru Maharaj ji,
I beg to offer my most humble obeisances at your Lotus feet!

I feel myself soo very fortunate to be able to express my love and gratitude towards your on your Vyas Puja. Guru Maharaj ji, you had visited Pune twice now to meet dear HG Satyawati Mtji. I had your darshan and could hear your divine voice twice. They were the best two days of my life. I am going through many struggles through life,so can't attend Yatra. I was so sad about this but you gave darshan and class and kirtan too. I have never attended yatra due to my ongoing problems but it felt like being in yatra. I felt so close to your Lotus feet. I hear your classes and kirtans and feel your divine presence in my life always. Now a days I am hearing your past Vyas Puja offerings. They are soo extremely beautiful. I come to know about your mood and your expectations from senior devotees. I have understood that if we stay humble and serve all Debo in mood of servant of servant... you will be happy. I try to follow it, always. Also I try to co-operate with all devotees in all services. I want to see you always happy and healthy and proud of your kids. I will keep on learning things from your lectures and apply in my life, forever. Please bless me that I am able to serve you and dearmost Srila Prabhupada, whole life, it's only possible by your and Devotees blessings.
Dear Guru Maharaj ji when I get overwhelmed by the difficulties of life, I always remember your words... don't think my protection is not there, I am always with you. I know it will never happen that my devotional service or bhakti, is challenged by the difficulties of life. I have full faith in your shelter. Please accept me officially too. I want to serve you lifetime after lifetime...
Dear Guru Maharaj ji please take good care of your health, you are our pran!
Praying to Guru Parampara that I am able to serve you forever and ever...
Thank you dear Guru Maharaj ji for not just teaching us Bhagwat Geeta and Bhagwatam but for teaching us how to follow the teachings in our lives...may all the disciples of dearmost Srila Prabhupada stay healthy and safe and enlighten us and guide us, forever...
Thank you dear Guru Maharaj ji..

Oh, revered master, fountain of divine grace,
In your teachings, I find a sacred space.
A disciple humbly bows, pen in hand,
To express devotion, as grains of sand.

Your words, like nectar, flow in a stream,
Guiding my soul as if in a dream.

Through lectures, a bridge to your wisdom so grand,
I connect with you in a far-off land.

Forgive this servant for faults untold,
In the pursuit of truth, sometimes, I fold.
Shortcomings many, like shadows they dance,
In your mercy, I seek my only chance.

Your expectations, a weight on my heart,
Yet in my efforts, I often depart.
Forgive these lapses, O source of my light,
Grant me strength to make the wrongs right.

In the path of bhakti, I stumble and sway,
Yet in your grace, I find a new day.
Merciful master, with heart full of plea,
Grant me the strength to serve faithfully.

To please Srila Prabhupada, the goal,
In Guru parampara, let my soul enroll.
Mercy cascades, a waterfall divine,
As I strive to make your teachings mine.

Steadfast I long to be on this sacred road,
Bhakti's journey, where love is bestowed.
With folded hands, I beg for your guide,
In the shelter of your love, let me abide.

So here I stand, a disciple at your feet,
In your wisdom and love, my life's heartbeat.
Forgiveness I seek for all that's amiss,
Grant me the boon of eternal bliss.

- offering my humble prayers at your feet -
Your aspiring servant,
Geetika Jha

Dear Guru Maharaj,

Please accept my humble obeisances. All glories to Srila Prabhupad. All Glories to Sri Guru and Gauranga.

On this Auspicious occasion, I would like to express my heartfelt gratitude to you for your mercy on me which is the inspiration to continue on Krishna Consciousness path.

I honestly accept on this day that I so far have not heard too many of your lectures. However, whatever little I have heard, I always feel amazed by the way you present life's simplest messages that we often miss to understand. Your instructions are very simple, straightforward and leave a strong impression upon me.

Your love and care for devotees is exemplary. It's very difficult to comprehend the depth of your love for all of us. It's only in your Shelter and guidance that I feel secured on this devotional path

While I am taking small steps towards self-realization on this Krishna consciousness path, I humbly request you to forgive all my shortcomings and continue to shower your mercy and lead me on this path.

I pray to Radha Madan Mohan, Jaganath Baladev and Subadhra Rani to shower their blessings on you for your good health

Dear Gurudev,

Please accept my humble obeisances unto your lotus feet.All glories to your Spiritual Master Srila Prabhupad.

Since your first darshan & class of yours on SB 4.24.54 dated 24th August 2003, you have brought all auspiciousness in my anashrami life.

I am grateful for replying to my email on my father's news within half an hour.Thanks to my shiksha guru HG HariParshad Prabhuji who gave me your address. I am also awaiting reply to 2 handwritten letters.

I am fortunate to attend all your yatras since 2003.Thank you for nectarean classes during yatras and thanks to yatra management especially kitchen team. It is indeed Gaurlila manifesting with elaborate cooking , katha & kirtan.

Satyavati Mataji I met in 2004.GaurPornima 2004 I got an offer in BMC Software Pune to develop their product Remedy.Mataji sent lunch through Gauranga.She picked me for satsangs,manglarati, Bhagavat Geeta recitations.I could attend Trainee Preacher forum at kutir in temple which was conducted by Temple President himself who nurtured us while respecting as a mother.I could do preaching,distribution,fund collection,served in my fullest potential with inspiration,love and feeling that "you are the most wanted" that Pune temple gives to every insignificant soul.Pune Vyasa Puja and service to Sri Guru was intense.I resigning as Bhakti Shastri started in Mumbai without asking them was a mistake as they were personally grooming & spiritually nourishing me plus I had a dream job.But ever grateful to my Spiritual mother Satyavati Devi & leadership there.

Where focus goes,energy flows.Your disciples with Vyavasaya Atmika intelligence gave oblations of youthful energy to serve a Paramhansa Pure Devotee Sri Guru, Gauranga, Scriptures ,Holy names ,Vaishnavs are the most worshippable & glorious. What other benediction the dying man in precious human birth should ask for? My Aparadh to a Param Vaishnava deprived my brother Ghanashyam Krishna das to serve you totally.

"Culture Eats Strategy For Breakfast".While every institution builds huge projects, The strong Krishna Conscious culture created by Srila Prabhupad through his books & his 4 statements leading to Purity the essence are at the foundation of any Project created by your Leaders makes them sustainable. BACE & Bhaktivedant Vidyapeetham's deep dive into Srimad Bhagavatam through 5 S and understanding of rasa, tattva & Siddanth at youth will help Vaishnavas & Vaishnavis to create Krishna Conscious families and assist in Prayag Projects. When they together walk long & far path of knowledge & renunciation with Virakti of Lord Siva-Devi Parvati saying "अहं तरि÷यामि दुरन्तपारं तमो मुकुन्दाङ्घ्रिनि÷ोवयैव.", they together will bring transformation within & without in great companionship. ISKCON Vaishnavi Ministry's current challenges on family safety, empowerment, reducing gender based violence will largely find its solutions here.

While graduating in Psychology-philosophy at Bharatiya Vidya Bhavan, Srila Prabhupad

taught My mother Vanviharini Dasi 12th chapter of Sri Bhagavad Gita as part of 'philosophy of religion' asked to study it,recite in breaks.She got connected to Srila Prabhupada through you.In her the most difficult time last 2 years,Bravely She with her simha rashi simha lagn manushya gan, She has taken sincere shelter of Srimad Bhagavatam,Geeta,CC with online study circles.

How do We repay debt to all my ancestors so the Lord gives their soul association of a uttam-bhakta who walks them towards Goloka? I am grateful to our family Goddess Sri Mangesh Shantadurga who guided me unto your lotus feet. May she who reconciled between Lord Vishnu & Shiva also be blessed with pure devotees and sankirtan at her Kavale Goa Sansthan
Gurudev, I am reminded of HG Padmavati Devi and the few who served Sri Sri Radha Gopinath but now are away. Please always keep them in your prayers.
Sri Guru is heavy & bright as a sun so those who serve him are uttam bhaktas. I desire to serve your servants.
Gurudev, your instruction to keep "eyes half closed" is helping me to keep body,mind & words chaste on path of devotional service.
Gurudev, I have not served so far and more than half of my life is over. Death can come anytime. My desire is to die chaste,9 gates of body cleanly illuminated and body,-mind,words completely utilized in service of Sri Sri Guru & Gauranga.
In Sri Manah Siksha, Srila Raghunath Das Goswami says One must worship Guru & Gauranga ajasram (unceasingly always). You are a paramahamsa blessed with association of many pure souls like HH Gour Govind Swami, Bhakti Vaibhav Puri Maharaj who cried absorbed in pastimes of Lord Gauranga and by your mercy we may also gain pad dhuli ,pad jal and bhukt avshesh of such souls.and as all revealed scriptures say we may attain Prayojan by their service.

Hare Krishna Maharaj. Please accept my humble obeisance Maharaj. All glories to Srila Prabhupada.
Dear Guru Maharaj, I was introduced to Krishna Consciousness by your very loving and caring disciples. The time which I spent with them in spiritual learning made me think that how a human being should conduct oneself.
Because of them, I got an affinity to read and hear more about you Guru Maharaj. The more I heard your lectures and about you from your disciples, with my heart and soul, I surrendered unto your divine lotus feet and am aspiring to get initiated from you. Though still never received your personal association but I still feel very connected to you always.

Amongst your oceanic qualities, the one which captured my heart is that Maharaj, you are a very unique PUJARI and your unique deities are DEVOTEES, I just am enamored and enchanted by the respect, love, individual care and attention you give to devotees of Lord. I feel extremely fortunate to get association of Devotees, Srila Prabhupada and you dear Guru Maharaj. Seeking your blessings Maharaj so that I always have and serve Srila Prabhupada and His Mission with the right attitude and right action. Aspiring to be an insignificant servant of the servant of the servant of Devotees.

Dandavat pranam. Please accept my respectful obeisance's. Guru Maharaj, I feel very privileged and grateful to have accepted initiation from you.

You have so many positive traits that you exhibit in your deeds that it is difficult to single one out to glorify you. In material world, people make fun of others and denigrate others. However, you, Guru Maharaj, have the ability to lighten a serious topic without embarrassing others. You are epit-

ome of Humility.

You once stated that “Sometime when you really want to help somebody, then Krishna will empower you to do something extraordinary”. I’m always reminded to assist other devotees by best of my capabilities.

I am making every effort to be your deserving disciple. You are my shelter; you are my eternal well-wisher. Please give me strength to follow my wows.

Dear Guru Maharaj,
Please accept my humble obeisances at your lotus feet.
All glories to Sri Guru and Gauranga.
All glories to Srila Prabhupada.
First of all I take this opportunity to thank you once again on this very auspicious day of your Vyasa Puja for accepting me as your disciple. I’m so grateful to you for all the love that you have showered upon me and my family all the time. I do not deserve any of this, however you have been always very merciful to us.
Thank you for gracing our little house in Dallas and purifying it by your price less visit along with your dear God brother, H H Giriraj Swami.
I have no words to express my deepest gratitude to you.
Dear Guru Maharaj,
On this day, I wish to mediate on one of the unlimited divine qualities that you exhibit through your wonderful demeanor which is to be going out of your way to encourage the devotees who are struggling and have kind of stopped or are on the verge stopping practicing Krishna consciousness. I have noticed this several times in the past and I have personally seen many such devotees who shared their personal experiences with me, how you had touched their hearts and with your deep compassion revitalized or rejuvenated their spiritual lives. One such devotee, in New York, who although is not formally your disciple, felt that way and considered you non different from his initiating spiritual master.
This reinstates confidence in me that my spiritual master will never forsake me. If he can be so very merciful to go out of the way even for those devotees who he is not so to say formally accountable to deliver from this ghastly material world then what to speak of his own children like disciples.
Dear Guru Maharaj, you taught us that even though we may not have genuine enthusiasm we have to act enthusiastically. On this very auspicious day, I would like to beg for your empowerment so that I too, ( although I do not have any genuine compassion) may sincerely start thinking about those struggling so hard in this world to survive in Krishna consciousness. Not as an act of imitation but as an act of following in your foot steps. ( One such sincere soul who gave his life at Bhakti center has been struggling and needs your loving compassion). I wish, like a mail carrier I could deliver your mail of compassion to him.
On this day, I would also like to pray for your good health and more and more empowerment by our Guru Parampara so that you may continue to deliver hundreds and thousands of suffering souls in this world.
Your worthless aspiring disciple,
Gokulananda Das

**Gokulānanda dāsa (Chicago Temple)**

Dear Gurumahārāja,

Please accept my humble obeisances at your lotus feet. All glories to Śrīla Prabhupāda.

On this auspicious Vyāsa-pūja day, I reflect on your transcendental character, qualities, and boundless love for Śrīla Prabhupāda.

Your demeanor speaks volumes, particularly in the way you observe devotees during your visits. I perceive you as an embodiment of personalism, as your loving gaze

extends to each individual with genuine warmth and connection.

In the sacred atmosphere of your Vyāsa Pūja in 2006 at the Chicago temple, the same year as my first initiation in New Vrindavan, you shared a profound insight. When questioned about personal instructions, you explained that your lectures are imbued with personal guidance for disciples, and it is our responsibility to embrace them earnestly, opening my eyes to the countless rivers of personal instructions flowing within your Kṛṣṇa kathā.

One particular instruction has profoundly impacted me—the guidance to rejoice in the progress of fellow vaiṣṇavas, especially when they bring pleasure to the guru. Throughout my years as an aspiring servant, I've witnessed many devotees advance significantly in just a few years, surpassing my slow progress in nearly thirty years of practice. Recognizing and overcoming envy as a spiritual obstacle is pivotal, and your counsel has served as a guiding light on this transformative journey.

Your affectionate nature has been a nurturing force in my spiritual journey. I vividly recall the incident during the Mayapura Yatra 2007 when, after fracturing my left foot during a kirtan, you demonstrated unparalleled compassion. As I limped my way back from Madhyadvipa to Mayapura Chandrodaya in a humble rickshaw, you exemplified selfless love and concern. In an act that left me speechless, you descended from a car, insisting that I take your place. This gesture of compassion, extended to me despite my insignificant contributions, spoke volumes about your character, revealing a profound depth of compassion for every soul.

The few moments shared with you in Chicago hold a timeless and transcendental significance for me, serving as the cornerstones of my spiritual life, revisited and cherished constantly. These memories are living experiences that sustain and inspire me amid life's uncertainties.

In Govardhana at Mathura, my current residence, I have discovered a sanctuary of unparalleled bliss and love. Despite my numerous shortcomings, which disqualified me for residing in the holy dham, I feel welcomed and embraced. In Govardhana, I find healing and strive for more dedicated service to you. Listening to your recordings and studying Bhāgavatam has become the daily sustenance for my spiritual nourishment. I am acutely aware that whatever time I am allowed to spend at Govardhana is only possible through your boundless mercy:

nāma-śreṣṭhaṁ manum api śacī-putram atra svarūpaṁ
rūpaṁ tasyāgrajam uru-purīṁ māthurīṁ goṣṭhavāṭīm
rādhā-kuṇḍaṁ giri-varam aho rādhikā-mādhavāśāṁ
prāpto yasya prathita-kṛpayā śrī-guruṁ taṁ nato 'smi

Currently, the call to preach finds expression through my service to the Latino community, engaging in online education services, mainly with the BBT Latino.

In closing, I seek your continued blessings and guidance, expressing profound gratitude for the immeasurable impact you are making in my life, the society of devotees and the world. May your Kṛṣṇa kaṭha continue to flow from your lotus mouth, guiding me through challenges and uncertainties. Your presence in my life is a source of devotion and my only hope, and I am truly blessed to have you as my dikṣa guru.

Yours in eternal service,

All Glories To Srila Prabhupada

Wish you a very happy 73rd Appearance Day.

This year I wanted to share that I have been trying to listen to your earliest lectures sequentially as listed on ISKCONdesiretree.com, and how rewarding the experience has been. It feels like being personally present with you right from the very beginning and getting groomed personally step by step learning the very basics of devotional service. So many basic questions, which I would not dare ask for the fear of sounding stupid, get answered just by listening to those audios. So many concepts get clarified. I can't help appreciate how profound your knowledge and firm your conviction have been since those early days of preaching. It has turned out to be an amazing way of solidifying my bond with you, and I hope and pray to continue with this relishable practice for the rest of my life.

Thank you also for visiting Dallas earlier this year and giving initiations, especially to our three dearmost children Rasu, Raja and Gaurav (now Rasika Rani, Rasa Kishor and Gauranga Vilas). There is nothing more inspirational than seeing these kids grow up right before our eyes to accept the vows of initiation in all seriousness. We can't wait to witness them accomplish wonderful and great things in this mission of Srila Prabhupada by your grace.

Thank you also for the disciples' get-together during your visit and sharing your personal experiences with Jananivas Prabhuji. Thank you also for sharing the stories of the Kadamba and Tamal trees in ISKCON Chowpatty. Just as with your last visit to Dallas, when you were speaking about the tree in Lindsley Park, I was again inspired by your marvelous outlook to draw lessons from anything and everything in life. I hope and pray that I may too get this ability to develop this wonderful outlook.

Last but not the least, I also wanted to thank you and the RG media team for making your lectures available and accessible in the local languages. This has become the solace and guiding light for my mother and filling her otherwise monotonous life with hope and joy.

Praying to SS Radha Kalachandji for your good health and wishing you a very happy appearance day once more.

Dear Gurudeva,
Please accept my humble obeisances,
All glories to Srila Prabhupada!

On this auspicious day I would like to take this opportunity to humbly submit a few words of glorification in the dust of your lotus feet.

Just as a frog cannot understand the vastness of the ocean, I find it very difficult to fully conceive of the impact that one person can make when equipped with the mercy of the guru parampara.

I'm astonished to see the deep effect your association has made on the lives of many. This certainly shows the depth of your devotion and as a great instrument of that mercy. Being a pure representative of the guru parampara, you act as a valiant hero capable of giving shelter, to the fallen age refugees. Gurudeva, you are a leader that is worth following..

Personifying dedication, you strongly endeavor to push forward this movement which Srila Prabhupada so painstakingly tried to establish. Seeing the suffering of so many people you disregard bodily comforts and act with utmost sincerity to give people the highest gift.

I hope one day I'm able to aquire just a fragment of your taste for chanting the holy names and your taste to read and distribute Srila Prabhupada's books.

Thank you Gurudeva for providing stability and direction in my life and for the constant association of the devotees and guidance through your lecture.

Thank you for accepting someone like me as your disciple. Although I feel unqualified to have such a qualified spiritual master, I desire greatly to become qualified and serve you and Srila Prabhupad with all that is in my capacity.

Dear Guru Maharaj
Please accept my humble obeisances.

Many years ago I was advised by one devotee that accepting initiation from you would mean I won't be getting your personal association.

Over the period of time, it got very clear that even though I had no chance of personally associating with you, You were personally there in every phase of my life.

When I was brand new in Krishna consciousness you guided me through Gaur Gopal prabhu and Madhav prabhu teaching me exactly how and whom I should associate with.

After initiation it was through Sri Anant prabhu that you instructed me to hear your lectures and I diligently heard your classes. It was through Anand Vrindavan Prabhu's service you asked me to capture the instructions you gave in each of your classes. It was you who helped me stay in Krishna consciousness Maharaj, even though I never realised your presence.

I moved to Hong Kong giving up such a wonderful association in pursuit of illusory happiness. Through several devotees you warned me of the pitfalls and I ignored all of them and went ahead. When things started to get unstable you came to my help through Shyamanand prabhu advising me with the basic principles of relationships. I still failed to practise and you came again to me through Adi Keshava Prabhu and Prem-Lila Mataji guiding me through my marital life. I yet failed to apply or understand.

Whenever I heard any inspiring lectures from your disciples or other speakers in ISKCON, it was you who inspired me to carry on.

When I needed to hear a specific instruction you mysteriously appeared right in time and conveyed your instructions through some devotees leaving me to accept or reject it.I failed to hear you again.

I always wondered how could I serve Srila Prabhupad as I was doing absolutely nothing for this movement. You then appeared through your god brother Krishna Baladev Prabhu and engaged me in some simple

service.

I still had struggled in my material life Maharaj, I was unable to solve or know what to do.
I never asked anyone's help, but yet you appeared in my life again through Shyamanand Prabhu and Dr Reena Jogani Mataji, spoon feeding me and telling me exactly what I was doing wrong.

Maharaj, how can I ever say that I have not got your personal association?. It's just one sided as I have not yet developed the ability to perceive you nor express my gratitude. I am still struggling to understand.

I know for sure if I fall you are there to hold me. But I don't want to fall again and be a burden to you. I really wish to grow and be of some services to you Maharaj.
Thank you for guiding me towards the lotus feet of Srila Prabhupad.

Srila Guru Maharaj
Please accept my most humble obeisances at your lotus feet.

I am very grateful to get the opportunity to glorify you on the auspicious occasion of your 73rd Appearance Day.

Srila Guru Maharaj, First of all i want to thank you for accepting an unqualified fallen soul like me as your disciple. I am eternally grateful to you for this.

Srila Guru Maharaj, during Corona pandemic you gave so many online classes to keep us enthusiastic in devotional service. Thank you for that.

In 2021, on the auspicious occasion of 125th Srila Prabhupada Appearance Day, there was a grand inauguration festival of his birthplace at Tollygaunge where Srila Prabhupada took birth on 1st September 1896.

On 21st February 2022, on the auspicious occasion of H.D.G. Srila Bhakti Siddhant Saraswati Thakur Appearance Day, there was grand inauguration Bhaktivinode Asan at Ultadanga commemorating the 100th anniversary of the first meeting of Srila Prabhupada with his spiritual master H.D.G. Srila Bhakti Siddhant Saraswati Thakur in 1922.

From 19th to 22nd May 2022, there was grand Deity installation ceremony at ISKCON Newtown. Sri Sri Nitai Gauranga have very kindly appeared there.

Recently you came to Mayapur and scattered the ashes of your beloved father into the sacred Ganges river. I was fortunate enough to witness this sacred ceremony. After so many years we got your physical association.

After Mayapur visit you came to Kolkata. First time you came to Ultadanga after it's inauguration and you stayed there. Also first time you visited Srila Prabhupada birthplace after it's inauguration. Also first time you visited ISKCON Newtown after Deity Installation. Also first time you visited ISKCON Dumdum. Also you visited Sri Sri Radha Govind Mandir and BRC and at ISKCON House, there was public program. You also visited for the first time Radha Govind Mandir at Harrison Road. During your stay at Ultadanga fortunately i got the service of Prasadam transportation and serving. I am very grateful for that.

Srila Guru Maharaj, after 4 years again we got the opportunity to participate in Kartik yatra. The Kartik Yatra is such a wonderful gift for us. It fully surcharges us with spiritual energy. Thank you Guru Maharaj.

Srila Guru Maharaj, during this Kartik month, my parents got initiated by HH Lokanath Swami Maharaj. Please bless my parents so that they can practice KC sincerely throughout their lives.

Srila Guru Maharaj, please bless me that i

can practice KC sincerely and perform pure devotional service for the pleasure of Hari, Guru & vaisnavas and get completely purified by this service and go back to Godhead at the end of this life.

Hare Krishna Dear Gurudev
Please accept our humble obeisances
All glories to Srila Prabhupada
All glories unto your lotus feet

Wish you a very happy Vyas Puja. Here a small poem to express our gratitude for countless blessings you have given us whether it be the community of devotees, wonderful yatras, your lectures, books, quotes, your sincere and humble mood and list goes on and on.

We rationalize our actions in the name of free will, trying to appear very scholarly.
You teach us that - The essence of spiritual life is, simply to use our free will properly.

Even when we achieve insignificant things, we feel that we are great and, feel that we are at the level of the Lord.
You remind us that - Greatness is not in what we do, but how we are an instrument in the hands of God.

In our conditioned state, we are under the illusion that Bhakti is all about getting fame and popularity.
You teach us that - Bhakti is not determined by our material qualifications. It is simply determined by our sincerity.

Due to our deep-rooted ignorance and lethargy, our spiritual process is filled with gossip and ranting.
You remind us that - Our Spiritual progress depends on Humble Service Attitude & Sincere Chanting.

We are constantly competing with others to prove, that we are ahead of everyone and are the Best.
You teach us that - Success in spiritual life lies not in being the Best but doing the Best.

We sincerely pray for your good health, and we humbly beg forgiveness for all the mistakes that we have committed.

Dear Gurudev,
Please accept my prostrated obeisances at Your Lotus Feet.
All glories to Srila Prabhupada.
All glories to Sri Guru & Sri Gauranga.

This is one opportunity in a year to convey the feelings from the heart to You.

I am seeing you since 1996 & there is no change in your compassion for fallen souls like me. You have touched unlimited lives by your personal example of following the orders of Srila Prabhupada. You have been travelling across this planet to save souls from falling down in the clutches of maya. I have personally witnessed how you have sacrificed your own health just for the sake of others and how much you care for each of us.

One of Your key teaching that I would like to highlight here is to never criticize devotees. No matter how they treated you or behaved, we should keep our calm & continue to serve Sri Krishna - let Him take care of the rest. I am trying to follow this to my best ability, but its really difficult at times. You have been a shining example since over 50 years that you came in contact with Srila Prabhupada.

Your loving service to your father has been such wonderful example too. I had the rare

opportunity to accompany Mr. Slavin to Chicago in 2010 when he came to attend Your 60th Vyasa Puja in Mumbai. His sense of humor and caring nature was so touching. Surely He has been transferred to Goloka Vrindavan because of your connection.

Soon we will meet and you will do your magical shower of mercy on this fallen soul again to uplift me.

With a hope that this offering will reach you, I am writing this for my own purification & benefit.

Please let me know if I can do anything for you. Hoping to make you happy again soon.

Your unworthy servant,
Gopinath das.

Dear Guru Maharaj,
Pamho, Agtsp, Agtsgsg
No amount of good karmas would result in one achieving such a compassionate, divine and sweet spiritual master like you. It is indeed causeless mercy of Srila Prabhupada that he gave the world such a priceless, precious and rare diamond and jewel in his army of Sri Gauranga. I feel so unworthy, unqualified and undeserving to be your disciple.
Your glories are unlimited but the most recent episode of your ever compassionate and merciful heart is very fresh in my mind. I am so grateful to you for all that you did for my family and my mother in law. The way you took care of your disciple, you simply turned the tables by your auspicious presence. When we take shelter of a pure devotee, the inauspicious situation turns totally auspicious and divine. For they totally mitigate your suffering and temporary false pleasures in this world and bless us with the permanent divine pleasures and service in the immortal world, at the Lotus feet of Sri Sri Radha Gopinath. You transformed the worst situation of nandarani Devi into the most auspicious and divine life at the Lotus feet of their lordships.
I cannot fathom what would be my life without you and I don't even want to imagine. Life after life, I want to be your insignificant servant of the servant. I simply pray to krsna that I sincerely and earnestly strive to please you and serve you and reciprocate with your unconditional and causeless love and mercy upon us. May krsna always bless you with perfect health and may we all disciples always make you proud. Love you very much , dear Gurudev

Absolute Truth was an unknown concept
Srila Prabhupada made it an easy precept
Gurudev, your Mercy made it easy to accept

Your loving example is the strength to nurture
Through thick or thin, Prabhupada wouldn't deter,
To serve his mission, you never know any

That is the quality I always admire and aspire
Praying for your good health and long life
May my remaining years be added to your life

Dear Guru Maharaj
I don't know how to start but .I can tell for sure that even if I glorify you for my entire life it is not sufficient. It is like showing light infront of a sun.Your journey home book brought me to my home (ISKCON).

Your lectures are like a torch light for my vision.Your Gaura katha takes me to another world. Your interactions in the Journey Home book inspired me very much. Your personal examples made me realize that you are my role modle.The first interaction between Srila Prabhupada and you will be forever in my heart.

You are the personification of Ghanashyam baba's humility and Krishnadas babaji's simplicity.The difficulties you have faced in your life gives me deep faith and inspiration in Devotion.Your compassion for other souls is manifested through the Bhakthi vedanta hospital, Barsana eye camp, Mid Day Meals Program. The Sandesh made by you was liked very much by Srila Prabhupada. Srila Prabhupada has given his association to us through you.Your one of the best servants of Srila Prabhupada.Your association in yatras are the most important in my life. You're as soft as a lotus flower and as hard a thunderbolt when ever required. Please pray for me that I can also take your shelter as you have taken shelter of Srila Prabhupada's lotus feet. I am not qualified to write this offering but your mercy and Devotees mercy is unending.

Hare Krishna Guru Maharaj
Dandavat Pranam

Dear Gurudev,
First of all I am very grateful to you for everything you've bestowed upon me.
Your ahaituki Kripa is all what I need in my life and You have bestowed that upon me in abundance.
The relationship between a Guru and a Disciple is established formally at the time of initiation and it grows stronger each day by Chanting on the same beads received at the time of initiation. I sometimes felt that connection is getting weaker because of my inattetiveness in Chanting, but You never let it weaken.
In the year 2018 I got to serve in Rishikesh Project, that time I never imagined that I would get your personal association, By the Grace of Sri Sri Radha Govinda, Sri Sri Jagannath Baladev Subhadra and Sudarshan, Sri Sri Sita Ram Laxman, Hanuman, Srila Prabhupada and Causeless Mercy I got not only Your personal association but you showed us all the places You stayed and meditated in Rishikesh, it was a thrilling experience, it will stay forever in my heart.
Then after a long time I again thought that now it is very difficult to get your personal association again, but recently You again bestowed Your causeless Mercy, this time not only on me but all my family. You blessed my daughter, You gave her a name "Radhika", also gave us instructions on how to raise a child in Krishna Consciousness or How to raise a child keeping Krishna in center. Again that whole incident imprinted on our hearts.
I am also grateful to you for The Jagannath Puri Yatra 2023. The insights You gave on Dham Visit, Consciousness while visiting Dham, what is the mood of Lord Chaitanya while Dham visit was very important lesson to learn from the Yatra.

Guru Maharaj I am eternally indebted for Your wisdom, for Your Causeless Mercy and everything You have given. I just pray that I may stick to Krishna Conscious principles while dealing with each and every living entity, Devotees or Non Devotees.

Always Begging for Your Mercy

Dear Guru Maharaj,

When I met first time in 2004, I felt we have known each other for a long time and I have close relationship with you from many lifetimes.
I was drowning in ocean of material existence & at the same time hankering for upliftment. You gave the true shelter to me & my whole family. Conscilor system gave us perfect guidance time to time encouragement in Krishna consciousness.
I am immensely grateful to get opportunity to closely hear from you. By Krishna's inconceivable potency,You spoke the perfect lessons whichI needed in my life & wayford to make decisions at every situations.
I don't have ability on my own to serve Krishna & his devotees. Only through your inspirationI could maintain my good relationship with vaishnavas and make progressive path in Krishna consciousness.
Thank you Maharaj for being an integral part of my life. I pray to Krishna to keep me at your Lotus feet eternally and serve your instructions life after life. Hare Krishna!

I like this project with my full heart but I do not understand how I can to connect this project.
Maharaj, in one of the personal meetings with you, you instructed me to establish higher principle of vaishanavism. I am trying to follow this and implement this at every stage of my life. I'm humbly begging for your mercy to make myself your obedient servant. Your aspiring servant Govinda Datta Das (ISKCON Aurangabad)

Dear Guru Maharaja,

Please accept my humble and respectful obeisances at your lotus feet. All glories to Srila Prabhupada.

We understand that the senses are very impetuous, always seeking to enjoy the objects of this illusory world. However, Krsna never abandons us. Especially through the greatest manifestation of His mercy in this world, the guru parampara, He rescues us to His spiritual kingdom.

On this auspicious day of your divine appearance in this world and always, I pray to Krsna that I may increasingly obtain your holy association, especially through your instructions, which are prominently contained in your words and books.

May I one day strictly follow your example of compassion, service to the vaisnavas, humility, tolerance, loving surrender to Srila Prabhupada, not finding faults, and many other qualities that you have exemplified for a world that is in great need of them.

Please consider me as an atom at your divine lotus feet so that I may never forget the real path to be followed—the path back home, back to the Supreme, within Srila Prabhupada's mission.

Alongwith the fortune comes the great responsibility of living upto your standards of behaviour and character. Also, to sincerely follow your instructions. I pray and beg at your lotus feet for your mercy and blessings for overcoming my deep conditionings and become a simple, humble and genuine devotee.

You have given treasure house of love and compassion still I'm unable to utilise it because of my ignorance and material attachment..

Your lectures give me inspiration to be detached to this material world and attachment to Lotus feet of Sri Sri Radha Krishna but because of false pride I'm unable to overcome it

Your exemplary way of simple living and high thinking give me strength to follow on your footsteps but I'm unable to follow because my position keeps me bound with arrogance.

Your attachment to hear srila Prabhupada lecture give me enthusiasm to hear him more but because of my material hankering I'm unable to hear srila Prabhupada lecture properly

Your vision of expanding Krishna consciousness gives me encouragement to spread this movement but because of my laziness and my conditioning in unable to do...

Dear beloved Gurumaharaj,

I deeply thank you for all the things you do for all of us. Your courage and determination are the greatest inspirations in my spiritual life. I beg you forgiveness for my shortcoming and I hope to purify myself and grow sufficiently to be of some use to Your mission someday, somehow.

Thanks to your unparallel mercy, this year the Maha Mantra Lab, an outreach preaching program we started as an offering to You in Cochabamba, Bolivia (South America) fulfills ten years of uninterrupted service. In Ramanavami this year (2023) we received -as a present- a Srila Prabhupada´s murti real size for the small Temple we maintain at home, this was also a miracle produced by your compassion towards us.

On my knees I beg you to please bless us with the strength and motivation to serve him properly with humble heart and for the benefit of our community. Sometimes I miss very much association with more advanced devotees and even peer devotees, but every now and then, You kindness allows me to understand the position and circumstances I am in and the responsibility to be thankful and enthusiastic always.
Thank you dear maharaj for incessantly giving us association and example and for reminding us that it is possible to dream with becoming your servants when day.

Happy appearance day dear beloved Gurudev. THANK YOU FOR EVERYTHING.

Dear His Holiness Radhanatha swami maharaja
Hare Krishna. Please accept my prostrated obeisances at your divine lotus feet. Here is the time and opportunity to remember you and your association on the yearly occasion of your Vyas Puja. Every spiritual aspirant gets the association of Vaishnava/s by the kind arrangement of the Lord and I am fortunate that I got some of your association in the early days of our ISKCON life. Now, not everyone is fortunate to get such association. I remember how with your hectic and busy life, whenever there is possibility, you throw your merciful glances and I feel connected and enthusiastic.
Srila Prabhupada has said 'one who becomes a good servant or disciple only will go on to become a good master or spiritual master. You have the record of being a humble, menial servant of Srila Prabhupada which is reflected in all your actions and words. You impart that consciousness to all who gather around you, followers or otherwise. Yours is a life of service, sacrifice and sermon. You are a wonderful example of Srila Prabhupada centric life and ISKCON in the center. You are an epitome of 'love and trust' which you exemplify first and others happily join in.
You are a versatile personality carved out of your steady and patientful devotional service, sacrifices and austerities, all for pushing forward and promote Srila Prabhupada ISKCON. Talent in you in the past and now is simply a product of your devotional service in the past lives and in this life. Al-

though times have changed that your association is hankered after by countless souls around the globe, I had the good fortune to get your blessed association decades ago when you were 'a devotee in preparation' which has ably brought out your devotion to blossomed state.
You have touched 'me' by your devotional qualities. Now I have to but struggle to develop my devotional spirit. I do admit, if I am surviving in my devotional service, it was inspiration from your vani and vapu and Srila Prabhupada life and teachings.
Your contributions to ISKCON and to please your beloved Master 'Srila Prabhupada' are significant, substantial and note-worthy, not to mention the long list. I do not deserve, but I beg for your causeless mercy so that I grow stronger and sincere to serve Srila Prabhupada movement. Praying for your long life so that we can assist you in your vision to serve Srila Prabhupada preaching movement.
Your aspiring servant

**Haladhar Lila Das (ISKCON Baroda )**

Dearest Guru Maharaj,
Please accept my most humble obeisances.
All glories to Srila Prabhupada.

Guru maharaj, I heard in your lecture that a leader should be exemplary in every action to lead the followers. Your holiness quoted Sri Chaitanya Mahaprabhu and Lord Shri Ram. I realized from your example that being a guru and a leader is a very great responsibility. Even though you are above the bodily platform, you are taking all pains to set an example for your disciples.

I saw in the Kartik Yatra that you didn't even accept Vyas Asana for the katha. You managed to give Katha even though your health was not stable. You are taking all the difficulty to perform your service to Srila Prabhupada. Even though preaching in India is comparatively easier than in America, you selected America following the example of Srila Prabhupada.

Your absorption and devotion to Lord Krishna are clearly visible in your Katha. What I personally realized is that your presence makes every site a place of pilgrimage as you carry Lord Krishna within your heart.

All I have known from your actions is that you are a personified form of the 3rd verse of Siksastakam. Your dedication, humility, and genuine desire to please Srila Prabhupada are a source of inspiration for all the disciples.

Whenever I am in difficulty and nothing works, I seek your shelter, Guru Maharaj, by praying at your lotus feet. The result is that I get spiritual strength to resist the temptations and overcome the difficult situation.

I pray at your lotus feet to bestow an insignificant speck of all the devotion to Lord Krishna that is present within your heart.

Your aspiring servant,
Haladhar Lila Das

Respected Gurudev,
Please accept my prostrated obeisances unto your lotus feet
All glories to Srila Prabhupada
All glories to Sri Guru and Gauranga

This year's Kartik Yatra was such a wonderful treat to everyone after three of vaccum. Everyone had engagement, and everyone was blissful.

This year once again, I blessed with the opportunity to serve in the Kitchen Department alongside HG Shadbhuj Pr. in the subji cutting team. It was such a blessing when one day you walked up to us in the subji cutting area - when 3 of us were sitting on the ground doing some management with the sheets of subjis. Your hand's touch on my back made me experience a very bliss-

ful day after that interaction.
These personal interactions with you always nourish me. And on contemplation - i understand the reason is given by Srila Narottam Das Thakur in his song...

tomāra hṛdaye sadā govinda-viśrām
Your heart is the resting place of Lord Govinda.

Mother Kunti says in Srimad Bhagavatam 1.13.10:
bhavad-vidhā bhāgavatās
tīrtha-bhūtāḥ svayaṁ vibho
tīrthī-kurvanti tīrthāni
svāntaḥ-sthena gadābhṛtā
My lord, devotees like your good self are verily holy places personified. Because you carry the Personality of Godhead within your heart, you turn all places into places of pilgrimage.
Thus, whomever you touch, you transform that person, that place, that environment into holy. Thus, we conclude that you are rightly entitled - "His Holiness".

Gurudev, I am trying to serve as a monk under the shelter of Sri Sri Nitai Gaurachandra, at ISKCON Pune - BCEC ( HG Radheshyam Pr entitled it as "Bhakti Centre for Education and Culture").
HG Kanai Thakur Pr. is guiding and engaging all of us in service to Srila Prabhupada and thedevotees of community. Due to this, our lives are fully filled with absorption, and we have formed a closed-knit community with congregation & brahmacaris serving with great cooperation.

I remember a beautiful quote of yours, "Maya has the quality like water to seep into any cracks. And our hearts are filled with so many cracks."
In my life, in spite of having so much engagements, my heart still remains dry like a parched desert. My tongue, though chanting Hare Krishna, always remains dry like a desert. My ears, although hearing Srimad Bhagavatam Classes daily, still remains dry hunting for something mundane. And thus I am unable to give Krishna to others, to assist your mission.

And the reason as many, many times told to me is commitment of offences at the lotus feet of Vaishnavas, and disappointing them in their expectations due to my improper dealings.
My heart always remains dry!

As Śrīla Vidyāpati exactly says,
tātala saikate bāri-bindu-sama
suta-mita-ramaṇi-samāje
tohe visari mana, tāhe samarpala
ab majhu habo kon kāje
O Lord, completely forgetting You, I have offered my mind unto the society of women, children, and friends—but this experience has been just like offering a drop of water unto the burning hot sands of the beach. How can I possibly be relieved of this great misery?
And I just weep in the mental agony of hopeless due to my conditioned nature which doesn't change. I am stuck in this wretched life of materialism.

Srila Gurudev, we see that you are a people's man. Your every interaction is with love, and thus you make "everyone" happy! Gurudev, please bless me, with this most crucial quality which you carry with you always - like carrying the Vaikuntha Atmosphere - free of envy, arrogance, anger, lust, etc. So that my every interaction is with great conscientiousness. So that my every interaction is with love, care, and devotion. With a constant loud buzzer alarm - "my ultimate destination resides in this."

O Gurudev, please bless me with the ability to engage in unlimited pure engagements. Such that later there's no scope of Maya to enter into my cracked heart.
I have heard from you, that when butter is extracted from the buttermilk, the liquid cannot enter into it again. Please bless me, that Krishna makes my heart like the butter, so that there's no scope of Maya to enter it again.

I offer prayers following in the footsteps of Srila Bhaktivinod Thakur...
kṛṣṇa se tomāra, kṛṣṇa dite pāro,
tomāra śakati ache
āmi to' kāṅgala, 'kṛṣṇa' 'kṛṣṇa' boli',

dhāi tava pāche pāche
Krsna is yours. You have the power to give Him to me. I am simply your servant running behind you shouting, “Krsna! Krsna!”

I humbly beg, O Gurudev on this 73rd Vyasapuja Celebration of yours...!
“Please make my materialistic-desertlike heart into Vrindavan!!”

Please accept my obeisances at the dust of your lotus feet!
All Glories to Shrila Prabhupada!!!

Narottama Dasa Thakura has encapsulated our entire siddhanta in each of his Vaishnava songs. In the song of worshipping the spiritual master (Guru Vandana), Narottama Dasa Thakura says,
guru-mūkha-padma-vākya, cittete kariya aikya
ār nā kariha mane āśā
śrī-guru-caraṇe rati, ei se uttama-gati
je prasāde pūre sarba āśā

Day after day, in spite of my unlimited insufficiencies, I consider myself so indebted to you for your divine gift in the form of your vani.

Srila Bhaktivinod Thakura mentions about the Holy Name of Krishna,
kṛṣṇa-nāma dhare koto bal
viṣaya-vāsanānale, mora citta sadā jwale,
ravi-tapta maru-bhūmi-sam
karna-randhra-patha diyā, hṛdi mājhe praveśiyā,
variṣoya sudhā anupam
How much power does the name of Krsna possess? My heart constantly burns in the fire of worldly desires, like a desert scorched by the sun. The holy name, entering within my heart through the holes of my ears, showers unparalleled nectar upon my soul.

Maharaja, your vani has a similar power. For my heart that is burning with various desires and which never gets satiated, your nectarean words carry the soothing effect, remove layers and layers of dirt that is existing within the core of my heart, purify me and give me renewed vigor and inspiration to continue in my spiritual life.

Your immense love for Krishna and endless compassion for conditioned souls like us makes a very powerful combination. No matter how long I hear, no matter how repeatedly I hear the same thing, no matter when you have spoken a particular lecture, everytime it strikes a new chord in the heart. Although I am very far from following, but it makes me realise what a tremendous gift I have received in my life and how carefully I must preserve it and move forward in the mission of Shrila Prabhupada.

Your vani is nothing but a transformation of the deepest aspirations and the actual state of your heart that you so mercifully share, the deepest realizations that Krishna endows you with and your so very intimate love for Shrila Prabhupada.

I can confidently say that whatever little experiences and whatever meagre realizations I am getting in my Krishna Consciousness is all your grace. It cannot be anything else. Till the time I remain connected to you, and I hope and intensely pray to be forever, your vani is my greatest shelter, that is my greatest hope and that is my only desire to follow your divine words no matter how difficult they might be in my life.

The profound principles of humility, being the servant of servant, celebrating others' success, respecting and worshipping Vaishnavas etc. that you profoundly emphasize upon, you are a shining example of perfectly manifesting those qualities in day to day life.

A few of your statements on which I desire, or I have been recently reflecting are stated below:

1] We must rise above impersonalism by personally caring for devotees, personally caring for mission and personally caring for the suffering conditioned souls. Take this as your life and soul.

2] What will please our guru, Shrila Prabhupada and Radha Gopinath should be the compass by which we make our decisions.

3] What does it really mean to assist Shrila Prabhupada in his mission?
"It is not simply executing a particular service, but it's encapsulating the very spirit and form of all of his instructions and applying it in our life. Unless we are empowered by the mercy of Shrila Prabhupada, we cannot really with substance be instruments of his mercy. That means we need to sincerely please him."

4] Knowledge should help us transcend ego, and not be ornament of ego

5] "Krishna - The Reservoir of All Pleasure" - A very extra-ordinary concept.
If he is the reservoir, all pleasure should go to him!! Krishna reveals himself according to how we give Him pleasure.

I pray for the strength to follow your vani, for the strength to acknowledge and understand my shortcomings and work upon them and for the strength to aspire only for pure devotional service and nothing else in my life.

Thank you very much Maharaja for everything you have given. Kindly forgive me for my endless shortcomings and failures. I promise to become a better servant of yours henceforth, very sincerely trying to give up my nonsense and futile mundane endeavors which are a mere disturbance to being committed to your vani, and consequently the goal of life.

Your servant,
Hari Bhakti Das.

Hare Krishna, dear Guru Maharaja! Please accept my humble obeisances. All glories to Srila Prabhupada!

On this auspicipus day of Your Vyasa Puja I would like to say words of gratitude for Your wonderful example that You give all if us. This is what sustains me in my spiritual life. This is what makes it clear what we are striving for, what devotion really looks like. This is my role model, my aspiration and my joy to have such a Father.

Thank You so much for coming to Ukraine this year. This gave us all so much inspiration and precious moments to keep within our hearts! You gave so much of Your time and energy to support and uplift us!

All I have is what You have given me as Your instructions and Your example. But I feel very embarrassed before You as I am so far away from what You would like me to be.
But still what I have is faith in the mercy of devotees. This is You have given me, and this is, I believe, is what can be pleasing for You.

On this auspicious occasion I am praying at You lotus feet. Please bless me to always have faith in the devotees, never leave their association, always be in the mood of service towards them and feel connection with You through pleasing the devotees

Your unworthy servant,
Hari Priti dd

Hare Krishna Dear Guru Maharaj
Please accept my humble obeisances. All glories to Srila Prabhupada

I would like to take this opportunity to wish you a very happy appearance day.
First and foremost, I want to express my gratitude for taking me as your disciple. I have no qualifications whatsoever to be in this parampara. There are so many anarthas and the more I try to overcome, I feel as if I am falling further deep into the hole of material existence. Its just because of you and Srila Prabhupada's mercy that I am able to keep afloat. I sincerely pray to you to help me get out of this and become firmly situated in Krishna consciousness.

The other thing I am grateful for is one of your instructions that has kept me steady in my service. In one of your lectures, you mentioned that we should be grateful for every opportunity we get to perform devotional service and do it nicely in that mood. Earlier I used to get frustrated at times as I ended up doing lot of seva without help, but this instruction helps me keep calm and composed and my thoughts are changed to a prayer at times, sometimes enjoying the work, other times praying for additional help. But it has helped me change my attitude and perception towards others.

I sincerely appreciate and am grateful for all that you do for us, which we might not see. So with this knowledge, we pray sincerely to Sri Sri Radha Madanmohan, Sriman Mahaprabhu and Sri Sri Lakshmi Narasimhadev to protect you always and provide good health so that we can continue to have your association for a longer time and at the same time millions of souls can get benefitted by your mercy.

Thanking you.
In service

Hare Krishna Dear Maharaj.
Please accept my humble obeisances.
All Glories to Sri Guru &Gauranga.
All Glories to Srila Prabhupada.
I would like to thank you for showering your causeless mercy on me & my entire family. Despite all my deficiencies', you have graciously accepted me as your disciple & have given me a chance to perfect my life by connecting me to the grace of the entire Parampara. You have been extremely kind in allowing me to be in your association during the yatras & provided me the association of your wonderful disciples.
During this Puri yatra, I was again deeply touched by Your devotion to His Divine Grace Srila Prabhupada. On the 4th day of the yatra, you were referring to an article written by Srila Prabhupad, "Who is crazy?". You mentioned how the hippies felt Srila Prabhupada was crazy although it was the other way around, the hippies were really crazy. Then, you went on to say that in this world, if someone is crazy, we try to distance ourselves from such a person, but the depth of Srila Prabhupad's compassion was that He wanted to help those who were really in need. I seek Your blessings that my heart shall also be touched by the depth of compassion of all devotees you are helping me in my Krishna Consciousness.
Few years back, we heard from HG Dwarkadhish Pr on how the colour of the paint was chosen for the walls of BhaktiVedanta Hospital. When all the devotee doctors and managers were called for and asked of their opinions, different people gave different opinions. Some said, blue, because Krishna is bluish, some said, saffron, some said white as it represents purity, peace etc.., but when devs finally asked Your opinion, You told them "it must be pink", because Srila Prabhupad liked this colour very much and that is why it was chosen for the Chakra Building. This is your consciousness, what would Srila Prabhupad like it to be.
The last verse also says, dyayan stuvaams tasya.., a disciple should remember the spiritual master at least 3 times a day. This is an amazing quality of Your Holiness that during the glorification of any personality of Srimad Bhagavatam or any Acharya, You always find how those noble qualities were exemplified by Your beloved Guru Maharaj, Srila Prabhupad.
In one lecture, while describing the pastime of Kaliya, You were mentioning there that just like the wives of Kaliya were praying to Krishna to forgive this envious serpent Kaliya, in the same way all of us are also tiny Kaliya's filled with envy for Krishna, but His Divine Grace Srila Prabhupada was like the Nagapatnis, praying for all of us & this is our only qualification.
In another lecture & even this year in the Puri yatra, when glorifying Krishnadas Kaviraj Goswami, You were mentioning how like Krishnadas Kaviraj Goswami started a great spiritual project in his grand old age for the benefit of the world, His Divine Grace Srila Prabhupad also did the same.
I can see myself extremely fortunate to be under the shelter of a sincere disciple of Srila Prabhupada., always remembering His Guru, understanding that all what I have is Guru's mercy. Maharaj, I beg you to bless me with this genuine humility & eagerness to take intense shelter of the all Acharyas& superiors & remain protected in my Krishna Consciousness.
Your simplicity, complete honesty & absorption in what everything that you do is evident in so many incidents that we have heard from the devotees. We have heard that one of your senior disciple's child (I think Sridhama Pr's child) was going through some health crisis & had requested for Your prayers & after several days, when you met the family, you inquired, how is your child's health. The devotee replied, now everything is alright, then You responded, "I didn't hear back from you, so I was still praying for your child."
Another time, once HG Chaitanya Charan Pr was waiting to meet you regarding some editing work for a book on Hanuman & for a long time, you remained in the room. When Prabhu sneaked into your room, it was noticed that you were praying to Hanuman with utmost sincerity to give You the appropriate words to glorify Hanuman, who is such an exalted devotee & an intimate associate of Lord.

You are teaching us that every act in Krishna consciousness must be done with complete sincerity & absorption. I hope one day, my stone like heart shall also transform & my dull head also be enlightened.
In the previous Mayapur Yatra, when You narrated the pastime of the dog being delivered by Lord Chaitanya, You taught us through this simple pastime on what must be the attitude of all devotees and gave a glimpse of what is present in the heart of a pure Vaishnava like Your Holiness.
You told that, it was not that the Lord was attached to playing with the dog, but the Lord wanted to bestow His complete mercy on the dog, & when the Lord did that, the dog was chanting in ecstasy, leading kirtan & hundreds of other devotees were following the dog. You were telling us indirectly, that in the same way, whatever good things we do in our preaching, have hundreds of followers, we should consider ourselves as insignificant as the dog & understand that it is simply the mercy of the Lord & all the Acharyas.
In this way, Maharaj, You are helping your disciples to become finer in Krishna Consciousness. You are teaching us that even in our thoughts, there should not be a trace of pride. We should never consider any of our qualities separate from Guru's mercy.
I would always wonder how a sincere seeker of God such as Your Holiness, to whom Mother Ganges revealed the Hare Krishna Mantra, even before meeting Srila Prabhupada could remain so grateful to Srila Prabhupad. You cited the example of Prahalad Maharaj during this Puri yatra & mentioned that his feeling of gratitude & humility is in the present tense & not in the past tense. You also mentioned during this Puri yatra that although You were in Vrindavan, it was only by Srila Prabuupad's mercy that the most confidential form of Jagannath, Baladev & Subadra were revealed. As mentioned in the scriptures, an ideal disciple always considers himself a fool in front of the spiritual master. I seek your blessings that I shall also inherit this wonderful quality of remaining grateful & humble.
A tree with very deep roots can stay firmly grounded and give rise to many wonderful fruits. This is one of the greatest gifts you have given to all of us. So many of your intimate disciples are helping us in our spiritual life at each and every step in our spiritual life. HG Radheshaym Pr & HG Radha Gopinath Pr are helping our ICC Temple to become a better community. HG Krishnanand Pr's regular intense association always reminds us on the urgency of improving in our spiritual lives & absorbing ourselves in every spiritual activity.

During this Puri yatra, while reading some meditations of Chaitanya Mahaprabhu on the water pastimes of Radha & Krishna, I was very disturbed & wondering if at all there would ever come a day when I would truly understand these pastimes. In the lecture, You very mercifully mentioned how the more we feel unqualified, the Lord will uncover the true understanding of these pastimes. I deeply regret that my heart is still filled with mountains of lust, anger, greed, pride, illusion & envy. On this day, I sincerely seek for Your divine blessings to help me overcome these anarthas & not succumb to them.
At the same time, I regret that I have not been able to practice Krishna Consciousness with sincerity.
On this auspicious occasion, I'm begging you Maharaj to kindly bless me so that I may get sincere desire & determination to reciprocate with the unlimited mercy which the most merciful Lordships & all the senior Vaishnavas are showering upon me.
I beg at Your lotus feet to give me the strength to call out the Holy Names in utter helplessness, to completely absorb myself in all my daily spiritual activities & develop genuine humility & aspire to always remain a humble servant of servant of the Lord.
I also humbly beg at Your lotus feet to shower Your causeless mercy on my beloved wife HG Prema Madhuri Devi Dasi, who has been helping me in all possible ways in my spiritual journey. She also renders services in temple such as deity dressing, ornaments making, garland seva & Krishna Kingdom classes on Sunday for the congregation children & outsiders.
I also humbly beg at Your lotus feet to shower Your causeless mercy on our beloved daughter Haripriyaa so that she remains

protected in the path of Krishna Consciousness. She is indeed very fortunate to get association of so many exalted devotees right from her childhood.
Your aspiring servant.
Haridev Krishna Das.

Please accept my humble obeisances at your lotus feet! Jai Srila Prabhupada!

Guru Maharaj by your every action and your graceful movements you demonstrate to us how a devotee should live and behave. Words emanating from your lotus mouth are filled with deeply realized knowledge and nourish over spiritual lives. Your ecstatic Kirtans are filled with deep longing for the Lord and purify and uplift us. You remind us of the six goswamis of Vrindavan. You are constantly thinking of Lord's pastimes. Your each and every action is guided by the cardinal principle of whether it will be pleasing to the Lord and His devotees or not. You are practically teaching us how to be servant of servant, the key to pure chanting. By your sweet interpersonal dealings you are giving us a peek into how the spiritual world is like. We are forever indebted to you for all the austerities and troubles you undergo in order to feed us with spiritual nectar.

Our humble prayer to Lord is to keep you in good health. May Lord give us the spiritual strength so that we can live up to the ideals you want us to follow and please you.

Hare Krishna Maharaj, my humble obeisance to your lotus feet and lotus feet of all your disciples and followers. All glories to Srila Prabhupada. Maharaj, it was rekindling the wisdom and reviving the lost spirit with your vani this Kartik Yatra 2023. Historic arrangements and attitude amongst devotees is sign of your training and teachings. I am a lowly devotee, in a dot like space of Krishna's creation, fully covered by waves of maya. Somehow or other trying to hinge across your words and devotees to make some service unto mission of Srila Prabhupada and Lord Chaitanya. Maharaj, I do not think that I will ever get chance to personally meet you, get some instructions and menial service. But, from heart, I do not expect or aspire anything from your end. Your words are sufficient to take me across the ocean of nescience and make me continue service to Lord Chaitanya and Nityananda. Maharaj, we are trying to serve Sita Raamji, Gaur Nitai and Jagannathji. Under blessings of Animesh pr , Praneshwar pr of ISKCON RAU, we try to do Raam Navami at some scale for expanding preaching and serving the Lordships. Please bless us to make it more beautiful and pleasing celebration. HG Sankirtan Ananda prabhus simplicity and adherence to your mood and mellow is beacon light for all of us. In bangalore, HG Vraj Krishna pr and HG Vyas Acharya pr are engaging and guiding us. This 2023 was first yatra for my wife, she derived lot of inspiration from female Prabhupada disciples like Mandakini mtji. We are so grateful, it's only due to you that we get association of these devotees who have witnessed and being part of Srila Prabhupada's earthly pastimes. when there were so many micro and macro problems in our voice in Kharagpur, your appearance on the horizon of Kolkata brought all soothing experiences. I am simply grateful for each of your words, actions and thoughts. Directly or indirectly they create all good fortune for insignificant living entities like us. Very adamantly, I pray to Srimati Radharani to let you be with us for at-least a half millenium. I ardently pray to Lord Hanuman to give you great physical health and strength and remove all the discomforts on mundane platform. Please give me strength that I can remember you atleast three times a day and keep surrendering my body mind speech and actions and everything which come or may come or even may not come in serving vaishnavs as per your instructions and desires. Always in service Harmendra Mishra

Respected Guru Maharaj,
I feel thoroughly unqualified to write words in your glorification, still for my pu-

rification and pleasure of Lord Sri Krishna and Vaishnavas, would dare to make an attempt.

Following are few aspects i would like to highlight upon based on learnings from your lectures and example,

1. Respect : you repeatedly ellaborate on 'amanina mana dena' principle. In recent Kartik Yatra to Sri Jagannath Puri Dham, i saw you giving all respect to local priests. On HG Yadubar Pr's appearance day during the yatra, major part of the evening was dedicated for his glorification. I strongly desire to develop this quality as it is foundational for the development of love.

2. Non-judgemental : Your appreciation for other devotees touches hearts and you very expertly highlight the essence. You try to encourage everyone in bhakti and as a result people from all backgrounds are getting connected. Be it simple villagers surrounding Govardhan Eco Village, or the famous Yoga groups in west.

3. Service : 'To love is to serve' is one of your often quoted statements. In Vrindavan you accepted gift of a land from vrajbasi seeing his service spirit, not bothering about the unfounded criticisms from others.

4. Mercy : You have taught through your lectures the mood of 'prem bhikari', begging for mercy. By observing your intense absorption in chanting, your often speaking about the greatness and contribution of Srila Prabhupada in lectures, it signifies very much this aspect to me and I wish to never consider in life myself independent of mercy of Hari, Guru and Vaishnavas.

At this stage, when there are continuous battles going on inside me and outside of me, i seek strength to win the ultimate war of being situated in eternal service as servant of servant of the divine couple. I wish to surrender whole heartedly at your lotus feet and seek a drop of your mercy to never leave bhakti. Also i pray to Lord Sri Krishna for your good health and vapu association for many more years as it is very inspiring for me.

Your aspiring servant of servant,
harsh bansal

Hare Krishna Maharaj,
Please accept my humble obeisances unto your Lotus feet,
When I first heard your lectures I got to understand innermost realities of this material world till that time I'm just suffering birth after death and death after birth without understanding who am I?and what is the purpose of my life ?
When I first read your journey home book I got to know about you that how you were searching after the truth and when you understood the highest philosophy and knowledge about the absolute you dedicated your life and soul to Bhakti (practise of devotion-

al service). Also you showed us how one should be eager and sincerely trying to seek the truth unless and until it is convinced to us.
By your practical example you showed us how one should honour the devotees and greet them and serve them with one's utmost sincerity and devotion. You have time to time showed us that how one should implement sri Chaitanya mahaprabhu's in one's life by following in his footsteps and understanding the crest diamond which he has given us that is prema bhakti highest in all of this creation. Also your emphasize on trnad api sunicena taror api sahisnuna amaninena manadena kirtaniya sada hari teaches us that what should be the mood of a devotee ? He should be humbler than the grass in the street, tolerant than a tree and without aspiring for respect one should offer all respect to others in such a way one can able to chant constantly the names of Lord.
Your kirtans are always in the mood of separation from the Lord and I've no words to show my gratitude because your mercy is as vast as ocean and my words are like drop of water. So I pray to your Lotus feet gurudeva to keep me as one of the speck of dust at your Lotus feet and become your Servant of the servant of your Servant life after life that is goal and ambition inorder to attain success of this human form of life.

Hare Krishna!
Please accept my prostrated obeisances.
Dear Guru Maharaj,

Thank you very much for your wonderful lectures which are so filled with unlimited oceanic wisdom. In many provoking and challenging times, your lectures have helped me a lot. Your emphasis on trinad api sunicena is becoming more and more meaningful as I am passing time in KC.

Your life is so glorious, how you lived in New Vrindavan constantly engaged in Krishna's service, making 6 offerings a day, doing all night kirtanas, just sleeping for 2 hrs. You are not a personality of this world, you have specially descended to show causeless mercy on fallen souls like me.

Another great virtue taught by you that has completely changed my life is GRATITUDE, especially your emphasis on the verse – tat te 'nukampam... This is so important for our progress in Krishna Consciousness. Thank you Guru M for saving us from the illusions of false ego, your lectures completely smashes FALSE EGO and brings us to true ego of being Krishna's loving servants.

How wonderfully you have developed Radha-Gopinath Temple Community with so much love and care, creating such powerful leaders like Radheshyampr, Gaurangapr, CaitanyaCaranpr, Gauranga Darshan pr and many others...

Another thing that you always emphasize in every lecture is mood of being Servant of servant, to serve Vaishnavas.. This is so important for us, I am trying little bit to follow this principle in my life.

Recently, you came to Kolkata and gave your divine association. You spoke on Chaitanya Lila with such enthusiasm giving powerful lessons in between. You were praying so intensely to Sri SriNitai-Gauranga, it seemed you were literally talking to them.

Despite so much age and bad health, you are constantly travelling throughout the world enlightening and giving shelter to millions of devotees. I am amazed at your love, dedication, forgiveness, compassion, seriousness. Please bless me so that I may develop a drop of these divine qualities in me.

In the Kartik Yatra, I first time saw you chanting the Holy Names. You were chanting with such intensity, eagerness and attention despite so many distractions.. Please bless me so that I may develop some taste for chanting the Holy Names of the Lord.

Your glories are unlimited Guru M, I am just trying to touch the surface of this great ocean of your glories..Your are perfect in every respect!! Perfect Soldier of SrilaPrabhupada! As RSP says, you are a genius! Please bless me that I may also act as a insignificant horse in this army of SP and LCM.

I am very fallen, filled with material desires and anarthas and your mercy is my ONLY HOPE. Please bless me so that I may become humble instrument in the hands of Guru Parampara and assist my senior Vaishnavas in developing a gorgeous temple here in New Town, Kolkata..

Please bless me that I develop genuine humility, forgiveness, respect everyone and give up desires for being respected.

Seeking your mercy always.
Your aspiring servant
Harshit.

Dearest and Respected Gurudev,

Please accept my humble obeisances unto your lotus feet.
All Glories to Srila Prabhupada and unto your divine self.

On this Auspicious 73rd Vyaspuja of yours, I want to thank you so much for this amazing Jagannath Puri Karthik Yatra Gurudev. It was so wonderfully arranged under your expert guidance, that every aspect of the yatra was spiritually uplifting and completely nourishing. Everyday eagerly waiting to come to your lectures and kirtans in the evening was the highlight of my yatra experience. Your love and eagerness for Krishna Katha is so much that hearing from you, we were able to see the amazing personalities from Chaitanya Charitamrita like SarvaBhavuma Bhattacharya, Haridas Thakur, Govinda, Raghunath das Goswami, Paramananda Puri and even Chaitanya Mahaprabu appear in front of us enacting those pastimes.
Thank you so much Gurudev for this spiritually nourishing yatras, no words can describe these experiences only one has to be there to relish it. During one of the lectures you mentioned, even though there is so much technology through which one can hear your lectures from afar. But being situated in the dham and hearing from you sitting amidst 10,000 eager devotees, no experience can come close to this.
Suddenly we all felt we were seeing Lord Jagannath and Chaitanya Mahaprabhu in front of us enacting all these pastimes. Thank you, thank you, thank you so much Gurudev, without your mercy and blessings, it was not possible for us to be there to

witness this, Jagannath Magic.

In Bhagavad-Gītā, Krishna describes how we make spiritual advancement.

‘vyavasāyātmikā buddhir
ekeha kuru-nandana
bahu-sākhā hy anantāś ca
buddhayo ‘vyavasāyinām’ (BG 2.41)

“Those who are on My path, they are resolute in purpose and their aim is one. Those who are irresolute, their intelligence is many branched. Krishna Consciousness is not for them. And Vishwanath Chakravarti Thakur in his very famous commentary of Bhagavad-Gītā, he describes that resolute determination simply means that you make the order of your guru your life and soul. You have no separate interest than the desire of the spiritual master. As jeeva-atmas living in this world, however great we are, we are most insignificant. And in the execution of our service to the Supreme Lord, we will inevitably encounter many situations where things go helplessly beyond our control, and it is very easy at that time to give up and say, “I cannot do it”, “It is not possible”, “I tried”. Gurudev you always explain, to be Krishna consciousness means to have faith in Krishna in those circumstances. To have faith that the only limitation in my service is my own lack of faith in the power of Guru and Krishna. On this Most auspicious Vyaspuja day of yours, I pray at your lotus feet Gurudev to always have Faith in your words and Krishna and to follow your instructions in all circumstances of my life. Thank you again Gurudev for the immense love that you continue to shower upon me always and for the Enchanting Krishna Kathas and Nectarian Kirtans.

Hare Krishna Maharaj,
Please Accept my Humble Obeisances
All glories to Sri Guru and Sri Gauranga.
All glories to Srila Prabhupada

Very recently I got to attend my first-ever Karthik Yatra. I heard about these yatras over the years and I am very grateful for being able to finally attend it.
I got to see how much importance you give to these yatras in order to best guide your disciples. I am very grateful for your love and care.

Over the years I might have heard you emphasise the principle of humility hundreds

of times. I appreciated the principle and theoretically understood it.
Later I heard the statement: Humility is also about how less we think about ourselves and how much more we think about Krishna
By your mercy, I got to realise to a tiny extent in this Karthik Yatra. At the beginning of yatra, I was thinking about myself and the issues I have with my job and if I should go back from yatra early. But in the first class, you said that we do not know how many million lifetimes we took to get this opportunity to be in Jagannath Puri in the Karthik month and in association with so many wonderful devotees. This statement changed my perspective and I decided to forget everything about the mundane issues and focus on yatra.
The change in consciousness was huge. Once I stopped thinking about myself, I could see how glorious all the aspects of the Jagannath Dham are so wonderful and what a great opportunity this yatra is.
This is very much in line with your statement: "If we have any false pride about our importance in the world, we are not aware of our own fortune."

Suddenly all your emphasis on humility started to make much more sense.
Earlier when you asked about how we could be passionate in both spiritual and material life as focus on spiritual life might lead to lack of motivation on career. You emphasised that we should set aside exclusive time everyday for spiritual life and the rest of the time we could be as passionate in career as possible to offer it to the Lord.
Combining these lessons I wish to sincerely endeavour and pray to carry the same consciousness about focusing on the glory of every small aspects of devotional service I get to render in day to day life and try to think less about my mundane issues - at least during the time I set aside for devotional service.

On this very auspicious day, I pray to their Lordships for more and more association of your holiness in terms of many more such yatras and in all other means possible. In that association, I pray at your lotus feet for a tiny speck of the consciousness of being grateful towards the opportunities of devotional services we are getting and to truly understand their glory.

Hare Krishna

Dearmost Guru Maharaj

Please accept my most humble obeisances at your divine lotus feet.

Everyday passes in agony by thinking and living a casual life of bhakti seeing how I'm so far far far away from your divine, serene and sincere teachings, guidance and appeals. And the same teachings and guidance produces the hope that one day by the causeless mercy of you and your loving as-

sociates, we will be accepted by Krishna.

Your divine and powerful vani has the power to pierce the hardest rock like heart and ooze out nectarine divine loving devotion eternally hidden in hearts of everyone but that needs helplessly the association of pure devotee like you to bring it out. I myself saw this happening in own life and in millions of others. Just because of your tireless reminders to become humble, tolerant, respect others was more persistent and consistent n powerful than our eternal arrogance, stubbornness and envy is slowly dissolving. I just feel again and again.. YADI GURU MAHARAJ NA HOYITO TABE KI HOYITO.... When I see the history of my coming to Krishna consciousness, I see with clear conviction that just and just your wani was the cause to accept n decide to attempt to transform the filthy material life. There was nothing which would have acted if your divine words would be missing. You are our everything and without your wani breathing in bhakti will cease to exist. It is just non explainable in any amount of words wha happened to us by touch of your divine self. Everyday a new confidence, new hope, new desire to serve, a renewed enthusiasm, a renewed desire to become sincere, a new direction n perspective to see the life n world, a new zeal to help others, a renewed strength to fight the battles, a new desire to please devotees, Prabhupada, a renewed aspiration to remain unassuming, simple, humble dawns..... all these things n much more happiness just be hearing you, remembering you, mediating on you, seeing you divine photograph, by meeting your student. My greatest fortune of life is you Gurudev.

Kindly accept this fallen soul.

Firstly, feeling extremely fortunate to write a Vyasa Puja offering to you Maharaj. Your radiant & humble smile always pops up in my mind, especially in turbulent times. Can never forget getting your darshan for the first time in-person in Jagannath Puri yatra, Jay Jagannath!! All the 6 days will forever be stored in my core memory.

Thank you Maharaj, for 'n' number of things. Be it cultivating gratitude, humility in us by walking the talk, by your teachings which provide us with a clarity of thought, action & emotions. If only souls like me could borrow 0.000000000001% of your mood to serve Prabhupad & Krishna.

Again, thank you is a small word for you Maharaj.

Dear Guru Maharaj,
Please accept my most humble obeisances at Your lotus feet. All Glories to Srila Prabhupada. All glories to You. All glories to Your lotus feet.
Wishing you a very Happy Vyasa puja dearest Guru Maharaj.
On this most auspicious day of Your 73rd vyasa puja, I fall at Your lotus feet and beg the ability to glorify Your divine and magnanimous character. Your appearance day is always a good opportunity for this fallen soul to express gratitude for what You have done for me.
Gurudeva, You have been so merciful upon

me, because of Your mercy I am having this golden chance to glorify You, although I do not have qualification to do so. This year on Ramnavami day, I heard Your lecture where I got answer to my question that why do I love Vrindavan more, because You said in that lecture, we are devotees of Vrindavan by tradition and by faith. One more point that touched my heart was when you said, "when we hear the pastimes of the Lord attentively, we are present in it." Your lectures always motivate and inspire me to do more and more services, although I still lack in doing so. I am very grateful to You dear Gurudeva as from your lectures I get inspiration to become more serious in my bhakti. In October 2023, I and my wife got a chance to stay at ISKCON Chowpatty for 2 days by the mercy of my counsellor H.G. Krsnanaam Prabhu. By staying at the temple, I realised that the mood of the devotees was very kind and helpful, due to which we got opportunity to serve H.H. Chandramauli Maharaj. I felt like home at the lotus of Sri Sri Radha Gopinath. I could feel the mood and presence of Your divine grace at that temple.

Guru Maharaj, my wife (Hemangi Priya) and I are going together for cooking service on Sundays for Sunday love feast at Sri Sri Radha Banke Bihari Temple, Nairobi, Kenya. Even we both are going for Bhakti Shastri class every Sunday evening. Every single day I try and do deity worship at home as we have beautiful deities of Sri Sri Nitayananda Gaur. I like to do dressing of the deities a lot. This kartik I had taken vows in front of H.H. Bhakti Dhira Damodar Swami Maharaj that, we would chant 20 rounds every day, and on ekadasi day we would chant 32 rounds. Also, we left sweets, paneer, chocolates, fried food for whole kartik month, and during Bhisma Panchak, we did fast from grains. By Your mercy we could faithfully follow all the vows. Also we are waiting for book distribution marathon.

Gurudeva, on this auspicious occasion of vyas puja, I beg You at Your lotus feet that kindly shower Your mercy upon me so that I can at least try and serve this Srila Prabhupada's mission like You. Your smile is always there in my heart, which gives me strength to move forward.

I am sincerely praying at Your lotus feet to always keep me in the association of Your devotees who will take me closer to You and Krishna.

Kindly accept my heartfelt humble prostrated obeisances to Your lotus feet Guru Maharaj. This is the first time i'm writing an offering to You kindly forgive me for my mistakes, i'm sure there would be tons of, kindly accept the sāra (essence). i feel like i may not live long seeing how my life is going, that's why considering it my last opportunity to express my gratitude, I'm going to write almost everything (i'm lazy & my english is not good i don't know if it's possible for me). Kindly give me strength Guru Maharaj to write this offering for You.

Few days back we completed our this year's Kartik yatra in Sri Dham Jagannath Puri from nov 16 - 21. This was my 1st yatra with You Guru Maharaj & overall 2nd yatra of my life.

One year back in 2022 i didn't know anything about Your personal life Guru Maharaj

though i was hearing Your short videos on YouTube from many years ago. Last year i had gone to Sri Vrindavan dham 1st time in my life with my mentor HG Toshan Nimai Prabhuji from ISKCON NVCC Pune (though i live in UP), there He asked who has read "Journey Home" book, almost everyone raised their hands. i was like i'm the odd one out here. So when i came home i thought of reading it but didn't have the book. Then after a few days there was Vyasapuja of Yours in NVCC Pune. In those offerings one devotee mentioned that in 1 month he completed Journey Home audiobook available for free on YouTube. I was like this is perfect. So Dear Guru Maharaj like that i heard entire book from Yours transcendental voice & i came to know about You. Now You have become my life & soul, seeing You i want to offer my body mind words life & soul to Your lotus feet. Kindly accept me as a speck of dust to Your lotus feet, kindly accept me, You are my master birth after birth after birth, may i never forget Your lotus feet & Your nectarine Hari Katha.
One thing i have noticed Guru Maharaj Your artha pravritti & artha nivritti both the lectures are top class, it's a very rare combination but still Guru Mahraraj You have mastered the art. You are a true perfectionist, harmonist. Guru Maharaj You add/bring so many points/perspectives in one topic that i totally get awestruck, i can only think is this also possible. From Journey Home book i can 100% say You are a naishthik brahmchari, in truth Guru Maharaj You are beyond paramahamsa stage to be precise You are gopi who serves under our beloved Senapati Srila Prabhupada & we would be serving under You with our shiksha gurus. Till then i want to offer my blood in the sankirtan yagya.

Kartik Yatra 2023 nov 16 - 21
Srila Guru Maharaj's inconceivable Reciprocations

My purpose (external) of yatra was to have lots of prasadam, lots of katha, lots of dancing but KY meditation videos of Yours Guru Maharaj made me realize "I'm coming only to beg, cry & ask for mercy & do selfless seva." Also we come fully dependent on Krishna. Since this was my 1st yatra with Guru Mahraj, He has never seen me & I have never seen Him personally, i "'m not an initiated devotee of You Guru Maharaj but still You reciprocated with me so much that i can't even imagine. If Guru Maharaj You are reciprocating this much with a non initiated devotee i can't imagine how much You would be reciprocating with Your sons ie initiated devotees.

Day 1
So, i landed Puri on the night of 15th nov. On the next day i reached pandal by 5 am for Mangal Arti. In between Mangal Arti one devotee announced on mike that almost 50 devotees are required for sabji cutting. So immediately i remembered Your instruction Guru Maharaj, so leaving Tulasi Arti i went for sabji cutting. So from almost 5.20 am to 01.50 pm i did subji cutting, gulab jamun making (for disappearance day of Srila Prabhupada) etc. In between i did breakfast somehow. My room was 2.6 km away from pandal & in the morning at 4.30am i didn't get any TOTO so i went on foot for 30 mins & chanted 3 rounds on the way. But due to some unknown reasons i couldn't register for the yatra. All devotees were wearing wrist bands showing different groups. So with this badge they could easily get prasadam. But as i didn't have badge so there was no way i could get prasadam & also couldn't get on the bus to visit different holy places. I told one saffron devotee who was leading in the sabji cutting area for prasadam but he also refused. So now by 2 pm my stomach was completely empty, i didn't know where to get water also (later on i came to know i need a coupon for that too). So i came out of the kitchen & stood in front of the stall and started chanting my rounds. My kartik vrat was 25 rounds so I decided to complete all my rounds as Guru Maharaj You would come & give a lecture. So as i was chanting i was crying within, my stomach was rumbling. Within no time i started getting negative thoughts, immediately refuted all those thoughts with logic of shastra & Your instructions. I came dham to eat more prasdam, Lord Jagannath is Lord of eating & here in His kshetra I'm not getting to eat anything, also You told Guru Maharaj to

completely depend upon Krihsna's mercy. So i said to myself jei gaura sei krsna sai jagannath. I knew this is the test of Lord, this is His dham His land i'm His child He will definitely take care of me.
I was alone so i couldn't figure out what should i do so i kept on chanting. In between was singing my 3 favorite bhajans on Sri Sacinandana Gaurahari. In between my mentor came & asked to have prasadam but to be honest till that time my hunger had died, but Prabhuji forced so i took sweet only. When we were having prasadam one saffron devotee started talking about Srila Haridas Thakur, like how he was criticized & tested all his lives & Sri Caitanya Mahaprabhu made him Namacarya. That little talk gave me so much enthusiasm. Then i completed my rounds & went inside pandal to attend Your lecture Guru Maharaja. The 1st time i heard Your lecture live physically sitting in the pandal, i couldn't believe my good fortune. I realized this is a true blessing Guru Maharaj has allowed me in this yatra & i'm hearing Him live. This was the first time i saw You personally, i couldn't believe my eyes, though i was not able to see You properly but with the screen You were perfectly visible.
After hearing Your nectarine lecture my hunger didn't matter. For the first time in my life i saw You Guru Mahraja in front of my own eyes, i was sitting in the middle of the pandal so i was not able to see You properly but with the help of the screen i could see You very clearly. You looked so effulgent & in that goswami dress of Yours, You looked like You are going to conquer all the 3 worlds. Your smile Maharaj just completely enchanted my heart, i sold my heart to Your transcendental smile. 1st of all Guru Maharaj You started with singing one bhajan which is one of my favorite (out of 3), i was surprised. After class You sang one more bhajan which is also one of my favorites. With Your ecstatic kirtan i was drawing in ecstasy & these bhajans just blew my mind away. One point is that, i can say this was a coincidence but in reality there are no coincidences. So I'm very grateful to You Maharaj that Your heard the unheard voice of my heart.

Insights
I think Guru & Gauranga prepared my consciousness, purified my body and mind by forcing tapasya on me & prepared me in the mood of total surrender to the will of Guru & Gauranga. One secret i want to share, since Lord residing in our hearts comes in front of us as Chaitya Guru so i always talk with You Guru Maharaj being present in my heart as my life & soul. So before yatra & in yatra i was constantly talking to You Guru Maharaj being present in my heart & i was surprised when You heard my talkings/ prayers many times & replied in the lecture & off the lecture in dham. As Lord does mugdha lila & sarvagya lila so this is my own thought that Maharaj most of the time You are doing mugdha lila & in very rare opportunity only You show Your sarvagya lila. There are many pastimes for this which i have heard from many different devotees.

Day 2
I had set my mind before coming to yatra only that i'll not go to take darshan of Lord Jagannath as Guru Maharaj You also don't get the darshan & Srila Prabhupada also refused. But the next morning by the divine arrangement of Yours one of the devotee from my mentor's class offered me to go & have darshan of Lord Jagannath by 5am in the morning. I was shocked after hearing this as i was alone & had no badge so didn't hope all these. I thought like on the 1st day i would go attend mangal arti & then go to the kitchen for seva. So i took it as mercy of Yours Guru Maharaj & went for darshan. With Your mercy Guru Maharaj i was having constant darshan of Sri Baladeva & Subhadra Maharani for almost half an hour, it sounds totally impossible but it happened, for like 3 minutes i got the darshan of Lord Jagannath. I asked for forgiveness & during this time i was constantly chanting verses players which i learnt from my mentor. I never imagined in my life i would get darshan like this. 1st time ever in my life I honored Jagannath prasadam in Anand Bazar. Then in the evening i got darshan of You Maharaj, heard a nectarine lecture of Yours & danced in kirtan.
After the class g kirtan during lamp offering i saw Your video on the big screen, i

saw Guru Maharaj Your eyes looked totally black filled with tears & didn't flicker Your eyelids while offering. I was so so happy that for the first time in my life I'm seeing my Guru Maharaj in ecstasy, eyes completely filled with tears, very attentively doing dīpa dāna. Thank You very much Maharaj for showing Your little bit ecstasy to me as an underving candidate.

Day 3 (most important for me)
But, still i was not satisfied till now. I was constantly saying to myself that i have come this far from my small village & i can't see my Guru Maharaj face to face. I said this to my mentor, he said you sit in the front in lecture & have sufficient darshan of Guru Maharaj. So in the morning my mentor planned to go & chant in the Tota Gopinath instead of attending mangal arti. So after that we came to the pandal & immediately i heard Guru Maharaj is coming, immediately i saw everyone is standing in two parallel rows, so immediately i also made my way into that row. I saw You Maharaj just few inches away, You were smiling & Your smile was stealing everyone's heart. All the devotees were so mesmerized by Your transcendental darshan that they forgot one very important point. When Maharaj You came in front of me You didn't look at me & went to the opposite row, immediately i collected sacred dust from Your lotus feet, i collected it in a polythene which i had brought for this purpose only. Then after few seconds only every single devotee started taking sacred dust. So when You Guru Maharaj were standing next to me facing away i saw an ant to Your head, i said this to Your bodyguard (a devotee only) but first he said there is no ant then he said we can't do anything now, so Guru Maharaj You just tolerated. On the next day i remember some ants were inside my kurta when i was listening Your lecture i could not control myself & was itching continuously. At that time i remembered one pastime from the "Guru Smaranam" book: how one devotee had offered You a tricolour garland which was infested with red ants. Still Maharaj after getting that garland you didn't put it aside, devotees sitting in front could see red ants covering Your chest area but You were so absorbed in the bhajan that it didn't even bother You, we can't estimate how tolerant, how absorbed You are in Your bhajan. From my point of view it is very clear that You have transcended this physical barrier but just to show the world You happily accept all these adversities over Yourself.
After this i went ahead in the row again but again You didn't look at me then again for the third time i went to last in the row & this time You glanced at me (for s microsecond) & was smiling throughout. Now i think my life is successful. So Maharaj without even asking You fulfilled my desire, na pāraye aham, i can't repay you, i can't repay Your debt in unlimited lifetimes. So Guru Maharaj i recorded video from my mobile so whenever i want i can capture the moment.

Day 4
As planned i sat in the front and got Your darshan Guru Maharaj when You were entering into the pandal from right side, but to my surprise the lecture was given by HH Candramauli Swami Maharaj(amazing lecture). But still i got Your darshan from not too far & i was very happy.

Day 5 & 6 (hari hari bolite nayan bahe nīra)
In the morning i went to the beach (Yamuna maharani) for chanting, there i saw fishermen catching fish. I took one small fish which was alive & threw it in the ocean but the dog went & ate that fish. I remembered the similar pastime which happened with You Guru Maharaj.
For the evening katha on both the days as usual i sat in the front most row possible for a common person. So during the class Guru Maharaj You gazed over me many times as i was trying to hear Your each & every word very attentively. In between Guru Maharaj you told many things in a funny way & made us laugh. There was one point in katha where You said Maharaj devotees were falling on the ground (from the separation of Gaurhari taking sannyas), so after hearing this Guru Maharaj devotees started laughing as You said in that way but i was so much absorbed in hearing & making pictures in my mind that i was about to cry after hearing this, Guru Maharaj You saw my face & You also left that funny side & be-

came grave, i became so happy that Guru Maharaj You understood my feelings.
In the night after 9 pm we went to the beach with my mentor & 2 more devotees. I sat alone, i saw sky is black, almost full white moon is in the sky, ocean is flowing making sound, immediately i remembered Your katha how Sri Caitanya Mahaprabhu upon seeing the sea remembered Yamuna & with the speed of mind entered into the ocean & that fishermen pastime happened. So as i was remembering this pastime & was singing my 3 favorite bhajans of Gaurhari & meditating on it's meaning, meditating Your classes on Antya lila how Gaurhari was scratching His face against the wall suddenly tears started flowing from my eyes like anything & it went on for 10 mins. So for the next few days also whenever i was chanting Sacinandana Gaurahari, any line from those 3 bhajans my eyes were getting moist. I thought just by chanting Gaurhari's names this is happening to me. Think of You Guru Maharaj how would You be feeling when You hear the name of Krishna, i just can't imagine. Thank You so much Guru Maharaj for giving me those divine experiences.
On the last day in the morning i got an opportunity to chant with You in the morning, as i was making a video in between You just looked at me once to Your left & i felt this is a very nice ending.

Few More Points Glorifying You Guru Maharaj

As Srila Prabhupada said if you chant for 50 years you become perfect, you start chanting shuddha nama, so Guru Maharaj You have already completed Your 50, so we can't imagine how much ecstasy You are feeling each moment (i ask forgiveness You already had this stage since time immemorial).

This i realized one thing - as HDG Gaur Govind Swami Maharaj used to say, we have opened a crying school, so i realized GAUR LILA IS TO MAKE DEVOTEES CRY CRY CRY..., Gaur Lila is our life & soul & entrance into Krihsna Lila & Maharaj we got to hear Gaur Lila for 5 days in Yatra.

For saying You live in Goloka but for the deliverance of patita jivas of kaliyuga like me You have descended into this material world out of Your causeless mercy.

Anubhāva of Lord towards His devotees is just unmatched, for ex Indra poured rain that's why Lord lifted Giriraj, there was fire in lakshagraha that's why Lord came to save Pandavas, similarly, i got to do so much austerity on day one that You Guru Maharaj shown Your anubhāva by giving me Your causeless mercy.

If we carefully read Sri Shad Goswami Ashtakam, every 3rd line of 2nd to 7th stanza & full last stanza (8th one) describes Your mood Guru Maharaj, how You are always so much absorbed.
(2) rādhā-kṛṣṇa-padāravinda-bhajanānandena mattālikau
because they are absorbed in the mood of the gopis and are engaged in the transcendental loving service of Radha and Krsna, etc.
But if we read more carefully it will be revealed that almost the entire Sri Shad Goswami Ashtakam is the life You have lived Guru Maharaj & which You are living now & will be living like that always. I remember one pastime where Guru Maharaj You used to do exercise & tell one devotee to read the lives of six Goswamis.

My coming to dham has become successful just by taking darshan of Your lotus feet.

By the glance of Maha Vishnu universes are created & by the Kripa kataksha of You (Guru Maharaj) my journey to all these universes will stop & it will be a sweet Journey Home.

In short Q&A video of Yours Guru Maharaj i have observed, devotees ask so many complicated questions that even i also get confused but Your answers are so profound, deep that it makes yes question was right not wrong & Your answer is just out of this world. We common people generally tend to go to conclusion but You Guru Maharaj You without going to conclusion spend sufficient time discussing the point in between the two opposite conclusions, that just

blows my mind away, this is just not possible any ordinary soul, it shows how deep deep Your thought is Guru Mahraj, we are just so much blessed that we get Your Hari katha with deep deep lessons.

Srila Prabhupad wrote BACK TO GODHEAD magazine & You Guru Maharaj wrote book JOURNEY HOME
BACK TO ← → JOURNEY
GODHEAD ← → HOME
So, i wanted to emphasize on this point that HOW GOOD/WELL/SERIOUSLY/KEENLY GURU MAHARAJ YOU are following SRILA PRABHUPADA.
So this is the path of the journey, this is the secret..
The way You hold beed bag after You complete 16 rounds, the way You walk, The way You cut to the point, the way You try find ways to show compassion on us, the way You have suffered so much in the past to make ISKCON unite, the way You have saceificed Your life from the order of Srila Prabhupada, every detail of You is a secret from the shastra, every detail of You is an offering pure surrender to Your Gurudeva Srila Prabhupada.

Recently i saw a video in which You were getting welcomed in ISKCON Kolkata. So when pujari came he offered dandavat & so immediately You also offered dandavat. I couldn't understand why did You do that Guru Maharaj. But after few days You only answered this through Your past lecture where Sri CMP does the same with pujari.
Like this there is infinite list of Your pastimes Guru Maharaj which i can't fathom with my very very small wings. Like sky Your lila is unlimited and me being a small bird with small wings tried to describe a little bit of it.

We can't understand the gravity of this point that "a nitya mukta from Goloka dham just walked in front me, oh my Gauranga, kindly make me realize the gravity of it. A nitya mukta is moving among nitya baddhas just unimaginable.

I thank You dear Guru Maharaj very very Much for giving me the opportunity to be a part of this incredible mesmerizing yatra, for making me relish Gaur Katha, for giving me Your divine darshan & sacred dust, for giving me association of such nice devotees. Kindly make me a speck of dust to Your lotus feet.

One final prayer to Your lotus feet  Guru Maharaj -

ei-bāro karuṇā koro vaiṣṇava gosāñi
patita-pāvana tomā bine keho nāi

O Vaisnava Goswami, please be merciful to me now. There is no one except you who can purify the fallen souls.(kindly purify me too, don't forget this insignificant invisible beggar of Yours)

prati-janme kori āśā caraṇera dhūli
narottame koro doyā āpanāra boli'

I desire the dust of your holy feet in every birth I may take. Please consider Narottama (me) yours, and be kind upon him.

(1)
ohe! vaiṣṇaba ṭhākura, doyāra sāgara,
e dāse koruṇā kori'

O venerable Vaisnava, devotee of Krsna! O ocean of mercy, be merciful unto your servant. Give me the shade of your lotus feet and purify me. I hold on to your lotus feet.

(2)
chaya bega domi', chaya doṣa śodhi',
chaya guṇa deho' dāse
chaya sat-sańga, deho' he āmāre,

Teach me to control my six passions; rectify my six faults, bestow upon me the six qualities, and offer unto me the six kinds of holy association.

(3)

hari-nāma-sańkīrtane
tumi kṛpā kori', śraddhā-bindu diyā,

I do not find the strength to carry on alone the sankirtana of the holy name of Hari. Please bless me by giving me just one drop of faith with which to obtain the great treasure of the holy name of Krsna.

kṛṣṇa se tomāra, kṛṣṇa dīte pāro,

Dear Guru Maharaj,

Today we have been blessed with the greatest fortune of glorifying you on the most auspicious occasion of your vyas puja

The fortunate day when you appeared and blessed thousands of aspirants who were seeking spiritual path just like me, you through your empowered words, Knowledge, Intelligence and genuine compassion for all of us have kept us guided.

Words would fall short to describe your glories, and I realize that every word that describes good quality is just your casual nature of way of your dealings. Me personally have always been looking up to you as father figure and just as a father sometimes has serious and right full concern for their children you have been always shown that in your instructions.

On this auspicious occasion, I also commit to continue to follow the principles of Krishna Consciousness with more determination, because I know that would be the most pleasing thing for you and as an aspirant of your teachings and teachings of Srila Prabhupad and Other Acharyas that would be most grateful gift I can offer on this auspicious day to you.

Dearest Guru Maharaja,
Please accept my most humble obeisances at your lotus feet.

All glories to Srila Prabhupada! All glories to you!
On this special day of your appearance, I want to thank you for being a true disciple of your beloved spiritual master, Srila Prabhupada. Your example is extremely valuable and profound, teaching us so many things which are vital for us, now and forever: genuine ever-increasing gratitude to the spiritual master, deep and constant absorption in his mood and mission, eagerness to serve him and please him, readiness to sacrifice in his service, seeing other devotees as his dear servants and representatives, serving in separation and yet feeling the presence of the spiritual master, always remaining humble, even though having obtained his mercy and blessings, compassionately sharing his message with the whole world.
Guru Maharaja, I admire you and feel incredibly fortunate and happy to be connected to Srila Prabhupada's mission through you. I am still very far from having learned those qualities from you, but by seeing you, hearing from you and thinking about you, a spark of desire to follow your example is ignited more and more in my heart. Please let me offer you this spark, with the hope that one day, by your mercy, it will kindle a flame of full surrender, which will be pleasing to you.
I pray that Srila Prabhupada continues to bless you, guide you and give you strength for serving his purpose of giving the world what it's lacking the most – Krishna.
Aspiring to become your true servant,
Indulekha Priya devi dasi

My Guru!
Hare Krishna! All glories to Srila Prabhupada! All glories to Sri Guru and Sri Gauranga! Please accept my humble obeisances...

I would like to join all the numerous greetings on the occasion of Your birthday! Although I am not your official disciple (I am not initiated yet), but I know for sure - You are my Guru!!!
Since that day that I found myself at Your darshan in Chowpatty in 2018 I could feel that each word of Yours deeply penetrates my heart! I would like to express my gratitude for the fact that You are present here in this world, for each word and action of Yours that You give to this world and to me as well. I am infinitely grateful to Krishna for this unbelievable happiness of knowing You, hearing of You and trying to follow Your instructions!

Taking into consideration the intensity of Your schedule, I am very grateful to You for visiting Ukraine this year and giving Your precious association, Love, faith and hope to all those who was fortunate to be there.
I am sincerely grateful to You for this opportunity to render some small service to You that time by playing karatalas. And that day when You were saying goodbye to us before leaving I also had a happy moment of personal association with You.

I have the only regret. I had an opportunity then, but I missed it. That's why I want to rectify it now and ask You:

How can I serve You?

P.S. Although I am not Your official disciple, but I hope that one day Krishna will shower His mercy upon me and I will develop those particular qualities that could make You pay Your attention upon me and accept me as Your disciple.

Thank You,
Your humble servant, Inna

Hare Krishna Gurudev , PAMHO.

I am still speechless about what to write as an offering for you since we last met . Dear Gurudev you have done so much for me and my family that it's possible for me to express my Gratitude in words . I am learning humility from you and trying to apply it

in my daily life. I first met you through your book 'The journey Home' . I didn't knew that it would change my life completely. I got so absorbed in reading all your life experiences that I was laughing,crying , frowning and fearing as the incidences happened one by one in the book. I was so absorbed so that I didn't knew that it was already morning. In the morning I called one of the Devotees and asked him about you . I said would it be possible for me to Meet You. He said it is very difficult to personally meet but you can associate through Maharaj's lectures and his Kirtans.

For a neophyte like me it was a unimaginable instruction but I thought of giving it a try and started hearing your lectures and as time passed I realized that it is best type of association.
Somewhere deep inside my heart I was longing for your face to face Darshan , by means of your causeless mercy I got your Darshan and my Daughter got her name 'Radhika' . The instruction which you gave me and my husband in order to raise 'Radhika' are our heart and soul. I promise you that I will try my best to follow every single word of your instruction.

Please accept this little offering of mine in service of your Lotus Feet.

Yours Always Indebted Servant,
Iqra.

Dear Gurumaharaj,
Wishing you a very very happy Vyas Puja..
so many of us connect to you through your lectures only. Whenever I'm listening to your lectures I always think that it is specifically tailored for me. It doesn't matter how much deep you dive in philosophy in your lectures, you still reinforce the basic qualities which we or in particular I struggle with.. like humility, patience, tolerance. It so amazing to see how well you know your audience.

You are consistently and selflessly serving the humanity in so many different ways all over the world. Praying to Sri Sri Radha Kalachandji for your long and healthy life so you can enlighten many more souls. We would be so fortunate if we can imbibe even a fraction of that service attitude.Thank you so much Maharaj for giving me shelter and making me part of this wonderful family.

Please bless me that I can fulfill the responsibilities of a householder in a way that will please you.My only hope is your mercy Srila Gurudev as I am struggling at every step on this journey as I don't have any abilities and good qualities.May I be able to one day attempt to assist the servants of your servants and please you one time in this life.

Hare Krishna!
Please accept my Dandvat Pranams

Seeking Your kind blessings and prayers on this most auspicious day of Your Vyas Puja!

With every passing year my appreciation, gratitude, respect and love increases 100 times. I feel so blessed and fortunate enough to have Your wonderful shelter, guidance and association. I can't express my feelings in words but it's just an unimaginable good fortune.

Lord has been extremely extremely merciful to an undeserving person like to bless such association of Vaishnavas.

Last one year has been also filled with challenges and uncertainties. Though it was quite a blessed year in the sense I got to hear Your Vani more regularly and visit the Holy Dhams quite a few times. At professional front things are yet to get stabilise. But we are quite hopeful that by Your Mercy and Blessings we will be able to do something wonderful and contribute back to the Society. As You always say, and we should Earn with Integrity and Spend with Compassion. We always try to remember this and remind ourselves.

Your lectures have been my greatest strength and saving grace. They guide me in the toughest phase and keep me grounded if some success comes by Your grace.

One specific thing which I wanted to express my gratitude this year was for the greatest gift you are bestowing upon all of us.

You are bringing forward so many Srila Prabhupada disciples whom we might have never known. For example Her Grace Mandakini Mataji. The innocence, simplicity of heart, unconditional true love for Srila Prabhupada, care and concern for Vaishnav Community is something she represents so well. Her sacrifices would have been unnoticed by thousands of devotees like us, had You not invited Her for the Yatra. We feel so inspired and enlivened to see this. Like so because of You, we got association of such great souls. Your sensitivity and absorption in serving them is something we all should aspire for. Thank you so much Guru Maharaj.

Thanks for the wonderful Karthick Yatra once again. Its been a great benediction for us.

At MySacredTrip, We seek your kind bless-

ings and prayers so that we can become improve and offer something tangible, sublime and divine experiences to our guests. And by Your grace we will be able to touch new heights.

I have surely committed many many offences and mistakes knowingly and unknowningly. Please please forgive me for it.

My biggest wish is to follow the vows given to you very sincerely till last breath of my life and never deviate even for a moment from the wonderful Teachings You have imparted us.

Thank you very much Gurudev once again!

Wishing and praying for your long long healthy life!

All Glories to Srila Prabhupada
As years as passing by ,and I am witnessing the unfolding of various events in my life and others lives,my gratitude for your love ,mercy and teachings grow manifold,as slowly and gradually I come to realise that every word you spoke is becoming true,and at best I can be a mute spectator or a humble co operator in Divine plan.Maharaj I am myself surprised that I have survived in this movement for so long ,and hopefully till my last day,sole credit goes to the watertight system of devotee care which you have created and nurtured with so much effort.Real gratitude can be expressed only If I pass on the the same love and concern to new lost souls joining our movement,and staying away from offenses . Maharaj inspite of my anarthas ,not getting discouraged.I aspire to go on and on in service of vaisanavs,humanity and lord krishna under your guidance and love coming through your senior and experienced disciples.

Dear Śrīla Gurudev,
Please accept my most humble and heartfelt obeisances at dust of your lotus feet. All Glories to Śrīla Prabhupāda and Śrī Gauranga. All glories to Godbrothers and Godsisters.
It is often said that we need to look forward in life, but the perspective to look forward comes from looking backwards, that enables us to understand its greatness. As I reflect upon, I begin to appreciate my incredible fortune to be in association of devotees and as a recipient of your causeless mercy. I can understand that you appeared at perfect time and at perfect place in my life to keep me in your gentle hands, covering me and providing shelter of your instructions. Being alone and thousands of away from my birthplace without any supervision, I could have gone stray and be in strong grip of maya but your mercy, unknowing to me and completely unaware of your grace, you kept me protected from depths and hard slap of maya. I am forever grateful for all you gave to me, and I know that I do not deserve it at all, but your causeless mercy is always there.

On this most auspicious 73rd Vyasa-puja, I would like to express my deepest gratitude for your causeless mercy and grace in my life. Dear Guru Mahārāj, you have unlimited qualities but one which becomes prominent to me is your fearlessness and your determination to give yourself completely to your Godbrothers and Godsisters, your disciples and Vaishnavas as we have seen in your most recent visit to Ukraine to spread Krishna consciousness and give wisdom to residents of Ukraine who might be fearful, perplexed and full of self-doubts.

I pray that I may follow your example. I pray that I may be inspired to your and Śrīla Prabhupada's values and instructions. I want to be your instrument. Your affection and selfless love towards me are all I need and will inspires me. I feel secured.

Dear Guru maharaj ji, dandavat pranam.
All glories to Srila Prabhupada and your lotus feet! Hare Krishna!

On the very auspicious occasion of the celebration of your 73rd anniversary of Shri Vyasa puja, We all express our deep heartfelt gratitude for all your kindness and causeless mercy upon us.
Also We all wish you a very blissful and healthy long life.

Even though I was very unqualified and fallen in every way, Dear Guru maharaj you very kindly accepted me in your shelter and saved me from the miseries of the material existence.
Your Divine Life has been a very glorious, wonderful and great source of unlimited inspiration for many many devotees all over the world in their Spiritual lives.
Your humility, simplicity and great enthusiasm to serve the mission of your dear Spiritual master, Srila Prabhupada is attracting to countless souls to the devotional service.

Dear Guru maharaj, during my studies at VJTI college in Mumbai, We were introduced to ISKCON Chowpatty temple and your Holiness through the college hostel programs by HG Gaur Gopal Prabhu ji in September 2001.

I felt so much enlightenment and fulfilled by your pure exemplary behaviour and deep Love for the Supreme Lord Shri Krishna that I decided to dedicate my life in the humble services of spreading the message of the Supreme Lord Shri Chaitanya mahaprabhu.

We were introduced to the service of the Supreme Lord Shri Jagannatha in our BACEs during studies and my lectureship job.
As my legal name is Jagadish Deshmukh, I used to desire to receive my initiation spiritual name with the name of the Supreme Lord Shri Jagannatha. Also I was very much attracted to the Rathyatra festival of Lord Shri Jagannatha and used to participate in all Rathyatra festival in Mumbai. Dear Gurudev you very kindly had brought us in Shri Jagannatha Puri Dham for the Rathyatra festival in 2006. I had felt my life successful and blessed in your holy association in the Rathyatra festival in Puri Dham.
Next year on 7th of May 2007, on the very auspicious occasion of the disappearance day of Srila Ramanand Ray, you very mercifully initiated me and gave me the name Jagannatha Yatra das.
I couldn't believe my ears that dear Gurudev you had known my heart and fulfilled my desire.
Dear Gurudev, I always feel your divine presence in my life through your Divine Vani that you are always there with me to guide and protect me from the inauspicious influence of Kaliyuga.

I humbly offer my self and everything in my possession in the service of your dear servants and I am eternally grateful to you dear Gurudev for giving me the shelter at the lotus feet of Sri Sri Radha Gopinath ji.
I humbly request you dear Gurudev to forgive me for my offenses unto your lotus feet

and give me a drop of your love for the service of chanting Hare Krishna kirtan.

After the opening of Shri Jagannath mandir in my home town Pachora in Jalgaon district of Maharashtra in March 2023, now I have decided to serve at ISKCON Khargon mandir in Madhya Pradesh state under the shelter of your dear godbrother HG Shamik Rishi prabhuji on his request to assist him.
I humbly seek your blessings dear Guru Maharaj ji for my services there so that I can please you and Srila Prabhupada.

Maharaj everytime I sit for writing an offering I go wordless. I don't know how to offer a prayer or submission. And also there are so many things I want to tell you that I get confused what to start with.

Maharaj my heartfelt desire is to dedicate my life full-time for Srila Prabhupada but my conditionings are too strong. Still I've not given up the desire. I thrive on that.

I'm somehow holding onto the straw twig to survive myself with Srila Prabhupada.

So many of my God brothers are serving with so much dedication, I also want to serve them & with them.
I want to please my counselor.

I pray you to engage me in service of your servants.

Dear Gurudev
My humble obeisances at your lotus feet
Gurudev your 73rd Vyasa Puja is the most meaningful celebration of our life. It is an eternal celebration of being connected to the Guru parampara and Krishna through your causeless mercy.Loving Krishna, serving Krishna,His devotees is the topmost desire of your heart.You have time and again instructed that Bhakti grows through gratitude. The essence of all your teachings is "to love means to serve, to serve means preaching".We didn't learn much from Bhagavad Gita and Srimad Bhagavat which we were reading earlier. After reading Prabhupada's books and hearing your lectures we learnt through your example who is a personnel Bhagavata. You said in your lecture if you don't know what you want you will not know what you don't want. It's a very profound statement which even affects our day to day life our thoughts, words and actions.you have taught us by your example how to develop and maintain vaishnava relationship and how to serve everyone with compassion for body mind and soul.When Vamsidhar prabhu was sick in the hospital you were in USA but you took out your valuable time to pray for him and talk to both of us so that we can accept that condition as Krishna's causeless mercy. You even asked the doctor to keep you updated about the health condition. You spent the same time to give guidance and instructions to Satyavati mataji during her last stage. During Kartik yatra many times you went to the kitchen to see what prasadam is made for

devotees to get the wholesome experience of katha kirtan and prasadam.I beg at your lotus feet and pray so that I can follow your footsteps and be absorbed with sincerity in my sadana and do my service of preaching in ISKCON.

Dear Gurudev,
Please accept my humble obeisances onto your lotus feet.

I wish you a very happy Krishna Consciousness Appearance day.

Maharaj you have been the lamp for all of us. You have shown us by your own example and sacrifice the words of scriptures. You have shown us the dedication for Guru, love for God Brothers / sisters, Compassion for everyone. You have inspired millions. You have been the personification of vyavasāyātmikā buddhir verse.

Maharaj in almost every lecture you have been constantly educating us on the humility, gratitude and service attitude. Everytime I hear your words I become inspired and motivated to follow your instructions, but, being deeply conditioned I keep falling back.

On this auspicious day I humbly seek your blessings may I be able to be ever grateful to Srila Prabhupada, Yourself and everyone who has been a reason for me being in this path of Krisha Consciousness. May I be able to strictly walk the path of Krishna Consciousness and not fall weak. May I never bring disgrace on ISKCON and my Guru Parampara. May i never leave ISKCON. May I become a loyal and humble Servant of this movement. May I never disappoint my Spiritual Authorities. May I never misprioritize the priorities of my life. May I always remember Srila Prabhupada and Your words and instructions.

I humbly pray to you Majaraj
ekaki amara, nahi paya bala,
hari-nama-sankirtane
tumi kripa kori',
sraddha-bindu diya,
deho' krishna-nama-dhane

Sincerely praying for your happiness and health to Narasimha Dev, Srimati Radharani and Krishna and begging for your merciful blessings.

Aspiring to be your Servant

Dear Guru Maharaj,
Please accept my humble obeisances at your divine lotus feet. All glories to Srila Prabhupada.

Today is the blessed day of your appearance day where we are getting the causeless opportunity to glorify your divine qualities and offer it at your divine lotus feet.

Maharaj, in the service to Srila Prabhupada, you have been engaging yourself in various ways to serve Srila Prabhupada for his divine pleasure. You have been engaging in such unique ways to contribute in the service of Srila Prabhupada, even though it may not be as per your nature.

As a person you prefer to remain humble in the background however for the pleasure of Srila Prabhupada you are engaged in preaching the elite class of people even though it means to be in the limelight.

With the sincere desire to serve Srila Prabhupada, you have successfully spread Krishna Consciousness to the topmost leaders of the world. This has been evident by its result.

- This year you were amongst the prominent Americans who were invited to the White House for dinner during the visit of the Indian Prime Minister in the presence of the US President.
- You were also amongst the invitees at an event in Mumbai hosted by India's prominent industrialist where you received the invitation and honour as a spiritual mentor of the family.

Although you have been extremely busy preaching Krishna Consciousness throughout the world to the topmost leaders of society, your gesture of remembering an ailing devotee in Pune and making a special visit to see her, remembering her contribution in the mission of Srila Prabhupada, is simply inconceivable and unbelievable.

Not just once, but twice you visited her inquiring about her health and blessing her with your divine association. Your feeling of gratitude for her due to her contribution in spreading Krishna consciousness in Pune and your reciprocation with her in her final days is such a powerful example of your exhibition of humility and vaishnava relationships.

Dear Guru Maharaj, as a living Bhagavat, you exhibit such amazing lessons of Krishna consciousness, just by your behaviour and actions for us to inspire and imbibe it

in our own lives. Please bless us so that we try to follow in your footsteps and try to live by these divine qualities that you exhibit and in turn contribute to take ahead your legacy in the service of Srila Prabhupada.

Seeking your blessings at your divine lotus feet.

Your insignificant servant,
Jaigopal das

Hare Krishna! My most beloved Sri Gurudeva!

Please accept my most respectful obeisances at the dust of your lotus feet!

All glories to Srila Prabhupada! All glories to Srila Gurudeva!

My most beloved Sri Gurudeva, Happy Vyasa Puja! Hope everything goes well with you!

I always pray for your better health and spirit, hoping you live a longer healthy life to spread Krishna Consciousness all over the world!

My most beloved Sri Gurudeva, on your 73th Vyasa Puja day, I want to express my deep gratitude and appreciation for whatever love and care you're always bestow upon this fallen soul. You're so humble, you're the personality of pure bhakti, and you set the perfect example how to serve Srila Prabhupada's mission for all your disciples to follow. You're the brilliant moon as Srila Prabhupada describles to illuminate the whole world. This is our luckiest and happiest thing to assist you in some way to spread KC with the Public. May your glories will be spread all over the three world!

My most beloved Sri Gurudeva, for almost 4 years, we Chinese devotees couldn't see your lotus face, we all miss you so much. This Kartik month you hold the wonderful yatra in Jagannath Puri, we're so unlucky, we couldn't get the visa to India due to the tense situation in China-Indian relations, even though we're deadly eager to go to serve you and all your disciples. What we can do is we listen to your deep-realization lectures and see the Videos online to pacify our dry, thirsty heart. Every word, every sentence from your lotus month is the pure nectar, nourishing our tender bhakti shoot, giving us strength in KC. And your book The Journey Within is already translated into Chinese, and this year we distribute thousands to the devotees and to the new people, we all love it so much.

My most beloved Sri Gurudeva, this year I started online business and attended many influential commercial activities, making friends with many social elites and entrepreneurs, distributing BG to them, sharing KC among them. This Sept. Maye Musk, the mother of the world's richest man Elon Musk, came to Shanghai to have 3 days business programs and seminars with so many social and business elites, I also attended it and had the opportunity to distribute BG to them. I gave one english version to the personal secretary of Maye Musk, praying Elon Musk may also connect with the wisdom of BG.

My most beloved Sri Gurudeva, recently I studies Bhakti Sastri courses, hoping to un-

derstand the scriptures better and deeper so that I may apply and share the spiritual wisdom with more and more people. I beg your blessings to share and preach KC with the most distinguished social elites and successful people in China.I pray we Chinese devotees may go to India as soon as possible and I may bring more and more devotees and the new people to visit GEV and other holy places. I pray we may get your personal association next year, we all miss you so much and cry to beg your mercy!

My most beloved Sri Gurudeva, I pray that I can always try my best to cooperate with devotees lovingly to serve you and please you better and better. I deadly beg and cry for your mercy to always help and bless this poor foolish soul! May you have a wonderful and blissful Vyasa Puja Day!

I'm made of your mercy, and I'm your property. If you desire, you can use me as a tool to do some service as you like. I want to surrender my whole heart and soul to your lotus feet, giving up my misused freedom and independence on your 73th Vyasa Puja Day. The only value and meaning of my life is to serve you and please you. Please make me dance as you like.
And we compose a little prayer offering to you on you 73th. Vyasa Puja Day, hoping we may serve and please your holiness in some tiny way.

HH Radhanath Swami Gurudeva Vyasa Puja Ki Jaya!

Hapiness is your decoration, kindness and friendly is your nature;
Helping others is your virtue, loving everyone is your character!

Relishing ecstatic bliss, the Maha Mantra you enjoys most.
Amazing grace and elegant, your smile removes our anxiety.
Deep in loving, the Supreme and all the living beings;
Has you not come, how can we be saved and become happy?
Always wise and merciful, beyond we can image and describe.
No matter how provoking situation, you always keep peaceful!
A perfectly selfless example, attracting us to follow eternally!
Tolerant like the tree, giving each disciple endless shelter and love!
Humble as the grass, free from the desire to have honor and prestige!

Simple in living, high in thinking;
Wise in deciding, expert in managing;
Active in travelling, busy in serving.
Making a difference, wherever you're visiting.
In your presence, purity and power we are endowed with!

Grave and sincere, devotional in singing and dancing.
United is the force, you always emphasis repeatedly.
Regardless of pleasure or pain, remaining peaceful within.
Unconditionally to serve, your whole life sacrificed;
Dedicating heart and soul, you never feel tired and give up!
Eternally blessed with your love, how luckiest and happiest we are!
Very concerned about others, you always put others first;
Accepting your matchless gifts--eternally indebted we become to you!

Various ways you preach, impressing people all over the world!
Years has passed, only increasing your merits and glories;
An incredible wonder you create, one by one countless!
Spiritual path you walk on, millions of people follow;
Appreciation and association you give, very rare and precious wealth!

Purity is the power, you're personified!
Unique blessings you give, no longer weak we feel;
Joy and bliss you share, addicted in KC we become;
A loving spiritual father, teaching by your perfect example!

Keeping away from maya, you are very sober;
Inside and out, you're always the same!

Journey Home and Journey Within books, enlightening unlimited souls;
Awaiting for your merciful glance, eagerly and strongly we desire;
Your ever well-wisher, we will eternally worship your Holiness!
A drop of mercy from your lotus feet, the entire world purified and saved!

**Janardhan S (pune india)**

Dear Gurudev,

Please Accept My Humble Obeisance to your Lotus Feet

I want to express my deep gratitude for getting your association in Pune for the GBC meetings and further in Jagannath Puri Yatra after 3 years.
It was a wonderful experience to have you in Pune for so many days. The deep heartfelt appreciation you expressed towards your Godbrother His Holiness Gopal Krishna Goswami Maharaj moved each and every one sitting there that night. I got reminded again how important it is to appreciate devotees and acknowledge their contribution in our life and for the mission of Srila Prabhupada!

I want to share some key points which you emphasised in the yatra which I want to imbibe in my heart:-

1. Association of devotees is paramount
The life of Chaitanya Mahaprabhu, which you so very dramatically narrated reminded me that there are no circumstances in our life which are bad if we have the sanga of like-minded devotees. In their association, we will be able to understand how Krishna is orchestrating things in our life to help us understand that the situations in our life are only great opportunities to advance in our spiritual path. You stressed how wherever there is the greatest need there is the greatest opportunity. Often times I tend to look outside myself and see the need for service or the need for reconciliation with fellow devotees. But this time around I came to realise that the greatest need is the need of my soul to get closer to Krishna. This need thereby gives me the greatest opportunity to help myself to advance in Bhakti and to understand that unless I keep myself in a good head space and heart space there is no way I can contribute to others' lives. And most importantly I have this opportunity every second of my life.
I have, in my childish understanding of Bhakti, been hiding myself in the facade of false ego, thinking that I am selflessly helping others by making personal sacrifice and not caring about the needs of my soul, and I was always thinking that this is Bhakti. Thank you for making me realise this mistake early in my life and helping me to strike a healthy balance.

2. Eagerness to Serve the lord

The concluding sentences on day 4 of the yatra were my personal highlight. You told me how a person who is not enthusiastic is as good as dead. And if we are having enthusiasm it is mercy of Krishna. If we don't have it then we act enthusiastic. This Laulyam has to be practised in my sadhana daily. I understand that everyday I need to act enthusiastically to serve the Lord and hear about the Lord with eagerness to attain service to Shri Sri Radha Krishna's lotus feet one day. In my sadhana I especially like the lectures which you have given from a folder

in ISKCONdesiretree.com which is named as GOPIS. It showed me how eager the Gopis were to serve Krishna and how every action and every thought they had was only to see how they could please him. I see how in Chaitanya Lila the devotees have the same mood towards Chaitanya Mahaprabhu and how you helped us understand Krishna Lila through Gaur lila in the yatra.

I beg your blessings to keep following your instructions properly with purity and to execute the services given to me with faith. I beg for the strength to fight Maya and serve Krishna and to understand the difference between the two.

I am failing many times in my intent but still, you are gracing me with realisations that I am not worthy of at all.

I am very grateful to you for your compassion on me and I just hope one day I will make you proud.

Your servant
Janardhan

Hare Krsna!

All glories to Srila Prabhupad

Gurudev, please accept my humble obeisances.

I feel so privileged and grateful to be a part of Sri Sri Radha Gopinath mandir and community. Growing up in the temple, being associated with so many devotees and brahmacharis, has made me what I am today. Maharaj, I genuinely wonder what else would I be doing, had I not got Gopinath's mercy to connect with him.

Maharaj, firstly, I am so grateful to my late grandfather, who sowed the seeds and because of whom we could connect in the temple. He used to serve in the temple, in the accounts department and with the help of Radha Krsna prabhuji, our house, my grandparents and my father were blessed to have your association and presence at home. My mother, brother and myself, we weren't a part of the family that time, yet I feel privileged that I still reside in the house, which was blessed by your presence. Second, I thank Gopal's Fun School, HG Premnidhi Prabhuji, HG Anand Gopal prabhuji, (Saturday classes for children) the directors of GFS who helped me connect to temple. My brother and myself, we were enrolled for the spiritual story classes, which did wonders in my life. I have all those memories stored so beautifully in my mind. Thank you maharaj, for such wonderful classes for children.

Third, my parents! I'm so grateful to my parents who have always inspired me and never pushed me to pray.

Fourth, all the Chowpatty congregation , right from the security to grahasta families, brahmacharis and my dear friends, I have been so lucky to get everyone's association.

Maharaj, all this has been possible only under your shelter and protection. Your guidance and support is what has made everyone what they are. I personally feel so blessed to receive your finger touches on my head. I feel fortunate to received flowers from your hands, and I have kept it so safe as maharaj, you mean so much to me. I vividly remember hearing that 'all the best' from you daily, during my board exams. Only once one the first day, I seemed your blessings, and thereafter everyday I got to see you, maharaj you wished me and made my day.

Maharaj, not being able to get your darshan while you were here during the March April visit, made me feel vulnerable. With the help of HG Dayanidhi prabhuji and his inspiring words on being able to see you, on 8th April 2023 at 5:42 am, I was blessed to see you. Not only that, I got the best 2 minutes with you where maharaj you spoke to me. I cannot express how much that means to me.

Being someone who can't sit for long , Maharaj attending your lectures have taught me how to sit at one place. They're so deep and so gripping, it helps us transform to the place you're talking about. I've Been yo lucky to be a part of Your Kartik Yatra's! They're the best in the world and I feel I don't need vacations but Yatra's with you is

my need. So much to learn Gurudev. Thank you so much.

Gurudev, im trying to share whatever little I've acquired in my childhood from temple and GOPAL'S fun school, with the children today. Teaching is something I am so fond of. I pray to Gopinath, that I can be more and more inspired by you and your classes.

Maharaj, I pray to gopinath that my parents and brother get the chance and benefit of being under your shelter as your disciples. They're aspiring from you!
One of my greatest desires is that if and whenever I'm eligible enough to get initiation, I've always been keen on being your official disciple maharaj ! You're someone who's always meant so much to everyone but here I can proudly say you've been more than a father, a guru a well-wisher and so much more to me. I promise to you that I will maintain a balance with the world and my spiritual practices.
I also pray to Radha Gopinath that I can be a part and with my little hands do something beneficial to please Srila Prabhupad, you , the devotees and only by your mercy I can please our Lordships.
My sincere apologies if I've knowingly or unknowing said something offensive !

Maharajs wishing you a very happy Krsna conscious appearance day! I pray to Gopinath to give you the best health, spirit and energy in your spiritual practices. You are an Inspiration to so many, and it's my fortune to know you Gurudev.
Thank you so very much Gurudev for everything!

**Jany Rudenko (Vrindavan)**

My dear Guru Maharaj, please accept my humble obeisances at the dust of your lotus feet. All glories to Srila Prabhupada.
Maharaj, I am so happy that you live in my heart and never leave It.

Just as Vrindavan allows me to be with him 24 hours a day, so you, my dear Guru Maharaj, protect, care for and protect me 24 hours a day. It is only because of your causeless mercy that I live in Vrindavan, only because of your causeless mercy I chant the Holy Name every day, only because of your mercy I read Srila Prabhupada's Books every day and my life acquires true meaning. I know that when I chant the holy name, we are always together. Although on a physical level, I cannot be with you and say everything that I feel.

But I know for sure that when we will are in the spiritual world, I will always be by your side in everything to help you serve and please Radha Shyam. There we will all be together forever.

In the meantime, I am very tearfully praying and asking! O my most merciful Guru Maharaj, allow me to sincerely selflessly serve the servants of your servants and be useful to the devotees, to the land of Vrindavan and Radha Shyam...

Dear Gurudev,
Please accept my humble obeisances. All glories to Srila Prabhupada!
The day of your appearance in this world brings great joy in my heart. I'm forever grateful and thankful for all the love and service you selflessly offer to everyone. May Sri Sri Radha Gopinath protect you from all directions!

**Jay Prakash (ISKCON Prayagraj)**

Dear Guru Maharaja,
Please accept my humble obeisances at the dust of Your Lotus feet.
Dear Gurudeva, I really fall sort of proper

words to properly glorify Yours so oceanic Divine qualities. Especially, Your heartfelt gratitude to beloved Srila Prabhupada is so condensed, so condensed that even a conditioned soul like myself could observe how every single moment You're offering in the mission of Srila Prabhupada from so many decades relentlessly; going through mountains of challenges, obstacles, physical health problems.

Guru Maharaj, Your Divine words has awakened so many millions of sleeping conditioned souls to their true identity as jīvera 'svarūpa' haya — kṛṣṇera 'nitya-dāsa'; and how to start loving the real object of love - Radha-Krsna; and finally how to offer whole life & soul, everything, at the Lotus feet of our beloved Sri Sri Radha-Venimadhava. Eternally grateful for Your nectarean narration of Divine pastimes, qualities, beauty & glories of Holyname of Sri Sri Radha-Krsna, which made me, atleast theoretically, realised very clearly that pleasing Radha-Krsna through pleasing Vaishnava-Aacharyas is the only desirable object in this life & forever.

Dear Gurudeva, Yours so loving and caring Disciples, especially HG Radheshyam Prabhu & HG Acyuta Mohan Prabhu are as merciful as Yourself; always eager to help any conditioned souls who are struggling to follow the process of Pure Devotional Service for reviving their forgotten love for beloved Lordships. That's the most special mercy of Your kind self to all of us.

Dear Gurudeva, please forgive me for not able to practise the process of Pure Devotional Service with all the heart & soul for so far, and wasted so much of precious time due to highly materially conditioned mind & venomous senses, which is just looking for any smallest opportunity to enjoy through sense-gratification. I beg at Your Lotus feet for a drop of mercy to give to strength to overcome the challenges of my mind & senses, so may it get engaged (senses) & absorbed (mind) in the loving service of Srila Prabhupada & beloved Lordships.

Dear Guru Maharaja, the service which You've offered to me at Prayagraj is somewhat little challenging but I really relish & very grateful for it as You chose this insignificant servant to be some use to Yourself.

Dear Guru Maharaja, give me strength to assist in making BVCC to a true reality, centred around serving & pleasing Vaishnavas & Radha-Venimadhava. On this day, using my free-will, I offer my free-will to Yourself, please use & thoroughly engage this humble soul for eternity, whatever way You like me to be engaged in the service of Your beloved master. I remember, at Varanasi, when HH Bhakti Charu Swami Maharaj had directly expressed to me the desire that I wish I could have been a young body like Yourself to be thoroughly engaged in the service of Srila Prabhupada, but that time I couldn't offer myself completely. Maharaja, if it pleases Yourself, please engage this humble soul in Your Ganga, Yamuna, Saraswati project, a loving offering to Srila Prabhupada, in which You've covered all ways to serve Srila Prabhupada.

Pls bless me that may I get sufficient strength to follow Your Divine instructions by pleasing & serving Vaishnavas, as You always desired from me, till the last breath of life & forever.

Your servant
Jay Prakash

## JAYADEV DAS (PUNE)

Hare Krishna

Dear and respected H.H. Radhanath Swami Maharaj ,
Please accept my humble obesciences at your lotus feet on this most auspicious occasion of your 73rd appearance day .
All glories to Srila Prabhupada!!!
All glories to Sri Guru and Sri Gauranga!!!
In Sri Chaitanya Charitamrita Srila Krishna Das Kaviraj Goswami instructs us about the basic principle of how to preach and inspire others ----"Apani Acharinu Bhakti Sikhainu Sabare "----I shall teach devotional service by practicing My self . "The lord comes in the role of a devotee to teach by his own example . This is the basic essence and understanding of Vaishnava Siddhantha . Practising in the footsteps of the example of Lord Chaitanya our Acharyas and Srila Prabhupada demonstrated this understanding all through out there lives and transformed the lives of millions of people. These pure devotees are called Acharyas - who lead by their own example .
Gurudev, following in this Parampara of these great Vaishnavas you also practise bhakti and preach inspire everyone by your own example. I mention few of these examples.
1) During the morning sadhana your presence in the temple hall to chant along with your followers and disciples.
2) Your care and concern to see that the proper care and etiquettes are followed when your god brothers, god sisters , senior vaishnavas, senior vaishnavi's visit Sri Sri Radha Gopinath temple or Govardhan Eco Village .
3) Your mood of being a servant of servant while glorifying your god brothers and god sisters.
4) Your priority for people over projects and implementation of devotee care through counsellor system.
5) Your classes and lectures enlightening and instructing your followers regarding Vaishnav qualities, importance of Vani and Vapu , importance of association and hearing. Since you are empowered with these qualities due to the mercy of Srila Prabhupada your lectures become live and you carry your audience into the pastimes you discussed so beautifully.
Gurudev because of your mercy on Satyavati devi dasi who recently left her body I was fortunate to have your association couple of times when you visited her. Your care and concern, your encouraging and inspiring words based on scriptures , your heart rendering kirtans, and your compassion for all of us have left deep touching impressions in the heart of all our family members . And I am extremally grateful to you Gurudeva for instructing us through these visits.
Even though I am not qualified I feel very fortunate for being given shelter of your lotus feet. I pray on this day because of your mercy and compassion, encouragement and inspiration from you and all other devotees I shall come up to expectations and serve in the Krishna Consciousness in the mission of Srila Prabhupada.
Aspiring to be the servant of your servant,
Jayadev Das

## Jayesh Upadhyay (ISKCON Chowpatty)

Please accept my Humble Obeisance Maharaj.
Your sincerety in serving devotees and your leadership in service attitude is glorified all over the world. Sri Sri Radha Gopinath Mandir has set an example of devotee care only and only because of you.
Your one of the Vision to serve Srila Prabhupada has shown us as a great great Farm Community called Govardhan Eco Village.
You are Gratitude personified. Your Katha is the essence of all the Scriptures in the whole Universe.
I am always hankering to hear from you. Because of my adamant nature I am unable to understand everything but I always pray for your good health.

Your aspiring Servant
Jayesh

Dear Gurumaharaj

om ajnana-timirandhasya jnananjana-salakaya caksur unmilitam yena tasmai sri-gurave namah
sri-caitanya-mano-'bhistam sthapitam yena bhu-tale svayam rupah kada mahyam dadati sva-padantikam

I was born in the darkest ignorance, and my spiritual master opened my eyes with the torch of knowledge. I offer my respectful obeisances unto him.

When will Srila Rupa Gosvami Prabhupada, who has established within this material world the mission to fulfill the desire of Lord Caitanya, give me shelter under his lotus feet?

Please accept my humble obeisances. All glories to Srila Prabhupada.

As a river takes shelter of two banks
As a flower takes shelter of two leaves
As a child takes shelter of two parents
And as rain takes shelter of two dark clouds
In the same way I take shelter of your two Lotus feet.
By joining my two palm togehter and while shedding tears of gratitude to you, i sincerely offer my heart at your lotus feet on your Vyasa Puja Day!

Gurumaharaj, thank you very much for inspiring me to learn about perspectives. Your character inspired me to understand that perspective is the ability to understand Lord Krishna and His various energies and to see their comparative importance. This means seeing everything from Lord Krishna's point of view. Perspective deals with understanding, wisdom, and discrimination.

You are completely convinced that you have no other purpose in life than to serve your beloved Srila Prabhupada, who desired that we spread Krishna consciousness around the world. You are not distracted by other agendas. You burn with the conviction that there is no greater accomplishment in this world than becoming Krishna conscious through pure devotional service. This inner burning of yours to please Srila Prabhupada, i wish you have for you.

You also gave me the understanding that Lord Krishna puts me into different circumstances in life to develop my character, so that i can learn how to respond correctly to situations that can build my character. Whenever i respond to my circumstance the way Lord Krishna would expect of me instead of following the demands of my mind and senses, i develop character.

But the most important lesson you teached me is: It is easy to love people who are lovable, but actual love can fully develop when we have to love people who appear unlovable.

I can see that the actual character of pure devotees like yours was revealed when you faced what seemed unfavorable external circumstances. When you used those seemingly adverse circumstances to develop your spiritual character, it turned out to be favorable for your advancement in Krishna consciousness.

The disciple and spiritual master are never separated, because the spiritual master always keeps company with the disciple as long as the disciple follows strictly the instructions of the spiritual master.

My prayer on this day of your appearance is that you grant me the requisite determination and humility to remain a beggar in your service, to grasp some sense of the expansiveness of your giving spirit. I pray to be able to go beyond my own limited comprehension of your mission and thus to at least try to reciprocate your gift in such ways that others will receive and accept the same.

Hare Krishna Maharaj,
All glories to Srila Prabhupada

Hearty greetings for Guru Pranam and Vyas Puja of His Holiness Radhanath Swami Maharaj
Please accept my humblest obeisance at Your divine lotus feet.
Maharaj I am writing for the first time during your Vyaya Puja.
I read your book “Evolve”.
After reading that book I started chanting more on beads and reading Bhagwat Gita.

Sincerely confessing that I am not able to serve you in any way, only by your mercy I can use this human life to please you and get closer to Krishna, at least by a few steps.

I am not yet initiated; Waiting for your mercy. I always try to be humble and kind and always keep myself as a servant of a servant mood.

Maharaj, please bless me that I can read and understand your books and listen to more lectures. Try to apply it in my daily life and also help others by using this knowledge for ultimate benefit.

Please make me qualified to take shelter at your lotus feet & serve you in every possible way.
Please forgive me for my any mistakes.

Dear Maharaj,
My journey in the path of bhakti started by attending kartik Yatra,
Your efforts in developing sense of being connected in vaishnav sadhu sanga and cultivating love of Krishna is evident through your lectures.

By hearing lectures based on chaitanya charitamrut and bhagwatam my polluted heart hankers to hear more about it.

By hearing about lord & his devotees frequently over the years has helped me develop Krishna bhakti and learning significance of being in sadhu sanga and love to offer seva

As I walk this path guided by your teachings, I seek your continued blessings. May your divine wisdom always illuminate my way, and may I forever remain a vessel for your teachings to flourish within me.

**Jiva Sunder Jagtap (NVCC, Pune)**

Hare Krishna Guru maharaj,
Please accept my humble dandavats at your lotus feet .

Thank you Maharaj for your kind guidance and instructions in the recent yatra.

The pastimes of Sri chaitanya mahaprabhu and sarvabhauma bhattacharya, the seperation mahaprabhu felt from lord Jagannath, and his egerness to reach puri n take the darshn of lord Jagannath, the mood that we should have in puri dham , everything was so overwhelming and fantabulous
Your evening lectures, especially when you smile at us while speaking, that mercy glace of yours, purifies my heart filled with anarthas. Everytime you smile at me, I feel that even if I die after this , there will be zero regret.

Everytime I was successful in material life, 1st thing I do is visit Shri Shri RadhaVrindavanchandra and I tell the lord that , the succes is all yours, but after hearing your words in yatra, you had said that we are nothing with out the lord, I keep reminding myself this.
Thank u maharaj for making me realise that I am nothing without KRISHNA.

I regret not being able to attend your last evening lecture at Yatra, as I had my res-

ervation to go back to Pune. Even though I wasn't there, I heard your lecture on live broadcast but I really really missed sitting in the front and listening to your lecture(your divine Association) and your mercy glance, also your enchanting kirtan.

I really mis your association in yatra , actually I really miss yatra, I never felt so much seperation from lord Jagannath than I am feeling this time.

I pray to lord Baldev to always keep you healthy and safe , If u have any illness currently, I wish I get all of that.

I heard from Vishwaroop prabhu , how unwell u were during the yatra , u were even uncertain to be able to climb the stage stairs. Please don't stretch yourself so much plz take rest gurudev, we all really want you to be healthy, fit n fine.....

If I keep writing this will never end , hence you won't get time to read other's offerings to you.

lastly, I would like to thank u from the core of my heart for this yatra after 3-4 yrs, devotees Association 24/7 is so amazing & encouraging.
it was like ' Ito devotees, parato devotees, yato yato yami tato devotees ' divine feeling.

Thank you for everything gurudev .
Happy Krishna conscious b'day To you even if you are born on the Black day, but u enlightened so many hearts with Krishna bhakti...

Hare Krishna Guru Maharaj.my humble obeisances...during my materialistic life , I came across a video and I saw you dancing in transcendental bliss in puri Rath festival .so captivated was me that I browsed through that video many number of times not knowing your origin .then as per His mercy when I chanced upon an opportunity to become a devotee , I realised the importance of Guru and came upon The journey Home , I was so surprised to see the same pic on the book that I saw on the video ... The journey home inspired me more to hear your lectures and determine me to accept you as my Guru Maharaj . ..I m happy the way things are now Maharaj ...when things need to happen they probably might with the mercy and blessings of you and the lord...Hare Krishna.

Hare Krishna dear Maharaj,
Please accept my humble obeisance at your lotus feet.

All glories to Srila Prabhupada.

I am very much delighted to write you my first offering. I have been guilty of not expressing my gratitude and thus I have become very hard hearted. Since the early days of my KC, I have felt great nourishment from your lectures. They were magical. How could we have got so much strength to continue Morning program and serve in variety of ways? It is unbelievable looking back.

Your voice, conviction & prayers filled our consciousness with the ideal standard of doing seva, dealing with devotees, Krishna. I wonder if I would have verbally murdered a devotee, once being extremely angry on his petty idiosyncrasy. Then I took up that bodhamrta, where in I happen to read - " Kali is working at his full capacity to make us his instrument to create disunity among devotees..." And then It was you coming in that form to pacify and enlighten me.
I am also blessed to have association of your dedicated followers like HG Acharyaratna pr (HG ARP) and HG Radheshyam p and HG Mukund Lila pr and HG Nimai Anand P(HG NAP). Is it not so wonderful that so many devotees have surrendered their life and everything to serve your lotus feet! You have told us that in your heart there is only one desire - to please Srila Prabhupada, your own Spiritual master. So they are continuing the legacy.

I have heard that you have drained your own blood and energy fully to serve SP in all circumstances as servant of his servants. Your spent 22 hours just serving that divine personality and only slept 2 hours here and there. This shows how much we should feel indebted to Spiritual master. You then nourished Chowpatty devotees with your own faith and conviction and purity. So many devotees have surrendered to open

up many projects for the pleasure of Srila Prabhupada - inspired by your vani. What purity and surrender they must have seen your practice of KC, conviction, humility, sacrifice to uplift others.
We have been a recipient of your rememnant - HG ARP and HG NAP spent much of their time for me & VOICE. I heard a meeting in which HG ARP was reporting you all what Kolkata temple was doing and he did mention youth preaching. It was done to please you. And thus I got shelter of your loving devotees. Yet my heart is steel framed that I am ungrateful to You, Krsna, senior devotees, voice devotees and SP. I beg to you to give me a drop of humility & gratitude.
Who can move so many people in the Kartik Yatra? For so many years. Because it does nourish everyone - your example and precept both. I am grateful to you for pouring your blessings in the form of such yatras. In the first yatra I attended in 2017, i guess we went to Mayapur & there first time I felt the presence of Lord Krsna in the conviction you shared. Then in Puri, you enlightend us about the divine form of the Lord Krsna - Lord Chaitanya and his associates. What deep spiritual matters you have taught us, I beg from you the strenght and enthusiasm to rise above all dualities and serve together for the pleasure of Srila Prabhupada.
Recently you have, gifted me a card without your personal instructions - I must think my self lower than the straw in the street, I must become more tolerant than the tree - devoid of all false prestige and ready to offer all respect to others. I must be more grateful and surrendered to Srila Prabhupada. And I must be exemplary in chanting and 4 regulative principles. This is exactly what was required and you came to tell me this personally.
Thank you Maharaj - for taking our care so lovingly. I am grateful to all devotees who have nourished me. I pray that I may be able to share the burden of your shoulder. All glories to Srila Prabhupada!

Your aspiring servant,
Jyotirmay

Hare Krishna Dandavat Pranam,
Very Very Happy Krishna Concious Birthday Dear Guru Maharaj,

I pray for your eternal and ever increasing happiness Unlimitedly to Srila Prabhupada and their Lordships. You have always extended far beyond the human limitations for that one desire to please your GuruMaharaja.

Seriously to tell I am spiritually very lazy and dull and you are one of the prime reasons why I am today here. Time and again you have saved me from doing wrong things.

Also I always get inspiration by remembering your glories your compassion like from how childhood once when you went to a restaurant for dinner and you happen to see your friend as a waiter you ceased to enjoy that treat with your family. Since he may feel humiliated such sense of compassion and sensitivity towards other beings is not possible in this world.

One incident I remember once while requested by your authorities to sing the entire night for pleasure of their lordships and even though such a busy schedule you still accepted it and again while you were riding the horse to reach the temple you had an accident and in that incident you had your joints fractured yet in that condition you had to sing entire night.

I seriously admire how you still smile even after so much problems.

Not asking much time I pray in this vyaspuja offering that I try to do sevas which please you and try never to act in any way that would displease you.

Your Servant,
Raj sekhar

Dear Guru Maharaj,

Please accept my most humble obeisances at your divine lotus feet on this most auspicious day of your divine appearance. All glories to you maharaj.

This is my first offering by the blessings of Shri Radha Madan Mohan who has given me an ideal Spiritual Master like You.

I am so much indebted to you for showing me the right path of Bhakti. Your proverbs are crystal clear and heart touching and book on Six Goswamis is marvellous and respect towards Goswami's has multiplied after reading it. I have also read Journey Home and still surprising how did you manage Mongoose on your head for entire night and your description on cutting your hair is humorous. I have attended Kartik Yatra 2023 and your lectures are nectarine as you dive us into the pastimes.

Please forgive my all offenses.

Begging to remain under shelter of Your lotus feet at all times and aspiring to be humble servant of Your servant His grace Radhesyam Prabhu.

Our Dear Guru Maharaj,

Please accept our humble obeisances at your lotus feet on the occasion of your 73rd Vyas Puja. Our lives completely changed from the time we set foot into ISKCON Chowpatty in 2002 and started associating with your wonderful disciples, Brahmacharies and Grhastas, rich and poor, seniors and newcomers. We both are shy and reserved by nature and not very demonstrative in our affections. As a result, our experiences of loving reciprocations were very less until we met ISKCON devotees. . Chowpatty opened for us a veritable treasure house of loving dealings with so many devotees. We started attending weekly counsellee meetings, temple visits , other courses etc and

we were gathering rich , unparalleled spiritual wisdom in the most enjoyable manner. I can vouch that such an atmosphere for spirituality is not to be found outside ISKCON, based on my endless seeking prior to finding shelter at your lotus feet.

Hardly did we know at the time what was in store for us. Thanks to your absorbing Bhagavatham classes , where you instilled into us, sublime theory along with practical tips/cautions , we remain well grounded as we slowly qualify to enter into those ecstatic loving dealings between Krishna and Vaishnavas, with enthusiasm, patience and determination.

Your teachings ( and practical demonstrations through yatras etc) regarding loving exchanges, overlooking defects in others while being very conscious of our own failings, attention to details- not as a ritual but as sign of love , being fully conscious of our one and only goal of life at all times and many more such principles have protected us from slipping and falling from the standards.

We were very worried about our growing children, Ashwin and Ananth without realising ( which I now do in retrospect), how much our own approach was contributing to our anxieties and miseries. Now, both are married and my second son has a daughter , Meenakshi. We realise that samsara is an ocean of material dealings and anxieties and we must carefully step out by clasping the lotus feet of Spiritual Master and Vaishnavas while doing the needful to maintain loving dealings with our relatives and friends. We are now able to see the loving hands of Krishna in everything that happens in our lives, even if sometimes it is apparently an adversity. This helps us to maintain our loving devotions , however feeble it is.

Guru Maharaj, I retired from State Bank Of India in 2017. Before that I had 2 stints in Mumbai by Krishna's arrangement helping us to strengthen spiritually. Our chanting is improving in quantity and quality. There were times when we hit the abyss , but mercy factor kept us connected with ISKCON. Now we are settled in Chennai and trying to do some online and offline preaching under guidance of local temple and devotees.

Maharaj, I failed to keep my word given to you prior to retirement, that I would settle In GEV and assist devotees in some projects, due to apprehensions about family issues. Now, as I grow older and as a south Indian used to steady warm climates, I am doubtful if our health will support us in the atmosphere of Wada. But I feel very guilty about my immature flippancy in this episode. Please forgive me Maharaj, for my offences and give us your continued mercy to progress in our endeavours.

We wish and pray for you to remain with our devotee community for many more years in sound health to guide us with your words and impeccable exemplary vaishnava behaviour.

May Srila Prabhupada be always happy and proud for all of your services which you are rendering with so much love and devotion for His pleasure.

Singing your Glories are like showing a small ghee lamp to the Sun.

Gurudev Your mercy is bestowing everywhere.. Your mercy is what I am made of.. toughest of difficulties has become blissful experiences. As I shared with you last year my son got Nephrotic syndrome disease. He may have to go through this disease for few more years as per doctors. Sometime it's lot of struggling with his health. But seeing Krsna's mercy in the form of Your teachings and devotees guidance helps a lot to go through the situations. Really it would have been very very difficult if I didn't have your mercy in the form of devotees association and guidance of HG Vishvarup Prabhuji , HG Brajeshwari Mataji and HG Krsna Vallabha Mataji( My local counsellor-disciple of HH Gopal Krsna Goswami Maharaj).
Your lectures has always played an important role in remaining grateful without getting much disturbed even in struggling phase of life. And your lectures has always helped me in correcting my mistakes and helped me to become humble and tolerant.
Guru Maharaj I always used to worry a lot bout my father.. who has always been so materialistic. He is 70 years old but still very active in his business, badly stuck in business dispute with his brother in which my father has tried a lot to pacify him by sacrificing lot of his wealth to him he is still disturbing my father a lot. with sadness and worry in my heart and with intense prayers in my heart to you and Srila Prabhupada I requested my father to start Chanting 1 round of Hare Krsna Mahamantra. Now He is Chanting daily 2-4-8 rounds since the day of Diwali. It is totally Your mercy. My sister is Chanting 4-6 rounds, my sister in law is chanting 6 rounds and my both niece are chanting 3-4 rounds. My son is chanting 3 rounds daily. My Prabhuji is chanting Hare Ram Mahantra 16 rounds daily...100% yours and Srila Prabhupada mercy. Please please bless them ALL more to start reading Srila Prabhupada books and start hearing lectures too... please please bless my Prabhuji to chant attentively...he chant all his rounds while talking, watching TV etc.. I have full faith in your blessings, please bless him to chant attentively and move ahead in devotional service. And bless me too to chant my rounds with more attention. Bless me to wake up early daily.
Gurudev by your mercy I have got wonderful devotee group of your disciples and aspiring disciples with whom reading Srila Prabhupada books daily is really a great bliss. They are like family, always there in good and bad times.
Gurudev I had deep desire to come in Jagannath Puri Yatra..but couldn't come because of many reasons. I have a deep deep desire to at least attend 1 Yatra of yours in my this lifetime. Please bless that so. Gurudev seeing other devotees getting your darshan, attending Yatra etc gives me immense happiness and honestly makes me sad for my unfortunate situation.
Recently completed my Online Bhakti Shastri Course from GEV with Gauranga Darshan Prabhuji. His way of teaching was really commendable, his books for kids are really nice.
Your mood of loving and serving devotees is very inspiring.
Your disciples are really showing your mood.
Seeking blessings to please you by becom-

ing what you expect.
Thank you so much for many blessings through your disciples.
Bless me that I may never be scar for you, and always make You and Prabhupada proud with each of my thoughts, words and actions.
Lots and lots of Prayers for your long ,happy, healthy Blissful Krsna Conscious life.
Thank you.
Seeking to take your shelter.

Hare Krishna Maharaj,
Please accept my humble obeisances.
All glories to Srila Prabhupada.
Today is a divine day. A day when you have appeared to assist in the timeless effort of the Lord to reclaim the foolish souls back to their actual home. Lord Nityananda has mercifully sent his dear servant to exemplify before us the reality – that, devotional service to the Lord and His dear servants is the only meaningful shelter for the jivas.
Happy 73rd Vyasa Puja Maharaja!!
In one of your lectures, you were comparing this material word with a complex prison which doesn't have visible bars, police or walls. It is too difficult to even realize our state of bondage in this prison. But, Guru helps us identify the bondage, teaches us how to deal with it and in the end how to escape from this otherwise insurmountable fort. It is his mercy alone that helps us live the true life of bliss, beyond this mirage of temporary material happiness. Not only escape this prison, but he gives a glimpse of the eternal spiritual reality where the Supreme Lord is ever present with His associates. I am eternally grateful to you that you're tirelessly allowing us this great fortune. My vision is totally blurred by the materialistic definitions. But every time I associate with your nectar words, I get struck with a new higher perspective, that is more in line with the desire of the Lord. Yet I'm still lagging far behind in fully applying those words of solace. I realize that reliance on my personal strength or intelligence has no value. Causeless blessings and mercy are all I can rely on. On this holiest day, I beg for your mercy that this insignificant soul be of some use in your service. I pray to you that despite my disqualifications, kindly accept me in your lotus feet and engage me constantly in the mission of Srila Prabhupada.
Your aspiring servant,
Kantish

Hare Krishna Guru Maharaj
Please accept my most humble, sincere obeisances at your lotus feet.
All glories to Srila Prabhupada
All glories to Sri Guru and Gauranga

Guru Maharaj I am deeply grateful to you for everything that you have given us to come closer to Krishna. Especially I am grateful for your nectarian lectures and hearing those lectures means following the instructions, accepting it as life and soul of once life. That is the secret of spiritual success which Srila Prabhupada revealed to all of us. Of all your instructions there are many which come deep from your heart of compassion and love and touched my heart. Always living in the mode of servant of the servant, Serving Vaishnavas with great love, No criticism of devotees and no envy towards anyone, the worst thing in Krishna Consciousness is to think that I am advanced, making Cows happy by serving them, always desiring for Consciousness of Vrindavan, always remain grateful and humble, we receive in giving, the greatest benediction and mercy in our life is Chanting of the Holy names of Krishna and above all that, doing everything to please Krishna and Srila Prabhupada.
These are instructions upon which I try to meditate and act. I know in my whole life I will not receive your direct Vapu Seva but as your aspiring disciple I am supposed to accept Your instructions as everything. And to the extent I will live a life according to Your instructions I will feel your presence

in my life. Everytime I hear about Your greatness regarding humility and service attitude which I myself witnessed in Kartik Yatra this year in Jaganath Puri, it inspires me to become more and more sincere in Krishna Consciousness.

Now I am working in an academy teaching students, My desire is to serve this movement of Srila Prabhupada by fully dedicating my life at your lotus feet. I am struggling with anarthas but as you always say whenever you feel tempted that is the best opportunity to take shelter of Krishna.

My only prayer at Your lotus feet is that please bless me with desire to serve and please Krishna.
I never become complacent and ungrateful in this path and always serve devotees in mode of servant of the servant.

Your insignificant servant of the servant

Hare Krishna Guru Maharaj Please accept our humble obeisances at your lotus feet Offering our heartfelt obeisances to you, we are expressing our emotions on the occasion of your 73rd Vyas Puja. We had the immense fortune of having your first darshan during Kartik Yatra Puri. Your sweet smile and the love overflowing from your eyes filled us with devotion. It felt as if today this soul has found its true ashray.
In you I personally saw the verse of Shikshashtakam.
"I myself have seen your nature gentler than a blade of grass, your personality more tolerant than a tree, who is eager to give respect rather than taking it and always worshiping Lord Hari. Every word of this verse becomes meaningful with your darshan."
On the occasion of your Vyas Puja, with all the love of my heart, all the good wishes and good resolves I pray for your good health at the lotus feet of Lord Shri Krishna. Thank you, Guru Maharaj, for coming into our lives, accepting lowly beings like us, for making us your own, for giving us the pleasant memories that we got during the journey which will remain imprinted on our hearts throughout our life. It is our prayer at the feet of Lord Shri Krishna that may we get more and more of your association in the future.
Thank you, Guru Maharaj. We are all deeply grateful to you for leaving an indelible mark of your love and blessings in our lives.
As long as there is water in Mother Ganga, my Guru Maharaj, may you live.
With these best wishes...

H.G.Radhanath Maharaj ,
Please accept my humble obeisances .
Vyas Puja means expressing a heartfelt feeling of gratitude to the representative of Vyas Dev annually on his appearance. There is a Shloka
Vyasaya Vishnu Rupaya, Vyas Rupaya Visnave
Namo vai Brahma Nidhaye, Vasisthaya namo namaha
It is Vishnu who has come in the form of Vyas Dev to give us holy scriptures.Treasure House of spiritual knowledge is offered to us by Vyas Dev.
Maharaj you are one who knows the essence of scriptures, who is saragrahi and not bharavahi. What empowerment and purity it takes to represent him, you are a storehouse of austerity and tapasya, respectfully appreciating whatever little you received and at the same time, very focused as you began your journey of research of the absolute truth.
How very fortunate we are to get this opportunity, to express our gratitude. Once H G Gaur Gopal Prabhuji said,
“ It is one thing to say Thank you “ - means to recognize what someone has done for you.
“ Another thing to mean Thank you “ - means to remember.
“ Totally another thing to live Thank you “. - to reciprocate not just recognized.,not just remember, but to actually reciprocate. That is the life of gratitude.What could be a better way in reciprocating and expressing our appreciation by sincerely to the best of our ability and effort to put what we have received. To use and feel that satisfaction of becoming via medium of that mercy.
So from annual celebration we should do it every day ,Or constantly live the life of reciprocation.
Maharaj , I am trying to do it everyday by praying that let my thoughts, words and action be a constant feature of reciprocation in my life.

All glories to Srila Prabhupada
All glories to You

On this 73rd Vyasa puja day of your Holiness, I pray for your long and healthy life so that you continue pleasing Srila Prabhupada. It’s my greatest fortune that you have accepted me as your disciple. As years go by, I am understanding what a glorious guru Krishna has connected me to, although one can never know you completely. Every time I hear your pastimes, I wonder how someone can be endowed with such wonderful qualities!

I hesitate to write to you Gurumaharaj because I completely feel there is no substance in me to offer you. I cannot even glorify you properly. However, I can tell you that I deeply love you as a daughter loves her father but feels shy in offering him a small gift because the father has everything. I’m trying my best to serve in my capacity but in desperate need of blessings from you and Srila Prabhupada so I can please you one day.

This life is your blessing and I am trying to live in a way that reflects your mood Maharaj. My endeavour has been that I should behave in a way befitting your disciple and when devotees see my behaviour they should know how glorious you are. Although my heart desires to serve you personally some day, I have been told by your servants that following your instructions is far more important which I will abide by. My heart pains when I see you struggling for us - sitting for hours in lectures, attending lengthy meetings, enduring travelling ordeals and so many other unending responsibilities you shoulder on our account regardless of your health. Your dedication, sensitivity and love touch my heart deeply. I pray to Sri Sri Radha Shyamsundar whom I serve at home by your mercy to always keep you in good health.

Thank you

Dandavats & Pranaam to dear Gurudev
Please accept my humble obeisances unto ur lotus feet!
Gurudev, this Jagannath Puri dham Yatra, took me down memory lane! It was my first Yatra, coming with my 3 year old little daughter & my mother in law! We started the journey from Mumbai in train filled with devoutee & Radhanath maharaj & where time flew, chanting, singing, hearing Katha from our senior Vaishnavas, with Gurudev occasionally coming to our bogie, was amazing!!total blessing & bliss for me, as I didn't know what to expect & was very nervous coming with a 3 year old baby, 70 year old mil & no prabhu( husband- as he had to drop out at the last minute)!
Gurudev took us from Bhubaneswar to Puri , the same way as Lord Chaitanya had travelled! We stepped off the train in the morning & went straight to Bindu Sarovar for bath & Darshan of Lingaraja temple! Then travelled to the spot where Lord Nityanand broke the danda of Lord Chaitanya! & so on to the different places where Lord chaitanya had performed his Leela's ! So it was evening 5.30-6 pm , by the time we reached Atharnaala! & Gurudev garlanded every one of the 370 devoutees present in the Yatra excepting for me & my mother in law as she suffered a mild heart attack for, walking so much in the April heat, getting on & off the bus! I rushed to our hotel, on grand

rd, near temple in a rickshaw & settled Into our hotel room! Gurudev had requested all the devoutees to do Parikrama of the Jagannath temple , before going to their respective hotels!
I was very upset, that we couldn't be garlanded by Gurudev, couldn't do Parikrama & before Yatra began, my mil fell so terribly sick! Didn't know what to do & got even more nervous ! Then suddenly there was a knock on my hotel room door & when I opened, LO BEHOLD, who was standing there... My dear Gurudev RADHANATH MAHARAJ With his servants!! He came to the room, garlanded both of us & spent few minutes speaking to us , & life just changed magically!
Yatra went off so beautifully, my mil became ok & we got so soo much bliss & love from all devoutees, especially Maithili mataji ! Gurudev gave class in detail at each place where Chaitanya magaprabhu did his pastimes! Thank u Gurudev for this & so many more beautiful memories till date! Pray for your good health & that I follow your instructions to the T!
Thank u very much

Please accept my humble obeisances

On the auspicious occasion of HH Radhanath Swami Maharaj's Vyasa Puja, I beg Maharaj to give me shelter at his lotus feet and bless me so that I can become serious and sincere in my Krishna Conscious life. I beg Maharaj to give me knowledge, intelligence and determination so that I give up all types of sense gratification, give up all the anarthas and develop great attachment to chant the holy names of Krishna, read Srila Prabhupada books and serve the devotees.
I have no calibre to describe my heartfelt feelings for Maharaj in any words, words fall short to describe gratitude towards Maharaj.
As a daughter cries for father in longing for separation, I feel the same separation for Maharaj, I don't know Krishna, I don't know Srimati Radharani. It is maharaj who has given us Radha-Gopinath to serve them, to love them.

Please accept my humble obeisances. All glories to Srila Prabhupada. All glories unto your lotus feet.

There were a few occasions this year where

I was in your physical presence, but due to obstacles created in my mind, I felt so far away. However, a few weeks ago, hearing from you online during the Jagannath Puri Kartik yatra, through the power of sound vibration, I felt you transported us to give a glimpse into the spiritual world. Although, due to personal circumstances, I was not able to attend in person, I felt extremely grateful to hear from you, especially the nectarian pastimes of Lord Chaitanya and his dear most associates. I pray that one day I can imbibe a drop of your traanscendental mood of absorbing myself in Krishna katha.

Hare Krishna/
Dear Maharaj Please accept my humble obeisance at your lotus feet.
I am Kaunteya Putra das{Krishna Nandan Pillai } in 1994 While I was football playing with my friends at Shivaji Park ,Dadar , a strange wonderful Harinam music inspired and entered Pandal Program which was opposite Shivaji Park , Dadar {w} , Mumbai. Your dramatic Damodar Lila --- impressed me.
. By devotee reference and request I visited Sri Sri Radha Gopinath temple,ISKCON Chowpatty ,Mumbai.That time I was in service as a marketing job for Exim India Ltd . By the inspiration of Your ecstasy kirtan,dance and lecture become spiritually very confident and proud . With H G Krishna Chandra Prabhu food distributed in Blind school , is in my memory. And I enjoyed the singing dancing with devotees , as Srila Prabhupada said :
The more one engages in chanting and dancing , the more he can taste the nectar of Transcendental Love of Godhead
.----A C Bhaktivedanta Swami Srila Prabhupada--- CC-Adi-Ch7 Text 22 purport.
I remember the H G Gauranga Prabhu wild dance , till in memory . Maharaj You danced on --- full of flower 1996 ,
Because to fulfil the Sannyasa purpose ! ! !
This is now formal accepting of Sannyasa ,but real Sannyasa purpose will be fulfilled when you will be able to induce the people of the world dancing like you. That is real Sannyasa—this formal dress is not Sannyasa. Real Sannyasa is when you can induce other people to become Krishna conscious and they dance in Krishna consciousness.
-------Srila Prabhupada --Sannyasa initiation—Los Angeles ,July 20, 1970.
Maharaj you taught us --- Churning of the Milk Ocean ---first come out Poison---like I experienced first --- many negative experiences in Spiritual Path----> Dance / Kirtan of Higher taste result regularly visiting Temple----> associating with devotee>>.Job changed -----TimeShare consultant--The continental Time share Marketing Ltd. Spain Company --Bandra---Own business thought---Publish a Magazine -- The Idea Man-English---lost -- become full Time devotee of Sri Sri Radha Rasabihari in 2000---When they arranged to get initiation by H H Gopal Krishna Goswami Maharaj 2001. I ignored---- " I said , I will get initiation by H H Radhanath Swami Maharaj --they said here you should get initiation by H H Gopal Krishna Goswami only. Thus I get initiation in 2004 and transferred to Mira Road.
2000 to 2003 When I was ISKCON Juhu devotee as New Bhakta , I want dance like ISKCON Chowpaty devotee that three dance formation 1-- Waves , 2--Circle ,3--Column wise{ Hari haraya namah krishna--} And I started to teach dance through by favorable H G Asim Krishna Prabhu now H H Anata Krishna Swami ----HG Brajahari Prabhu said he nothing done , but you { Krishna Nandan} you done-- then stopped. I was a librarian so I started collecting dance references.
2004 in Mira Road New Temple Fund raise--busy in course of time I forgot.
Maharaj Your Historical Lecture 11 Oct ,2011---
" At the age of 19 , in 1960 sitting on that wall , in the River Thames , London. Every night ,I would sit on it and look at reflection BigBen the clock tower great parliament building , in the current of river and as I saw I would meditate on - - - - - -
1—What is really the best use of my time ?

2---How can I make the biggest and most important difference in the world ?
3—Where is the current of the river of destiny leading me ? “
These questions motivated me to think deeply and go further by collecting references , speaking about dance music , dance formations and so on. Thus I am developing my knowledge in transcendental dance for the pleasure of the Lord.
Further My Guru Maharaj HH Gopal Krishna Goswami once said : “ Chant and dance share your joy.”
These are very encouraging to me and I am sharing my “ JOY “ with other devotees.
Whole world will be united
Somehow or other, if you can engage them in chanting and dancing, the whole world will be united. ---Srila Prabhupada -- Srimad-Bhagavatam lecture, Bombay, December 27, 1974
Maharaj Your precious article found -----
How to dance for the Lord ?
--- By H H Radhanath swami--Gaura Purnima --2012.Ref : www.ISKCON.com/news.
Purpose of dancing :
Now Lord Caitanya Mahaprabhu has also taught us how to perform kirtan as well as,our kirtan should not simply be a dance. We should know that the purpose of dancing is to express our devotion to God. Every movement of our arms ,every movement of our legs ,every movement of our heads ,every part of our body. It`s to dance ,but it is to dance as a way of gracefully expressing our devotion to God.
When we dance :
Lord Caitanya danced with His arms raised. Extending His heart through His arms to the Lord.Very simple, nothing complicated---not that you have to go to dance school and learn for many years to how to dance in kirtan.You can learn in one day ,in one minute. You just have to listen--very simple. And when we sing we should sing from our heart ,as an offering ,as an expression of our love. We should sing like a baby crying for it`s mother. When we dance ,we should be reaching out for the mercy of God.
Dance together :
We should all learn how to do kirtan nicely together. Not that everyone just does what they want to do . Let us all dance together . Let us all chant together . When we chant ,we should chant knowing that the Lord is our heart and is listening. We should chant with the sweetest and nicest voice we can. If everyone sings like that , how sweet the sound will be ! We should also be very loud .
Dancing should be the same way :
We should sing with enthusiasm. Our chanting should enliven the ecstasy of all the other devotees in the kirtan--by our devotion. When we dance ,our dancing should be in the same way--dancing together. We should have certain formations we all follow--coming in and out . Sometimes coming in and sometimes going out of circles.Our dancing should be very sweet , very graceful--all of us going in a same motion together like waves for the pleasure of the Lord.
Expressing our devotion :
So how can we give Lord Caitanya the best gift ? The best gift we can give Him is to put our life and our soul into congregational chanting of the holy name . Everything Lord Caitanya Mahaprabhu has given us on His birthday ,we can give Him--each and every one of us ,as an individual as well as a unit , can give Him the most glorious gift by chanting together , expressing our devotion and love with every movement of our body.
Let us dance
Tonight is not the only night , but at this very moment we all have the opportunity of presenting ,from our hearts , our gift of love on the birthday of Sri Caitanya Mahaprabhu . This kirtan--let`s do it in such a way that we never forget it for the rest of our lives. With great enthusiasm ,with great devotion ,with great emotion , and with great gratitude ,let us chant the holy names ,let us dance ,let us unite in love of one another in the glorification of the holy name of Sri Krishna Caitanya Mahaprabhu.
-------Compiled by Kaunteya Putra das
Dancing in ecstasy is an act of grown up people .
--------HH Radhanath Swami
Some may find it difficult to believe that chanting is the simplest process to refine our senses, detach ourselves from the bodily concept and identify with the soul.
Rather, this chanting and dancing may appear childish to them.
Lord Jesus said, “Until you become like a

child, you are not fit to enter into the kingdom of God. ”
We are God’s children but too often we are trying to be the master of our lives and the controller of situations .
Rather, we should accept the position that we are the humble children of God.
Many great philosophers who have deeply scrutinized the Vedas and other ancient scriptures have concluded that the realization of all the scriptural philosophy is to chant the holy names, to dance and to glorify the Supreme Lord.
The philosophy can show us the way, but the actual realization comes through the chanting of the holy name.
I can describe to you what honey is with words, but until you open the jar and taste it you will never really know what honey is. Unless you eat it, you will not know the taste and you will not be nourished.
So the process of chanting and dancing, which is introduced by and is recommended in Vedic literature, is not considered a childish activity by the saintly persons.
There are people with a sense of false prestige, and they are fighting over dignity and honor, which is totally childish.
But the act of chanting the holy name and dancing in ecstasy is an act of grown up people – people who have grown beyond the superficiality of material life.

In 2013 I published www.harekrishnadance.com , 2017 first Dance seminar done , -----Power Point Presentation ---Rehearsal---up to now eight Dance seminars done , and received H H Candra Mauli Swami appreciation.

MAHARAJ YOUR UNIQUE TEACHING :
Transformation
The Process of Krishna consciousness brings about a very DYNAMIC and ongoing transformation. A transformation of our life and ourselves and spiritual life is increasing. ----there is always new insight to gain and new discoveries.
Your Primary questions for self realizations
1--How the human body is consist?
2-- What is the source of our consciousness ?
3--How life extends far beyond the mortality of the body ?
4--How it`s possible for the reinvention of life to eternity ?
5--How our happiness becomes infinite ?
6--How to purify our desire and ego ?
7--How to connect ourselves with the Lord ?
Real Vaishnavas knows --
1--Who I am ?
2--What is the relationship with other devotees ?
3—And how can I maintain my relationship for a higher purpose?
4—To achieve the higher purpose , we need sadhana , seva ,then life is meaningful and we are perfected.
Satsanga means ,association ,with who is in higher purpose ,we help one another so we focus on Big , higher purpose. And we often recharge our spiritual energy ,to achieve higher purpose , Lord`s eternal abode.
Your unique example to perceive the soul
1---When you are a baby , who are you before you have been given a name ?
2---When was the last time you drank your mothers milk ?
3---When did your mind , intellect and desire change ?
You can change your name
You can change your nationality
You can change your religion
You can change your sex
You can change your heart
4--So what part of you does not change ?
5--And who is the witness of all these changes ?
6--You are the soul ,who is having the experience of life.
7--The soul needs to love the Supreme Lord Sri Krishna.
The Big
The crane bird Wait until the big fish come , the bird ignore thousands of small fish when will come big fish ,quickly grab it.
We do small things , we become distracted from what we really want to achieve in life.. However small we are ,we can make a big difference---through our own way of living ,we can be the change we want to see in the world. All the good changes in the world have come from sincere people who wanted to make the changes.-----H H Radhanath swami—Facebook HeadQuarters ,California ,USA
The Faith
With faith you can see invisible{soul ,God } you can believe the incredible you can receive the impossible.-----H H Radhanath swami

WHERE IS THE CURRENT OF THE RIVER OF DESTINY LEADING ME ?
Many planks and sticks, unable to stay together, are carried away by the force of a river's waves. Similarly, although we are intimately related with friends and family members, we are unable to stay together because of our varied past deeds and the waves of time.
---SB 10—5--25
Maharaj your Mother`s ashes mixed with Mother Ganga --- final right ceremony with 2000 devotees together . By your spiritual power you inspired and influenced millions of people to become well wishers and devotees .

It make me to think deep in long time ---- my life----from Nobel family -- Vegetarian --Parents left in the world when I was six years old , My Grandparents who cared left at the age of 20 ,my Grandfather was Gandhi ji Man { Freedom fighter of India }, Grand-Mother Ayurvedic Doctor-- Now I am lonely.
In Mumbai life – due to failure of my Magazine ` The Idea Man ` became a full time devotee of Sri Sri Radha Rasabihari ji- ISKCON Juhu ,Mumbai.
ISKCON Miraroad the leaders fault I explored , result I banned all activities , only allowed fund raising ---the following matter, no one leaders ready to come forward to solve , but myself managing with Krishna. Really I don't want revange Or fight . But I want give Srimad Bhagavatam class and seminar on ' Do beyond the limit '. etc
Difficulty time
" Devotees can`t make advancement at a peaceful time. Advancement comes only at difficult times .When you have challenges, that is the time to prove how much faith you have in Krishna-"------H H Bhakti Tirtha Swami
The law of karma is like gravity
whatever comes up must come down.
You do good and you get good ,
you do bad and you get bad. You can't escape.
It's a law.
But Krishna says in the Bhagavad-gita, if you surrender to God, you are free of karma.
How is that?
Because when you offer your work to the Supreme Lord with love, it is no longer in the realm of material existence.
Just like gravity, the law is only in effect within the atmosphere of the earth. When you go beyond you can float. The law of gravity is no longer relevant.
When we surrender to God with our words, thoughts and actions, we come out of the limitations of material existence and those actions are free of karma.
——-H H Radhanath Swami
Fate Effort Time
Satyavrata Muni inquires :
"O Lord, which is superior: fate or one's own exertion and effort? I have doubts on this; kindly resolve them."
Satyavrata Muni is raising the perennial philosophical conundrum of predestination versus free will.
Lord Matsya explains :
That three elements—fate, effort, and time—conjointly affect the course of one's life.
Thus I am in Srila Prabhupad`s Mission 30 years passed , my fate in Krishna`s hand , whatever do He will do.
For my purification this offering to you.

**Kaushik (Pune)**

Today's most auspicious appearance day of my eternal spiritual master Srila Radhanath Swami Maharaj. Its my great fortune that I have been given the opportunity to pay my homage unto him.

I have been hearing Maharaj's lecture/kirtans and following his teachings from over a decade now. I also read his book The Journey Home multiple times, The Journey Within twice and I always meditate on the trouble which Maharaj underwent to accept Krishna Consciousness and also later to give that Krishna Consciousness to the whole world. Maharaj's life is a masterpiece of compassion for the living entities, dedication towards the mission and love for Srila Prabhupada and Sri Sri RadhaGopinath.

In this year, I was very fortunate to have Maharaj's personal association multiple times after his arrival in India. I saw Maharaj live after a very long period during the Radhastami festival when we small group of devotees went to ISKCON Chowpatty. It was such a enlivening experience to hear nectarine katha for 3hrs surrounded by 5000 devotees offline and 10,000 devotees online.

After that, in October Maharaj had come to Pune for a Mahasatsang program in NVCC. I was amazed to see 6000+ people attending the evening program followed by long dancing kirtan on a weekday.
On last Sunday of October month, I again went with small group of devotees to Chowpatty for having darshan of Guru Maharaj. Since there were less devotees compared to previous visit, it was a very intimate and deep experience to have Maharaj association from such close distance during japa, katha and kirtans. Every time I saw Maharaj in person, that desire to surrender unto him went deep into my heart.
Just few days ago I was at Puri Dham for the Annual Kartik Yatra Festival organized by RGM Yatra Committee after 4 years and I was fortunate to have Maharaj's prolonged association for almost 6 days surrounded by 10,000 devotees. The intense japa, mesmerising lectures and amazing kirtans led by Maharaj has inundated me in the ocean of limitless grace coming from Krishna through His bonafide representatives and all the assembled Vaishnavas.

Although I am having unlimited material desires, faults, offensive mental scripts & am spiritually very lazy but I believe if I sincerely try to follow in the footsteps of Maharaj by pleasing his representatives in the form of my counsellor, my local authorities as well as all my siksha gurus then someday I'll be able to serve and please him eternally. I hanker & aspire for that day when there will be no more separation from the association of the shelter of the lotus feet of my spiritual master Srila Radhanath Maharaj.

On this most auspicious 73rd appearance day, I am crying incessant tears begging helplessly at my Gurudeva's lotus feet that please allow me to feel a drop of love what he has for his Guru Srila Prabhupada in the eternal service of Their Lordships Sri Sri RadhaGopinath. May I always remember his teachings to become humble, tolerant and respectful towards each and every Vaishnava in order to chant the holy names of the Lord constantly. May I cultivate the right attitude, aspiration and mood of being the servant of servant of servant of his surrendered associates and I remain eternally loyal and grateful for the association of wonderful vaishnavas which I have got in my life only by his causeless mercy.

Thank you very much.
Srila Radhanath Swami Maharaj ki jai
Srila Prabhupada ki jai

Yours humble servant,

आज मेरे दौंवत आध्यात्मिक गुरु श्रील राधानाथ स्वामी महाराज का सबसे शुभ आविर्भाव दिवस है। यह मेरा सौभाग्य है कि मुझे उनके प्रति सम्मान व्यक्त करने का अवसर मिला है।

मैं एक दैक से अधिक समय से महाराज के व्याख्यानध कीर्तन सुन रहा हूं और उनकी ैक्षिाओं का पालन कर रहा हूं। मैंने उनकी पुस्तक द जर्नी होम एंड द जर्नी विदइन कई बार पढ़ी और मैं हर्मैंा उस पर्रैाानी पर ध्यान करता हूं जो महाराज ने कृ÷ण चेतना को स्वीकार करने और बाद में पूरी दुनिया को उस कृ÷ण चेतना को देने के लिए झेली थी। महाराज का जीवन जीवों के प्रति करुणा, हरे कृ÷ण आंदोलन के प्रति समर्पण और श्री श्री राधागोपीनाथ के प्रति प्रेम की उत्कृ÷ट कृति है।

इस व÷र्ा, उनके भारत आगमन के बाद अनेक अवसरों पर उनका व्यक्तिगत सानिध्य प्राप्त करने का सौभाग्य मुझे प्राप्त हुआ। मैंने राधा÷टमी उत्सव के दौरान बहुत लंबे समय के बाद महाराज को लाइव देखा, जब हम भक्तों का एक छोटा समूह इस्कॉन चौपाटी गया था। ऑफलाइन 5000 भक्तों और ऑनलाइन 10,000 भक्तों के बीच 3 घंटे तक अमृतमय कथा सुनना एक बहुत ही जीवंत अनुभव था।

इसके बाद अक्टूबर में महाराज एनवीसीसी में महासत्संग कार्यक्रम के लिए पुणे आये थे. कामकाजी दिन होने के बावजूद ध्याम के कार्यक्रम और उसके बाद लंबे नृत्य कीर्तन में 6000 से अधिक लोगों को ध्यामिल होते देख मैं औैचर्यचकित रह गया।
अक्टूबर महीने के आखिरी रविवार को, मैं फिर से गुरु महाराज के दैीन के लिए भक्तों के एक छोटे समूह के साथ चौपाटी गया। चूंकि पिछली यात्रा की तुलना में भक्त कम थे, इसलिए जप, कथा और कीर्तन के दौरान इतनी करीब से महाराज का सानिध्य प्राप्त करना एक बहुत ही अंतरंग और गहरा अनुभव था। जब भी मैंने महाराज को साक्षात देखा, उनके प्रति समर्पण करने की इच्छा मेरे हृदय में गहराई तक घर कर गई।
अभी कुछ दिन पहले मैं 4 व÷र्ाों के बाद आरजीएम यात्रा समिति द्वारा आयोजित वार्÷िक कार्तिक यात्रा महोत्सव के लिए पुरी धाम में था और मुझे 10,000 भक्तों के बीच लगभग 6 दिनों तक महाराज का सानिध्य प्राप्त करने का सौभाग्य प्राप्त हुआ। महाराज के नेतृत्व में गहन जप, मंत्रमुग्ध कर देने वाले व्याख्यान और अद्भुत कीर्तन ने मुझे कृ÷ण के वास्तविक प्रतिनिधियों और सभी एकत्रित वै÷णवों के माध्यम से आने वाली असीम कृपा के सागर में डुबो दिया।

हालाँकि मुझमें असीमित भौतिक इच्छाएँ, दो÷ा, अपराध हैं और मैं आध्यात्मिक रूप से बहुत आलसी हूँ, लेकिन मुझे र्विवास है कि अगर मैं ईमानदारी से अपने सलाहकार, अपने स्थानीय अधिकारियों और साथ ही गुरु–भाइयों जैसे गुरु के प्रतिनिधियों को खुैं करके महाराज के नक्शेकदम पर चलने की कोैिश करूँगा तो एक दिन मैं उन्हें खुैं कर पाऊँगा। . मैं उस दिन की लालसा और आकांक्षा करता हूं जब मेरे आध्यात्मिक गुरु श्रील राधानाथ महाराज के चरण कमलों में दंैवत मिलन होगा।

इस सबसे ध्ाुभ 73वें अवतरण दिवस पर, मैं अपने गुरुदेव के चरण कमलों में असहाय होकर प्रार्थना करते हुए लगातार आंसू बहा रहा हूं कि कृपया मुझे श्री श्री राध ागोपीनाथ की दंैवत सेवा में श्रील प्रभुपाद के प्रति उनके प्रेम की एक बूंद महसूस करने की अनुमति दें। मैं भगवान के पवित्र नामों का लगातार जप करने के लिए प्रत्येक वै÷णव के प्रति विनम्र, सहि÷णु और सम्मानजनक बनने की उनकी ैक्षिाओं को हर्मैंा याद रख सकता हूं। मैं गुरु के समर्पित सहयोगियों के सेवक का सेवक होने का सही दृ÷िटकोण, आकांक्षा और मनोदैंा विकसित कर सकता हूं। मैं अद्भुत वै÷णवों की संगति के प्रति सदैव नि÷ठावान और कृतज्ञ रहूँगा जो मुझे केवल गुरु की अहैतुकी कृपा से मेरे जीवन में प्राप्त हुआ है।

आपका बहुत–बहुत धन्यवाद।

श्रील प्रभुपाद की जय

Today is the most auspicious appearance day of my eternal spiritual master Srila Radhanath Swami Maharaja. It is my great fortune that I have got this chance to express my gratitude towards him.

For more than a decade I have been hearing Maharaja's kirtans, lectures & following his instructions. I have read his books; The Journey Home & The Journey Within many times over and I often meditate on the hardships that he has had to take in order to embrace Krishna Consciousness and to spread it all over the world. Maharaja's life is the supreme embodiment of compassion towards every living entity, surrender towards the Hare Krishna Movement and love towards Sri Sri Radha Gopinath.

This year after his arrival in India, I had the blessed fortune of having his personal association many a times. During our small devotee groups visit to Sri Sri Radha Gopinath

temple Chowpatty during Radhashtami festival, I saw Maharaja in person. It was a lively experience to hear a three-hour long katha amidst 5000 offline & 10000 online devotees.

Later in October Maharaja came to NVCC for a Mega Satsang program. Despite of being a working day, I saw 6000 devotees for the evening program and the long kirtan following it & I felt mesmerized. On the last Sunday of October, I again went with a small group of devotees to Chowpatty for having darshan of Guru Maharaja. As the attendance was relatively less, I had opportunity to chant, hear katha and do kirtan in close proximity of Maharaja's self & it was a deeply internal experience. When I saw Maharaja in front in very close proximity, the desire to surrender myself to him became very strongly embedded in my heart.

Just some days back, after four long years, I was in Puri attending the annual kartik yatra organized by RGM & I had the good fortune of having Maharaja's association for 6 consecutive days amidst 10000 devotees. The deep chanting sessions, mesmerizing talks and wonderful kirtans under the guidance of Maharaja completely drenched me in the immense grace that is profusely distributed in the association of Lords bonafide representatives and His devotees.

Although I have unlimited material desires, shortcomings and offenses and I'm spiritually very lazy, still I have a deep faith that if I simply try to honestly, please my fellow devotees, local authorities, God brothers & walk on the path shown by Maharaja himself, one day I'll be able to please him. I am greatly anticipating and waiting for the day I'll get eternal shelter at the lotus feet of my eternal spiritual master Srila Radanath Maharaja.

On his most auspicious 73rd advent day, with tears falling from my eyes, I am helplessly praying at the lotus feet of my spiritual master to please allow me to experience a drop of the love that you carry in your heart Srila Prabhupada in the eternal service of Sri Sri Radha Gopinath. May I always remember his teachings of being humble, tolerant & respectful towards vaishnavas which may enable me to continuously chant the holy name. May I develop the right perspective, desire and attitude to become the servant of the servant of Guru Maharaja's sold-out servants. I will forever remain committed and grateful to the wonderful association of devotees which has blessed unto me by the mercy of my spiritual master.

With deep gratitude
All glories to Srila Radhanath Swami Maharaja
All glories to Srila Prabhupada

Your menial servant
Kaushik

Hare Krishna my dear Guru Maharaj,
Please accept my most humble obeisances at your lotus feet.
Wishing you a very Happy Krishna Conscious 73rd Vyas Puja. Praying for your good health always.

It seems like I am drowning in the ocean of material existence and you are my only ray of hope. In my limited life experience, the current phase seems to be the toughest, but you are always there providing me strength through your merciful words. My despairing heart seeks refuge in the ocean of love that your heart carries, Maharaj.

I know how difficult it is to fill a stone-like heart with gratitude, but your compassionate constant emphasis on love, humility, gratefulness have made me too a bit human and I thank you abundantly Maharaj because I have learnt from you that only a grateful heart can receive the mercy of Shri Chaitanya Mahaprabhu. Thank you Maharaj for your merciful explanations of the teachings of Srila Prabhupad in such a deep yet practical way.

Just like all of our acharyas, you teach by

your own example. You are an embodiment of all Vaishnav qualities and the love that you have for Srila Prabhupad makes me desperate to have a drop of it for you. I always want to be conscious of you and Srila Prabhupad. I always want my desires and actions to be in line with what makes you happy.

When people mistakenly think of me as a devotee and look up to me for support, I pray to become a medium to share your love with all. I constantly meditate to live as per your instructions of love, compassion, tolerance, humility, and cooperation between devotees. I strive to resolve differences between devotees and work on community building because that will please you my beloved Guru Maharaj and Srila Prabhupad.

I pray for constant remembrance of your lotus feet and your ideals of pure devotional service. I pray to you Maharaj that my life becomes synonymous to serving devotees.
Maharaj, you know my impurities, my weaknesses. My heart and mind are filled with all anarthas. My life has been nothing but committing apraadhas. You are my only shelter, you are my only hope Maharaj. You have given me hope for life even after I have committed so many offences. This was probably Krishna's way to make me humble but it has also made me very fearful Maharaj. Please help me that even in this most risky situation, my mind doesn't take pleasure in the material objects and rather listens to you and seeks refuge under the safest shelter of your lotus feet.

Maharaj, I have so much more to say, but I feel I should follow your instructions first and make you feel more happy next year in your next Vyas Puja. I sincerely pray for rapid spiritual growth of everyone whom I know but specifically for those against whom I have committed offences and whom I have hurt. May your mercy be always upon them.

Thank you very much for everything Maharaj.
I pray for your blessings and mercy always.
Praying for the shelter at the dust of your lotus feet.
Aspiring to become your worthy and humble servant.
Hare Krishna.

HARE KRISHNA

Dear Gurumaharaj
Please accept my humble obeisance
All Glories to Srila Prabhupada

I am very very fortunate to receive your mercy for so many years.

This 5th Nov completed 11 years for my Initiation. Now when I look back over these years what I see is you have showered unlimited mercy but very unfortunately because of my sinful tendencies to enjoy with my senses I have never extended my palms to receive this mercy. I kept myself so much away from this mercy.

While writing this offering I fill ashamed to even beg forgiveness for all the mistakes. You know everything Gurudev if possible please please forgive me. Kindly bless your child to overcome weekness of heart and uncontrolled mind.

After being part of divine sanga of all vaishnavas in recent yatra felt very much surcharged and nourished. This could happen Just because of you. All the time everyone of us were grateful to you and everyone was sharing past yatras nourishing experiences.

You have always shown how we should give our best,
1. It is so many time seen in your personal dealings with your god brother how you are always very much respectful.
2. So deep and intense Prayerful mood when calamities come upon any Devotee or community you are always available for us.
In your recent visit to Pune for HG Satyavati Mataji you have touched heart of so many

of us.
3. Got to again see your serious sadhana which you have been doing for so many years with so many health crises, personally it was very inspirational.
4. Available for service, in Puri yatra your health was not good but the way you gave those amazing classes for so long, noon of could understand, very grateful.
5 And so many special divine qualities you have. Aspiring to develop drop of it.

I am very thankful to you for giving me this matchless gift Krishna Consciousness, saving me from this forest fire of material existence. Please protect me more, need lot of blessing to be determined.

Dear Maharaj. Please accept my humble obeisances in the dust of your lotus feet. All glories to you on this auspicious day of your Vyasa puja. Though I am not qualified enough to submit an offering, still I beg you to allow me to make an insignificant attempt in all humility to open my heart to you on this auspicious day.

In your book, The Journey Home, you had promised the Indian ranger guarding the Pakistan border that you would do something invaluable for the people of India. I now realise that it was Krishna's plan, to send you and later make you a representative of Srila Prabhupada for the ultimate purpose of uplifting a fallen soul like me.

Maharaj, I consider myself at the bottom list of thousands of aspiring devotees who seek initiation from you. Just like you took time to find and commit your life to your spiritual master. Similarly, it took me quite a journey to figure out that I am inspired by you and my heart resonates with your instructions. I was elated to have your darshan and association in Radha Gopinath temple Mumbai and NVCC Pune recently. Though my heart always seeks to be in your association and constantly hear from you dance to your kirtans, I also realise that it is not possible always.

Recently, I happened to listen to an audio of yours in which you spoke some of your personal instructions for all of your disciples. Now, I am trying to make those instructions whole and soul of my life. Because, I realise that by serving the instructions of the spiritual master, one can actually take association of the spiritual master. I want to express my gratitude for the values of humility, compassion and gratitude that you have instilled in me. I promise you that I will always cooperate with other devotees to serve the mission of Srila Prabhupada and uphold the name of ISKCON. I will also serve your god-brothers with utmost respect and reverence, because I know that pleases you Maharaj. I am also trying to focus on the devotee care aspect by trying to serve devotees with utmost care and affection. I feel for this aspect from the bottom of my heart. Thank you for introducing the devotee care in ISKCON for us.

I am greatly inspired by your vaani maharaj. Your lectures are very profound and there is always something which I take away for implementing in my spiritual life. I want to contribute my tiny bit in preaching the message of Krishna consciousness whatever I have heard from you, Srila Prabhupada and the acharyas in our disciplic succession. For this I need the shelter at the dust of your lotus feet. Please Maharaj, please consider me. Please bless and guide me so that I can serve your lotus feet, follow your instructions and give my best to this movement and the cause for which you have dedicated your life.

Your Servant

HareKrishna Gurumaharaj
Please accept my humble obeisances unto your lotus feet Maharaj
All Glories to Srila Prabhupada & All Glories to you.

Dear Gurudev, please forgive me for my broken expression unto you who is very dear to Sri Sri Radha Gopinath n Sri Nitai Gauranga and beyond my deeply contaminated understanding.
From the core of my heart , I would say that I'm not at all qualified to write this. But I want your causeless mercy Maharaj. So in my little tiny way I'm also trying to give my offerings.

Dear Gurumaharaj,
You are a very sincere disciple of HDG Srila Prabhupada. Your life and soul are his instructions. You cross any boundaries to please your spiritual master and the Lord.
You are an epitome of compassion for the soul!
You are the protector of the fallen and conditioned soul.
Without your mercy we have no hope in our life.
Maharaj in his childhood also was so compassionate and humble. He used to make his new clothes, shoes, car and other new things appear old as he genuinely, deep from the heart felt that "Having better things than others made me feel embarrassed"!.

This striked me a lot! So, these qualities are not of the people in this material world but of that blissful spiritual world, one whose only desire is to serve The Supreme Lord Krishna. That was you dear Maharaj.
Just after reading very few pages of The Journey Home we feel that Maharaj has been naturally following, sincerely the 3rd Verse of Shikshashtakam right from his childhood when he hardly knew about this verse. Such a great soul Maharaj is!
Maharaj says , “that the real enlightenment or real spiritual connection means not what we call ourselves , not how many verses we have memorised , not how many people we can convert . Real spiritual connection means we see every living being with Equal Vision “
Incredible..What a deep philosophy or the essence does Maharaj preach!!
So this way Maharaj always in every class enlightens us with deeper meaning of the Bhakti .
Maharaj always emphasizes a selfless service attitude - sewa. which can attract Krishna’s mercy...He always wants to get us closer to the Lord. This is the quality of a Goloka vasi.
Maharaj could attract anyone and everyone through his Pure Vani. Indeed he is a great pure soul. Through his words, Maharaj always brings us closer to the level of the soul as Jivera Swaroop Hoya Krishnera Nitya das (though I fail then due to my deep past conditionings).
Maharaj’s classes are hope giving always.
A sense of warm love can be always felt while hearing him.
We can hear him hours together, such a Bhagavata Maharaj is.
Maharaj is as sweet and soft as that butter which the Supreme Lord Krishna always hankers to steal (heart of his Pure Devotees)

I can’t thank you enough Maharaj.
I’m truly blessed by the Supreme Lord to have such a spiritual master in my life.
I deserved n deserve nothing in life of various forms. It is simply by the causeless mercy of Sri Guru & Sri Gauranga that I’m able to do little bhakti .

Maharaj please...
kārpaṇya-doṣopahata-svabhāvaḥ
pṛcchāmi tvāṁ dharma-sammūḍha-cetāḥ
yac chreyaḥ syān niścitaṁ brūhi tan me
śiṣyas te ’haṁ śādhi māṁ tvāṁ prapannam
Now I am confused about my duty and have lost all composure because of miserly weakness. In this condition I am asking You to tell me for certain what is best for me. Now I am Your disciple, and a soul surrendered unto You. Please instruct me.Maharaj, I seek the inner transformation of my endlessly contaminated dirty heart .
I beg to you to provide me shelter at your lotus feet and bless me so that I can become sincere and serious in my Krishna conscious life. I also beg for the realisation of the knowledge from you Maharaj.. without realisations my mind keeps on speculating n concocting unnecessarily. I beg Maharaj to kindly give me knowledge, intelligence and determination to give up all kinds of sense gratification, mental speculation, false ego, anarthas. And develop compassion, true humility, tolerance and amanina manadena. Also to develop great attachment to Sadhu, Sri Guru and shastra whose destination is unmotivated, unalloyed uninterrupted n unconditional Pure loving devotional service unto Supreme Personality of Godhead Krishna.
Lastly kindly bless me Maharaj that I sincerely, consistently, without false pride, n duplicity chant at least 16 rounds, do kirtan, read, hear the name, form , qualities n pastimes of the Lord and serve the Lord and his devotees (your instructions) and Srila Prabhupada’s mission selflessly
I’m nothing without you mercy Maharaj.
Without your mercy I have NO HOPE!

Dear Radhanath Swami Maharaj,
Please accept my humble obeisances.
All Glories to Srila Prabhupada.

Srila Krishna das Kaviraj Goswami establishes based on scriptures and explains the position of Spiritual Master in his classical composition Sri Chaitanya Caritamrita Adi-Lila. He says -
guru kåñëa-rüpa hana çästrera pramäëe
guru-rüpe kåñëa kåpä karena bhakta-gaëe

“According to the deliberate opinion of all revealed scriptures, the spiritual master is nondifferent from Kåñëa. Lord Kåñëa in the form of the spiritual master delivers His devotees.”

He also quotes from SB 11.29.6 which expresses the truth that Supreme Lord Himself manifests as Spiritual Master to direct and deliver the conditioned souls.

naivopayanty apacitià kavayas taveça
brahmäyuñäpi kåtam åddha-mudaù smarantaù
yo ’ntar bahis tanu-bhåtäm açubhaà vidhunvann
äcärya-caitya-vapuñä sva-gatià vyanakti

”O my Lord! Transcendental poets and experts in spiritual science could not fully express their indebtedness to You, even if they were endowed with the prolonged lifetime of Brahmä, for You appear in two features—externally as the äcärya and internally as the Supersoul—to deliver the embodied living being by directing him how to come to You.”

I was born in the darkest ignorance but by your mercy, coming through Guru Parampara, I am coming a bit closer to understand through your most profound lectures, at least theoritically, my precarious position in this material world and my actual position being a servant in relation with the Supreme Lord. I am eternally grateful for your mercy in the form of lectures. They are always been great shelters for me in the ocean of material existence.

I am always inspired to hear “The Journey Home” audio book that you read yourself to make it an audio book. In that search for truth, the sincerity and seriousness you manifested is an eternal guiding light for me. Maharaj, Extermely grateful for that.

I would like to seek forgiveness for unable to follow many of your instructions given in lectures but I will strive to make at least baby steps to remember them and apply them.

Thanking you so much for all the facilities and resources to understand and to practice Pure Devotional Service for the pleasure of Srila Prabhupada, Lord Chaitanaya and The Divine Couple.

Dear Guru Maharaj,
Please accept my humble obeisances unto your lotus feet.
The more have I started to take your vani shelter in my life, the more it is getting revealed to me what the essence of Krishna Consciousness lies in. You are creating a transformation in my life I had never conceived shall ever take place. You are shattering my misconceptions with your vani and example and giving me the topmost jewel to strive for-Krishna consciousness. What ability do I hold to glorify you Guru Maharaj, yet I am making this audacious attempt for that is the only opportunity for a fallen rascal like me to please Srila Prabhupada and Krishna.
Your dealings with HG Satyavati mataji have completely melted my heart, and the hearts of many devotees watching those

exchanges. You are teaching through your example how you are so personal and available for devotees who have surrendered their lives for you and empowering them to play similar role in the lives of the devotees they are taking care of. Please gift me with this quality of personalism towards Hari, guru and vaishnavas, which is so much lacking in my character. Please gift me with the consciousness that what I am receiving is the most rare gift in all 3 worlds, and how much I should be endeavoring to preserve and nourish this gift to the best of my capacity and share that with each and everyone I am coming in contact with!

I lack ability to describe in words how your lectures are giving me just the right medicine I require to cure my condition of material sufferings! They are the most practical and digested sublime truths flowing in your words to enter my heart and purify it. They are songs of surrender for the glorification of Srila Prabhupada and our Gaudiya Vaishnava sampradaya and they are so imbued with humility and surrender that they are melting even a stone like heart as mine. Please gift me with the realization that your words and the association of devotees is the only thing of true value in my life and I may never take even a step to go away from this glorious mercy and association! You are gifting me with association of vaishnavas even in hostel setup where we are coming together to chant, sing and share the bliss of Krishna consciousness with each other, please place me eternally in the association of sincere devotees who may always give me remembrance of Krishna at every step!

I couldn't be a part of Kartik yatra, but I feel unqualified to have even got the opportunity to hear the realizations of devotees about the yatra, it was a glorious festival of surrender for 6 days, where the only prominent mood was service attitude, where every devotee was exhibiting the mood of being a servant of the servant to assist everyone else in giving pleasure to Lord Jagannath, Srila Prabhupada and devotees. Your presence and the mood you created in the hearts of 15000 devotees is unfathomable to my little intellectual capacity. Please gift me with this quality of gratitude which you present through your example as the most integral part of spiritual life, and teach us the same through your lectures and devotees!

In the lecture I was hearing today, you mentioned that what shall please Srila Prabhupada the most, of all the variegated services in ISKCON, is our endeavor to love Krishna and please him. Please bless me to become a servant Guru Maharaj, please bless me to adopt the mood of a servant in all circumstances, inconveniences and association, please bless me to feel pleasure seeing other vaishnavas receiving mercy, please bless me to act enthusiastic and eager even when I am not feeling so, to always strive to give pleasure to Hari, Guru and vaishnavas! Please accept me as a servant of your servants, if it is pleasing to Hari, Guru and vaishnavas. Thank you so much for your unconditional love for this fool, please keep me in your shelter and the shelter of your servants eternally,

Your aspiring servant,

Khushi

Dear Guru Maharaj,

Please accept my humble obeisances on this most auspicious 73rd anniversary of your appearance!
All glories to Srila Prabhupada & the entire Guru-Shishya Parampara.

I am eternally very grateful to you for all your causeless mercy by which I am allowed to follow the path of Krishna Consciousness. Whenever I hear your lecture, it always enlightens, enlivens and enthuses me to engage in devotional service of the Lord and his devotees. Your melodious and heart touching kirtans shower the nectar of Holy Names upon my dry, hard stone like heart. Your Vani association is always a great solace for me. I hope & pray to have your more & more Vapu association as well. I wish and pray to their Lordships for the betterment of your physical health so that unlimited souls can be benefitted from your holy association.

Due to my false ego, ignorance, lethargy, conditionings, lack of sincerity and seriousness, I am unable to fully surrender unto your lotus feet to follow the path of Krishna Consciousness with full enthusiasm and dedication. Please forgive me for all the offences which I may have committed knowingly or unknowingly.

Please bless me so that I will not offend anyone, rather always remain in the mood of humble servant of servant in Krishna Consciousness. Please bless me so that I can always hear, chant, remember and glorify the holy names of the Lord with love, devotion, humility, gratitude and service attitude to serve and please the Lord and his devotees.

Also please bless me so that I can always read, hear, remember and preach the message of Shrimad Bhagavad Gita, Shrimad Bhagavatam, Sri Chaitanya Charitamrita and all other holy scriptures written by previous acharyas and thus always remain Krishna Conscious. This way let me always share, distribute this Krishna Consciousness and Holy Names of Lord all around to please you and Srila Prabhupada.

Hare Krishna.

Dear Gurudev,
kindly accept humble obeisances at your lotus feet.
All Glories to Sri Guru and Sri Gauranga,
All Glories to Srila Prabhupada.

This year turns out to be very positive by your grace, in terms of opportunity to render some positive service for your pleasure and Srila Prabhupada's pleasure in reaching out to youths of Tirupati. By your mercy, there is great cooperation among the devotees who are part of this mission, as a result there is wonderful harmony, resulting in a boost in overall outreach... We are very grateful to your shower of mercy in this way...

HG Radheshyam Pr sent me to Tirupati six and half years ago, to assist the local devotees in youth preaching. It was a great struggle with my false ego, local situations, differences in the systems, new authorities, their priorities, their vision, perceptions about the service and many more things. I have undergone a lot of purification in rendering some tangible service, living distantly from pune, away from the loving motherly and fatherly loving devotees, who always protetected my Krsna Consciousness genuinely. I am grateful to all of them, who sent me with all their blessings, gave me so much support remotely.

I am eternally grateful to your vani, which always saved me from maya's delusion. It is always a very deep source for inspiration in my spiritual life. When something goes wrong in my spiritual life, that is always cured by regulated hearing of your lectures

or extra doses of mercy of your vani. It is the biggest saving grace in my life. Eternally grateful to you for saving me. You are a very expert preacher to all the conditioned and liberated souls, that include everyone, from a neophyte like me to your god brothers.

Your vaishnava qualities are oceanic, when I have challenges in any of the qualities, your remembrance immediately sets the highest standard of following that quality, gives me a great inspiration to make the baby step to follow. I can never repay you for exhibiting those qualities to perfection. More and more time I spend in spiritual life, more of this understanding is dawning in my heart, it is only by grace of the Vaishnavas, Srila Prabhupada, I am made of. If not, a terrible misfortune might have engulfed me long long back. Only by their mercy alone, my existence, there is some hope that I can also practice and stand in my spiritual life. Eternally indebted to you for the mercy you have shown on this conditioned soul.

I beg forgiveness from you, for not fully utilizing your mercy due to my own material desires and material conditionings. Kindly, continue to grace your causeless mercy on this conditioned soul Guru Maharaja, else there is no other hope.

Your insignificant servant,
Kirti Gopal das.

Dear Gurudev,
All glories to your divine grace. Please accept my humble obeisances.
I feel fortunate for having received an opportunity to write this offering on your 73rd appearance day. I don't know from where I should begin to thank you. You are the reason for everything auspicious in my life from all angles of vision.
My learning did not begin in school or college, but from when I started hearing your transcendental teachings. That was my real education.
I was a dumb fool. You made my life. Everything that others see in me today, is but a mercy that you have given, though I am not worthy of it. I am able repeat something from scriptures today only because of your mercy. I am able think something to be right and wrong today only because of your teachings. I am able to do something today only because of you. I am writing this offering also, only because of your mercy.
I really don't know where I should begin to thank you. Everything in my life, is what you have given me.
I simply wish to spend my time ETERNALLY remembering and thanking you.

You have given so much transcendental instructions but I am struggling to apply a lot of your teachings in my personal life. I am still in deep dark ignorance and I need to hold on to the rope you have thrown and climb up leaving behind all my useless habits. I am willing to change for your pleasure. I will continue to fight with my internal enemies. I am willing to improve. Your mercy is there to make my effort complete. I just need to step up to grab it.

I will try my best to follow your teachings. Today I am far away but hopefully sooner, I will also be given the entrance into your sincere followers' list. I am willing to work for that change.

All glories to our ever well wisher Srila Prabhupad
Dear Gurudev,
Your kind words about Govardhan Eco Village are truly golden and hold great significance for all of us. You mentioned that "Vrindavan forest was made for all of us, and ISKCON GEV provides us with an opportunity to experience the same divine atmosphere and energy that one would encounter during a Vrindavan Yatra. We strive to create an environment where people from all walks of life can feel at home, as this place was built specifically for you and the cows are your cows, the holy places are your holy places. As we take on the responsibility of this project, it becomes an even more intimate experience, allowing us to feel the mercy and grace of Lordships and Srila Prabhupada. I am deeply grateful to everyone who is helping us preserve this wonderful Brundavan forest, and I sincerely hope that you feel this place as a spiritual home for your families. Devotees are offering you ISKCON GEV as your home".
Gurudev, you always glorify Srila Prabhupad in your lectures and show unwavering commitment and loyalty to him. I aspire to have the same level of loyalty to Prabhupad as you do.
Gurudev, I noticed that you ate the prasadam with a broken spoon. We can learn from your leela - According to the Isopanishad, everything animate and inanimate belongs to Krishna, so there is no waste in the Lord's creations. At GEV, under your guidance, devotees strictly follow the concept of self-sustainability and recycling.
Gurudev, by the mercy of Srila Prabhupada and with your inspiration, we are serving in ISKCON temples in South Africa. In South Africa, Yatra, when we face unexpected challenges such as floods, riots, and the COVID pandemic, GEV is always there for us. They pray regularly and extend their helping hands.
The senior devotee mentioned that both you and the GEV devotees have incredibly generous hearts. Not only do you want to serve the victims of the Ukraine and Russia war, but you also aspire to serve the entire world from GEV.
With your blessings, we have come to understand the mood and purpose of our service, which is to please you and fulfill your desires.
While serving in this mood, if someone's words happen to hurt us, we humbly seek your blessings to correct any mistakes and improve ourselves. We understand that facing such challenges is necessary for our purification, and we ask for your guidance to maintain a positive mindset as humble servants of the servant of the servant.

Beloved Guru Maharaj,

We offer our humble obeisances to you.
All glories to Srila Prabhupada

We are Amazed at your incredible contribution in spreading the holy name and Krish-

na consciousness to the entire world.
I find immense inspiration in the strategic approach you have taken, as seen in the Puri Yatra Maharaj where 10,000 people were fortunate to retain their connection with Krishna.
From the very beginning of my journey into Krishna consciousness, you personally guided and stressed the importance of Krishna consciousness
Through your lectures and your exemplary conduct, you have left a lasting impact on me.
What astonishes me is that, despite not possessing material wealth like bank balances or accounts, you have inspired numerous individuals to dedicate their lives and souls to you. This is truly remarkable.
Ordinarily, it is a challenge to get someone to complete a task even when we pay them. Yet, so many people are willing to sacrifice and offer their lives for you. They have intelligently understood the significance of the Krishna consciousness that you impart through your conferences, counseling, and the culture you have nurtured.

The systems and policies you have created are beautiful, ensuring that everyone feels special and cared for, while explaining the intricacies of our spiritual path. All of us, as members of the Krishna consciousness family, are deeply grateful that you have created an umbrella of love and protection under which we can find solace, even if we may be standing in a small corner rendering some minor service. We are aware that you, our esteemed leaders, are always there for us.
Please accept my sincere thanks for your guidance and the nurturing of leaders who continue to uphold the values and teachings of Krishna consciousness. It is through their efforts that we are able to progress and diversify in our spiritual journeys. Under your guidance, we have found a sense of unity and support within the community. We are truly fortunate to have such inspiring leaders and mentors.
Hare Krishna!

Where physical care for devotees is achieved.
A sanctuary for bodies, where healing streams,
In the embrace of compassion, every ailment deems.

A counselor system, a nurturing embrace,
For emotional care, a sacred space.
With wisdom's balm and compassion's art,
He tends to wounded souls, every broken heart.

In the realm of spirit, his classes soar,
A beacon of wisdom, an eternal lore.
With words that dance like melodies rare,
He guides our souls through the realms of prayer.

Govardhan Eco Village, a gift to the earth,
Where Vrindavan's essence finds its rebirth.
Nature and spirit, entwined in grace,
A sanctuary where hearts find their place.

Serving Vrajvasis, with love outpoured.
Eyes that see beyond the material glare,
A vision of service, a compassionate prayer.

Humble at heart, a genuine grace,
In every step, in every embrace.
A love for Prabhupada, a flame that glows,
In the garden of devotion, his humility shows.

Srila Radhanath Swami Guru Maharaja's 73rd Vyaspuja Offering.

Dear Guru Maharaj, I offer my respectful obeisances unto your lotus feet.

In the scripture it is said that, the way The Lord and His pastimes are unlimited, similarly the pastimes of the Acharyas, His most sincere pure devotees are also unlimited. The words of scripture states that "'Vaishnav chinite nare dever sakati'. [Even gods are incapable of knowing the mysterious character of a Vaishnava.] " Even great great demigods can't understand a Vaishnava, then what to speak of us who are totally submerged in ignorance and pride. Still by the power of your mercy, I am daring to try to glorify you. Please accept this offering from this foolish and lowest of the human being.

You are a perfect Acharya, by your own example you teach us how a Vaishnava should act.
In the Vaishnava society, everyone knows you as the embodiment of humility, because you always are carrying the mood of the "trinadapi sunicena" sloka of the Shikstakam and you encourage all to be like that.

Your love for Srila Prabhupada and your love towards your god brothers and god sisters fascinates all. And you never had any enemy because you are also very dear to the Acharya's of other sampradaya's. You are even very dear to the God brothers of Srila Prabhupada. One very dear God brother of Srila Prabhupada, Krishnadas Babaji maharaj was very fond of you and he taught you to play the mridanga.

titikṣavaḥ kāruṇikāḥ suhṛdaḥ sarva-dehinām
ajāta-śatravaḥ śāntāḥ sādhavaḥ sādhu-bhūṣaṇāḥ

TRANSLATION: The symptoms of a sādhu are that he is tolerant, merciful and friendly to all living entities. He has no enemies, he is peaceful, he abides by the scriptures, and all his characteristics are sublime.

In Srimad Bhagawatam the qualities of a sadhu is described by Kapila Dev, the son of Devahuti. All the qualities that He speaks about are manifested in you in full and you literally obey the orders of Srila Prabhupada and the predecessor Acharyas and you inspire all to do the same. You always want to please Srila Prabhupada and inspire us

all to act in such a way so that Srila Prabhupada will be pleased.

The only goal of your life is to please Srila Prabhupada and the previous Acharyas and we can realize it in your each and every activity.

Therefore on this auspicious appearance day, Vyaspuja day, I beg for your mercy so that I may develop some love for Srila prabhupada, which is just like a drop of your ocean like love for Srila Prabhupada, then my life will be successful.
Hare Krishna Guru Maharaj, I am a jiva full of faults, if somehow or other I have made any offence kindly forgive me for that.

Waiting for getting the shelter at your lotus feet, your dasanudas,

Mrityunjoy Chakrabarty

Maharaj has many qualities; I personally saw some of them and heard from many devotees.
Recently I was in association with maharaja in Jagannath puri yatra and enjoyed his live lectures and chanting with him.

maharaja has very deep love for his spiritual master, Shrila Prabhupada and Krishna, maharaja is very humble, tolerant, merciful, very attentive chanter, very good speaker of Krishna katha and much more.
I like his heartful expressions of principles of Bhakti with emotion and love.

I pray for Maharaj's good health and long life to get his valuable association again and again.
i also request maharaj to have his mercy ,so thatI can purified from anarthas and can contribute in the mission of Srila Prabhupad and chaitanya mahaprabhu.

Dear Guru Maharaj,
Please accept my humble obeisances at your Lotus Feet. All glories to Srila Prabhupada.
Dear Maharaj, I wish you a very happy 73rd Krsna Conscious birthday!! HH Radhanath Swami Maharaj's Avirbhava Mahotsav Ki Jai!!

Maharaj, this is my very humble attempt at writing my Vyasa Puja offering unto you. Please allow me to write a few words to glorify you and to express my sincere gratitude to you. I'm not qualified enough to glorify such an exalted personality like You, but for my own purification I make this attempt, and I seek your blessings for the same.

Dear Maharaj, it is only by your causeless mercy and by your prayers, there is some life in my spiritual path. Even though I'm a fallen soul, you have kindly given shelter to me.

Maharaj, You have shown how to be a perfect disciple by your complete dedication of your life and soul to fulfill Srila Prabhupada mission. You have undertaken numerous projects to please Srila Prabhupada. In carrying out and leading these projects, you have gone through so many difficulties , so many austerities, faced so many challenges, and yet you have been fixed in your determination. You have shown us how to take the perfect shelter of Guru and Gauranga. I pray that one day I get even an iota of the dedication and determination you've demonstrated all through life to please Srila Prabhupada.

I had the good fortune to visit GEV this year with my family and we saw the amazing manifestation of your pure desire to fulfill Srila Prabhupada's instruction to construct a replica of Sri Vrindavan Dham. Everything at the GEV dham, from the transcendentally divine and super beautiful deities, the Vrindavan forest, the amazing group of compassionate and hard working devotees, divine prasadam, facilities, buildings, pathways and so on, are so amazing that I'm not finding the right words to explain the true beauty and glorify of them. Your vision and your guidance on this transcendental project are truly a blessing for the whole world.

I recently visited Sri Jagannath Puri for the Karthik Yatra and I was extremely fortunate to get your darshan as well as hear your super excellent narration of Hari Katha. Thank you very much Guru Maharaj for giving your divine association to us at the Yatra. As stated in SB 3.5.3, great philanthropic souls like your Holiness travel , even after undergoing great bodily difficulties and troubles, to show compassion to fallen souls like me.

janasya kṛṣṇād vimukhasya daivād
adharma-śīlasya suduḥkhitasya
anugrahāyeha caranti nūnaṁ
bhūtāni bhavyāni janārdanasya

I find great inspiration in your divine quality of complete absorption in anything that you do for the Lord. Be it giving Hari Katha in the Pandal, leading ecstatic kirtans, offering arati and lamps to the deities, giving your complete self and your complete attention while having conversation with devotees, you are fully absorbed dear Guru Maharaj. I pray and beg at your lotus feet for your blessings that I can imbibe a tiny fraction of such absorption.

Thank you dear Guru Maharaj for giving so many instructions to us through your transcendental lectures spanning over several decades. In these classes, you have given your love, compassion, wisdom, deep realizations, inspiration and motivation to conditioned souls like me. You are the perfect story teller in narrating the nectarian pastimes of Lord Krishna, Lord Gauranga and Lord's pure devotees, and at the same time, you are teaching us the instructions that we need to take to our heart from these pastimes.

As someone who takes a handful of water from the holy Ganga and offers it back to Ganga, I'd like to offer some important things I've noted down from hearing your lectures, back at your lotus feet.
We have our list of things we want or don't want, but Krsna has His own list, so we can't pick which reversals would be better for us. Problems in our life are like Alarm clocks, trying to wake us up from our deep ignorance. When the alarm rings, we think of it as a disturbance. Instead of waking up, we either switch off the Alarm and go back to sleep Or we keep hitting the snooze button (Example: Narada Muni - Kailash story) and keep postponing making sincere efforts in

spiritual life.
Everything that Krsna allows in our lives, is for our own welfare.
Other than the sincere desire to serve Vaishnavas and to chant the Holy names, everything else is an illusion.
Humility is not weakness. Real humility connects us to the power of the absolute truth, but we can't be connected as long as we have false ego.

I sincerely pray that I can remember, imbibe and live the instructions you have given to us. I beg at your lotus feet for your blessings so that I can maintain and increase the eagerness to chant holy names, to hear and follow your Krsna Katha and to engage in the service of the Vaishnavas in the humble mood of a servant of a servant of a servant.

Dear Maharaj, I pray to Sri Sri Radha Neela Madhava, Sri Sri Radha Gopinath, Sri Sri Gaura Nitai , Lord Narasimha Dev, Lord Jagannath, Baladev, Subhadra and Sudharshan Chakra, to bestow and shower Their choicest blessings upon you and to grant you with very good health.

I beg at your lotus feet to please please forgive me for the offenses I may have committed through my thoughts, words or actions.

Aspiring to be called your worthy disciple, and Seeking your blessings,

Your humble servant,
Krishna Murali Das

Hare Krsna dear Guru Maharaj, I take this wonderful opportunity of your Appearance anniversary to express my gratitude to you. I attended my first Kartik yatra this time in puri with you. I could feel your love and attention in every detail of the Yatra. How you have given us the association of Srila Prabhupad through the words of Srila Prabhupad disciples there. By guiding us to cook for Srila Prabhupad. By making us aware of the glories to Jagannath puri dham. Each one of the devotees attending and serving there is seen by me as your representative. It seemed to me like a slice of the spiritual world. I am very grateful to you for this revelation. I gently remind you that I need your continued mercy and support considering my fallen situation. After all these years I still remain the same old dog with the crooked tail. I have no hope other than your unconditional grace. I am trying. But I am still no good. I have not stopped faltering and stumbling. Material nature is churning me all the time. I don't know of anything other than your lotus feet. Kindly keep me at your lotus feet as a speck of insignificant dust particle. Serving your disciples is my desire. I wish to please you by pleasing them. I request you to kindly accept me as one of your own. Thank you very much dear Guru Maharaj for picking me up from the pile of rubbish I was in. Eternally indebted to you.
Thank you very much dear Maharaj

Vyasa Puja Offering to HH Radhanath Swami Maharaj
I consider myself fortunate that I am writing an offering to HH Radhanath Swami Maharaj, my spiritual master, on the occasion of his Vyasa Puja. HH Radhanath Swami Maharaj is one of the most prominent spiritual leaders of the world today. He is inspiring thousands of people all over the world to become devotees of Krishna.

Devotees across the world are giving heartfelt offerings to HH Radhanath Swami Maharaj on his Vyasa Puja. In my little way I am also trying to give my offering by sharing Maharaj's qualities. Although Maharaj has unlimited qualities but below I am sharing 7 wonderful qualities of Maharaj which inspires me a lot.

Below I discuss 7 wonderful qualities of HH Radhanath Swami Maharaj which makes him today one of the most influential spiri-

tual leaders of the world.

1) Perfect disciple of Srila Prabhupada
A perfect disciple assimilates the instructions of his guru in his heart and in spite of challenging circumstances continues carrying forward that instruction of his guru without any selfish desire. HH Radhanath Swami Maharaj is one of the best examples of an ideal disciple.

As a 19 year old teenager Maharaj left his home in USA in search for truth. Like rest of the youngsters of his age, he did not just want to have good career, make money, get married, produce children and finish his life. He desperately wanted to understand the meaning and purpose of his life. So, he came to India.

India is a land of sadhus and yogis. It is the land where the holy rivers like the Ganges and the Yamuna flows and where the sages and saints renounce their material attachments and spend every moment of their life in remembering the Supreme Lord. And most importantly Lord Krishna and Lord Rama appeared in this glorious country to perform many beautiful pastimes.

In spiritual India, Maharaj performed penance in Himalayas. He went to the places of pilgrimage, meditated on the Supreme Lord. And earnestly prayed to the Lord to show him the right path. Seeing the sincerity of an American boy many spiritual leaders of that time residing in India got impressed. Many of them wanted him to join their monastery. Maharaja was so grateful to them. But still within his heart he found there was something which he was looking for which he was not able to get.

He continued with his spiritual quest. He continued praying to the Lord for that spiritual path which is the summum bonum of all the spiritual paths. Pleased by his sincere devotion, Lord Krishna, the Supreme Lord, directed him to Srila Prabhupada, a great devotee of Lord Krishna.

HH Radhanath Swami Maharaj meets Srila Prabhupada
The very first time Maharaj met Srila Prabhupada he felt deep inner connection with him. Like a son meeting his father after a long period of time. He experienced satisfaction, great inner joy and felt protected. He got convinced that his search for truth is now over because he has found that great personality who knows “who is that Supreme Truth.”

Srila Prabhupada is the ambassador from the spiritual world. He had come to distribute love of Krishna to the people of this world. Maharaj begged Srila Prabhupada to accept him as his disciple. And Srila Prabhupada, the world acharya, happily accepted him and embraced him in his heart just like a father embraces his child.

Maharaj decided to dedicate his life to his spiritual father, Srila Prabhupada. And from the day he met him and accepted him as his guru, he has been following each and every instruction of Srila Prabhupada as it is without any compromise.

2) Dedicated Devotee of Krishna
As per the wish of Srila Prabhupada, HH Radhanath Swami Maharaj dedicated his life to serve Krishna. And he is always ready to serve Krishna in all circumstances. As a young brahmachari, celibate monk, when he was staying in ISKCON New Vrindavan, West Virginia, he was given the responsibility of doing deity worship. At that time New Vrindavan was a secluded place with almost no facility. He was taking care of the deities almost all alone.

To worship the deity, he had to take bath several times in a day. It was too cold there. There was no facility for hot water. In fact, the temperature would be so low that water would turn into ice. And he would break the ice and take ice water bath. He did it without any complain and without any grudge. His purpose was to just serve Krishna in all situations. He did not ever think about his physical comforts.

Later when he was given the responsibility of sharing Krishna Conscious messages to

the world, he took that service with great sense of responsibility. For last several decades, he has been speaking Krishna Conscious philosophy all over the world. His lectures have inspired thousands of people to become sincere devotees of Krishna.

3) Visionary
A visionary has the intelligence to understand the future and with determination and careful planning he shapes the future. Understanding the need of the society Maharaj inspired a group of doctors who were devotees of Krishna to open Bhaktivedanta Hospital in Mumbai. No one would have imagined that a hospital whose primary purpose is to cure the disease of a person will also become a place to make devotees of Krishna.

Today, Bhaktivedanta Hospital not just relieves the physical pain of a sick person, but it also unites all the spiritually sick souls to the Supreme Soul, Krishna. The spiritual care wing of the hospital is playing a great role in helping the distraught patients and their well-wishing care takers to take shelter of Krishna and get relief from all the present and future sufferings.

Under his leadership students of many prestigious colleges and universities study Bhagavad Gita and other Vedic literatures. It helps them to understand the importance of leading a Krishna Conscious life. After hearing Bhagavad Gita from Krishna, Arjuna did not give up his duty of fighting, similarly after studying Bhagavad Gita the students do not give up their studies. Like Arjuna they do take care of their material responsibilities but while doing so they always keep Krishna in the centre. They become a selfless servant of Krishna and contribute constructively to the society.

Not just the students but many working professionals, housewives have also got inspired from Maharaj. And they have become devotees of Krishna. Maharaj has special love for children. Children have specific needs and those must be addressed. So, Maharaj has trained devotees so that they properly take care of children so that the kids spontaneously get attracted to Krishna Conscious lifestyle and become devotees of Krishna.

4) Great communicator
HH Radhanath Swami Maharaj is gifted with the ability of sharing the pristine message of Vedic literatures like Bhagavad Gita, Srimad Bhagavatam, Chaitanya Charitamrita in a way that the audience can understand it, appreciate it and apply it in their life. He communicates with his audience who are from diverse background in their language.

He is an expert in cross cultural communication. Whether he is speaking to the top bankers at HSBC, London or to the top technocrats of the world at Microsoft, Google, Facebook, Intel, Oracle or to the university students at Oxford, Cambridge, Harvard, Stanford, he is able to make everyone understand the need and importance of inculcating spiritual values of love, selflessness, gratitude, compassion in their life.
And when he is speaking to the devotees in the temple or in his famous Kartik yatra then through his mellifluous words he shows the glimpse of the spiritual world to us. His Krishna Conscious lectures are so engaging and so inspiring that it quickly connects our heart to Krishna. While hearing him, we just feel that let his class never end. Let his transcendental message penetrate our hearts and let the glories of Krishna permeate the whole world.

5) Full of compassion
It is because of his compassion that he wants every soul of this world to get connected to Krishna. Because once we become devotees of Krishna then all the miseries of our life will come to an end. To give Krishna to others, Maharaj applies different strategies.

For example, through the Midday Meal program today thousands of kids from humble background can eat Krishna prasadam. The spiritual food is nourishing their body and also their soul. Maharaj organizes free eye camp in Barsana where thousands of villagers who are residents of Vrindavan and

Barsana get free eye treatment. It is a great way of serving the residents of dhams.

6) Team building and promoting teamwork
Under his able guidance devotees from different backgrounds come together and engage in the service of Krishna. Devotees forego all their material designations, they forget their caste, creed, colour, nationality, gender because everyone understand that they have only one identity – that they are eternal servants of Krishna. And the purpose of their life is to live for the pleasure of Krishna.

Today ISKCON Chowpatty, Mumbai has become a model temple which inspires devotees from all over the world. Because at ISKCON Chowpatty everyone feels the camaraderie among all the devotees; grihasthas and brahmacharis come together to serve together and have great love and respect for each other. Maharaj has inspired scores of devotees to lead various projects which is helping in the growth of ISKCON.

7) Creating spiritual leaders
Srila Prabhupada, one of the most prominent spiritual leaders of modern times, trained his disciples so that they too become great leaders. Following the mood of Srila Prabhupada, Maharaj has created so many leaders in ISKCON today. Under his guidance they are playing a pivotal role in spreading Krishna Consciousness all over the world. This was also the desire of Srila Prabhupada. There are so many of them.

HH Bhakti Rasamrita Swami Maharaj, HG Radha Gopinath Prabhu, HG Krishnananda Prabhu, HG Radheshyam Prabhu, HG Gauranga Prabhu, HG Gaur Gopal Prabhu and there are many such great devotees. HG Radheshyam Prabhu is playing an extraordinary role in spreading Krishna Consciousness especially amongst the youth. HG Gaur Gopal Prabhu is today one of the most famous motivational speakers of the world. His talks are based on spiritual literatures like Bhagavad Gita.

I do not have sufficient qualification to give Vyasa Puja offering to HH Radhanath Swami Maharaj. As an offering to him, I have just underlined his 7 extraordinary qualities. With my limited intelligence I have tried to describe those qualities. But his qualities are unlimited and cannot be quantified. Also, I do not have wisdom to know and understand all the qualities of Maharaj who is a pure devotee of Krishna.

Seeking shelter of HH Radhanath Swami Maharaj on his 73rd Vyasa Puja, I beg Maharaj to give me shelter at his lotus feet and bless me so that I can become serious and sincere in my Krishna Conscious life. I beg Maharaj to give me knowledge, intelligence and determination so that I give up all types of sense gratification, give up all the anarthas and develop great attachment to chant the holy names of Krishna, read Srila Prabhupada books and serve the devotees.

nama om vishnu padaya krishna prestahya bhutale srimate radhanatha swamin iti namine

Dear Guru Maharaj!!
Please accept our humble obeisance's onto the dust of your lotus feet.
All glories to srila prabhupada and All glories to you.

On this auspicious occasion, We wish you a happy Krishna conscious birthday. We pray falling at the lotus feet of Sri Sri Radha Madhav, Giriraj Govardhan, Jagannatha Baladev Subhadra mai and Nitai Gaura Sundar to shower their choicest blessings upon you.

We are very grateful and indebted to you for accepting us as your disciples though we are utterly unqualified.

We were fortunate to hear your glories and qualities from our senior god brother HG

Vrindavan das in this year. He shared many of his interactions with you. They were nectar and inspired me to do my sadhana sincerely.

He shared his first interaction with you, how he saw you chanting so attentively after mangala arati and completing all your 16 rounds in one sitting. He wondered who is this Sannyasi chanting with so much absorption. He also mentioned that, he came to know from other devotees that you do the same or more level of quality chanting even today, which amazed me and made me to reflect on my own chanting and how I need to improve.

Recently I joined one of your japa zoom call with pune devotees that was shared and I see your sitting posture and how you are immersed in chanting, which is another inspiration that I have to improve my chanting a lot.

I also saw a video where you are offering humble obeisances to your senior god brother HH Gopala Krishna goswami maharaj, which made me to think about what is the actual humbleness.
Though you have so many disciples, many followers and accomplished so many wonderful/amazing services for Srila Prabhupada but you always remain very humble and always ready to glorify your god brothers or any other devotees.

HG Vrindavan das prabhuji shared how you always pray to your Guru, Srila Prabhupada sincerely before you start any activity for his mercy and permission.
We also received a copy of HG Vrindavan Das prabhuji's Guru Smaran book which has many more inspiring pastimes that he had with you.

I am very much inspired hearing your glories and wonderful devotional qualities from many devotees. I have many anarthas in the heart sitting very strongly and unable to control the mind from the materialistic activities. Though I theoretically understand that if I don't ignore the materialistic thoughts that are coming from my mind and don't surrender to Guru & Krishna then we will be missing the goal of the human life which is achieving Krishna prema. But I see myself very weak in controlling my mind/senses.

So, on this auspicious occasion, I pray at your lotus feet to shower your mercy and blessings so that I can try to engage my mind/senses sincerely in Krishna conscious and progress in the path of Bhakti.

Also, we would like to Thank you for everything that you have given to us and beg your prayers so that we will be able to serve your lotus feet and Srila Prabhupada's mission.

Trying to be your servant of servant,
Krishna Venu Das & Jai Lalita Devi Dasi

Guru Maharaj's satsanga held at Pune filled the heart with devotion. The darshan of the Maharaja after so many years, after Corona, the grace of the Maharaja received from his Vapu and Vani sanga, the supernatural experience of the Kartik Yatra has further increased the enthusiasm in the devotion. We are waiting like a chataka to receive Guru Maharaj's grace in this way. May we be always blessed with it! Thank you!

Please please gurudev need your glance that you used to give . I beg for forgiveness from you in case me & my family have done any offences. Your quality of being respectful,personal and sensitive is transforming hearts of millions.
Last year we had a tragedy in our family and Bhaktipriya was quite disturbed as she lost her brother's daughter.
She was practically depressed for few months.
It was your meeting with her in Gopal's Garden High School thay made the whole difference.
Your concern and prayer for the departed soul and some quality time that you gave to Bhaktipriya helped her to overcome this trauma which was there from last few months .
She was very touched by the leaf that you gave her in the form of assurance that Krsna will protect and give shelter to everyone.
Thank you once again for all the guidance you have provided.

Dear Guru Maharaj
Please accept my humble obeisances. All glories to Srila Prabhupada.
2023 is the 30th year of my connection with you and looking back in time I cannot see a single occasion where my association with your Vapu has not spiritually enlivened and uplifted my consciousness. It is with tremendous gratitude that I wish to express how fortunate I have been to have you during each of these last 30 years encouraging me not just with your words but also through your inspirational presence that is an overwhelming part of the Radha Gopinath temple.
I owe my spiritual life to HG Jahnava Mataji and HG Satyavati Mataji who inspired Amritnaam Devi in 1989 to take to the practice of Krsna Consciousness. Being the simple-hearted and childlike person that she is, she immediately took to the process like a duck takes to water and it is with a tremendous amount of pride that I wish to let you know that never has there been a day in the last 34 years that she has ever wavered from her chosen path and compromised on her practices. She has been the source of strength and inspiration to me during all these years and, with a deep sense of gratitude and appreciation I must say that much of my Krishna Consciousness is on account of her prayers, love and affection. When Satyavati Mataji and Amritnaam Devi started practicing Krishna Consciousness, at that time, both Jayadev Prabhu and myself were fully convinced that this is just a fleeting period of sentimentalism and will fade away sooner or later. This was until both of

us met you in 1993 and it was then that we slowly started realising what it was in you that attracted so many intelligent but lost souls to the lotus feet of Srila Prabhupada. The shaving off of our moustaches by both Jayadev Prabhu and myself prior to visiting Katwa during the 1993 Mayapur yatra, which you so fondly remind us again and again, was the beginning of our surrender at your lotus feet.

We are ever grateful to you Gurudev for allowing us to reside within the hallowed portals of Radha Gopinath Mandir in 2005 and although we shifted from our home in Prabhadevi with a lot of trepidation, not wanting at any time to let you or the brahmacari ashram down, by becoming a liability or a burden, the overwhelming tolerance, love and affection that we are getting from you and each and every brahmacari reminds us each day of our supremely great fortune.

My association with you Gurudev was the closest when I was asked by the temple authorities to assist you with the renovation of Radha Gopinath temple. Of course, initially it was all extremely bewildering to me as I used to keep thinking that here was I, who have been trained in Finance and Accounting, getting involved in Construction and brick and mortar management and that too under the direct line of authority of my spiritual master. I would rationalise to myself that as Srila Prabhupada would often say…"with the instructions comes the empowerment" and Srila Prabhupada's disciples had built large temples in spite of not having any construction background, let me do this to the best of my ability and Krishna will take care of the rest and indeed Guru maharaja, my ability was fully tested when you may recollect… the months of hard work that we had spent during the restoration of the temple floor with new wood and the temple had been already closed for several months for the team to lay the floor and after the whole thing was completed, the floor polishing completed, and the temple hall was about to be opened, we realised that the contractor's assistant had made a major goof up of nailing the floor in several places which should not have been done at all as the wooden panels were all interlocking. When we realised this goof up someone had to tell you the bad news that we have to redo the whole temple floor and I was the one selected and let me tell you Gurudev, I was trembling inside fearing the worst due to my stupidity and incompetence and to my utter surprise and great happiness, you so very calmly listened to me and then very lovingly caught hold of my hand and walked with me to the courtyard in deep thought and then after several minutes, stopped and looking at me directly in my eyes.. asked "Krsnanaam Prabhu…Do you really feel that we can trust this person (the contractor) to do it properly this time ?". and I praying intensely to Krishna said…Yes Maharaja…this gentleman has promised that he will be personally present to supervise the work day and night and that he has requested for a room in the temple guest house so that he would not go home until he had completed the work to your complete satisfaction. Maharaja…never in my whole life had I spent nights fully awake even while preparing for my CA exams or in my corporate career but I remember to this day vividly, although it happened 15 years back, how Dauji Prabhu and myself would take turns to sit in the temple hall night after night to complete the work and on several occasions in the middle of the night you would come and quietly look first at us and the temple floor and go back to take rest. Gurudev, you would be very happy to know that Dauji Prabhu and I must have together chanted more than 192 rounds each one of those days and nights praying with all our heart and soul to Krishna that everything should now work out properly. I am so happy to inform you Gurudev that the temple floor since then has had absolutely no problem. Not only this Maharaja, but Mukunda, (may Krishna bless him) the Contractor, was so overwhelmed by your Krishna Conscious approach, (as he was also trembling), to the whole subject that since then each time we polish the temple floor once in a few years, he does it for us completely free and not only that he sponsors Prasadam for the brahmacaris once in a while and is chanting a few rounds each day. What an example of supreme compassion. You were fully aware that we were already beaten to the ground by this calamity and months

of hard work had come to nought and the congregation, who was put to so much inconvenience and separation from the Lord, would have to suffer some more all because of our incompetence...so like a loving father you stepped in to console us and encourage us and hold our hands to show how much you cared for us...15 years maharaja and I am reliving this as if this happened yesterday...Maharaja...recently we celebrated Dauji Prabhu's 50 years and 25 years in the brahmacari ashram and we were recollecting with great happiness how much of your association we received and the extent of your supreme compassion on both of us during this time including your nightly surprise visits to the temple floor.

I remember with great fondness (now), (at that time it was a nightmare)...the experience of air conditioning the temple hall which, again, because I, having had absolutely no experience in all such matters, was discussing capacities, tonnage, area coverage, electricity required, cost, etc. etc. with the team of Dauji Prabhu, Vasudev Prabhu and Bankim Raya Prabhu and because the building was old and not meant to take such heavy machines on its roof had to be specially reinforced, the whole exercise was extremely challenging. But you wanted it for the pleasure and the comfort of the devotees as you could not bear to see them sweating and suffering during your classes and kirtan, so we had to make it happen. Everything was going smoothly until we were told that, in the Gopalji hall, because of the AC ducts, we needed to reduce the height of the Hall. While this by itself was not such a hurdle, what caused a serious problem was that the AC ducts obstructed one of the doors from the temple hall leading to the Gopalji hall by 2 inches. This meant that we had to reduce the size of the door by 2 inches and when we told this to you, you immediately told us to stop the work and we all will decide after you return from the USA in a couple of weeks. I arranged for a meeting between you and some of the senior most officials from the AC company and as soon as I introduced you to them as representing the Bluestar AC company...immediately and spontaneously you said..."Oh...our Krishna is also a Blue star"...and I was struck with wonder...how in my several months of interacting with these people day in and day out..I had never ever thought of the word "Bluestar" in this way....and then it hit me... of course Lord Krishna is a Blue star but it needs the eyes of a pure devotee to see Krishna in every situation and I must admit Guru Maharaja....I have several hundreds of lifetimes to go in that direction... Later, once you were fully satisfied that the two inches would not seriously affect the look and feel of the temple hall you gave us your blessings to go ahead. At this time you had told me "Nothing in this temple hall has happened by accident...every inch has been designed after a great deal of thought and contemplation...while 2 inches may not be materially significant I needed to be absolutely sure that the look and feel of the hall is not disturbed...I learnt one of my most important lessons that day...never take anything in Krishna Consciousness for granted...when we are doing something for Krishna even small details matter. Thank you Maharaja for this most valuable lesson. Also Maharaja...I realised that Damodar Lila was all about 2 inches.

By Krishna's causeless mercy and your compassion upon me Guru Maharaja...there are so many lessons that I have had the opportunity to learn both interacting with you as well as seeing you from a distance and I pray that all these interactions and lessons may be firmly etched in my heart for this entire lifetime and I can carry it to my next. Thank you Guru Maharaja for teaching me so many things...in conclusion...as an accountant I can only say that with each advancing year I am realising that I am a depreciating asset to you and Srila Prabhupada but I hope and beg and pray to Lord Krishna, Srila Prabhupada and yourself that I should never ever become a liability.

I pray at your lotus feet to always fill my heart with gratitude and appreciation for all my god brothers and god sisters, never ever to take this association for granted, particularly the most exalted illustrious members of our brahmacari ashram who I know are your life and soul, and I, by your causeless mercy upon me, have the supremely blessed opportunity to interact with each and every day, who are doing so

much more valuable service to you and to Srila Prabhupada, in the mood of the most humble servant of your servants.

Your qualities are so bright and shiny it dissipates the ignorance surrounding. By this, many are blessed to know you just by your presence in person and in your numerous lectures and classes. That's not even including the countless hours spent individually counselling and mentoring so many.

The depth and openness of your heart must be very deep. As it is seen by the attraction and affection you constantly inspire in others' krsna consciousness.

You are so humble that Krsna has forced your devotional fame so that we may get some awareness to the benefit of grace available just by trying to assist in some service to your lotus feet and gracious existence.

Thank you profusely. It is by your grace that I can actually see and have faith in things beyond my comprehension.

On this auspicious occasion especially, I hope and pray even more that all your desires become fulfilled.

I consider you as my Siksha Guru because you have been my guide through the challenges of life, offering pearls of wisdom that illuminate my spiritual journey via your lectures, audio tapes, books and Acharan. Your teachings resonate deep within my heart, providing solace and direction in times of doubt. Hare Krishna Guru Maharaj,
Please accept my humble obeisances unto your lotus feet.
All glory to sri guru and gauranga.

Just to start with little good thing which should not be counted among my oceans of bad quality I have.!

Last one year or so, I'm able to engage myself in preaching by mostly assisting in the set-up things, prasadam transportation, and some times by giving classes also. That's the only good thing which externally seems good.

Maharaj, Having in devotion and in association of devotees from last 7-8 years is like not even 1 year of progress I have made. Reason being I'm not so enthusiastic, less interest, not putting practical application of bhakti, and many such things. Senses being so strong I always fall pray to it.
HG Radheshyam prabhuji will reject me at once that I'm not having sense control and trying to preach and give class. But I'm humbly trying this keeping in mind that someday through this kind of responsibility I may do devotional service with some purity at least on gross level.
Because of this my consciousness is always disturbed and not able to make myself present to the association of devotees whether it be in kartik yatra, SB class, even in your presence...

Confusion is something I always face in

deciding the things, now the greatest confusion is that which sabha I should be in. Although I got some interest in living life as celibacy but since my present and past situation of falling for the senses grossly is not allowing me to take any decision. I humbly pray to you that by your blessing please let me have some clarity and strength to take some decision.

I again beg at your lotus feet in the mood of dasa dasanu dasa... That I do bhakti nicely with proper attitude and with purity.

Also Maharaj, Kindly provide strength to Sahesh pr(Path pradarshak guru) so his life gets balanced materially and spiritually.

At your lotus feet,
Kush

Dear Gurudev,
Please accept my humble obeisances

I am blessed to have come in the association of your staunch followers who have inspired me to strictly stick to your instructions as per your vani received through innumerable lectures . Though it is clear to me that I may not be able to meet you personally ever and you have mentioned yourself that all your instructions are present in your lectures however it's a cherished desire to have that fortune to receive personal instructions.

I am very grateful to get the opportunity to serve in the place very dear to your heart, Kolkata- birthplace of your Guru maharaj, Srila Prabhupada. Under the guidance of His Grace Sri Nitai prabhu, we are trying to cultivate a nice congregation in Newtown temple. We are also getting very nice footfall in Newtown temple.

When you recently visited Newtown temple, you had expressed that it was cherished desire of Srila Prabhupada to have a big temple in Kolkata but although many big temples came to existence at various places in the world but Kolkata is still waiting for one. You also stated that mercy of Chaitanya mahaprabhu and whole guru parampara is raining so that we can do something wonderful here. I am trying to do my small part as per the instructions of my superiors. I pray at your lotus feet to bless me so that I can get the strength to always follow the instructions of my teachers and serve the mission of Srila Prabhupada. May your lotus feet get imprinted in my heart so that I can meditate on them forever.

Hare Krishna Guru Maharaj dandavat Pranam. Maharaj with heartfelt gratitude I thank you for all your love, teachings, guidance and support. Whenever I face a challenge in my life, I switch on to your lecture, and somehow you will magically address the same thing in that particular lecture thereby I get the solution to my issues. The Karthik Yatra that happened right now was a blissful mental detox and a very nourishing experience. Maharaj please shower some mercy and bless me to follow the instructions given by you through your lectures while being humble, sincere and honest in my attempts.

Hare Krishna Dear Guru Maharaj!
Please accept my humble obeisances.
All glories to Srila Prabhupada!
All glories to you!

Dear Guru Maharaj, I don't have words that can express my gratitude to you.

Thank you Maharaj, for accepting me as your disciple and continuously guiding me in Bhakti.
As my aging body preventing me from doing physically active services, I helplessly prayed to you for a service that I can render to you and Srila Prabhupada. You heard my prayer from within and reciprocated immediately.
Thank you Maharaj for miraculously connecting me with a few devotees that I had never known before. By your mercy, under the guidance of those devotees, for the past three years I am able to do a tiny insignificant service to you and Srila Prabhupada.
Even though I have been falling several times, you have been very kindly lifting me up each time and placing me back in track.

Dear Guru Maharaj, on this most auspicious occasion of your Vyasa puja, I pray at your lotus feet to please forgive my shortcomings and give me the strength to follow your instructions and serve you eternally.

Maharaj, I don't have enough words that can express my gratitude to you.

Thank you Maharaj, for accepting me as your disciple and guiding me.

When my body was preventing me from doing physically active services, I helplessly prayed to you to provide me with an opportunity to serve you and Srila Prabhupad. Thank you Maharaj for immediately answering my prayer and miraculously connecting me with a few devotees whom I had never known before and also from far away places. Without your mercy, that wouldn't have been ever possible. Since then those wonderful devotees are guiding and helping me in rendering online services.

Maharaj, on this most auspicious occasion of your Vyasa Puja, I pray at the lotus feet of Sri Sri Radha Vrindaban Chandra to keep you in good health, so that you can connect more and more souls at their lotus feet.

I pray at your lotus feet to please forgive my shortcomings and give me the strength to follow your instructions and serve you eternally.

Sometimes I think, what this crow mentality person is doing in the association of swans. But there is no other shelter for me than association of your swan like servants.

You are carrying forward the unfulfilled mission of Srila Prabhupada with community building though spiritual counscelor system, and farm community development. Your hospital is providing care for soul and body in the true sense. The schools are setting new standards of teaching and parenting.

Your humility, simplicity, and eagerness to glorify others serves as a light house for us. Every day you used to glorify and bring mata ji in forefront for making thousands of chapatis during 2023 Kartik yatra lecture.

When you lecture, you make sure that every one in audience has something for oneself.

Gurumaharaj, thank you so much for accepting this unworthy soul as your disciple. Gurumaharaj, out of the many operations that you perform on this heart full of material diseases, I would want tell about the one that is most painful.
As a practising sadhaka, I chant 16 rounds, read Srila Prabhupad books, go to temple, associate with devotees and serve. But dear gurudev as you always say that the mood with which we do these things is most important....the mood of surrender to the will of lord, the mood of giving up false ego.... The disease of false ego is so severe and deeply rooted that it is the most painful operation but I have a hope that someday I will be free of this disease by your causeless mercy and by never giving up the association of devotees.

Maharaj, you are like a tree, a river and a mother who just gives, gives and gives. I beg at your lotus feet to bless me with a drop of this quality of giving in the mood of servant of servant. Let me give up my false ego and just surrender to the will of your holiness and the lord.

LaterI thought that you may be praying for some things else ...I continued to watch your deep prayers ...

LaterI could understand that you were deeply praying for all the fallen souls like me .... Yes Guru Maharaj, it is indeed true that you prayed for us that's why I have been awarded your shelter for the further progress in the path of bhakti from Krishna.

I have gotten many things in my Life like a good job, wife , child , and wealth.
Only one thing is lacking in my life is gratitude ...

Dear guru maharajI sincerely beg at your lotus feet for your kind blessings so that I can develop a little humility and gratitude for the shelter I got at your lotus feet.

Your words are what I am craving
You are filled with grace poise

Lord Krishna revealed his hands
Such an extraordinary journey
Words cannot describe merely

You pleaded to the officer
He agreed slowly
You were a beggar
At your feet I am so lowly

Krishna brought you to Mathura station
You felt immense resonation
There was lots of tension
Everyone is to anticipate more suspension

Your character is indescribable
Your nectarine words are desirable
Tolerance is at your feet
Yourself and Shrila Prabhupada are yet to meet

You have such composure
Many were the exposures
What is your riddle?
I have no wish to dwindle.

With an attitude to serve you & Prabhupada, myself with my tiny team making tiny & constant efforts on preaching Krishna conscious at my native in southern India. I seek your blessings & support for the same.

**Lokesh (ISKCON Pune)**

Hare Krishna Maharaj
Kindly accept my humble obeisances

I am grateful to the Lord for guiding me towards your lotus feet and to the mission of Srila Prabhupada. Born in South India, and strongly believing in the impersonalistic philosophy, it is by the mercy of Vaishnavas, I could learn the fundamentals of Spiritual life. Thankyou Maharaj for emphasising youth preaching, which has saved so many directionless youth like me and showed us what true spirituality and religion are.

Maharaj, though the qualities of vaishnava cannot be expounded even by the great Anantha with his thousands of mouths, I am attempting to glorify a certain devotional aspects of yours, amongst the ocean of what you posses. These qualities have inspired me to take up Bhakti and continue in the mission of Srila Prabhupada and Sri Gauranga. The prominent one being your practice of compassion and humility. Though these qualities are often colloquially used, your emphasis in lectures and by your personal practice has shown us the importance, and how one needs to absorb and develop these fundamental traits to pleasing Krishna and advance in spiritual life. The depth of your spiritual practice, has not just attracted me towards Krishna Consciousness, but inspired me to greater understanding of philosophy and is making me progress a little in my spiritual advancement.

Therefore, your presence through Vani or Vapu has been a constant source of inspiration, and on Vyas puja day, I pray to the Lord to always keep us in your association, serving in the mission of Srila Prabhupada.

Maharaj, I aspire to serve you through guidance of my counsellors, assigned by you. In this wonderful mission of SP and Sri Gauranga, I hope to be your servant of servants, and begging you to give me the spiritual strength to continue in this movement, serving Vaishnavas, pleasing them, and trying in my best capacity to serve lifelong in the mission.

I am grateful to you Maharaj for creating a wonderful community of devotional association and an opportunity to practice Bhakti therein. For it is by your efforts and grace, that we are getting to practice Bhakti holistically (Guru-kṛṣṇa-prasāde pāya bhakti-latā-bīja: (CC 2.19.151)).

Today I also wish to offer my prayers in the similar way how Prithu Maharaj prayed the Lord (in SB 4.20.24, & 25, sa uttamaśloka mahan-mukha-cyuto), that the “transcendental vibration from the mouths of great devotees carries the aroma of the saffron dust of Your lotus feet, the forgetful living entity gradually remembers his eternal relationship with You (Lord)”. I seek from you to kindly give me the strength to always hear and remember your instructions, in whatever position or situation I am in, and have love of godhead as the highest pedestal of my life, as an attempt to please you. I don’t wish to have any other desires apart from this.

Aspiring to serve you Maharaj.
Lokesh.

Hare Krsna Dearest Guru Maharaj,
Please accept my most humble obeisances unto your lotus feet.
Thanks for showering your mercy, irrespective of my disqualification you have

accepted this fallen soul which shows that who can be more compassionate than you indeed you are compassion personified. Who else takes care of every little things for Devotees welfare and for their well being in Krsna consciousness. I think that this is what let me always feel connected to you. Being fortunate to be in Jaipur, sometimes I get chance to serve devotees with whatever capacity I have with the mood you are carrying for devotees' care. I am struggling big time to not to feed the bad dog as it barks a lot due to deep rooted conditioning of millions of lifetime. I seek your mercy on this most auspicious day of your appearance. What I can write in the glorification in compare to your capacity to glorify lord and their devotees like anantsesa, it's like showing the lamp to sun. Nevertheless compassion you are carrying not just for human being but for every living being is exemplary and not easy at all even for devotees. Seeking a drop of Kripa so that I can help you to best of my capacity in spreading this mission of Srila Prabhupada.

Your most useless servant

**Madan Gopal Das (Mumbai, Chowpatty)**

Respected Radhanath Maharaj,
Please accept my humble obeisances. All glories to Srila Prabhupada.

Today is one of most joyful day of the year of your appearance in this world. One year has passed so soon when we all had similarly assembled to try to glorify you. Your presence in this world is a tremendous fortune for fallen conditioned souls. But as usual the world takes things lightly when they are easily available. Similarly, I have done that mistake of taking your presence in this world lightly as it has been easily available. I really pray at your lotus feet, unto Srila Prabhupada and Supreme Lord Sri Krishna to take me away from such callous attitude about your association.

Krishna teaches the whole world via his dear devotees like your good self. But foolish souls like me fail to recognize the fortune which has been made available to them. I am such a lazy & foolish person that even though I have got opportunity to associate with devotees, who have been trained by you, I have got opportunity to learn from you, still Maharaj I take things lightly and thus fail to grasp the full potential of what has been given to me. This is specific symptom of dull souls of Kali Yuga.

Your every action, words and thoughts are only about sharing the pure joy of Krishna consciousness with others which you have received from Srila Prabhupada. But its our misfortune that we are not so serious to take the pure message given by you.
I just pray to your lotus feet that I understand what has been given to me, and take seriously your association, instructions, examples which you have set, practised and exhibited.

Humbly trying to be your worthy servant

Madan Gopal Das

**MadanGovind Das (ISKCON BELGAUM)**

Hare Krishna dandavat pranaam Maharaj, it's said that everyone comes with a piece of luck in his life. And I consider that piece of luck is in the form of you the greatest spiritual master accepting a fallen, foolish soul like me as the servant of the servant of your servant.
Maharaj, you are following in the footsteps of great previous acharyas, saintly sages, pure devotees, Goudiya Vaishnavas by making the mission of spreading the messages of the Lord Sri Chaitanya mahaprabhu & inspiring many people of this age to get connected with Srila Prabhupada' s mission of chanting the holy names in the mood of utmost surrender.
Your method of preaching is very simple Maharaj. First practice yourself and then preach. You always walk the talk Maharaj. And this very quality of walikng the talk, makes hundreds and thousands of fallen

souls like me to accept the shelter of your lotus feet Maharaj. You live the shikshtakam, the all powerful messages of Lord Sri Chaitanya mahaprabhu in its true sense. Be it trinadapi or Na dhanam, every word you live to the fullest. And while you give the messages, you also practice & become embodiment of that message and that's why your messages are invaluable Maharaj. E.g, you ask us not to consider us very seniors and learned. And though you are " Krishna preshthay" but still you are trying your best with constant endeavours to achieve that rare perfection like a new entrant in Srila Prabhupada ' s mission. That way you possess Maharaj unlimited best qualities. But what touches me most is your reluctance in entering into arguenents which leads generally to wastage of time and instead saying sorry though you're not at fault and instead utilise that valuable time in krishna consciousness. On this auspicious occasion of your appearance day Maharaj , I beg for shelter at your lotus feet by accepting me as the servant of your servant Maharaj. Hare Krishna. Once again tonnes and tonnes of dandavats pranaams to your lotus feet Maharaj. Hare Krishna.
Yours servant of servsnt,

Respected Guru Maharaj,
Please accept my humble obeisances at your lotus feet.
All glories to Srila Prabhupad.
All glories to Sri Guru and Gauranga.
On this auspicious day of your vyasa puja, we offer our humble obeisances at your lotus feet, kindly bless us so that we may able to attempt to write this vyasa puja offering for the pleasure of lord Sri Hari.

Like every other years this year kartik yatra2023, was unique, where in your holiness have not only spoke on lord's pastimes and glories of dham but also spoke on practical wisdom for sadhakas. Very first day it was beginning with the theme of surrender. Surrender to lord's plan is ultimate happiness.

You have concluded last day of yatra talk with the very practical and important things for all of us for all time to come, I.e. one need not to worry on getting taste to Chant the holy name but should endeavour to Chant the holy name with eagerness to serve and please the Lord.

Thank you very much Maharaj, for blessing us with hundreds of lectures, where we get answers to all our queries on practising devotional service in any circumstances.

I was wondering if by just a feeble attempt to hear only a few insignificant number of your lectures brings us this level of understanding than what to think of devotees who hears substantially with rapt attention. My dear master!! on this auspicious day of your appearance kindly bless us iso that we may able respect everybody appropriately by which we may able Chant the holy name happily for the pleasure of their lordship SriSri Radha Madanmohan.
May our desire to hear your mesmerising Hari katha and sweet nectarian Hari kirtan grow eternally. May our memories of having your merciful association in various holy places like vrindavan dham remain ever fresh.
May we remember various heart felt prayers you taught us to offer in various holy places and to holy deities. And let them be our strength for ever.

On this auspicious day from the bottom of our heart we pray to our beloved all merciful lordship SriSri Radha Madanmohan that if it pleases them, they may bless us with your association for long long time.

Desiring to please you

Dearest GuruMaharaj
Please accept my humble obeisances.
All Glories to Srila Prabhupada.
All Glories to you.

Wishing you a very Happy 73rd Appearance day.

Recently the Sydney God-family was listening to an old Vyaspuja lecture of yours where you in all humility were mentioning that how in USA December 7 is considered a black day in history because that is the day when Pearl Harbour was attacked and USA entered WW2. I was amazed at your genuine humility as how you always assume a low position for yourself or anything related to you on a personal level.

But for me and I am sure for all the devotees of ISKCON, December 7 is always a very holy and worship-able day. It is a day of celebration for us and also a day of reflection.

* A reflection of your tremendous and unparalleled contribution to ISKCON.
* A reflection on your personal example of what it means to be a genuine disciple.
* A reflection on what it means to serve selflessly.
* A reflection on what the verse "tripadapi sunichena" truly means and how to be a living example of this verse.
* And many more. The list is endless.

GuruMaharaj, This year has been a year of a personal loss to you, as your father left this mortal world this year at the age of 99. I am remembering how you glorified your father in your book "The Journey Home" and how he would selflessly work hard for the family. We are eternally grateful to him, for bringing you in this world. What would my condition have been, if you would not be here GuruMaharaj? GuruMaharaj, You showed by your example no matter our varna or ashram we should always perform our duties lovingly towards our parents. You fulfilled your father's desire to immerse his mortal remains into Mother Ganges at Sri Mayapur Dham and I am sure, your eternal father Srila Prabhupada would definitely take the blessed soul to the Lotus feet to Sri Sri Radha Madhava.

GuruMaharaj, your personality is very deep and layered and to understand your personality is not possible for my lowly self. But somehow by your merciful blessings, this past year I have felt more connected to you. Although it's been more than four years that I have had your darshan in person, but I feel connected to you. I am convinced that you are watching on us and always there for us.

Another facet of your personality is how you accomplish big projects for Srila Prabhupada successfully but at the same time keep people above projects. It is just inconceivable to me. Just as the 6 Goswamis under the guidance of Lord Chaitanya Mahaprabhu excavated and developed holy places in Sri Vrindavan Dham, following in Their footsteps GuruMaharaj you have developed places of pilgrimage in form of Govardhan Eco Village. While GEV offers a place for contemporary preaching at various levels to various people of the society, at the heart of GEV is Sri Sri Radha Madanmohan, our Sambandha Vigrahas. While the original Radha Madanmohan are still at Karouli centuries after they were moved out of Vrindavan, by the inconceivable arrangement of the Lord Madanmohan, He is now back in Vrindavan of the Govardhan Eco Village.

On this auspicious day, GuruMaharaj, I beg you to always keep me under the shelter of your Lotus feet. Though completely undeserving, I still seek and beg for this shelter as that is the only way I have some hope in my spiritual journey. Please bless me GuruMaharaj, that I chant my rounds nicely and

sincerely and follow your instructions and be able to do some service to you and bring a smile on your Lotus face someday.

Dear Guru Maharaj please accept my humble obeisances at your lotus feet. All glories to Srila Prabhupada. When I see alter of Radha Gopinath, small Vrindavan garden behind the corner of Radha Gopinath and now GEV, ,I can realise you are real Brajwasi who carries Braj in your heart and creates Braj wherever you go. Srila Prabhupada carried Vrindavan to USA and brought devotees from all over world to Vrindavan. Similarly you are carrying Vrindavan everywhere and bringing devotees to Vrindavan.
It's your mercy Gurudev that I am here in Vrindavan but I am not able to see Vrindavan due to my anrthas, I am in fault due to my baggage of karma unable to enter into real Vrindavan, need your mercy and please pull out from material ocean of desire in which I drawning .
Let me serve you, your beloved devotees and Vrindavan, Brajwasis, and all that who loves Krishna. I am very grateful for your kind visit to Vrindavan, very greatful showing us how to carry Vrindavan in heart and give Vrindavan to each and everyone. Desiring to serve eternally with pure cosiousness, without duplicity, without cheating and without any selfish motive.

Dear & Respected Guru-Maharaj
Please accept our obeisances unto your lotusfeet.
I was deeply impressed observing your static posture for more than 4 hours, during your Vyasapuja (in Hall Near Matunga central railway station)
2. Lecture @ Srivas Angana of very long duration
3. @ Vrndavana about Srila Ghanashyam das katha, Your absorption in katha-vastu is mesmerizing.
4. In BS Exam, Divine Qualities, simply wrote your Qualities. That was much more easier for me.
Your words and actions are instructions for us.
Due to our limitations, I stop here, with an expression of deepest gratitude for accepting us as your disciples.

Dear Guru Maharaj

Please accept my humble obeisance at your lotus feet. All glories to Srila Prabhupada. All glories to your wonderful self, friend and hope of the fallen.

Om ajnana timirandhasya
jnanjana salakaya
caksur unmilitam yena
tasmai sri gurave namah

I want to offer all my obeisance and prayers to you on the most auspicious appearance day of your divine self. I am forever thankful for your shelter and for the association of Vaishnavas without which I am hopeless. I had the wonderful opportunity to associate with your servants and hear your classes during the just concluded Sri Jagannath Puri dham yatra. Your classes were nectar-

ean. On the first day itself you set the appropriate mood about the austerities associated with the yatra. There were no austerities - in fact your servants made sure that every devotee was properly cared for. The only austerity was my fight with my false ego - which always thinks of enjoyment and being the center of attention. I am (was) lost in that fight, but your words were encouraging. You said that we have waited millions and millions of births and years to come to this yatra, which is true and it happened only due to your mercy. On the last day, I got a glimpse into your realizations and the ecstatic feelings you have in your service to Srila Prabhupada. You gave a class which was about 4 hours. I don't think I can ever ever do anything like that. You spoke with such conviction and realization that you transported me to those pastimes as if I am right there - witnessing them. In between, the power went out and it was pitch darkness. But you just continued! Anyone else, would become disturbed and inquire what happened. You didn't miss a beat, as they say. Same happened when the power came back on. I was looking around at what was happening. But Lord Krishna showed me what a truly realized person is and how he is not affected by ANY material conditions. You, gurudev, are truly connected to the feet of Srila Prabhupada and Lord Krishna. I can only pray to be a dust in your lotus feet and hope someday I get that mercy. I have no qualification. I am affected by all the ills of materialistic life, but I consider them as nectar. I crave for prestige and position and recognition. I struggle to properly chant even once. My false ego constantly troubles me. Please gurudev, take me out of this and place me as a small particle of dust. I pray that Lord Krishna gives you lot of health so you may continue in your service to Srila Prabhupada and be the source of hope for countless living entities. I hope and pray that I can be of some service to you and your servants. You have so many qualified servants and I am a person who is very very unqualified and afflicted. Is there any way I can render some service to you? I am just praying that I get some opportunity some day. I hope I can at least get a drop of your mercy so I can experience what devotional life is all about and that will sustain me. I hope to become a servant to the Vaishnavas some day and truly serve them. I am forever thankful for all the mercy you extend through your classes, but I am unable to practise any of your teachings. Please gurudev, grant me this one benediction so that I can follow your instructions completely. Without your mercy, I have nothing to go on with.

Your insignificant servant

I offer my humble obeisances at your lotus feet on the occasion of your vyas puja. I pray to their lordships Sri RadhaVinod,Sri NitaiNatawara,Sri Gaur Sundar, and Jagannatha Baladev Subhadra to bless you with good health so that you can fulfil Srila Prabhupada's mission.
I am struggling with my own conditionings and trying to overcome that. Hopefully I do not do any dis-service to you and this great movement of Srila Prabhupada.
You are a great inspiration in my life. Your lectures are life saviors definitely.
I am not like your other disciples. Your other disciples are wonderful and love you so much whereas i am still struggling to have little love towards you.
I have to admit i am fallen, please take care of your this fallen disciple along with your wonderful other disciples.
I am begging to give all the strength and the tolerances to overcome them and I am able to sail smoothly in this ocean of turbulence by your mercy maharaj. I wholeheartedly wish my sincerest gratitude to you for showering all the mercy upon this insignificant soul.Thank you maharaj very much.

Dandavat pranams. All glories to Srila Prabhupad.

Even though I am not duly initiated by you but by HH Bhakti Caru Swami, I consider you my siksa guru as I listened to lots of your classes on "Droplets". You did inspire me also when you came to New Mayapur on Lord Balarama's appearance day this year and you greatly encouraged me to complete this posthumous book on behalf of HH Bhakti Caru Swami entitled the "saving of New Mayapur".

May Sri Sri Radha Krsna protect you always in your tireless efforts to spread the teachings of Srila Prabhupad around.
If there is anything I can do for you, Maharaja, please don't hesitate. And please come back also to New Mayapur, we need this type of association to grow spiritually.

Happy 73rd Vyas Puja to you.

brahmāṇḍa bhramite kona bhāgyavān jīva
guru-kṛṣṇa-prasāde pāya bhakti-latā-bīja
I can say with conviction that it's the best thing that happened to me in past millions of births.

It was the year 2005, Your Sunday feast class changed my life when an atheist like me could understand what is divinity, what is humility, what is Grace, what is real love. You are the ocean of these divine qualities.

It's been 73 years when you appeared on this Dhara Dham. We haven't seen Chaitanya Mahaprabhu and His associates, we haven't seen Srila Prabhupad and the acharyas through these eyes but by your grace we are able to see them through your divine lectures. A crystal clear image comes in front of our eyes when you narrate any past times of Krishna or Mahaprabhu.
Dear Guru Maharaj because of technology we are fortunate to be able to listen your lectures dated back to 1988 till date. These lectures are so nourishing for our Souls. All of our spiritual existence is based on these lectures only, where you truly convey to us the mood of the Acharyas, Chaitanya Mahaprabhu and Krishna.

You have linked womb to tomb with devotional care. We all get benefitted somewhere in between. By your grace I got the chance to stay in Bhandirvan BACE and VTA during my 5 years stay at Mumbai during 2005-2009. I was totally useless amongst all the sincere devotees but when I came back to Udaipur, Rajasthan I could understand the difference between the old me and new me. Though not a scholar, I was able to help in preaching in Udaipur by Your mercy and inspiration. It was a team of 4 Grihasthas who started preaching in Udaipur in which I was also a member.

Today we can see the impact of your foresightedness on preaching on world level. You introduced DYS, BACE, Councelling system, Bhaktivedants Hospital, Bhaktivedanta hospice, GEV farm community and much more. I myself came in Krishna consciousness because of this system. Millions are able to understand Bhakti deeply with this.

Today, Dear Guru Maharaj, by Your grace we completed 11 years of Sunday feast. We got our own small temple 2 years back. Brahamchari and Grihasth disciples of His Holiness Gopal Krishna Goswami Maharaj are heading and preaching and working on a big temple Project. We welcomed 25000 new guests this Janmashtami.
All the working structure I saw under Your shelter is the key to success of preaching in Udaipur also.

Today, on this most Auspicious and divine occasion I with my good wife Nibha (who is also under your shelter) submit our heart and soul at your lotus feet. We beg forgiveness for all the sins and apradhs we may have committed unto you or ISKCON Community. We pray to Sri Sri Radha Gopinath for the best of your health.

Jay Param Pujya Gurudev ki Jay ....

Guru Maharaj has created revolution within ISKCON in both direct and indirect preaching. Direct preaching through the projects of ISKCON Chowpatty, ISKCON GEV,ISKCON NVCC,ISKCON Camp, ISKCON Nigdi, ISKCON Belgaum, ISKCON Nashik, ISKCON Kolhapur, extension centers, etc. With the same potency Maharaj has empowered the projects such as Gopal's garden, Bhaktivedanta Hospital, Barsana Eye camp, GEV, Prayag project. Maharaj has uniquely presented GEV as both direct and indirect preaching strategy which is very special & outstanding...These external manifestations exhibit Maharaja's internal mood, mission and care for the devotees (both disciples and others) in service of HDG Srila Prabhupada.

**Madhunitai Das (ISKCON Vrindavan)**

Hare Krishna guru maharaj, please accept my respectful obeisances.

On the auspicious occasion of your holy appearance day I am feeling grateful for your selfless service rendered to devotees in general and disciples and aspiring disciples specifically.
I heard that you were taking only khichdi prasadam during Kartik Yatra at Puri just so that your health may remain good and devotees may get to hear Hari Katha without any disturbances.
Service to Vaishnvas despite difficulty is something that you have been practically exemplifying. We thank you for teaching us core principles of Vaishnavism in such an old age like this.
Gurudev, we are connected to Vrindavan community which have gone through lot of transition in last three four years. We have seen so many changes but this change has really affected many of us.Gurudev as you were telling that in this material world upheaval will come inevitably and one has to walk that phase. We pray at your lotus feet that we may be able to maintain our service mood and remain grateful for what Lord is offering to us.
You say collective unity is more important than individual purity. You deeply identify yourself as servant of your gurudev Srila Prabhupad. We saw you gave time to ISKCON Bhubaneswar community and then ISKCON Vrindavan community after completing the service towards Kartik yatra devotees.You also met with HH Radhagovind Maharaj. You are putting so much of your energy so that no one feels separated. You are trying to keep devotee's community united despite kaliyuga onslaught which tries to divide everyone and devotee community is no exception.
Gurudev I pray at your lotus feet that we may imbibe some of your oceanic qualities

to some extent at least and thus may render some service to Krishna and His dear devotees in a way that pleases you.

Your aspiring servant

Only because of your causeless mercy I was able to render some small service to vaishnavas and shri shri Radha Madangopal ji in nashik dham. I don't have any qualification to do anything without your divine Mercy and kindness. Please keep showering divine love and kindness upon me forever.

**Madhurabhaktidevidasi (Nashik)**

Hare Krishna dandwat pranam Guru Maharaj. It is simply by your mercy and your arrangement that I am able to do some service in the movement.

In all difficult situations in my life,your Vani has always shown me the path and given solution to all problems.

You always say that a devotee should try to become more humble than blade of grass, always give respect to others, expect none in return, tolerate like a tree. Please give me blessings so that I could follow your instructions till my last breath. We could implement your teachings in our life.

It makes us more responsible in our behaviour and Vani, whenever someone comes to know and praises you that we are your disciple.

Maharaj, please bless us so as to never hurt anyone and always try to follow your instructions.

Dandavat Pranam my dear Guruji,
Please accept my Humble Obeisances,
All glories to Srila Prabhupad,

Happy 73rd Birthday dear Maharaj. May Krsna shower you with the choicest of blessings. May you always stay healthy and happy.

Maharaj, I consider you my spiritual father. Can I say, Happy Birthday Dad?
Thank you for guiding me....a fallen soul, giving me Brahmin initiation!! for making me love and serve my family all the more while simultaneously becoming less dependent on 'Me and Mine' and more dependent on RadhaGiridhari, for teaching me to always remember Trnad api sunicena, taror eva sahishnuna....!

Whenever I face life's dualities, like fear, calamities, difficulties, and even happiness, good moments, I sense you and Srila Prabhupad standing on either of my sides, holding my hands. That way, I feel empowered, grateful, nourished and protected and ready to face any challenges in life. Thanks to technology, I connect with you daily through books, audio and video clippings. But still, I miss the personal touch.

Yesterday, Nov 26 2023, By your mercy, for the first time in my life, I had the oppotunity to do diety dressing, in central New Jersey Plainsfield temple!! It was such a blissful experience. Had tears of joy! Was wondering, how and why I got this opportunity. The answer was, only by the mercy of you, Srila Prabhupad and many other vaishnavas. I feel so grateful and indebted to all of you forever.

I want to thank you for praying for my dying mother one evening in Mayapur yatra in 2017, when she was on her last few breaths in Mumbai. You made everyone chant the Mahamantra for her when I showed you my dying mom on the phone. I felt so grateful. It was with difficulty that I could communicate with you at that point in time. Again in 2018,2019,2020 I wish you were there for

me, and had prayed for my aged father and both Inlaws who passed away. How much I was missing your personal touch! Hence, I wanted your number, to be easily accessible in times of great emotional need. I would not trouble you with unnecessary messages, but I just need to feel you by my side during an emergency. Can you please, please connect with me via WhatsApp on +918879994996. I will feel utterly loved and cared for.

I would also love to call you home one day, in Bandra, Mumbai or in Allentown, Pennsylvania and serve you sindhi food with love. To also, give an opportunity to my family & friends to feel your magic touch, your magic smile, to make them krsna conscious magically faster. I try my best to serve them nicely, to make them krsna conscious, but it's taking a lot of time. They have met you in the temple. They are favourable. I know, you are very busy. But, please, one day, I hope you will say yes.

You have established so many projects, you are a great singer, a born natural story teller. You are like salt, and water, where one can't live without your daily touch.

I pray that you give me the strength, the determination to follow in your teachings, your directions and to humbly serve as a servant of your mission.

Tumi ta' ṭhākura, tomāra kukura, baliyā jānaha more: "O my father, my dear Guru Maharaj, please consider me your dog." Kindly always keep me engaged in your service.

Kṛṣṇa se tomāra, kṛṣṇa dite pāra . Kṛṣṇa is your property, and if you engage me in your service, then Krsna will be very pleased.

I thank you so much for accepting me under your care. I pray for your health.
Please don't leave me ever. Where will I go if you abandon me? You are my life, my strength.

Please forgive me for my childishness.

Thank you. Thank you. Thank you.
Dandavat Pranam.

All glories to Srila Prabhupada and You,

Hare Krishna GuruMaharaj
When it's time to describe your glory "Words are always short " but still only by glorifying one's Guru one can progress in spiritual life.
Thank you GuruMaharaj for teaching us by your example how humility is the only ornament and possession of a devotee.
You taught by your example how a disciples glory actually belongs to the Spiritual master, as you always give the glory of your achievements and whatever you possess in your life to Srila Prabhupada.
Thank you GuruMaharaj for instilling deep faith in the parampara and previous Acharyas.
Though your health is not cooperating still you want to give your valuable association

and precious moments to your disciples in the yatra.. that shows how much you really care for each one of us.
You taught us how loving relationships are important foundations for our spiritual journey..
You gave the strength to understand that vani seva is more important than vapu seva..
Thank you for always being with me whenever I need you. You are always there in your lectures with me personally guiding at every step of my journey, without your grace and mercy nothing is possible..
I pray to Sri Sri RadhaGopinath, Gaura Nitai and Srila Prabhupada to protect you from physical illnesses so you can deliver more fallen souls like me to the lotus feet of Guru and Gauranga.
This is the prayer I learned from you Gurudev..
Please GuruMaharaj give me strength to overcome obstacles, distractions and doubts to follow your instructions in attaining perfection of this human life.

Thank you Gurudev.

Dear Guru Maharaj,

Please accept my humble obeisances.
All glories to Srila Prabhupada.
All glories to you.

Those were the days I fondly remember discussing floating in the ocean together.
I was newly joined happy brahmacari. You visited yearly then, as a sanyasi.There were many intimate disscussions. I was impressed by your deep realizations.

Once saw you dancing ecstatically with a golden glow all arround you, tears pouring from my eyes profusely, it covered the vision from seeing you. Even now able to envision clearly. Oh, how I wish to see that glow in you.

Ordered to come to New Vrindavan. Fell in love with Lord Radha Vrindavan Chandra. Joyfully cooking for them in devotion. Not for long. From Bombay comes invitation - Lady Northcote Hindu Orphanage. Fifty five boys housed in a cage. Condition of the place was shocking. Simple and innocent children came flocking. With open arms they came, and that melted my heart.

Cooking for them was a joy, although a challenge to manage. I am the father, no more Orphanage.

Many events unfolded with twists and turns.
Not able to manage the instructions.
I beg of you for your kind forgiveness. For the shortcomings due my weakness.
You always want to see my happiness.
Such is the greatness of my Guru's love.

New adventure is in the process.
I need more discussion and blessings.
I am a sold out animal.
I pray and wish you live long and well, allowing me to play a small part.

I thank you sincerely with a grateful heart.

Your humble servant,
Madhusudandas

**Madri dasi (Mumbai, Chowpatty)**

Hare Krishna,
Respected Gurudev,
Please accept our respectful obeisances.
All glories to Srila Prabhupada,
All glories to You dear Maharaj,

On the most auspicious occasion of your vyasa puja wishing and praying for your good health and a long life so that many more souls get benefitted by your holy association.

Maharaj this is the most special festival of the year for all of us, if not for you I don't see myself walking on this beautiful path of Krishna consciousness. I owe everything

to you. Over the years you have always nurtured our lives by sometimes personally giving your time and helping us, other times, through your lectures, through the community of devotees that you built, through the wonderful festivals, yatras and the list goes on and on...we know that you have painstakingly made everything available that is needed for us to remain blissful in our spritual lives. Just thinking about this makes our heart immensely grateful for all that you do and at the same time I feel very sad that I am not receiving your mercy the way I should...and this breaks my heart because you have never failed to reciprocate with us whenever we need you..

I have personally experienced it several times... One such incident is during the COVID time we along with a few devotees from New Bombay we would daily pray for the departed souls or those who were going through difficult times and also help in whichever way possible...and most of our time was spent in this practice. That's when a few devotees asked me why are you doing all this? Srila Prabhupada never advised devotees to do all this, some said oh, looks like Madri is going through depression and she is always just engaged in praying for others. There were different things said by different devotees and hearing all this at one point I thought, am I doing something wrong? What do our Acharya's say about this? What would Guru Maharaj advise in such situations..so in such circumstances I usually turn to you for answers and obviously since it is not possible to personally interact with you now.. I turn to your lectures. So when these things started bothering me I intensely prayed to you to show me the right direction and correct me if I am wrong...I wanted to know if I was really in depression and doing things whimsically... and after that I randomly played one lecture by you and there you said don't take what people speak seriously because people commented even on Lord Chaitanya (you were speaking about Prakashananda Saraswati and Mahaprabhu's pastime) you said that the mayavadi sannyasis took Lord Chaitanya's humility and service attitude as depression. And you mentioned...So we shouldn't stop serving by listening to what others have to say...This is how people in this world will speak..and the lecture continued. But I felt so relieved after hearing you how through the lecture you were encouraging us to continue doing our tiny bit to serve others in the best possible way. There are many more such instances when you have come to my rescue whenever I needed, through your Vani.

Maharaj I want thank you from the bottom of my heart for all that you do for all of us. Words fall short to express our gratitude for you.

On this auspicious day I simply want to pray that I don't take your mercy and blessings for granted and receive everything you are giving us very gratefully. My only desire is to serve you and all the devotees in a pleasing way and to live upto your expectations. I also want to request you to kindly bless our daughter Jahnava that she always seeks shelter in association of devotees and engages in serving Srila Prabhupada's mission. She loves you very dearly too Maharaj.

Thank you once again for everything.
Your unworthy daughter,
Madri dasi.

Dear Guru Maharaj,

Please accept my humble obeisances, All glories to Srila Prabhupada,

Maharaj, we recently attended 2023 Kartik Yatra to Puri and were mesmerized by your presentation of Chaitanya Lila - what was the mood of Sri Chaitanya Mahaprabhu when coming to Jagannath Puri and various pastimes that happened in Jagannath Puri.

Listening to the lectures during the yatra was like revisiting the place and seeing through ears and being part of different pastimes that happened there.

There are two points that struck me most from your class on Day 1, how living entity has been waiting for millions of lifetimes to come and participate in the yatra and how obstacles on the path of devotional service are actually boons, which helps to intensify our faith and attachment to Krishna.

So we are thankful to you for these wonderful discourses.

I am struggling in devotional service - your lectures and kirtan are what's keeping me alive.

Guru Maharaj I am very grateful to you for tirelessly travelling, visiting different places to elevate and uplift people like me despite your busy schedule.

On the auspicious occassion of your appearence, I would like to pray to Sri Sri RadhaLondonIsvara and Jagannath Baldev Subhadra and Sri Sri Gaura Nitai to shower their choicest blessings on you and bestow good health.

I pray at your lotus feet that one day i embibe the quality of amanina and mandena - offering all respects unto others and expecting none in return and chant the holyname in a humble state of Servant of servant.

Respected Guru Maharaj,
My sincerest Dandvat pranams at your feet. All glories to Srila Prabhūpāda,

As we have been attending the Kartick yatra 2023 here in Jagannath Puri, everyday taking nectar doses from you has been nourishing my soul. Yesterday, it was very encouraging to hear-- the more we realise our disqualifications for bhakti, the closer we move to qualification.
As always, your words, potent with wisdom, move me. As small as I'm, I pray for the much needed strength to imbibe your instructions in my life. On a spiritual plane, there can't be a greater spiritual master than yourself. I'm most fortunate to have you as my guide and master of my life. If Yamaraja were to tell me to carry one thing from earth with me, I would take tape-recoder filled with your lectures. I really lack sincerity to apply your instructions.

Your lectures leave me in discomfort when you speak straight cut lofty ideals. They always leave me with homework. The ambitions you set for us are so far and yet so fulfilling, just to aspire for them.
However, when you instruct us to take guidance from your senior disciples, sometimes, I find myself not humble enough to approach them. I pray for the strength needed to approach senior devotees.
You have given every ounce of your life to nourish the world and I'm eternally indebted and yet my false ego doesn't allow me to be your sold out servant. I pray for the purification of this ego and aspire for true ego of your sincere servant.

My false ego pushes many complaints of ingratitude, but your shining example conquers.

Your unworthy servant

HH Radhanath Swami Maharaj please accept my humble obeisances again and again unto your lotus feet on the auspicious day of your 73rd Vyasa Puja. All glories to Srila Prabhupada!

Guru Maharaj you accepted such a fallen soul like me and took away all my bad sins and karma upon you and gave me shelter so I can seek Krishna bhakti. Because of your beautiful lectures and blessings, my life has transformed, and you made it easy for me to return to His abode in this life.

As Narottama Das Thakur said, 'hari hari!

bifale janama gonainu manusya-janama paiya, radha-krsna na bhajiya, janiya suniya bisa khainu' i.e., O Lord Hari I have spent my life uselessly. Having obtained a human birth and having not worshiped Radha and Krishna, I have knowingly drunk poison. So only by your mercy I could worship Radha and Krsna in this life and became your fallen servant, of your servant, of your servant!

Dear Radhanath Swami

Please accept my humble obeisance's. All glories to Srila Prabhupada.

This year I have written a poem in your glorification

Respectful to others and a heart filled with devotion
You go through kaliyuga calm like the ocean
We all get drowned in your love for the Lord
No need to waste time, no time to get board

A brilliant speaker with memory so bright
You mesmerize the audience with so much delight
There is no room for maya in your life and your mind
A perfect guide for us who are blind

Your gentle behavior is giving joy to the heart
Showing that preaching is a very fine art
Sharing true happiness to everyone you meet
We beg to remain fixed at your divine lotus feet

Your prayer of compassion keeps us alive
How else could we possibly survive?
By serving you we become totally happy
Able to give up anything crappy

You reveal to us the secret of life
How to be happy and become free from all strife
The key is surrender, attention and humility
Its open for everyone – just needs some sincerity

You always think of doing good to others
Treating everyone as sisters and brothers
Steady and determined, your life is so bright
Spreading the message of Godhead, the light

Thank you, thank you for showing such love
Without we are nothing and have nowhere to go

Beg to remain your insignificant servant

Dearest Gurudev,

Pls accept my Dandawat Pranam at your lotus feet

All glories to you, Srila Prabhupad and Gauranga.

Gurudev, You are a ocean of compassion. You have inspired so many disciples and inspite of that iam one who is a fallen soul your inspiration made me more serious into Krishna conciousness. In the Vrindavan Yatra in the year 2013 that time I was not into devotional path. But my husband insisted and persauded me to come and we both with our daughter came. We registered at the last moment with the mercy of HG Baldev Prabhuji. That time i was not chanting 16 rounds and was not a devotee but that yatra really was a "U" turn for my spiritual life

You had led us to karthik yatra 2023 for Jaganath Puri Dham and in the whole history of ISKCON this yatra with such a 10000 plus of devotees with a sumptuous prasadam and taken to various places that is possible only in your yatra. For me Yatra is a centre of attraction where we can relish krisna katha from your lotus mouth. So Iam praying

at the lotus feet of SRI SRI RADHAGOPINATHJI to bless you good health, long life and spiritual strength so that you continue to guide a fallen soul like me.

Aspiring for Eternal Shelter at the lotus feet
Servant of the Servants
Mahalaxmi Rajendran

**Mahalingam Iyer (Gachibowli Hyderabad)**

Thank you very much Guru maharaj I know its so much difficult for you to conduct yatra and you have done it for me. Looking at this child showering your compassion each day I learnt something that touched my heart. Thank you very much. Some of the take aways from Jaganath Puri Kartik yatra for me are Day 1 no fear, all as per wish of lord you. Just try your best be happy with result, as its all lord pleasure and wish. Day 2 no envy, give up i want to enjoy and be servant and serve not to see lord but serve such that lord sees you, Day 3 Srila Prabhupada contribution: He never puts himself in front, it was ISKCON and Hare Krishna and now we have to put him in front and spread his message, Day 4 so many sacrificed their life for us to get bhakti. Airhostess trying to serve and please, 3 IMP points: 1. Serve devotees 2. Chant 3. Dont criticize, Devotee: it took 3.5hr for darshan, You: 30yrs waiting for jagannath darshan, We should serve lord such that lord is pleased.

My Dearmost Srila Gurudeva,
Please accept my humble obeisances at your divine , worshippable and merciful lotus feet. All glories to Srila Prabhupada! All glories to you!
Dear Guru Maharaj you are an unfathaomable ocean of good qualities. I am enumerating some of them below.
You are renounced like the goswamis you lived on just 1 carrot a day. Your mind is so pure just like Srila Ramananda Rai was unaffected when dressing the devidasis for their offering to Lord Jagannath.Although decorated with so many wonderful qualities and with such devotion you are still so humble you never take credit for anything. You are living example of Trinad Api Shunichena you remained awake whole night with moongose on your head and were still grateful. You always take pleasure in glorifying your godbrothers and your own disciples. You are grateful to people who offer even something simple as a rose to you. You are determined and steady like Bhishma Dev and never deviate from your vows and your own standards at any cost. You are wandering and preaching in the footsteps of Srila Narad Muni and accepting people from different age groups, social status etc. as your disciples. You also have developed with such great determination projects against all odds such as Govardhan Eco Village and Bhakti Vedanta Hospital. Your wonderful and soulful kirtans have melted hearts of millions. Your graceful dance in kirtan is mesmerizing and gives us a clue how Lord Chaitanya must have danced. You are an excellent cook. The Sandesh you cooked was so much appreciated by Srila Prabhupada. Your love and care for those who come in contact with you reminds us Srila Sanatan Goswami. You are role model for us. You always walk your talk. We feel really blessed and extremely fortunate by having a person of your calibre as our spir-

itual guide. We are fully satisfied and sheltered under you. We pray that we may be able to please you and live up to the expecations you have from your sincere disciples.

Hare krishna Gurumaharaj...thank you Sirla prabhupada for this KC wonderful family. I am very inspiring and fallowing the most wonderful quality Maharaj always told in every lecture humble and tolerance these two qualities for growing in spiritual life.. love to others selflessly...2023 kartika yatra

Maharaj mentioning in very good point regarding ershya(envy)....I am not qualified in spritual life but I am also try to follows your instructions...

**Mandar Sahastrabudhe (GEV)**

Hare Krishna Maharaj, Please accept my humble obeisances,

All glories to Srila Prabhupada. The bhava which you explain in your every lecture: trnad api sunicena..... this is not only the instruction but you yourself have exemplified it in your life. Specially when I heard your austerities of New Vrindavan, it was quite enlivening and very touching. It is really quite amazing for me that even after making such a great attempt to search for God, practically w/o any material security and knowledge, through so many struggles and problems, you finally attained it by surrendering your life to Srila Prabhupada and even after that the kind of services, sacrifices and struggles you underwent in New Vrindavan, still you never complaint about that. These incidents helped me a lot to develop faith.
Many a times, you tell in classes to become tolerant, grateful, to serve in the mood of servant of servant, giving all respect to others and expecting none in return, treating others exactly the same way you want to be treated. Despite I have heard classes, I really fall short in following and exhibiting any of these qualities because knowing or unknowingly I have committed many offences to the devotees due to false material pride and ignorance. I know I don't have devotion, that's why I beg you to please bestow your mercy. It is said only by the mercy of devotees and lord, one attains bhakti. You are ocean of mercy, I beg you and all the devotees, please forgive me for my offences, I want to rectify myself and want to become more conscious of my actions.
I may play a drama of practising bhakti but it is by your mercy only that I may get understanding of subtle truths of devotion unto lord, his associates and all the devotees.

Your aspiring servant,
Mandar

Hare Krishna,
Please Accept My Humble obeisance

Guru Maharaj, it has been 8 years I am in Krishna Consciousness. My first book which I completed was Journey Home. Your story from the book inspired me a lot to take up Krishna Consciousness seriously. The way you take care of devotees is like a mother taking care of her children. This year I got an opportunity to serve you in some minimal way by taking part in Visitors care seva under HG Sarvatma prji, so there I could get the vibes or understand the humility of Senior Vaishnava towards disciples. This year I could not make to Kartik Yatra because of some unavoidable circumstances at home. I don't know what was the desire of Krishna for me in that. Please forgive me for all my offences. I promise you I will always try to serve the devotees as per my capacity.

Your Aspiring Servant,
Mangesh

Hare krishna dear Guru Maharaj ji ,
please accept my humble obeisances unto your lotus feet,
Thank you so much Guru Maharaj ji for allowing me in Jagannath puri to attend the kartik yatra. i am very grateful to have you and His Holiness Chandrmauli swami Maharaj ji divine darshan , lecture & kirtan. When i read 'The journey home', your eagerness to come to India with so many struggles inspired me so much. your friendship with Gary. Your eagerness to read Krsna book, just for Krsna book you begging to the people for money. I beg to you Guru Maharaj ji as you served Prabhupada with so much eagerness. I also serve you. Please

bless me.
i met one of your closest associates, His Holiness Chandrmauli Swami Maharaj ji, with one of my friend in his Vyas puja day celebration in Ujjain I told him that i am aspiring from you, so he thought for a while then he told me a short story that you were asked by the question at the time of your Intiation "you accepted to become the servant of the servant?" and you said YES.
so maharaj told me that you also do services, , looking at my friend he said to me you should also serve your friend so Guru Maharaj ji please bless me so I'll follow his instructions.When you came into my life , it totally changed. i don't know who a vaishnav soul prayed for me so i came in KC but i am sincerely grateful to you for giving me such a good life. There is no way we can thank you , all your god brothers & sisters and Srila Prabhupada for what you all have given us. Thank you so much Guru Maharaj ji .

All glories to Srila Prabhupada
All glories to Sri Guru and Gauranga

Dear Maharaj,

Its indeed a treat for our body, mind and soul to get your association in 'vapu' form recently. Your one merciful glance upon fallen souls like us, not only replenishes our spiritual life but gives us the energy and vigor to serve in the mission of Srila Prabhupada with more enthusiasm. Your sweet smile melts our stone like hearts and the depth in your eyes simply scans us through and through.

Even today, we remain humbled, seeing your humility, oh, how falsely proud we are of our self !
Even today, we feel ashamed of ourselves, seeing your endless, untiring efforts to give us Krishna consciousness !
Even today, we relish your sweet melodious kirtans and intense katha through our ears live in the yatra, oh how much we missed them for a long time !
You are forever in our hearts, our life and soul, you have set us a perfect mission with a lifetime goal .

We pray at your lotus feet today to bless us that, from our goal, may we never drift away !

We are so grateful that this year 2023 after

almost 4 years we got to be in the Puri yatra and to hear from You dear Guru Maharaj. You are so giving and full of compassion. Hearing Krishna Katha in yatra and this year especially pastimes of Chaitanya Mahaprabhu's in Jagannath puri and the mood of separation of Gopis helped us to connect back to our roots. You make us fall in love with Krishna, Mahaprabhu, just by hearing Your lectures. Despite our busy lifestyles these yatra and Your lectures helps us understand how we can routine our life to keep Krishna in the center.
In the toughest situations something that uplifts us is Your vani and the way You deal with everyone with kindness, compassion and humility. In this material ocean You have saved us fallen souls, atleast I can say for me that I would only gone deeper and deeper struggling and suffering. But Srila Prabhupada and You Gurudeva showed us light of knowledge.
My sincere prayers for Your overall health and protection Maharaj.
Happy Krishna conscious birthday dear Guru Maharaj

Hare Krsna, dear Guru Maharaja,
Please accept my humble obeisances. All glories to Srila Prabhupada!

When back in 2015 I read your book 'The Journey Home', I had no idea it was going to change my life so drastically. Your own journey, written in such a sincere and profound way, has not only touched my heart deeply, but it completely transformed it. I met you in the same 2015 on your book tour in Lithuania, and you were, in fact, the first devotee I had ever seen in my life, and you also led the first Kirtan I had ever taken part in. I was sitting in that hall, filled with people – your disciples and your fans alike - with my heart blazing to its core, knowing clearly at that very instant that you were my Guru, though back then I had no understanding of what it meant to have one.

Since then, you've been guiding me every single day. Listening to your lectures and Kirtans as well as praying to you has gotten me through some of the most challenging situations that I've ever encountered. You've always been there for me, guiding and inspiring, uplifting and encouraging, offering solace and shelter in all circumstances of life, - personally or by your empowered representatives. Your love and care for your disciples, as well as all human beings alike, is simply inconceivable and heart-breaking to witness. May I never cease to take shelter of your blessed lotus feet and those who have dedicated their lives to serve you and your mission. Thank you very much, - you are the reason why I am still trying to be a devotee.

Respected Guru Maharaj, kindly accept my humble obeisances at your lotus feet. All glories to Srila Prabhupada.

Remembering your unlimited flow of mercy to my spiritual life, I'm truly overwhelmed. Your lectures, personal conduct, kirtan, yatras, projects are all centered about caring for devotees. Thank you for emphasizing this caring culture of bhakti-life.

One specific thing I remember now more dominantly is your presence on 'Zoom' during passing away of HG Nayana Sundari mataji. You devoted long precious hours during her last moments to lead her back home, back to Godhead. I was fortunate enough to be in that 'zoom' meet to witness this divine act. All glories to you, Guru Maharaj, and all glories to your worthy disciple HG Nayana Sundari mataji - who exemplified all your teachings throughout her life and also while going back to Godhead, and all glories to the ISKCON Farmington Hills devotees who were physically present that day in the hospital.
Kindly bless me that I can truly honestly follow the footstep of my this elder sister, who is very kind to me. At present I'm in very poor fallen condition. But this event was so inspiring to witness. Kindly bless me that I can improve by always remembering her example throughout my devotional services.

VERY COMMON TO ULTRA UNIQUE
---
Shakespeare once said what's in a name, I had no issue with my name as such ,except the fact that it was such a common name for the children born in seventies, as far as I remember never was the situation when there was no namesake in my class from my nursery till graduation with a maximum of five Manoj in my class 12th, I don't think our parents saw a Cupid in us but in all probability may be influenced by the name of yesteryears Bollywood star Manoj Kumar who gained popularity in masses due to his patriotic roles in movies in that era.
Time passed by, I was most fortunate to be associated with ISKCON and one fine day my counselor HG Radhapati prabhu called me to tell that His Holiness Radhanath Swami Maharaj with his causeless mercy has decided to accept you as his disciple .I was happy at the same time I knew it was a huge responsibility. Since as per custom Guru gives a spiritual name to disciple, my whole focus shifted to as what name am I going to get? Though I remember reading somewhere once Srila Prabhupada telling his disciple that it is more important to remember Das in your name still I was contemplating different names ,normally spiritual names also start from same alphabet as One's legal name. Somehow Mukunda is the name I loved and was praying to get this name, though there was no choice given.
Finally the day came, we were in a queue in Sri Sri Radha Gopinath main Temple hall as Maharaj was giving names and jap mala to each disciple. I don't remember exactly but at least 3 to 4 Manoj Prabhu were already ahead of me in queue. I was listening to their spiritual names very carefully and none of them had got name Mukunda yet ,I was happy as probability of getting name Mukunda was increasing, Then came one more Manoj prabhu just a few slots ahead of me and next I heard was devotees shouting " Mukunda (something) parbhu ki jai". Oh no ,I felt like someone has snatched a winning lottery ticket from my hand ,I don't think Maharaj is going to give me the name "Mukunda "it would be rare for two successive Manoj,My thought process was purely based on worldly equations forgetting everything about spirituality.
And finally the time came I was so nervous that I heard Guru Maharaj saying " from today your name will be Vancha kalp Das". Holding the beads in my hand I was so engrossed in my own thoughts that I didn't even heard what name devotees shouted for ------prabhu ki jai. What kind of name this could be, it doesn't even start with letter"M" ,I was thinking , then I remembered once I had heard from my mentor HG Gour Gopal prabhu that there are some exceptions while giving names, he himself being one of such example ,may be lord has fulfilled my desire for a unique name I thought. Soon I met HG Govind prabhu down in front of Laxmi Narayan temple," Mantra prem prabhu ki jai" he greeted me, what a unique name Maharaj has given to you prabhu he added, what did you say prabhu? I wanted him to repeat my name for the sake of clarity. "Mantra prem Das" HG Govind prabhu was kind enough to repeat the name, But but I heard something else prabhu I confessed. What did you hear? HG Govind prabhu asked me."Vancha kalp das" I replied. As far I remember there was no such name in the list he clarified. Meanwhile mobile was flooded with greeting leaving no confusion.
May lord give me strength to serve my Guru who turned all of us from a very common

to ultra unique in some way or other.Thank you Guru Maharaj.
More than 10 years had passed since then, I don't know how much love I have developed for the Holy Name yet , it's a big target but one thing I know for sure Krishna fulfills your desire.
Hare Krishna
at your service always
Vancha sorry

Hare Krishna.
Please, accept my humble obeisances. All glories to Shrila Prabhupada.

Thank you so much for your lectures. They help me a lot and are gradually making me aware of the gift that Shrila Prabhupada brought. I would also like to thank you for your book »The journey home«. Whenever I remember about your amazing journey to India and how much austerity you were ready to accept in order to find genuine spiritual path, it reminds me how grateful I should be for receiving the opportunity to get in contact with devotees by some causeless mercy.

I would also like to thank you for your disciples. They are always encouraging me to try to become sincere servant of Krishna's devotees, both by their words and by their actions.
In Prabhupadadesh, by the mercy of your disciples, I had the opportunity to join them when they visited you in personal darshan. I was a little bit afraid, but you were so kind, and I would like to thank you for that also. I would also like to thank you for cookies you distributed to us at the end of the meeting.

At the end, I would like to append a short song for you. I hope you will like it.

SONG:
Hare Krishna, maharaja. Let me humbly bow to you.
Lectures yours – for me – are crutch; torch on bhakti avenue.
I am foolish, lusty, blind; undeserving debauchee,
but disciples yours are kind and they give your grace to me.

Please, excuse me for all mistakes in it and in the letter. And thank you so much for support and inspiration.

Aspiring servant of your servants.

I had 1st seen Radhanath swami Maharaj on YouTube, that time I was doing a yoga teacher's course and was seeing lot of spirituality topic videos. Even though I was seeing Maharaj virtually still I felt so blissful just seeing him for 1st time without knowing anything about ISKCON. Later on I came to know about ISKCON and came to know there's a temple in Chopwatty. Then I happened to read Maharaj's autobiography and to my surprise it solved my dilemmas ,I felt Maharaj personally answered by dilemmas through the book. I am very new to the temple and have been in Krishna consciousness from only a year now ,hence I first saw Maharaj in real life this Radhaashtami and although I used to hear his lectures online, this Radhaashtami I was there when he took the Bhagavatam class . I often meditate upon his kirtans which are available online and during that time I forget all my worries and anxieties of this material world, it's like during those moments nothing matters.
But interestingly these kritans and some vists to the temple which I make,also help me perform better in my material endeavours.

Offering for Guru Maharaj

Hare Krishna Maharaj, Please accept my Humble Obeisances.
When I was staying at BACE in Mumbai, the majority of elements required for spiritual advancement were part of our daily routine.
I decided to pursue an MBA, and I was taken(thrown) away to the farthest IIM from Mumbai - IIM Shillong.
A place very different from Mumbai or any other city in India. With SP's mercy, we have one center close to our old campus, and I could visit regularly to attend festivals and get Sadhu Sanga.
MBA Colleges are known for their abundance of distractions. I wanted to protect myself from this. With devotees' blessing and prayers, I believe I was protected to a large extent.
One thread that helped me achieve this is hearing your classes regularly. These lectures protected me, gave me hope, and kept me in touch with Sri Sri Radha Gopinath. My attachment to you is through your classes, and I am grateful and eternally indebted that your holiness protected me through this Vani Ashraya.
Devotees here at Shillong center loved and supported me for the very reason that I have some connection to the temple under your shelter.
At times I faced humiliation and could again save myself from emotional downfall by hearing your classes. They gave solace and hope too.
Thank you so much Maharaj. Wish you a very happy Birthday!

sosos,
mayur

First time I saw maharaj in pune nvcc in September 2023. That moment was the best moment of life. Second time I saw maharaj was in Puri yatra. His humbleness, his calmness, lectures given by him during yatra will be stored in my memory throughout my life. The only desire I have is to atleast meet once maharaj and touch his lotus feet.

**Meenakshi Kapoor (Gurugram, Haryana)**

Dear Gurudev,
Please accept my humble obesiances.
All glories to Srila Prabhupad.

I consider myself fortunate that I am writing an offering to HH Radhanath Swami Maharaj, my spiritual master.
HH Radhanath Swami Maharaj is one of the most prominent spiritual leaders of the world today. He is inspiring thousands of people all over the world to become devotees of Krishna.

I would like to mention few qualities of HH Radhanath Maharaj:-

1. Perfect disciple of Srila Prabhupad:-
Maharaj us one of the best examples of an ideal disciple. As a 19 year old teenager, Maharaj left his home in USA in search for truth and he came to India. Maharaj performed penance in Himalayas. He went to the places of pilgrimage, meditated on the Supreme Lord.. When Maharaj first met Srila Prabhupad, he felt deep inner connection with him and accept him as his disciple.

2. Dedicated devotee of Krishna:- Maharaj dedicated his life to serve Krishna. He take bath several times in a day to worship the deity and sometimes he would take bath with cold water. His purpose was to just serve Krishna.

3. Visionary:-
No one would have imagined that a hospital whose primary purpose is to cure the disease of a person will also become a place to make devotees of Krishna. Under his leadership Students of many Prestigious colleges and universities study BG and other vedic literatures.

4. Great Communicator:-
His Krishna Consciousness lectures are so engaging and si inspiring that it quickly connects our heart to Krishna. While hearing him, we just feel that let his class never end. Let his transcendental message penetrate our hearts.

5. Full of Compassion:-
It is because of his compassion that he wants every soul of this world to get connected to Krishna. Through midday meal program, today thousands of kids can eat Krishna prasadam. Maharaj organizes free eye camp in Barsana where thousands of villagers of Vrindavan and Barsana get free eye treatment.

On this auspicious occasion of HH Radhanath Swami Maharaj Vyas puja, I beg Maharaj to give me Shelter at his lotus feet although I am not eligible and very much fallen. Have some mercy on this insignificant soul and bless me so that I can become serious and sincere in my Krishna Conscious life. I beg Maharaj to give me knowledge, intelligence and determination to chant the Holy name sincerely and attentively, I can read Srila Prabhupad books and serve devotees. Please bless me so that I will remain always enthusiastic in Bhakti.

आप "तृनदपि सुनीचेन तरो रपी सही ६णुना" ६लोक के मूर्ति मान स्वरूप है।
आपकी कार्तिक यात्रा 2023 में जगन्नाथ पुरी जाने का पहला अवसर मिला। हालांकि मैंने पहली बार आपके प्रत्यक्ष दर्शन किये परन्तु जैसे करुणा से आपने हमे देखा मेरे को रोमांच होने लगा, ऐसा लगा ही नही की हम पहली बार आपसे मीले है। जिस प्रकार आप स्वयं जा कर भक्तो से मिलते, प्रसाद बनाने में सहायता करते यह हमारे लिए बहुत शिक्षाप्रद है।
आपकी व्यास पूजा के अवसर पर मै भगवान श्री श्री राधा गोपीनाथ जी से यही प्राथना करता हु की आप पर उनकी कृपा सदैव बनी रहे जिससे हम सब भक्तो को आपकी ६रण और मार्गदर्शन मिलता रहे।

All glories to Srila Prabhupada.
Please accept my humble obeisances at your lotus feet.
The day of your birth that everyone waits for eagerly, has arrived. We are able to convey our feelings to you through this medium. This is also your compassion.
You are the very embodiment of the sloka – trinadapi sunichena taror iva sahishnuna.

I got the first opportunity to visit Jagannath Puri in your Kartik Yatra 2023. Although I saw you in person for the first time, my hairs stood on ends as you looked at us with such compassion, it did not seem as if I was meeting you for the first time. The way you personally go and meet the devotees and help in making Prasadam is also very instructive for us.

On the occasion of your Vyas Puja, I pray to Lord Shri Shri Radha Gopinath Ji that His blessings always remain upon you so that all of us devotees get your shelter and guidance.
Best wishes for Vyas Puja, Maharaja.

Hare Krishna,
Dear Gurudev,

Please accept our humble obeisances. All glories to Srila Prabhupada.

We feel incredibly fortunate to have been graced with your association for over a decade now through your amazing lectures preserved by Radha Gopinath Media Services and ISKCON Desire Tree, and your profound book, "Journey Home."

Gurudev, it's always very enlightening, deep and introspective to hear from you. You present the philosophy according to time, place and circumstance. Just like a torch light which dissipates the darkness in a room, your presentations are full of introspection and thoughtful which dissipate the ignorance within one's mind.

Thank you, thank you, thank you very much Gurudev, we can't stop expressing you how grateful we are, for your unconditional love that you're giving to us day after day, in order that we still be Krsna Consciousness.

Gurudev, the memory of our personal interactions with you – when we presented our wedding card at Sri Sri Radha Gopinath Mandir in the year 2014 remains etched in our hearts. Spending those precious moments in your presence, receiving a framed photograph of Sri Sri Radha Gopinath ji from your hands, and receiving the ma-

ha-prasad you gave us was an unforgettable experience. That day also marked the first time we heard your voice without the microphone.

On another occasion, during the release of your book "Journey Home," we witnessed your generosity as you signed autographs for devotees. When I didn't have my copy of the book with me, you graciously signed my diary with your initials, "R," and circled it. This gesture of affection and kindness touched us deeply.

Gurudev, I'm grateful for the chance to oversee the Facebook marketing activities concerning water conservation (Nexus conference) held at the Bombay Stock Exchange in Jan 2017. This wonderful opportunity unfolded under the guidance of His Grace Gauranga Prabhu and the Govardhan Eco Village team. Your presence and the attendance of several dignitaries made it a memorable event.

We are eternally grateful for the transformative experience of attending your lectures on Lord Krishna and the Govardhan pastimes during the 2019 Vrindavan Yatra. The lectures and Kirtans throughout the Yatra opened our hearts and minds, allowing us to fully experience Krishna.

Gurudev, we sincerely apologize for our shortcomings in chanting our 16 rounds with attention. As we progress on the path of bhakti, we are surprised to find ourselves lacking in enthusiasm for chanting the glories of Krishna and His holy names. However, we are also recognizing how deeply ingrained our material conditioning is, and with each passing year, we uncover new layers of contamination. Your lectures, always filled with hope, have provided us with the guidance and strength to overcome these challenges. Whenever we feel lost and seek answers to our questions, your lectures miraculously provide the clarity and direction we need.

Gurudev, we really hope that one day we'll get some sincerity so we can follow instructions given by Srila Prabhupada properly and realise more and more how much mercy we're getting by having such a wonderful, selfless, Krishna conscious Vaishnava like you in our life who is always praying for us and giving us so much of love and care.

Gurudev, thank you for giving us your love, care and your affectionate glances every year after annual drama fest and spending time with us despite your busy schedule and allowing us to be in your association and appreciating the drama and watching it with so much of attention. Thank you for giving us best of the both worlds in Borivali-Mumbai in form of His Grace Vraja Bihari Prabhu and His Grace Anand Vrindavan Prabhu that we receive clear instructions and guidance at every step of our lives, reminding us to take shelter of Krishna.

Thank you for giving us Radha Gopinath mandir & devotee community and Govardhan Ecovillage where we feel at home, both physically and spiritually..

Please pray for us to Sri Sri Radha Gopinath ji, so that we may realize the immense fortune we've been blessed with through your association and the invaluable teachings you provide in your classes.

Because of your deep love for Krsna, you are naturally deeply concerned with His parts and parcels, this is your real care for us; that we truly experience all the time whenever we hear from you...

All glories to your eternal loving service to Sri Guru and Gauranga.

Gurudev, we pray for your good health in caring out your service to Srila Prabhupada and Sri Sri Radha Gopinath ji.
If in any way we can serve you more and more, please let us know...

With lots of love and gratitude...

Aspiring to be your servant
Mohit, Riya and Divyam!

To,

My Dear Radhanath Swami Maharaj

All Glory to Srila Prabhupada.

My obeisance unto you Maharaj.

I don't know where to start and where to end glorifying you because of your unlimited qualities. Similar to the unlimited hoods of Ananta Sesa Naga. But as an insignificant soul with no qualifications, I will still try my best to put a huge broad smile on your lotus face and consider my life successful if I could do so.

Whenever there is a discussion of humility in any of the lectures, your face magically appears in my mind, it's like how we have a landmark for every location, you are that landmark for Humility for me and I am sure of thousand more. I am sure you are so dear to Krishna which is reflected in your absorption in Krishna while you narrate pastimes.
Maharaj the way you speak, dance, sing with such great intensity calling out for Krishna, interact with devotees, is just divine and out of this world. I really love how you always mention your beloved Gurudev Srila Prabhupad in your lectures which shows how much you love him, and I just wish I could develop that same love for you. Your journey home shows what a divine soul you are, the way you surfed the entire journey of yours from America to India, finding Krishna first in an unknowing way and now at your full potential with the mercy of Srila Prabhupad you are showing us the way how to love Krishna.

Just as only when you experience it you can truly inspire others, it proves that you have that experience of Krishna Prem at its peak and that's why you inspire us to develop Krishna Prem. I would like to thank you Maharaj, for giving us Gopals Garden High School, where you personally nurtured us like your children, it also gave a lifetime-long lesson that however bad situations might turn out, Krishna is and will always be bigger than the problems, and it is all because of you. I consider myself so lucky to be born in an era where a legend like you lives showering his mercy on unqualified people like me. Also, you gave us Bhaktivedanta Hospital, Govardhan Eco-village, and of course a beautiful congregation of devotees at ISKCON Chowpatty your home ground. Which shows your level of dedication towards serving devotees.

You are the best Maharaj, how will I ever be able to give you in return for the love and mercy that you have showered upon us, your hankering for Krishna is so inspiring for us, the way you see every living being as a part and parcel of Krishna is Superhuman, your quotes are so deep that even if we follow one of your quotes our lives will be perfected.

Your smile, your laugh where you move your shoulders and almost your entire body, the way you fold hands, your way of taking darshan, your way of raising that one eyebrow while you are thinking deep, the way you do dandawats, the way you dance elegantly and sprinting at a height like the laws of gravity don't act on you, the way you tap foreheads of little children, your sound mimicry, the way you say Krishna which is so sweet to hear in your lectures, your divine voice, the way you hug, the way you see Prabhupad with great love and it literary feels like you are in this world but ofcourse not of this world, the way you walk but for us to match that we have to run, the way you love us, I am sure I am missing a lot more but all these just shows how divine you are, and I mean how can somebody not love you, you are so sweet and lovely. I can keep seeing you forever.

I don't know what good I would have ever done just so that I had the fortune of being seen by you and touched by you, I am speechless because I have such a bad heart with so many disqualifications, a mind with so many abominable thoughts, it literary is like a devil in human form. I feel so bad that I am not up to the mark in the way you wish

every devotee should be for the pleasure of Krishna, but I promise you, Maharaj, no matter what I will try my best to follow your words and instructions, try to live my life in the way you want and align my life according to your guidance.

Maharaj, I would love to say that I might or maybe the most undeserving candidate for your mercy, but I would love to beg a thousand times for your mercy with folded palms and knees on ground because other than you I don't have anyone, please keep me in your shelter Maharaj, I love you with all my heart, mind, body and soul. My only desire is to be able to serve your mission of serving devotees and your words.

Thank you very much, Maharaj, for everything and for taking out your valuable time to read this insignificant soul's Love letter to you.

From Your Aspiring Disciple.
Mohit Suthar.
Again, Love you.

But after that you were giving bhagavatam at Sri Sri Radha Gopinath temple , chowpatty .
That was the first time I saw you , and felt so happy

Currently I'm living in the voice , with the grace SP and devotees. At the 4th day we became late for our seva due to our prasadam and all the cloths of prji n mahaji were washed , we became upset But suddenly one devotee came with your cloths , when we come to know that these are the cloths of my guru maharaj , I became so happy .And starting washing it .

It was only possible due to yours mercy.

Hare Krishna,

Maharaj, in the Bhagavad Gita Lord Krishna mentioned 26 qualities that a devotee should have. I have seen and experienced all these qualities in you Maharaj. You are the personification of all these qualities Maharaj.
Kartik 2023, yatra is my first ever yatra I could attend with your blessings Maharaj. I have experienced another level of bliss during yatra Maharaj. The elaborate and flawless arrangements made in such huge level depicted how you care and compassionate to all the devotees.
Your lectures in the yatra envisioned Chaitanya mahaprabhu as written in Chaitanya Bhagavat. I have experienced the Nectar flowing from your lips Maharaj.
GEV is your wonderful creation Maharaj, you have created following in the footsteps of your Guru Maharaj. People all over the world are visiting and experiencing the Divine in the nature Maharaj.
By your causeless mercy, I am able to serve Vaishnavas in a very little way under the guidance of my compassionate counselor HG Giriraj prabhuji. I pray at your Lotus feet, bless me with strength and knowledge to serve the Vaishnavas and your mission.
I pray at the Lotus feet of Lord Radha Gopinathji to bless you abundantly with good health and long life to uplift the society with Krishna consciousness.

**Mrityunjoy Chakrabarty (ISKCON Kolkata)**

Srila Radhanath Swami Guru Maharaja's 73rd Vyaspuja Offering.

Dear Guru Maharaj, I offer my respectful obeisances unto your lotus feet.

In the scripture it is said that, the way The Lord and His pastimes are unlimited, similarly the pastimes of the Acharyas, His most sincere pure devotees are also unlimited. The words of scripture states that "'Vaishnav chinite nare dever sakati'. [Even gods are incapable of knowing the mysterious character of a Vaishnava.] " Even great great demigods can't understand a Vaishnava, then what to speak of us who are totally submerged in ignorance and pride. Still by the power of your mercy, I am daring to try to glorify you. Please accept this offering from this foolish and lowest of the human being.

You are a perfect Acharya, by your own example you teach us how a Vaishnava should act.
In the Vaishnava society, everyone knows you as the embodiment of humility, because you always are carrying the mood of the "trinadapi sunicena" sloka of the Shikstakam and you encourage all to be like that.

Your love for Srila Prabhupada and your love towards your god brothers and god sisters fascinates all. And you never had any enemy because you are also very dear to the Acharya's of other sampradaya's. You are even very dear to the God brothers of Srila Prabhupada. One very dear God brother of Srila Prabhupada, Krishnadas Babaji maharaj was very fond of you and he taught you to play the mridanga.

titikṣavaḥ kāruṇikāḥ
suhṛdaḥ sarva-dehinām
ajāta-śatravaḥ śāntāḥ
sādhavaḥ sādhu-bhūṣaṇāḥ

TRANSLATION: The symptoms of a sādhu are that he is tolerant, merciful and friendly to all living entities. He has no enemies, he is peaceful, he abides by the scriptures, and all his characteristics are sublime.

In Srimad Bhagawatam the qualities of a sadhu is described by Kapila Dev, the son of Devahuti. All the qualities that He speaks about are manifested in you in full and you literally obey the orders of Srila Prabhupada and the predecessor Acharyas and you inspire all to do the same. You always want to please Srila Prabhupada end inspires us all to act in such a way so that Srila Prabhupada will be pleased.

The only goal of your life is to please Srila Prabhupada and the previous Acharyas and we can realize it in your each and every activity.

Therefore in this auspicious appearance day, Vyaspuja day, I beg for your mercy so that I may develop some love for Srila prabhupada, which is just like a drop of your ocean like love for Srila Prabhupada, then my life will be successful.
Hare Krishna Guru Maharaj, I am a jiva with full of faults, if somehow or other I have made any offence kindly forgive me for that.

Waiting for getting the shelter at your lotus feet, youd dasanudas,

Dear Guru Maharaj,Recently in Jagannath Puri Kartik Yatra I observed practically every day during your evening lectures, your deep absorption in all Lilas of Lord Chaitanya Mahaprabhu and Lord Jagannathji. I was simply wonderstruck to see your great Enthusiasm to describe every detail in lectures. On last day even after 8.30 pm you continued lecture for half an hour with the same Enthusiasm. **Mukesh Rajpurohit (Pune)**

Dear HH Radhanath Maharaj,

Please accept my most respectful obeisances. On the occasion of your 73rd birthday, I feel compelled to express my deep gratitude for the profoundly positive transformation you have brought into my life.

The first time I had the privilege of witnessing your divine presence was in 2013 when you visited Pune. It was a moment of sheer wonder, as if I had encountered a beloved soul from lifetimes past. Your radiance exuded wisdom and spirituality that left an indelible impression.

“The Journey Home” has been a guiding star in my spiritual journey. The chapter titled “Forest of Grace,” recounting your divine stay in Vrindavan, felt like a sacred pilgrimage with you. The entire book, indeed, is a “Shower of Pure Grace and Bliss.”

I humbly acknowledge my own insignificance compared to the wisdom and grace you embody. Yet, your teachings have been a guiding light, leading me towards a path of spiritual growth, self-discovery, and devotion.

Your character and humility serve as an endless source of inspiration. Although I have not had the privilege of speaking to you personally, your disciples, such as HG Revati Pati Pr, HG Lalit Madhav Pr, HG Dheer Prashant Pr, have guided me like a mother, guide, mentor, and friend. They truly reflect your magnanimity and embody your teachings of being a “servant of the servant of the servant.”

On this special day, I offer my heartfelt prayers for your continued good health, happiness, and that you continue to bless us with your wisdom, love, and unlimited mercy and grace. I humbly request for shelter at your lotus feet.

With the utmost respect and heartfelt wishes,

Your unqualified unworthy stubborn servant,

**Muktakesh Das (Pune BCEC )**

Dear Guru Maharaj
Please accept my humble obeisance at your lotus feet
On your vyas puja, devotees are mercifully giving chance to write something about you.
Simply remembering you is so purifying.
So I was thinking of your some the aspects, out of unlimited, which really touch my heart :
1. You tell us, not just to chant, read or hear but to take shelter of holy name, Srimad Bhagavatam, Srila Prabhupad, devotees. That I feel is the essence of your lectures.
2. While hearing your Kirtans, I actually feel how intensely you take shelter of the holy names. Surely your chanting must be on stage above bhava.
3. I’m really struggling with not getting distracted by social media. I need your causeless mercy to overcome this. My efforts seems hopeless
4. I know how offences are dangerous but still I’m so accustomed to be arrogant, to

hurt others feelings. I really need your causeless mercy to overcome.
5. Your greatest gift for me is your lectures which I'm hearing through sound box which some of your dear disciples have compiled very nicely.
6. As I heard from you, we should not hear lectures just to gather information but to realign our priorities.
7. For hearing for short period of time I hear your selected clips which really nourish me and they give so much clarity in my thoughts.
8. At the same time I beg from you Maharaj to give me seriousness about being absorbed in hearing you. Because of indulgence in sense gratification I have lost my focus, absorption in hearing, I beg from you to be causelessly merciful to me to make me pure.
9. Of many of your teachings I like following
10. " human form of life is not to prove but to improve
11. " in all circumstances first of all accept that I'm wrong and how can we deal in this situation to go more closer to Krishna
12. Never offend anyone, never mistreat, hurt anyone.
13. Vaishnavism is not just about right and wrong but presenting, behaving, speaking in Vaishnav manner.
14. Please give me strength to wake up early in the morning and chant attentively with proper mood as this is your prime instruction to make this as top priority of my life to sincerely take shelter of the holy name.
16. I wish to be instrument of your mercy by assisting in preaching mission
17 Dear Guru Maharaj That's why I'm begging for causeless mercy
18. Finally I pray for your good health though insignificant as I am.

Dearest Gurudev,

Please accept my humble obeisances unto your lotus feet. All glories to Srila Prabhupada.

The profound blessing of your divine presence in my life is beyond measure. Your personal example and interactions with others unveil a fortune that transcends understanding. Your enchanting presentation of the Lord's glories reveals hidden truths only a supremely pure and absorbed acarya can convey.

Being part of the small group at your father's memorial service was a highlight of my year. Your deep gratitude reflected the devotee's value and appreciation for services rendered, prompting introspection on my own gratitude towards devotees, parents, and well-wishers. It underscored the realization that devotion is a daily practice, woven into every interaction.

Thank you so much Gurudev for everything. It is amazing how you narrate the same stories about Lord but with such profoundness and depth each time. The subtle points and truths of devotional service are so vividly enunciated by yourself but unfortunately weakness of heart and lack of determination holds me back each time to commit more of myself to your service. Hoping and praying one day, I would be able to offer wholly and fully in your service to Srila Prabhupada.

Eternally your servant's servant,
Mukunda Dasa

Our Dearest Gurumaharaj...
On this most auspicious Vyaspuja day we offer our humble respectful obeisance's unto your divine lotus feet. Thank you very much Gurumaharaj for giving this merciful devotee community along with many great senior Vaishnavas. We are always feel fortunate to have support and guidance through their lectures and other services. Thank you very much dear Gurumaharaj for giving us the beautiful shelter of Sri Sri Radha Vrindavanchandra. The divine darshan of Lordships are really the feast for our eyes. This year we had celebrated 10th

Anniversary of our ISKCON NVCC Temple. We are really very fortunate to be able to witnessed this wonderful magnanimous celebration. We are truly getting blessed by hearing your wonderful lectures and reading the books. Your teaching of "trinad api sunicena taror api sahishnuna" is really very valuable while living in this material world for progressive Krishna conscious life. Your this years visits to ISKCON NVCC Temple was amazing sharvanam festival for us.

Dear Gurumaharaj, This year we received possession of our new home and in the may month we moved along with our dear Lordships Sri Gopalji to our new house at Alcon Mellows Apartment. This year in auspicious Karthik month we are blessed with baby boy. Your vision of devotee care we very nicely experienced practically during the pregnancy period, All the wonderful Vaishnavas from our RVC community help a lot in various wonderful ways. This year we visited Sridham Mayapur, we really felt proud and sheltered while taking darshan and doing Japa near Samadhi sthal of our beloved Maharajas. In this year we lagged in our daily sadhana still by the association of devotees we are trying to focus on hearing and reading all your books along with chanting the holyname sincerely. Also this year as well we all actively participated in book distribution marathon and fund raising, by your mercy every year the response is getting increased which is increasing faith and enthusiasm in these divine services. Dear Gurumaharaj on this auspicious occasion of your 73rd Vyas Puja Day, we would like to tell that we are trying our best to increase our sincerity and seriousness in Krishna Consciousness but still we want to beg from you the strength which can enhance our taste in a chanting of holy name so that we should chant the Hare Krishna Mahamantra attentively and without any offences. Dear Gurumaharaj you are loving, merciful, magnanimous, forgiving, accommodative and our ever well-wisher. This is the sincere and humble request at your lotus feet to accept the request of this unworthy and useless servants, Dear Gurumaharaj please please keep us in your prayers so by your mercy we can serve HDG Shrila Prabhupad more and more nicely.

You gave us so many opportunities to get devotees association, hearing Krishna Katha, taking Divine Darshan of wonderful devotees, and so many senior Disciples of HDG Srla Prabhupad, participating in various sevas, at congregation and Sri Sri Radhagopinath Mandir. Dear Gurudev this list goes endless. Gurudev. Please accept my respectful obeisance unto your lotus feet. All glories to srila Prabhupada.
One of your qualities that really inspires me is your simplicity in your dealings with others. Like an innocent child, you carefully listen to other's suggestion, ponders over them and then simlingly accept them if it appeals to you. Your innocent smile captures the heart of all those who stand in

long queues waiting to have a glimpse of your presence. How many people's heart have to touched!! Unimaginable. It is because of Krishna's presence in your heart that attracts so many conditioned souls in this world.
Though simple, you are equally grave and deep when you sit on the vyas asana and speak. So many instructions flow out from your divine mouth that you expect us to follow. Each instruction has deep inner meaning. They are like sutras. I only pray to have the intelligence to follow those instructions in my life and also become an instrument in your service to srila Prabhupada .
Thank you for giving lot of mercy to my family

My sincere pranaam at lotus feet of maharaj, my spiritual journey started by listening to Radhanath swami maharajs discourses (tapes), his words are very powerful always filled with love and sincere devotion towards lord. Maharaj always focus on humility and compassion, maharaj is true epitome of both in his entire life, i always aspire that transendental aspect. the way maharaj presents the highest devotional subject matter in a simple way so that anyone can feel it, is amazing and wonderful. I am truly indepted to maharaj and sincere devotees for everything i have recieved. All glories to guru and Gauranga. Jai prabhupad.

Dear Maharaj
Please accept our prostrated obeisances at the dust of your divine lotus feet. We are indeed fortunate ( though undeserving) we have been given a chance to offer respectful obeisances unto your divine lotus feet through this humble Vyasa Puja offering.
Your smile can shy away millions of sun put together which drive away the ignorance of all the conditioned souls.
We are highly indebted to your nectarial lectures of Krishna Katha from which one can draw the most meaningful derivative. Life will not be the same without your causeless grace/mercy.
With your unparalleled and untiring preaching all over the world despite your delicate health, with compassion uplifted innumerable fallen conditioned souls and has led to transformation of many lives throughout the world.
Despite of our being in the midst of unfortunate circumstances under the clutches of maya, you have bestowed you'd causeless mercy to keep us connected with the wonderful devotees of Chowpatty Mandir congregation
Srila Prabhupada in one of his quotes says "This Chanting is a spiritual call for the Lord and his energy to give protection for the conditioned soul and ones
chanting should be like a genuine cry of a child for his mothers presence".
You have been more than emphasizing the above message of Srila Prabhupada through your regular nectarian lectures all over the world. Thank you Maharaj.
Your compassion for all the living entities is well known-eg Your kind personal care for the little puppy dog in the road which got hig by a speeding vehicle in Mangalore few years ago.
We are too small and ignorant living beings trying to extol your infinite divine qualities (like the proverbial frog in the well speak about the water in the ocean)
In conclusion we would like to pray to Sri Sri Radh Gopinath, Sri Sri Gopal Ji and Gauranga Mahaprabhu and Nityanand Mahajan, to bestow upon your good self their blessings for a long healthy life so that billions of badha jivas in the planet can be resurrected through your intense preaching.
We remain ever grateful for everything you have given us.
Yours in the service of servants of servants of servants,

Dear Guru Maharaj,
Please accept my humble obeisance
All glories to Srila Prabhupada
All glories at your lotus feet

Recently I have been reflecting on the standard that you have set for us all to aspire for. For any difficulty I may face in this world, I can always look to you and see practical examples of how to deal with such situations.

Hearing your trials and tribulations in the early days of New Vrindhavan is heart wrenching.

If ever I feel spiritual life is hard to practice due to conflicts with devotees in the community, I can look at your example of how practically the whole of New Vrindhavan was apposing and condemning your desire to wait to take initiation from Srila Prabhupada. You were able to pass this test with ease.

Sometimes I feel its too difficult to control the senses whilst being in the centre of a physical and emotional tornado. When I contemplate the near death experiences you had on your travels hitch-hiking through continents from London to India, there is a perfect example of laser determination to achieve the goal at hand.

If I ever feel misunderstood and blamed for circumstance beyond my control, I can gain solace and guidance from how you continued to serve according to Srila Prabhupada's instructions in an environment where everyone misunderstood you and blamed you for being a rebel and deviant.

If ever I'm expected to do more than is justifiable and reasonable, I can only look to you and see how you worked so hard in New Vrindhavan beyond what was humanly possible. You practically gave up sleep and served for most of the day and night.

If my service and project that I worked on with sweat and blood was to be unduly taken away from me, I can look to your for comfort knowing how your college preaching services in North America, which you had built up to such a grand scale, had been taken away and you were sent to a new land starting a preaching project from nothing and no support.

Dear Guru Maharaj, what you have been through is unimaginable and how you passed through these tests are practically impossible for a weak disciple as myself to follow in your example.

You are an inspiration that I can look up to and follow in your lotus footsteps as far is possible in this conditioned state.

Thank you for being a perfect spiritual master who has shown by example.

Guru Maharaj this whole year has been a more challenging one for me after getting the first initiation from you.
It brings lots of emotions with the sense of complete surrender and responsibility unto you.

I pray to the dust of your lotus feet that may I fully accept your blessings and realize the importance of being a part of this sankirtan movement and may also contribute as per your desire.

Dear Maharaj,
Wishing you a fantastic day!! Your 73rd appearance year has a special significance to me as I was born in that year. As I reflect on this occasion, I realize how much I should be indebted to you and your disciples who have been exemplary in their devotional services. They are not swayed by any type of circumstances. Please bless me to have such unwavering devotional service attitude in this turbulent material ocean. Your talks are very powerful as even people who have never met you in person are attracted to become your disciples simply by giving aural reception to your recordings. I came across a few people this year who wanted to travel half the globe just to meet with you. Please bless me to develop such deep faith and attraction to you and the Parampara.

Thank you so much for the mercy you shower upon us!! Your servant, Nadiabihari Das

We get so much inspiration by your mood of seva. You are always in mood of humble servant of the servant of the servant of Krishna. You have set the highest standards of serving Krishna and devotees with pure unconditional selfless attitude without any expectations gross or subtle. You are the personification of “trinad api sunicena” principle of humility and it can be very easily perceived in every action you take and every word you speak. You are very loving, caring, gentle, soft and sensitive to everyone’s needs. Your simplicity and humility just attracts whoever comes in your contact and it can be seen how you are loved by thousands and thousands all over the globe including people from different faiths. Your kindness and service attitude makes one’s direct connection to Krishna. Your sharing of Krishna Consciousness as per time, place and circumstance is very inspiring. Your quality of being very practical and attentive to details and at the same time being completely absorbed in Krishna Consciousness is inconceivable. You are always in Vrindavan consciousness and Vrindavan is always in your heart. You are distributing Krishna’s mercy following in the footsteps of Srila Prabhupada. I am very grateful for your lectures, bhajans and kirtans that you have given since so many decades. Your every lecture is full of nectar, philosophy, pastimes and very deep realizations especially the ones given in various yatras. I also pray that I be empowered to follow your instructions and I will be able to please you, Srila Prabhupada, Guru parampara, Vaishnavas and Krishna. **Namamrita Das (Alachua FL USA)**

Dear Guru Maharaja,
Please accept my humble obeisances, all glories to Srila Prabhupada!
Every year as the date of your Vyasapuja celebration is announced in Alachua, I am so excited at the thought of being with my beloved God family and sharing with them and other devotees the love and appreciation we all have for you.
The joy that is found amongst each other every year during this time is such a testament to the love, devotion, wisdom and example that you offer to us and the world at large year after year.
Maharaja I pray that I can properly express on this day at least a fraction of my gratitude for having you in my life. It boggles my mind that someone as undeserving as myself could receive love, guidance, and attention to the extent that you have granted me over the years.
It was under the loving gaze of Lord Jagannath during New York Rathayatra as a young college student that I first met you and received an unexpected embrace. I can see now how spiritually surcharged that hug really was, and 25 years later I write this offering after seeing you during my first Yatra and holy visit to Jagannath Puri, attended by ten thousand wonderful devotees. It seems like things have come full circle in some ways and so much has happened in between.
You have been there for my family and I all along, through the life changing arrival of our wonderful daughter Radhika, the loss of close family members, a bit of a mid life crisis, and recently setting me on a path to recovery from some of the most binding addictions I have to this material world. You have taught me to see all challenges as Krishna's servants, and by your constant guidance I find the the strength and faith to

persevere in devotional service.
Your recent visit to Alachua has taught me that recommitting to our spiritual practices is an integral part of the path to making spiritual advancement, and at the initiation ceremony you gave, I decided to sit along the sidelines and meditate on my own vows which had in deed been eroded by the stresses and anxieties of my life.
For years I realized I was chanting with some resentments, in this way committing offense I'm sure to the Holy Names of the Lord. My meditation was on numbers rather than our beloved Lord Sri Krishna. How many rounds I still needed to chant, what time was showing on the clock, and what else I needed to do that day that was more important than the tedious effort of connecting with the Holy Name.
When I told you about this recommitment it seems your heart skipped a beat, and you responded with such gratitude that a shift was created in my heart. Never again since have I felt resentment toward the Holy gift that Srila Prabhupada gave us and the process of chanting 16 rounds. Whether they are perfect or not, I see every round as a good round! and find great pleasure in looking back on another day of successfully completing my commitment.
This last week, I got to sit for Japa after Mangalarati with you and so many others the morning after the first day of the Yatra. We had just visited the Sidha Bakul tree where Haridas Thakur chanted, the Gambira where Lord Chaitanya had many ecstacies, and had our first darshan of Lord Jagannath's Temple. Much gratitude, prayer and understanding came to me as I thought of you, my family, and the many many special devotees in my life. As I chanted in this way, I realized the significance of the special name you gave me as well and I prayed that I could find the right frame of mind to chant like this again and again. So many realizations come from a moment's association with you dear Guru Maharaja!
On this celebration of your appearance day, I pray to be of service to help bring what you and Srila Prabhupada have to offer to others. I pray to keep your love and guidance in my heart at all times as I balance my various responsibilities and try to make some advancement in Krishna Consciousness, and I pray that you stay in good health for as long as Krishna desires so that we may benefit from your precious association and keep learning how yo become better devotees in this life.
Sincerely,
Yours servant, Namamrita Das

Respected Gurudeva.
Please accept my humble obeisances.
Heartiest wishes on this most auspicious and Krishna Conscious birthday.
sadhu sanga sadhu sanga sarva shastre koya, lava matra sadhu sanga sarva siddhi hoya.
Today, I am again and again remembering the celebration of Balram Jayanti in London Soho Temple when I had your darshan for the first time. Call it the piety of the previous birth or the blessings of the devotees....
We went there on the request and loving insistence of Sriman Harikirtan Prabhu and Mataji. At that time, we were completely new to Krishna Consciousness. There was no idea that the result of your darshan and blessings would prove to bring such a big change in our livess. It is your great kindness that you accepted us as your disciple, otherwise our life would have simply been a waste. Your always kept showering your blessings upon us but it is a pity that we spent so many years in following the rules of vaidhi bhakti. After a long time, this year in the month of Kartik, we took a pledge to daily attend Mangal Aarti and we also fulfilled it.
In your sermons, there is repeated emphasis on the fact that once you establish a relationship with Krishna, everything else will happen automatically. This is true in many respects. How many bad habits went away and how many good habits automatically became a part of life. There are still many anarthas upon which we are working.
It is because of your simplicity and penanc-

es that inspite of not being in front of us , you are purifying us with your grace. Gurudeva, may your blessings remain upon us and taking your words as our basis, may we achieve the goal of love for Krishna.
Thank you very much for giving us a place amongst your thousands of leading disciples.

Dear Guru Maharaj,
Please accept my humble obeisances. All glories to Srila Prabhupada!
I and my husband (Saci Dulal Prabhu, from Los Angeles) recently had the amazing fortune of visiting Swarupganj, in the island of Godrumadvipa which has a beautiful temple of Lord Jagannath. But the incredible element there was receiving the association of HG Sankarsana Prabhu, husband of late HG Sacimata devi dasi. The first thing we saw was a couple of old photographs of yours with a group of devotees, including HG Sankarsana Prabhu. He spoke very fondly of you indicating that you visit that specific temple every time you come to Mayapur. The realization that dawned upon me that time was that it is not the grandeur of a temple that attracts you but rather the enriching association that is available there. This is a simple and very sweet temple and the environment around it is peaceful. But the resident living there (HG Sankarsana Prabhu) is a most valuable devotee who served Srila Prabhupada so wonderfully. I see your profound practice of going to the dham to not just visit the Lord but more so to associate with the devotees. HG Sankarsana Prabhu personally took us to his room and spoke about Srila Prabhupada, showed us the several letters written by His Divine Grace to him (lovingly and carefully preserved in a folder) and presented us with a copy of his book detailing Srila Prabhupada's pastimes. We feel so very blessed to have received so much mercy from such a senior and exalted devotee but we know that all this happened because we are your disciples. Otherwise, what is our position? We are simply grains of sand in the vast ocean of dust, rocks and pebbles. But because you took us under your shelter, we are being treated as flowers and not as sand anymore. On one hand it is awkward to know that while all the hard endeavors were made by you for the past 50 years, we as your disciples are being rewarded for it, without even making any efforts. But on the other hand, we also see your supreme mercy flowing and washing us with compassion and intelligence to seek and respect the Vaisnavas. Maharaj, thank you SO much for everything you have done for Srila Prabhupada which makes us disciples inspire to do much, much more for your pleasure. We pray to all the Vrajavasis and Gauradesh vasis to bless us so that we are qualified to serve you and really represent what a true disciple is, as you have done so well toward Srila Prabhupada. Please forgive us for our offences and mistakes and kindly instruct us through your vapu and vani for our own purification for many, many years.
With gratitude,
Nandini Radha devi dasi

First of all, with immense gratitude in my heart, thank you for accepting me, a sinful, fallen soul and making me your spiritual daughter.
Thank you for your unconditional love, guidance, support and mercy that is flowing in my spiritual life in the form of temple authorities, devotees, service opportunities, thoughtful lectures, kirtans, classes..the list goes on. There is no end to your limitless mercy.
Your God brothers glorify you as their dear friend and guide. HH Bhakti Charu Swami Maharaj glorified you so wonderfully that You are undoubtedly one of the most outstanding devotees In ISKCON.
In his words- Your achievements are remarkable, your behavior is exemplary, and your dedication to Srila Prabhupada is extremely earnest.
Dear Guru Maharaj, you have pure devotion to Lord Krishna in your heart. You are simple by nature, humble in heart, and for me you are the personification of the 3rd verse of Sri Siksastakam. You are a living example of the teachings of Lord Chaitanya Mahaprabhu.
Kindly pardon my offenses dear Guru Maharaj. I am a sinful rebellious, fallen soul. My only hope is your causeless mercy.
Kindly bless me and give me strength to be able to sincerely follow your instructions and simply aspire to be an instrument in your hands.

Once a devotee asked in a Yatra, how do you manage all that, referring to your thousands of yatra participants and 80+ departments? You said, “90% prayers and 10% management!”, such a simple yet powerful answer! For a complicated practitioner like me, I pray for your blessings that this simple yet powerful teaching becomes part of my sadhana and life!

Dear Guru Maharaj,
Please accept my humble obeisances at your divine lotus feet!!
On this auspicious appearance day of yours I would like to take the opportunity to glorify you and highlight how yearly Kartik Yatra is so important in order to develop that eagerness to have association with Vaishnavas and serve.

In your recent Kartik Yatra you mentioned about association saying that We come for

yatra, to inspire deeper and deeper relationships with the devotees from all over the world, and hopefully to establish life-long relationships, to feel grateful for all the blessings of Vaishnavas. So many challenges, heartbreaks, distractions are part of life. But in association, we are infused with great enthusiasm in bhakti. Puri shouldn't leave our hearts. One of the most wonderful blessings of our pilgrimage is the experience of our memories here. To come to holy places in the association of devotees is one of the most potent forms of bhakti.

When Lord Chaitanya Mahaprabhu instructing Sanatan Goswami about science of devotional service he spoke as follows:-
Kṛṣṇa-bhakti-janma-mūla haya 'sādhu saṅga' | krsna-prema janme, teṅho punaḥ mukhya aṅga (CC Madhya 22.83)
[The root cause of devotional service to Lord Kṛṣṇa is association with advanced devotees. Even when one's dormant love for Kṛṣṇa awakens, association with devotees is still most essential.]

You were mentioning Lord Caitanya taught different things to us through different devotees. Through Paramananda Puri he taught absorption in the deity form of the Lord. Through Gadadhar pandit he taught how to absorb oneself in the teachings of Srimad Bhagavatam. What I understood is that when we come into the association of devotees we can take inspiration from devotees around us.
In fact Mahaprabhu himself taught by his example as devotee :

ei-mata bhakta-bhāva kari' aṅgīkāra | āpani ācari' bhakti karila pracāra (CC Adi 4.41)
[In this way, assuming the sentiment of a devotee, He preached devotional service while practicing Himself.]

Maharaj it was very nice to hear when you spoke about service you said that, the life of devotional service is our eagerness to serve. Without such enthusiasm, our spiritual life is dead. When you don't feel enthusiastic, act enthusiastic. That is austerity. If we feel enthusiasm, that's a gift for Krishna. In your Kartik yatra we have so many opportunities to serve the vaishnavas all over the world like serving Prasadam, assisting in kitchen, Vessels washing, participate in Harinam saṅkīrtana, hearing Krishna Katha etc.

In the conversation between Vidura and Maitreya, Vidura spoke as follows :
durāpā hy alpa-tapasaḥ | sevā vaikuṇṭha-vartmasu yatropagīyate nityaṁ deva-devo janārdanaḥ (SB 3.7.20)

[Persons whose austerity is meager can hardly obtain the service of the pure devotees who are progressing on the path back to the kingdom of Godhead, the Vaikuṇṭhas. Pure devotees engage one hundred percent in glorifying the Supreme Lord, who is the Lord of the demigods and the controller of all living entities.]

It was Amazing to see thousands of Vaishnavas each year in a pandal each and every devotee reminding us of Krishna. That dancing with devotees and your wonderful Kirtan at the end of the lecture those memories are just unforgettable. You just transport us to the spiritual world through your Katha and Kirtan.
When devotees from Bengal came to meet Lord chaitanya Mahaprabhu and King Prataprudra Maharaj was on the roof of palace & inquiring about each of them from Gopinath Acarya, there he said :

aiche prema,aiche nṛtya, aiche hari-dhvani | kāhāṅ nāhi dekhi, aiche kāhāṅ nāhi śuni (CC Madhya 11.96)

[I have never before seen such ecstatic love, nor heard the vibration of the holy name of the Lord chanted in such a way, nor seen such dancing during saṅkīrtana.]

What a wonderful facility you have created to boost our devotional service through Katik Yatra. During the day we go and visit holy places doing sankirtan and hear from Vaishnavas about those places. In the evening we have the opportunity to hear from your lotus mouth about nectarine pastimes of lord for all days of Kartik yatra.
It's amazing to see that Śrī Caitanya

Mahāprabhu when resided at Jagannātha Purī with His personal devotees and enjoyed the congregational chanting of the Hare Kṛṣṇa mahā-mantra.

dine nṛtya-kīrtana, īśvara-daraśana | rātrye rāya-svarūpa-sane rasa-āsvādana (CC antya 11.12 )

[In the daytime Śrī Caitanya Mahāprabhu engaged in dancing and chanting and in seeing the temple of Lord Jagannātha. At night, in the company of His most confidential devotees, such as Rāmānanda Rāya and Svarūpa Dāmodara Gosvāmī, He tasted the nectar of the transcendental mellows of Lord Śrī Kṛṣṇa's pastimes.]

Your grace is always available in the form of your lectures, your disciples and the counsellor system. Whatever I am able to practice today, a little bit of devotional service is just because of your causeless mercy. On this auspicious day of your appearance I pray at your divine lotus feet to give me a drop of taste for studying and preaching the message of Srimad Bhagvatam, let me follow the instructions of my superiors, begging for your causeless mercy, let me serve in the mood of servant of servant of servant always.

Thank you very much!

your insignificant servant,
narayan

Hare Krishna Maharaj, Please accept my humble obeisance's.

I feel fortunate for having got a opportunity to write this offering on your 73th appearance day.
I don't know from where should I begin to thank you. You are the reason for everything auspicious in my life. I am very Greatful for that.
I feel my self most fortunate Person that i got the your blessing/Mercy through your disciples and my complete life changed.
Your Initial days struggles which you took at the New Vrindavan is very inspiring and your every lecture touches the heart.
I am a dumb fool. You made my life. Everything that others see in me today, is but a mercy that you have given,
though I am not worthy of it. I could understand now what could be my life without the association of devotees (terrible). I am able to do something
today is only because of your hardship and mercy. I am writing this offering also, only because of your mercy. I pray to Sri Sri Radha Kunj Buhari to bestow
his choicest mercy upon you so you will stay many years with us.
and I am eternally greatful to you.

Dear Gurudev, Please accept my humble obeisances unto your Lotus feet. Gurudev In your lectures you teach us about simplicity, gratitude and compassion.Gurudev you exemplify these qualities. I would like to talk about two very recent incidents which demonstrated these qualities. Few days back I saw you at your regular chanting spot in Radha Gopinath temple hall, you realised that the fan in that area was shut so you were on your way to switch it on. But Gopinath Chandra Prabhu saw this and

immediately understood and he got up and switched on the fan. You thanked him with folded hands. You could have asked him to switch it on for you but you didn't. This incident showcases your simplicity and gratitude.
The other incident is the Kartik Yatra 2023, you took us all to Jagannath Puri Yatra despite the temple being inaccessible to you due to the temple rules. This incident showcases your compassion for us. With your mercy my family could attend this Yatra. We are very much grateful to you Gurudev.

Your servants,
Nareshwardas and family

**Narsimha avatar das (Pune, NVCC)**

Dear Gurudev,
Please accept my humble obeisances at your lotus feet. All glories to Srila Prabhupada.

In many places in Bhagavad Gita, Lord Sri Krishna instructs on humility.

In your lectures, you speak so elaborately about humility, quoting various pastimes and personalities. In this context of humility, you say - humility is not a part of devotional service, it is the heart of devotional service.
In your lectures you emphasis on Lord Caitanya Mahaprabhu's teachings - trinad api sunichena...

Although I read and hear so much about humility but its application or practice is always a challenge and being humble is easier said than done. One needs a role model, a living contemporary example to follow. When I see and observe you, your dealings with others, be it your godbrothers, godsisters, devotees, non-devotees, anyone for that matter, humility is the common thread. You have set up the high standards and an example for all of us to follow. To set up a good example is a great service in itself.

In this regard, I would like to recall your recent visit to Pune, towards end of Oct 2023. Thanks to social media, now a days, one gets a glimpse into the life of others, especially great devotees. So, when I saw the video clip of your meeting with HH Gopal Krishna Gosvami Maharaj, where you paid obeisances to HH Gopal Krishna Gosvami Maharaj, I was overwhelmed. I felt this was "trinad api sunichena" in action, the teachings were seen in action and it was very instructive. It was very devotional & very inspiring.
It is said a picture is worth a thousand words, then this video was certainly worth millions of words.

Similarly, there came another social media post from Vrindavan by end of Nov 2023 about your meeting with HH Radha Govinda Swami Maharaj.

Lord Caitanya Mahaprabhu came to teach bhakti by His own example. We not only get to hear Caitanya lila from you but your dealings with others also remind me of the dealings between the devotees, in Caitanya lila.

Once you said - We cannot understand God through intellectualism, philosophy or scholarship. It is only through humility and service that we can understand God. There is no other way.

On this most auspicious occasion of your 73rd Vyasa Puja celebrations, I beg at your lotus feet, a drop of your mercy to follow in your footsteps, to try and follow your example so that I can perform my devotional activities in the humble mood of service.

Thank you.
Hare Krishna.

All glories to Srila Prabhupada! All glories to Guru Parampara and Gauranga!

Dear Guru Maharaj

Thankyou very much for everything you have given me. Because of you Gurudev and your preaching I got access to devotee association, Prasad, Holyname, deities, Srila Prabhupada and entire Guru Parampara. Just by trying my best to chant, worship deities, preaching under the guidance of your representatives following 4 regs myself though most unqualified will surely get the topmost thing "krisna Prema". I am not sure how I can express my gratitude to you Gurudev for such a blessing and actually Srila Prabhupada tells we can't repay for what a Guru like you have given us. You always emphasise on becoming more humble,more tolerant, offering respects to others without expecting respect and by trying to become servant of servant. So though I can't repay for what you have given me but following your instructions as best as I can you will be pleased

Gurudev till this yatra I was undergoing pdc course in Pune but was having difficulty time to time. Now under the guidance of your representative HG Sanatana Dharma P I am moving to other ashram. Gurudev I always had and have desire to do good sadana, preaching, book distribution to assist Srila Prabhupada and you in expanding

ISKCON. Now I don't know what type of job I'll get, whether I'll get supportive partner, childrence,difficulties etc But Gurudev as per my capacity I'll try my best to do these for your, Srila Prabhupada, Gauranga and Krishna pleasure

Please bless me Gurudev that gradually I'll increase my time for krisna never forget devotees and lord and at time of my death think of Krishna and go back to godhead

Dear Guru Maharaj,
Please accept our humble obeisance at your divine lotus feet!
All Glories to Sri Guru Gauranga and Prabhupada
Gurudeva,
We were recently hearing one of your lectures which you give some time ago wherein you spoke on Essence of Friendship - you mentioned that "it is the highest blessing of Supreme lord to have in our lives – 'friendship in the association of devotees' and we should not take it lightly or for granted"
This is such a valuable point you have made, because it is through the mercy of devotees, that we can perform our devotional services In SB 10.2.30 Demigods offer their prayers to the Lord in womb of Mother Devaki
tvat-pāda-potena mahat-kṛtena
kurvanti govatsa-padaṁ bhavābdhim
One follows in the footsteps of mahājanas [great saints, sages and devotees]. By this simple process, one can cross the ocean of nescience as easily as one step over the hoofprint of a calf.
This is such a wonderful verse and equally beautiful translation given by Srila Prabhupada which explains that lotus feet of devotees are our only shelter
Maharaj, through wonderful institutions initiated by you like Gopal Gardens school, Govardhan Eco Village, Annamrita, Bhakti Vedanta Hospital all these give the Radha Gopinath Bhakta Samaj an opportunity to interact with so many devotees work together, serve together, honor prasad together.
As rightly mentioned by you in that same lecture "to make lasting friendships we need to rise above our narrow mindedness and differences. We will help each other we will protect each other from maya because the common point in each of us despite our differences is that we are Lord Chaitanya 's devotees because when we raise our hands and cry out the Holy Names -
Hare Krishna Hare Krishna Krishna Krishna Hare Hare
Hare Rama Hare Rama Rama Rama Hare Hare
We will find out there are really no differences its one common language of the heart crying out for its Master.
Also, Maharaj we understand from your instructions that this beautiful Radha Gopinath Bhakta Samaj which you have given us is not just a geographical place or location – 'It is the mood' – your mood of service attitude primarily towards your spiritual master and our founder Acharya Srila Prabhupada and towards every devotee in ISKCON which you have so nicely trained our entire congregation to live by this mood and thus nourish each other in a mood friendship and humble attitude of gratitude for whatever we have received
Gurudeva, we know we are incapable to serve and do not have any qualities to develop deep and lasting relationships with devotees but somehow, we beg you that you

engage us in service of your devotees and thus enable us to serve in mood of the servant of servant in the mission of Srila Prabhupada
your insignificant servants,

There's no words I could express how i feel after i got your shelter, I don't have any qualification still you bestowed mercy on me. Since then I am experiencing blissful life and feeling enthusiastic in serving devotees with dasanudas attitude. May your light continue to shine brightly, touching and transforming the lives of many souls, just as it has touched mine. ISKCON Founder Acharya His Divine Grace AC Bhaktivedanta Swami Prabhupad had said that I want such a place where everyone can leave peacefully.
HH Radhanath Swami Maharaj fulfilled desire of Srila Prabhupad. 10000 devotees from different corners of the world assembled in Kartik Yatta are the evidence for this. This many devotees who came in yatra they all served lovingly and affectiinately. Everyone has the deep feeling that I have to do this service. What was the reason behind this serving mood, the reason was desire of a supremely pure devotee choose mercy made this possible.
Maharaj Ji not only fulfilled desire of Srila Prabhupad but also by his own example and conduct taught us on how we too can fulfill desire of our Spiritual Master.
In the same way we had darshan of HG Gaurang Prabhu who tirelessly served day and night and ensured there should not be anything lacking in service.We had darshan of Great Guru and great disciple.

Dear Gurudev,

Pls accept my prostated obeisances at your lotus feet

Brahmanda brahmite kon bhagyavan Jiva , Guru Krsna prasade paye bhaktilata bheej. There is no doubt to the great fortune of mine that I came across you through ISKCON devotees. Your book the journey home had made huge impact on me.

Moreover, your short video clips churned my heart and conciousness.
You are personification of humility.. although, you hav reached to the summit of success yet you always consider yourself undeserving. Also, the care aspect that you always focus on in community building is very much seen in your own personality.

Your quest for the absolute truth and your determination to get the answers for what you were searching is very much inspiring. Moreover, you even threw your harmonica, to get detached from it and avoid distraction.

The GEV project is none different than Vrindawan and is my place of worship and shelter. Especially Madan Mohan temple and Vrindawan forest.

Also, the Bhaktivinode Aasan and SP's birthplace that you procured and restored and true master piece and a great boon to our ISKCON community. Both these places very sacred and are such a source of inspiration.

This year we were blessed multiple times by your kind association at pune. I got the rare opportunity to wash your clothes by mercy of your devotees... Also, i could successfully participate in kartik yatra at Puri dham.

Nonetheless, I m so much fallen that I m not able to take complete benefit of all these sacred things that I m blessed with...

I have practically stopped reading SP books and Hearing classes. Also, I m attacked by maya and m completely lost. Moreover, due to some health issues i neglect morning programs.. also my chanting has gone pathetic.. I had great desire to join brahmachari ashram but now I have lost my dedication and may enter Grhasta ashram

Today I seek your blessings that I could reform and go back to my earlier strict kc practices.. also, I try my best to serve SP mission as per my capacity

My sincere prayers to SS Radha Vrindawan Chandra to award you long life and good health so that you continue to serve SP mission and bring more and more souls at His lotus feet.

Your experiences, from the suburbs of Chicago to the sacred caves of the Himalayas, embody a courageous quest for spiritual awakening that inspires a deep yearning within me to seek my own truth. On your 73rd Vyas Puja offering I would like to confess that Maharaj all these years I knew you are my Guru but never felt very much connected, but Maharaj from couple of years you have reciprocated so much .

Guru Maharaj one quality i would like to speak of yours ,you say Trinad Api sunecha.... Maharaj you so live by it and you are an living example.

Maharaj by mercy of Vaishnavas HG Jahnava mataji, HG Anand vrindavan Prabhuji,HG Krishnanand prabhuji slowly understanding the importance of holy name and trying to put a little efforts from my side in chanting,but nothing is possible without Gurus mercy.
Maharaj as HG Anand vrindavan prabhuji says that do your japa in Brahma muruth and at the same time don't compromise on your household responsibility.
Maharaj trying my little endeavour in that direction Maharaj.
Seek your blessings Maharaj for my husband Nagesh and madhavi my daughter.

[Guru Gita - Skanda Purana Dialogue between Shiva and Uma (Shakti)]

My Dear Guru Maharaj,
Please accept my humble obeisance at your lotus feet. All Glories to Srila Prabhupada. All glories to you on this auspicious day of your vyasapuja.
This is my first time writing an offering to you and I apologize if I commit any offence in the process. I doubt I will be able to glorify you and your teaching in this birth. And I wonder if I am even in any position to pray at your lotus feet for your mercy and divine grace.
I got associated with Sri Sri Radha Gopinath Temple in the month of May 2022. Sometimes, when I am doing my morning prays at home before the image of Srimati Radharani and Gopinath, I wonder whether I even deserve the association or the mercy of the Lord for giving me the opportunity to get the taste of the true devotion.
My first sincere sharavanam of Maharaj lecture was recently during the Radhastamai, 2023. With the mercy of senior devotees and Radha Gopinath, I was given the service in the deity kitchen and Maharaj during his lecture emphasized about the importance of service, which really filled my heart with

joy. In each lecture of Maharaj, he has been emphasizing the importance of service and the bhaav while doing the service.
Just like how we clean the dirt from our body by bathing every day. Similarly, we need to clean our hearts with the devotion for the Lord. This is what I learnt from Maharaj.
My understanding of bhakti and the devotional path is that of a neophyte, but after watching one of Maharaj lecture on YouTube 'The Pursuit of Gratitude' where after the lecture someone asked Maharaj "What id important Journey or Destiny?", to which Maharaj answered, "Journey is important, due to the choices we make which decides our destiny."
Krishna has shown us the trailer of true devotion and the taste of spiritual happiness. It is now upto us whether we wish to choose to continue and turn the trailer in a lifelong movie. For me, Maharaj is the one who is helping kick-start the movie, to find and increase not only my but thousands of other devotee's devotion. And I pray to Sri Sri Radha Gopinath to bless my Guru Maharaj with good health and long long life and finally I wish I could serve Maharaj even in the tiniest of tiny ways, so that an impure jiva like me could please the divine couple, Srimati Radharani and Gopinatha. Please keep us under the shelter of your lotus feet and keep showering your mercy upon us.
Your humble servant,
Bhaktin Neha V. Rane

Dear Guru Maharaj
Please accept my most humble obeisances unto your lotus feet.
All glories to Srila Prabhupad

Wishing you a very happy 73rd Vyas Puja.
It was the year 2013 when I first visited Sri Sri Radhagopinath temple. And in the first visit itself I was blessed with your darshan too. While passing through the corridor I heard the hush hush voices of excited devotees saying that Maharaj has arrived. I was standing in front of Sri Sri Radhagopinath ji with you just a few feet away. That was the most fortunate day but I was totally unaware of my fortune. I hardly knew anything about you. Then I got your book 'The Journey Home' as a gift. And after reading the book I realised what Sri Sri Radhagopinath ji had blessed me with.
Then I attended my first Kartik yatra in Vrindavan. I slowly started listening to your lectures. And then started relishing them. Each word, each sentence in your lecture has such deep meaning. You deliver such difficult philosophy in such a simple and easy to understand way that a less intelligent woman like me can also understand it. Your lectures are full of spiritual quotes which help and guide me through my spiritual journey.
Dear Gurumaharaj, whenever I hear your divine kirtan it touches my soul and nourishes me immensely.
Your unflinching faith in the words of His Divine Grace A. C. Bhakti Vedant Swami Prabhupad has manifested in the form GEV which is now inspiring millions about farm community, Vrindavan forest, caring about Krishna's beloved cows and much more.
On the auspicious occasion of your 73rd Vyas puja, I pray to our dear Lordships Sri Sri Radhagopinath ji to bless you with good health so that we keep getting your valuable association.
I also beg forgiveness for all the apradhs I

have committed unto your lotus feet knowingly or unknowingly

Maharaj, thank you so much for the love you have bestowed upon me all these years. It is by your mercy only I have received so many devotees in my life. I am truly indebted to you for all that love received.

Maharaj your lectures, Vaani are so empowering that my whole Krishna consciousness is based on it. Your journey home book always inspires me to be determined on this path.

Maharaj my Bhakti is not that strong it is like a small creeper, vulnerable to so many distractions and deviations in forms of material allurements. Your blessings ,the association of devotees and Seva can only protect me from these material fascination. I pray at your lotus feet that I become sincere in my devotional service and follow the path shown by yourself and senior Vaishnavas throughout my life in a humble mood of servant of servant

Hare Krishna Guru Maharaj
Please accept my humble obeisances

I express my deep deep gratitude at the Lotus feet of their Lordships Shri Shri Radha Gopinath ji for bestowing their kind mercy upon me by giving me the most holy association of you; through Vani and Vapu both.

My words of gratitude couldn't be enough to express my thankfulness for your pure nectarine Kathas which are the source of my existence in spiritual life. Your words and actions as exactly similar which are bona-

fide representation of our guru parampara as highlighted by many of your senior disciples. You are having so many health issues but above all you always think of others welfare, comfort and happiness.
You have carved the instructions of Shrila Prabhupada on your heart as a goal of your life and painstakingly preaching the message of LCM in Western world.
Your wonderful,well thought and compassionate initiatives/projects like Bhakti vedanta Hospital and Research institute, GEV, Barsana Eye camp, counsellor system,Gopal Garden school and many more which are aiming to bring each soul in connection near to Krishna in a very healthy way.
When you give class especially on CC , I personally fill like you were present in that Lila and dictating us the nectarine pastimes of Lord Shri Chaitanya Mahaprabhu which absorb us completely in that by taking out some wonderful lessons give us the higher realisation in Bhakti.

Thank you so much Guru Maharaj for your mercy on me through all of your compassionate blessings.I pray to Shri Shri Radha Gopinath for your wonderful health for many many years to come and may I serve you in my best possible way as I can by the mercy of my superiors and Vaishnavas.
Wish you a very Happy Krishna Conscious 73rd Appearance Day!
Kindly forgive my known and unknown offences at your Lotus feet

Dear Gurudev
Please accept my humble obeisances
All Glories to Srila
Prabhupada

On this auspicious day of your appearance I would like to highlight one of your many wonderful characteristics which apparently again is a source of learning and inspiration along with so many of your other teachings - which you distribute through both vani and practise.

The amazing quality which has been noticed is how you along with devotion have also insisted in aspect of being a cultured person. This culture that you have tried to instigate in many of your lectures have made people like me realise the value of not only being spiritually inclined but also taking care of as much as possible of issues e.g like family, environment, maintaining cordial relations not only with devotees but also with non devotees, helping not only in temple projects but also any other project where one feels that any kind of contribution can help , feeling compassionate and helping people weaker to oneself in any way , etc.

This may sound more philanthropic but marrying it with strong and right spiritual beliefs may make one a better devotee.

This is what Maharaj I have understood with my limited intellect through your teachings .

Your behaviour and day to day interaction ,what we hear and see ,with both the devotees and non devotees and world at large does reflect very strongly your concern, compassion and action viz worldly issues, family concerns and individual guidance.

Therefore Maharaj, while we cannot emulate your thought process and action totally , we can still keep you as an idol in this sphere
too and try to make some positive difference, both internally and externally..

Many thanks for being our idol in all aspects of our lives.

Hare Krishna.

All glories to Srila Prabhupad
All glories to Guru Maharaj

I beg all the forgiveness for mistakes I will be doing in my offerings. I feel fortunate, though unqualified, I am having a chance to make the offerings.

First time I saw guru maharaj in Juhu temple and it was a short eye contact. That time I didn't know much about him. Over a time we as family started visiting GEV and started knowing more and more about guru maharaj. Later sometime my brother gifted me Journey Home and I read it. Hunger to meet him increased more and finally we met guru maharaj in GEV and that was the time I felt his divine presence personally.

When we met guru maharaj first time he joined his hands and said it's so nice to meet you. I was awestruck by his humility. We were no one, not at all important people and still he was so polite, humble in talking. Gradually I started listening to Maharaj more and more. Started feeling the connection. Out of so many qualities guru maharaj has one which attracted me most was his inclusive nature towards all religions and faiths. There was not a tinge of dogma which is very common in spiritual leaders. His full surrender to Lord Krishna and HDG Srila Prabhupad was visible from his talks yet I never felt a push 'my way is the only right way' in his talks and actions. Second quality that attracted me was his genuine love and respect for his god brothers and sisters. Time passed and the guru whom I was searching for that search was finally over. HH Radhanath maharaj will be my guru, I was clear only problem was that I didn't know how.

By mercy of Lord Krishna, Radharani and Srila Prabhupad, Guru maharaj finally accepted me as his disciple this year. Now it's the journey where I need to learn and follow instructions of Guru Maharaj. I seek forgiveness for all the offences which I am making everyday. I pray at the lotus feet of Guru Maharaj to give me wisdom, strength and capability to serve in the mission of Srila Prabhupad.

Dearest Guru Maharaj,
Please accept my humble obeisances! All glories to Srila Prabhupada!
As we celebrated Srila Prabhupada's disappearance day recently,my heart fillls with immense gratitude for all the sacrifices he did to rescue thousands and thousands of souls from the tight clutches of maya!
As his true son, you follow the same business.... and rescued so many of us from the temptations of materialistic world and replaced them with aspirations for selfless service in the sacred land of Braj!
This was a world completely unknown to us.....
You made us spiritually wealthy and gave us an opportunity to touch the serenity in Barsana and Brajvasi hearts filled with simplicity ,grace, gratitude and complete surrender!
Even this was completely unknown to us.....
While operating their eyes,little did we know,that they were operating on our hearts!!
We won't be able to thank you enough for showering your causeless mercy upon us !
In reciprocation,we can just make feeble attempts to follow your mood and instructions and express our love for you through our small actions.....let them be pleasing to you!

Following footsteps of your Guru Maharaj

I offer my humble obesiances to your lotus feet

Gurudev, you have followed footsteps of your Guru Maharaj, HDG AC Bhaktivedanta Srila Prabhupada in your life

Srila Prabhupada started his journey from India to USA at the age of 69 to preach Krishna consciousness as per his Guru Maharaj orders and you also started your Journey from USA to India at the age of 19 to become Krishna conscious after hearing your heart's inner voice

Srila Prabhupada started his journey in August 1965 and you also started your Journey around August 1970

Srila Prabhupada reached the USA after a long travel of 37 days in harbour ship, Jaladuta and you also reached India after long travel of 6 months by hitchhiking

Srila Prabhupada was not having any money, possession when he reached USA. Even you was not having anything when you reached India. But still both of you, preached Krishna consciousness all over the world

Srila Prabhupada was alone, did not know anyone when he reached USA. You also did not know anyone when you reached India. But both of you gave Harinaam, message of Lord Chaitanya to everyone in the world

Srila Prabhupada was not getting tickets to go to the USA and urged a lady, Sumati Morarji and convinced her that he wanted to fulfill his Guru Maharaj's orders. Similarly you were not getting entry to India and urged an Immigration lady and her officer and convinced them that you will do something good for India

Srila Prabhupada established temples, farm communities, goshala, started rathayatra and various festivals, yatras, nurturing love and devotee care. Gurudev, you also did the same following footsteps of your Guru Maharaj

On this auspicious day, I pray to you and Srila Prabhupada's lotus feet that please please give me your mercy that I can also follow your and Srila Prabhupada's footsteps

Thank you from core of my heart

Hare Krishna HH Radhanath Swami Maharaj. please accept my humble obeisances. All glories to Your lotus feet. All glories to your Vyasa Puja day Mahotsava.

Words cannot express the deepest gratitude I feel for being considered as your aspiring disciple awaiting initiation.
You epitomize the fine qualities of purity, enthusiasm, devotion, austerity, humility, compassion and empowerment through your trailblazing achievements and exemplary conduct.
This year I was fortunate to participate in the Kartik Yatra at Sri Jagannath Puri Dham for an incredibly purifying experience through your personal presence, enlightening lectures, blissful association of wonderful devotees and visiting holy places in the Dham.
Your lectures, Short talks on "Amrita Droplets" and books "The Journey Home" and "The Journey Within" have always been a treasured source of shelter for me, challenging my materialistic conceptions and inspiring me to intensify my Krishna Consciousness. Your ecstatic kirtans are also very inspiring. They radiate the bliss of devotional service and show us how to give everything for Lord Krishna's pleasure.
Guru Maharaj, on this auspicious day I pray at the lotus feet of Sri Sri Gaura Nitai to keep you supremely healthy and energetic so that you can continue to distribute their love to millions of conditioned souls

and spread the message of Srila Prabhupad worldwide.

I cherish All those moments in the temple when you passed along side. I could feel a strong sense of belonging and the love you always carry. I had an oppurtunity once to connect an American person to you and was delighted that you personally met him and inspired him. His name is Mr.Paul Zorba. I gifted him journey home and he was so impressed with the book that he desired to meet you. I spoke to a Bramhachari and arranged a meeting with you. It worked out so well. I did mention to Mr.Zorba that he was very fortunate to have an audience with you and asked him to pray that I too get an oppurtunity to meet you. I have been listening to your classes and it has had profound effect on me. I may not be better than anyone but I have come a long way. You words of wisdom has been guiding as a torchlight while walking on the dark road of ignorance. Words cannot fully express my feelings of gratefulness. I am eternally indebted to you. Maharaj I am so glad to write this offering even though missed the deadline for submitting this offering but for sure I feel it will reach you from my heart.
Maharaj I am extremely grateful for all efforts you make to make sure we are growing in our Krishna Bhakti. Your lectures, your encouragements, your personal demonstrations of Vaishnav dealings, your care for each and every devotee, your depth of Krishna consciousness, your absorption in

japa and many more which may take whole day of writing where I may reach exhaustion to thoughts but no end to your Vaishnav qualities.

During yatra is the only time I am able get your such a long and close association. I was able to accommodate somany of us you have organise so wonderfully the massive pandal and so many arrangements. These show your compassion to all of us.
Your morning Japa, which you do seating among us, is so inspiring to me. It gives me hope that for sure it will be possible go deep in japa with practice, absorption & mercy by just looking at your Japa. It is so inspiring, hope giving and exemplifying that just remembering that improves my quality of Japa.
Maharaj your lectures are so much filled with depth of message and instructions that each statement felt like a master piece. Even when you explain a katha it is so enlivening then even though we might have heard it 100s of time but still finding absorbing when we hear from you. In between you give such a deep message which I cherish for long time. It really bring about a deep change in all of us in various aspect. Thank you so much maharaj for extending yourself for 3-4 hrs in giving lecture. It was difficult for me to seat in one place without moving but your were still through out your lecture.
Your taste for Kirtan (singing or giving lecture) exemplifies to me how I should be absorbed while I do the same. A prayerful mood and deep connect with the lord when your sing the holynames was clearly visible. I prayed let this kirtan never end, it was so much bliss giving.

I thank you maharaj for engaging all of us in your service and providing various opportunities to serve. I am so much grateful to you maharaj in building Goverdhan Eco village which has become oasis for Krishna bhakti for all of us.

I want to continue thanking you for so much your have given that a day will be less but in front of that I will ashamed how much little I am able to offer you back as a service. I pray for your mercy that let me increase and improve my capacity and quality of sevas. I pray and bag let me also imbibe the Vaishnav qualities as you demonstrated so that ultimately I may able to please Guru and Gauranga and Vaishnavas to my best of abilities. I pray for forgiveness which I invariably would have committed at your lotus feet due my ignorance and foolishness and seek shelter at your lotus feet in the form of following your instructions in deeper manner.

Dear Gurumaharaj, please accept my humble obeisances unto your lotus feet. I am very grateful to you for your limitless mercy upon me. When I first met you in year 2007 at Govardhan ecovillage, that time I had just taken admission in std 5th. To Govardhan gurukul. Our authority had gave me garland with fresh flowers and fragrance. And they told you will offer it to you. I don't know about yourself but I remember we all boys and community devotees did entire night various services on before your auspicious arrival there at GEV. And it was my great fortune so I offered garland to you, in my life first time when I also my first time meeting you. I experienced tremendous spiritual moments at Govardhan eco village. Which is your dream project for your Gurumaharaj. Maharaj I got fortune to serve construction activities at GEV also last year. By your great mercy currently working at Piramal vaikunth,where upcoming very grand and Mumbai's first ISKCON temple is in under construction. It possible only because of Your great connection with Piramal family When I had red your autobiography The journey home in 4-5 days, that time i was in std 10th. After many days had thinking your journey from Chicago to vrin-

73rd Vyas puja offering
Dear guru Maharaj

Please accept my humble obeisances
I got the opportunity to see and hear directly from you first time during Kartika yatra 2023.I have been hearing your lectures since 2019.Your vani helped me time to time to overcome my lower nature. But this was my first experience to have your darshan. This yatra gave me so many important lessons by hearing and seeing your dealings. Some of the points which really touched my heart and I want to implement in my life are as follows.
In first day lecture you told about eagerness is require to see form of Jagganath because it has taken millions and millions of lifetime to come to jagganath puri for seeing lord jagganath, While describing the pastimes of lord CM entering puri dham you explained lord CM have gone through so many obstacles for reaching Puri similarly obstacles in devotional service are like our real friends they help us to take shelter of the lord. Often I had this doubt if I am not feeling enthusiastic in devotional service then what should i do? You mentioned even if we are not feeling enthusiastic in devotional service we must act enthusiastically for the pleasure of Krishna.
During Night kirtan you always emphasized on loudly chanting holy name through heart. By seeing hundreds of devotee crying while chanting holy name I got so much faith and I could understand the meaning of this statement “yatra gayanti mad bhakti ..” lord personally present where his devotees chanting the holy name. This kirtans helped me develop this crying mode while doing harinam.Please bless me so that I could imbibe this mode while chanting.
By seeing your loving exchanges among your god brothers, especially how much you are eager to give respect to even god sisters’ I felt I am very far. Please bless me so that I may develop these loving exchanges between my seniors, juniors and equals.
I was doing route coordination service for Tungavidya group in yatra. Many times I could not take darshan properly but I could see I have received so much blessings from all vaishnavas. I desire in upcoming yatra I want to do more and more service to receive more blessings from vaishnavas.
Thank you very much dear guru maharaj by providing such wonderful spiritually cultured family and association of such sincere devotees. I beg at your lotus feet please give right intelligence so that I should never leave such wonderful sanga and take more service for the pleasure of prabhupad and develop mode of helplessness while chanting the holy name.
Your Aspiring Disciple

हरे कृश्ण ,
आप सभी के श्री चरणों मे मेरा प्रणाम स्वीकार करे।

इस पवित्र व्यास पूजा के अवसर पर, मै आप सभी को बहुत बहुत बधाई देता हूँ। महाराज के दिव्य सानिध्य को आत्मसात करने के लिए और उनकी दिव्य लीलाओं के बारे मे सुनने के लिए हम सब यह एकत्रित हुए है, हम सब कुछ दिन पहले भी साथ मे थे और महाराज का सानिध्य

प्राप्त कर रहे थे, जो मुझे पवित्र करने वाला था। परंतु माया के जाल मे, मै करोड़ों करोड़ों जन्मों से फसा हुआ हूँ महाराज का दर्षन उस तप्ती अग्नि जिसे मै नई बसंत ऋतु समझता आ रहा था, उसमे ठंडी फुहार का काम करती है, यद्यपि मेरा उद्धार होने मे अभी भी बहुत समय है कारण आप नहीं मै स्वयं हूँ परंतु आप पर दृढ़ विस्वास है की एक दिन इस ठण्डी फुहार से मेरा मन और आत्मा अवष्य ही पवित्र हो जाएगी और नित्यधाम मे आपकी सेवा करने का अवसर प्राप्त होगा।

महाराज आपके गुण अनंत है पर आपके कुछ गुणों के बारे मे कहना चाहता हूँ

षाष्वत यात्रा

महाराज जैसा हम सब श्रवनतदमल भ्वउम के माध्यम से जानते है, बहुत सारी आध्यात्मिक परंपराओं के अध्ययन से लेकर श्रील प्रभुपाद के चरणों तक, आपकी यात्रा भक्ति के प्रति गहरी इच्छा और हठ का प्रतीक है। आपसे आषीर्वाद मांगते हुए ये प्रार्थना है की इस इच्छा एक मात्र अंष भी अगर मै आत्मसात कर सकूँ जो यह जीवन अवष्य ही सफल हो जाएगा।

करुणा

महाराज आपका जीवन भक्ति की परिवर्तनषील षक्ति का प्रमाण है। महाराज का जीवन अनगिनत करुणा भरे कृत्यों से भरा हुआ है। लेकिन प्रमुख रूप से जो जनसामान्य को दिखता है वह है भक्ति वेदान्त अस्पताल, स्कूल, गोवर्धन एको विलेज की स्थापना करना, ये सब आपकी करूना का साक्षात प्रमाण है। महाराज आप निश्काम सेवा का साक्षात उदाहरण हैं और हमें सिखाते हैं कि आध्यात्मिकता केवल व्यक्तिगत प्रयास नहीं है, बल्कि समाज को समृद्धि की दिषा में भी आगे बढ़ाने का प्रयास है। इसलये भक्ति के साथ ऐसा विकास भी संभव है जो न सिर्फ आपको आध्यात्मिक बल देता है बल्कि समाज के उस वर्ग को भी प्रेरित करता जो भक्ति से स्वभाविक रूप से जुड़ना नहीं चाहते है।

चुनौतियो का सामना

हिमालय की यात्रा के दौरान संघर्शों का सामना करने से लेकर, एक इतने बड़े आध्यात्मिक समुदाय का नेतृत्व करने की जटिलताओं का सामना करने तक, महाराज तृनादपी सुनीचेन और स्थिर श्रद्धा का उदाहारण प्रस्तुत करते हैं। महराज अगर चाहते तो आसानी से चौपाटी मंदिर मे रहकर प्रचार प्रसार कर सकते थे लेकिन उन्हने ऐसा विशय चुना जो बहूत चुनौती पूर्ण है जैसा कि अमेरिका और यूरोप मे फिर से कृश्ण भक्ति का प्रचार प्रसार करना, उनका जीवन हमें साहस और दृढ़ विष्वास के साथ अपनी चुनौतियों का सामना करने के लिए भी उत्साहित करता है।

कीर्तन

महाराज ऐसा प्रतीत होता है आपके के ह्रदय में हार्ट बीट की जगह कीर्तन की ध्वनि है। आपके कीर्तन से हमें भौतिक दुनिया के पार के धाम मे रहने जैसा अनुभव प्राप्त होता हैं। भ्ंतपदंउ के माध्यम से, महाराज आप हमें भक्ति के आनंद को अनुभव करने और परमात्मा से जुडने मे सह्यता करते है और पिछली यात्रा के दौरान आपके सभी कीर्तन से हम सब इस बात के साक्षी है।

महाराज इसी के प्रार्थना के साथ मै विराम लेता हूँ कि आपका स्वास्थ्य हमेषा अच्छा रहे और बिना किसी बाधा के श्रीला प्रभूपाद जी के मिषन को आप नित नई ऊँचाइयों पर ले जाए और यदि इस कार्य मे इस तुच्छ जीव को कभी भी आपकी कोई भी सेवा मिल पाए तो मै अपने अपको करतार्थ और धन्य समझूँगा।

आपका नित्ययदास
नितिन

Hare Krishna ,
Please accept my obeisances at your Lotus feet.

On the occasion of this sacred Vyas Puja, I extend my heartiest greetings to all of you. We all have gathered here to absorb the divine association of Maharaj and to hear about his divine pastimes. We all were together a few days ago also and were getting the association of Maharaj, which was going to purify me. But I have been trapped in the web of Maya for millions and millions of births. Maharaj's darshan acts as a cold shower for that hot fire which I had been considering as the new spring season, although there is still a lot of time for my purification, reason is not You but myself, but I have strong faith in You that one day my mind and soul will definitely be purified by this cold shower and I will receive Your blessings and will get an opportunity to serve You in eternal abode.

Maharaj, Your qualities are infinite but I want to describe about some of Your qualities.

Eternal journey

Maharaj, as we all know through Journey Home, From Your journey of studying so many spiritual traditions upto the feet of Srila Prabhupada symbolizes a deep desire and persistence for devotion. Seeking blessings from You, I pray that if I can imbibe even a small part of this desire, this life will definitely be successful.

compassion

Maharaj, your life is a proof of the transforming power of devotion. Maharaj's life is filled with countless acts of compassion.But what is mainly visible to the common people is the establishment of Bhakti Vedanta Hospital, School, Govardhan Eco Village, all these are the visible proof of your compassion. Maharaj, you are a true example of selfless service and teach us that spirituality is not just an individual endeavor but also an effort to move the society towards prosperity. Therefore, with devotion, such development is also possible which not only gives you spiritual strength but also inspires that section of the society which does not naturally want to be associated with devotion.

face challenges

From the struggles he faced during his trek to the Himalayas, to the complexities of leading such a large spiritual community, Maharaja exemplifies Trinadapi sunichena and steadfast faith and devotion. If Maharaj wanted, he could have easily spread the message by staying in the Chowpatty temple, But he chose a subject which is very challenging like spreading Krishna Bhakti again in America and Europe, his life also encourages us to face our challenges with courage and conviction.

kirtan

Maharaj, it seems that instead of heartbeat, there is the sound of kirtan in Your heart. Through Your Kirtan we get the experience of being in a place beyond the physical world. Through Harinaam, Maharaj You enable us to experience the joy of devotion and connect with God and we are witness to this from all your kirtans during the last visit.

Maharaj, I end with this prayer that Your health always remains good and You take Srila Prabhupada's mission to new heights every day without any hindrance and if this insignificant creature ever gets any service from you in this work. If I get it, I will consider myself successful and blessed.

Your eternal servant
Nitin

Dear Gurudev
Please accept my humble obeisances !
All glories to Srila Prabhupada.
All glories to Sri Guru and Sri Gauranga.
All glories to you .

Oh my Guru maharaj ! today I am missing you very much
Helplessly calling for you from the Maya's tight clutch .

Oh my Master! , Oh my dear Gurudev !
Here I am completely shackled in the material cave.

Bound by the chains of material modes,
Completely helpless and the ignorant soul.

Here it is too dark and too fearful,
Your causeless mercy is like the rays of moon- full.

Not knowing the importance of your service,
I have given shelter to the dangerous envy and avarice.

You are there with your helping hands,
but I am going deeper with material bonds.

Why don't I raise my hands and take your shelter ,
Perhaps, I think I can make my own arrangements better.

Material nature is kicking me here and there ,
Patiently you are looking at me with love and care .

Why don't I give up my invain attempts and turn to you,
But again falling victim to the maya asking me
" May I help you ?"

With determination I say it's enough now let me stop !
But again she ( maya )
comes, ruins my plan and makes them flop.

On one side I just want to accept all the mercy that you are showering ,
But on the other side I am not able to refuse maya's temptations which she is offering .

Finding myself totally frustrated and hopeless,
Crying, starving and praying for your mercy causeless .

In this situation to whom should I turn my face ,
Except than the representative of
'His Divine Grace'.

Indeed it is very difficult to cross the material ocean,
But from a distance I can see a boat and you as it's Captain .

The name of the boat is 'Sri Sri Radha Gopinath,
The name of the captain is 'Swami Radhanath.

Oh ! Will I be able to climb the boat ?
Nothing is impossible with your support.

Who can be soo merciful than Srila Prabhupad himself ,
That he has sent his own son for the fallen souls' help.

Oh my Master! I am you eternal slave,
Only you can save me from the material cave.

Near your lotus feet I want to remain forever,
Not falling victim to the Maya who is very clever.

To the temptations of Maya again and again
I turn my face ,
Your causeless mercy is the only solace.

I will eternally like to be indebted to you,
For there is no wealth in the creation that can possibly repay you.

Please forgive my mistakes and forgive my offences,
And always protect me with your loving glances.

Please give me strength to follow your instructions,
For this is the greatest of all benedictions.

Make use of me in any way you desire,
To please you is the life's aim and this is what I aspire.

Falling at your lotus feet and crying for your causeless mercy,
Aspiring to be your menial servant of servant

Dear Maharaj,
I offer koti koti Dandavats unto your Lotus feet..Gurudev i have absolutely no qualification to speak about your glories.
Gurudev, you have very kindly with your utmost compassion only accepted me as your disciple.
I do not fit anywhere close to your expectations which you have from your disciples.
Gurudev you have with your walk the talk nature, thought us many aspects of Devotional life, Sadhana and Sadachar.
I learn alot just looking at your external dealings, Your relation with devotees, your attention towards minute details.
You always teach us that we should develop an expression of Gratitude towards other devotees, towards Srila Prabhupad and ultimately towards Krishna.
Your deeply realised lectures, soul stirring Kirtans have helped me in during the times of necessity. I bow down koti koti times unto you.
Gurudev I am falling short of words to even express your extent of impact you have in my life, through your words, and actions.
One should perform ones duty with full integrity and intensity. This statement of yours Gurudev guides as to how should our attitude should be.
Gurudev I promise you that I shall imbibe your instructions in my life.
Being your Lotus feet is my only hope.
I pray unto Sri Sri Radha Gopinath ji to keep you in best of healths.
Thank you very much Gurudev for giving me so much.

Hare Krishna dear Gurudev,

Please accept my humble obeisances unto your lotus feet.

All glories to Shrila Prabhupad, Guru Shishya Parampara, Shri Panchatatva and Shri Shri Radha Madan Gopal ji.

You are like a desire fulfilling tree dear Gurudev.
This year, due to unavoidable circumstanc-

es, me and my wife had to cancel Kartik yatra. So, I was feeling very sad in the heart that I won't be getting your long association in Jagannath Puri as in previous yatras.

But you decided to deliver lecture on Govardhan Puja in GEV and it was such a joyful news for us as we will be getting your holy association in GEV in the month of Kartik and thus fill that gap of missing your association in Kartik yatra.

Dear Gurudev, we reached GEV on that day, with so many devotees. I was anxious to be able to behold your auspicious darshan for a long time and with this desire I sat in the front row.

You came on the stage and glanced over all the assembled Vaishnavas. It was a great joy to the heart of we all.

Suddenly, to our surprise, you came down the stage and stood just 2 to 3 feet in front of me. Your Lotus feet were just a few inches away from me. I desired intensely to touch them but was afraid of being chastised. Dear Gurudev, you fulfilled my desire of getting so close association of your lotus feet. Heart became fully satisfied and now I had no regret of missing Kartik yatra. I always long for the dust of your lotus feet.
One devotee boy of around 10 to 12 years came and offered a flower to you and you graciously accepted. That devotee boy touched your lotus feet and when you moved away to meet other devotees, this devotee boy started crying. It was a heart satisfying experience dear Gurudev to see the loving relationship even of these small children with you. You are really like desire fulfilling tree dear Gurudev.

When you were reading while sitting on a chair, you were very grave and absorbed. At one point you looked up to the screen and saw a picture of Shrila Prabhupad and you gave a big smile coming out of a grave mood and feeling the happiness of a child seeing his dear father after a long time.

When you came on stage dear Gurudev, you had the option to sit on vyasasana and observe the Abhishek of Shri Govardhan. But, you humbly sat on the ground and lovingly observed Abhishek.

Dear Gurudev, on this auspicious occasion of your Vyasa Puja, I beg for your mercy to be able to always lovingly care for all the Vaishnavas, to be able to distribute Shrila Prabhupad books, holy name and Krishna prasad, to be able to preach Krishna consciousness and to be able to please the Vaishnavas to my best capacity.

Please forgive my all offences dear Gurudev and give me strength to be an obedient servant of your servants.

Please pray for all us dear Gurudev.

Your servant,
Nityananda Avadhuta Das,
ISKCON Nasik.

Respected Guru Maharaj,
Hare Krishna , Please accept our humble obeisances . All glories to Srila Prabhupad all our Acharyas and Sri Gaur Nitai & Sri Radha Gopinath ji.
A Spiritual master is always respected on the level of Krishna. It's the greatest fortune of our life that we have got you as our Spiritual master.
Whatever we are here in our insignificant

attempts in Krishna consciousness is because of the causeless mercy and causeless compassion on the fallen conditioned souls who are rotting in dark well of this material world. But at the same time how can we keep mum on the day which is the only day where we can glorify our spiritual master ? Guru Maharaj , I am eternally indebted to you for all the causeless mercy what you have shown upon this most insignificant soul because of which we got Krishna and We thank Krishna that he gave us a Spiritual father that is you. A Son is always proud of his / her father and his activities. Similarly we being your sons and daughters are very much proud of spiritual father that is you. I was roaming aimlessly and helplessly in search of happiness which doesn't exists in this world. Completely drowned in the material existence with miseries and agony I was wailing torrents of tears. But you Maharaj and all your empowered representatives gave that eternal happiness by giving Krishna Consciousness which ultimately leads us to Krishna. All throughout your life you struggled a lot to get the highest realm of Krsna Consciousness which you are distributing to each one of us. In the inner core of your heart you are carrying that love of Godhead that comes from abode of Srimati Radharani. Through the medium of holynames of Radha Krishna you have given us that love of godhead that is extremely extremely rare to attain. Guru Maharaj , you are very special representative of srila Prabhupad , All our beloved acaryas , Sri Gaur Nitai and Sri Radha Krishna.
Maharaj , We love you from the inner core of our hearts. Beg you that we chant the Hare Krishna in the mood of servants of servants , humble like blade of grass , tolerant like tree , ready to give all respects to everyone and expect nothing in return. Let we do not have any kinds of ulterior motives in our heart while we render our services. Last but not the least , Maharaj , Kindly keep us in your solace for you are the only shelter for all.
Thank you maharaj !

Hare Krishna
Dear Gurumaharaj,

Please accept my humble obeisances unto your lotus feet.

All glories to Srila Prabhupada!

Gurudev, I have seen that when you look at anything you keenly observe each and everything minutely and when you speak even one word you are mindful of what you speak especially it should not hurt anyone sentiments. This year I felt that my sadhna was not upto the mark and I am not a good disciple of yours and thus even though I was excited to meet you when you arrived India at GEV but in the heart I felt how could I even face you similarly when I thought of writing vyas puja offering I was reluctant that I don't have a pinch of qualification to be your disciple.. how can I with my filthy mind glorify you however you are an ocean of mercy and you know my heart is dirty even though I missed the deadline of 28 nov to submit the offerings.. I was guilty too I prayed in my heart intensely to you that Gurudev I could not write offering to you and submit timely I am very much irresponsible kindly forgive me and prayed if some miracle happens and the date gets extended and you heard my prayers and

gave me an opportunity through merciful devotees [organisers compiling offerings] who extended the offering date and then I could write to you for my own purification.

Gurumaharaj this year was very much bad for me I just lost my beloved mother and it was hardly 8 months she had left and I lost my beloved father. I felt so lonely and depressed that it was difficult for some period of time to overcome this loss. I took shelter of your vani association. You gave me shelter through your words I was feeling when you will come India and I could meet you. At GEV when I came to see you and you were doing your parikrama of Vrindavan you passed by us and stopped looked at me with your merciful glance I could not utter a word and share my heart to you that now you are only my shelter, only my saviour, only my father may be one day I can get the courage and strength to talk to you face to face but I feel our connection from within heart is very strong and you are always with me guiding me and protecting me.

Gurumaharaj your vision is very clear as you know what you have to do to spread the movement from caretaking of brahmacharis, counsellors system for love & care to devotees, Prayag project , preaching west people, barsana eye project and the biggest gift is the GEV project and many more. This shows your dedication towards the mission and towards humanity. Your faith towards the holy name is so strong that when you did not even meet Srila Prabhupada through the medium of mother Ganga you heard the Hare Krishna Mahamantra and in your lectures you always inspire us and connect us to the holy name of the Lord. Gurumaharaj it is your care and your love that you united 10000 devotees in kartik yatra. It was like flooded with an ocean of devotees who came together collectively for serving for your pleasure. This is possible because you have shown devotee care, serving vaishnavas through your example [acharan]. You shared us so many pastime of Chaitanya Mahaprabhu which filled our hearts with love and devotion for Lord Gauranga and the loving exchanges amongst devotees was teaching us the exchange one should have among devotee community. We mostly take our own temple devotees lightly but every devotee is dear to Lord we should be very much mindful about our behaviour. The pastime of Parmanand Puri was so nectarian the love & respect that Chaitanya Mahaprabhu had for his Godbrother... his prayers to Lord Jagannath this pastime was so ecstatic. Through these pastimes you show & guide us how we should practice our sadhna and behaviour so that it is conducive for our devotional life.

Gurumaharaj indeed we are fortunate to be connected to Srila Prabhupada and ISKCON but to be your disciple is also being the most fortunate because you keep us connected and united to the movement, to Srila Prabhupada who is most dear to you. The love, respect and bonding that you have for your God brothers and God sisters is so touching to my heart, you teach and inspire us through your acharan how one should have honour & respect devotees and our own God brothers n sisters. As I mentioned earlier when you look you keenly observe and when you speak you are mindful this we could always see in your behaviour the mood of servants of servants and it wins our hearts and cuts our false ego that we are insignificant parts and parcel of Supreme Lord....you have tolerated, struggled so much we did not even have gone through 1% of those troubles still we have so much of false ego but when we hear about your glories your surrender tolerance it cuts our false ego. You are perfect master for me who knows my faults and you guide me and help me to overcome my weaknesses.

Today on the most auspicious vyas puja day of yours I humbly beg unto your lotus feet that may I develop such vision to look at things minutely for the growth of the movement unitedly, to mind my words and behaviour to have loving and respectful relationship with everyone especially in devotee community. I beg you to bless me that with the faith and surrender you have for the holy name may I develop 1% of the same in this life at least. You have always been with me in my stable period so that I don't get excited and attached materially

and in my crisis period so I don't fall away in depression you have always as a father uplifted me so that I can again fight as a soldier for the movement thus kindly always remain like this with me, guide me, protect me, bless me and keep showering your mercy unto this fallen disciple of yours as you are my only saviour dear Gurudev.

Most respected Srila Guru Maharaj,

Kindly accept my humble obeisances at your lotus feet. All glories to your 73rd Vyas Puja Maha Mahotsav. All glories to Srila Prabhupad. All glories to Srila Guru Maharaj.

Oh Srila Gurudev the deliverer of the fallen souls,

I don't have any qualification or realization to describe your glories. Still on your most auspicious appearance day, I want to express my heartfelt gratitude to you. You have connected me to the lineage of Srila Prabhupad and all the guru parampara and ultimately to Sri Krishna!

Oh the showerer of mercy of Sri Nityananda Prabhu,

You, by your own example have repeatedly shown us, how to dedicate oneself completely to the service of Guru and Krishna,

how to transcend the bodily concept of life, how to always immerse in the rasa of the pastimes of Sri Krishna Chaitanya Mahaprabhu, how to see Krishna in everything, how to remain steady in one's own sadhana, how to sincerely perform the orders of Sri Gurudev with exclusive determination, how to preach always, how to shower mercy to the conditioned souls and how to perform one's own duty without neglect. You are continually teaching us these principles by your own examples.

Srila Gurudev,
The tendency of my finding faults in the Vaishnava's are so strong that it is not allowing me to remain steady in Bhakti. When I hear personal realizations from your stalwart devotees, then I really can experience my fallen position. And I am so unfortunate that I haven't realized even a fraction of your teachings from all of your lectures, and also I am unable hear attentively. I don't have any strength to perform Bhakti. Name, fame, stature and show bottle devotion, I am standing on these pillars only.

Guru Maharaj,
Please shower your mercy upon me so that I may realize your instructions and be able to follow them properly. May I imbibe your mood of devotional service and become single-minded in Bhakti. My earnest request to you is that may you please grant me shelter at your lotus feet and bless me so that I can become serious and spiritually oriented in my Krishna consciousness. May you please grant me knowledge, intelligence and determination so that I can be free from all the propensities of sensual enjoyments, give up all the anarthas and may I develop a great attachment in chanting the holy name of Krishna, reading the books of Srila Prabhupad and serving the Vaishnavas.

Hare Krsna dear Guru Maharaj
Please accept my most humble obeisance's at Your Lotus Feet.

I would like to take this opportunity Guru Maharaj to express my gratitude for everything i have received.

Maharaj thankyou very much for being compassionate and accepting this most fallen soul as your disciple - who in this creation will want to take the responsibility of taking people from Kali Yuga back home, knowing their fallen condition, their conditioned mind, their uncultured and uncivilized ways of living. Even when i had Covid and was lying in the hospital i was contemplating on only this one thing how fortunate i am to have got the shelter of the entire Guru Parampara. Just by thinking of it i was happy even in the hospital.

Respected Guru Maharaj
Please accept my lowly head at your Holy Feet, which is the constant object of meditation of my consciousness.
All Glories to Your Holiness,
All Glories to Srila Prabhuapada

It has been so wonderful that in spite of my limitations and ineligibility, I am being engaged in service by Your servants.
There are about 35 boys staying in VOICE setup at Nanded, Maharastra and 15 more at Sambhajinagar( Aurangabad) and 20 graduates staying at Pune at BCEC, Vishal nagar, started by HG Kanai Thakur prabhu and I am trying my best to serve them, facilitate them , counsel them, nourish them for Your Pleasure. So many problems this youths have and by learning your teachings, I am trying to become a via media for your mercy to flow unto them. They are rendering wonderful services of harinam sankirtan, book distribution and college preaching.

Recently, HG Radheshyam Prabhu instructed me to travel to the west and I visited Dallas, Boston , Brooklyn and Baltimore for conducting youth retreats. Here is a report that I shared with HG Radheshyam pr : https://docs.google.com/document/d/1FI4eTzZ-4r0e7OhDSWMlDkkj5gHKrX-0V42hL6m_ZyKE/edit?usp=sharing

Also, I could render some service as a secretary to Kitchen during much awaited Kartik Yatra 2023, wherein I got an opportunity to serve the devotees who were cooking in Kitchen by arranging for their accommodations, registrations, pre and post yatra prasadam arrangements and also some gifts etc. It's so wonderful to serve these servants of Yours, who are serving 10000 vaishnavas and Vaishnavis.
HG Gauranga prabhu also instructed us to shift to Thane again by January 2024 for that Project at Piramal Vaikuntha. We are a team of 5-6 brahmacaris who'll shift soon as per Gauranga Prabhu's will.

While so wonderful services are being awarded to this lowly self, I am wondering if ever I'll be qualified with the required purity for the same. Amazingly in our movement, empowerment and service comes before proper purity and while rendering services, we become purified. I am continuing rendering whatever services I can and hope and pray that by your mercy, shall get purified as well. Everything is your mercy Guru maharaj, I am simply made up of your causeless mercy.

Thankyou very much,
Your insignificant servant,

Dear Guru Maharaj
Please accept my humble obeisances. All glories unto you.

Maharaj you are an ocean of unlimited wonderful qualities. Humility, tolerance, compassion, simplicity, non judgmental are only a few to name. Among these numerous qualities one that attracts me is that of determination. Once you were asked about how one can become determined to practice krishna consciousness. Maharaj you answered, if we stay determined and chant our 16 rounds, it becomes possible to remain determined and do anything in krishna consciousness. Chanting is the basis of all our philosophy. From this answer we understand that guru Maharaj expects that we chant our 16 rounds with undivided attention. And he himself follows it. Even during yatras guru Maharaj is there to chant with the devotees in the morning. Maharaj never misses morning sessions to chant 16 rounds even if he comes late at midnight. This is determination.
On another occasion Maharaj was asked how can a disciple please you? Maharaj said it is very simple chant 16 rounds attentively, honesty and sincerely and follow the 4 regulative principles with diligence. Avoid 10 offences to the chanting of the holy name and that way you can please me. One time during pune Yatra Maharaj was very heavy and he said our guru parampara system is not show bottle. Our guru parampara is whoever follows the instructions of chanting 16 rounds of the Hare Krishna maha mantra and following 4 regulative principles is a disciple. So we should try to be sincere and humble disciples. That is pleasing to our guru Maharaj.
Since your foremost instruction is to chant the holy names sincerely, On this most auspicious day of your appearance dear Gurudev, I pray and beg at your lotus feet that I may continue to chant the holy names of the lord with utmost sincerity, determination and diligence and follow the 4 regulative principles, making your instructions as my life and soul and thereby please you in whichever way possible.
Praying and begging to always remain at your lotus feet.

Dear Guru Maharaj,

Please accept my humble obeisences. All glories to Srila prabhupad and Sri Sri Radha Gopinath.

After spending more than 30 years in Krishna consciousness, I am beginning to understand the real spirit of devotional service that is exhibited through your exemplary behavior and genuine mood of serving the vaishnavas. More than being an expert scholar or impactful preacher or recognised stallwart devotee, it is important to seriously imbibe the spiritual qualities with attachment to glorification of the Supreme.

In some of the recent photographs of yours, taken on certain occasions, where you were standing on knees either to serve vaishnavas or to converse with them, we are amazed to see such heart touching practice of humility. Seeing this mood of yours fills our heart with great agony that we are a few lifetimes away from learning to imbibe such humble disposition. When you take up a certain activity, be either giving discourse, chanting in kirtan, listening to vaishnavas, or just in service of Vaishnvas, you offer your full dedicated attention to that particular service. Your bodily gestures and facial expressions clearly convey a very sincere mood of genuine desire to serve others. Your empathic nature is so much manifested in your dealings with others that your soft, gentle speech is articulated to communicate the message without a slightest tinge of harshness or hurting words.

On this day of your Vyas Puja, we aspire to practice a minute fraction of your wonderful qualities that are essence of a heart full of devotion and genuine concern for others. May we not get carried away by glitter of fame and prestige that may come to us only by your mercy, and we remain your disciples in the mood of servant of the servant.

Hare Krishna Dear Guru Maharaj. Please accept my humble obeisances at your lotus feet. All glories to Srila Prabhupada and your holiness.
2023 Kartik Yatra was my first Yatra. It was so much nourishing and enlightening for me to hear from you and the very exalted senior vaishnavas of Radha Gopinath. Guru Maharaj, Always you remind us of Gratitude. You spoke one day on Gratitude how Lord Gauranga was grateful of Sarvabhauma Bhattacharya and requested other devotees to not find negative in him. On your very auspicious appearance day I would like to express deep gratitude from my heart to what you have given me. As scriptures mentioned, you have removed darkness of ignorance at least little bit in my spiritual life. I say little bit because of my own weakness and lacking but your guidance to all your disciples is as good as scriptures coming out from mouth of the lord. I am very grateful and can not pay the debt back at all and remain always eternal your insignificant servant of your servants that you accept me as your disciple and connected me to pure source of mercy coming down from lord. I beg at your lotus feet, please always keep me under your shelter and life after life is dedicated to your service. Sometimes I do not feel qualified to even do the offering because what I do really have to offer you? Everything belongs to you and what can I say by my insignificant lowly mouth. I do pray from bottom of my heart for your healthy life so you keep enlightening conditioned souls like myself and liberate them from the cycle of birth, old age, disease and death.

Hare Krishna. All glories to guru and gauranga. All glories to Srila Prabhupada.

Dear maharaj, I am one of the numerous souls you have inspired with your astounding sincerity in the service of Srila Prabhupada and love of God. As I was wasting this human life due to my ignorance, my dear guru HG. Ujjvala Radhe mataji, your dear disciple has extended her loving arms to give shelter as a medium of offering the mercy and love of yours l, and Srila Prabhupada. Having known nothing about bhak-

ti I am practicing in my insignificant way with all of your merciful teachings infused with the desire to give all of us the love of God and relieve from suffering. Your divine words, so pure as directly flowing from the lotus mouth of the Lord and Srila Prabhupada have touched my rock like heart. Yet due to my insincerity and weakness I fall for petty things. Have tried to come back but not with completely determined heart. I was experiencing the ecstatic happiness in the service of the Lord and Gurus, and in the service of the mission only by your mercy. I wish to make the selfless desire to serve the Lord , the desire of Srila Prabhupada as taught by you my life and soul. May this useless soul become a dust particle at your lotus feet and serve the divine mission in the mood of servant of servant of your servant with all sincerity. I pray at your lotus feet for nothing but to be a true loving servant of yours engaging all my body, mind and words . The recent Karthik yatra has taken a huge place in my heart, the wide eyes of Lord Jagannath seen through your pure preachings have melted my rock like heart. I feel guilty for having been a little insincere in bhakti. I ardently pray at your feet to be a puppet in your hands, live my life for it's true purpose of attaining love of God in selfless loving service. Again and again praying at your lotus feet and at the feet of all our gurus , especially those of your disciples whose teachings have grown me in bhakti, to use my every breath in your loving service . Praying for your good health and always relying on your mercy and shelter forever and ever. Here is a small poem offering.

PRAYER OF GRATITUDE, PRAYER FOR GRATITUDE
My dear Maharaj,

If not for you where am I
If not for you who am I

You embraced with your shelter
When due to my weakness I falter

You show your appreciation
For my insignificant devotion
May I hold sincere gratitude
Though my distractions are multitude

To your instructions
To your aspirations
To the divine order
May I sincerely surrender.

Begging apologies for my weak heartedness
Please pass my contaminated offerings to the Lord, purified by your lotus arms

Desiring to be your sincere loving servant eternally
May I live and serve with gratitude unconditionally
Your insignificant servant,

Dearest Gurumaharaj,
Please accept our humble obeisances at your lotus feet.
All glories to Srila Prabhupada
All glories to Sri Guru and Sri Gauranga

Dear Radhanth Swami Maharaj we are eternally grateful to you for all your love, care, prayers and blessings you've bestowed upon us.

In October 2019, our daughter Gaurangi underwent a heart surgery when she was just 3 days old. It was the time of annual Kartik yatra of ISKCON Chowpatty and you were at Vrindavan. Though Gaurangi's surgery was successful, she had developed infection (clapsila phenumonia) and doctors had no clue or remedy for treating the infection. They were trying their best by giving her antibiotics. But her case kept on worsening. There was a day when the doctor clearly told us that they can't do anything and we must pray to whichever god we believed in. At this moment my husband and I decided that we should atleast get her a name from you, before it's too late. Thereafter we emailed Vrajchandra pr asking him to request you to kindly give a name to our

daughter. Amidst Kartik yatra you named her Gaurangi from Sri Vrindavan Dham. And miraculously that day onwards her health started improving. The doctors were surprised too. Soon before the end of Kartik month she was given discharge and we were finally at home after a month long wait at the hospital.
Such is the power of your prayers and blessings.
Thank you dearest Gurumaharaj for everything and especially for Kartik yatras.

This Kartik yatra at Sri Puri Dham, as our gratitude and appreciation for lifetime, we attended it with Gaurangi and little Harināma. We could attend your lectures together and dance in kirtans. It was mesmerising to see her dancing madly at your kirtans. Holding devotees hands in circles and repeating mahamantra after you in sankirtan. Nothing can compare experiences we received in this yatra with thousands of devotees around.
We are eagerly and humbly awaiting many many such Kartik yatras, in which we dance together with thousands of devotees and repeat kirtans after you in person.
We are eternally grateful to you Maharaj for all your prayers, blessings and love.

Hare Krishna Maharaj, Please accept my humble obeisances.

1)I remember my first incident of getting your glimpse in 2016, it was Srinathji Prabhu's memorial day 16th Dec and I was sitting outside the Gaur Nitai Hall, Since I was very new I actually didn't got any idea what was going on Inside, I was sleeping, in between asking time with the other devotees, and at one moment, when I was dozzing, suddenly a very powerful spiritual energy I felt around, and when I opened my eyes, everyone was paying dandvat, I had no Idea, what is going on, and I remember I asked a devotee, who is he? That devotee replied he is MAHARAJ, I immediately paid dandavat
2)I started hearing your classes and came to know from all senior devotees, about your humble nature, although you have innumerable ocean of qualities, I remember two incidents of your true humility. In 2019 during the evening session of your Gaur Purnima class before starting the class, after the pranam mantra you were mercifully looking at each and every one sitting in the audience, and you told " I feel very fortunate and blessed that each one of you are glancing so mercifully at me", although it was the other way round.
2nd, During Janmashtami 2021 festival you were in US and gave an online class, in that class also you were mentioning about the big temples of delhi and Juhu Chowpatty contributing significantly and about Chowpatty temple you told we are also contributing in a small way to Srila Prabhupada's mission. In that class you also related how Krsna performed his earthly pastimes for 125 years and we were celebrating 125th appearance day of Srila Prabhupad, you also explained how Srila Prabhupada's birth place Kolkata is a gateway to Mayapur, similarly pleasing Srila Prabhupada is a gateway to please Sri Caitanya Mahaprabhu.
3) The other good quality maharaj of yours is you like you to glorify your god brothers, during book distribution you never ask us to come first, you always say push hard, do your best, but once Gopal Krishna Maharaj and Sachinandan Maharaj came and blessed us during Book Distribution, at that time, you told, this time Try to come first so that we can tell everyone that its only because of Gopal Krishna Maharaj and Sachinandan Maharaj they blessed us, hence we came first.
Praying for your good health Maharaj, may you inspire many more and attract them to the lotus feet of krsna.

Hare Krishna Guru Maharaj,
Dandavat Pranaam...
All Glories to Śrila Prabhupada...

Guru Maharaj , who by his Enthralling & enriching Vaani and Illustrious Vaishnav qualities & behavior has inspired this little being for over 18 years now to invest our heart and consciousness into all devotional activities and also to do all the activities with proper consciousness. Though I may not have been a perfect follower or anything near to that thus despite being absolutely unqualified in any ability to Glorify my , I would still try to express my gratitude in a humble spirit for my own Purification asking for his mercy towards my littleself with whatever little capacity I can.

Actually, I was thinking and recently hearing about Maharaja's mood when he was establishing the Chowpatty temple in late 80s. Maharaj used to always say that our Chowpatty temple or our all projects should be in the mood of Love, Care and Devotion. And since over my previous years actually, I had expressed my gratitude in my offerings using the acronyms of CARE and LOVE in 2 consecutive previous Vyaspuja offering book. So this time I thought of expressing my whatever little glorification or my feelings of gratitude for Maharaj using an acronym DEVOTION.

D:- (Devotee care). I was contemplating about how Maharaj is exemplary about Devotee care. I would just state one incident here when in Hungary there was one very big seminar which was going on. There were many devotees and many Gurus there and different, different devotees, whoever had different different kinds of expertise in their respective fields were invited to speak on those topics. So devotees from ISKCON Chowpatty were also invited , especially to speak on Devotee care. And then they gave a presentation on devotee care. HH Shivaram Swami Maharaj who was present there , after presentation said you have made a very big mistake, so devotee were quite fearful what mistake must have happened. He said I want to reprimand you for not taking name of HH Radhanath Swami Maharaj while you're representing devotee care system. He said every disciple of Śrila Prabhupāda has been infested with 1-1 aspect of Śrila Prabhupāda and on the similar line Śrila Prabhupāda has infused his aspect of Empathy and Devotee care fully into HH Radhanath Maharaj thus whenever you explain any system regarding devotee care if you don't take name of Radhanath Maharaj, It would be injustice to that particular aspect of Śrila Prabhupāda, HH Shivaram Swami Maharaj said this and HH Chandramauli Swami Maharaj expressed his agreement to whatever HH Shivaram Maharaj said. So this is what his God brothers and all the devotees have feeling about Maharaj the unprecedented way Guru Maharaj has established the devotee care system.

E for his (Empowering Vaani):- Maharaj's Vaani is actually transforming the people. The people with hard heart becomes soft hearted people. The people with a very tough disposition they want to cultivate the Vaishnav qualities. This is the power of his Vaani which also inspires a devotee to endeavor more in direction of investing his heart in the activities of Devotional service and execute his other duties responsibly with proper consciousness.

V for his special attachment towards (Vaishnava Acharyas) and I would like to emphasize this point the most in this small offering of my heartfelt appreciation for Guru Maharaj as there's so much to be spoken on this. But as we see in his Yatras, even when we go to South India Yatras, whenever we go to Shirangam he speaks about Sripad Ramanujacharya and other Sri Vaishnavacharyas , similarly when we go to Udupi, he speaks about Madhvacharya but when it comes to Gaudiya Vaishnavacharyas he speaks all the more from his heart's content and his heart blooms fully and there is showers of nectar coming out of his lotus mouth as if he has four mouths and thus he keeps on speaking about glories of Gaudiya Vaishnavacharyas for hours and hours. HG Krishnanand Pr, and Gaurang pr always mentions how Maharaj once had taken a

follow up yatra (Maharaj used to take a follow up yatra of very close senior devotees after the main yatra). So he had taken a yatra to Kheturi gram in Bangladesh where he started speaking about Narottam Das Thakur and his glories, Now as the schedule was very tight because of the previous (main) yatra was very hectic and they just had a plan that they will go take Darshan , do some Katha and then return in that way. Thus, everybody thought that Maharaj is going to speak for few minutes about Narottam Das Thakur and then they'll move on,But Maharaj started in the noon and went on, went on, went on till very late in the night. Maharaj was in full blown ecstasy speaking about Shrila Narottam Das Thakur and his associate and how they arranged the very first Gaur Purnima festival thus Maharaj's love and appreciation for Vaishnav Aacharyas got naturally exhibited thus devotees were saying that what kind of ecstasy Maharaj is experiencing while glorifying Vaishnavacharyas, how much deep attachment he has for. Gaudiya Vaishnavacharas in his heart, whenever he gets a chance, his heart pours out for those Vaishnavas. Once HG Gaurang Pr.was telling that still now he keeps that boarding pass of Bangladesh as his paper mark, Gaurang pr said You know, if somebody is going to US,UK, Germany, Japan, Italy we may have that kind of, fancy for those states that we have those things with us and we keep them as badge of honor or something , But then keeping a Bangladesh this thing from material point of view doesn't make any sense. But then how Guru Maharaj has attachment for those places? Because in Bangladesh so many places of our Gaudiya Vaishnavas Aacharyas are there. So Maharaj has so much attachment to that place because he has attachment to Gaudiya Vaishnavas Aacharyas that he keeps those passes as his bookmarks. Also we have seen in many of our yatras also,I still remember in 2015 Vrindavan yatra when the last time we had yatra in two Separate Holyplaces Vrindavan and Goverdhan, while we were at Goverdhan Dham where Maharaj was explaining once regarding Goverdhan Parikrama and glories of the places in the Parikrama in which he explained about Mansi Ganga and was going to explain more & then he said I want to speak something about Sanatan Goswami because near Mansi Ganga there is a place of Sanatan Goswami , .i.e.,his Bhajan Kutir which was exactly located near Sri Chakreshwar Mahadev temple on the bank of Sri Mansi ganga. Maharaj started speaking about Sanathan Goswami and it went out for a couple of hours and more. So of course It was scheduled to be Goverdhan Parikrama Lecture but Maharaj's heart for Sanathan Goswami (as soon as his topic came) poured out so much that Over Couple of hours Maharaj completely spoke about Sanatan Goswami and Rupa Goswami with full enthusiasm. We've seen his intense attachment for Vaishnavacharyas on multiple occasions thus also giving us inspiration to aspire for such consciousness.

O:- (Obedient servant) Maharaj Considers himself an Obedient servant of Śrila Prabhupāda and his identity comes from that point. Identity comes from that point. It means that ,he does not identify himself as Guru of his disciple. He does not identify himself as a very big preacher who goes into very very big big corporates. One of the testimonials to this fact is after achieving so much so much and quality devotees in India itself, he would have remained here and really reaped the fruits and he would have preached much more people. And he would have really enjoyed those fruit after 2010. But then after 2010 when he felt that the devotees in the India can take care of themselves. He entrusted the devotees over here in other senior devotee's care and went to foreign country where actually the preaching was losing strength. Preaching was losing strength in a way that the local people were not coming to Krishna Consciousness as muchas NRIs. There was a devotee in ISKCON who wrote that (like an hypothetical / imaginary story) that how a last foreign devotee in ISKCON will be there if we don't preach to foreigners and don't invest our Time and Energy in it. So Maharaj always wanted that, even foreign bodied devotee should be there in our movement because this was the desire of Srila Prabhupada in accordance with desire of HDG BS Saraswati Maharaj for bet-

ter acceptance and propagation of Krishna Consciousness around the world ,he knew it is much needed over there. So although he would have been very much glorified and would be much more comfortable if he would have remained here, he takes up that pain to go to US & other western countries and preaches there despitethe fact at many placeshe doesmany things like Cooking/ Driving himself. And it is not only pain to address to very less number of people over there , it is to be very much considered that for such an advanced devotee to speak on acharyas, to speak on CC, to speak on those topics which are very core to devotional service would be very very nourishing. But he chooses to go there like Śrila Prabhupāda and preaches to the people to whom he is supposed to speak very basic philosophy many times. But just because his identity comes from being a obedient surround of Śrila Prabhupāda he does that with enthusiasm and tolerance.

T:- Tolerance. We have enough heard about Guru Maharaj's tolerance but still there's much more to the spoken about his tolerance as his life is full of tolerance from ocean of such pastimes I would like to mention just a small incident , one of the devotee was saying Maharaj is a soft sleeper but he has never told anyone that he is a soft sleeper. But one of his God brother knew this and he told the devotees that ,Maharaj is a soft sleeper means his sleep gets disturbed by a very small things. Then devotees understood. ,how many times many devotees even in Pune yatra they slept beside Maharaj and many of them snored also. So Maharaj actually could not sleep in those days also. But then still Maharaj was very enthusiastic throughout the Pune Yatras in the upcoming days and would fill Thousands of devotees with Enthusiasm and Necter of Krishna Bhakti.

I:- Inspiration.Inspiration he gives in a many ways. But inspiration he gives to his God brothers is really really very illustrious in a way that one of the incident where a devotee was sharing that, ,there was a devotee who was very close to Śrila Prabhupāda but somehow after Śrila Prabhupāda left he was practicing in his own quarters. I mean he was not much coming to ISKCON but when he heard that HH RNSM is coming to New-Vrindavan, he came to New-Vrindavan , But his attire was different and his hair was long and all,many of devotees could not even recognize him. Maharaj was giving lecture at that time. This devotee came and sat somewhere at the back. Maharaj as soon as he saw him, Maharaj started glorifying him and then Maharaj started narrating an incident that how Maharaj was very junior and he wanted to offer something to Śrila Prabhupāda but Maharaj was very shy in nature. So this particular Prabhuji he understood Maharaj's desire and he offered it to Śrila Prabhupāda and thus he started glorify that devotee in the midst of the class so much that this devotee's heart got deeply touched thus he started feeling comfortable in coming back to the association of devotees and in that manner Maharaj inspired even his God brothers because he loved Śrila Prabhupāda in that way knowing well that Śrila Prabhupāda would surely want all his disciples to practice Krishna Bhakti happily all their lives.

O:- Odyssey. Odyssey specifically here used to indicate his journey, Guru Maharaj's journey for quest for the knowledge, quest for the purpose of life, quest for the searching the GOD & process to reach to him and thus ultimately the quest for Krishna consciousness. How his journey has inspired so many people. His Book The Journey Home and even his journey after coming to Krishna consciousness has inspired so many people. This is Odyssey and unlimited incidents connected to the same are unbelievably amazing and inspiring for both the newcomer & advanced devotees.

N:- Naam Ashray. HHBRS Maharaj was telling that HHRNSM at a deep core level wants his disciples to not only remain on the platform of Naam Grahan but he wants his disciple to be on the level of Naam Ashray. He says , he used to (in earlier days) with very close devotees he used to speak in Naam Grahan you just take the holy name or accept the holy name and chant it. That is very good. But what he expects from his dis-

ciples is not only chant the holy name, but take sincere shelter of the holy name and HHBRS Maharaj was telling that Guru Maharaj's entire life is based on this particular mood. Whenever he chants he chants very intensely and also makes sure he chants in the association of devotees. Whenever he does Kirtan he does Kirtan very intensely with heart. All these he does in the mood of taking shelter thus exemplifying the Mood of Surrender which is at very core of devotional service. As he knows and teaches that any service done with this consciousness has potential to give us Krishna Prem which is ultimate goal of Human form of life.Thus important concept of Naam Ashray is both taught by his lecture as well as activities ,this is what his mood is of Naam Ashray.

I humbly pray to Gurudev to please shower me with his mercy and empower me to follow his instructions with enthusiasm and patience thus enabling his insignificant servants to move towards perfection of life with his divine blessing.

Aspiring to serve you,

Your insignificant Servant

Hare Krishna Maharaj
Please accept my humble obeisances at your lotus feet

Last year around your Vyas Puja a very good friend of mine shared to me the poetic offering of HG Amarendra Prabhuji for you... hearing that I also got inspired to write a poem on your glorification,little did I know that that attempt of mine would become a lesson for me.So what happened during that attempt is described in the poem below...
My Inability
When I heard your praises through your disciples
So I thought why not try it myself?
Let your stories be put into words
Then what was it, I pushed the chair, stretched my arms, I was ready.
I looked for paper, picked up a pen and then I was surprised.
When I looked carefully, I found
The ink in my pen was equal to a drop
When I thought about it, a voice echoed from my heart -
"Express your feelings on paper,
Those disciples are strong with love
Do not consider these as mere decoration of letters
Every letter is a flower of offering at the lotus feet of the Guru."

The heart insisted and said -
"Let's hear a truth today
These disciples are very rich
They don't write with ink,
They have different tools.
Squeezing out all the love from their heart and filling the ink of the pen.
Immersed in the ocean of Guru's virtues, the disciples find the pearls.
Even Kuber's treasure cannot really fathom whose value
It's these pearls that decorate that white paper
When the weight of gratitude becomes unbearable
The hands begin to falter and,
Emotions become tears and wet the paper."

This is my position Maharaj...I am in no way capable of glorifying you because to glorify someone one needs to know that person and honestly I am still in the journey to know you,to understand your principles and instructions.This year has showered many blessings in this regard.This year I read your autobiography for the second time and this time got to understand your journey little better than before.This year Krishna being so merciful gave me the opportunity to have your darshan.From the very first day I got the news of your arrival in Kolkata, to praying to Krishna so that the plan don't get cancelled,to asking for His mercy so that I could make it despite all hindrances,to planning to arrive at the spot early to get the front seat and to see you

from very near to waiting for you...each and every moment was precious and I pray to Krishna that this eagerness remains the same for every such opportunities to come. You know what Maharaj devotees ask me why I don't start aspiring from you.It's not that I don't want to do but my incapabilities stops me to do so.Everytime I hear your lectures,everytime I hear your Bbeloved disciples glorifying you the essence remains the same in all-to cultivate the virtues of humility,kindness,compassion,surrender to Shri Krishna and to Shri Guru.I don't have even a drop of these virtues in me right now.I don't want to start aspiring just for the sake of a ritual Maharaj.Reading the biographies of your godbrothers and godsisters I have understood one thing for sure that being a disciple is not just a tag but this tag carries a lot of responsibilities.
The thought of starting aspiring,initiation and becoming a disciple seems very far to me.I am in no hurry to get initiated, let it happen by the will of the providence at its own pace. I also know its not under my control,what's under my control is my sadhana which I don't want to give up at any cost at any time.I always have this fear of losing it.I have requested to Srila Prabhupada and I am requesting to you as well please don't let this fire of fear to ever get extinguish from my heart...if prema cannot drive me,let fear be my fuel at least.Please bless me so that I never get slacken in performing my daily sadhana and to gradually develop the right mood of performing devotional activities.

Looking forward in my journey to understand the urgency of following your instructions even better,to develop the mood of surrender unto Shri Krishna and unto you Gurudev.I won't lie by saying that I feel it completely but although not visible to my conditioned eyes I believe that your merciful lotus hands are upon me always.

Yours insignificant aspiring servant

Hare Krishna, All glories to Srila Prabhupada! All glories to Sri Sri Guru and Gauranga ! On the occasion of the 73rd vyas puja of His Holiness Shri Radhanath Swami Maharaj, I offer crores of my heartfelt obeisance at his lotus feet. I was reading shriman Vrin-

davan Das Prabhuji's Guru-Smaran book. It is a beautiful book on how we should cultivate the perfect Krishna consciousness on the spiritual path in life. While reading Guru-Smriti, on page 62, Guru Maharaj said that Kali Yuga is full of quarrel and hypocrisy. Everyone has their own separate will. Showing the index finger of both hands, Guru Maharaj further said, "These two fingers can go in opposite directions. Also, while keeping both index fingers in the opposite direction, he said that do not go like this. Instead, joining both index fingers, Guru Maharaj said that you should join/ cooperate Vaishnavas. And if you can't join them or adapt with them then at least, don't get separate. Keep the Vaishnava Sangha together. Go in the same direction. Shri Guru Maharaj's message is that collective unity is more important than individual purity. Let us accept many such qualities of Guru Maharaj which are very important for our spiritual progress.

Thank You.

This quality of Yours reflect when you speak the Gaurlila pastime , dealings of shri Lord Chaitanya with his devotees.
Your lectures gives me boost in my life.
Your have qualities like nameruchi , jeevdaya and vasishnav seva.
I have witness this quality of Nameruchi when i see you while chanting and doing kirtan.
Quality of jeevdaya seen when you delivered your lectures of Shrimad Bhagvatam. Shows compassion on fallen condition souls.
Also exibited this quality by seeing the extended preaching centers throughout India and abroad.
Vaishnav Seva quality seen by serving God brothers and devotees.
There are innumerable qualities of yours. To describe them is like bird trying to find the limit of sky.

Hare Krishna dear Gruru maharaj !

Maharaj , this is my first offering to you and I am feeling really anxious .
I don't know what to write because my mind is overwhelmed .

And honestly I am little scared that I should not disappoint you !

But somewhere deep inside my heart I know that just like a loving father , you would accept my little endeavour and bless me.

Maharaj , sometimes I feel , just like krishna you are also full of contradictions...

So elevated yet so humble..
So learned yet so down to earth ..
Super busy yet always available ..
Highly scholar yet so devoted..
Ever smiling yet so grave..
So austere yet so easygoing
So out of our reach yet so personal ..

Maharaj, I fail to understand
how you are travelling so much at this age just to give your divine mercy to everyone without consideration of any qualification ...
So many people gather around you expecting your one smiling glance and you fulfil everyone's desire .. keeping aside your per-

sonal inconvenience..

Maharaj , I am not even a drop in an ocean of your devotees but just as a drop has same qualities as rest of the sea, I also yearn to imbibe qualities of other exalted Vaishnava who are perfectly following in your footsteps ...

Children always ask from their parents and never become eligible to give them anything .. similarly I can just ask from you a drop of your mercy in the form your blessings so that i can contribute my bit in SP's mission because I know how much you want to take ahead this mission of SP.
ys ,
Prachi.

tṛṇād api sunīcena taror api sahiṣṇunā
amāninā mānadena kīrtanīyaḥ sadā hariḥ
This verse from Siksastakam truly defines the real characteristics of our beloved Guru Maharaj – HH Radhanath Swami. He is the living encyclopedia of sastras – the personified 'Vyakti Bhagavatam'. Still, he is as humble as a blade of grass on the street which does not want any recognition. Guru Maharaj is a true role model when it comes to humility, and he wants his disciples and followers to keep the humble attitude no matter how elevated he or she becomes in practicing Krishna Consciousness principles.
Our Guru Maharaj is transcendental to the three modes of material nature, beyond the bodily concept of life. Therefore, he remains equipoised amidst the dualities of life: happiness & distress, heat & cold, profit & loss, honour & dishonour, etc. He is as tolerant as a tree and preaches the same tolerant attitude to his disciples and followers.
Our beloved Guru Maharaj is ready to offer all respects to others and expects none for himself. He is a true Vaisnava who considers any respect offered to him as a hot potato and does not keep the same to himself. He passes on all the respects to Srila Prabhupada and previous acaryas and ultimately the same reaches to Lord Sri Krishna, Who being the absolute truth, can handle the same very easily.
Once someone asked the Guru Maharaj why he does not carry any deities with himself like other ISKCON sanyasis. Guru Maharaj replied very nicely, "The holy name is my deity". Since Krishna's name and His forms are non-different, Guru Maharaj carries the holy names of Lord Sri Krishna in his heart and chants the Lord's names constantly wherever he goes. The Lord Sri Krishna says in Bhagavad Gita verse 9.14:
satataṁ kīrtayanto māṁ yatantaś ca dṛḍha-vratāḥ
namasyantaś ca māṁ bhaktyā nitya-yuktā upāsate
"Always chanting My glories, endeavouring with great determination, bowing down before Me, these great souls perpetually worship Me with devotion." Our Guru Maharaj, a great soul, is a true personification of this verse of Bhagavad Gita. I offer my humble obeisances on the lotus feet of our beloved Guru Maharaj. JAI GURUDEV!

"Dear Guru Maharaj.
Please accept my humble obeisance.
All glories to you on this most auspicious appearance day of your divine grace."

Maharaj by your merciful glance this insignificant soul has got a chance to begin its spiritual life and everyday experiencing new realization in spirituality. In few years of my Krishna Consciousness life, I have achieved a lot. I am able to render some service in association of devotees. All the auspicious moment what has come to my life it has come by your causeless mercy. Now, my only desire is that no forces in this world should shake my determination & take me away from serving you.
(Below is small rhyme presented by amateur soul)

In the realm of youth with dreams so bright,
A searching soul sought a path of light.

Career's call, a common quest,
Yet deep within, unrest expressed.

Monasteries beckoned with open door,
Gratitude met, but something more
Lingered within, an elusive quest,
A truth untold, yet to manifest.

In the journey's dance, a moment divine,
A great personality, wisdom's shrine.
The Supreme Truth, a revelation rare,
Within the heart, no more despair.

Dedicating life to the spiritual guide,
Srila Prabhupada, in whom confide.
Ice water baths, a humble start,
No complaint, no grudge in his heart.

A hospital's halls, where healing's art,
Transformed into Krishna's sacred part.
Prestigious students, with minds aglow,
Study Gita's verses in wisdom's flow.

Professionals, housewives drawn near,
Inspired by Maharaj, the message clear.
Children nurtured in Krishna's love,
Guided by devotees, pure as a dove.

A gifted speaker, words profound,
Vedic wisdom, a treasure found.
Spiritual values, he imparts with grace,
Love, selflessness, in every embrace.

His classes, a timeless refrain,
Transcendental messages that sustain.
In our hearts, may they eternally ring,
A melody divine, like the songbirds sing.

Under his guidance, diverse souls unite,
In Krishna's service, their hearts alight.
ISKCON Chowpatty, a temple grand,
A model for devotees from every land.

Srila Prabhupada's legacy embraced,
Leadership nurtured, qualities laced.
A beacon of light, Maharaj stands tall,
Creating leaders, inspired by the call.

Unlimited virtues, beyond measure,
A pure devotee, a spiritual treasure.
Wisdom lacking to fathom the grace,
Of Maharaj, who Krishna does embrace.

I beg Maharaj to give me knowledge, intelligence and determination so that I give up all types of sense gratification, give up all the anarthas and develop great attachment to chant the holy names of Krishna, read Srila Prabhupada books and serve the devotees.

Namaste Sarasvate Deve, Guara Vani Pracarine, Nirvisesa, Sunyavadi Pashchatya Desa Tarine

To : A Pure devotee, directly connected in Bonafide Sampradaya, His Holiness Radhanath Swami Maharaj

Hare Krsna Maharaj

Oh Maharaj You're indeed a pure devotee, a Brajwasi otherwise how can one be indeed directed through so many miles away from London, Italy and Afghanistan to India
The fact that Mother Ganges Revealed Hare Krsna Maha Mantra to you personally, the fact that Rama Sevaka Swami personally had a dream wherein Lord Rama spoke that you're a devotee of Krsna, and to only tell you about Krsna not Rama, the fact that Ghanshyam Das Babaji Maharaj considered

you Gopijanavallabha's friend, and Srila Prabhupada himself out of such a huge crowd of devotees, called you to sit beside him are true indicators of your being not ordinary, not of this world.

In your autobiography also, the urge to take shelter of God by praying by feeling helpless, and meek and humble in front of him display how much you actually take shelter of the Supreme Personality of Godhead
You just wanted to pray – "When will I cry like a baby for my Lord"
"I long to know you and Love You. Pls show me the path I must follow"
might seem esoteric but completely are transcendental dealings of a pure devotee and his Lord. They completely explain why you can be a prayerer

I am fully convinced that you might be walking amongst some of us but you're not of this world.

The utter surrender of yours to your superiors, especially Kirtanananda Swami Maharaj and Srila Prabhupada is completely out of this world – From being Temple Pujari to cooking all the offerings, to dressing the deities, to going down by climbing down the mountain which was sometimes muddy, and very slippery, for performing night kirtan and at the same time protecting the rats from eating bhoga while offering, the way you willfully reduced your sleep to 1.5 hours and at a time not sleeping at all and later continuing to wear an ants infested garland are crystal clear indicators that you are already beyond the material modes of nature.

The way you present philosophy is also very enchanting especially when you go on to describe the pastimes of Lord spontaneously for hours and hours together making everyone feel that they are living the pastime is completely captivating
This glory of the lord can come through only if one actually has witnessed them personally very thoroughly

The love that you have for devotees is very evidently seen by how much you personally care for your god brothers

Everything about you, your lectures, your kirtans, your devotees, your care is simply wonderful
Pls help me to completely surrender onto your lotus feet to burn like camphor, to keep devotees around me happy, to serve them offenselessly, to try to chant attentively and to have very attentive dealings, to give out my heart and soul unto you, to offer all of my life to you, Srila Prabhupada through HG Sri Rohini Nandan Prji whom I see represents your care in my life.

Pls help me for I am very much duplicitious, proud, arrogant and filled with anarthas
Pls help me to just want Krsna, serve him
Pls help me fulfill my desire to serve you through your devotees
Pls help me, oh Brajwasi, that I cry out the names of Guru and Gaurnaga all through my life to preach the glories of Lord Nityananda and to always be under guidance of superiors through the grace of Krsna flowing from you through your representatives

Pls help me maharaj to give this life up as an offering to you

Hare Krishna...
Please accept my humble obeisances.
This a very, very tiny attempt to express my gratitude and offerings to my beloved Gurudev HH Radhanath Swami Maharaja on the auspicious day of his appearance in this world.
I have nothing to give to my Gurudev on his Vyas puja day except my heartfelt prayers for his good health on the lotus feet of Sri Sri Radha Gopinath, Lalita Vishakha, Gaur Nitai, Gopalji, Gopijan Vallabh & Srila Prabhupada.
Being an aspiring disciple of His Holiness is my great fortune. His books and audio keeps us motivated to grow in spiritual practice. His Kirtans teach us how to cry out for our Ishta Dev Sri Sri Radha Gopinath. His compassion for the world teaches us how to be a good human being.
I would like to share one of my best personal realizations are – After seeing devotees serving Gurudev personally I also developed a desire to serve. Although I am not qualified still Maharaja showered his mercy on me and came into my dream to have Khichdi Prasad & I saw I was serving him; I didn't know that time that he likes to have Khichdi. Although I am not qualified to serve him & and to be his disciple. I got the conviction that Maharaja accepts menial service if we desire and sincerely pray. Thank You, Gurudev for accepting my service although it's in my dream.
One Odia Prayer for Gurudev -
Bhava-Sagara Tarana Karana Hai
Ravi-Nandana Bandhana Khandana Hai
Sharanaa gata Kinkara Bhita Mane
Gurudeva Daya Karo Dina-Jane
Mana Jena Rahe Tava Shricharane
Gurudeva Daya Karo Dina-Jane
I Hope Gurudev will accept my prayer & keep me under his shelter to progress in Krishna Consciousness.
Please forgive me & edit if anything is written unintentionally wrong.
Thank you for giving this opportunity for the offerings

Your menial aspiring disciple

My dear Maharaj, please accept my humble obeisances!

Thank you, for accepting an insignificant person like me as your disciple. I will be ever grateful to you for this. On the auspicious occasion of your Vyasa puja, I pray to the lordships for your good health for many more years to come. Like any other Kartik yatra organised by you, this year's (2023) was also very enlivening and rejuvenating, inspiring all of us to take to the process of chanting and serving in association of pure devotees in the mood of servant of the servants of the lord.

Maharaj you have always inspired me by you compassion and genuine humility. You always wanted each of your disciples to cultivate this essential quality, but I must admit that I find this to be the most difficult of all due to my past conditionings. While I continue trying to become humble and serve in this mood of the servant of the servants of the lord in the association of the devotees, I would require your blessings.

Maharaj, I have an intense desire to perfect this life in this lifetime only, but this would require a lot of focus, determination, guidance and your blessings. Listening about your hardships and realisations makes me feel that an insignificant person like me can also attain perfection. You make difficult spiritual teachings and processes very easy to understand and manageable to follow. You have demonstrated this by your personal example and through many of your senior disciples. I see your teachings being fully understood and followed by your senior disciples. I too seek their divine associations and yearn to follow the teachings diligently.

Thank you, Maharaj, for coming in my life and showing us the path to real enjoyment. I am 100% confident that by walking this path of real surrender to Krishna, all of us will attain perfection.

Hare Krishna Dear Guru Maharaj,

Please accept my humble obeisances.
All glories to Srila Prabhupada!

I am so extremely grateful to all the devotees who have given this chance for even a most fallen soul like me to express my gratitude for Guru Maharaj. Maharaj without your unlimited compassion and mercy which flows through your dear disciples, I had no chance of ever coming to Krishna Consciousness. I am eternally grateful for this and I hope and pray that I will be able to serve all the devotees.

In Tamil there is a proverb which says. “What value does a monkey give if we place

a beautiful garland in its hands". Similar to this was my situation where even though this beautiful garland of Krishna Consciousness was given to me I couldn't appreciate it. But it was when I read the Journey home that I really for the first time got a glimpse of what devotion to the Lord really means and what an invaluable ornament this Krishna Consciousness is. Your mercy through your words in the book was the most needed rainfall in the parched desert of my heart maharaj.

During my time away from India i was always thinking will i ever be able to take your association by being present in your lectures, yatras etc., It all was a distant dream for me maharaj but by the mercy of Vaishnavas i was soon able to come back and I was able to be in your divine presence for the first time on the most auspicious day of Ram Navami during your lecture in ISKCON Chowpatty. I was initially not being allowed the inside temple hall as it was full and I was very anxious and was praying to the Lord that please give me a chance to go in and somehow I was waiting outside and got in maharaj. It was so overwhelming for me Maharaj because seeing a sea of devotees with so much eagerness to receive you with all their love, I found myself thinking what qualification do I have to even be here. I was completely humbled maharaj.

Recently I was given the chance to come for Karthik Yatra maharaj. If chowpatty was a sea here was an ocean of devotees with so much love pouring out from their hearts to take your divine association and just waiting like honey bees to hear the nectar of Krishna katha from you. We all know how Srila Prabhupada is the greatest magician for whom impossible is only a word found in fools dictionary. Being his dear son i saw the impossible magic that you have created following the footsteps of Srila Prabhupada. Thousands and thousands of devotees, so happy, so blissful, so humble and always ready to do seva. What a magician you are maharaj? Seeing those blissful devotees really made me introspect my own devotional practice and humbled me to the core that i have nothing to feel proud about. Most important thing was i was so happy to be in this state of mind maharaj. I understood that pride is just like a burning coal in our hand. You have always mentioned that to be in a humble state of mind is the preliminary requirement for advancement in bhakti. I hope and pray at your lotus feet that let me never get proud of anything and always be humble state of mind and in a mood of unalloyed service to Their Lordships and the devotees.

In this yatra I experienced some of the most profound moments in my life maharj.One time i was trying for 2 days to give Lord jagannath's cloth to you but i couldn't maharaj but then one night after the class i was similarly trying to give but was not able to but then a senior Vaishnava asked me should i try to give and just in a moment you turned and got it from his hands and smiled so wonderfully to him and thanked him for the gift. Although i was not there in the picture during this whole interaction between you and him i was so so happy to witness this maharaj because it struck me how one should not foolishly try to approach you thinking i am qualified only by the mercy of your dear disciples that i will ever be able to take your shelter. If they are pleased then you will be pleased maharaj. The very next day again I tried to give you a small twig from the siddha bakul which I had with me for the last 4 years. This time you kindly accepted it from my hands maharaj. So again I was thinking because the previous day that senior vaishnava was so happy and pleased that you smiled and interacted with him today i was given a chance to give a small present to you and not only that i was also able to take the dust off your lotus feet. I really can't explain the surging emotions which i had inside me maharaj but i took a vow that day i will never take your mercy cheaply and i will try with my life and soul to do something to the best of my capacity to serve you maharaj.

Krishna consciousness is so wonderful maharaj. Everything is given to us, the way to approach a guru, the way to approach the Lord, the Vaishnava etiquettes and everything else. There is no need to think if some-

thing will work or not. We just have to follow what is said. For example i understood how the statement that the guru is pleased when we please the vaishnava is so true with the small reciprocation that i had with you maharaj.

When leaving from the yatra to station for the first time in life , I felt that I am profoundly missing someone from deep within the heart and that I just don't want to go maharaj. I was already in tears and it was just magnified by the sweet singing of the rickshaw driver who sang the glories of Lord Jagganth out of his natural devotion to Him all the way till we reached the station. It was an intense experience for me maharaj and I will never forgot those moments. I have heard form devotees how they feel separation from you when you are away for long time but that day i got a small glimpse of that maharaj.

From the core of my heart I thank you for everything you have given us maharaj. I really have no qualification for any of this but your mercy is so overwhelming that even a person like me who is worse than Jagai and Madhai is given a chance to become a devotee and take the association of devotees and serve Their Lordships. My only prayer is please accept this fallen soul under the shelter of your lotus feet and kindly give me the intelligence and strength to serve this glorious mission of Srila Prabhupada eternally under your guidance.

Your insignificant servant of servant,
Prasanna.

Hare Krishna HH Radhanath Swami Maharaj ji,
Please accept my humble Obeisance's,
On this auspicious day of your appearance, although I am not qualified but for my purification and to express my gratitude towards you, I am writing this offering at your lotus feet.
I have heard from you that devotees are even more merciful than Krishna, which is so true. In your form, we got our cherished spiritual master who came to this burning material world to save fallen souls like me and to guide us spiritually, mentally, physically, socially in all ways in order to go Back to Godhead.
You explained us how we are entangled in the web of Maya devi, and how simply chanting the Hare Krishna Mantra with the attitude of servant of servant of servant, we can become free. You explained lucidly the ways to practice Krishna Conscious in the family life.
You have showered the rain of nectar upon us in form of your classes of Srimad Bhagvatam, Bhagavat gita and Chaitanya Charitramita. By your causeless mercy, I am able to continue my menial sadhana and seva. By your attitude and behavior, you have taught us the true essence of becoming the servant of servant of devotees. Then only Lordships Radha Madhava will be pleased.
I am very grateful and fortunate for getting the chance to attend the spiritual yatras organized by you, where we get association of your grace and hundreds of devotees, from all around world. By your example and struggles you faced just to give us benefit of Krishna consciousness, you have melted out stoned heart of millions of fallen soul, your humble services like doing alone cooking for deities, preaching intensely with humble mood, cleaning, deity worship, singing kirtans, etc. has energized our devotion. And despite of getting all things ready-made, I am not able to practice bhakti with full intensity and increase KC movement.
On this day Sri Guru Maharaj ji please bless me so that I can also follow in your footsteps and become a sincere disciple to actually please you and guru parampara. Please bless me so that I can see whatever I am getting good association, opportunity to serve, prasadam etc. as your blessings and can follow your teachings year after year in mood of trnadapi sunichena.
And please forgive me Guru Maharaj. I always fall short of my superior and equals expectation, many times bring my own false ego instead of your pleasure, gets disturbed by temporary things instead of embracing

eternal assets given by you, find faults in devotees instead of seeing their brighter side. I do not have any hope other than your mercy to become better devotee.
Thank you very much guru Maharaj ji for keeping me under your safe shelter.
Hare Krishna!
Your eternal Servant,

Hare Krishna Respected Maharaj,
Please accept my most respectful humble obeisances unto your lotus feet.
All Glories to Srila Prabhupada.

As always I am very grateful and fortunate to again get this opportunity to glorify you on this most auspicious occasion of your Vyas Puja.

Dear Maharaj, recently I have been observing and discussing with devotees about how you are so non-judgemental, accomodating and considerate of everyone's nature in your dealings. I have observed at times the moods of other god brothers of yours or other leaders may differ, but you deal with them so meticulously for their pleasure and ultimately for the pleasure of Srila Prabhupada. You always focus only on the common things and make them the basis of sweet relationships.

Maharaj, as you always emphasize on sharing what we have with others, in last one year, I have started little bit of preaching service under the guidance of senior devotees. But still I fell short in many aspects like taking care of the boys and making relationship with them. I wish to put more endeavor in that direction. On personal front, by the mercy of the Lord and your blessings we are expecting a new member in our family in 3 months. We are trying our best to give devotional impressions to the baby in the womb. So, for the next one year, I am planning to properly give love and care to the new born in the right mood. And, give love and care to the boys I am preaching.
I beg for your kind blessings and mercy so that I may get strength and intelligence to fulfill these endeavours. Please keep me under the shade of your lotus feet which is the safest place for me.
Thank you Maharaj for everything.

Trying to be your insignificant servant,

Dear Srila Gurudev,
Please accept my humble obeisance at Your Lotus Feet.
All Glories to Sri Guru and Sri Gauranga,
All Glories to Srila Prabhupada

Extremely grateful to You for Your causeless mercy upon me, for this Year's Kartik Yatra 2023 to Sri Kshetra Jagannath Puri Dhaam. It is my great fortune to be under the guidance of Your Servant of Servants. Just wanted to express my gratitude by:
A- Association- So many devotees association I received in Yatra, which gives me a great boost to go ahead in my life.
B- Books- Your Vani in form of books and lectures is so nourishing and to be very frank, Your words exactly hit bull's eye when needed for me. Thank You for knowing me in and out and helping at every point.
C- Chanting- Lava matra sadhu sanga sarva siddhi haya, became true for me, as I was very inspired and touched by sitting with You for chanting in Yatra, and pray to You so that I keep remembering those Golden moments .
D- Diet- Such amazing Krishna Prasad in Yatra, which You personally cooked and always glorified with many mouths in Yatra, and showered mercy on me.
E- Engagement- Under HG Vikram Gauranga Prabhuji, got the opportunity to do service of Lamps, which is due to Your causeless mercy of bringing all Vaishnavas together. Fortunate to get this service in month of Kartik in Dhaam.
Among Your unlimited Vaishnava Qualities, few highlights are Your dealings with Your God brother's and God sister's, Humility, Giving respect to all, Always absorbed in chanting, serving devotees. One another thing which inspires me is the way You tell Gaur Lila Pastimes, and so many names and

details You clearly remember, which takes anyone direct entrance to such wonderful pastimes. Even here in maleccha desh, I am able to get all A, B, C, D and E is just by Your causeless mercy.
I humbly pray at Your Lotus Feet to keep showering Your Causeless mercy and pick me up from this material world and place me at Your Lotus feet to serve Srila Prabhupada in mood of Servant of Servant of Servants. Forgive my offences at Your Lotus feet and Bless me to be under shelter of Srila Prabhupada.
Thank You so much.

Thank you very much Gurudeva for your deep compassion and mercy upon such an undeserving soul like me. Anything that I'm able to do is because of your mercy alone.

I'm fearful of living a life that is not offered to you in your service for even a moment. Please help me dear Gurudeva, so that I can engage my whole life in loving service to you in a way that pleases you. I cannot trust my mind, for it's bewildering and I'm filled with anarthas. Hare Krishna Guru Maharaj,

Please accept my humble obeisances. All glories to Srila Prabhupad. All glories to the kind servants of Srila Prabhupad serving the Rupanuga guru parampara. All glories to you and your relentless service.

Maharaj, our relationship is defined by your kindness in the form of your association in person and through vani. I feel myself very fortunate to have had your association this year during Sadhusanga where your focus and mood during guru puja has continued to be my constant meditation when in the presence of Sri Panchatattva. By your kindness, I have had the opportunity to serve Sri Panchatattva's pujaris in Laguna Beach and this has very much inspired me to higher standards of internal purity. I remain very grateful to your servants for this opportunity afforded despite my disqualifications.

Through continued hearing of your lectures, I have come to understand that I have no spiritual connection without hearing

your voice. For going above and beyond to give yourself to us through your vani, we remain eternally indebted. I pray that I may develop my attachment to your message and begin serving with humility so as to at some point begin developing my relationship with Sri Nama prabhu.

Param pujya guru maharaj,
Please accept my humble obeisance , all glories to Sri Guru and Gauranga, all glories to Shrila Prabhupad. I sincerely thank all the vaishnavas to give me the opportunity to express few words on this auspicious occasion. It is said that people observe your actions , dealings , behavior, rather than what you say. Maharaj , most of us even though do not have personal association with you but are attracted to you because of your robust personality, and vaishnav qualities.
In your book - Journey Home, we see many instances which shows your vaishnav qualities. Recently in the Jaganath Yatra , we have seen that more than ten thousand devotees participated from all over the world and the arrangements were so perfect that nobody had any difficulties. The management was absolute, even the top class professionals can't match this. It was amazing. This is the result of your immaculate training. All the ten thousand yatris are witness to this spectacular event.
Maharaj, you are expert in everything, both in material and spiritual aspects of life. You are dealing with so many varieties and types of people yet you get the best results. It appears you know everything and deal with each individual, according to their potentials.
Maharaj, from your lectures, not only the siddhant of Krishna Consciousness is crystal clear, but also the most difficult part of practicing the siddhant. On this auspicious occasion for the benefit of all the devotees, I am enumerating some of your subtle instructions which are so important in practicing of spiritual life. If not followed carefully it is like a holed bucket with Full Tap On but remains empty.
Kindly meditate on Maharaj's instructions this day to protect ourselves from the dangerous attack of subtle anarthas.
1. We want to feel like 'I am better devotee' this is like drinking donkeys urine for the mind. This is a result of false ego. Then what is real ego. Real ego is I received mercy from my spiritual master because of which I have advanced in Krishna Consciousness. Let me pass on this mercy so that this devotee advances more than me. This is joy of soul. I know it is very difficult consciousness, but you must aspire for it or at least meditate.
2. Desire for recognition is the root cause for all the subtle anarthas.
3. So long as the heart is tinted by the desires for elevation and salvation, no spiritual enlightenment is possible. The heart which is scorched by the malice, anger, lust etc. even if the seed of bhakti is planted, in no time those seeds will be polluted like the iron that gets rust due to exposure at the sea side.
4. Those who are after the spiritual attainment will ever be conscious about the evil consequences of lust , anger , pride, envy. Therefore by all means they will subdue them.
5. Anger robs of the entire virtue of a pious and ritualist. Anger like forest fire in no time destroys feelings of kindness and charitable dispositions.
6. Who can have control over his egoistic vanity ?
Even the great philosopher and mendicants fall victim to self aggrandizement, where as it is the fact that so long as one can not eschew from his heart this worst enemy, how can he advance. Even the spiritual self aggrandisement brings forth the vanity of birth, learning, wealth, personal beauty, fame, reputation and prowess.
A yogi who has acquired tranquility of his mind has eschewed from his heart all vanities or egotism but he feels proud to think "I am a brahma gyani". What a wonder this spiritual aggrandizement does not leave him. Again as exalted soul who actually has eradicated from his heart all types of

egotism and totally given up all the desires for worldly enjoyments has gained the wisdom of self realization but feels proud of thinking "I am beyond any worldly affinity" alas such self ego does not leave him. Therefore who can be free from total egotism. Maharaj this is the condition of advanced spiritualists, what is the position of we neophytes whom you accepted as your disciples. We are like crying babies totally dependent on your mercy and at the same time we lack the humility to receive them. Guru Maharaj like a loving mother you are spoon feeding us with your compassion, we all humbly and sincerely pray at your lotus feet and express our gratitude for everything you gave us.
I seek the blessings of all the vaishnavas to follow the instructions of Guru Maharaj in proper perspective and special blessings to get rid of enjoying spirit and be able to develop service attitude in a mood of servant of servants.

Hare Krishna Guru Maharaj please accept my humble obeisances. I am so indebted to you for all the gifts you kindly offered me. Your life itself is a glorious example for me to meditate and aspire for pure motivations, right etiquettes, service attitude and gratitude.

You have gifted so many of your wonderful disciples whom we can follow and learn to develop the finer aspects of Vaishnava sadachara, and philosophy. You yourself taught by your personal example How to treat one's god brothers and sisters, always in the mood of humble servant of servant, appreciating and delighting in their achievements and contribution in the mission of Srila Prabhupada.

This is a perfect example of non envy, the quality of one who is the resident of Goloka, This teaching you lived by personal example and repeatedly emphasized in your classes. This is the quality of one who is delighting in the glories of Krishna and service to Guru and krishna.

Unfortunately I get carried away by pride and envy, not releasing my only qualification is your causeless mercy. As we learned from Caitanya caritamrita, a soul after wandering this universe since time immemorial, in so many species of life become fortunate to receive the mercy Spiritual master.

Whatever faith I developed in HDG Srila Prabhupada, our Acharyas, Holy Name, and Vaishnavas, Holy Dhams, Srimad Bhagavatam is all your causeless mercy.

When it comes to reciprocating with your mercy, I have great difficulty due to my previous wrong choices, they are haunting me and causing me great impediments in holding on to mercy. But still what I have is your causeless mercy.

You said " sincerity in sadhana and eagerness to serve are the basis of one's relationship with Spiritual master". I could observe in your life and the life of HDG Srila Prabhupada, you are always feeling the presence of Spiritual master in every aspect of life, dedicating all your activities for their pleasure.

As Srila Narottam Das Thakura sings chakshu dan dilo jay janme janme prabhu sai divya jnana hrde prakasito....i am indebted to you life after life, but what you expected from us to treasure this great gift and distribute to others, for fulfilling this desire of yours, i need your blessing and prayers without which it is impossible to carry on in my Krishna Consciousness journey.

Dear Guru Maharaj,
Hare Krishna
Dandavat Pranam
Jai Srila Prabhupad
Maharaj, I'm making this offering at your lotus feet for the auspicious day of your Vyas Puja although I Don't deserve it at all and I'm not anywhere or in any way qualified

to do so . But by your mercy and Krishna's mercy , I'm able to do so and I'm eternally grateful really. One of the reasons I'm doing on the last day is because I thought I'm not qualified at all as I lack any knowledge whatsoever.
All I can say is the moment I saw you on YouTube one fine day , without having any knowledge about you . I felt I need to take the dust off your lotus feet and you are my Guru for life times . Then, you were so merciful that I was fortunate enough to receive Hari Naam Diksha from you in LA in 2022 July.
Then after that when I faced some personal life challenges, I was like how do I approach you , there's no way I can do that. But then in a few days of remembering you and asking for your guidance, it all got resolved in a beautiful way. Basically, you told me through that experience that you don't have to be physically present to guide me , it's always with me whenever I request for it .
I'm still trying to fit in with my amazing God sisters and brothers families and I know I'm way way away from it but all I try is not to represent you incorrectly. I don't mind people pointing fingers at me but wouldn't like it if anyone points fingers at you because of me . Please keep showering your mercy and forgiveness on me Maharaj as I'm the most lowest and undeserving disciple of yours . I'm ashamed that I'm still asking you some wishes instead of being able to offer you anything :((
I also realize Maharaj that you prefer seva from all the devotees and I lack majorly in that, but I'm praying that I will get the opportunity to do that more .
I want to express my deepest gratefulness for taking me under your shelter, please never let go and thank you for everything.
Hare Krishna Maharaj

Dear Gurudev,
Please accept my humble obeisances! All glories to Srila Prabhupada. All glories to Sri Guru and Gauranga!
Maharaj, you have given so much. First of all loving and caring Godsisters and Godbrothers, without whom my devotional life will not exist. Then the wonderful yatras for so many years...these yatras are what keeps me going during tough times. Your lectures are like a light house, guiding me through the ups and downs in my consciousness...I say to myself that your lectures are like My Master's Voice. The devotee care that you stress upon is helping innumerable people of different backgrounds to appreciate and take Krishna Consciousness seriously. The GEV that has so amazingly evolved by your inspiration and the efforts of many devotees is attracting so many souls to the Lord. And you have given so so much more.
Gurudev, having received so much, I pray to be grateful..grateful in such a way that in all that I do, I can always check if what I am doing will please you. What happens most of time is that I am just using my intelligence to figure out what to do rather than think what will please you. Praying that my consciousness is always fixed on pleasing you and not do anything that will displease you. Praying earnestly that I can sincerely follow the instructions that you give in your classes.
Aspiring to be the servant of your servant,
Prema Kishori ddasi

Respected Gurudev,
Please accept my prostrated and humble obeisances.
Your loving embrace and your concluding remark as you were leaving Kolkata at the Airport - “I am honoured to serve you all here”. I am really amazed and happy to see your compassionate heart. I am unqualified and filled with all vices, but you are accepting me with so much love and privilege. You are accepting me as your own “koro more atma satha” and that is my only hope in my journey in this material world. I may slip and trip at any moment but you shall always be there for me. This is my confidence and hope.
I am very grateful to you for the opportunity to serve here at Kolkata - The birth place of Srila Prabhupada. Your encouragement that - “we are so privileged to together do something wonderful to fulfil Srila Prabhupada’s desire” makes my life so meaningful. As we offer our lives in this way, monsoons of mercy of Their Lordships will shower upon all of us. I want to offer my life in dedication but for my tottering feet shaking with lust and envy. Oh! master i want to strongly hold on to your feet in spite my shortcomings and be persistent. It is your blessing that can take me through and make me qualified to do some part in this holy mission.
Your kartik yatra lectures and the lecture at Kolkata made us drown in Lord Chaitanya’s pastimes and teachings. You are strongly embedding the spiritual culture in my life and training me to accept these values to my heart to become a vaishnava. Your consistency in driving these values in our life is a thankless task you have undertaken for all of us. I am very grateful to you for being so dedicated for my deliverance. I have so much hope when i reflect on your mercy in my life. thank you so much for your commitment to save me. I want to offer my life completely in your service and want to assist you in your service to your Guru Maharaj.

Please give me strength to hold on to your lotus feet oh! Master. Your mood to never give me up in spite all disqualifications is my only hope and shelter. Thank you so much again for being there for me. I want to remember and recall this again and again - to feel fortunate and sincerely offer my life at your lotus feet.

Hare Krishna.

Dear Srila Gurudeva,
Please accept my whole-hearted obeisances at your lotus feet. All glories to Srila Prabhupada!

Guru Maharaj, your instructions are my life air. They are my dearest treasures. I pray to become a collector of your instructions, as Krishna collects hearts. Through your instructions, I can come to know what it means to be the servant of the servant of Srila Prabhupada.

Maharaj, I pray to remember every nuance, every emotion, every syllable and every pause contained within these invaluable instructions. Without them, there is no possibility of my making any spiritual progress. Your instruction is your mercy and I am completely dependent on your mercy in every aspect of my life.

Maharaj, every single lecture you've given feels like you were speaking for my benefit alone. Every word, perfectly tailored for my very own heart.

When I was feeling discouraged, you told me that "the strength to perform the austerity of enthusiasm comes from sincere chanting and attentive hearing."

When I was feeling proud, you reminded me that humility is the only quality that will attract the all attractive Lord. You reminded me that if I desire even a drop of respect for myself, I will remain attached to this material world.

When I felt envious, you proclaimed, "if all you have is love on the inside, love is all that will come out!"

Guru Maharaj, I beg with my life placed at your lotus feet and straw between my teeth, please allow me to remain eternally under your shelter in the form of your instruction.

Following in the footsteps of your own Guru Maharaj, His Divine Grace A.C. Bhaktivedanta Swami Prabhupada, you have given your life in your lectures. I know that through your lectures and instructions, I can follow the pathway back to Krishna's eternal service.

Please give this lowly servant's life meaning and accept her insignificant and imperfect attempt to follow your instructions for the rest of her existence.

All Glories to Srila Prabhupada
On the most auspicious occasion of your Vyas Puja allow us to offer our humble gratitude and appreciation.
This year has been very special for us in many ways. Kartik yatra 2023 was s special blessing by you Maharaj. Days of katha ,kirtans,prasad in association of more than 10 thousand devotees was really very inspiring.
Govardhan festival in GEV was another star attraction for us. Truly GEV has provided shelter like Dham for us city dwellers.

With covid restriction now burying down we are able to experience frequent Kathy's

by senior devotees, more association of fellow devotees and more opportunities for sharing Krishna consciousness, the last however is having lots of scope for improvement on our behalf.
Maharaj , we all find so much refuge in your vapu as well as your teachings in your lectures, your dealings with other vaishanavas. Just knowing that we are connected to you and through you to such great yet bona-fide parampara gives so much solace.
Kindly bless us so we can not only maintain our enthusiasm for chanting, service and preaching but also increase our surrender to the movement of Srila Prabhupada in leaps and bounds.

May Lord Radha Gopinath bestow good health on you always.

Extremely grateful to HH Bhakti Tirtha Maharaj who inspired you to write your biography 'Journey Home', which is now an inspiration to me and many. I sincerely pray at your lotus feet to be eligible to receive your mercy. Today what I am is only due to your prayers of which I am not qualified. Tasteless Consciousness and a Restless Mind,
Such dangerous is this problem none of it's Kind..

Thoughtless Thoughts of this Mindless Mind,
Problems of this material world continue to Bind..

Unaware of the solution
bewildered, clueless we once used to roam,
Up until we came across a Journey called "THE JOURNEY HOME"

Because we eternally lacked the courage to put in the first step and were forever filled with Hesitation,
SRILA GURUDEV made that Journey by himself so that many could reach the Destination..

His Countless sacrifices behind his gracious Smile,
Came to deliver us from the Spiritual Sky..

Hopelessness, setbacks, humiliations, sufferings and what not is forgotten seeing that merciful Smile,
Without their holy presence everything appears to be simply Fragile..

To such a loving master, I offer my repeated obeisances,
And sincerely pray to SRI SRI RADHA GOPINATH, may this premras Das remain a menial eternal servant of the servant of his servants..

I would like to narrate a very small ,precious& memorable divine event happened in my earlier years of spiritual life.
I was working as a Receptionist at Chaitanya clinic,shantinagar, Miraroad Mumbai ,India in 1996.One day suddenly received call from Madhavanandpr saying that "Gurumaharaj is coming to Miraroad & will be visiting few houses of devotees". It was ver surprising moment with full of joy.
Multiple emotions came in my mind at the same bit of nervousness also. I was staying at 4th floor of 1room kitchen apartment.
Gurudeo climbed all the way to 4th floor with full sweating condition.
That's your Compassion towards fallen souls .
That's your Greatness me being a mineal servant .
You showered mercy upon me & my family.
You personal association at my house was 22 minutes .
In Marathi we say " SANT YETI GHARA TOCHI DIWALI DASERA"& It's truly happened.
Maharaj your presence & very close association made Diwali celebration at my house Divine presence of yours enlighten my house with full of spiritual joy. It was turning point to me & my family to Krishna conciousness .
You guided us how to serve patients ,how to welcome them like how Sankirtanprabhuji welcomes new guest in Sri Radha Gopinath temple.That is the time I have realised the importance of my service.My entire family's journey began with the touch of your Lotus feet at my house.

Dear HH Radhanath Swami Maharaj,

Please accept my humble obeisances at your lotus feet. All glories to Your Holiness.

With deep gratitude, I express my heartfelt appreciation for your tireless dedication to spreading the teachings of Srila Prabhupada and fostering a community of love and devotion. Your unwavering commitment to spiritual service has been a guiding light for countless souls, and I am privileged to be among those touched by your wisdom.
Over the years, your divine presence has been a source of inspiration, leading us on the path of devotion. Your teachings have illuminated our hearts, and your example of selfless service has been a beacon of hope. Maharaj, in your association, I have found solace and purpose.
Yet, as the challenges of life unfold, I see the need for unity and understanding among your followers. Just as Srila Prabhupada's followers faced difficulties, our community too encounters obstacles. Maharaj, I humbly beseech your guidance and blessings to heal any rifts among us. Your wise counsel and compassionate heart can mend the fabric of our community, allowing us to work harmoniously towards fulfilling the mission you tirelessly champion.

In your divine shelter, Maharaj, I pray for the strength and inspiration to serve together with love and cooperation. May your leadership continue to guide us towards a unified and blissful community, dedicated to the service of Srila Prabhupada and the Supreme Lord.

Dandavat Pranams

On this most auspicious day i humbly pray that I may always be pleasing to you & the vaishnavas

As we are receiving untimely rains in December, I remember in 2010 during your vyasa puja event , a few of us had the privilege service of setting & decorating the pandal with a beautiful village theme.
But as you remember it rained heavily the entire night and the entire ground was full of water. We then just had a Satsang late afternoon after the rains subsided. You mentioned a very interesting thing " THAT AS WE DESIRE TO CREATE A VILLAGE THEME WE ALSO HAVE TO EMBRACE A VILLAGE MENTALITY" You inspired us by narrating Govardhan leela and explained how Vrajvasis took shelter of Lord Krishna which led to increased loving reciprocations

Dear Gurumaharaj, cannot thank you enough for the opportunity to serve at Govardhan Eco village. I humbly pray that I can serve with Vrindävana Village mentality of humility & devotion

I simply pray that I may be pleasing to you and all the vaishnavas

To My Dear Guru Maharaj,
Please accept my humble obescences,

All glories to Gauranga
All glories to Srila Prabhupada,
All glories to you,

I am very grateful to my spiritual master my councillor HG Radhapati pr & HG Lalitha Priya Mataji for giving me an opportunity to express my Gratitude by means of this small offering to my Aspiring Guru Maharaj.
It was all started in the year 2011 when i was introduced to ISKCON inspired by your class @Sri Sri Radhagopinathji mandir.
There has been a complete change in me from “Koli” to “to be a Vaishnava”.
As it is very rare to see a foreigner speaking on the exalted topics of “Humility “ & “Love of Godhead”.
Till date whenever got an opportunity i hear your lectures and have attended “Kartik Yatras”.
You always speak about Humility, Harmony , to Forgive, to be Humble, Devotional Service, Tolerance, Give respect to others , to be Servants of the Servants of the Servants of the Lord, to love others and the divine love of Godhead Sri Krishna.
I often keep your quotes as my whatssap status and people always admire and say your messages are inspirational for the todays world!
And i reply its of my Guru Maharaja and he speaks from Bhagvad Gita and all the scriptures of the Lord.

I always think that whatever the situation may come and wherever i may be...
Let me imbibe your instructions in my life and have the taste for the holy name of the Lord Hari.

I always have this question in my mind???

Who says we don’t get personal association of Maharaja
The sincere devotees of lord shows Maharaji’s instructions in their service attitudes.

I pray to Lord for your Spiritual well being and good health!

Dear Respected Guru Maharaj,

Please accept my humble obeisances.

All Glories to Srila Prabhupada.
All Glories to You.

In the midst of great struggle with mind, senses and situations in my devotional journey, your vani has been a soothing balm. In recent months, due to the turmoil I’m going through in my practice, I have come to appreciate the value of what you have given through your lectures, more than ever before. Your classes are loaded with such deep deep realisations and insights which makes me wonderstruck at every sentence. I am eternally indebted to you for your mercy in the form of these treasure houses of nectar.

While serving in an outside project, I could realise the glory of everything which we have been blessed by your causeless mercy. Such wonderful Sanga, very pure Krsna katha, so many opportunities to heartily contribute to Srila Prabhupada’s mission, deep care and concern for every aspect of our devotional lives... the list is unending. All of this is actually so rare even in certain other sections of Srila Prabhupada’s own family. It just makes me marvel at your great caliber in being such a visionary leader and spiritual father to so many of us.

I remember the incident which once HG Sridama Pr narrated to us in a lecture. He was with HH bhakti Tirth Swami, escorting maharaj on his very first visit to Bhaktivedanta Hospital. After seeing the marvellous creation of your devotion and care in the form of BVH, HH Bhakti tirtha Maharaj was visibly moved and greatly appreciative. While he left the hospital, HG Sridama o was on a motor bike following his car. Maharaj was so wonderstruck that he repeatedly asked to stop the car again Ana again and would call for Sridama P to come close to car and ask him, “Do you know one thing?.. Your Spiritual master is a spiritual genius!!”.... once, twice, thrice. He countinued stopping,

calling on Sridama P closer and again repeting the same thing!!
Only a true jeweler can assess the worth of a diamond... !!!

Here I am, inspite of receiving so much from you, inspite receiving you as the captain of my ship, I am still so unfortunate that I willing betray you again Ana gain by not following your instructions, by taking your vani for granted, by being offensive and worst not taking my spiritual commitments seriously at all. Begging forgiveness without a serious resolve and attempts would be mere empty words. And hence, I first wish to take this serious, most sincere commitment to improve on my service to you. As a compassionate loving mother, you would some day forgive this useless child of yours, I keep this life .. with this hope.

Your aspiring servant,
Priya Gopesh das

Let your glories be sung everywhere,

Your words focuses on brining devotional Grace,
I always keep them in my heart & embrace.

Bhakti is all about reciprocation,
Keeping pleasure of Krishna in center of every situation,
You can understand others feelings,
That's why you are an epitome of vaisanva dealings.

Devotee care- you are personification,
Which marks the community building foundation,
GEV, Chowpatty or Bhakti center,
Places of shelter & love - You are the inventor.

To be grateful is heart of a Vaishnava you reveal,
In Joy, sorrow or grieve - this is what one should feel,
To be Servant of servant is your constant meditation,
By your behavior, talk & decision this is only your proclamation.

By Service to your vani in every situation,
You are training me in developing the feelings of separation,
Holding in my mouth a peace of grass,
Begging for your mercy Priya Govinda Das.

All glories to Srila Prabhupada.

Dear Gurudev,
On this most auspicious day of Your Vyas Puja i would like to beg You that kindly bless me that i may never be a burden to You, but i may assist You to shoulder Your burden.

i would like to share an incident: During last to last Kartick month, unknowingly i was Chanting 15 rounds, not noticing that my Sakshi mala has only 15 manis. But by Your grace i noticed that it is 15; i then Chanted extra rounds to complete my missed Japa.

Also Gurudev Your Lectures is very nourishing to me.

i have intense desires to read Srila Prabhupada's Books and books by His Disciples. But due to my schedule, i can't manage it. Kindly bless me that my reading and hearing may go intact. This is most nourishing in my Spiritual life.

Also my Chanting is not good, kindly bless me that i may improve my Japa.

On Your Appearance day i would like to offer You good Japa of 16 rounds everyday pleasing to Your heart and good reading and hearing (i feel Yours and Srila Prabhupada's presence through this). Also kindly bless me that my conduct be pleasing to the Devotees and others.

Kindly forgive me for unlimited offences unto Your Lotus Feet. Seeking Your mercy and grace, so that i may lead a sinless and vibrant Krsna Conscious life in association of Your genuine Devotees.

Dear Gurudeva,

Please accept my humble obeisances,

All glories to Srila Prabhupada!

Today my respected Godbrothers and God sisters dug a spiritual mine and brought so many rare gems from it.

As I reflect back , I am feeling great gratitude for all the realizations and glorification they shared from the core of their heart.

On this auspicious day I would like to take this opportunity to humbly submit a few words of glorification in the dust of your lotus feet.

Just as a frog cannot understand the vastness of the ocean, I find it very difficult to fully conceive of the impact that one person can make when equipped with the mercy of the guru parampara.

I'm astonished to see the deep effect your association has made on the lives of many. Your association transforms average Kali-Yuga residents to great saints dedicated to giving the entirety of their lives for the pleasure of Krsna. This certainly shows the depth of your devotion and as a great wielder of that mercy.

Being a pure representative of the guru parampara, you act as a valiant hero capable of giving shelter to Kali's refugees.

Gurudeva, you are a leader that is worth following. Srila Prabhupada has said – "I never deviated from the instructions and teaching of my spiritual master " and I see exactly same example in You.
Personifying dedication, you strongly endeavor to push forward this movement which Srila Prabhupada so painstakingly tried to establish. You had once written in your diary that you are going to a program as a representative of your spiritual master Srila Prabhupada - just as a calf in Vrindavan is simply waiting to give pleasure to Krishna.

Seeing your profound compassionate nature suggests you're beyond the bodily platform. Seeing the suffering of so many people you disregard bodily comforts and act with utmost sincerity to give people the highest gift.

TRANSLATION

It is said that great personalities almost always accept voluntary suffering because of the suffering of people in general. This is considered the highest method of worshiping the Supreme Personality of Godhead, who is present in everyone's heart.
You had asked to make a sand land near the pond for the turtles, for their comfort, hearing the way they slept, your concern for those turtles (what to speak of humans) is sign of transcendental magnanimity. You are a hero in its greatest sense.

You are indeed a weighty branch on this ISKCON tree as you unite and inspire many people from all walks of life with the great desire to become Krsna conscious. You provide stability, shelter and direction by which this tree can expand and flourish.
All your activities act as substantial instructions for bhakti aspirants to follow. Through your expert presentation of the sastra and personal example, you reveal to all that Krsna consciousness isn't a far distant ideology, but a reality that can be experienced by all. A reality that captures the perfect emotional expression and satisfaction – something we all need to thrive in.
One point that I especially admire is your individual and personal care to make sure that no one misses out on the opportunity to become Krsna conscious, something that many devotees explain to be the reason they are here today.
I hope one day I'm able to acquire just a fragment of your taste for chanting the holy names and your taste to read and distribute Srila Prabhupada books. . I pray that I get a drop of taste in my chanting as One of the most important and first service to his guru is Chanting. You say, Krishna consciousness is simple for simple and complex for complex people.
Knowing that if I had that fortune, so many problems that arise through identifying with my body and mind would no longer affect me.
Thank you Gurudeva for providing stability and direction in my life and for the constant guidance and opportunity through your loving disciples, to assist you and Srila Prabhupada.
I pray that my selfish conditioning be removed, so that I too can be a competent assistant in helping others

Thank you for accepting someone like me in your divine shelter. Although I feel unqualified to have such a qualified spiritual master; being overly sentimental and weak, I desire greatly to become qualified.

I beg you to make me a servant of the servant of the servant of the servant of the servant of Krishna. Your grace is always available in the form of your lectures, Your disciples and the counselor system, you have made. I hope I realize soon, the value of this touchstone, that is bestowed on me.

Hare Krishna Maharaj
Please Accept My Humble Obeisance at Your Lotus Feet
Maharaj, I would like to wish you a very happy Krishna Conscious Appearance Day Maharaj.
Maharaj you have very mercifully given us the perfect guidance and facility to perform Devotional service. You have very mercifully bestowed upon us the counsellors, your representatives who are there for us at every walk of our life.
Maharaj you have my your most perfect example shown to us, how should a Vaishnava be dealing with other Vaishnava; how he should be always in the mood of servant of the servants of the lord; how he should be controlled in his speech; doesn't expect our wish from others; how should he behave; how should he talk;
Just as We have heard just by Book Bhagavatam, we may not be able to understand how to practically apply the principles of Srimad Bhagavatam therefore Krishna mercifully sends his associates, person Bhagavatas who live Bhagavatam and preach through their behaviour. You are that person Bhagavata who has come to show us the way and give us the faith that "Yes, this is how devotional service has to be performed...!"
Maharaj, I am really wondering, would you really be happy with me Maharaj?
As I am writing this offering to you, I am having so many questions arising in my heart,
Do I really try to serve your instructions? Or just calling myself a disciple?
Is it that -
Am I chanting the holy names sincerely and attentively the way he wants me to? Taking shelter of the lord and for the pleasure of the lord
Am I genuinely and wholeheartedly serving the devotees of the lord?
Am I serving the lord in the mood of servant of his servants of his servants?
Am I really trying my best and hard to practice Trinad Api Sunicena verse in my life?
Am I associating with Vaishnavas understanding here is where the Vaikuntha lies?!!
Am I really taking shelter of my counsellor? The way Maharaj, you want me to?
Am I trying my best and hard following his instructions?
Am I following your instructions, Maharaj of reading Prabhupada books with sincerity?
Just for his pleasure for he toiled very hard for us to read and understand the science of Krishna Consciousness through these books...
Am I preaching to assist Srila Prabhupada in his mission in the mood of servant?
Am I sincere in my endeavours to overcome Maya? Am I controlled in my eating, speech, and behaviour like a good disciple?
Am I able to resist the temptations of Maya? Or falling for her allurements every now and then?
Am I begging for the mercy of the lord and serving his devotees to receive their mercy to overcome these anarthas?
Am I wanting to have the personal association of you, Maharaj and trying to see you through my material eyes? Or am I truly understanding your words and receiving sincerely your association through your lectures?
Am I thinking myself to be great or am I appreciating the greatness of other devotees understanding that they are forever great to me, and I am just fallen servants of all the devotees?
Am I showing my sincerity to the lord, showing him that "I really want to take your shelter Krishna, there is no other hope for me other than taking your shelter,"
Am I expressing this to Krishna that he is

everything for me and I am not going to settle for anything lesser than himself?
Am I taking shelter of Krishna or thinking myself to be the proprietor, controller, and enjoyer of my own activities?
Am I genuinely trying to be servant or wanting to enjoy the fruits of devotional service?
And am I just speaking, praying these big - big lofty words?
Or genuinely I am wanting Krishna to see through my actions that "yes, Krishna I want to surrender at your lotus feet"?
I am asking myself –
Am I sincerely and regularly attending morning program?

Thus, I am asking myself again and again, do I really love you Maharaj?
Is my love to you just for the sake of talks?
Am I treating you like a name-sake Guru?
Am I really a disciple or just another follower?

Or for a better understanding, for your pleasure Maharaj, am I just another follower of my counsellor or am I a sincere and strict disciple of my counsellor? Do I really love him? Is he just my namesake counsellor or we have an ever-growing deeper Krishna Centred relationship?

I beg at your lotus feet Guru Maharaj, please please shower your mercy on this conditioned soul...
So that I can truly take shelter of your lotus feet...
Please allow the Krishna who is within my heart hear these prayers and give me Strength and intelligence to be genuinely sincere in your service and in the service of Krishna, and allow me to become humble like a blade of grass, tolerant and forgiving like a tree and not letting me expect any respect but offering all respect, gratitude, appreciation, and servitude to all other living entities especially the devotees of the lord for your pleasure....

I pray so that I would not be envious of my god brothers who are growing in their devotional service, let me please understand that my position is to become their servant and not be in their competition or their master...

I pray at the lotus feet of Sri Sri Radha Gopinath, Sri Sri Gaur Nitai and Srila Prabhupada to give me love for you Maharaj, and your representatives in my life like HG Radheshyam Prabhuji and HG Pankaj Gop Prabhuji
Let my love to you grow and let me express it to you through my humble menial service attitude.
I pray for Krishna to mercifully give me your service without any ulterior motives
And be a good disciple so that you'll be happy to see me and not just me wanting to see you through my material eyes,
And the day I'll be able to please your representatives and thus you Maharaj that day my wish to you could be successful...

I feel very fortunate to have found a Guru Maharaj like you. You respect all, irrespective of whether they are very big personalities or just ordinary people.

I actually have no qualification to speak like this, but I pray to Lord Krishna that whatever dreams and aspirations my Guru Maharaj has, let each of them be fulfilled, and

let him always be in good health.
I promise that the 7 days which I spent with Maharaj in Puri Yatra will never be forgotten by me.

Thank you very much for your blessings Maharaj. Thank you.

Dear Gurudev,
Please accept my humble obeisances at your lotus feet. All glories to Sri Guru and Sri Gauranga!
I feel very fortunate for this opportunity to express my thoughts on your appearance day. Also to look back in time and be grateful to Krishna for showering His mercy on us by bringing you in our lives, though we are unqualified. Grateful for all the wonderful lessons you have been teaching us in our spiritual and material lives through your personal example.
Gurudev, you have innumerable wonderful qualities which are like the beautiful flowers in the garland that decorates you. This year I got the opportunity to see another beautiful aspect of your personality. We all felt sad on hearing the loss of your father just a couple months before his 100th birthday. You expressed your love and gratitude to him so very beautifully on the occasion of his centenary celebration. These qualities are the reflections of what has been imbibed in you by your parents, which you are trying to painstakingly imbibe in us through your lectures, personal dealings and direct instructions. It was so very heartening to see you immerse the ashes in the holy rivers and personally serve the devotees.
You are extending yourself so much in SP's movement, inspite of your ill health, by taking devotees for yatra, giving them your time and association and more importantly totally being in the present and attention to details when you are dealing with devotees and the innumerable projects inspired by you.
We are grateful to your late parents on this most auspicious day of your appearance for giving you to us! What would our life been without your benevolent presence? The only way we can repay you fractionally is by following your instructions and staying in SP's mission till our last breaths.

Prayers to SSRG and Radha Vanbihari to give you good health in the coming year and many more years to come.

Your eternal servant,
Priyasakhi dd

However in particular I am grateful to you for your kindness and genuine compassion to all the devotee community . You give very minute attention that devotees are cared for and protected in a proper way . Another wonderful quality you always exhibit is your way of expressing gratitude . In your recent visit to Vrindavan , you made it a point to meet all Brajwasis and spend time with them . Your each and every word , action has deep understanding and learning for me personally . I beg you pardon for countless offences I have committed unto your lotus feet, your insignificant servant .

**Purushottam Nitai Das (ISKCON Newtown Kolkata)**

I consider myself fortunate that I am writing an offering to HH Radhanath Swami Maharaj, my spiritual master, on the occasion of his 73rd Vyasa Puja. HH Radhanath Swami Maharaj is one of the most prominent spiritual leaders of the world today. He is inspiring thousands of people all over the world to become devotees of Krishna.

Devotees across the world are giving heartfelt offerings to HH Radhanath Swami Maharaj on his 73rd Vyasa Puja. In my little way I am also trying to give my offering by sharing Maharaj's qualities. Although Maharaj has unlimited qualities but below I am sharing 7 wonderful qualities of Maharaj which inspires me a lot.

1) Perfect disciple of Srila Prabhupada
A perfect disciple assimilates the instructions of his guru in his heart and in spite of challenging circumstances continues carrying forward that instruction of his guru without any selfish desire. HH Radhanath Swami Maharaj is one of the best examples of an ideal disciple.

As a 19-year-old teenager Maharaj left his home in USA in search for truth. Like rest of the youngsters of his age, he did not just want to have good career, make money, get married, produce children and finish his life. He desperately wanted to understand the meaning and purpose of his life. So, he came to India.

India is a land of sadhus and yogis. It is the land where the holy rivers like the Ganges and the Yamuna flows and where the sages and saints renounce their material attachments and spend every moment of their life in remembering the Supreme Lord. And most importantly Lord Krishna and Lord Rama appeared in this glorious country to perform many beautiful pastimes.

In spiritual India, Maharaj performed penance in Himalayas. He went to the places of pilgrimage, meditated on the Supreme Lord. And earnestly prayed to the Lord to

show him the right path. Seeing the sincerity of an American boy many spiritual leaders of that time residing in India got impressed. Many of them wanted him to join their monastery. Maharaja was so grateful to them. But still within his heart he found there was something which he was looking for which he was not able to get.

He continued with his spiritual quest. He continued praying to the Lord for that spiritual path which is the summum bonum of all the spiritual paths. Pleased by his sincere devotion, Lord Krishna, the Supreme Lord, directed him to Srila Prabhupada, a great devotee of Lord Krishna.

HH Radhanath Swami Maharaj meets Srila Prabhupada
The very first time Maharaj met Srila Prabhupada he felt deep inner connection with him. Like a son meeting his father after a long period of time. He experienced satisfaction, great inner joy and felt protected. He got convinced that his search for truth is now over because he has found that great personality who knows "who is that Supreme Truth."

Srila Prabhupada is the ambassador from the spiritual world. He had come to distribute love of Krishna to the people of this world. Maharaj begged Srila Prabhupada to accept him as his disciple. And Srila Prabhupada, the world acharya, happily accepted him and embraced him in his heart just like a father embraces his child.
Maharaj decided to dedicate his life to his spiritual father, Srila Prabhupada. And from the day he met him and accepted him as his guru, he has been following each and every instruction of Srila Prabhupada as it is without any compromise.

2) Dedicated Devotee of Krishna

As per the wish of Srila Prabhupada, HH Radhanath Swami Maharaj dedicated his life to serve Krishna. And he is always ready to serve Krishna in all circumstances. As a young brahmachari, celibate monk, when he was staying in ISKCON New Vrindavan, West Virginia, he was given the responsibility of doing deity worship. At that time New Vrindavan was a secluded place with almost no facility. He was taking care of the deities almost all alone.
To worship the deity, he had to take bath several times in a day. It was too cold there. There was no facility for hot water. In fact, the temperature would be so low that water would turn into ice. And he would break the ice and take ice water bath. He did it without any complain and without any grudge. His purpose was to just serve Krishna in all situations. He did not ever think about his physical comforts.

Later when he was given the responsibility of sharing Krishna Conscious messages to the world, he took that service with great sense of responsibility. For last several decades, he has been speaking Krishna Conscious philosophy all over the world. His lectures have inspired thousands of people to become sincere devotees of Krishna.

3) Visionary

A visionary has the intelligence to understand the future and with determination and careful planning he shapes the future. Understanding the need of the society Maharaj inspired a group of doctors who were devotees of Krishna to open Bhaktivedanta Hospital in Mumbai. No one would have imagined that a hospital whose primary purpose is to cure the disease of a person will also become a place to make devotees of Krishna.
Today, Bhaktivedanta Hospital not just relieves the physical pain of a sick person, but it also unites all the spiritually sick souls to the Supreme Soul, Krishna. The spiritual care wing of the hospital is playing a great role in helping the distraught patients and their well-wishing care takers to take shelter of Krishna and get relief from all the present and future sufferings.

Under his leadership students of many prestigious colleges and universities study Bhagavad Gita and other Vedic literatures. It helps them to understand the importance of leading a Krishna Conscious life. After hearing Bhagavad Gita from Krishna, Ar-

juna did not give up his duty of fighting, similarly after studying Bhagavad Gita the students do not give up their studies. Like Arjuna they do take care of their material responsibilities but while doing so they always keep Krishna in the centre. They become a selfless servant of Krishna and contribute constructively to the society.

Not just the students but many working professionals, housewives have also got inspired from Maharaj. And they have become devotees of Krishna. Maharaj has special love for children. Children have specific needs and those must be addressed. So, Maharaj has trained devotees so that they properly take care of children so that the kids spontaneously get attracted to Krishna Conscious lifestyle and become devotees of Krishna.

4) Great communicator

HH Radhanath Swami Maharaj is gifted with the ability of sharing the pristine message of Vedic literatures like Bhagavad Gita, Srimad Bhagavatam, Chaitanya Charitamrita in a way that the audience can understand it, appreciate it and apply it in their life. He communicates with his audience who are from diverse background in their language.

He is an expert in cross cultural communication. Whether he is speaking to the top bankers at HSBC, London or to the top technocrats of the world at Microsoft, Google, Facebook, Intel, Oracle or to the university students at Oxford, Cambridge, Harvard, Stanford, he is able to make everyone understand the need and importance of inculcating spiritual values of love, selflessness, gratitude, compassion in their life.

And when he is speaking to the devotees in the temple or in his famous Kartik yatra then through his mellifluous words he shows the glimpse of the spiritual world to us. His Krishna Conscious lectures are so engaging and so inspiring that it quickly connects our heart to Krishna. While hearing him, we just feel that let his class never end. Let his transcendental message penetrate our hearts and let the glories of Krishna permeate the whole world.

5) Full of compassion

It is because of his compassion that he wants every soul of this world to get connected to Krishna. Because once we become devotees of Krishna then all the miseries of our life will come to an end. To give Krishna to others, Maharaj applies different strategies.
For example, through the Midday Meal program today thousands of kids from humble background can eat Krishna prasadam. The spiritual food is nourishing their body and also their soul. Maharaj organizes free eye camp in Barsana where thousands of villagers who are residents of Vrindavan and Barsana get free eye treatment. It is a great way of serving the residents of dhams.

6) Team building and promoting teamwork

Under his able guidance devotees from different backgrounds come together and engage in the service of Krishna. Devotees forego all their material designations, they forget their caste, creed, colour, nationality, gender because everyone understand that they have only one identity – that they are eternal servants of Krishna. And the purpose of their life is to live for the pleasure of Krishna.

Today ISKCON Chowpatty, Mumbai has become a model temple which inspires devotees from all over the world. Because at ISKCON Chowpatty everyone feels the camaraderie among all the devotees; grihasthas and brahmacharis come together to serve together and have great love and respect for each other. Maharaj has inspired scores of devotees to lead various projects which is helping in the growth of ISKCON.

7) Creating spiritual leaders

Srila Prabhupada, one of the most prominent spiritual leaders of modern times, trained his disciples so that they too become great leaders. Following the mood of Srila Prabhupada, Maharaj has created so many leaders in ISKCON today.

Under his guidance they are playing a pivotal role in spreading Krishna Consciousness all over the world. This was also the desire of Srila Prabhupada. There are so many of them.
HH Bhakti Rasamrita Swami Maharaj, HG Radha Gopinath Prabhu, HG Krishnananda Prabhu, HG Radheshyam Prabhu, HG Gauranga Prabhu, HG Gaur Gopal Prabhu and there are many such great devotees.
HG Radheshyam Prabhu is playing an extraordinary role in spreading Krishna Consciousness especially amongst the youth. HG Gaur Gopal Prabhu is today one of the most famous motivational speakers of the world. His talks are based on spiritual literatures like Bhagavad Gita.
I do not have sufficient qualification to give Vyasa Puja offering to HH Radhanath Swami Maharaj. As an offering to him, I have just underlined his 7 extraordinary qualities. With my limited intelligence I have tried to describe those qualities. But his qualities are unlimited and cannot be quantified. Also, I do not have wisdom to know and understand all the qualities of Maharaj who is a pure devotee of Krishna.
Seeking shelter of HH Radhanath Swami Maharaj on his 73rd Vyasa Puja
On the auspicious occasion of HH Radhanath Swami Maharaj's 73rd Vyasa Puja, I beg Maharaj to give me shelter at his lotus feet and bless me so that I can become serious and sincere in my Krishna Conscious life. I beg Maharaj to give me knowledge, intelligence and determination so that I give up all types of sense gratification, give up all the anarthas and develop great attachment to chant the holy names of Krishna, read Srila Prabhupada books and serve the devotees.

Respected Guru Maharaja,
Please accept my humble obeisances.
All glories to Sri Guru! All Glories to Sri Gauranga!
All Glories to Srila Prabhupada!
Your life is an example of dedication for service.
I am extremely grateful to you for all the gifts you have given us.

I am honoured to get an opportunity to glorify you.
It has been now 15 years since I had your first darshan at Pune Yatra. It was as if a dreamland where there were so many Srila Prabhupada disciples and other senior devotees, who left a deep impression on my heart. Before that we would hear your recorded lectures at our youth centre but hearing directly left a deep impression and tremendous inspiration for dedication.
I specifically like that your divine words and instructions are always in line with the instructions and words of Srila Prabhupada, thus passing the message of parampara to us.
I am grateful to Lord for giving me a great master, teacher and shelter.
I am unable to follow all the instructions, though I aspire to be at that level.

Please forgive my offences, committed knowingly or unknowingly and bless me the pure Holy Name and divine service. Please excuse my shortcomings which are unlimited.

Hare Krishna dearest and respected Guru Maharaja!! Please accept my humblest obeisances at your lotus feet millions of times! All glories to HDG A.C. Bhaktivedanta Swami Srila Prabhupada!!

I really hope you are in good health, despite all the yatras and programs and meetings!!
HG Vishaka mataji (HG Dvarakadish prabhuji's wife) said in her Vyasa Puja offering that what to say about the personality who has given everything to you. I feel so inadequate and incompetent to say words

to thank you dear Guru Maharaj for giving me an opportunity to chant the Holy names on the beads, to try to practice bhakti and especially all that you have done for me this year to keep me going in the bhakti movement. Words utterly fail to describe your incomparable compassion, mercy and concern for a fallen, unworthy soul like me.

Your presence in the Sadhu Sanga festival lighted up my dampened spirits. It would have been enough to just see you, the embodiment of love, devotion and compassion in the lobby folding your hands, smiling and looking at everyone with an ocean of encouragement and enthusiasm. It would have been enough to hear your Srimad Bhagavatam class in-person where you speak from your heart sutras of bhakti steeped in lifetime of experience, practice and maturity and also manage to answer personal questions sadhakas are struggling with; to connect to their personal situation and to uplift them from the swamp of their inabilities, contaminations and illusions. It would have been enough to hear your live kirtans which are so sweet, sincere and deeply heart-felt. It would have been enough to get an opportunity to wash the dishes where your meals were prepared and served.

Why were Sri Hari and you dear Guru Maharaj so kind to shower me with a powerful glance from your eyes! It was electrifying in a mere second. Why were Sri Hari and you dear Guru Maharaja so kind to allow me to serve you during mealtimes! With the love of millions of fathers, you accepted my unworthy offering! Why were Sri Hari and you dear Guru Maharaja so kind to grant me an audience with all devotees in your personal chamber! Why were Sri Hari and you dear Guru Maharaja so kind to shower me with appreciative, encouraging words at the merest of my gesture! What can I say!! The Lord and His devotees are treasure house of causeless mercy!! I was bathed in the ocean of your divine loving encouragement and am thankful from the depths of my heart for everything you did. I only wish there wouldn't have been such a need on my part. I wish I had done something to please you, instead of having you to take care of me. I am begging at your lotus feet to be able to accept your mercy and serve the movement in some way. Please be kind to this weak and lazy soul to be enthusiastic, determined and pure in service and chaste, tolerant and kind in relationships.

I am very thankful to your dear servant, HG Rasaraja Gopa prabhuji and team for starting the whatsapp group for your lectures. It is a highly useful service for us to connect to your innermost moods and missions, about the values of Vaishnava sadachar, sadhu sanga and satsangs etc. Please bestow your choicest blessings on these devotees!!

Hoping to hear and follow your vani continuously and having your wonderful association soon,

An insignificant dog offering a blue lotus at your lotus feet,

Dear Guru Maharaj,

Please accept our humble obeisances.

All glories to ISKCON founder Acharya and your beloved Gurumaharaj Srila Prabhupada.

All glories to you on the auspicious occasion of your Vyas Puja.

At the outset, on behalf of my family, let me express my sincere gratitude to you for showing mercy upon us by accepting fallen and conditioned souls like us as your disciples and awakening love of godhead in our hearts.

Every action and word of yours are glorious as they are for glorification and service of Lord. They are unlimited and I have my limitations to even describe a few. But on an auspicious day like your Vyasa Puja, beg-

ging for your mercy, I will make an attempt to a make short offering to you.

Even if I rarely get a chance to see you in person because of my own constraints, I feel extremely fortunate that you are always present with us through your inspirations, vast disciple network, invaluable and powerful discourses and most importantly your loving and caring senior disciples to guide me in my spiritual journey.

For us and I am sure for many of the devotees, you are the embodiment of good qualities of LORD Krishna and Srila Prabhupada. Your humility, compassion, tolerance, selfless service, love, devotion; and caring for your god brothers and sisters and devotees are exemplary and highly inspiring to me. As Prabhupada once said, a true leader is the one who is a perfect follower. We see you to being the perfect follower of your Gurumaharaj in your words, actions and thoughts. So, you are a true spiritual leader for all of us.

Please bless me to improve my seva for Lord and His devotees. I pray at your divine lotus feet to always have your shelter in spite of all my anarthas.
O My Lord, in this auspicious day, we pray to you and if you so desire, please give our Gurumaharaj lots of love, happiness, mercy and long heathy life; and empower him more and more to spread Prabhupada's mission and help deliver fallen souls like us round the world.

Your eternal servant,

Dearest Srila Guru Maharaj, please accept our most respectful and humble dandwat pranams at the dust of your lotus feet. I consider myself fortunate that I am writing an offering to you.
His Grace H.H Radhanath Swami is one of today's most beloved and respected spiritual teachers. A Bhakti Yoga practitioner for 40 years, he is a guide, community builder, philanthropist, and acclaimed author. Born and raised in Chicago,at the age of 19 he discovered India's Mystical devotional tradition and now spread his message of compassion and love around the world.

I would like share one incident of Guru Mahaj which further strengthen my devotion towards him and encouraged me to do selfless service for Krishna. As per the wish of Srila Prabhupada, HH Radhanath Swami Maharaj dedicated his life to serve Krishna and he is always ready to serve Krishna in all circumstances. As a young brahmachari, celibate monk, when he was staying in ISKCON New Vrindavan, West Virginia, he was given the responsibility of doing deity worship. At that time New Vrindavan was a secluded place with almost no facility. He was taking care of the deities almost all alone. To worship the deity, he had to take bath several times in a day. It was too cold there. There was no facility for hot water. In fact, the temperature would be so low that water would turn into ice. And he would break the ice and take ice water bath. He did it without any complain and without any grudge. His purpose was to just serve Krishna in all situations. He did not ever think about his physical comforts.

On the auspicious occasion of HH Radhanath Swami Maharaj's 73th Vyasa Puja, I beg

Maharaj to give me shelter at his lotus feet and bless me so that I can become serious and sincere in my Krishna Conscious life. I beg Maharaj to give me knowledge, intelligence and determination so that I give up all types of sense gratification, give up all the anarthas and develop great attachment to chant the holy names of Krishna, read Srila Prabhupada books and serve the devotees.

**Rachna Pandya (ISKCON BCEC PUNE)**

Dear Maharaj My Spiritual Master,

Kindly accept my sincere obeisance's on the occasion of your 73rd Vyas Puja. On this auspicious day I would like to take this opportunity to humbly submit a few words of glorification in the dust of your lotus feet.

How can I forget your charismatic smile and divine glance when, I had first seen you during your Pune visit. I was with full of enthusiasm that day. It was a miracle for me to see you Maharaj on the same day when I had just finished reading "Journey Home". For me it was like glancing my Hero. Maharaj I'm astonished to see the deep effect your virtual association has made on my life. Your association transforms me a lot and I have started dedicating my entire life for the pleasure of Krisna. Whenever I do any small mistake I started visualising as if you personally instruct me to rectify it. I feel as if 24 hours you are walking with me in every phase of my life. I have started accepting you as my mentor, my guiding light, my angel. I have started keeping you in my Sahastra chakra.

Your some quotes which have touched me a lot and which I am practically following are as below:

· "Sincerity in service is the basis of one's relationship with God. "

· "Greatest Power of those who are learned and realised is the power of love of forgiveness."

· "The kinder we are, the more kindness we will find everywhere, and the more good we are the more good we will see everywhere."

Maharaj I pray that you please bless me to have enthusiasm and determination to progress in my devotional services, I be more and more into Krishna consciousness, I be humble, kind, compassionate, in loving and serving the Vaishnav Vrunda.

Yours sincere aspiring servant of the servant of the servant of the servant.....

Most worshipable Radhanath Maharaja,
Jai Gurudeva.
Please accept my respectful obeisances on the auspicious occasion of your 73rd birthday. By your grace and by the grace of Vaishnavas, I get to perform Satari Seva at Sri Sri Radha Gopinath temple once or twice every month. This service is held on Sunday. This time when you came to Mumbai and were residing in Radhagopinath Temple and had come for darshan in the evening, on the same day I had Satari Seva. You paid obeisances to Their Lordships and took darshan and accepted the service rendered by me with a smile.
Before leaving from there, you again paid obeisances Their Lordships. Even at this age, your repeated offering of obeisances to the deities was very inspiring for me. A few days later, you went to the Kolkata temple and prostrated before offering the lamp to the deities. I was very impressed to see your devotion and respect towards the deities. Your interactions with the deities show your greatness and are inspiring.
During the visit of Jagannath Puri in 2023, listening to your detailed explanation about the forms of Shri Jagannath, Baladev and Subhadraji, reverence and respect for the deities was established in my mind. I am grateful and indebted to you and it is only by your grace and the grace of your devotees that I am connected to the disciple succession. I pray at the feet of Shri Shri Radha Gopinathji that your health remains completely stable and I continue to receive your guidance and orders so that I can recover from my fallen state.

Gurudev, every year on this most auspicious day of your Vyas puja, I'm literally speechless and don't have enough words to express my heartfelt gratitude and deep love for you. I cannot ever thank you enough for accepting me as your disciple and for showering so much of your love and kindness upon me right from my childhood. Gurudev,it is truly amazing how sensitive, personal and thoughtful you are towards each and every person. You always give □% of yourself, whether you're giving your fabulous lectures, or your ecstatic Kirtans, or even your divine personal association. Any fortunate soul who comes in contact with you, gets attracted to your causeless mercy and compassion.

Gurudev, please forgive me for my offences. I pray to Their Lordships that I may be able to serve you and stay in the shelter of your lotus feet eternally. Thank you again

Gurumaharaj You possess many Vaishnava qualities. You have great feelings of gratitude for how Srila Prabhupada took on soooo much hardship to bring the science of Krishna Consciousness to the west. You are following in the footsteps of Srila Prabhupada by showing compassion for all condi-

tioned souls. You travel all over to tirelessly give the opportunity of taking to KC practise.Your humility and simplicity shines through. Everyone respects you, as Your purity is very vividly noticed. You are not partial and full of care and concern. When You narrate the pastimes of Lord Krishna, Lord Caitanta we all feel we keep on hearing and feel that we are seeing them happening.
You are very dear to all. When Your Grace lead Kirtan we feel we are in the spiritual world as we experience Your love for Lord Krishna, when You danced in Kirtan it reminded me of sweet Lord Gauranga.
We express our heartfelt gratitude for the yatra. It was ecstatic. Beautiful Lords, wonderful lectures, ecstatic kirtans, devotee association, wonderful prasad, excellent devotee care.
When I examine myself, I find nothing of value. Your mercy is therefore essential to me if you are not mercyful I will constantly weep and I will not maintain my life any longer. Please forgive my offences.

Thank you very much Maharaj for extending yourself and giving your association in Puri yatra. I was longing to have your vapu association since 4.5 years.
As a perfect gardener, you have arisen my withered bhakti lata beej. Thank you so much.

Guru Maharaj, you are an epitome of wonderful qualities. You are very compassionate in attracting and bringing many souls to Krishna consciousness yet so grateful to everyone around you.
You narrate the Lord's pastimes very enthusiastically, sing ecstatic kirtans and yet remain so humble.
Your absorption in chanting and faith in the words of Guru and scriptures attract me so much.
Thank you Guru Maharaj for being an exemplary Vaishnava and for your compassion on me despite my short comings.

On this auspicious Vyasapuja day, I pray to Sri Sri Radha Gopinath to bestow lots of good health to you and also pray that you inspire many more souls in the path of bhakti. I humbly seek blessings from you that I too develop a drop of these wonderful Vaishnava qualities and become an instrument in spreading this sanatana dharma.

Dear Guru Maharaj
On this auspicious day please accept my humble obeisances at your lotus feet.
All glories to Sri Guru and Gauranga
Recently Maharaj had came to Pune for GBC meet. It was a great fortune for me that senior Mataji told me to cook subji for one day for the GBCs. So I prepared subji and sent in stainless steel dabba with lid on top. After the session, during lunch time Maharaj was walking in front of all the cooked items. Then he saw a hot vessel with lid on it. He wanted to see that item which was kept in the vessel. So he gave signal to the serving person but he did not understand what Maharaj wants. Then Maharaj told him to open the lid of the vessel and watch carefully.
After hearing this I was thrilled to know how Maharaj is careful to check which items are there for lunch for GBCs.I was very happy because Maharaj has glanced with his divine eyes on the subji.
Today I pray at this divine lotus feet that in future , I get to render some small service to him.

Dear Maharaj.
Hare Krishna, Dandavat pranams
All glories to Srila Prabhupada, Guru & Gauranga

Wishing you lots of 'alhlad' (spiritual ecstacies) on this auspicious day.
Whenever a devotee glorifies the qualities of Srila Prabhupada, Whenever the qualities of exalted devotees are mentioned in every lecture of Srimad Bhagwatam, at such times, you are remembered. Your dedication and surrender to Srila Prabhupada is such that all these qualities are reflected by you.

Sri Mahaprabhu ordered the goswamis to re-establish Vrindavan. Similarly you have established Vrindavan in Virginia & Govardhan Eco Village.
The Gopis of Vraj were ready to do anything for the pleasure of Krishna. They were ready to even suffer for that. You too are ready, always, to please Srila Prabhupada and the parampara. You are ready to go through any trouble to please them and fulfil their order/s &/or desires.
It is only due to association and guidance of your good self and the devotees trained by you that I could get the joy of Krishna Consciousness. It was only that love and care which kept my spark of Krishna Consciousness alive for the 15+ years. During this period I had almost nil association.
On this auspicious occasion I bow down to you and all the devotees to give me the greatest gift of life. Please bless that I can feel and show gratitude towards all of you.
Today I beg forgiveness for all my offenses at your lotus feet and the feet of all vaishnavas.
`mo sama patita prabhu na paibe aar'
I am really most fallen, but I do not realise it. Please have mercy on me as I have no other means for liberation. My fallen condition is my only hope to attract mercy of your good self.

Wishing you again on your special day.

Dear Gurudev
Please accept our humble obeisances at your lotus feet.
It is our good fortune to be allowed to express our gratitude and pour out our feelings on your 73rd appearance day.
Nobody in this world is exempt from problems. But you Maharaj by your own example words and actions have always stressed that service to Krishna, through the medium of the guru, is the ultimate goal of human life.
Such service rekindles one's dormant love for Krishna. That love like a forest fire in which our problems burn down to ashes and become insignificant.
Love not anxiety becomes the dominant emotion and we thus rise above our problems.
You inspire your disciples and never force.
We are grateful to you for always being there for us.
His Grace

The mercy of the Lord
Comes down as gentle grace.

Maharaj you are that grace
Who with your embrace
Pick up the fallen souls
To restore them to HIS GRACE.

Dear Gurudev,
Please accept my humble obeisances at your lotus feet. All glories to Srila Prabhupada and Sri Gauranga.
You are undergoing so many austerities, to give us such a wonderful experience of practicing devotional service in the associ-

ation of devotees. To awaken our taste for hearing, chanting and preaching the holy names, and pastimes of the Lord.
In your lectures, you give such simple yet profound examples from day to day life, to illustrate philosophical principles. Wherever we go or wherever we look, we are bound to find those examples manifesting all around us. You have shown us that Krishna Consciousness is not just some theory, but rather it is a way of thinking, feeling, behaving and living, keeping Krishna in the centre.
Your once shared an example of an infant crying on a flight. All the passengers were irritated . They were thinking, "Why is this child crying and disturbing us?"
However the mother was thinking, " Why is my child crying? What is disturbing him?"
This is compassion.
This is the mood you want us to imbibe.
Empathy, compassion, tolerance and humility.
As I attempt to perform devotional service, the opportunities for which I receive only by your mercy, I find myself find my mind overwhelmed with the desire for profit, adoration and distinction. In this yatra, I heard you say that rather than trying to find happiness through getting appreciation, we can get a much higher level of happiness, by observing and appreciating the good done by others.
Thank you for this simple, yet profound solution for a seemingly impossible goal of overcoming our ego.
Thank you for giving us so many facilities to serve and showing us the right mood with which to serve, by your own example.

Dear Guru Maharaj, please accept my humble obeisance's. All glories Srila Prabhupada and all glories to you Maharaj.

Maharaj, I'm not qualified to say anything in your glory, but nevertheless I'd like to say a few words in your service for my own purification. Maharaj I'd like to start by expressing my gratitude for showering your mercy and accepting me as your disciple. Maharaj you have mentioned in several of your talks that a good leader is one who is also a good follower and therefore by extension a good guru is one who is also a good disciple. Maharaj you are a perfect Guru and you have proved it practically by your own example, for you took upon Srila Prabhupada's mission of building farm communities and in GEV you inspired your devotees to not only just build a self-sustaining eco village but expanded it further and practically manifested Vrindavan Dham in all its glory.
Maharaj, you lead by your own example and there are many pastimes that can be recollected here. One particular pastime that I heard from HG RadheShyam Prabhu is during the construction of Pune NVCC temple, the construction was running behind schedule and things were getting delayed and devotees wanted to postpone the temple inauguration. You took a firm stand saying that devotees may not be ready, but RadhaVrndavanChandra are ready and so we cannot postpone any longer. If facilities are not ready, Bramacharis can stay in temporary tent accommodations or sleep under a tree. You inspired everybody and the temple was inaugurated on schedule, and it was a grand success.
Maharaj, we rarely get your personal association outside of Yatras but fortunately we can associate with you by your instructions, classes and books. Like a mother tortoise nurturing its babies from far end of the shore you cast your loving glances and nurture your disciples. I experienced this practically when I was going thru a crisis and my daily Sadhana was getting negatively impacted. I prayed intensely and you answered thru your instructions and showed me the right path. So on this auspicious occasion of your appearance day, I want to express my heart felt gratitude and thank you from the core of my heart. Please continue to shower your mercy and please bless me Maharaj, so that I can continue to serve at your lotus feet in Srila Prabhupada's mission in the mood of servant of a servant.

Thank you, Maharaj.

Dear Gurudev,

Kindly accept my humble obeisances. All glories to Srila Prabhupada.

It's been more than 25 years that I was showered upon with your causeless mercy. That mercy/love I found unconditional and pure. No matter what I do it's not enough.
I had lost confidence in myself although I was about graduate from a high ranking institute with good grades. Your mercy brought life back in me. I found a meaning to what I did and under the guidance of your senior disciples I served relentlessly. I developed understanding of subtle values of spiritual life, which I had no access to. How blind I'm otherwise? Though I have a long way to go, I find myself extremely fortunate and grateful for your mercy.

You once told me to preach through my cooking. You quoted Srila Prabhupada, "if you are a farmer preach through your farming...." I have been trying to distribute Prasadam through YogiPlate. Through this humble effort myself and Hansapriya have served 30,000 plates of prasad. Our goal is to make Vaiṣṇava Food available everywhere. We humbly seek your blessings to become successful in this endeavour.

Limited by my own conditionings and crippled intelligence I have rendered unlimited offences while trying to serve. I humbly seek forgiveness.

I understand that one may have right to work (according to guṇa and karma) but seva is only rewarded. Unless your blessings are there I will have no happiness in success or in failure.

Your servant,
Radhavallabha Das

VYAS PUJA OFFERING – Nov 30th 2023
of Radheshyam das, ISKCON, Pune

Respected Guru maharaja,

Please accept my humble obeisances at your lotus feet.
All glories to Srila Prabhupada. All glories to Sri Sri Guru and Gauranga.

First of all, I wish to offer my sincere thanks to you at your lotus feet for taking us to Jagannath Puri and filling our hearts with nectarine Krishna katha for a week. This was most wanted by all of us!
The more we hear you, the more our eyes open and the more we see the scope to grow in our spiritual lives. You are the Captain of our life ship and we are eternally grateful to you for plying our boats safely to the shores of the Spiritual world.

Seeing your big vision for GEV to offer multifarious services to Vaishnavas world-

wide, we also long to do some little insignificant service at our Velha farm, where Sri Sri Radha Damodar is presiding over. HG Revatipati Prabhu has recently created facilities for Counselors and leaders to come with their groups, stay for the weekend, hold camps, take prasad and take advantage of the beautiful atmosphere at the Farm. Now practically every week end we get a group coming and we hope to serve more and more Vaishnavas with more and more facility there.

It was your historical letter to me encouraging me to start youth preaching at Pune with eight specific instructions that blossomed youth preaching at Pune bringing hundreds and thousands of youth devotees and eventually like a flood expanding to over a dozen temples in India. I am grateful to you for making me a humble instrument in your hands and making me dance for your pleasure. With the help of talented devotees like HG Antardvip Prabhu our youth preaching systems and methods are made available to whole world through websites and youtube channels. Without letting me bask on success in youth preaching, you inspired me to go to GBC College course which offered me a GDO (Global Duty Officer) service in USA.

Like an arrow sped from a bow, after you instructed me to visit Boston and start youth preaching, the USA preaching is taking a good shape in multiple places like Boston, Connecticut, Brooklyn, Baltimore, Dallas, San Jose, Berkley and LA. I am also involving the prominent Youth Preachers from Pune sent to different temples in India to help with USA youth preaching by caring for one of the USA temple youth preaching projects. We wish to see the US temples thronging with Indian and American youth devotees chanting and dancing, serving and preaching, stabilizing and expanding preaching and bring great pleasure to yourself, Srila Prabhupada and Guru Parampara.

When I was planning to say NO to Bureau's request for partipating in Hyderabad Temple management, you expressed your desire to see me take up that responsibility and I feel so honored to be personally guided and instructed by you. I am fully confident that if I simply fulfill your wishes, everything will come out nice. You always have a much bigger vision and due to my short-sightedness, I cannot fathom the great good that can come from your great plans.

Your two visits to Pune this year left memorable impressions for thousands of devotees in Pune and from around as we did not get your personal association for a long time and yatras were also missed in the last few years. Your Krishna katha was like a great nectarine rain shower in a desert!

Our Deity department Pujaris put up a great decoration for Sharad Purnima which coincided with GBC meetings fortunately. You watched the Vrindavan Forest decorations with great amazement and appreciated it again and again! This one thing was enough for all our Pujaris as a gesture of your great encouragement to them.

When HH Gopal Krsna Goswami Maharaja was to give lecture on one evening and you were scheduled to give your lecture on the next day, you volunteered to share the dias on the same day so that you can get an opportunity to glorify HH Gopal Krsna Goswami Maharaja. That was a marvellous event where everyone could witness your Vaishnava exchanges with your superiors. You teach us by your example how to respect, honor, adore, appreciate and humble ourselves in front of our senior godbrothers. You set an ideal example of vaishnava behaviour and not just delivering knowledge alone.

By your infinite grace, ISKCON Pune got the opportunity to welcome GBCs, Bureau Members by organizing their Meetings at Pune and render our humble services to those wonderful Vaishnava Leaders. We also for the first time were awarded the opportunity to cook Prasadam for your Puri Yatra with ten thousand devotees attending! These opportunities for serving Vaishnavas is certainly your blessing upon us to help us engage our minds and senses and to grow out of our lethargy and to make swift

progress in Krishna consciousness.

One last thing that pains my heart is the recent passing away of HG Satyavati Mataji, who was a powerful Preacher, Inspirer and devotee maker. She handled five Mataji programs a week and each of them would attract 50 to 80 ladies. She and her husband, HG Jayadeva Prabhu were most unassuming Congregation members at Pune, who did herculean services, but always wanted to be in the background. This is one big loss for all of us, Pune devotees. And you visited that family twice and made phonecalls at appropriate times to recognize her services and to bless her. This gesture of yours is so laudable and is heart-touching for all of us!

Thank you very much maharaja for all the great gifts that you have given us. We hope, some day, we will offer you at least one millionth of what you have done for us. Hare Krishna.

Hare Krishna Guru Maharaj,
Dandavat Pranam,
All Glories to Srila Prabhupada!!!

Guru Maharaj always heard and read how Sri Krishna takes care of us birth after birth. But witnessed it specifically during Kartik yatra through your devine care for each one of us You facilitated our spiritual yatra along with taking care of our material desires by providing varieties of deliciously cooked and offered prasadam. You took care of minute details including providing functional bathrooms to all the devotees in the pandal!!! Providing special arrangements to serve prasadam to varista vaishnavas. Am so happy to be part of karthik yatra and witness your personal care on each one of us. Please shower your mercy on us so that we will be able to serve you and the mission as per your desire.

Your life is an example for us to follow, your words in the form of Krishna Katha are nectar to my heart, your dance and each and every step is so glorious.
Gurumaharaj your visit to dallas this year was so wonderful. As a God family together we were able to serve your Holiness and joyfully participated in the celebrations. I am so unqualified but Your mercy and presence in my life is the best thing ever happened to me.

Hare Kṛṣṇa Maharaj, All Glories to Srila Prabhupada,
So many years have passed by, but the memories of my first interaction with you is still so fresh in my mind. By your blessings and grace you have given me more attachment and appreciation towards Srila Prabhupada that I can feel his presence in my life. I am grateful for all the meaningful association I have received from you and remembering my vows to you I am trying my best to be a sincere servant to Srila Prabhupada in my own little ways. The major tests which came in my life and all the complaints I had or still have is slowly fading away and I am trying to let them go.
I am trying to remember one thing whenever I get the chance which are your words, "Service to Vaishnavas is the way to Kṛṣṇa's heart"....
I pray that your life is treating you better in terms of your physical health but I know Srimati Radharani is giving you immense strength to move forward. Praying for your health and seeking your blessings for favourable opportunities to keep moving forward in life.

Dear Guru Maharaj
Please accept my humble obeisance and your lotus feet . All glories to Srila Prabhupada . All glories to you dear Maharaj on this most auspicious day of your vyas puja

Maharaj your glories are unbound.. You have met and preached to very influential people throughout the world but yet you remain so humble .Maharaj despite your busy schedules and other GBC duties you still give so much of your precious time in preparing for yatras and the amazing lectures. By your compassion and kindness you have given us the Eco village where someone like me ,who is on a bodily platform , can go and experience Vrindavan by staying in luxurious accommodation and have fantastic prasad and have a "Holy day".. Maharaj we are very grateful to you and beg that you always give us shelter at your lotus feet . Thank you for everything.

Our Most Beloved and Worshipable Guru Maharaj,

Kindly accept our Koti Koti Dandavat Pranams at your lotus feet.
All Glories to Sri Srila Prabhupada. All Glories to Sri Guru and Sri Gauranga

It is such an immense pleasure and joyful occasion for us that we are getting an opportunity to thank you, glorify you, on the most auspicious day of your 73rd appearance day.
Your journey has truly been an example of selfless service and compassion for the fallen souls of this world. The world would have been bereft of your blessing had you not taken up the hard decision to leave your home in search of the truth at the age when boys tend to freak out and enjoy. You chose the path of devotion to give to the world what they were missing spiritual love and care.
Your immense faith, love, surrender, immense desire to please your beloved spiritual master our HDG Srila Prabhupada is really very inspiring and heartwarming. You have slowly and steadily fulfilled the desired of Srila Prabhupada by offering him our wonderful GEV with 7 temples, you have offered Srila Prabhupada and our ISKCON community his birthplace and his place of first meeting his spiritual master HDG Srila Bhakitsiddhanta Saraswati Thakur. The generations to come will always be grateful to you for these valuable offerings. You have toiled very hard to get these offerings done and we are very sure that Srila Prabhupada will be extremely pleased with you and will be showering His choicest Blessings on you. Your love and care for your God brothers and Sister is so sweet

that they hanker to be with you always. The magnificent yatra you take us, giving more that you can is truly remarkable. You teach us so much by your personal example.
Guru Maharaj we are truly blessed that we have your shelter. Whatever little we are able to do is by your mercy and guidance. Being conditioned in this material world we often tend to deviate from the path of devotion and enjoy our senses, but your love and compassion bring us back to the path. We apologies to you for this behavior of ours. Our progress in spiritual life is fully dependent on your mercy and compassion and we pray that you may kindly keep us in your shelter and engage us in whatever service you feel we are worthy of.
We pray at your lotus feet to bless us; that we always be grateful to you and imbibe the wonderful qualities you teach us by your example. We be committed to the movement and please you by our small endeavors. We pray to Sri Sri Radh Gopinathji for your good health and long life and also pray that our life be of some use to you in your wonderful mission.
Begging forgiveness for all our mistakes and offence committed knowingly unknowingly at your lotus feet and aspiring to be the servant to the servant of your humble servants.

Dear and respected Guru Maharaja,
Please accept my humble obeisances at you lotus feet,

It was Wednesday, 11th October; few of us in garland seva were in the temple hall, my eyes went straight to the main door and you entered Sri Sri Radha Vrindavanchandra temple hall, in great surprise to see you come alone, I said "Maharaj!" and all of us got up from our chairs to offer our respects to you. Thank you maharaj for coming to pune, after 2019 Kartik yatra in Vrindavan, it was my first opportunity to see you in

person, though you came to Mumbai several times, I could not make it.
Personally for me, till now, yatra has been when you take us to the dham. After covid this was my first yatra, thank you so much for the Kartik yatra to Jagannth Puri, got your darshan so many times, could hear katha with devotees, honour delicious prasad with devotees, could serve in the dham.
The book, Journey Home is a precious gift of His Holiness Bhakti Tirtha Maharaja, in same lines I am very grateful to the person behind the making of the audio book, The Journey Home, which you have personally read. Hearing the lessons that you drew from your life is nourishing and at the same time a guideline for me to lead a noble life in Krishna consciousness. In each chapter, sometimes I feel like skipping the narration where you had to go through extremely fearful and death terrorising moments that you faced. I pray that I take to spiritual life seriously and always remember the hardships you have taken to preach Krishna consciousness. Praying to the Lord to always protect you and keep you healthy.

Happy Krsna conscious birthday maharaj.
Thank you very much for your presence in my life through giving your personal service, wonderful vaishnav sanga which always care, guide, accomodate, encourage and engage in loving devotional service to Sri Sri Radha Gopinath, a perfect counselor HG Pradyumna Mishra pr who wants to engage us through body, mind, words in preaching the message of Lord chaitanya to youth, who cares like a rich father for his abandoned child thorough various ways like vta devotees, vta admins, friends and many ways that I don't know also, and your Vani which protects me, guides me, helps to surrender to Krsna and how to develop that service attitude which will help us to get some taste for holy name, Srimad Bhagavatam, Vaishnava Seva.
Thank you for giving me opportunity to stay in temple. Starting the day with taking the darshan of Lordships gives hope and takes away all lethargy for chanting in the morning in the association of devotees. The morning classes give clarity and maturity to understand depth and width of spiritual science and how to live in a community - in the mood of service, depth of BG, NOI, vaishnav culture. Stay in temple gives lot of opportunity to serve and honor the maha prasad.- sweet rice, Sandhya bhog, Raj bhog, Vaikalika bhog, Sandesh, Madhuram.

But the thing is I take it very lightly and granted and offend the prasad, devotees because of pride, one's own misconceptions, idealogies and rigidness without understanding the principle behind those things. Please guide me to overcome those and take full benefit of remaining 2 months in VTA 1 and serve the devotees.
I really beg forgiveness for not able to follow strictly what I have told last year. I didn't distribute books, not completed reading Srimad Bhagavatam and not able to assist prabhuji in VJTI preaching. I have failed totally. I don't know what is my future and where am I heading towards. I don't know how to come out of this situation and totally baffled.
Please show me path and proper consciousness. I am feeling like I am just saying big, big things. I don't know. Please save me. Thank you for giving opportunity to serve in kitchen during kartik yatra and giving blissful experience of spiritual world for 7 days. These days passed like one day we reached and 2nd day we were coming back. But heart in heart, I want to serve devotees, to surrender Krsna through body, words, mind and one's life and nothing else. Life is so short and how in day 1 class of Kartik yatra you were explaining how Lord Chaitanya taught to depend completely on the mercy of Krsna. Please give proper consciousness to take shelter in holy name, Srimad Bhagavatam and remembrance o Krsna.
As an offering rather than saying something and not following which is my daily routine - I will give report to you on monthly basis as consistency will take me atleast 1 step towards expectation of yours and authorities.
Thank you maharaj for giving strength to me for writing this Vyas Puja offering to you.
Happy Krsna conscious birthday again !!!

your aspiring servent,
Rahul

Hare Krishna Gurumaharaj,

Please accept my humble obeisances,

Srilla Prabhupad ki Jay,

ळनतनऊींतंर मैं आपका बहुत आभारी हूं, क्योंकि आपने मुझ जैसे परम पतित, जो सुवर की निश्ठा मैं बैठे हुए कीड़े से भी पतित हैं, मुझ पर आपकी कृपा दृश्टि दिखाई हैं,

मेरी कोई योग्यता नहीं हैं कि कृश्ण भावनामृत के आंदोलन में रह कर भक्तों के साथ माला करना,भगवान के विशय में भक्तों के संग मैं सुन ना, वो भी गोड्डिया संप्रदाय मैं, जिसमें अपने आचार्या गन माधवेंद्र पुरी पाद, ईष्वर पूरी पाद, चौतन्या महाप्रभु, सभी आचार्य गन, मैने कभी कल्पना भी नहीं की थी, की मुझ जैसे पतित जीव पर इतनी बड़ी कृपा होगी, और इसका श्रेय श्रील प्रभुपाद जी को जाता हैं, श्रील प्रभुपाद की कृपा से हमें आप के दर्षन और आपके अनुगत में रहकर भगवान के प्रति समर्पण, साधना, भजन, वैश्णव सेवा, वैश्णव सदाचार, सिश्टाचार, आप ने आपके माध्यम से हम सब को सिखलाया हैं, आप से हमे हरिनाम को कैसे तीव्रता से लेना हैं सिखाया हैं, आपने आपके जीवन में कई संकट आने पर भी भगवान का आश्रय कैसे लेना सिखाया हैं, आपकी षिक्छाओ से और आपके मार्ग दर्षन से मुझ जैसे जानवर को इंसान बनने का अवसर दिया हैं जिस का में भक्तों के अनुगात में रह कर हरी गुरु और वैश्णव की कृपा से प्रयास कर रहा हूं,

गुरुमहराज मुझ मैं कोई योग्यता नहीं हैं की में आपका षिश्य बन सकूं, ये तो सिर्फ और सिर्फ आपकी अहेतु की कृपा हैं जो इस तुच्छ जीव को भगवान के धाम जाने का एक अवसर दे रही हैं, में अपना पूरा प्रयास कर रहा हूं, की में आपके दिए हूं निर्देषों को, वरिश्ठ वैश्णाओ के संग मैं अपने जीवन में उतारू, में अपनी साधना को और गंभीर करने का प्रयत्न कर रहा हूं,

आनंद वृंदावन प्रभु की असीम कृपा से हमे हरी नाम को गंभीरता पूर्वक भक्तों के संग मैं लेने का मौका मिल रहा हैं, राधे ष्याम प्रभु को आपने हैदराबाद भेज कर हम पर जितना बड़ा उपकार किया जिसका मैं उल्लेख षब्दों में नहीं कर सकता,जब भी मैं आपके अन्य षिस्य गौरांग प्रभु, गौरांग दर्षन प्रभु, राधागोपीनाथ प्रभु, राधेष्याम प्रभु, और अन्य भक्तों को देखता हूं, मुझे बहुत खुषी होती हैं, और बस एक ही अभिलाशा रहती हैं की में भी आपके लिए कोई तो सेवा कर सकता, फिर ऐसा लगता हैं षायद मैं इसके

योग्य नहीं हूं,

कृपा कर, कर मुझ पर, कृपा कीज्ये गुरुदेव, मेरे मैं इतने अवगुण, अनर्था कूट कूट के भरे हैं, जिसे मैं देख पा रहा हूं, एक तरफ से काम, क्रोध, और एक तरफ से यह षरीर के प्रति आसक्ति, घर वालों के प्रति आसक्ति,
मुझे सिर्फ और सिर्फ भक्तों की सेवा, को छोड़ कर, अब कोई अभिलाशा नही हैं मेरे नाथ, कृपा करो, दया करो, इस तुच्छ जीव पर,

एक मात्र आप ही का एक सहारा हैं जिस से में इस भव बंधन से मुक्त हो पाऊंगा, जिस प्रकार गजेंद्र का एक ही सहारा भगवान थे, उसी प्रकार आपको छोड़ कर मेरे पास और कोई सहारा नहीं हैं गुरुदेव, मुझे आप अपना लो या ठुकरा दो, में सिर्फ और सिर्फ आप ही का हूं, मुझे श्रील प्रभुपाद पर पूर्ण विष्वास हैं और भगवान की कृपा, आचार्या गण के माध्यम से प्रभुपाद और प्रभुपाद से आप और आपसे मुझ पर अवष्य आयेगी,

सेवा अधिकार दिए जय गुरुदेव,

आपके सेवकों के सेवकों का सेवक बनने का प्रयास कर रहा हूं, हो सका तो मुझे मेरे अनगिनत अपराधों को माफ करना, जो मुझसे जाने और अनजाने में हुऐं हैं,
आपके निर्देषों का पालन करने की षक्ति दे, साधना और वैश्णव सेवा को और अच्छे से कर पाऊं ऐसे आषीर्वाद की कामना करते हुए आपसे भिक्षा मांगता हूं,

"पीपदह लवन ंभ्चचल ज्ञतपीदं बवदेबपवनेदमे इपतजीकंल ळनतनउींतंर'

श्रील भक्ति सिद्धांत सरस्वती गोस्वामी महाराज जी की जय,
श्रील प्रभुपाद की जय,
श्रील गुरूदेव की जय,
सभी भक्त वृंदा की जय,

कोई भूल चूक और अज्ञानता वष से कुछ गलत लिख दिया हो तो मुझे माफ करना, गुरुदेव,

Gurumaharaj, I am very grateful to you, as you have shown your kindness on an extremely fallen person like me, who is lower than a worm in the stool of a pig.
I have no qualification to be in this Krishna Consciousness movement and chant on the beads with the devotees, or to listen from the devotees about God, that too in the Gaudiya v sect, which has had its stalwart acharyas like Madhavendra Puri Pad, Ishwar Puri Pad, Chaitanya Mahaprabhu. I had never imagined that such great mercy would be bestowed upon a fallen soul like me, and the credit for this goes to Srila Prabhupada.
By the grace of Srila Prabhupada and through your own example, you have taught us all devotion to God, sadhana, bhajan, Vaishnav service, Vaishnav virtues and etiquettes. You have taught us how to chant Harinam intensely. You have taught me how to take refuge in the Lord even amidst the many troubles of my life. Through your teachings and your guidance, you have given an opportunity to an animal like me to become a human being, through which I can survive by following the devotees. I am trying to follow this with the grace of Guru and Vaishnavas.

Gurumahraj, I do not have any qualification to become your disciple. It is only your causeless mercy which is giving this insignificant creature an opportunity to go to the abode of Lord. I am trying my best, so that I can become your disciple. I have implemented the instructions given by you and other senior vaishnavas in my life. I am trying to intensify my sadhana.

By the immense grace of Anand Vrindavan Prabhu, we are getting the opportunity to take Hari Naam seriously in the association of devotees. I cannot mention in words the great favour you have done to us by sending Radhe Shyam Prabhu to Hyderabad. Whenever I see your other disciples like Gauranga Prabhu, Gauranga Darshan Prabhu, Radhagopinath Prabhu, Radheshyam Prabhu, and other devotees, I feel very happy. I have only one desire that I too can do some service for you, but then it feels like maybe I'm not worthy of it.

Please have mercy on me, please have mercy on me Gurudev, I am full of so many vices and shortcomings, that I can see. On one side there is lust, anger, and on the other side there is this attachment towards the body, love for the family members. I have

no other desire except serving devotees of the Lord. O my master, please have mercy on this insignificant creature.

You are the only support through which I will be able to free myself from this bondage of existence. Just as lord was the only support of Gajendra, in the same way I have no other support except you O Gurudeva. Gurudev, you may accept me or reject me, but I belong to you and you alone. I have full faith in Srila Prabhupada. The grace of Lord will definitely come to Srila Prabhupada & from him to you and from you to me.

Srila Gurudev please give me the qualification to serve.

I am trying to become a servant of the servants of your servants. If possible, please forgive me of my countless offenses, which I have committed knowingly and unknowingly.
I seek your blessings to give me strength to follow your instructions, to be able to do sadhana and Vaishnav service better.

*Wishing you a Happy Krishna consciousness birthday Gurumaharaj*
All glories to Srila Bhakti Siddhanta Saraswati Thakur
All glories to Srila Prabhupada
All glories to Gurudeva
All glories to all vaishnavas.

Kindly forgive any wrong expression or word that may have com unknowingly in this offering, O Gurudeva...

Hare Krishna Maharaj.... please accept my humble obeisances.
Wishing you a Happy appearance day.
I am extremely fortunate to be connected to this Radha gopinath temple and under the shelter of your goodself.
This may sound very common but would surely express that our family is indebted to you for wonderful devotees in this temple who are like gems and jewels and Maharaj you are like the Johri who has polished all the diamonds of the temple.
Maharaj we are clear that it's Your goodself through your devotees have done so much for us that we are completely indebted.
We are thankful to Lord Caitanya mahaprabhu to bring Krishna into our lives, we are thankful to Srila Prabhupada for bringing Chaitanya mahaprabhu into our lives and we are thankful to you for bringing Srila Prabhupada into our lives.

All Glories to srila prabhupada..

After coming to krishna Consciousness after 1 year in Bhakti I Just saw your face in online.
After that I have never seen and never remembered you.
Suddenly one day I Got a Dream that you are sitting down on floor in front of prabhupada Diety in one of the temple Hall, And you are looking at prabhupada diety and tears were flowing from your eyes in a ecstatic mood.
From Temple courtyard I saw you.
And I sat to your left Hand side and Holded your left hand and I was seeing you and then I started crying ecstatically in a sober mood. There is no body in the temple except you and me.

You are looking at prabhupada and crying and I was looking at you and crying.
And then dream stopped.

I was shocked..
I never heard your any lecture..
I got this dream and took it lightly and forgot..

And then after some days..

I Got a second dream that,
One foreign brahmachari devotee in the temple.
He holded my left hand and right hand of one other devotee and took us to maharaj room.
And he throwed us in front of maharaj.
Our kneels are down.
In maharaj room there is one window, maharaj looking outside of that window, and as soon as he heard the sound of us he turned towards our side and looked at me and then the dream stopped.

Then I decided He is my Spiritual master..
And I was aspiring disciple to get Initiated by maharaj..

Dandavat pranam.
Thanks..
For giving this opportunity..
Hare krishna..

Dear & Respected Guru Maharaja
Please accept my prostrated humble obeisances unto your lotus feet

All glories to Srila Prabhupada
All glories to you

After long COVID pandemic gap, by the causeless mercy of Srila Prabhupada, finally we witnessed your physical presence when you came to Kolkata few weeks ago. It was supremely enlivening for all of us. Seeing how lovingly you encouraged those devotees who really had done so much for your satisfaction, I was inspired to do more and more in my devotional services for your pleasure.

Few days ago while listening to your evening classes during Kartik Yatra 2023, I carefully noticed how you so perfectly made us enter into the pastimes as described in the later chapters of CC and CB while simultaneously offering us your valuable instructions to be meditated upon. By discribing some of the glories of HH Gaur Govinda Swami, You

simultaneously taught us how to deeply respect and honor with gratitude our superior godbrothers. By repeatedly appreciating the tireless efforts put up by Kitchen team for cooking daily delicious prasadam along with 30,000 chapattis approx, you simultaneously taught us how important for us is to cultivate sincere service attitude in order to attract your mercy.

Thank you Maharaja for constantly nourishing us through your own personal example and your repeated instructions.

On your 73rd Vyasa puja, I sincerely & earnestly beg you for the strength to follow behaviour of a sincere devotee with transparency, cultivate genuine humility and thereby serving others in the mood of servant of servant.

Crying for your causeless mercy

Guru Maharaj Ji Your divine qualities are like ocean thus I am very insignificant to glorify you, still I will try to mention at least one drop of this great oceanic divine qualities for your pleasure & for my purification. Reality is that my capacity & intelligence is so limited that even I can't express a single drop of your oceanic divine qualities but still I want to do humble endeavours because that is the only think I can desire by your causeless mercy.
Guru Maharaj Ji you always instructs me to follow Trinad api sunichen... But due to my fallen condition even I am not endeavouring sincerely & sufficiently so I beg at your lotus feets please bless me to at least sincerely endeavour to follow this instruction. Guru Maharaj Ji you are giving every drop of your blood for making me & millions more krishna conscious & bestowing your causeless mercy upon me & millions of more devotees. your lectures are the only guiding lighthouse in the unfathomable bottomless ocean of bhavsagar. Guru Maharaj Ji I beg at your lotus feets please give me your causeless merci to follow 4 regulative principles physically, mentally, emotionally very rigidly. Also I seek your blessings for chanting the Holy name of lord very sincerely, seriously, without any ulterior motives , with humility, attentively for the pleasure of Hari, Srilla Prabhupada ji ,you & Vaishnavas.
I don't have words to express my gratitude for you for your valuable contribution in every aspect of my life, I can never repay it even in millions of lifetimes also. Hare Krishna Maharaj,
Please accept my humble obeisances,

Maharaj, at many stages of life, when I'm getting kicks in this material world, I feel blessed & fortunate that I have received shelter under you by the mercy of Shrila Prabhupada. However, at the same time, I also feel ashamed that I'm not able to help others become such fortunate souls by preaching Krishna Consciousness actively.
You have been teaching your disciples by your personal example so many times.. Just a few days back I saw you offering obeisances to devotees when you visited NVCC brahmachari ashram. Really it's so heart touching.. that how can a Guru do that in front of much junior devotees.. But it's so evident what it means by " to walk ones talk".
Maharaj, I have joined grhastha ashram last year and am expecting a child next year. Please bless us that we take proper care of the baby and act in a way to bring a good soul to this world who can do good for the society by becoming an ideal devotee of Krishna.
Seeking your blessings Maharaj that I balance and quickly progress in occupational and constitutional duties and become a stable devotee who will be ready for sevas voluntarily and readily available instead of being engaged in so many other duties.

Please forgive my for my offenses Maharaj.

**Ram Mukunda Das and Radhika Lila DD (Seattle, WA, USA)**

Hare Krishna Srila Guru Maharaj,
Please accept our humble obeisances. All glories to Srila Prabhupada! All glories to Guru and Gauranga!
This is our humble attempt to seek your blessings. We know you have unlimited love for all your disciples, and we can feel that in each of your classes. How dearly you love us all and how dearly you want us to assist you in the mission of your dear Gurudev Srila Prabhupada! Despite all our shortcomings, your greatness lies in accepting these insignificant souls as your children and praying for all of us to go back to Godhead.
There is so much to learn from you and also from your dear disciples who serve you day and night. We have very recent memories of the Jagannath Puri yatra 2023, which teaches us how disciples should serve their guru and surrender to him to make a seemingly herculean task possible with a huge smile and utmost humility. Our parents accompanied us on the yatra, and they were wonderstruck each day with all the arrangements and the humble attitude of all devotees in their dealings. Thank you so much, Guru Maharaj, for your vision and all your love showered on each of them.
We had a very special yatra this year, and seeing the beauty of the Lord of the universe, Lord Jagannath, is the topmost blessing in our life. We wouldn't ask for anything more from Lordship when He gave us His beautiful darshan. This was all possible only because of you, Guru Maharaj. Your vision to bring all devotees together and hear Hari katha in the holy dham brings spiritual enlightenment in life. Your beautiful katha every day is another nectar to understand Lord Chaitanya Mahaprabhu's coming into this world for fallen souls like us and give us holy names indiscriminately. This spiritual gain is truly sustaining us in our daily sadhana away from the holy dham for many days. The recharge the yatra gives us is inexplicable. Just as Mahaprabhu is so merciful, so are you, Guru Maharaj, who is loving us indiscriminately. In one lecture, you said that like Srila Prabhupada is my life & soul, all my disciples are also my life & soul. What else would a disciple ask for? Again and again, thank you so much, Guru Maharaj, for your love.
We will conclude with Dhruva Maharaj's prayers, "I have been searching for some pieces of broken glass, but instead I have found the most valuable jewel. I am, therefore, fully satisfied, my Lord. I do not wish to ask anything more from Your Lordship." Like that, we all are here in search of some material comfort, and by the mercy of His Divine Grace Srila Prabhupada, we have found a shelter under the loving and caring wings of you, dear Guru Maharaj. This material comfort of this place is like broken glass for us, which will give us sufferings only, but your love and care will give us all the satisfaction we need. Thank you so much, dear Guru Maharaj, for giving us shelter and showering your unlimited love on me and my family through your vani.
Your loving servants,

Respected & dear Guru Maharaj.
Please accept my humble obeisances.
All glories to Srila Prabhupada.

On this auspicious day when I reflect on different ways how I've been affected by your personality, I strongly feel that I'm indebted to you prominently for teaching me genuine humility.

Some weeks before you came to Pune temple, stayed in Guest House. Next day during Mangal Arati time one incident happened that taught me lesson on humility in a most memorable way.

Usually every day I come to temple hall 15-20 min before Mangal Arati Conch shells are blown. And when wooden doors are opened I stand at the canter of wooden arched railing in front of Gaur Nitai Altar. That day when Maharaj also arrived 3-4 min before blowing of conch shells I moved away from my usual standing place, looked

at Maharaj & in an inviting way gestured or signaled Maharaj to stand right in front of Gaur Nitai's altar. So that he would be able to take darshan of all three altars very closely. Which was quite appropriate as he is the Senior most devotee in the crowd of 300+ devotees. But Maharaj looked at me gestured me to come near him and whispered in my years, "I'll follow you, You show me how you offer obeisance's to all 3 deities. I'll do the same way." Doing that was certainly very awkward/uneasy for me to do but following his order somehow I didn't it. After offering obeisance's to all 3 deities I stood in front of Gaur Nitai's altar little bit behind the line where Maharaj was standing in front of Sri Sri Radha Vrindavan Chandra's altar and attending Arati.

Through this incident I realized that Maharaj doesn't have slight bit of feeling that being a senior most person he has the right to stand in first row. His humility and unassuming nature is very heat touching.

Your unworthy disciple.

Thank you Maharaj for initiating me into such a wonderful world of Krsna consciousness. For introducing the wonderful yatras, your glorious vanis, kirtans, etc of the Lord, Shri Krsna.
I was a floating devotee until one fine day during the Pune yatra, at Mafatlal Bnglw, Hg Jahnava mataji introduced me to you. You blessed me with the words, ' I will pray for you. ' Since then, due to your mercy, I am contriving to become more and more Krsna conscious.

Dear Guru Maharaj,

I humbly offer my obeisances at your lotus feet. Although I am acutely aware of my own inadequacy in presenting this offering on the occasion of your esteemed Vyas puja, I am driven by the desire to please my exalted Godbrothers and Godsisters who have played a crucial role in my spiritual journey in Krishna consciousness. Therefore, I earnestly wish to place these imperfect and humble words at your lotus feet, seeking your forgiveness and the forgiveness of the Vaishnavas for any errors or shortcomings in this immature offering.

Dear Guru Maharaj, you are an ocean of mercy. Through your discourses on Krishna katha and your literary gems like "Journey Home" and "Journey Within," you have generously shared the wealth of realizations and prayers of an exalted devotee like yourself with us. In a world where the pursuit of material pleasure prevails, and the environment encourages such pursuits, you embarked on a journey that is beyond our wildest imagination—to discover the purpose of your life and reach the lotus feet of your spiritual master, Jagadguru Srila Prabhupad. Since then, Guru Maharaj, you have tirelessly dedicated yourself to the mission of your Gurudev Srila Prabhupad, faithfully conveying the message of Chaitanya Mahaprabhu by living the life of an exemplary Vaishnava. You have truly exemplified Srila Prabhupad's words that "example is better than precept." Your life, as evident from archives or your old videos and images of you engaging in activities such as cooking, cleaning, painting, interacting with both common individuals and eminent personalities, serving Srila Prabhupad, and offering deity services, stands as a testament to selfless devotional service. Your experiences at New Vrindavan and Radha Gopinath Mandir in those early days, Guru Maharaj, reflect your complete surrender and sincere service.

Gurudev!
Kṛpā-bindu diyā, koro' ei dāse,
tṛṇāpekhā ati hīna
sakala sahane, bala diyā koro',
nija-māne spṛhā-hīna

Gurudeva, O spiritual master! Give to this servant just one drop of mercy. I am lower than a blade of grass. Give me all help. Give me strength. Let me be as you are, without desires or aspirations.

I implore you for a small fraction of your mercy from your boundless ocean, so that I may serve Vaishnavas and Srila Prabhupad to the best of my abilities.

Maharaj, you have extended your mercy through your manifestation in numerous exalted Vaishnava Godbrothers and Godsisters, and I am profoundly grateful for their association. Your teachings on the significance of Vaishnava interactions and your pioneering initiatives like the counselor system for devotee care are greatly appreciated. I am deeply thankful for the mercy you have bestowed upon us.

Dear Maharaj, you frequently quote in your lectures the words of Lord Chaitanya, "trnad api sunicena, taror api sahsinuna, amanina mana dena, kirtaniya sada hari," emphasizing the importance of humility, tolerance, and respect for others while constantly chanting the Lord's names. Guru Maharaj, I have realized that maintaining these principles is among the most challenging aspects of devotional service, and I often fail in doing so. Therefore, I earnestly seek your mercy to grant me the strength to uphold these principles while executing devotional service.

Jogyatā-vicāre, kichu nāhi pāi,
tomāra karuṇā-sāra
karuṇā nā hoile, kāndiyā kāndiyā,
prāṇa nā rākhibo āra

If you examine me, you will find no qualities. Your mercy is all that I am made of. If you are not merciful unto me, I can only weep, and I will not be able to maintain my life.

Yours in humble service,
Rāma Vilāsa Dāsa

Srila Guru Maharaj with your purity and immense love for Guru and Gauranga you are touching thousands of people to change their hearts with Your lectures, association, and Journey Home book.
Thank you, Maharaj for giving us very inspirational lectures. The lectures which you give on the Yatras are ultimate, especially the lectures given on the Vridavan Yatra 2013 touched my heart. When I am hearing these lectures, I feel myself as if the lilas are happening in front of my eyes. You made me see Vridavan through my ears, the words coming from deep of your heart are like arrows touching my heart to soften my stone heart. Your lectures are like oasis in desert. I am inspired and motivated as You are showering Your mercy on this fallen soul through Your lectures.
Thank you, Maharaj, for sharing your experience of spiritual journey in Journey Home book. Through this book you taught us real humility, real quest to search for Lord Krishna, importance of servant-ship, the mood of rendering service as servant of the servant mood. I learnt how to keep focus on the goal and depend on the Lord in the hard times of struggle as the mind keeps on barking like a mad dog.
I am feeling very privileged to have this wonderful opportunity to send my best wishes to you and to thank you again for being in my life. I pray that I will always feel the bliss of being connected to you.
On this auspicious day, myself and my family are begging for shelter at Your lout's feet so that we may progress in this spiritual journey under your guidance and be useful to serve Guru and Gauranga to spread the mission of Srila Prabhupada and Yourself.
On this glorious day, though we do not have any qualifications, we humbly pray to Sri Sri Radha Vallabha, Lord Jagannath, Baladeva and Subhadra, Gaura Nitai and Srila Prabhupada that you become more and more empowered to spread Srila Prabhupada's Mission.

I was thinking of what to write to you that will get your attention, then I realized that writing is not one of my strengths. To be honest I don't have many strengths. My only good fortune is I am your most insignificant disciple, which for me is my everything.

I was so determined to write something so eloquent for your pleasure and more so that everyone else will read it and think, wow, who is this disciple. You quickly cut my ego down to size to remind me that I am just a fool, your fool, who is only dependent on your mercy

Even though I have met you in the flesh only once in my lifetime on the day of the initiation, and the only words that you spoke to me was my new name, I feel your hand over me constantly.

Whilst executing my service at the Food for Life kitchen in South Africa, I too become inspired when I see you holding a spoon over those towering pots and relish, when will I get the opportunity to receive that mercy from that pot. How fortunate are those souls to receive the mercy from your hands

Thank you for blessing me with the opportunity to render some personal service to the deities Sri Sri Radha, Radhanath, in the deity kitchen. In some way I feel that by seeing Them, serving under the direction of the devotees here, I get to feel your personal blessings and hand over me
I am forever indebted to you Srila Gurudev for your kindness, mercy and love and I pray to you on this most auspicious of auspicious days to please not only bless me, but all of your disciples, aspiring disciples and well wishers to be worthy offerings to your most beloved Gurudev, Srila Prabhupada

I offer my respectful obeisances unto His Holiness Radhanath Swami Maharaj, who is very dear to Lord Kṛṣṇa, having taken shelter at His lotus feet.
Please accept my humble obeisances Maharaj. I ardently wish and hope to get initiated by you. It goes without saying that your lectures are so nourishing, so spiritually enlivening and uplifting. They transform your consciousness and make you feel that you are a spectator, actually witnessing the spiritual happenings in your lectures. Your kirtans are so soulful and heartrending. The kirtans by themselves are very magical having been written from the heart of the Vaishnavas and when rendered by a great Vaishnava such as you, gets one connected to Krsna like a live telephone line.
I had the opportunity to first see you on Hanuman Jayanthi this year when you gave a lecture on Ramayana, then I was there for your Radha Ashtami lecture. But surprise of surprises was when my husband and myself had gone to attend his company event – the 100th birth centenary of Shri Arvind Mafatlal and lo and behold, I suddenly saw you walking into the packed auditorium. I very hesitantly came and offered obeisances from behind when you were talking to someone else and when I got up after taking darshan of your lotus feet, I found you smiling at me – your compassionate smile with eyes crinkling. It was an unforgettable moment for me. Then we sat through the program where I was trying to get a sneak peek at you from behind a few rows.
After the program, again I was doing dandavat pranam in the crowd. Suddenly HG

Kishori Mataji came and introduced us to you! I was totally speechless, dumbstruck to say the least. She also mentioned that my sister and brother- in- law are brahminically initiated from HH Jayapathaka Swami Maharaj, but that I am aspiring from you. What a wonderful day it was! It was one day before Sharad Poornima , I think.

We were in Pune for a couple of years. My husband was not looking out to change his job as he had been with the same company for 24 years. Suddenly a call came from a consultant, which my husband declined saying he was not keen, after a week's time, he called the consultant back saying he was willing to try. This was for a Public Ltd company, that's all we knew. The interviews went back and forth for a couple of months, finally when my husband went to meet the founder, it was HG Krishnachandra Prabhuji. My husband said he saw many Radha Krishna pictures in the conference room. My parents, who were then with me confirmed that he is a great devotee and used to attend my sister's daughters' school events as the Chairman. Then there was no looking back for us.

My mother subsequently got detected with breast cancer within a month's time of our moving to Mumbai and got operated in Bhaktivedanta hospital where again Shri Krishnachandra prabhu is the chairman. Krishna has beautifully orchestrated our lives in such a way that we know that Krishna has the best plan for us.

We are very fortunate to have our Radha Krishna deities named by you "Sri Sri Radha Vinodji". Sri Sri Radha Vinodji ki jai!

Krishna has brought us here and because of being my husband's wife, I had the great fortune to see you up so close. It is unbelievable. Krishna has his own grand plans for us and we should just fall in line with his great plan. Avashya rakshibe Krsna. Sarvam Krsnarpanam.

It is all possible because of your kripa which I got through sampradaya which you carry and kindly distributing. All glories to Srila Prabhupad!
All glories to you on this very auspicious day!

Gurudev as we go through life and also grow along with its in very minute way we understand and realize your magnificent magnitude.
We really liked the analogy that our God brother Shubhvilas prabhu gave... you have an amazing appetite for Krishna Katha like a Gajraj who can consume enormous quan-

tities of huge rice laddus and while you relish that drops are falling on the ground and we insignificant ants are truly relishing those nectar drops.
We see that how you are helping so many devotees in their Krishna consciousness at every stage of life especially towards their final stage... whether you being personally there or not...
This gives so much assurance, security and comfort.
We are very grateful to you Gurudev for nurturing our bhaktilata.
We are eternally indebted to you Gurudev for protecting us in this abnoxious material world.
We have learnt various soul saving lessons from your personal examples and through your lectures... kirtans...

Best gift that we have received is association of seniors devotees whom you personally trained

We are struggling in this material world as we have heard but not realize the principle that you taught “in giving we receive”
Practice of Krishna consciousness becomes very easy in your association and becomes difficult in your absence... so kindly bless that we take thorough shelter of your vani and senior representatives of your grace!
Gurudev most astonishing thing is even though we are suffering but we feel that everything is ok...
Please bless us that we realize our precarious situation in this material world and take genuine and sincere shelter of three things you suggested “Name Ruchi, Jiva Daya and Vaishnav Seva”
We pray to Sri Sri Radha Gopinath ji, Sri Sri Radha Vrindavanvihari ji, Sri Sri Radha Madanmohan ji and Lalita devi to give you long and healthy life to further spread the mission of Srila Prabhupad and save many many more souls and bring them to lotus feet of Krishna!

Dear Guru Maharaj, please accept my humble obeisance's. All glories Srila Prabhupada and all glories to you Maharaj.

Maharaj, I'm not qualified to say anything in your glory, but nevertheless I'd like to say a few words in your service for my own purification. Maharaj I'd like to start by expressing my gratitude for showering your mercy and accepting me as your disciple. Maharaj you have inspired your devotees in so many different ways to serve in Srila Prabhupada's mission. Maharaj, at GEV by your mercy and inspiration, devotees were able to manifest the glorious Madan Mohan temple along with the deities of Shri Shri Madan Mohan, the only place where devotees can have darshan of both the magnificent temple and transcendentally beautiful deities of Shri Shri Madan Mohan and not just Madan Mohan temple but devotees can have darshan of entire Vrindavan Dham in all its glory.

I remember an incident during the promotion of your book "Journey Within" where your disciples had organized a conference call and you had spoken very briefly and beautifully inspired everybody to serve in the mood of cooperation and contribute towards the higher goal of making the book a New York Times Bestseller. You spoke very beautifully about the pastime of Lord Shri Rama constructing the bridge connecting India to Sri Lanka and how everybody's contribution was important and how Lord Rama appreciated a tiny squirrel contributing a few grains of sand and considered it no less than Lord Hanuman contributing huge boulders of stone. It was very inspiring to know that everybody's contribution was important, and it mattered to you personally. You always stress on Srila Prabhupada's instruction of "mood of cooperation while serving" and you practically demon-

strate this mood by your example and instructions.

Maharaj, I had your darshan during Vrindavan Yatra of 2019 and I remember one morning you were taking a walk and all the devotees were offering their respectful obeisance's and you were reciprocating with kind merciful glances and beautiful smiles. It was very transcendentally blissful to witness you showering your mercy and loving reciprocation on one and all. So on this auspicious occasion of your appearance day, I want to express my heart felt gratitude and thank you from the core of my heart. Please continue to shower your mercy and please bless me Maharaj, so that I can continue to serve at your lotus feet in Srila Prabhupada's mission in the mood of servant of a servant.

Thank you, Maharaj.

Dear Guru Maharaj, Please accept my humble obeisance's at the dust of your lotus feet. Wish you happy appearance day maharaj!!!! Thank you very much for all the gifts and causeless blessings that you are bestowing upon this fallen soul. Especially we were very happy and grateful for your holy association in the recent Karthik Yatra 2023 in Jagannath Puri. You have extended a lot and showered your love upon all the devotees through your very deep and long hours of lectures and Dancing Kirtans, personal interactions and chanting sessions etc. All the hunger and thirst of all devotees for physical Karthik Yatra after 4 years is completely satisfied by your causeless mercy.
Your lectures are food for my soul, a guiding light in my spiritual journey and many times I could feel your reciprocation through your lectures which exactly address my current situation. For example currently we are in Nellore, distributing Srila Prabhupada's books through Value Education contest in schools. I have been hearing your lectures, 1995 series, in which, many of the lectures you are mentioning the importance of scriptures and Prabhupada book distribution etc, it is an amazing mercy. But of course I should serve you, take your shelter unconditionally with out expecting or demanding miracles always. Recently I was hearing from you that a true vaisnava never expects any miracles from Lord or Guru, he serves them unconditionally for their pleasure and purification of his heart. By miracles faith may increase but heart does not get purified. Only by following the instructions of Guru and Krishna, one can purify one's existence. You have given example of Srila Prabhupada who has never shown any mystic siddis, but because of his complete surrender to Lord, he could become the instrument of Lord to deliver the whole world.
Guru Maharaj, by your purity and compassion and amazing and absorbing Krishna Conscious discourses, you are guiding many vaisnavas as shiksha guru as well. I saw that many disciples of other gurus are very eager to hear from you and follow your teachings. I feel so fortunate to have such a glorious master, let me be loyal to you eternally at the same time I should respect and serve all your God brothers and God sisters and Srila Prabhupada's mission for your pleasure.
On this auspicious day I pray to Their Lordships for your good health and long life to deliver many more conditioned souls like me. I seek your continuous shower of blessings into my begging bowl and forgiveness for falling short to meet your expectations.
We are very eager and very happy to attend your upcoming physical live Vyasa puja 2023 after 12 years, Thank you so much for extending your self and agreeing for this important event.
Taking the dust of you lotus feet on my head.

Just some time back 12000 devotees gathered in puri by your mercy. Just as Puri has an ocean, we witnessed an ocean of devotees. Every single devotee raised by you was receiving stay, prasadam facility along with your kathas all in a very timely manner. All this is possible only because of your immense mercy Guru Maharaja.
May we also get to experience the separation from the Lord that you experience within your heart & which was very evident in your kathas.
Maharaja, I pray that my family members Suhas, Sakshi, Shrihari, Shrivatsa may also get your mercy & blessing.

My humble obesiences unto the lotus feet of Gurudev
We are very insignificant disciples and are the most fortunate to have a Guru Maharaj like you Maharaj. A very special offering to your lotus feet is the special blessing that you had bestowed upon us 12years back.. when my son was born...I always had a dream that my child would be named by you while he is in your lap..but while I got a child the facility was not available..we just had to give names ...it was the the 3rd day of my child's birth and we gave 5 names to Vrajchandra pr and you were in Mayapur...that night i got a beautiful dream in which you were holding my child in your lap and I was sitting in the front and you touched his head and told me that "I BLESS YOUR CHILD WITH THE NAME NAKUL". the next morning I told this to my mother in law and was so happy but my husband dint knew about this..when he came to the hospital ,Vrajchandra pr called him and he was talking to my husband and he said that Maharaj has named him NAKUL..the moment I heard this I started crying, my husband did not understand..later I told him everything ...you had fulfilled the dream of a insignificant disciple like me...I will never ever forget that incident in my life...we pray for your best health and hope to become an instrument in your hands for preaching the mission by the medium of Nakul..pls bless us Maharaj that we can serve the mission in the way you want us to do...

Thank you for everything Maharaj. You have simply given and given. All these years. Opportunities for seva, for darshan, for living a life of devotion. If only I could imbibe all your instructions and expectations. And dedicate myself to following them. Please Maharaj bless me that I can somehow , someday.
Your dedication to Srila Prabhupada and his instructions is what is keeping me going. I feel very unhappy with material world. I just want to serve Radha Krishna and go back to Godhead. Hopefully in this lifetime itself. I have a desire to not commit any Vaishnava Apradh and lead a life that you expect your disciple to.

Dear Guru Maharaj,
Please accept my humble obeisances.
All glories to Srila Prabhupada.
All glories to you on this auspicious day of your Vyas Puja. I feel so very happy to hear your countless glories each and every day throughout the year. Now it is time for me on this day to write an offering for your Vyas Puja but do not know why I find it difficult to put my thoughts into words. But begging for your mercy, I shall attempt to recount a few of your glorious qualities and activities like commitment to spreading love, compassion, and wisdom not only within ISKCON but also among broader humanity around the globe.

Your special relationship, respect, love and affection towards your godbrothers are something that always draws my attention. There are many examples from the past but to quote one recent one is your encounter with HH Gopal Krishna Goswami Maharaj at ISKCON, Pune. Your spontaneous respectful greeting of HH Gopal Krishna Goswami Maharaj was so heart touching that anyone sees will never forget.

As you have done many times in the past, it was quite encouraging to see you fully absorbed in cooking prasadam for devotees along with your disciples during your recent Kartik Yatra in Puri. Also, it was amazing to see you distributing Prasadam to devotees during your recent visit to Mayapur especially one day when you had to walk on your knees to serve prasadam to the devotees. This shows us how much importance you give to serving the devotees.

These qualities show your humility to rest of the world. You not only preach to your disciples to be humble by often quoting 'tṛiṇad api sunichena...' verse from Sikshastakam through all your discourses, but also you practice absolute humility so that others in society especially your disciples can follow.

You have dedicated so much time and effort in training your early disciples during 1980s and 1990s, they are all stalwart preachers now ready to take Prapnhupada and Chaitanya Mahaprabhu's mission forward. Whenever I have met your god-brothers and god-sisters in the past, they first enquire who is my Guru Maharaj. After hearing your name, they just go on glorifying all your qualities for rest of our conversation. A few of them have even complimented you telling they hear you speaking when they hear some of your senior disciples talking. It makes us feel so happy to see how pleased your godbrothers are with you and how much your past effort bearing fruit benefitting ISKCON and junior disciples like us.

It is really amazing to see how much you care for everyone whether a dying dear or a dead puppy, a person who has a few days to live in this world, or a cow or your disciples or devotees or your godbrothers/god-sisters. As your actions speak, not only you preach others to see Krishna's presence everywhere but also you see Krishna in everything living and non-living.

Another thing I have noticed in you that never ever you miss an opportunity to glorify your god-brothers/god-sisters and your spiritual Master Srila Prabhupada. I have seen any time someone glorifies you for your service, you immediately ascribe it to

Srila Prabhupada and devotee's mercy like your Guru Maharaj.

Your wisdom, guidance, and selfless service have tremendously impacted the lives of many devotees in ISKCON including your disciples as well as common people outside of ISKCON.

Personally, I am grateful that you have accepted this unworthy soul as your disciple. In the past I always looked towards you when I felt lonely or in distress or in helpless situation. It is your instructions and words of wisdom that I have immense faith on and those have come to my rescue in each and every adverse circumstance in my life. Also, I will never forget how much you care for each and every one of your disciples being the spiritual father to all of us. Anytime you notice some of your disciples or aspiring disciples are left behind in their spiritual journey for any reason beyond their control, you miraculously give them a helping hand.

Your invaluable guidance has given me courage and enthusiasm in my spiritual journey in spite of so many obstacles and enabled me to render some devotional service through preaching, deity worship and serving devotees and supporting Srila Prabhupada and Sri Chaitanya Mahaprabhu's mission for spreading the holy name of Lord.

I am completely dependent on your mercy. Please bless me to further improve and enhance my devotional service to Lord and his devotees to a level that would make you happy. Please bless me to have same level of love, affection and respect for all the devotees including our godbrothers and god-sisters as you have for yours.

I pray at your divine lotus feet to always have your shelter despite all my shortcomings. Thank you for being there with us through your Vani when we need you.

May Their Lordships Sri Sri Radha Kalachandji keep you in good health as you continue to inspire and lead us in our spiritual journey and spread Srila Prabhupada and Chaitanya Mahaprabhu's mission all over the world through preaching of Krishna Consciousness.

Your servant for eternity,
Rathayatra dasa

Hare Krishna Guru Maharaj Please accept my humble obeisances at your lotus feet.

I have no qualification to glorify you guru mj but for my own purification I'll try to speak some broken words.

The seed of Bhakti was sown in my heart by you only when I read your journey. With your journey home I too got tremendous inspiration to follow your footsteps.

Your faith and surrender to Srila Prabhupada gives me the confidence that I'm on the right path. Your appreciation for Srila Prabhupada's message makes me understand it's importance.

I'm a reckless fellow with no attraction for Krishna and his holy names. It is only by your nectarean Krishna Katha that I started understanding about Krishna and his pure devotees and their loving relationships. And I started hearing more and more of your vani.

When I find myself in troubles of material existence I always find shelter in your vani. They are the ultimate solace for all my anxieties. Your instructions are guiding light for me.

I was completely ignorant of Lord Gauranga's special mercy and had no faith that he is Krishna himself but when I heard you speaking Gaur Leela I developed attraction to Lord Gauranga and all his associates. I started to feel the compassion of Nityananda Prabhu.

By your descriptions of life of 6 goswamis of Vrndavan, I got to know their glorious efforts in revealing the supreme love of Srimati Radharani for Supreme Lovable object Shree Krishna.

Importance of Vaishnava seva and not offending them, I understood by your mercy alone.

Thank you so much for everything that you have given to me. I have no qualification to receive bhakti yet you causlessly gave me that mercy of bhakti to Radha and Krishna.

I promise you Guru mj, I'll try my best to follow your instructions.

Your Aspiring Servant of Servant,
Let me be just a spec of dust at the lotus feet of those Vaishnavas who are faithfully following your instructions.

Dear Most Guru Maharaj,

Please accept my millions of humble obiesances unto your lotus feet. All glories to Srila Prabhupada. All glories to Sri Gauranga.

Maharaj, I always feel so insignificant or feel a non-entity to even stand in front of you what to speak of glorifying you. My offerings to you are like showing a dirty lamp like my imperfect knowledge to the Sun like your glorious personality. I always grapple for words to describe your unlimited qualities. Still, I try to offer my love with these stuttering words. My words may not be sufficient to glorify you, but my heart is filled with full of gratitude and love for you. Kindly accept few of my loving words to express my deep heartfelt gratitude.

You are the embodiment of love of Goadhead, Sri Krishna. Your heart and your entire existence is filled with unlimited love for Krishna in the mood of pure Vrajavasis. Srila Prabhupada had built a house where the whole world can live. Following in his footsteps and mood, you are maintaining that house by your love and care. You have not only allowed us to enter into this glorious house, but also filled it with so many wonderful devotees. You have given us the most loving, caring and nourishing Siksha Gurus, God brothers and God sisters on whose association we feel protected, nourished and sheltered for eternity.

The Siksha gurus like HG Radhagopinath Prabhu, HG Sikshashtakam Prabhu, HG Muralidhar Prabhu, HG Vrishabhanu Prabhu, HG Sridamaskha Prabhu, HG Balaram Shakti Prabhu,HG Radharani mataji (and many more) who always bestow their love and care in the form of sharing their realizations through scriptures and their most heart touching loving dealings. The God brothers like HG Damodar Bhav Prabhu, HG Sudhir Caitanya Prabhu, HG Navin Gopal Prabhu always give their love and affection in the form of their constant association and engaging us in various devotional services. Truly grateful to you Maharaj for providing and facilitating such a loving environment and jewel like devotees.

I wish to mention one of the Kunti devi prayers which are part of SB 1.8.18-43. Very heart touching. The whole essence of these prayers culminates in 18.42:

Tvayi me 'nanya viṣayā
Matir madhu-pate 'sakrt
Ratim udvahatād addhā
Gagevaugham udanvati

This is the prayer of a pure devotee. Her prayers have all the ingredients of a true prayer. First she offers obeisances, then she submits her insignificance to understand Krishna (kathaṁ paśyema hi striyaḥ), then she glorifies Krishna, then she expresses her gratitude to Him for always protecting them and finally she submits her plea. She wants to engage in Devotional Service continuously (asakrt). Whereas Lord promises that if a person even says once, "I am Yours", I will give protection always. In Vibhishan saranagati, Lord Ram says:

Sakrd eva prapannoyas
Tavāsmīti ca yācate
Abhayam sarvadā tasmai
Dadāmi etad vratam mama

Lord wants us to say only once 'I am Yours' (sakrd) and He is ready to give protection always, sarvada. But queen Kunti says matir madhupate asakrt, let my consciousness continuously flow towards Krishna.

So, there is a transcendental competition between Lord and His devotees. Examples of Lord Caitanya Mahaprabhu saying to Srila Haridas Thakur "You are old now and you need not chant 192 rounds" to which Srila Haridas Thakur says, 'My body is ok, but mind is not stable', Sanatana gosvami continuously doing Govardhan Parikrama even at the old age, Srila Gadadhar Pandit offering garland to Tota Gopinath even at the old age are reflections of the same spirit as expressed by mother Kunti Devi. Srila Prabhupada himself is a great example of this never give up quality. These are few examples of great souls who are never tired and never give up the loving service of Lord.

Maharaj, there is not an iota of doubt and not a tinge of hesitation in my heart in saying that you are truly following in the footsteps of all the above great souls and imbibed the above true spirit and mood of incessant loving devotional service at the lotus feet of Sri Sri Radhagopinath.

Taking one of the four principles given by Srila Prabhupada, i.e., "Preaching is the Essence", you have taken up preaching like breathing. You are continuously traveling all over the world and bringing millions of souls to the lotus feet of Sri Sri Radhagopinath. I too have great love for preaching and have a strong desire to share Krishna with others. On this auspicious occasion of your 73rd appearance day, I humbly pray to you to provide your blessings and empowerment so that I can preach the glories of Lord Krishna, Lord Caitanya and Srila Prabhupada till my last breath and able to contribute a dust particle of service at your lotus feet in a way that is most pleasing to you.

I also wish to humbly submit that my wife, Raseswari Lila devi dasi is also extending a great support and contributing in many ways in taking care of GFS for children in HPCL Colony, TATA Colony, BPCL colony and RCF colony. Her contribution of putting up cultural events based on Krishna lila involving 40-50 children (and thereby bringing Krishna to their 80 odd parents) during Janmashtami celebrations at our HPCL

Colony, organizing daily home Damodar Arathis at the homes of different devotees throughout Kartik month are immensely complementing our preaching efforts under the loving guidance of HG Muralidhar Prabhu, HG Radharani mataji and HG Sridamasakha Prabhu.

Kindly bless us that we always remain humble and present exemplary Vaishnava behavior in dealings with Vaishnavas and with all others and represent true followers of Srila Prabhupada.

Thank you Maharaj.

Hare Krishna Guru Maharaj
Please accept my humble obesiances
All Glories to Sri Guru and Sri Gauranga
All Glories to Srila Prabhupada

Wish you a very Happy Krishna Concious appearance day, Our sincerest prayers and Grattiude at the lotus feet of Sri Sri Radhavrindavan Chandra ,Sri Sri Jagannath Baladev Subhdra Mai, Sri Sri Gaur Nitai , Sri Balaji Bhagvan and Srila Prabhu for connecting me with you my ever well wisher spiritual master. Our prayers for your good health.

Recently after long time i attended the Annual Kartik Yatra, many years it did not happen due to covid. In my personal life it was very much useful as it totally took me to different paradigm of spiritual life, this 6 days i was totally unaware of what was going in the outside world, when i came back to Bhuvneshwar airport and TV news were broadcasted , i could make out i am still in this material world.

I could make out the importance of this Yatra how it so much nourishes are spiritual life and give us purpose and reason of this glories spiritual path. It is not easy to take 10000 devotees for yatra, it takes unimaginable efforts from devotees to make this happen, and this is only for our spiritual benefit. My deepest gratitude for arranging the yatra and giving your association .

I was very much impressed by the seva attitude of devotees there, it was unparallel . There were many take home lessons from the yatra, but what i could remember and want to put in my life is developing Gratitude, aspiring for pure devotional service and trying to give pleasure to Krishna rather than we seeking for pleasure from lord and everyone around. Developing the selfless seva attitude, begging for lord mercy and to avoid finding faults.

Words cannot express the gratitude in my heart, today on the Vyas Puja day I pray to you that I become sincere and serious in devotional service. I seek your prayers and blessing so i can come to Srila Prabhupada, Your and my mentors expectation. May i get the intelligence and strength to serve serve and serve in the humble mood of a disciple and servant.

Hare Krishna. Please accept my humble obeisances Guru Maharaj.
All glories to Srila Prabhupad, Sri Guru and Sri Gauranga.

Maharaj, Thank you for your tireless efforts to uplift the fallen soul like me. It is only your and all your kind disciples causeless mercy. I don't have any qualifications to glorify your ocean of qualities but still I will with my little intelligence and false ego to glorify you to make my heart clean.

Guru Maharaj, I am trying to hear your messages and try to follow your instructions shared on various social media.

It is only your instructions and inspiration that I am able to continue in Kriahna consciousness movement. Struggle is part of our life and I am trying to implement and try to learn through each experience of life.

Only due to your hope giving lecture every struggling experience teaches some good lesson and increases our faith in divine arrangement of the Lord.

As Lord and his actions are inconceivable, mercy of the Lord's devotees is also inconceivable. So your words are inconceivably supports our faith and enhances our dependence on the Lord.

Guru Maharaj, presently I am not able to contribute anything significantly in service of Srila Prabhupad's mission but I have strong faith that Lord must have some plan to brought me in current situation of my life and surely engage me in Srila Prabhupad's mission to glorify Lord Chaitnya Mahaprabhu's movement of Harinaam sankirtan in this life time only.

Guru Maharaj, there are so much sufferings and need to spread the Lord's holyname but without your blessings I am not able to do anything.

Kindly bleess me so that I can follow your instructions and spread the Srila Prabhupad's mission .

Please please forgive my offenses and negligence of your instructions.

Thank you. Haribol..

Dear Gurudev, please accept my humble obeisances. all glories to Srila Prabhupada. All glories to your sincere desire to share Sri Vrindavan dham with all of us.

This is indeed a great fortune to have the opportunity to write an offering on the auspicious occasion of your 73rd Vyas puja. first of all i wish to express my gratitude for kindly agreeing for this program which gives us an opportunity to hear about your sacrifices, services, desires and expectations from us - all for the pleasure of Srila Prabhupada. you have always carried Vrindavan in your heart and following in the footsteps of Srila Prabhupada and all previous Gaudiya Acharyas, you have been serving relentlessly in order to give Vrindavan dham and Vrindavan Consciousness to all of us and all the projects be it chowpatty, GEV or kartik yatra are all means to achieve the goal.

in the recent Kartik yatra, i personally witnessed how you transformed the entire atmosphere into Vrindavan dham. chanting of the Holy names and pastimes and desire to serve the divine couple and Their beloved servants is the essence of Vrindavan dham and by your personal example, your Vani and personal supervision, you ensured that every devotee is floating in the joy of serving each other in order to please Srila Prabhupada and Lord Gauranga. your personal appreciation for all devotees who accepted various responsibilites specially cooking in a make shift kitchen for 10 thousand devs, thrice a day was greatly inspiring. we saw that for your pleasure, HG Gauranga pr spent full time in kitchen monitoring and supervising each aspect personally, HG Radheshyam pr participated in Prasadam serving and vessel washing seva everyday and many senior leaders, counselors, etc becoming totally oblivious of their designations and truly getting absorbed in humble menial services. this is the true state of Vrindavan consciousness of forgetting all designations and simply serve in the mood of servant of servant. in such consciousness, your kirtan and vani goes straight in the heart and nourishes the fine sentiments towards The Lord and His beloved devotees. since, tears are the price to attract Krishna's love, you have so devotionally created the festival cooking seva by which all devotees irrespective of their external designations get to cry and shed tears while rendering seva and chanting Hare Krishna.. what better perfected state of Vrindavan consciousness can be attained

that this crying while serving and chanting.. although i have innumerable deficiencies and short comings in my spiritual practices, dealings and services, still i feel greatly hopeful and encouraged that by attempting to practice your teachings in the extraordinary sanga that you have created here at pune through HG Radheshyam pr ji, i will be able to please you and Srila Prabhupada and that would be the ultimate success of my life. with gratitude for your recent shower of mercy upon all of us at pune through your kind vapu association,

We all were yearning like a chataka bird for many years to have your divine darshan and association.

Thank you very much Gurudev for always being so merciful kind and compassionate.
Your divine yatra classes are giving us the real access to enter Sri Jagannath Puri dham.
As you always say we can enter the dham only through Hari Katha by hearing attentively the beautiful pastimes of the Lord with his devotees.
I am trying to follow your very precious instruction in the yatra as follows...
“ Take Sri Jagannath Puri dham into your heart , where ever you are going keep remembering the holy places you visited, through Hari Katha hearing shravanam sharing kirtanam and remembering smaranam.”

I will try to apply this instruction by hearing all your precious yatra classes and serving my little 9 year daughter hemangi by sharing her the divine pastimes of the lord as she likes to hear. in this way we both will be engaged in smaranam of Sri Jagannath Puri dham.

Thank you very much Gurudev for all your divine nectarine classes

Hare Krishna dear Maharaj Please accept my humble obeisances.
Wish you a very happy Krishna Conscious Birthday..!!!
Dear Maharaj We are very grateful for receiving your blessings and association.

This years Jagganath Puri Yatra was very nourishing and shelter seeking inspite of so many challenges faced. I could this time see the difference between any ordinary Yatra and the Yatra which you take every year to various Holy places. It's a journey from helplessness to shelter. In morning we render services and in the evening we hear from you. This gives us a complete package where we could take shelter as well as maintain our consciousness. This Yatra also gives us a chance to meet so many devotees and take their association and advance in our Bhakti, at the same time giving us emotional stability in our practice of Bhakti. You are extending so much for us travelling to various countries and giving hope to people in their lives. Our condition is we are simply taking and not reciprocating. I want to surrender my life to you Maharaj but I have been carried away by my mind and senses. Inspite of receiving so much still not surrendered. But our only hope is your causeless mercy and hope that if we sincerely serve without being duplicitous and alterior motives, you will surely bless us.

Thank you Maharaj, many devotees say that we want your Vape association and it is so rare to get it. But my experience is that you reciprocate with each and every devotee and take care of every disciple of your's. I have personally received reciprocations from you in various ways, inspite of no being qualified to be so. This year in Jagganath Puri we got your association in Dham Darshan and along with you were very few devotees, I was getting a feeling of 1990's when you would go for visits along with very few devotees. This time you allowed a small person like me to travel along with you to the various holy spots.

Your lectures are ever hope giving to us, whenever in difficulty we tune in to it and we get the exact solution for it. This indicates how you are so strongly connected to each and every disciple of yours. Hearing your lectures has become our life and sometimes its so difficult to imagine life without your hearing your Vani.

Also Maharaj, this time we got a chance to stay in GEV for 2 months. I got a very nice experience of Vrindavan. You have given us Vrindavan where we can meditate and easily absorb ourselves in the pastimes of Lord Sri Krishna. Apart from that Maharaj we have got the association of your disciples and counsellor system where we can open our heart receive full mercy. All glories to you Maharaj for this shelter.

Please forgive me for all my Offences and insincere dealings..

Sincerely seeking for your prayers and blessings.

Your aspiring servant,

Rohit

Dear Guru Maharaj,

Please accept my humble obeisances onto your lotus feet.

Thank you, Maharaj, for giving me and the whole community your wonderful association through this Kartik yatra 2023. This year's Kartik yatra was a memorable experience for me. Fortunately, I was registered as a Volunteer for the kitchen services in the yatra. I cannot imagine my enormous fortune I was having daily darshan of yours. And just by your darshan our service attitude was catching a rage. In the kitchen I tried to render services under the guidance of my counselor as was satisfied with the services.

Sri Sri Radha Gopinath and Your Vani are the only source of my inspiration for practicing the devotional service. I am filled with anarthas and frequently over blasts happens, but the association & guidance provided by your dear disciples and your vani is kept me holding.

As Srila Narottam Das Thakur Prays that his only desire is the purify his consciousness by the words emanating from the lotus mouth of his spiritual master, I also have the same desire. Please Maharaj give me your kind mercy and pure devotion and dedication to your lotus feet.

Your Insignificant Servant,

Dearest Maharaj, please accept my most humble obeisances unto your lotus feet.

It's been only 3 years in Krishna consciousness for me and my prabhuji. Last year this time when people were asking me if I've decided whom I'll take shelter of and i didn't have an answer. I simply prayed to Srila Prabhupada to guide me. That very week I came across the audio playlist of yourbook " The Journey Home" on YouTube .It took me 2 weeks to listen to the playlist. The audio that too in your voice was so inspiring and motivating Maharaja. The book made cry, made me smile, more than that it made me realise that your lotus feet was all I was looking for and that's the only shelter for me Maharaj.
Your compassion and love for every jeev atma is inspiring! You truly are following your gurus instructions in every way and today on this auspicious occasion of your Vyas Puja, I seek your blessings to have a little more humility, a little more compassion for everyone. I seek your blessings to be free from the anarthas and become eternal servant of your servants Maharaj.
I know by your mercy anything is possible Maharaj.

On the occasion of YOUR 73rd VYASPUJA I take this opportunity to profusely thank you from the bottom of my heart for accept-

ing such a useless and worthless wretched soul like me ,as YOUR disciple and giving me Shelter at YOUR LOTUS FEET inspite of my endless anarthas.

GURUDEV YOUR mercy and compassion are endless. You have guided and inspired endless numbers of people both devotees and others especially thru your mind boggling Lectures ( Classes ) especially SRIMAD BHAGWATAM classes especially from one of the Biggest VYASAASANS in the world namely ISKCON Chowpatthy .

GURUDEV I still remember how you immediately flew down from USA cancelling all your engagements when few of our Very Beloved GOD Brothers and GOD Sister both Grahastas and Bramhacharis left their bodies and departed to GOLOK DHAM VRINDAVAN in an Air Crash in Nepal.
The whole RADHAGOPINATH Family/ Community was in a state of shock and bereavement and in that direction situation YOU flew down met many devotees personally and the class that YOU gave was the soothing Baam for the Soul. This clearly demonstrated YOUR deep love and affection for all of us.

Dear GURUDEV this year due to ill health of my Father in Law I had to stay back as I stood in for my wife who attended the Kartik Yatra at JAGANNATH PURI which was nothing less than any miracle since it was the first time that more than 10000 devotees from all over the World had assembled under one roof for chanting Dancing Feasting and of course for the highlight of the Yatra , to hear YOU speak GAUR KATHA. I could not attend but I relished your Lectures from my home.

GURUDEV the way you inspired all the devotees especially the Yatra Committe to organize such a Fantastic Sangam of Devotees. Those slso proves that as a Loyal and fully dedicated General of SRILA PRABHUPADA YOU have spread THE Glories of CHAITANYA MAHAPRABHU especially his prediction that HIS Name Fame and Glories will be preached throughout all the villages and towns of the World.

DEAREST GURUDEV
YOUR Glories are unlimited but this fallen soul according my meager capacity am trying to write a Few sentences in YOUR Glorification .
On the occasion of YOUR 73rd VYASPUJA I Pray at THE LOTUS FEET OF SRI SRI RADHAGOPINATHJI to shower their mercy and choicest Blessings upon YOU and bless YOU with Good Health and Long Life so that you continue to guide and inspire fallen souls like me.

Dear Gurudev,
Please accept my humble obeisances onto your lotus feet.

I wish you a very happy Krishna Consciousness Appearance day.

Maharaj, like a true Acharya you have always shown us by your own example and sacrifice how to be a Vaishnava. You have always shown us what humility really means and what is gratitude. You have taught us dedication for Guru, love for God Brothers / sisters, compassion for everyone. You have inspired us to be a better person.

Maharaj , everytime I hear your words I become inspired and motivated to follow your instructions, but, being deeply conditioned I keep falling back.

Maharaj, with your blessings and cause less mercy we are daring to embark on a journey to build a temple for Srila Prabhupada. With your mercy we all have got this opportunity to build a temple for Srila Prabhupada, ISKCON Dumdum. However, it seems like a mountain of responsibility infront of my very limited capacity and intelligence. I do realize Maharaj that this temple will only be built by Krishna's will and Srila Prabhupada's, your's and the blessing of our Guru Parampara.
Maharaj, the last few months have been full of uncertainties. At every step our mind plays a game with us and bewilders us. Maharaj please bless me and give me the intelligence so that we can look beyond all the obstacles and focus on our goal.
Please make me strong enough to bear with all the purification that come on our way and may we never think of quitting.
Maharaj, please bless us so that we can build a loving community and give us the humility and the heart to to care of everyone who comes to the temple. Please bless us so that all the devotees in our temple come together as a team inspite of all our differences and build this temple for Srila Prabhupada.

On this auspicious day I humbly seek your blessings
- so that I can actually develop gratitude from my heart.
- so that I am able to be ever grateful to Srila Prabhupada, Yourself and everyone who has been a reason for me being in this path of Krisha Consciousness.
-so that I can truly become humble.
- so that I can become steady in my Sadhana and develop taste for chanting the holy name.
-so that I am able to strictly walk the path of Krishna Consciousness and not fall weak.
- so that I have the strength to remain steady in my service.
- so that someday I live up to your expectation and be able to please my spiritual authorities.
- so that I stop seeing faults in others and have the courage to face mine.
- so that I dont quit with the slight chastisement of my authorities or criticism of others.
- so that I never bring disgrace on ISKCON and my Guru Parampara.
-so that I can always remember Srila Prabhupada and Your words and instructions.
- May i never leave ISKCON. May I become a loyal and humble Servant of this movement and have the strength to never put myself before the mission.
Sincerely praying for your happiness and health to Narasimha Dev, Srimati Radharani and Krishna and begging for your merciful blessings.
Praying that I never ever stop begging your mercy and guidance.

Dear HH Radhanath Swami Maharaj,
Please accept my humble and respectful obeisance at your lotus feet.
I would like to offer my heartfelt gratitude to you on this auspicious day of your appearance. Recently, We were in Karthik Yatra 2023 in Puri Dham, and you were mentioning how the Chaitanya Charitamrita concludes with focusing on Chanting of the holy names of the lord and you also concluded the yatra in the same way. You were mentioning that essence of all scriptures is chanting the holy names of the lord and the scriptures mainly tell in what mood we should chant to get the maximum benefit. Similarly you always focus on the mood with which we should do all our devotional activities.
This year we got the opportunity to serve in GBC Mid-term meeting held at Pune. It was enlivening, inspiring and heart touching experience for me. We were able to serve you and other great devotees in the mission of Srila Prabhupada very closely. It was very memorable event. We could observe that all those devotees are taking great anxiety to give proper, authorized spiritual culture to upcoming generations so that we can practice spiritual life properly and perfect this human form of life and go back home back to godhead.

With all the anarthas present in the heart and without any good qualities, I am looking forward for your causeless mercy to grow in spiritual life. Please bless me that I always remain in the association of devotees, in the mood pleasing to you and our previous acharyas, contribute in Srila Prabhupada's mission in whatever way possible, develop taste for chanting & hearing the glories of the lord and make my life perfect.
Thank you very much for inspiring, guiding us on this path of Pure devotional service.

Hare Krishna Maharaj,
Please accept my humble obeisances.
Vrindavan yatra before Covid was the last time I had a good fortunate to see you. Covid pandemic literally tested my preparedness in KC if death occurs. During my stay in hospital due to Covid, I could clearly see the difference of consciousness, clarity of thoughts and experience of higher shelter between me and other non devotees around me. I could also console patients around me and it did help them. That was the time I realized how this spiritual knowledge can help people and I have got such a precious gift of Guru, Sadhu and Shastra in my life.
My counselor helped me come out of this very quickly and this was the time when miracles started happening. He asked me to shift near temple which I think is the best decision I took. Life started giving me pleasant surprises. Things in terms of job, financial things, emotional health started getting a good shape. I was enjoying new service by Lord Krishna of taking of my Son. I bought my own house. Now whenever I think of all this, it can't get better than this and I have to be grateful for all these things, keep counting the blessings. I will try to continue serving vaishnavas and society in general without any motive and in Trinad api sunichena... bhav
Thank you Maharaj. Hare Krishna.

Your Servant,

Please accept my humble obeisances unto your lotus feet
All glories to Sri Guru and Sri Gauranga
All glories to Srila Prabhupada
This is my good fortune to get a chance to once again think about the Guru's contribution in my life and express my gratitude. I have realized that its only by the mercy of Guru and devotees that we are able to practice pure Devotional service, on our own its impossible to even getting up early for morning pgm then what to speak of performing any of D.S.
As Mangalastaka says-Sri Radhika Madhavayor Apar...guna rupa namnam...pratiksanaswadan lolupsya.. This your quality of deep prayerful attitude in taking deity darshan, great relish in speaking krsna katha, focused and attentive in chanting/singing holy names.Year after year hearing from you increasing the faith and conviction in the lord and the process of devotional service. Your quality of heartfelt glorification and love for your god brothers is v v inspiring. I pray for a drop of it so that I also develop nice relationship/friendship with devotees with whom I am staying with.
Thank you very much Guru Maharaj for everything you have given us-Association of advanced/senior and equal devotees in pune, wonderful temple, Quality Morning pgm and Srimad Bhagavatam classes, One of the most Beautiful and attractive deties, Yearly yatras, sumptuous first class 3 times Prasad, Connection with the bonafide parampara, chance to practice Devotional service in this advanced kali yuga, engagement in seva as per our liking, ideal and matured leader as HG Radheshyam Pr, opportunity to serve the deties directly, one of the most ideal vaisnava community, ideal practioner and Counsellor HG Sundarshyam pr, Your vani association in your recorded classes. Here in pune the most focuss is on the Sravanam Kirtanam and even on Ekadashi we are given freedom from all the sevas to be able to chant 64 rds. So much is given without even asked for. Please bless me that I don't take all this casually/cheaply/to be granted but value it and take full benefit to advance in the bhakti.
My heart has so many anarthas and impurities but still you have accepted me as your disciple so please bless that I never commit anything which will minimize your position and I always live as per your teachings to please lord and devotees.
We pray to their lordship to bestow on you their choicest blessings and mercy so that you remain healthy and lives longer inspiring so many souls back to their original nat-

Dear Guru Maharaj
Please accept my most humble obesiances

To he who belongs to my heart shall I speak from my heart

My Maharaj The King of my Heart

Dear Guru Dev

Recently in my reading of Ramayan I came across this most beautiful pastime When mother Sita was to be found Sugreev Maharaj called millions of monekys from all over the universe. They all came fearing their lives due to order of King Sugreev. But when these monekys came in millions Lord Rama met each of them and express His gratitude to them individually. This made such a deep impact in their heart that the same monekys who feared their life were willing to give up their life for Lord Rama. Sugreev was the Kibg of the monkeys by position but Lord Rama was the King of their hearts . Fear was transformed to Love
Simillry Maharaj you are the king of our heart and out of love for you we are willing to do nothing for you .This is why you are Guru Maharaj the Kong of our hearts.

Gurudev I have made many mistakes I am quote defective and full of faults since my birth but however I am I am Yours . I have done enough for worldly minded people but now onwards all that I have is yours by right. Please let me engage myself in your service for that is all I want Pls give me strength and bless me so that I can serve you in building your hearts project GEV in way that pleases you
I love you and i remain yours with all my faults I pray for long healthy life in your mission and service to Srila Prabyupada Thabk you for everything
YOURS FOREVER Sacitanuja Das

Wish you a very very happy 73rd Vyasapuja, Maharaj. We pray at the lotus feet of Sri Sri Radha Kalachandji to bestow you a very long healthy life.

This year is one of the best years, Maharaj to have the longest and closest personal association we ever had in life during your recent visit to Dallas and Houston continuously for 10 days. We know that, we need to be attached to the vani of the spiritual master, not to the vapu association. You have given us and always giving us so much, Maharaj. You go far beyond your bodily capacity. But, still we try to expect more from you, Ma-

haraj. I beg and pray at your lotus feet for your mercy Maharaj to be able to eternally attached to the words emanating from your lotus mouth as that is the only shelter for us.

But, we really relished every moment of your presence amongst us and learned a lot from your personal example. It reminded me of, how senior devotees tell us about your dealings with them during initial days in Chowpatty as you were spending more time with devotees back then. This time, you wanted to make the purpose of your visit to spend time with the devotees and not to have big big programs or any of that sort. Even though, in Houston some corporate preaching program has been arranged, you made them cancel the program because you wanted to give your full attention and time for the devotees. Several times, many of us think that, you are so busy and don't have time for all of us, your disciples. But, like a father always wants to see his children, you are always more eager to be with all of us than we do, Maharaj. Time is the only separating factor to be always together on a physical platform.

But, you are always present with us, all the time and watching all of us, even the minutest of the minute services we are performing. I always had this faith that, you are always with us and watching us and know us more than what we know about ourselves. This time, this faith has become more stronger during your visit.
I had the service of SB verse writing for several years until recently when Krishna House started to use TV for SB verse. Somehow, by Krishna's arrangement, I had the opportunity to write the SB verse when you were giving class. To my surprise, instead of reciting the verse from the book, you totally turned in the direction of board and started recitating by seeing the board. I haven't seen anyone did like this before in all these years of this insignificant service. I felt so happy that you have accepted my service, which I haven't imagined. Some devotees said, since you didn't have reading glasses, you had to read from the board. Whatever could be the reason, it gave me so much happiness, encouragement, and immense faith that you are always with us and we are just assisting you in whatever services we are performing. This is a life time memory for me, Maharaj.

There are several pastimes happened like this with other devotees and were able to witness your magnanamity. Someone has made a rose petal garland for you when you arrived at the DFW airport. Usually, any garland put on you, you take it out immediately because you are allergic to some of the flowers. But, you have kept the garland for few minutes to accept the service from that devotee. Another devotee asked you that, please stay here with us, Maharaj always. You said, "I am leaving my heart here with you always." That devotee was so blissful and that happiness permeated among all of us. Another sincere devotee, apparently you haven't known that devotee personally, but, you went to that devotee and inquired, how that devotee is doing and where they are living now? That devotee was so happy. These small interactions heard and seen from various known devotees during your visit was so special and reminded us of the pastimes narrated by senior devotees of Chowpatty.

When you arrived in Dallas, you were very very sick, you were not able to sit or stand. You had to just lie down for the first two days. In that situation also, you were always feeling that, you weren't able to serve the devotees. This shows, how much you want to serve the devotees. You want to show us by your example, what you preach Maharaj.

You are an epitome of vaishnav culture, Maharaj. Even though, you are a sanyasi and spiritual master for all of us, as soon as you enter, you offer vaishnav pranams. This is your utter humility. Your dealings with your God brothers and God sister's is beyond comparison. We are all wonderstruck to see you getting up from the Vyasasan few times to receive few of your God brothers and give them a loving hug. Please help us and bless us, Maharaj to be able to develop such kind of friendship and loving relationships among the devotees. You are

very shy by nature, Maharaj. But, you never shy away to do things, which are for the right purpose and for the right cause. We hope and pray that, we can also follow in your foot steps to be able to serve the devotees without any reservation.

Your love for Srila Prabhupada is ever increasing. Before, you give a class, you always look at Srila Prabhupada and intensely pray to him. We pray for your mercy to develop the same mood and take shelter of your lotus feet and always pray to you and Srila Prabhupada before performing any service.

And we would like to thank you for allowing us to enter Jagannath Puri Dham during the Karthik yatra. Everyone was so impressed with the wonderful organisation of the whole yatra, especially the kitchen and cleaning crew even the numbers increased to 10,000 devotees. It was done with your able guidance and Gauranga prabhu and whole yatra organizing team. You always like to glorify the devotees as if you have five mouths. This time, you were glorifying the cooks and those who were doing the service in the kitchen as they were preparing meals for 10,000 devotees. And I really liked the point that, where there is a difficulty in the service, there is a transcental bliss.

And you were sitting and giving four to five hours of lectures and kirtans to ven though you weren't feeling well on one of the days during yatra. Many of us who are young not able to sit at one place for that many hours. But, you are totally absorbed in the pastimes of the Lord and trying to give as much as possible for all of us.

Maharaj, I sincerely pray that, please help and show mercy upon us to chant the holy names with attention and engage all of us in devotional service in a way that pleases you, Srila Prabhupada, Guru parampara and ultimately Sri Sri Radha Kalachandji.

There is so much, you have given us, Maharaj. But, it not able to express my gratitude due to my own shortcomings. Please forgive me.

Thank you so much, Maharaj for everything, you do for all of us.

Aspiring to be your eternal daughter and an insignificant servant of servant of your servants,
Sada Nandini Devi dasi.

**Sadbhujananda Das (Toronto, Canada)**

Dandavat Pranam Guru Maharaj,

Please accept my humble obeisances. All glories to Srila Prabhupada and glories to your loving divine grace.

It is said that a great devotee is one who has the remarkable ability to inspire others towards the path of devotion through their mere presence. In the past, we have seen many profound examples such as Haridas Thakur, whose transcendental aura and unwavering chanting of the holy name transformed a prostitute into a pure devotee of the lord. In the present day, you are such an example who inspires fallen souls like myself to be a better devotee through your humility, simplicity, and selfless service to the Lord. Maharaj, your words are akin to sweet nectar flowing gracefully from your mouth. Although you are physically far away from us, I always feel your presence close to me through your books, discourse, and glories. With your guidance, the teachings of Srila Prabhupada, and the mercy of Lord Krishna, I have committed myself to chant 32 rounds daily, adhering to the 4 regulative principles, engaging in various services at the temple, and leading a Bhakti vriksha program with devotees from around the world to preach the name of the lord. Gurudev, convincing individuals to embrace the holy name in this day and age possesses immense challenges. Yet you make it so effortless having gone through many unimaginable challenges yourself and now tirelessly propagating the name of the Lord. Your teachings emphasize the virtues of patience, ego-lessness, and selflessness in this journey back to Godhead. I am

eternally grateful to you, Maharaj, for enabling me savor the real pleasure of rendering devotional service to the Supreme Lord Sri Krishna. My heartfelt prayer is that we will soon be able to get your personal association here in Canada. On this auspicious day of your Vyas-puja, I extend my warmest wishes for your well-being and a long healthy life.

Your most fallen soul,
Sadbhujananda Das

Respected Gurudev
Please accept our humble obesiences unto your Lotus feet.
All Glories to Srila Prabhupada.

On this auspicious day, 73 years ago Lord Krishna sent a priceless gift in you, our dearest Guru Maharaj, who like a soft multicoloured fragrant flower is spreading its fragrance throughout the world.

From early childhood you manifested the Vaishnavas qualities, which under the grace, love and compassion of Srila Prabhupada blossomed into a matured and exalted Radha Krishna devotee. You are the ocean of all godly qualities and in order to please and assist Srila Prabhupada in his mission of spreading Krishna consciousness you became his humble instrument and by your humble attitude, love and compassion for all living entities you are touching the hearts of tens of thousands of people throughout the world, planting the seed of Krishna Consciousness and transforming their lives.

We are really fortunate to get shelter at your Lotus feet. You are mercifully guiding us and navigating our lives with love, care and compassion in practising Krishna Consciousness. We fall short of words of gratitude for bestoing your blessings on us. Heartfelt thanks to you Maharaj for everything you have done for us. However due to our shortcomings we are not able to adequately reciprocate with your grace.

We have no qualifications and your blessings are our only wealth and strength. To please you we will sincerely and seriously continue to abide and follow you're instructions. We pray unto the Lotus feet of Sri Sri Radha Gopinath ji to keep you in good health.

Maharaj this year lord had been merciful we got your darshan, the kartik yatra and then the extended exclusive Vrindavan yatra. The more I hear you, hear about your and see you, I fail to contemplate my good fortune of try to being your aspiring disciple. Especially seeing my god brothers and god sisters I consider myself a total misfit.
You teach by your own example how we should be sincere and strict in our sadhana, how we should not compromise the principle of Bhakti. You have always given stress on satsang, devotee association (as you did in this year's Puri kartik yatra by giving example of Lord Krishna and Lord Shiva) and to be more precise, having loving relationships with devotees.
Maharaj you have a big heart which is full of magnanimity. With your health and so many services and so many people willing to meet you, you try to reach out to as many as possible. Through your kartik yatra, you make yourself available to your disciples and well-wishers and these kartik yatras are like nourishment for me for the whole year. This time your health was not fine, but you still gave evening class baring one day. Maharaj, they way your narrate the pastime of Lord and principle from them, they just go directly and sit in our hearts.
Its my utter ignorance that I consider myself your aspiring disciple. I need to learn and follow so many principles of bhakti. But

you are so merciful that via your extremely generous disciples, you consider people like me also.
There has been lot of struggle in last year to keep moving ahead on path of bhakti, especially my chanting as I had to give importance to learning new techs (or may be used it as excuse) but going to kartik yatra in puri and then the special mercy in the form of extended Vrindavan yatra gave me lot of nourishment and inspiration to be more sincere in my sadhana. Maharaj nothing is hidden from you, I was so close in getting the rare service of driving you along with Vishwaroop prji, Brajeshwari Mataji and Madhavanand prji in Vrindavan but as it is a Chintamani dham where lord is in total control and lord knows the darkness of my heart and so many bad thoughts in it, so I was not able to do the service as my car broke down. Maharaj I have so many anarthas which keeps on distracting me but I pray at your lotus feet that I can get the strength to fight them and not get overcome by them or compromise my devotion. I can get strength, intelligence, determination and sincerity to follow the principles of bhakti that you expect your disciples to follow and may be someday or some lifetime I can try to say:
“Ami to kangal , Krishna Krishna boli, dhai tav pache pache”

Hare Krishna Gurumaharaj,
Please Accept My Humble Obeisances.
All Glories to Srila Prabhupada
All Glories to Sri Guru and Sri Gauranga
Any person who seriously desires real happiness must seek a bona fide spiritual master and take shelter of him by initiation. The qualification of the bona fide guru is that he has realized the conclusions of the scriptures by deliberation and is able to convince others of these conclusions. Such great personalities, who have taken shelter of the Supreme Godhead, leaving aside all material considerations, should be understood to be bona fide spiritual masters.

As stated in verse, you have taken shelter of krishna. I don't have qualification to connect with krishna. It will be possible only if you showed compassion onto me.

This kartik month I 1st time was part of yatra and it was very much spiritual enlightening and uplifting. The most memorable was your association with Katha and then ecastic kirtans.
The lotus feet of our spiritual master are the only way by which we can attain pure devotional service. I bow to his lotus feet with great awe and reverence. By his grace one can cross the ocean of material suffering and obtain the mercy of Krsna.
My only wish is to have my consciousness purified by the words emanating from his lotus mouth. Attachment to his lotus feet is the perfection that fulfills all desires.
He opens my darkened eyes and fills my heart with transcendental knowledge. He is my Lord birth after birth. From him ecstatic prema emanates; by him ignorance is destroyed. The Vedic scriptures sing of his character.
Our spiritual master is the ocean of mercy, the friend of the poor, and the lord and master of the devotees. O Lokanatha Goswami! O master! Be merciful unto me. Give me the shade of your lotus feet. Your fame is spread all over the three worlds.
By making the dust of the Vaisnavas' feet the ornament of my body, ecstatic love comes. Washing the Vaisnavas' lotus feet is

my method of worship. By always associating with the Vaisnavas, I shall overcome the darkness of ignorance.
O Srila Sanatana Gosvami and Srila Rupa Gosvami, who are two deep wells of the nectar of pure love, two personifications of the splendid nectar of the Divine Couple, and two desire trees by whose mercy the entire world is free from suffering, all glories to you!

In your books, you two great souls clearly described prema-bhakti. You are reservoirs of the sweet nectar of the Divine Couple. Hearing about you brings bliss to the heart. Their sweet mellows are my shelter.
You are fabulously wealthy, possessing ecstatic love for the youthful Divine Couple, a love more precious than gold purified in ten thousand flames. O Rupa and Sanatana Gosvami, all glories to you! I beg you, please give me in charity some of these jewel necklaces.
I shall eternally engage in the nine-fold process of devotional service, which is the essential message of Srimad-Bhagavatam, and I shall not worship the demigods. O brother, I say to you: Devotional service is the most exalted kind of worship.
Making the words of the guru, sadhus and sastras one with my heart, I constantly float and swim in the ocean of pure love. I am different from the karmis and jnanis, who have no devotion for Krsna. Narottama speaks the truth.

All glories to Gurudev.
Your servant,
Samadhan

Radhanath Swami Maharaj" Maharaj has exceptionally inspired each and everyone with his different pastimes through his brilliant books Journey Home and Within. He is an perfect person who has explained everyone how to be 'Dasanu Das'. The glow on Maharaj can vanish the sadness of the most sad person. It is an different atmosphere or we can say energy we are in the surrounding of Maharaj which so positive that it can activate the most lazy person. There is no dictionary that can describe completely. Just asking for 0.0001% of Maharaj's energy or glow which perfect my life. My humble obeisances to Maharaj's lotus feet. Haribol!!!

Dear Maharaj, Whenever I hear about the pastimes of 6 goswamis of vrindavan, It feel so incompressible to mind. How can one live on just spoonful of buttermilk, it's unimaginable. But when I hear about the pastimes and austerities of you, I could see those goswamis in you, I can relate and my mind can comprehend it. Although it's not grown enough to speak this statement but my bhakti lata got shape by hearing you. Every now and then when I speak, it is like, " in one of the lecture maharaj says ....." because one who hears you get inspiration and motivation to follow KC. Genuine principles, vaishnava etiquettes, humility, tolerance and many more things are given by you in very simplest manner with right application in current situations. Although I haven't got inspiration from inside for aspiring form anyone but your Vani keep me alive in Bhakti. At whatever level I have grown and rendered service is because of your and your representative's causeless mercy on me. I will always be indebted to you for giving me inspiration, vani, shelter and service.

Please accept us at your lotus feet Mahārāja!

I am increasingly grateful to you after this Kātrika yātrā at Purī dhāma. The pastimes of Śrī Caitanya Mahārabhū and his pārṣadas are appearing to be even more sweet and live like never before after hearing the pastimes from your lotus mouth even to the fallen soul like me!
As I was stooped in lower modes I felt ever increasing need to adopt to some traditional brāhminical duties, such as performing morning sandhyāvandanam, agnihotra homa etc. We find in many places in our Gauḍīya literatures, descriptions of our acāryas (and Śrī Caitanya Mahārabhū Himself) performing the same. I also wish to learn scriptural ways of worshipping our ancestral deities and Śaligrāma. These duties existed in my family traditions since many generations. Due to various reasons they were kind of forgotten. I am seeing this as an opportunity to revive the same. As a result of these activities, I am able to maintain sāttvik consciousness throughout the day and also able to focus on chanting Hare Kṛṣṇa mahāmantra with greater attention and absorption. I am also preparing to teach the same to interested members in our congregation, so that there is collective effort to build Brāhmana varṇa keeping aspiration to pure devotional service to Śrī Śrī Rādhā Kṛṣṇa at center.
All this while, I try to keep reminding myself about your high expectations of maintaining the internal consciousness humble and grateful. It is my utmost care to not let these make me think myself any better than other vaiṣṇvas in our society. I am nothing without your mercy Mahārāja. In all my prayers and pūjās I yearn to feel your divine presence within my heart. As of now for these vidhīs and pūjās I chant the gāyatrī that I had received from my father at the time of my upanayana samskāra. But I very deeply long to receive for the divine mantras from you, which will elevate my consciousness even further and empower me to teach the pañcarātrik vidhīs of worshipping the deities at house to other devotees. Whenever it pleases you, Mahārāja, I shall be very eagerly waiting for the same as an insignificant disciple and a beggar for mercy.
Kindly have mercy on this fallen soul Mahārāja. I don't deserve any attention from you amidst your so many illustrious disciples and I am happy in remaining an insignificant servant behind veils, but I deeply long to feel your presence in my life every moment. Kindly grant me this benediction.
We two – as a family, have also resolved to listen to your one class per week and struggle to implement at least one instruction from the same. Starting from your diving appearance day, we shall also maintain a small diary and write our struggles-successes-failures in implementing the same – on daily/weekly basis. We shall endeavor to present to you the same diary on your next vyāsapūjā as an offering. Seek your blessings for the same. Hope this pleases your holiness.

Thank you once again Mahārāja for everything that you are giving us!

My humble obeisance at the lotus feet of Gurumaharaj, everyday you help me to survive in Bhakti , I'm a fallen and conditioned soul who engages in sense gratification everyday knowingly failing to please you and Gauranga. Gurumaharaj please accept me and guide me so that I can become a devotee of krishna and I can serve him unconditionally. Whenever I have a question in my heart or I need to correct myself, you through your lecture show me the right path and make understand the essence of bhakti but I'm a rascal I always forget being in ignorance that is why I need the boat of your mercy more than ever when I'm sinking in this ocean of nescience knowingly. You are like a calming beam of moonlight to me Gurudev and that is why I beg for your transcendental service eternally birth after birth .

My Dear Respected Guru Maharaj,
Please accept my most humble obeisances,
All glories to Guru, Gauranga, and Srila Prabhupada.
Would like to share my realization of the recently concluded Jagannath Puri Yatra.
I had not attended Yatra for the past 8 years as I served my old age parents. This year I requested my sister to stay with them while I attended the Yatra both she and my parents agreed to this arrangement. Previously I had tried for such an arrangement but by the will of providence, it never materialized.
Maybe the reasons and desire for attending the Yatra were not spiritual or intense like this time. I was desperate to get mercy by serving devotees in general and particularly Srila Prabhupada's disciples who would be joining the Yatra. This thought was inspired by the Srimad Bhagavatam narration of Narada in his previous life importance of serving great souls.
I expressed this desire to my counselor HG. Madhavananda Prabhu. He asked me to contact the Yatra committee which I did and by their mercy, I did get the serving and washing seva and the remnants of Mahaprasad which was secretly desired. Another of your teachings is 'caring by sharing' this maha-maha prasad morsels were shared amongst devotees.
As Srila Prabhupada has said in his preface of Nectar of Instruction, "Advancement in Krishna consciousness depends on the attitude of the follower."
As you always show us by your example how to remain focused all the time. I beg at your lotus feet to give me the mercy so that I may always be focused in one-pointed devotional service.

Dear Guru Maharaj,

Please accept my humble obeisances!
All glories to Srila Prabhupada!

Maharaj, on this most auspicious occasion I would like to share my heart felt gratitude and a few requests at your lotus feet.

This year was filled with so many opportunities to serve the Lord, you and devotees. As incapable I am and the erranuos attitude I have, I have tried to serve with all my limitations.

Maharaj, while I have desire to do my sadhana and serve nicely but repeatedly I just keep making the mistakes and not able to leverage the opportunities given to me. I just keep praying to improve.

There were so many desires to see you, hear you for initial 8-9 months but towards the end of this year you fulfilled all the wishes. Maharaj, I truly and desperately need your blessings to imbibe the qualities you would expect from me.
This year on family front we had a lot of opportunities and some challenges. Rakhi and I keep trying to serve in best possible ways at home and temple. I tried to increase a few more rounds of chanting and Rakhi did Deities Abhishek for Chaturamas.
On other fronts, Dhruva had some or other issues in terms of health and otherwise, Radhika also had some health challenges but with blessings we are all continuing with whatever services we are able to render at our level. Need your blessings to improve further.
Maharaj, you have been so merciful this year, so many occasions you have been blessing across locations from last several months and encouraging the devotees in so many various ways but please take care of your health.

I sincerely pray to Sri Sri Radha Vrindavan Chandra, Sri Sri Jagannath, Baladeva and Subhadra mai, Sri Sri Gaur Nitai, all the woshippable Deites and Srila Prabhupada for your good health and your blessings upon us eternally.

Please forgive my offences and mistakes, and please bless me so that I can serve everyone in best possible ways.

Hare krishna Maharaj. Santana Dandavat Pranam.

Maharaj there are so Many to write about your glories which remains as an asset of my Heart.

One of such glorious incident i want to express here Maharaj.

Maharaj you went to Jagannath temple compound to take Darshan and By Taking Darshan of Patit Pawan Jagannath you walked out of the Jagannath temple compound.

Maharaj waves of thoughts crossed my mind.
How is it possible for some ordinary person to teach such a finer lessons of devotion. You being such a pure soul can experience Krishna any place in the world. Your Presence itself is so pure that it creates a Vrindavan environment wherever you are. Still Maharaj your pure heart couldn't stop you being dragged at least to be around Lord Jagannath to possible extent Maharaj.

You simply stood behind so many people there without making them notice your presence and same way you walked out of compound Maharaj like an ordinary person.

My heart was unable to understand this Maharaj for long time Maharaj.

I took many lessons Maharaj from that incident.
Longing to see Lord, Humility ,Simplicity of heart even though you could afford facilities, Innocence,
Not expecting anything other than desire to see Lord.
Maharaj For a person like me there would have been no hope of learning aspects of devotion other than from the personal behavior of someone whom I would follow and I think you are one I can follow and learn just by seeing you Maharaj and it makes me believe that Krishna Arranged your shelter for me Maharaj.

Maharaj I tried to put with my capacity not understanding how much it is appropriate to your stellar personality.

Kindly bless me Maharaj so that I should also be dragged at your lotus feet as you were dragged to Jagannath.

Servant of servant,
Sanatan Govind Das,

Hare Krishna dear Srila Guru Maharaj. Please accept my humble obeisances at your lotus feet. Dear Gurudev, out of your causeless mercy you claimed this fallen soul and gave protection under the shade of your lotus feet. Maharaj I am struggling to get out from my past experiences and bad habits and not able to chant sincerely, please give me strength of your mercy and key to obtain the treasure that you have given me in the form of my japa beads potent with the most powerful holy name.
You have given me everything and due my weakness I am not able to take advantage of the your instructions. The only hope for your this insignificant servant is your mercy and nothing else. I take shelter of Srila Bhaktivinod Thakur and pray -
Teach me to control my six passions; rectify my six faults, bestow upon me the six qualities, and offer unto me the six kinds of holy association.
Krsna is yours. You have the power to give Him to me. I am simply your servant running behind you shouting, “Krsna! Krsna!”

Respected and dear Guru Maharaja,
Please accept my humble obeisances,

All the Vedas are mastered and ever present on the lips; likewise, knowledge of all the sciences is well gained. The ability to write prose or verse is also present. Even then, of what ultimate benefit is all this, if one’s mind does not devoutly rest on the feet of Guru? By whose grace along can one’s soul be liberated? Of what use, of what use, of what use indeed?
I feel absolutely unqualified while writing this insignificant offering. However, I wish to express my heart to you.
Firstly, I thank you for your wonderful

association through your classes and the japa sessions in the Jagannatha Puri Dham. I loved your explanation of Sri-ksetra very much. After hearing this I tried to be very conscious to not waste a moment without chanting, doing sankirtana or reading Srila Prabhupada's books and discussing only your lecture points in the association I was with. You explained us the right mood to be in the yatra through the pastimes of Mahaprabhu and His associates. I personally was very much missing this since 2020. Every year your kartik yatra is the core nourishment for me.

It was very inspiring to watch you do japa along with devotees. I could remember your words, the one word that defines Krsna consciousness is absorption. I understand this word "absorption" each time I see you. I see it when you gracefully walk in the assembly of vaisnavas, when you garland our Srila Prabhupada, when you greet all vaisnavas through your beautiful glance and gestures, when you speak in the lecture, when you sing kirtans and always. Thank you Guru Maharaja for teaching us through your example about how to be absorbed in Krsna consciousness.

I had taken a resolution to hear to your lectures every day and read Srila Prabhupada books everyday. I have followed this for quite some time now and I seek your blessings to follow it till my last breath. I seek your blessings again so that I can chant the holy name by calling out for Krsna and Radharani with feelings. I need your blessings to do sadhana with sincerity, seriousness and without ulterior motives.

Under the blessings of your holiness and your beloved disciple, HG Radheshyam prabhuji I am trying to act as a servant leader in Bhakti Yoga Club,Kharadi centre (under ISKCON Camp, Pune). We request for your blessings to serve in a very humble mood and develop a mood to tolerate all the apparently unfavourable circumstances. Please bless me to be an insignificant representative of my master in the situation that the Lordships have put me in. I will improve my relationships with the vaisnavas and will try to serve them at all times.

Gurudeva, I seek your blessings to preach in Boston University and Houston University. These are the services given to me recently in the west. I know the western preaching is very dear to Srila Prabhupada and your heart. Kindly bless me that I do this service with the right consciousness for your pleasure.

I am not able to do anything for you, Gurudeva but I am only seeking your blessings that one day I do something for our Srila Prabhupada and live a life of principles taught by you in your teachings. I have countless faults but I pray to your lotus feet to accept this fallen soul. I have no hope except you and Srila Prabhupada. I only seek your blessings to be a good servant of vaisnavas and never criticize any body.

O lord and master! Inspire me with the power to befittingly honor all living beings. Only then will I sing the holy name of the Lord in great ecstasy, and my offensive activities will cease.

May Sri Sri RadhaGopinath bless your Holiness with sound health and strength.

Maharaj, I am in KC for last 10 years but my bhakti is a bit superficial, not very serious or deep. I want to be a sincere, serious, genuine, simple and committed devotee.

I am very thankful for your wonderful teachings that inturn created many wonderful devotees who always inspire and enlighten me. I very much resonate with your teachings that especially emphasize that everyone is longing for genuine love, and when there is spirit of Compassion everything else will be arranged.

When your Holiness speak about sincerity, I would see how Krsna has revealed to you, helped you in so many ways through Ganges, sages etc in response to your sincere quest for truth. With your personal example you have showed us that how Krsna helps us beyond our imagination when we stay committed to our values with out compromising in all situations. I would like to walk in your foot steps or in the way you direct me.

All glories to Srila Prabhupada
Dear Maharaj,

You have been the perfect follower of Srila Prabhupada throughout your life. Seeking something more, you came to India in your early 20s and you took shelter of Prabhupada in Vrindavan. You are a devotee by birth Maharaj. The fact that the train got stuck in Mathura on the day of Janmashtami, Lord Ram asking his devotee to only tell you about Krsna's pastimes, and many such incidents are clear signs of how you were so dear to the Lord since the beginning. You have crossed tons of obstacles and made immense contributions to the whole world, with an emphasis on bhakti in everything.

Only when someone follows what they preach, can they attract other sincere souls to follow the same. Reading 'The Journey Home', and 'Gurusmaranam', I was surprised to see all the austerities, and sufferings you have endured to preach pure devotion to all. One incident was when you were down with dengue and admitted to the hospital. You told the devotees that what makes you happy more than anything even in that condition was if they stop fighting and cooperate. Such commitment and surrender to the mission of SP.

You always took care of the devotees, both their spiritual side and their health. You were always ready to do any seva to Vaishnavas. You are an example of a perfect leader Maharaj. Because of you, many sincere stalwarts have come into the mission like Radheshyam Prji, Gauranga Prji, etc and they are doing miracles, expanding the mission under your shelter and guidance.

I attended the Kartik Yatra for the first time this year. It was a very nice experience. It was unimaginable to see how many devotees are inspired by you, and are ready to take your association for 6 days leaving their busy schedules. A family of 10,000 Vaisnavas, WOW. All of them were there for one primary reason - to take association of, to serve, and to please HH RNSM. Pure devotees can do many miracles, this is also one among them. Just like SP, you and many of your Godbrothers are amazingly serving SP by spreading the mission far and wide. I am just grateful that I got a chance to be part of this serve devotees.

Thank you very much Maharaj for your efforts and endeavours to help us come to bhakti. You were always there for us, through our seniors, if not directly. I seek your blessings and prayers for my advancement in bhakti. I am struggling especially with lust, laziness, and  sadhana. I would

like to advance and be a better servant of yours and all your servants, and would like to pray to you for your blessings.

I offer my deepest thanks and appreciation to you – having accepted me as your insignificant servant – and given me this golden opportunity to go Back to Godhead. I have come to realize that it is such a blessing – such a gift – to come in contact with a pure devotee of the Lord. After hearing your biography I got so much inspiration to dedicate my life in your service so I decided in my mind I will become your servant. From that time I am continues trying to hear your lectures and it give me so much spiritual strength through this I am trying to balance myself in this material world. To follow your instruction and live in such a way, I can become purified. I believe in your words, lectures, and your many blessings. You are in my personal conviction. You are in the power of Lord Chaitanya Sankirtan. Without you i am nothing. You are teaching us daily by your lectures – how to be stronger devotee. Hare krsna dear guru maharaj.
please accept my humble obeisances.

On this auspicious occassion I simply want to thank you for everything. Your teachings, Your personal example, your care for devotees have been a constant inspiration for me. The journey home and Journey within books in which you poured out your heart lift the spirits of whoever comes in touch with them.
You are an ocean of good qualities like Humility, tolerance, simplicity and Respecting everyone just to name a few.

Your absorption in Krsna katha and kirtan is simply wonderful. We keep hearing the pastimes Of how you made the devotees relish Krsna katha and transfer your ecstasies to them. These pastimes really helped us improve our faith in process, that if We simply hear the Krsna katha with submission, attention and faith, everything will be taken care.

The Single constant theme of all your lectures is trnadapi sunicena tarorapi sahishnuna, that one can constantly chant holy names if Somone is in this mood of humbler than the grass, more tolerant than tree and not expecting any respect and respecting everyone.

One of the most important instruction that you give to your disciples is to be in the mood of the humble servant of the servant of servant of the lord.
In one lecture, you mentioned the important aspects of bhakti namely bhagavat sravan, chanting holynames, deity worship, dham vas and Sadhu sanga. You have drawn out an amazing conclusion that without learning how to respect vaishnavas and how to take proper association- other items will not produce much benefit.

I Simply beg for your mercy maharaj on this auspicious occassion that let me become focussed and take up the process Of KC with utmost sincerity and try to develop those wonderful ornament like qualities that pleases Hari, guru and vaishnavas. Let me develop that eagerness to hear and chant Krsna's glories and holynames. Let me develop the mood of dasanudasanu das and become of some assistance to your mission in the service of Srila prabhupad.

Thank you so much maharaj. Your humble servants.

All glories to our beloved Srila Prabhupada

By the great mercy of Sri caitanya mahaprabhu and Srila Prabhupada I came in krsna consciousness about 1 and half year ago.

I was not intended to come to krsna consciousness but devotees caught me with the rope of prasadam and their sweet words.

Recently I attended kartik yatra. I was astonished by seeing all the elaborate arrangements by all the devotees. Although devotees made all the arrangements but you are the back bone behind this yatra. Your leadership qualities has encouraged me a lot and showed the characteristics of ideal leader.
I also liked all the lectures in yatra.
I am very thankful for taking so much efforts for nourishing and inspiring so many devotees through tireless service with the attitude of menial servant.
In this age of hypocrisy, you are the real sadhu I was searching for, A lighthouse for millions of misguided souls who will eventually punch their way back home back to godhead by being able to receive your kind mercy and being inspired by you.

Your beautiful moonlike lotus face looks very satisfied despite health issues, calamities. For me It signals the spiritual strength you possess. You are that Banyan tree which is giving shelter to countless little saplings which will surely grow into big banyan tree by your mercy and further be the shelter for others.

I am currently in third year pursuing engineering. I am so fortunate that i am currently staying with devotees at Nanded, Maharashtra in nanded VOICE centre.

I am really thankful for giving us gem like HG Radheshyam Prabhuji. He is Taking so many initiatives since 30 years despite critical health challenges just for fallen, disobedient, rude souls like me.
His contribution in youth preaching is really immense. He always describes about your teaching almost in all classes.

Thanks maharaj for everything. I am unable to write everything because I am not able to remember all as I am in Kaliyuga, Age of Less remembrance.

But maharaj please bless me so that I never ever forget Holy Name and service to the lotus feet of Srila Prabhupada and you.

Dear Gurudeva
Please accept my humble obeisances. All glories to Srila Prabhupada

You are famous for your special qualities some of which are compassion, simplicity, care, humility, integrity, tolerance etc. In this regard I am reminded of a couple of your pastimes that show the trait of being an expert.

Many years ago a devotee mataji and her daughter were participating in the Vrindavan yatra. During the yatra, a monkey attacked the child and bit her hand leaving behind a gaping wound. After getting some first aid, the mataji booked her tickets to return home to get proper medical treatment for her daughter who was very disappointed with the dhaam. Just before leaving the next morning, by chance you happened to be around. You had already heard about the incident. You went to the little girl who was distraught and told her that "Do you know why it happened? Because you are very sweet and your heart is as soft as butter. Even the monkeys cannot resist eating you". This immediately brought a smile to her face. Many weeks later when the mataji had thought to go in for a cosmetic surgery to hide the scar in the hand you had suggested that the surgery may be avoided as the scar represents the mercy of the holy place which you can carry for the rest of her life. The little girl immediately agreed with your suggestion. Anything we undergo in a holy place, though apparently inauspicious, is the special grace of the Lord. This the scriptures say, and the holy men ascertain to be true. But you had revealed it to her

only when the time was ripe. In Vrindavan, when her hands burned in pain, that truth would have acted like salt and pepper on her sore. She needed something 'sweet', and you had administered just that. An expert guru is not just one who knows the truth, but one who knows how to administer it according to time place and circumstances.

Another time in 1988 you were traveling in the train with devotees on a pilgrimage. Next to you was the TP of Chowpatty temple. Across you were 2 brothers, the younger of whom had only recently started his life in KC inspired by his older brother who became a devotee a few years earlier. It was hot and the younger brother was struggling to cope with the heat in the train and was beginning to rue the austerity of the yatra. Just then the TP asked you if 2 brothers came to KC then who will make faster progress, the younger or the elder? You had replied (looking at the younger brother) that it cannot be generalised, but in this case the younger would make faster progress. That immediately brought happiness to the younger brother who also got the realization that he has to raise his standard of consciousness as just minutes back he was unhappy with the austerity of the yatra. So you had most expertly encouraged the budding devotee to become a better devotee and perfectly brought his consciousness in the right path.

Thus we are able to understand how important this trait of yours is to be able to expertly deal with the situations that this material world always keeps throwing at the devotees.

I pray to the Supreme Lordships to always keep you in the best of health.

Your eternal servant,

I am indeed extremely fortunate to have received your esteemed self, an exemplary devotee of the Lord, as my spiritual master. But I am yet to realise the immense value of the unique opportunity that I have got in this previous human form of life, I pray to you to receive your blessings to develop gratitude for this opportunity.

You have time and again emphasised on the principal of humility and serving in the mood of servant of the servant of the servant. Pest bless us that we can imagine these qualities and serve in the right mood.

2) Also, your alignment with your superiors and god brothers is a driving force for me to

3) Hearing from you regularly helps me to continue in my Krishna Consciousness. Especially your lectures in dealing with the mind, false ego, anarthas are very relevant to my spiritual life. Your lectures on the pastimes of the Lord and acharyas gives me some glimpses of higher taste.

I am trying my best to co operate with other devotees and continue my Krishna Consciousness. I could see that you are very much pleased if one does contribution to the mission of Srila Prabhupada in the mood of co operation with other devotees. By Krishna's mercy, I will try my best to please you.

This year I tried my best to assist in Preaching service by regularly holding Bhakti Vriksha Session at my home every week, wherein 12 Devotees are regularly attending the program for last 1year chanting the Holy Name of Mahamantra .
We did many programs for the pleasure of Guru Parmpara like Sastra Daan, Gita Course and Vyuha Program.
Also I am regularly chanting my 16 rounds without any break and undertook Shiksha as prescribed by ISKCON Whitefield and trying to take care of family as per your instructions in Classes.
Kindly bless us so that I can keep this service continuity for the pleasure of Srila Prabhupada and Guru prampara.
I had also assisted in various major events of ISKCON Whitefield under the guidance of temple authorities. I tried to keep my conciousness as Dasa anudasa and tried to follow my shiksha guru,HG Shankarpandit Prabhuji and HG Radheshyam prabhu.

Please Accept My Humble Obeisances unto your lotus feet.

The best way to preach/serve is to set the right presidency. This I heard in one of your lecture and I saw by your example. The way you build the whole community at Chowpatty shows your dedication to serve Srila Prabhupada.
There are many wonderful Vaishanava qualities in you which has inspired many souls to come closer to Krishna. I learnt three most important aspects from your instruction and your practical life.
First thing you always stress this to be humble and tolerant by mentioning the verse trinad api sunichena taroor api sahisnuna. This can be learnt from your example only that from begging of your life when you developed the desire to surrender to the Lord then Mayadevi gave you chance to surrender to her also by her most dangerous weapon but you tolerated that provoking situations and took a step closer to Krishna. When you became the part of ISKCON then also you were not treated many times properly either it be the youth preaching in America or be it the initial days of ISKCON Chowpatty. You remained humble and tolerant in all situations and because of that we got your mercy in the form of many of your disciples who brought revolution in the youth preaching.
I learn from your life that how much we should focus on our chanting. The way you chant inspires us also to get drown in the holy name. This can be seen from one incident also where you kept on chanting for the whole night at one place.
I learn from you how we should be focused on our relationship with other Vaishanavas and mostly with our equals and we should be always ready to cooperate with other devotees in order to serve Srila Prabhupada. This also can be seen that how you have wonderful relation with all of your Godbrothers.
There are many such qualities like focus on providing all facilities to any guest devotees coming to SS Radha Gopinath temple. The way you take darshan of the deities. The way you take care of details and many more such qualities are very much inspiring for all the devotees who are growing under your shelter.
Please bless me that I can remain in the mood of servant of servant of your servant and serve you in my best possible ways and try to imbibe the Vaishanava qualities in myself by taking inspiration from you.

*Tad viddhi pranipatena pariprasnena sevaya
Upadeksyanti te jnanam jnaninas tattva-darsinah*

Translation: Just try to learn the truth by approaching a spiritual master. Inquire from him submissively and render service unto him. The self-realized souls can impart knowledge unto you because they have seen the truth.
2. **Shrimad Bhagavatam (Canto 11, Chapter 3, Verse 21):**
*tasmad gurum prapadyeta
jijnasuh sreya uttamam
sabde pare ca nisnatam
brahmany upasamasrayam*

Translation: Therefore any person who seriously desires real happiness must seek a bona fide spiritual master and take shelter of him by initiation. The qualification of the bona fide Guru is that he has realized the conclusions of the scriptures by deliberation and is able to convince others of these conclusions. Such great personalities, who have taken shelter of the Supreme Godhead, leaving aside all material considerations, should be understood to be bona fide spiritual masters.

Nama Om Vishnu Padaya Krsna Prishthay bhutale Srimate Radhanath Swami Iti Namine

Hare Krsna dear Radhanath Swami Maharaj,

I am very grateful for being given the opportunity to glorify you on this auspicious occasion of your 73rd vyasa puja. This year, for the first time I got chance to attend the

kartik yatra in SriShetra Jagganathpuri. In this complete yatra we all were immersed in an ocean of bliss of your divine association. Early morning you used to come for chanting and I was witnessing the pure holy name coming out from your lotus mouth. Many times I felt sleepy but I saw even in this age your body posture was totally straight and completely concentrated on holy name. Then you used to visit the kitchen and give your divine glance on all devotees. Evening lectures and kirtans were most condensed love feasts entering our hearts through your lotus mouth.
In yatra you told about Lord Chaitanya mahaprabhu's pasttimes in jagganathpuri and his mood of separation. You said that we should be enthusiastic in service and even if we don't fee so we should act enthusiastically. Also you told us that our happiness doesn't depend upon circumstances but depend on krsna. Happiness is when krsna is pleased.
Although I have received so many instructions and knowledge from you, I am still like an elephant rolling in dust of sense gratification even after bathing. I haven't realized the urgency of KC and still trying to pursue material attachments. I am not very sincere and serious in my practice of KC. But I don't wish to remain in same position. I want to dedicate my life in your service. Please help me to get out of this attachments. Your causeless mercy is only my shelter.
Praying for your mercy!!!

Hare Krishna! I offer my sincere gratitude to Our Guru Maharaj. On this occasion I want to share my story of how I got associated and got introduced with Guru Maharaj Shri Radhanath Swami ji. I wasn't knowing the sweetness of Hare Krishna until I went to ISKCON temple in Nashik on the occasion of Janmashtami in 2023 . This year, My Manager invited us for Janmashtami and insisted us for Abhishek .At that time he gave us Krishna book. That's when I started diving deep into the ocean of KC. I would say that love for Krishna took birth in my heart and soul on the day of Janmashtami. My manager, who is now my Siksha Guru , narrated to me the Story of Ghanashyam Baba and his Association with Guru Maharaj. That was the moment when I realised the real definition of Love and Devotion which can only happen with Krishna. I started listening to various Kirtanas and lectures of Guru Maharaj. I am blessed and in the process of getting filled with knowledge of nectar of devotion from Guru Maharaj . His innocence, devotion and madness to love Krishna is seen and experienced from each and every word he delivers for Krishna. I pray for his long and Healthy life so as to enrich us and drag us towards The Supreme Personality of Godhead. On this occassion of Shri Vyaas Puja I thank you to the Lord for gifting us The True Devotee and the Great Teach-

Please accept our sincere gratitude in Your Glorious Divine Appearance Day!

When the war began in Ukraine, we remember the first online meeting with Your Divine Grace, how we cried and cried with joy to see Your face, smile and kind eyes, to hear Your words, that Lord protects us in all situations, and to sing the Holy Name with You. When the world turned upside down in agony and our lives completely changed in one day, we received from You this unchangeable glorious spiritual knowledge of Lord Sri Krishna and Your experience of serving the Lord with Love and Humility. That will never change in any circumstances ! That is very dear and desired thing that makes us continue to strive to live in Krishna Consciousness and in remembrance of Your Divine Mercy. How lucky we are! In those difficult war days we had fear, exhaustion, uncertainty, disappointment, shock, eventually we left our home, and beloved Temple in Kiew, sought refuge, but we did not leave the Merciful Shelter of Your Divine Feet and humbly beg for it, because we don't have any other Shelter. We don't have any other Home.
We are immensely grateful that You came to preach, support and take care of the devotees in Europe in 2022-23 in Italy, Ukraine and France, so that we can seek shelter in hearing, seeing and serving Your Divine Grace. How lucky we are!

We can't sincerely even begin to understand the Grace of the Lord Sri Krishna and Sri Radha, so that Grace gave the opportunity to communicate with You and try to be Your humble unworthy disciples. We beg to have the opportunity and possibility to serve Your Divine Mission in this new place and changed life.

Respected Guru Maharaj,
Kindly accept my humble obeisance at the dust of your Lotus Feet. All Glories To You.
I am eternally grateful to you for coming into my life in the form of your masterpiece book "The Journey Home". This is where my initial journey to understand spirituality through the eyes of a true seeker actually began. While reading through the pages, I could sense the mood of genuine and innocent enquiry to search after the Real Truth and that is what captivated me to read further till I reached the end of your search on this amazing sojourn when you met His Divine Grace AC Bhakti Vedant Srila Prabhupada and you accepted him in your heart of hearts as your spiritual master.
This was nothing less than jaw-dropping moment for me. How could someone possibly born outside India, have such a longing towards God and that too searches thirstily for it in a village named Vrindavan in India? This just shattered the foundation of my puny understanding of what spirituality is. Fast forward to today, I realize that you are actually a Vraj-Vasi at heart.
While at the India-Pakistan border, fervently trying to enter India, you had promised the officer that one day you will do something really good for India. And that genuine expression has today taken shape in the form of a wonderful community of devotees of Radha Gopinath Mandir and its later offshoots. Not only did your desire benefit India, but also the whole world following in the footsteps of Srila Prabhupada.
You have manifested your heart in the form of Govardhan Eco Village, which today, is not only providing the devotees a solace of being in Vrindavan, but also providing people from different walks of life an opportunity to experience Spirituality in a mesmerizing manner and ultimately attracting them to the Lotus Feet of Their Lordships.
From among the unlimited Vaishnava qualities you emphasize and display, in your every lecture you focus on humility..... trnad api sunicena, the ornament of devotee. And you are the embodiment of that principle, epitomizing it at every moment. In your classes you always amalgamate the core principles of Krishna Consciousness, while providing practical guidance to apply them without dilution. I pray to you to bless me that I will be able to follow atleast a few drops worth of your instructions from the nectarian ocean of your good words of concern.
One more quality I really really admire is the way you appreciate and glorify your God Brothers and God Sisters following in the footsteps of Shri Chaitanya Mahaprabhu. By this you have taught us how important it is to glorify and serve the devotees and really get into the mood of servant of servant of servant of Krishna.
It is because of these oceans of qualities you possess that your dear disciples are attracted to you and are ready to do so much Seva for your pleasure. I sincerely pray that I also serve you in some way or the other under the shelter and guidance of your dear disciples.
I again thank you very much for coming in my life in this most beautiful way in the form of your book and showing me the path, which is most wonderful and auspicious. Hare Krishna!!

Your insignificant servant,
Shantanu Velankar

Hare Krishna Maharaj,
Please accept my humble obeisances.
Maharaj this year will be the most memorable to me as this year I got the opportunity of your divine Vapu association more times than any year. This year you visited NVCC two times and for a longer duration. Maharaj, very happily I attended the morning chanting with you. While I really cherished your Vapu association I still need to work upon taking more of your Vani association. Maharaj, after many plans I still fails to hear you regularly. But I wish not to repeat this next year and improve myself sincerely on this.
Thank you so much Maharaj, for extending so much despite your different health issues. Thank you maharaj for showing so much compassion and love upon an insignificant soul.

हरे कृ÷ण महाराज जी। मेरा दण्डवत प्रणाम स्वीकार करें महाराज जी। मैं सन 2009 में अपने भाई के द्वारा प्रचारित किये जाने पर कृ÷ण भावनामृत संघ से जुड़ा। मैं अपनी भक्ति के ध्रुरुवाती दिनों से ही अपने भाई के द्वारा आपके वि÷ाय में सुनता आया हूँ। और कुछ व÷ाों पैंचात ही मैंने आपको अपना गुरु स्वीकार करने का निैंचय कर लिया था। जब मैंने आपकी आत्मकथा 'अनोखा सफर' नामक पुस्तक पढ़ी, तब मेरा आपको गुरु स्वीकार करने का निैंचय, मेरे दृढ़ निैंचय में परिवर्तित हो गया। यद्यपि 2023 की कार्तिक यात्रा से पहले मैंने कभी भी आपके दैंीन नहीं किये थे, किन्तु मैं अपने भाई के माध्यम से तथा यूट्यूब वीडियो के माध्यम से आपके तथा आपके विचारों के दैंीन करता रहा हूँ। मैं अपने आपको बहुत ही भाग्यैंाली मानता हूँ कि सन 2023 की यात्रा में भगवान की कृपा से आपके साक्षात् दैंीन कर पाया। महाराज जी मैं आपकी विनम्रता के भाव से बहुत ही ज्यादा प्रभावित हूँ। आपके प्रवचनों से मैं बहुत ही ज्यादा प्रभावित हूँ और मन ही मन मैं और मेरी पत्नी आपको अपना गुरु स्वीकार करने की आकांक्षा रखते हैं। महाराज जी कृपया हम पर भी कृपा करें। मैं भगवान कृ÷ण से आपके अच्छे स्वास्थ्य की कामना करता हूँ, और भगवान श्री कृ÷ण से प्रार्थना करता हूँ कि आप ऐसे ही मेरे जैसे बद्ध जीवों का उद्धार करें। हरे कृ÷ण

Hare Krishna Maharaj ji. Maharaj ji, please accept my humble obeisances. I joined the Krishna Consciousness movement in 2009 after being preached to by my brother. I have been hearing about you from my brother since the beginning days of my devotional service. And after a few years I had decided to accept you as my guru. When I read your autobiography, 'THE JOURNEY HOME', my determination to accept you as my Guru transformed into a resolve.
Although I had never had your personal darshan before the Kartik Yatra of 2023, I have been seeing you and hearing the philosophy that you preach through my brother and through YouTube videos. I consider myself very fortunate that by the grace of God, I was able to see you in person in the year 2023. Maharaj ji, I am very much moved by your humility. I am very much impressed by your sermons and in my heart my wife and I aspire to accept you as our Guru.
Maharaj ji please have mercy on us also. I pray for your good health to Lord Krishna, and pray to Lord Shri Krishna to liberate conditioned souls like me. Hare Krishna

**Sharad Oza (ISKCON Juhu)**

Hare Krishna Maharaja,
Please accept my humble obeisances.

All glories to Sri Guru and Gauranga!
All glories to Srila Prabhupada!

I am very grateful to you for sharing 'The Journey Home', which has inspired me to see Krishna's hand in every situation of my life. Your book is a treasure of wisdom and devotion that I cherish.

I also want to thank you for the wonderful Kartik yatra classes in Jagannath Puri that you gave in the evenings. You are so full of the divine mercy of Lord Chaitanya and His

associates. You spoke so beautifully about all the important places in Jagannath Puri on the last day of your katha at the pandal.

It is such a blessing to chant with you in the mornings at the Chowpatty temple and also in the Kartik yatra. Your words of appreciation for all the kitchen devotees who were tirelessly cooking for the pleasure of all the devotees were so encouraging and enthusiastic.

I am fortunate to receive your amazing Kathamrita Bindu, which I came to know from Vraja Bihari Prabhu's Vyasa puja offering in the year 2021. It nourishes me and reminds me of the devotional principles and standards every single day.

In one of the lectures, you mentioned that "people are searching about sex on the internet. But how can we have sex with the computer? That means we want to have mental sex." I simply beg and pray at your lotus feet that I can try to strictly follow the four regulative principles as my initiation vows.

Thank you very much, Maharaja!

Your insignificant servant,

Dear Srila Gurudev
Please Accept My Humble and Respectable Obeisances unto your divine Lotus Feet.
All Glories to Srila Prabhupada!!!

Wish you a very happy 73rd Vyasa puja. On this auspicious occasion I would like to take this opportunity to express my heartfelt gratitude unto your most merciful personality with few insignificant words.. What you have done for us is unlimited and unimaginable but in return I haven't done much, at least not even said a heartfelt Thankyou..... But the days like this reminds us about your great self and great qualities that you possess and moreover the greatest mercy that you have bestowed upon us. This simply makes me cry with a feeling that I just went on receiving so much from you without any prior qualification but never even did or thought of reciprocating but you still went on giving. You kept giving giving and forgiving and I kept getting getting and forgetting time and again. Please accept this very few drops of gratitude coming from my dry heart..
How do I feel and experience your causeless mercy in my personal life?? This is how it is.....
1. In the form of your instructions: The greatest mercy a spiritual master bestows upon his disciple is his valuable instructions which becomes a guiding light for his safe and secure spiritual journey toward back to home back to Godhead (our eternal home). Whenever I see myself going down in spiritual life and when I do a personal introspection I find that I wasn't hearing from you sufficiently or there was a good gap in hearing from you. Your lectures are such great nourishment for my heart. Always I found a great hope and encouragement and derived great spiritual strength from your lectures. Once you told that how much time and energy you invest to prepare each lecture just to nourish 1000s of devotees but when we sleep off your lectures or don't hear them then it really hurts you. I was such a fool, I always used to hanker for your vapu association but you have given everything I need in your lectures and association of senior disciples. Your lectures are a wholesome package, I only need to take advantage and hear them regularly and apply. In fact Many of the prominent disciples of Srila Prabhupada in leading roles now haven't actually got much physical association but they are doing miracles in spreading krsna consciousness because they have taken the instructions of Srila Prabhupada as their life and soul. May I also hear your lectures attentively and regularly and apply these instructions as my life and soul
2. In the form of your personal example: Gurudev you have set such a pure and high standard example in terms of ideal disciple, ideal God Brother, ideal Guru and ideal Devotee. Very rarely I got to witness your personality but mostly heard from senior

Godbrothers and your personal servants. You are a personification of trinadapi sunicena verse.
Your dealings with your God brothers (I personally witnessed)
o You personally touching your head to HH GKGM at Pune
o Always considered yourself as an insignificant servant of your God brothers
o Moreover said that you know Srila Prabhupada only through your God Brothers
o Sitting down at feet of your God brothers and God sisters while talking to them
Your loving friendships with HH Niranjan Swami Mh, HH Bhakti Charu Swami Mh, HH Giriraj Swami Mh, HG Anuttama Pr, HG Vaisheshika Pr, HG Yadubara Pr etc and your respect and appreciation for God sisters like HG Mandakini Mtj, HG Yamuna Mtj, HG Malati Mtj, HG Rukmini Mtj etc.
Your respect and love for even the disciples of your God brothers like HG Revati Raman Pr, HG Braj hari Pr, HG Devakinandan Pr etc (in the mood of Srila Narottam das Thakur with Ramachandra kaviraj, who was disciple of Srinivas acharya)
Eg: HG Amarendra Pr said I never want to leave your association because I feel I'm in association of my own spiritual master. And Your response was "My aspiration is to become an insignificant dust at lotus feet of Srila Radha Govinda Mh and if your aspiration is also same then we can eternally be together"
Your respect and love for your own disciples like HG Radheshyam Pr, HG Gauranga Pr etc (How you always said that these devotees are empowered by Srila Prabhupada to do miracles not taking any credit for yourself)
Note: All the names quoted above is from my limited personal experience. There would be surely many many more incidents with many more devotees reflecting your similar attitude and behaviour.
3. In the form of association of senior disciples, training programs and counsellor system: This is a marvellous contribution not just for me but for the entire ISKCON movement. You have created such a system for sheltering 1000s of devotees both Brahmacharis and Grihastas in the form of this counsellor system where all our senior God brothers are trained and educated by you and in turn they train us and educate us in terms of philosophy, Vaishnava character, behaviour and lifestyle, respective ashram duties etc. In Pune I feel very safe and secure under the training program of HG Radheshyam Pr. All the senior devotees like HG Radheshyam Pr and my counsellor HG Vikram Gauranga Pr have understood your mood clearly and are guiding us accordingly.
4. In the form of Yatras, Kathas and Kirtans: Yatras to various Holy places like Vrindavan, Mayapur, Jagannath Puri and South India, conducted by you are a special part of my spiritual life which helps to charge our spiritual batteries for the entire year practically!!! Many devotees sacrifice so much to organise this yatra. You sacrifice so much of your personal health, time and energy to prepare for these yatras and give yourself fully to all of us. Till now I have been attending these yatras but in the recent yatra at Jagannath Puri I have got a golden opportunity to serve as a part of Host instead of remaining a guest. I have got an opportunity to render a small insignificant service in the yatra kitchen as a vessel washing In-Charge under HG Gauranga Pr and HG Sri Kumar Krishna Pr. I felt myself to be blessed to become an integral part of your personal team in helping organize this yatra.
Your kirtans and kathas are so nourishing, you practically transport us to spiritual realm. You inspire us to take shelter of Holy names in the mood of a servant of servant and you make the leelas of Lord so alive through your narrations thus strengthening our deep rooted connection with Krsna.
5. In the form of Vaishnava Seva: Gurudev! Your mood and emphasis is always on Vaisnava Seva. In the recent yatra how much you glorified the kitchen devotees, chapati making matajis. You said: Only through Vaishnava Seva in a mood of servant of servant that we please vaishnavas and by their blessings we get to chant Holy names purely and overcome heaps and heaps of anarthas. Only way to please Krsna is through pleasing his devotees. I have been blessed to serve in youth preaching dept at Pune in one of the very vital projects COEP VOICE. This seva has given me an opportunity to

thoroughly engage myself. At the same time, I'm far from the mood of servant of servant. Seeking your blessings to cultivate this mood and serve all the Vaishnavas as much as possible.

Thank you so much for everything Gurudev. I'm struggling to acquire this mood of your's and striving to follow your example and instructions. Please give me strength to mould my body, mind, words and my very life to become an instrument of pleasure to your heart moment after moment and to practise this rarest path of Pure Devotional service with utmost care and attention, with great sincerity, seriousness and without any ulterior motives. This would be my constant prayers at your Lotus feet.

Aspiring to always remain an insignificant servant of your servants

Please accept my humble obeisances maharaj,

Dear maharaj,
you exemplify what it means to surrender oneself to guru. By your precious example and inspiration i'm seeing the glory, honour and beauty in being a disciple. You once said, " since I do not have big degree or bank balance, it didn't feel like leaving too much, and no ego for doing menial seva while being a pujari in the new vrindavan" This enlightened me, how I have been puffed up due to my degree and do not thus consider the wealth of devotion as the only real wealth. You have not only defined the lofty ideal that chaitanya mahaprabhu declared in sikshashtakam 'tranad api sunicena..' as 'to not be eager to have the satisfaction of being honoured by others' but also showed by your example what is humility, which i truly desire to emulate. Your dealings with your godbrothers and your disciples exemplify the vaishnava behaviour, which is filled with appreciation, compassion, kindness and love.

You have opened the doorway to the sweetness of vrindavan, vrajbasis, vraj bhakti, which would have been so unreachable to someone relishing the stool of dry specualtion about the absolute truth. You have given me a way of life, and a goal for the life, you are the oasis in this scorching place of material existence to me, as viswanath chakravarthy takura says ' samsara dava nala lida loka '.

Hare Krishna respected Guru maharaj,
Please accept my most humble and respectful obeisance at your lotus feet.
Today is a day of greatest joy for me having received the rare opportunity of purifying my heart by remembering some of your divine qualities on auspicious occasion of your sacred vyasapuja. Our Srila Prabhupada taught us that acarya means one who teaches by his example. As the famous bengali proverb goes saying that a mother in law teaches her daughter in law by instructing her daughter. Similarly, Lord Sri Krishna teaches people in general how to perform devotional service steadily in any given situation. We have many examples of this from scriptures. for example- Vrajavasis, Pandavas, aambarish maharaj, Prahlada maharaj etc. In this way, Lord Sri Krishna also glorifies His pure devotees's devotion. Similarly, we see that Srila Prabhupada was also put into various difficulties to teach us about how to continue performing our devotional service despite all challenges. Similarly, I derive great inspiration and courage to continue in Krishna consciousness movement from your life begining from "The Journey Home" and up until now through your personal examples and specially through your vani. As i remember the statement of Srila Vrindavana Das Thakur(Author of "Sri Chaitanya Bhagavat") which states that many of associates of Sri Chaitanya Mahaprabhu will appear in various parts of the world to assist in preaching the message of Sri Chaitanya Mahaprabhu,

I can see, by your causeless mercy, very clearly that you are one of them. Your sublime realizations of Krsna consciousness culture are so uplifting that even fool like me is getting strength and great hope in continuing my journey in Krsna consciouness despite all challenges which i have invited because of my stupidity and foolishness. You mentioned in one of your lectures that Sri Chaitanya Mahaprabhu's mercy is available for both intelligent and foolish. This statement of yours has given me great hope. Srila Prabhupada says that i should consider myself foolish but not behave foolishly. Unfortunately, i consider myself foolish and is also grossly foolish in my behavior. But i have developed hope from your above statement. I heard someone quoting Srila Prabhupada that a true leader is one who always encourages and inspires his subordinates. Dear Guru maharaj, according to this statement of Srila Prabhupada, i find you to be my best leader and guide. Once I was hearing from HH Bhakti Vigyan Goswami Maharaj that you give yourself fully to your disciples. This transcendental realization of maharaj is fully applicable in its fullness in my case and let me today confess guru maharaj that this transcendental quality of yours is the foundation of beginning, middle and future of development of my relationship with Lord Sri Krishna, His holy names, abode, paraphernalia, associates etc. I have heard Guru Maharaj that Lord Sri Krishna becomes merciful upon a fallen conditioned soul when His pure devotee petitions to the Lord on his behalf. I am very sinful, fallen and offender at the lotus feet of many great souls and thus have degraded very much. Kindly save me from sinking deeper and deeper in the ocean of ignorance.
Helpless but hopeful of your causeless mercy ,
aspiring to be your humble and menial servant,
Yours insignificant servant,
Shashikant

Dear Guru Maharaj,
Please accept my humble obeisances unto your Lotus Feet.
First time I could see you in Pune ISKCON NVCC. After that in GBC meeting I got opportunity to have your darshans. Whatever I'm practicing today is only because of your causeless mercy and Srila prabhupada mercy. Me and prabhuji could not attend Kartik Yatra 2023. Now I'm hearing the wonderful blissful lectures of you.
In Kartik month I tried to chant two extra rounds daily with regular 16 rounds of chanting the holy name.

My dear Guru Maharaj,
This is the first offering I'm writing for you. We are suffering in this material ocean and because of Srila prabhupada mercy we could get into this Krishna consciousness movement and have association of so many wonderful devotees and trying to serve the Vaishnavas and The Supreme Lord.
My sincere gratitude towards you Guru Maharaj and Srila prabhupada. The only shelter to cross this material ocean of repeated birth and death.

Krishna sends his representative to this world to save the fallen souls like us and come to the original Swarupa.

My dear Gurudev, please keep us always in your Lotus feet as a insignificant servant of the servant of the servant and bless us so that we can improve ourselves to serve in a better consciousness to all the Vaishnavas Guru Maharaj Srila prabhupada and The supreme personality of Godhead.

I feel very fortunate to be accepted as your disciple. I feel grateful to be part of your project. In the start I felt like I will contribute small bit of seva, but asI go deeper I feel like just doing little seva and that too you only make me do the seva, you have given me immensely. So much support, happiness. I have never been in so much bliss. Thank you gurumaharaj. You inspire me to be compassionate and kind and dive deeper on this spiritual path. Please allow me to be part of your projects and continue doing my seva with no ulterior motives. Let me not deviate from this path and always be focused to serve Vaishnavas. Let me have that bhaav to always remember your teachings and always inspire others to come to krishna consciousness by my words, actions. Let me read and hear Srimad Bhagvatam and distribute it. Let me and my prabhuji serve together in your project and serve the vaishnavas. I can't ask anything more from you. As you have always provided me more than I deserve.

Dear Srila Gurudeva,

All glories to your divine grace. Please accept my humble obeisances.

I feel fortunate for having got a opportunity to write this offering on your 73th appearance day. I don't know from where should I begin..I am not at all eligible to write,but still I shall try my best to write my heartfelt offerings by mercy of Guru,Gauranga and

whatever I heard from senior Vaishnavas. My life in this living did not start when I was born, but when I started reading books and hearing from senior Vaishnavas .I am extremely grateful to HDG for writing so many divine books for fallen souls like us . It's Only HDG mercy that we got your divine association, Gurudev..

I wanted to share a beautiful incident which happened recently in the divine shelter of Sri Sri Radha Gopinath. I offered a flower at the Lotus feet of Sri Sri Radha Gopinath and was praying for your divine darshan. Then suddenly I realised,I m so fallen ,how can I get darshana of such a pure soul and as I was about to leave after doing dandvat and got up and saw you just standing before me, it was a miracle for me and indeed the mercy of Radha Gopinath that instead of my impurity ,he allowed me to see a pure soul like you, Gurudev.
Your teachings always guided me to the right path, specially at the time of calamity.I wanted to share the following one which always act as a torch light in the extreme darkness of the material world.

"Each and every one of us within our own hearts has unlimited spiritual power.The essence of true religion is to access that spiritual power and express it through every aspect of life!!Then with the pure heart we can overcome so many obstacles that seems so impossible!l"

Thank you Srila Gurudeva for all that you have given me. I can never repay the debt. The success of my life is to constantly be engaged in Guru , Gauranga and Vaishnavas service and follow your teachings with the depth.
On this auspicious occasion,please bless me so that I could contribute in SP mission with your mercy.

Yours trying to be humble servant,
Shilpa Saluja.

HG Sacitanuja prabhuji.For me it was the first experience in association of a pure devotee like His Holiness.

Dear Guru maharaj, on the day of your vyasa puja, I vow to hear more and more of your katha, instructions and kirtan.I have also strated reading The Journey Home again and May I read with full attention this time.Guru maharaj has cast a deep impact on my consciousness and I wish and pray it to reach more depth each passing day. **Shivam Sawant (Pune/ISKCON BCEC)**

Dear Guru Maharaj,
Please accept my most humble obeisances

In the Srimad Bhagavatam verse (SB 1.2.18 Purport) I was reading about book Bhagavata and person Bhagavata. In the purport I read: '
There are two types of Bhāgavatas, namely the book Bhāgavata and the devotee Bhāgavata. Both the Bhāgavatas are competent remedies, and both of them or either of them can be good enough to eliminate the obstacles. A devotee Bhāgavata is as good as the book Bhāgavata because the devotee Bhāgavata leads his life in terms of the book Bhāgavata and the book Bhāgavata is full of information about the Personality of Godhead and His pure devotees, who are also Bhāgavatas. Bhāgavata book and per-

son are identical.' Whenever I see you, hear from you or remember you I am reminded of how you are the person Bhagavata mentioned in this verse. By your personal life you have set the example of an ideal devotee. I feel so inspired to see your personal example and also try to imbibe that in my personal life.

I still remember the day when you visited our VOICE at IIT-Bombay on 31st December, 2017. At that time I could hardly appreciate your visit. As I am spending more years in Krishna consciousness I am understanding the value of your short visit. It was not any of our qualification that made you visit possible, rather it was your gratitude towards senior devotees such as HG Radheshyam Pr, HG Gauranga Pr and many other devotees from IIT who have helped you in serving Srila Prabhupada. When you had come here you mentioned that how preaching in IITB is one of the most important projects. Thank you Maharaj for giving us such a great responsibility of setting nice example for others and also helping in the mission of Srila Prabhupada. You also prayed that by the mercy of previous Acaryas we develop a taste for chanting the Holyname. Since it's your desire the previous Acaryas will surely bless us with this taste. I pray that I may not become proud for your association which we got and always remain a humble menial servant in your service.

Dear Guru Maharaj
Please accept my humble obeisance. All glories to you on this auspicious day of your vyasapooja.
I consider myself fortunate that I am writing an offering to my beloved Guru Maharaj who instruct and inspire devotees to enable them advance in Krishna Consciousness. Maharaj is one of the prominent spiritual leader of the word who inspired thousands people to become Krishna Conscious.
Today on the occasion of 73th Vyasa Pooja many devotees are giving offering to Maharaj and with little endeavor I will try to glorify Maharaj. Although Maharaj has unlimited qualities but I am trying to share couple of qualities that really touch my heart
Guru Maharaj's two qualities that attract my heart are Compassion & Humility
Compassion – Maharaj you are very compassionate to fallen soul like me and that can be easily experienced when we meditate your message given through lectures. It was difficult to understand message of Bhagavad-Gita for ignorant person like me but you made it simplified and explained how our senses are control by Intelligent with the help of mind. Mind can be our friend or enemy depending on how we trained it. You are so compassionate that you introduced "Annamrita" program which feed thousands of children which not only nourishes their body but also soul. You established Govardhan eco village which gives opportunity to everyone to experience bliss and happiness of Vrindavan who cannot visit Vrindavan.
Humility – Recently I noticed incident

where you were paying obeisance to H H Gopal Krishan Goswami Maharaj, though he is your godbrother.
Also, we have seen you many times doing menial service whether it is serving prasad to devotees or doing cleaning service.
Finally I pray to the lotus feet of Shri Radhagovinddev for your good health and long life. Although I am not qualified, please keep me under your divine shelter life after life.

Your Servant

Hare Krishna Maharaj
Please accept my humble obeisances
On this auspicious occasion I am extremely grateful to these devotees who have given this opportunity for all the devotees to express their heart in front of you. And although I neither have sufficient gratitude nor awareness and still able to understand a tiny fraction of glories of your devotees. They have been personally trained and blessed by you. They are simply wonderful. Personally I have been fortunate to be dragged by the oasis that have been spread by HG Radheshyam Pr and particularly HG Priyagopeah Prabhuji who is my Councellor. I have no power to understand or even estimate your glories however just by seeing these devotees surrender and carrying your mood have convinced me that whatever insignificant I may be the best I can do is to remain a humble tiny servant under servant of your servants and try to please them.I may have so many other desires and inclination but I wish to drop all of them and simply surrender myself unto your instructions which you give with so much energy and emphasis and heart in your lectures and keep myself engaged in the service to these devotees.

Your servant's servant

Hare Krishna Guru Maharaj. Please accept my humble obeisances at your lotus feet. Chaitanya Mahaprabhu has always stressed the need for being in the good association of advanced devotees. At the same time he has preached how even one who utters the holy name once, should be venerated. My entire life has been to strike a balance and integrate my spiritual life into my family life. My endevour has always been to maintain and advance in spiritual life while at the same time helping my family to also advance spiritually. Please pray for me that I am able to do this successfully and that I am able to remain fully focused on my spiritual life.
I may not be able to achieve great milestones in advancing the Krishna conscious movement in society. My only interest now is cooking which i am dovetailing by learning to cook new recipes for the deities. My only hope and prayer is that i may be able to please you by this seva and by carrying out my familial duties as per your instructions.
I pray to Their Lordships Sri Sri Radha Gopinath,
Lalita Vishakha Devis, Gopalji to keep you in good health always so that you may continue to be a source of inspiration to all those connected to you.

This Vyas Pooja I would like to mention how your words have made an impact on an insignificant person like me

Every time my brain fogs up with questions or with confusions - your words , quotes, lectures , videos, photos have guided me counselled me, consoled me to the extent that I turned from an onlooker or a by-stander devotee to a devotee who is at the edge of main stream devotion

Today I pray to Sri Gopinath ji May he bestow you with long and healthy life so that you continue guiding people to turn them into devotees with a definite aim of goloka vrindavan

I pray to Narsimha dev ji that May he make all your upcoming and ongoing projects an inspiration to mundane people and give them an aim in life.

His Holiness Radhanath Swami Guru Maharaj 73rd Vyaspuja
Dear Guru Maharaj,
Please accept my humble obeisance's at your lotus feet.
In Shrimad Bhagavatam,In the Description of the Island of Jambūdvīpa, SB 5.19.7 Srila Shukdev Goswami Says no one can please Lord by janmaiśvarya-śruta-śrī then how can Hanuman could please Lord Ramchandra?
In that purport Srila Prabhupada shares the secrets of pleasing the Lord is "One's de-

votion and sincere desire to serve the Supreme Personality of Godhead are the only qualifications."
Dear Srila Gurudev I have seen you year after year following in the divine words of Srila Prabhupada and I beg you today on this auspicious day of your appearance, at your divine lotus feet that"Keep me always in the association of sincere devotees and let me always remember and follow in the mood of Trinadapi sunichena tarorapi sahishnuna amanina mandena Kirtaniya sada Hari..... while performing any services."
I am seeing myself unqualified and useless for service to vaishnavas as I filled with full of anarthas But you are the only hope for me so again and again I am begging at your lotus feet that "Even though facilities are present, give me intelligent to use the time and energy in pleasing the Supreme Lord Krishna and the Viashnavas so that I could ultimately please you.
Thanking you for everything, Srila Gurudev
Hare Krishna,
Your greatful servant,

HARE KRISHNA , DEAR GURU MAHARAJ ,
PAMHO DEAR GURU MAHARAJ.....
DEAR GURU MAHARAJ...., It has been more than 15 years since I have been involved in ISKCON. The years have gone by so fast that I feel like I have not spent enough of that time doing spiritual activities, especially reading Srila Prabhupada's books. Many times I have heard you saying in your classes that how important it is to read them. I thank you for this continues instruction on this as been very help full to me to read books. On this auspicious day of your Vyasa puja, please bless me that I can become a devotee and assist all your dear disciples in the service of Sri Chaitanya MahaPrabhu and Srila Prabhupada. We are so fortunate because we are getting the most matchless gift that is given Srila Prabhupada to you. And you have been distributing it to the whole world by your own example. Although we never got Srila Prabhupada's personal association but we are always getting the association of his dearest and nearest disciples who are always glorifying the transcendental qualities of Srila Prabhupada. Dear GURU MAHARAJA my eternal master please shower your glance upon this fallen soul devotee and keep me in your shelter DEAR GURU MAHARAJA.
Thank you, my master for everything, this servant is so grateful and appreciative. All glories to your Divine Grace on your special day!!!!! Your most insignificant servant, Shravani Mindala.

My Dearmost Gurudev,
Please accept my humble obeisance and all glories to you on this auspicious day of your Vyasa puja. All glories to you. All glories to you. All glories to you.
You are the very embodiment of the verse trnad api sunicena taror api sahisnuna/amanina manadena kirtaniyah sada harih.

I don't remember of doing any pious activities but surely have eaten enough of magical sak charcari, to have got you as my spiritual master.
Gopal Kavi writes, "they have churned thousands of scriptures with their own hands and gave us pots filed with sweet and nectar." This is exactly how I feel every time after hearing from you, getting your darshan. It does feels like coming back home with pots filled with sweets and nectar with which I now can serve Krishna, with more enthusiasm and love.

Please keep me in the shelter of your lotus feet eternally.

Yours Aspiring Servant
Shreya Dutta.

My Dear Guru Maharaja,
Hare Kṛṣṇa
Kindly accept my humble obeisances
All glories to Śrīla Prabhupāda!

Our Divine Savior, Śrīla Prabhupada, quotes the Demigods praying to Lord Śrī Kṛṣṇa in the womb of Mother Devaki in Chapter 2 of his Kṛṣṇa Book,

"the great saintly persons who have crossed over the ocean of nescience by the help of the transcendental boat of Your lotus feet have not taken away that boat. It is still lying on this side."

Further, Śrīla Prabhupāda gives the most wonderful purport of how this is possible,

"When one simply approaches the boat, the whole ocean of material nescience is reduced to the size of the water in a calf's hoofprint. Therefore, the devotees do not need to take the boat to the other side: they simply cross the ocean immediately. Because the great saintly persons are compassionate toward all conditioned souls, the boat is still lying on this side."

Our most compassionate savior, Śrīla Prabhupada, crossed over five oceans to reach the western world, simply to deliver this transcendental boat of The Lord's lotus feet to the conditioned souls of this entire world.

In my attempt to approach this transcendental boat, I aspire to act in a way that would inspire many more souls to come along.

His Holiness Bhakti Tirtha Swami Maharaja spoke of the importance of the – Attitude of Gratitude; how, we must,

"...recognize that every moment is a chance to try to love the Lord and other people more, and actually strategize to increase the quality of our service."

I am striving for this gratitude; gratitude for every moment of this life, and for seeing every event as the necessary step to return back home, back to Godhead, beyond this ocean of nescience, back to our constitutional position of serving our dear Lord and His devotees.

Thank you; thank you for bringing us all to this transcendental Prabhupādānuga parampara. A shoreless ocean of gratitude is insufficient for this transcendental blessing. I am praying for an ever growing Prabhupādānuga family, under your most compassionate care, our eternal spiritual father.

"I am blessed by the best, and will not settle for anything less."

Hare Krishna. Dandavat Pranaam Maharaj. Please accept my humble obeisances.
I want to Thank you for everything. Starting with accepting me as your disciple even though I am so fallen and showering your mercy abundantly. You have been merciful to me since childhood as I was able to be a part of one of your visions (Gopal's Garden High School - First batch 2008 passout). You have been protecting and guiding since I had no clue about the purpose of life. You then accepted me as your disciple on Nityanand Trayodashi 2019. You never let go off me.

I was craving for a in-person interaction since ages thinking that is mercy and have been cursing myself to be too fallen. But that was just my ego demanding for your personal time which i have realised lately. Your mercy and association is available for all fallen people like me through your discourses, yatras, books, etc. But i have been focusing on my definition of mercy. This realisation has also come because of you after understanding why you focus so much on humility and gratitude and being the servant of the servant of the servant. I am trying to imbibe that and learn to be grateful for everything in life and become a sincere devotee.

Interestingly, you have been merciful enough to show up in my dreams and give me that personal interaction too. But all i have done in the dreams upon seeing you is cry. Whenever i see you in my dream i just cry out of happiness. I have woken up so many times crying happily seeing you in my dream interacting with me. I can also feel your soft uparna clothes in the loving embrace in my dream. I was lucky as a child that you hugged me a couple times. I still remember that feeling. Thank you Maharaj for this too.

Recently, we were blessed with a baby boy and by the mercy of our Counsellor Krishnanaam Prabhuji and Amritnaam Mataji, we were able to share the list of names with you and get a name back from you. You named him 'Damodara' and I was again filled with tears. The baby's mother is Yashoda Devi Dasi and she had a desire that her son should be named in relation to her name. And what better name could have been than 'Damodara'. You have always been so kind in understanding our desires and fulfilling them without even asking them. Thank you for this too Maharaj!

I am already heavy writing this. I love you Gurudev and eternally grateful for everything and I promise you once again to strive and become the humblest and most grateful devotee and all credit of my sadhana to you and your good health. Please continue to be the loving inspiration for all your disciples and followers. More power to you and prayers at your divine lotus feet my dear Gurudev!

Hare Krishna Maharaj,
All glories to Srila Prabhupada

Please accept my humble obeisances

I am very grateful to you Maharaj for your divine profound lectures. Your lectures nourish so many devotees' lives. Recently I was hearing a clip of yours where you were mentioning about how Lord Nityananda, Lord Chaitanya and Bhaktivinoda Thakur prophesized and willed that Krishna's names be spread in each and every town of the world. There you were mentioning that "In a deeper sense what They really mean

is the family environment among devotees will expand throughout the world." You were further explaining how all the devotees should consider each other as a family member and it is a great responsibility of all devotees to speak and behave with each other in such a way that it will inspire true devotion and true happiness in each other. These words of yours are priceless jewels for us.

My rash behaviour has hurt many devotees. On this day, I pray and beg that I may be able to follow this principle as so wonderfully taught by you and please you.

My prayers to Sri Sri Radha Gopinath to give you a long healthy life.

Hare Krishna Dear Guru Maharaj,
Wish you a happy 73rd Vyas Puja
Please Accept My Humble Obeisance

Guru Maharaj many times you said in your classes that Lord Chaitanya Mahaprabhu will take us back home back to Godhead but we have to only chant Hare Krishna attentively and never offend the devotees.
You are perfect role model for us to follow this instructions of Lord Chaitanya Mahaprabhu.

What to speak of chanting Hare Krishna attentively but whatever devotional activities you do, you does it in deep absorption for the pleasure of Lord.

And what to speak of offending devotees or finding faults, your mouth is always filled with glories and qualities of devotees. When ever you happen to give class and if there are any of your God-brother or senior devotees or even your disciples who are contributing in Krishna Consciousness movement substantially then you will surely glorify them first or at the end of class profusely.

Once you glorified your God Brother so much then that Prabhuji said Maharaj you are making me embarrassed then you said that is the success of my glorification.

When Lord Chaitanya Mahaprabhu glorifies devotees it appears as he had hundreds and thousands of mouths, same I am feeling in case of you.

Shrimad Bhagavatam says one who is free from envy can glorify devotees from the bottom of their heart inspite so many differences. Such a devotees has real taste for holy name and Holy fame (Srimad bhagavatam). You have that taste so when you give classes you forget time and many devotees are very eager to hear from you that pure message of Shrimad Bhagavatam.
Maharaj I can't give up my envious nature on my own so I beg your mercy so I can rise above this anarthas and glorify devotees from the bottom of my heart.
Although you had many difficulties on path of devotion. But despite all that struggles you keep following the path of pure devotional service so many times you quoted this verse from Shrimad Bhagavatam.
tat te 'nukampāṁ su-samīkṣamāṇo
bhuñjāna evātma-kṛtaṁ vipākam
hṛd-vāg-vapurbhir vidadhan namas te
jīveta yo mukti-pade sa dāya-bhāk

Maharaj Your life is itself a guide book for me and will keep inspiring me in many obstacles and struggles on path of pure devotional service.
How can an insignificant person like me can pray for you but still I will pray to Lordship of Radha Rasbhihariji for your health so you will keep giving association to many devotees and inspiring them on the path of pure devotion.

Thank You very much Guru Maharaj for you contributions in my life I will forever remain indebted for your contributions.

In my family everybody is a devotee. In 2008, I had gone to ISKCON Delhi for the first time. I used to only occasionally chant that time. Till today I have never seen you in person. I have seen you only on social media. The day when I personally get to meet you will be the greatest day of my life.

Please bless me Gurudev.

**Shubham Yadav (BYC Khardi, Pune)**

I offer by respectful obiscences to HH RNSM (Guru Maharaj) because of his enthusiasm, determination, patience, and association in the spiritual subject matter the way Maharaj give Bhagavatam classes, they way Maharaj tells us that we get lost in the hearing with so much, so dedication and ecstasy sounds enters in our heart and melt our desires only desires left is to serve the Supreme Lord Sri Krishna. And they you chant in Japa or Kirtan is heart touching and source of inspiration to me. They you (Maharaj) take to spiritual tour to various Dham and preaching, we get chance to meet Hari, Guru and Vaishnav.
So I take oath to chant more sincerely by increasing quality and quantity, to read more HDG SP's books, to preach more rigorously to myself and others, and to learn various instruments to serve lord and Vaishnav. I pray to Hari, Guru and Vaishnav so that I become more sincere, humble and dedication for the mission of Srila Prabhupada and serve with same enthusiasm, determination, and patience to Sri Krishna as Maharaj and other Prabhupad's disciples do.

Oh Gurudev please accept my bowing obeisance..!
Srila Prabhupada Ki Jai..!

Vyas Puja is a special day for every disciple to express his gratitude towards his Guru Maharaj in words. Of course, it is to reveal our relationship to Guru Maharaja in front of all Vaishnavas. But unfortunately due to my conditioning I have been able to do it very few times despite trying many times. But still I consider myself very lucky. Because on this day of your Vyasa Puja, I get to hear about your many Leelas and glories through your Gurubandhu - sisters, as well as many of my Guru bandhus and sisters.

Which is very important for my purification. “Whether it’s chanting “Hare Krishna” chanted by Mother Ganga to you or stepping out of a crowded train coach at Mathura station to arrive in Vrindavan. “Many such Leelas I have heard from the devotees. Of course, you have given us all a great grace by writing your biography, for which we will no doubt be grateful for the rest of our lives. Your biography, like Prabhupada Lila Amrita, increases both our enthusiasm and courage.

Gurudev, even today I cannot write anything about you for your Vyas puja, but surely I dare to beg for your mercy through this online medium without looking at my own merits. Sorry for that. Just like you chose your life only to fulfill the wishes of Srila Prabhupada and not even to imitate him, only as a follower, I too in this Hare Krishna movement, be it sadhana or seva, at all times shall try to follow his orders and purify myself by serving Srila Prabhupada and the Vaishnavas. I’ll definitely try.
I will be eternally indebted to you, Sri Sri Radha Gopinath Temple Management and all my Gurubandhus for bringing me your grace and Vaishnava association through the online medium of Gurudev.

Thank you Gurudev..!

Dear Respected Guru Maharaj.

Please accept my humble obeisances at your lotus feet.

Wish you many many happy returns on completing 73 years.

Maharaj, thank you very much for all that you have given me since you accepted me in your family, in Shrila Prabhupada's family, in ISKCON, 16 years back.

Maharaj, I have received so much from you in terms of spiritual wealth,much much more than I can ever repay in this lifetime.

You have given us the essence of the scriptures through your books and lectures. You have not only given us the invaluable lessons we need to understand and incul-

cate in our lives to progress on the spiritual path, but you have also supplemented them by your own example.These are our real shelter as we navigate ourselves through life's difficult turns.

Understanding your spiritual master's, Shrila Prabhupad's heart, you have given us what he had envisioned to establish in society. Schools based on Vedic culture, Vrindavan in the form of Govardhan Eco Village, Bhakti Vedanta hospital, the hospice in Vrindavan,Mid Day meal programmes, and so many schemes ,where , along with the body, the souls are nourished.
You have dedicated your life to the instructions and desire of your spiritual master,Shrila Prabhupad. By your example you have shown us the ultimate way of serving one's spiritual master.

Guru Maharaj, I am your insignificant servant,struggling on the spiritual path and I am full of faults. But I have your example to look up to, as well as that of your God brothers, God sisters and your senior disciples . I am very grateful for including me in Shrila Prabhupads family and connecting me to the Gaudiya Vaishnava Parampara.
I beg for your mercy so that I may have the courage and determination to follow your instructions, and be able to assist in Shrila Prabhupad's mission,even if it is in a very insignificant way,in the mood of a servant of your servants.

On your appearance day and everyday, I pray to Sri Sri Radha Kunjavihari for you good health and long life, so that you continue to attract and inspire thousands of people to Krsna consciousness.

Guru Maharaj, thank you very much, for everything.
An insignificant servant of your servants,
Shweta Ganga dasi.

It sees no barriers It freely pours the cooling raindrops on each and every thing underneath it .This rainwater nourishes the earth and makes new things grow . Dear Gurudev you are just like a rain cloud. Pouring your blessings upon us even when we are so unworthy of it. You don't see our shortcomings but only show us your limitless compassion . Your words are the cooling raindrops that can soothe the burning fire of material pain in our hearts . Your care and love are nourishing us.Your instructions are constantly helping us to grow spiritually .
Dear Gurudev I do not know what past life karmas have given me this good fortune of your association. I pray to our SriRadha-Gopinathji to allow us to receive this mercy and share with those around us and help us to please Srila Prabhupada and you

Hare Krishna dear and respected Maharaja,
I offer my humble obeisances unto your lotus feet.

I recently heard in one of your lectures, you were describing that we should love everyone in this world at all times, under all circumstances and in all situations. That is the nature of the soul. This touched my heart very much. I see how you manifest this nature in your own self- always having a caring and well wishing heart for everyone you meet; never curbing the desires of others, trying to please the heart of others by doing whatever you can for them. You once told HG Chaitanya Charan prabhuji that by Krishna's grace you have got a heart

that has genuine concern for all and you were asking him to cultivate this genuine concern for everyone more in his heart. I pray at your lotus feet that I can also imbibe this wonderful quality of having deep love and concern for all the souls in this world.
You have a genuine appreciation towards your Godbrothers and always willing to have a family like environment. I recently saw how you met HH Gopal Krishna Goswami Maharaja, falling at his lotus feet for his mercy. When you start glorifying your Godbrothers and Godsisters, it appears as if you have many mouths and the glorification will never end. This family like environment is what touches our hearts and we come close to each other and to Krishna. Please bless me that I can also cultivate this mood of genuine appreciation towards devotees.
Your kathas are an ocean of nectar. Upon hearing them sincerely, we get absorbed in them deeply. This helps in increasing our faith in Krishna and developing more taste in hearing and reading the pastimes of Krishna, SB and CC. Please bless me that I continue hearing your nectarian lectures and develop love for Krishna and his devotees in my heart.
By Krishna's grace, your causeless mercy and devotees' blessings, I am going to give birth to a new life in Feb-March. Please I beg unto your lotus feet to bless my baby with genuine surrender and servitude towards your lotus feet. May the baby develop deep attachment to the previous acharyas and their teachings and may the baby have sincere desire to serve the Guru Shisya Parampara and their mission. May the baby develop Vaishnava qualities like humility, sincerity, discipline, honesty and submissiveness; and he always remains in the shelter and protection of sincere devotees. May he always uphold dharma and preach the message of Krishna Consciousness throughout the world – janma sarthak kari, kara para upkara, which is very pleasing to Krishna.

Your aspiring servant
Shweta

Hare Krishna Maharaj,
Please accept my humble obeisances unto your lotus feet.

All glories to Sri Guru & Gaurnga.
All glories to Srila Prabhupada.

First of all Maharaj, many many heart felt congratulations for your 73rd Krishna conscious birthday.

Maharaj, I am really very very fortunate to have got you as my spiritual master and I hope and pray to the Lord that one day I really become a true disciple of yours. This year Kartik Yatra at Jagannathpuri Dham we saw Maharaj that how you examplify by your own bwhaviour and dealings that how a true devotee of the Lord acts and behaves and acts in different circumstances. How you respect your godbrothers and godsisters. Your lectures maharaj at Puri Dham, really gave so much nourishment to our dry herts which became dry and barren for such a long separation of your physical association and live hearing.

Thousands of devotees always follow you wherever you go, its your purity Maharaj and your true vaishnav qualities which attract people towards you. I am your worthless disciple maharaj, please bless me so

that i can really and sincerely try to follow your teachings in my life and i can one day become a true disciple of yours, maharaj.
I have no qualifies at all, always engaged in sense gratification and always desiring for more and more sense gratification, my heart full of all the anarthas; but maharaj i really want to become a true devotee of Lord Krishna because I know this pleases you and pleases Srila Prabhupada, your guru maharaj and i want to become a humble instrument in the preeching mission of Srila Prabhupada. So please bless me maharaj that i can try my best in this direction.

Dear Guru Maharaj,

Kindly accept my humble obeisance at your lotus feet!

Your compassion is reaching out far and wide and is the only hope for countless souls like me. Devotees throughout the world take immense inspiration from your purity, love, and spiritual strength. Following in the footsteps of your Guru Maharaj, at an advanced age, you have taken up the mission of preaching in the west, specifically in the Newyork city. You have been reaching out with Krishna Consciousness to the most celebrated personalities on the earth. Your enthusiasm, missionary mood, and creativity in these endeavors is so inspiring. I pray to the Lordships that they give you some more years of my healthy life so that you can reach out to millions of souls.

Gurudeva, out of your causeless compassion you have accepted me at the shelter of your lotus feet. However, I find myself unworthy. As inspired by my wellwishing seniors, I have started a University outreach program at Stockholm University. I beg for your mercy to be able to assist you in your western outreach in whatever insignificant way I can. I beg for your mercy so that I become strong enough to follow your instructions and inspire others on the path of Krishna Consciousness. “Yogyata Vichare Kichu nahi paye, emon laruna saar. Karuna na hoile kandiya kandiya, Pran na rakhibo Aar”.

Aspiring to be the servant of your servants,

Hare Krishna Dear Guru Maharaj,
Please accept my humble, respectful and prostrated obeisances unto our divine lotus feet. on the most auspicious occasion of your appearance I want to mention and meditate upon some of ur divine qualities for my own purification..
The first and foremost is your loyalty and chastity to Srila Prabhupada - In every class we hear from you, we get to hear such wonderful and abundant glories of Srila prabhupada. This very much enlivens my heart and it very much shows how you are so absorbed in the remembrance of your spiritual master and trying to please him. U are so much absorbed in the glories of the Spiritual master and the Glories of the Supreme lord. So thank you for teaching me this principle of absorption ( man-mana bhava mad bhakto....) .
Guru Maharaj , the words of glorification of Nama, Rupa, Guna and Lila of the lord coming from ur mouth appears as the flow of the ganges water. and it helps me so much to understand to some extent what is krishna consciousness and what is the great ocean of nectar u are carrying in your heart , which inundated the hearts of so many people including a hard hearted person like me.
Guru Maharaj ,I am very thankful to u for ur so kind association through ur classes and through ur person, that helps us me to appreciate the principles of Bhakti. and this becomes very evident by such a wonderful example of a person like u who is not only speaking such sublime principle of Bhakti but also living by them. there are so many

examples to support this.
O Gurudev,I am very stubborn, obstinate and weak hearted and so very much unqualified. soI very much need ur mercy to be able to walk on the path of Bhakti. Please give me a drop of ur mercy so thatI can get the strength to follow the instruction coming through ur Classes and thereby try to please u and please the supreme lord. Thank u .Yas Shyam Jagannath das.

My most worshipable Sri Guru Maharaj,

Please accept my humble and respectful obeisances unto your lotus feet.
All glories to our beloved Srila Prabhupada and our Guru Maharaj.

I am sincerely very grateful for your unlimited mercy and compassion. Almost 5 years ago by your causeless mercy, I got the shelter of your blessed lotus feet.

Guru Maharaj, this year in March by the grace of Srila Prabhupada, we devotees together in ISKCON Zürich have started a Saturday feast program especially for Grahsta devotees. So far, by all your blessings and guidance we can run this program. Maharaj, please kindly bless us to continue running this program more effectively so that we can sincerely serve more and more devotees for the pleasure of Lord Sri Jagannath, Baldeva, Subhadra Maharani, and Srila Prabhupada.

Maharaj, by your mercy, I became a father last year and I am eternally grateful to you for your blessings personally to my daughter last year. Your lectures and exemplary guidance and guidance from senior Godbrothers have always helped to handle and tolerate the ever-changing turbulent situations of Grahsta life.

Dear Guru Maharaj, thanks for giving me such a wonderful and compassionate God family. With all humility and surrendering unto the lotus feet of Sri Narsimhadev Bhagawan, I sincerely pray for your good health and many more years of your physical association and guidance to all your disciple children.

Please kindly keep showering your causeless mercy on all of us so that one day we all can eventually go back to the Godhead by following your divine instructions.

Hare Krishna,
Please accept my humble obeisances my dear Guru Maharaj. All glories to Sri Guru and Sri Gauranga.
Maharaj it's your causeless mercy due to which i am able to render some services at GEV in the initial days under guidance of HG Gauranga Prabhu. Being in the field of Agriculture, its a very difficult task to finish our duties as we plan... nothing happens as we face many problems like no rain (draught conditions) or heavy rainfall, many times low production due to heavy attack of pest and diseases in the field. Even if production is high but Market rates were down... many times suffered with the labour problem. Always up and down. What a uncertain-

ty in the field of Agriculture. But Maharaj you trained us to always surrender and remain completely dependent on the mercy of the Lord Krishna. The world is completely stopped during the pandemic COVID-19 but no one stop the duties of the farmers... this is the only sector who feeds the whole world.
The worshipable deity of Agriculture is Lord Balaram himself...Therefore Krishi is very dear to Krishna.
Working in this field of Agriculture, facing some austerities like not able to attend Yatras as during kharif season sowing activities going on and during kartik month harvesting of the crop and sowing for the next crops activities for Rabi season were necessary.
Maharaj, trying to maintain spiritual consciousness working with non devotees.
Trunadapi Sunichen...
Maharaj you are the perfect example and real inspiration to all of us. Please give me the real strength to become perfect farmer who completely dependent on the Lord's desire.
Rakho bhi Maro bhi Jo iccha tomar...

Srila Gurudeva
Amidst this chaotic materialistic maze
You shower grace through your merciful gaze.
Jivas with countless karmic hindrances
Are delivered by your spiritual advances.

Your mercy shining like a beacon of light
Lifts us all up from our material plight.
Thus your disciples in unision
Transcend this sorrowful mire with great conviction.

Your causeless mercy our only hope
Widens the chances of our spiritual scope.
The three worlds thus chant with faith
Glorifying your lotus feet, the highway to the spiritual world straight.

O my master I'm a lowly fool
Drenched in this material modes fathomless pool.
Your vani beseeches my heart to accept
The path followed by our spiritual precepts.

Your humble demeanor and your gentle smile
Reassures us that we still are worthwhile.
Only if we engage ourselves in devotion
We can definitely cross over this boundless confusion.

Trunadapi Sunichena is your lives motto
Stringing it on your neckbead.
You guide your spiritual children and
As a perfect father you proceed.

Too many anarthas still struck in my heart
The enjoying propensity still at large.
I loudly call out for your grace
I feel so shameful, as if chained up till face.

Please purify me please purify me, shouting out loud
This servant falls at your feet like a raven cloud.
Your darshan and instructions, the only way out
From maya's strong shackled clout.

Utterly despondent & heart wrenched I am
Struck in this material world's heavy traffic jam.
But your spiritual power I just know
Can very well strike that perfect blow.

O Lord, please help me surrender

Unto the lotus feet of your dear servant.

That's the only desire I beg of
Cast away my spiritual laziness as
I am akin to an obnoxious warthog.

Dear Gurudev when will I understand
How due destiny's supreme magic wand.
I have been causelessly driven towards your lotus feet
Where all of a disciple's spiritual aspirations meet.

Your extending yourself a million times over
Has finally dispelled maya's illusory cover.
Inspite of knowing this, I still tank
Cast away at the material oceans illusory bank.

I must hold myself up & fold my sleeve
With determinationto not fall apart from the spiritual worlds sieve.
Which you are holding Gurudeva as a savior
Pointing us towards Radharani, in Her service we gather.

Hare Krishna dear Guru Maharaj,

Please accept my most humble obeisances. All glories to Śrīla Prabhupāda !!
Many congratulations on the auspicious day of your appearance. You are the source of hope for the most fallen souls like me. It is really inspiring to see how wonderfully you are spreading the message of Chaitanya Mahaprabhu and the mission of Srila Prabhupada in the whole world. You are traveling tirelessly, opening many places like Govardhan Eco village, for the people to get a spark of spiritual world. Bhaktivedanta hospital in Mumbai is treating millions physically and spiritually, in your guidance. Many books written By you, including "Journey Home" and "Journey Within" are attracting many of the fallen souls and inspiring them to follow their inner voice, in the spiritual quest.
By your presence, everyone feel love and compassion for each other. You always teach us by your example how to stay humble and keep serving in the mood of Servant of the Servant of the Servant of the Acharyas.
You are like a loving father for me, who always guide me whenever I go wrong. Your lectures show me the direction, whenever I am perplexed or anxious. Sometimes I feel you are chastising me through your lectures, whenever I am filled with self pride or not in complete harmony with other devotee. After hearing the lecture, I realize my mistake and work towards correcting it.
I always feel your merciful hand on my head. You always say that we should find good in every situation and use the adverse situations to elevate ourself spiritually.I get the courage to follow the path of Krishna Consciousness firmly by these words, in spite of many obstacles.
You always say that "One's greatness has to be estimated by one's ability to tolerate provoking situations." These words really gives me courage to tolerate all unpleasing words and situations.
Dear Maharaj, may you always keep serving the Srila Prabhupada Mission and may you keep inspiring millions of fallen souls like me by your humble and compassionate services to all the humanity.

Dear Gurumaharaj,
Please accept my humble obeisances. All glories to Srila Prabhupada.
H.G Amarendra Prabhu during his visit to Sri Sri Radha Gopinath temple gave the Bhagvatam class in which he described his meeting with u Gurudev
His request to always be by your side and your reply was so succinct ,precise describing your surrender to Srila Prabhupada and His senior desciples
U said that your aspiration in life was to be a speck of dust at the lotus feet of H.H. Radha Govind Maharaj and thus if H.G. Amarendra Prabhu had the same aspiration ,then in principle u were always together
In that one statement u gave the eternal principle of surrender to senior Vaisnavas, Humility and genuine service attitude
Through your years of hard work u have given our congregation ,our society ,our world in general so many wonderful projects inclusive of GEV,Bhaktivedanta hospital,Gopals Garden .
But I do feel that the greatest gift is the unique group of dedicated senior vaisnavs who are such perfect examples of your compassion
Somehow although I am seeing so much of their effort every day I still do not have the sincerity to surrender to them
So all I pray to U Gurudev on this auspicious day is to grant me that sincerity so that I can see all of them as your perfect representativesand in that surrender my life unto u
Praying for many more years of healthy life
Your aspiring servant
Shyamalal das.

Hare Krishna Guru Maharaj,
Please accept my humble obeisances unto your lotus feet. Maharaj, every time we come in your association and every time we get to learn a new way of serving and caring for the devotees. This yatra the way senior Vaishnavas were served was amazing and inspiring. Every time I feel I will one day try and achieve a small drop of your oceanic love and care and every time a new milestone set by you makes me feel so selfish and so far away from my goal. Maharaj please bless me on this auspicious day to be able to serve the devotees around me by taking example of your love and care and just be able to achieve a small drop of that ocean which you are for all of us. Thank you Maharaj for visiting Pune twice. You are like kalpavriksha, please give us the opportunity to serve you more often.

My dear Guru Maharaj,
Please accept my humble obeisances at the dust of your lotus feet,
All glories to Srila Prabhupada!
All glories to you!

Wishing you a very very Happy Vyasa Puja! Praying that my offering finds you in the light and love of Radha Madhava's warmest embrace!
Every year, this is the moment that I eagerly wait for, to be able to express whatever my heart holds in gratitude for all that you have blessed me with! Although words aren't effective enough to describe the exact feelings that I have, but this benediction to be able to write something for you, is the very essence of my happiness!
On your 73rd Vyasa Puja, this year, all that I desire to let you know Guru Maharaj, is that I shall stay eternally indebted to your causeless mercy on me. I don't know how I am so fortunate to have you as my spiritual master. It's indeed because of your merciful glance that I could come out of darkness and have your merciful shelter.
This time, on the 1st of October, after having a chance to sit near your lotus feet, in Mayapur, my life got a direction and some questions that were lying like a troublemaker at the core of my heart, got answered immediately.
As always, I was bothered and frustrated with the dealings and happenings in this material world, but in that meeting, your instructions, your words and your presence in itself was instrumental enough to give me that long awaited peace to my soul! The questions all got answered and you gave me a direction. I still remember your words echoing in my heart, "Wherever we are, if we are serving Krsna and if we are having the mood of humbly serving and dedicating our service to Krsna, our hearts are already in Mayapur." What a beautiful yet strong message to understand and act upon! Each and every little word you utter, has always been my guiding force in this life and shall be the same, till my last breath!
Thank you dear Guru Maharaj for taking me in your shelter and for constantly motivating and guiding my "monkey mind" with the nectar of your instruction and personal example!
Thank you for initiating the spark of the very essence of compassion and humility in the darkest corner of my heart! How grateful I am to have this blessing from you!
On your Vyasa Puja, I earnestly pray for your mercy and for your blessing to be able to walk firmly and fearlessly in the path of Krsna Consciousness. Please bless me Guru Maharaj so that I can keep serving children(the future of any community and of the world at large) by spreading the divine instructions of Chaitanya Mahaprabhu, of Srila Prabhupada and of you. May I please be able to take the instructions of His Divine Grace to the individuals who are unaware of the nectar of the Holy Name, in my journey forward, in life! Please bless me so that I can be an instrument to motivate, inspire and educate children with the knowledge of the Absolute Truth and take them more and more close to Krsna by helping them dedicate their lives, actions and abilities to the Supreme Personality of Godhead.
My heartfelt gratitude to you at every single moment of my life for allowing me to serve you in your mission to serve Srila Prabhupada and for blessing me to understand, appreciate, follow and propagate Krsna Consciousness through the most negligible service that I am rendering here in Mayapur.

Thank you my dear, Guru Maharaj! I will stay eternally grateful.

Your insignificant servant of the servant of the servant of the Vaishnavas,
Shyamesvari Priti.

Hare Krsna Dear Guru Maharaj
Please accept our humble obeisances
All Glories to your Divine Grace
All Glories to Sri Gauranga Mahaprabhu

Wish you a very happy 73rd vyasa puja. As years passing by and more and more unusual things are happening in this world - corona, Ukraine Russia War, Lay Offs, Economic downtime, Palestine Israel war, many devotees leaving the movement, falling sick etc as the whole world is struggling to make sense of the upcoming inevitable uncertainty and frustration the more it become clear that the world much needs divine personalities like you who can show light and hope to the world by providing Krsna's love and make one's life meaningful. Your life and example shows that love wins over hatred, humility over ego, compassion over selfishness. As more and more years are passing by, more and more people are finding hope in your teachings and examples and are taking your shelter. You not only faced challenges outside but also inside ISKCON, but you have won over all the challenges and made them into positive opportunities by your saintliness and shelter in Krsna.

In the recent Jagannath Puri yatra you explained how even Lord Caitanya had faced challenges during Sankirtan or going to Puri dham, but then you mentioned that Lord Caitanya mentioned that all the challenges and obstacles are servants of Krsna. The more we believe ourselves as controllers and try to act in that false spirit the more we will be miserable and away from Bhakti. A devotee tries his best and succeeds by doing his/her best and depending on Krsna. These simple but most forgotten principles when illustrated in your lectures, in the way you do Japa and Kirtan, in the way you deal with the world and interacting with devotees acts as a beacon of light for humanity.

Your non judgemental compassionate approach has touched all walks of life. We are so very blessed and grateful to get your shelter which we don't deserve and come out of sheer mercy of yours and your devotees.

You are like an expert doctor who performs the heart surgery to cure the deadly disease because of which we are suffering life after life and you liberate the diseased soul and offer them at the lotus feet of Sri Sri Radha Krsna. From recent Jagannath puri yatra few such soul stirring quotes which emanated from your lotus mouth:

The sign of envy is a deep rooted anartha in our hearts that we want to be the controllers, we want to be the proprietors, we want to be the enjoyer.
How can there ever be any situation where there are no obstacles? Lord Chaitanya wanted to go to Puri despite all obstacles. Advaitacharaya said "all obstacles are your servants."
We chant not for taste but how Krsna will taste our sincere chanting
The more we realize that we are unqualified, the more the doors of the spiritual treasure open to us.

Hare Krishna!
Please accept my humble obeisances
Jai Srila Prabhupada!

Dear Guru Maharaj,

Firstly we all would like to thank you for arranging this year's Kartik Yatra at Jagannath Puri. Under your expert guidance, it was organized very nicely and it was very blissful. You started the first lecture by describing the compassionate nature of Srila Prabhupada, and how he has pulled us all through the chariot of compassion to the Kartik Yatra 2023 at Puri. We all were waiting for millions of births to attend this Kartik Yatra 2023 and we need to be very grateful and humble to be the part of the yatra.

We can only get the mercy of the Lord when we are in the mood of begging. Yes, we need to be beggars to ask for the mercy of the Lord and pray that we are completely dependent on Krishna, we do not have any other shelter. We must have faith that he is sarva loka maheshvaram, he is the proprietor of everything, nothing is mine. A necessary element of surrender is to feel completely dependent on the mercy of Krishna. Our chanting must be in such a mood that we are asking Krishna to be servant of servant of servant of the Lord. You explained how you saw the deities of Lord Jagannath Baladev and Subhadra in London for the first time and described the pastime of the Lord as explained by HH Gaur Govind Swami Maharaj. It was very blissful to hear the appearance of the Lord.

In devotional service, there must be no envy, a simple quality that defines the true nature of a true devotee. Our counsellor HG Satyavati Mataji, would always emphasize to us that all the other 5 anarthas can be used in devotional service but envy cannot be. She was such a personality that she changed the lives of so many practitioners of devotional service. Always motivate us to execute the devotional service and a true follower of all of your instructions and preach the same to everyone.

Dear Guru Maharaja, I beg at your lotus feet to please give me the required strength to chant attentively, follow your instructions, and simply endeavor to do my devotional service with seriousness, sincerity, and no ulterior motives.

Dear guru Maharaj.
Please accept my humble obeisances on this auspicious day.
First I want to thank you for giving shelter at your lotus feet Maharaj.
Maharaj I know I am very fallen devotee and not qualified devotee to speak but I want to express my gratitude please accept it

Maharaj even though I chant 16 rounds everyday since 9 years, always I used to think may be Iam not qualified and not going to get initiated and not connect to Gurumaharaj in this life.But with your causeless mercy I connected to you and I got initiated on December 6th,2022. Maharaj it was a great moment in my life and the most lovable memory how I got initiated and never forget a dream night before initiation name list came, in which I saw my Deeksha guru and shiksha guru together .
Maharaj I never got an opportunity to interact personally until the moment I took owes for initiation but I realized how guru connect to us either dream or indirect message through devotee.
Maharaj when you give my name on initiation I felt Lord Krishna arranged spiritual father who is none other than father to do my naming ceremony ,which this unfortunate soul missed and lost her father before born.
Maharaj please show mercy on me and my family to progress in the path of Bhakthi.
Happy appearance day Guru Maharaj

Dearest Gurudev,
Please accept my humble obeisances at Your Lotus feet. All glories to Srila Prabhupada!! All Glories to Your Divine Self!!

Gurudev, by nature i speak a lot but whenever i come in your presence, i find myself in such awe of your divine self that words don't come out of my mouth. I feel so unqualified to speak anything. I feel the same when trying to write something about your divine qualities which are innumerable. I especially admire your quality of glorifying all Your godbrothers. This glorification is so genuine. You never lose an opportunity to speak about all their wonderful services they have rendered to Srila Prabhupada and ISKCON. I was hearing a lecture from 1996 which was of 36 minutes. In that you

took 12 minutes welcoming and glorifying all Your Godbrothers and Godsisters who were present there. The wonderful relationship You all share is so pleasing. Recently on Your trip to NVCC for the GBC meetings, the beautiful loving exchange You had with HH Gopal Krishna Maharaj has touched the hearts of all of us. In such humility You both were offering obeisances to each other. We pray that we can follow in Your footsteps and give respect to all.

sakale sammāna korite śakati,
deho' nātha! jathājatha
tabe to' gāibo, hari-nāma-sukhe,
aparādha ha 'be hata

Gurudev, it is so encouraging to see how you are always there for Your disciples in the most needed time when they are ready to leave this world. Your presence in HG Satyavati matajis home was so sweet and hope giving to all the devotees. You went to matajis home twice to prepare her on her Journey Back Home Back to the Lotus feet of Krishna.
We have been so very fortunate to receive Your association and service in NVCC this year. Extremely grateful for the service opportunity that was bestowed upon us. Begging forgiveness for any offenses and praying for many more opportunities to serve You and Senior Vaishnavas. Praying for Your blessings to improve my sadhana and to serve Vaishnavas without any ulterior motives.
My sincere prayers to Sri Sri Radha Shyamsundar to bless You with good health and a very long life in fulfilling all Your services to Srila Prabhupada.

All Glories to HH Radhanath Swami Maharaj
I offer millions of humble obeisances at your lotus feet

"Mahājano yena gatāh sa panthāh" one who teaches everything by his own example is called acharya. You are such an acharya. You have a lot of love for Vrajavasis. You pay great attention to every small detail and also in caring for all the devotees. During Yatra I could see how much concern you had for Varishta Vaishnavas that they should not feel any inconveniences. Lots of efforts were put to ensure this.

You have so much great affection and respect for your Godbrothers and Godsisters. A small child offered you namaskāra so you called that child near you and asked for blessings.

You were not accepting any comforts for yourself but ensured that others should not feel any discomfort, either for Prasada or anything else.

Your lectures and kirtans were all very dear to me. You had told that when you had met HH Gaur Govind Swami Maharaj he embraced you and thanked you for all of the services which you had offered to Srila Prabhupada, and you said that you got tears in your eyes. Such is your dedication for the service of Srila Prabhupada, your Guru Maharaj.
Actually I am not qualified to speak anything about you Guru Maharaj but for my own purification I am writing something. Thank you so much for everything dear Guru Maharaj. I make mistakes, please forgive me for those.
I will keep serving you till the last breath of my life. I pray that your blessings will always be there upon me.

Dear most Spiritual Master and Eternal Father, Please accept our most humble obeisances at your all-merciful Lotus feet. All glories to Your Divine Grace on this auspicious day. All glories to Srila Prabhupada.

I still remember your prayers when I was going through a major neuro surgery in December, 2019 at Hinduja Hospital in Mumbai. Now, I am able to lead a normal life except age related issues. (We are 76 and 71 years old.

I always cherish your merciful glance you had showered on me when I first met about twentyfive years back along with H.G Radha Gopinath Prabhu. That unexplainable joy in my heart is ever lasting and I always cherish that occassion.

We can not forget “The Journey Home” book which has given us the opportunity to know you more and it helped us to understand the value of “Holy name”. You are so impartial to all religions and all nationalities. This book has given us a better understanding of how to deal with persons of different faiths. Your determination on your spiritual journey in spite of several life threatening situations explain us how one should be in his/her Sadhana.

Unconditional surrender is the only process through which we can please Krishna. It is not very easy to desist from ego, anger, pride, etc.; even though we are aware of this need, a lot has to be done by us in this direction. We pray for the ability to recognise our shortcomings and repent with love to become better instruments in carrying out your mission of serving the devotees. We pray for the ability to engage our minds in careful study of scriptures and engage our hearts in devotional meditation. We pray for the ability to absorb the essence of spiritual truths. We pray that we lead lives of prayer particularly considering the advancing age and we seek your blessings to be properly fixed in devotional service for the rest of our lives.

We are able to realise the depths of Krishna consciousness through various projects like Govardhan Eco village, Bhakti Vedanta Hospital, Gopal Garden School, etc.; that you have developed.

We request you to kindly continue to shower your causeless mercy so that we may nurture and internalise your instructions more than ever. We pray that we may realise that our devotional progress totally depends on taking complete shelter at your Lotus Feet in a mood of complete submission and dependence. Maharaj, your faith and dedication to your spiritual master, Srila Prabhupada, are the cause for your astounding qualities.

We are indebted to you for giving us the most valuable Krishna Consciousness in our lives. We want to express our gratitude on this occasion to H.G.Radha Gopinath Prabhuji, H.G.Sikshashtakam Prabhuji, H.G.Muralidhar Prabhuji and several other vaishnavas who are instrumental in strengthening and nurturing our faith in you and Krishna.

Begging to remain in your eternal service,

∆:-* Gratitude should be the attitude of the devotee:-
*My kule family:- guru dev your mercy helped us in every way, the devotees helped us some ways, all glories to you and them. We are very very greatful to you and devotees thankyou very much. Some family members chant 16rounds, some read srimad bhagavatam, Srimad bhagavad gita, visit temple thankyou for your mercy. * By your mercy i can do it:- * Your disciple (i):- I am chanting holy names more than 108rounds, sometimes 256+ rounds, or more sometimes, on many occasions like festivals, ekadashis, others, When I feel like, etc. reading scriptures, hearing inspiring Srimad bhagavatam lectures daily which goes in temple sri sri radhagopinath, ISKCON chowpatty, festival class, courses and others etc, visiting temple for seva, darshan, meeting devotees learning from them trying to serve every possible way, this is your mercy, etc, i could complete my bhakti shashtri and bhakti-vaibhav degree.
*Bad time:- worst in life but you were there and still there with us(kule family).
*Good time:- when I wanted certain things to happen it happened more beautifully by your mercy it happened.
*Crucial time:- you were always there with me and my kule family holding us titly in every situation of our life still the same. We all love you our dearest father..
*I really thankyou for this guru dev i may be able to follow till my last breath. that's my desire as kaliyug body i fear of giving it up, even bless my kule family to follow Krsna consciousness till last breath we remain healthy wealthy and wise to keep assisting you and serving your mission guru dev. Please bless us guru dev that coming years what we have planned to serve and assist your mission we could be successful in doing.
*Thankyou very much for your support, association, for beautiful kartik, yatras, sri sri radhagopinath temple family ISKCON chowpatty, your mercy, your blessings, love care, reciprocation.
*Your everything is very special for us, kirtans lectures etc.
*Gauranga prabhuji in one of his lecture said:- we should pray for our beloved guru dev this way-may my guru be successful in his mission and complete his target may he stay healthy wealthy and wise, may this happen guru dev truly..
*I really feel enthusiastic when I hear from you guru dev the word Hari Hari...

Hare Krishna Guru Maharaj,

I am grateful to Sri Sri Radha Krishna for making me surrender at your lotus feet. I am grateful to my mentor who have helped me to progress on this path of bhakti, though I am taking baby steps on this path.
Guru Maharaj you are an ocean of divine qualities. I want to imbibe every year one beautiful quality of yours. This year I want to focus on the quality of gratitude. Time and again in your lectures you have focussed strongly on this quality of showing gratitude.
As quoted by you - Every moment is an opportunity to practically express our gratitude and that is how we make spiritual progress.
Maharaj all of your lectures, start by you saying 'Thank you' and they end by you again mentioning, 'Thank you'. Actually we should be grateful to you for nourishing us with your wonderful lectures.
Maharaj, this beautiful quality of saying thank you towards the end of the lecture was manifested by His Divine Grace Srila Prabhupada.
Srila Prabhupada sincerely from his heart has always said, thank you to anyone who had helped him in the smallest way in his Krishna conscious movement. As you have imbibed this graceful trait of Srila Prabhupada, similarly by your blessings and under the guidance of my seniors I also would like to embrace this characteristic of showing gratitude.
Thank you to all the devotees who have given me this opportunity to express my gratitude towards, you, Guru Maharaj.
To end the offering by another beautiful quote by you, Guru Maharaj - contentment lives only in the heart of those who are grateful.

**Sreenija Karlapati (Hyderabad , Abids)**

Dear Guru Maharaj,
Please accept my humble obeisances,
All glories to Guru and Gauranga!

Maharaj, today I am so overwhelmed with joy to have your association and for an opportunity to grab mercy from you, for which I was been waiting from years. This is the first time I am having your darshan by the mercy of the lord. Just by hearing your glories, I feel to take complete shelter under you and surrender my life to you maharaj, even though I don't know if I will be a good and qualified disciple of you, it happened so to apply for initiation from you maharaj. I beg forgiveness for all the offenses unknowingly and knowingly that I have done, and for every behaviour of mine where I did not abide by your principles.
Maharaj, your known famous for the loving relationships you maintain with every living entity, for which I was completely convinced to accept you as my master life after life, and you maintain such humility and simplicity in every act of yours and sets such an exemplary life, for which the whole world wants to accept you as their siksha guru. Maharaj, you are an ocean of mercy , appeared from the spiritual world to deliver fallen souls like me, as the great Vaishnava Srila Narottam das Thakur writes 'sri guru karuna-sindhu adhama janara bandhu'.... you're the ocean of mercy and friend of the poor , I am begging a drop of mercy in that ocean, which is completely potent in itself to attract the glance of the lord on this fallen soul, here I am, who is lowest amongst all living entities by both birth and qualities, seeking refuge in you alone, please kindly give me shelter at your lotus feet and shower your mercy upon me maharaj, which is the only thing by which I can obtain a tinge of love for godhead.
Maharaj, you always focus and emphasize on internal purification and qualities rather than the so called advancement, which made me understand the success of our spiritual practices. Maharaj, it is said that the more we have love of Godhead, the more we project that love upon every living entity, and your love for Krsna is so vast that it has been nourished and experienced by every part and parcel of Krsna that you have associated. Maharaj, I have no words to glorify you enough, for your glories are unlimited and cannot be conceived by a common man like me, Vedic scriptures speak about glories.
Maharaj, you often say in your lectures that we should never make anyone fear of taking devotees association with our behaviour, which I wanted follow with every action of mine and every word that comes from my mouth, but today I am weeping for the regret I have because till date I have just been opposite of what you have said, my heart is pained to loose everyone who are very dear to me because of my past impressions. Maharaj, now no one wants my relationship with them, I have no friends maharaj , I don't know how to exhibit relationships right from my childhood maharaj. I have no one to love and to be loved maharaj. My only desire is to chant sincerely and maintain loving relationships with everyone, for this I am ready to do whatever you say maharaj, please give your blessings accordingly maharaj.
Maharaj, I have been inspiring by your principles a lot, but somehow I am feeling so difficult to implement them, I often feel so dejected and depressed. Maharaj, I am completely clueless on how to continue in this path, thus I wanted to fall at your lotus feet, beg your mercy by which my ignorance will be dispelled and raise to the mode of goodness. Maharaj, as by the mercy of the great Vaishnava Acharya, Sri Ramanujacarya, Danur dasa was blessed with the spiritual eyes to see the beauty of lord Ranganatha, let me also take shelter of your mercy, only by which I can chant sincerely and be exemplary following your principles and regain all my lost relationships, which is my only desire.

Gurudev!
kripa-bindu diya, koro' ei dase,
trinapekha ati hina

Dearest Guru Maharaj,
Please accept my most humble obeisance unto your lotus feet.
Maharaj, every time you describe the Damodar lila during Kartik yatras, you graphically explain the deliverance of Nalakuvera and Manigriva. This incident keeps reminding me of my situation. Despite listening to your lectures, the illusory energy keeps distracting from our real purpose in life and I keep drifting away from spiritual subjects to material matters. This reminds me of Chaitanya Charitamrita -19.75
bhagavad-bhakti-hīnasya
jātiḥ śāstraṁ japas tapaḥ
aprāṇasyeva dehasya
maṇḍanaṁ loka-rañjanam
"For a person devoid of devotional service, birth in a great family or nation, knowledge of the revealed scriptures, performance of austerities and penance, and chanting of Vedic mantras are all like ornaments on a dead body. Such ornaments simply serve the concocted pleasures of the general populace."
In similar vein, devoid of devotional service, all our endeavours are simply a collection of zeros.
But you are the only hope. Just as Narada Muni blessed Kuvera's sons to be fortunate to witness the sweet childhood past times of the Lord (Bhagvad Gita 11.54), you too have blessed us with the opportunity to be in the association of devotees and render services. In doing so, you have given us a powerful community that ensures that we don't drift away despite the allurements and distractions of this world.
On this very auspicious occasion of your Vyas pooja, I pray at your lotus feet to kindly bless me so that I can implement your valuable lessons of experience and wisdom that you share in your lectures. By following your instructions, I hope to someday become worthy to become a servant of the servant of your servants.

Dear Guru Maharaj, please accept my humble obeisances. The recently concluded kartik yatra is a very special one as this is my first yatra after receiving diksa from you. All through the yatra I was contemplating on what it means to be your disciple and how to strengthen this relation. As I reflect, it is clear that you are a guide in all aspects of my life like how one's behavior should be, what ideals we should uphold, what character we should aspire for and so on. I also had the opportunity to sit close to you during morning japa and noticed your complete absorption in chanting. During your evening Katha, you mentioned how serving others in humble mood is countless times more joyful than experiencing joy in our pursuits. How we should make our every moment count while we are in yatra. I also noticed you were very appreciate of everyone who were serving devotees. Above all you have a magnetic personality that pleases everyone which clearly is due to you being always engaged in the pure devotional service. All these experiences are themselves complete in guiding me, if i contemplate on them on a daily basis. On this auspicious occasion of your vyasa puja, i humbly pray at the lotus feet of Sri Sri Radha Gopinath for your good health. Kindly begging you for your drops of compassion on me.

Dear Gurudev,
Please accept my humble obeisances at your lotus feet.
All glories to Srila prabhupad

First time I attended your vyaspuja in 2012 where your were personally present.I was staying in bace and Nand Gopa prabhu mercifully allowed us to be there ,that time I was not aware of what actually vyaspuja celebration is.
This year is 73th vyaspuja, hoping to have your personal presence for this " Festival of Gratitude".

You are tirelessly serving your Gurudev,Srila Prabhupada.We hear how you had kept a desire of Srila Prabhupad in your heart to create replica of Vrindavan,we see that manifestation in the form of GEV.Whole atmosphere is spiritually surcharged. All the pastimes places help us to try to remember Vrindavan Dhama.In spite of your bad health in yatra you gave long classes ,visited all stall ,kitchen etc to encourage devotees

A childs always wants to have association, darshan and talk with father ,as a spiritual father I also long for it but we know that it is practically not possible for you to do it with everyone.
In your recent yatra class you were saying how Raghanath das goswami was around Lord Chaitanya for 16 years but he hardly spoke with mahaprabhu.He always remained humble servant of Swarup Damodar Goswami. In yours and other srila prabhupad discipline we see the same thing that they got very little association of Srila Prabhupad but all of you have dedicated your whole life in serving srila prabhupad. Kindly bless me to develop the mood of being servant of servant and humbly serve under the instructions of your senior disciple. In your teachings you always have emphasized on Humility, tolerance , gratitude, service to Vaisnava, cooperation with godbrothers.

In your last class at Bhuvaneswar , you were saying that " to serve our gurus appropriately , we should love whom our guru loves even with their short comings"
Kindly give me strength to see through the eyes of your instructions.

This year I have joined the Vidyapith at GEV, it could only happen due to your blessing through all the vaishnava. Let me embibe the proper mood to study scripture as your expect from your disciples.

On this auspicious occasion I just pray to Sri Sri Radha Gopinath, Sri Sri Radha Vrindavan Bihari,Sri Sri Radha Madan Mohan for your good health.

It is not possible for conditioned soul like me to understand the unlimited mercy a spiritual master bestows upon discipline and so it in impossible to repay the spiritual master.

Kindly bless me to overcome the six anarthas ,let me remain servant of servant and give me intelligence and rememerance to follow your instruction as my life and soul

Your Servant

Respected Guru Maharaj,
Please accept my humble obeisance's.
All Glories to Srila Prabhupada.
Inspite of being formally initiated as a disciple for so many years, I realized that I have not really understood the position of "Guru"
I am truly fortunate to have received the unlimited compassion of the Supreme Personality of Godhead for revealing the path to attain his service, through you.
As an Acharya, you teach by example, you always walk the talk.
All your activities are transcendental loving service to the Lord.
In the recent yatra, inspite of your ill health, you showed the importance of japa with total absorption in the association of dev-

otees. Your mere presence inspired all of us to raise our level of consciousness while chanting.
It is said that the spiritual master's eternal occupation is to expand the service of the Lord by training the disciples in a service attitude.
This was very apparent in the way all the different departments and devotees cooperatively served to make the yatra a success. Without this service attitude it is next to impossible to manage prasadam, logistics, accommodation, sanitation, waste, sound, cleanliness, drinking water and so many other activities in a coordinated fashion in which pleasing the yatris is the only aspiration.
Another example of training the disciples in service attitude is GEV. You are fulfilling Srila Prabhupadas vision of creating self-sustaining farm communities. GEV is not just a farm community, but a center for rural development covering all aspects of education, health, agriculture, culture - all intertwined with spiritual practices.
Maharaj, thank you for inspiring us by your pravachans in which you put your heart and soul. It is a reflection of your unflinching faith in the Lord and the scriptures and in your spiritual master.
Maharaj, I am a lost child who is struggling to find out who I am - not just spiritually, but even materially. I am dependent on your care and attention as a parent, without which, I really don't have much hope.
Thank you Maharaj, for acknowledging my presence at the departure lounge @ Bombay airport while waiting for the Mumbai - Bhubhaneshwar flight on 14th Nov.'23. Due to my internal turmoil, I had been missing your physical association for so many years. Jaganathji was very merciful. I not only got your darshan, but we had a short conversation. I felt my yatra was complete and going to Puri was a bonus.
We pray for your good health and hope that we can serve in a manner that pleases you and all the Vaishnavas.
Your servants,
Sri Gauranga Das & Priti

Dear Maharaja,
Please accept my respectful obeisances at Your lotus feet.
On Your appearance day, I wish to write You these few lines of gratitude and prayer.
And I remind myself embarrassed that You have so much more love inside Your heart for me, that I will ever have for You.
You have shown me so many times, that You are in my heart, and that You know my thoughts, feelings, and desires.
You know how much I struggle, You know how much I really strive to be a disciple that You can be proud of.
But You also know in how many ways I sabotage myself and block Your mercy and blessings from flowing through me.
Yet You are so patient with me, reaching Your hand out to me, as I am struggling in the ocean of material existence.
All I need to do, is to take Your hand.
Sometimes I take Your hand, which is when my life becomes perfect.
Therefore, on this day, I pray that whatever needs to come in my life to fully please You, let that come into my life.
Whatever needs to be taken away from me so that I can fully please You, let that be taken from me.
And whatever needs to be preserved in my life so that I can fully please You, let that remain in my life.
Your aspiring servant

Dear Guru Maharaj! Please accept my humble obeisances in the holy dust of Your lotus feet! All glories to Srila Prabhupada!

When i just joined ISCKON everything was very new, uncommon, colourful, exciting but totally unconscious for me, although i didn't understand that & I was proudly thinking that now "I'm Krishna conscious!". So, i was totally washed away by the tsunami of Krishna consciousness movement &

i was distributing Srila Prabhupad's books, cooking, distributing prasadam, but i didn't think much WHY. Just because everything was so ecstatic!
But gradually first childish novelty of utsaha maya started to go away & I had to ask myself why I'm doing that? So, Krisna responded to my unspoken quest quite soon. My first Spiritual Master, whom I had chosen because all senior & deeply respectable devotees were his disciples, stopped to perform his duties in ISCKON. & moreover, many of his senior disciples couldn't make right choice too. So, my pink childhood in Krishna consciousness ended.
Now I had to make my own choice, whom I'll follow, by my tiny brain cells in the subject I didn't know much about anybody. Of course, dear Guru Maharaj, I've already heard Your lectures, when You came in 1997 in Moscow & I was completely enchanted by Your speech & demeanor, but at that moment I had already heard many nice & beautiful words & unfortunately not all of them were real. But I needed something real & i didn't want to make mistake again. I understood, "I want to see the life, not just words".
By Krishna's mercy, which also came through You, Guru Maharaj, i was allowed to come to Sri Sir Radha Gopinath community & live for sometime in brahmachari ashram. Although I didn't understand much about it, one thing I've understood even rather felt that "This is not just flowery words, this is the reality in which I also want to live!" There were many nice things, but the main was the spirit of service, which was common for all the members of the community & the more I was coming the more I could see the level of dedication of Your disciples to the service. For example this spring of 2023 we, a small group of Russian speaking devotees came to Chowpatty & one of Your very senior disciples with his wife were giving a lecture to us. Before that, one brahmachari, who helped to organise the meeting, very strictly told us not to ask any questions, because the next day, early morning all senior devotees need to go to GEV on the meeting. Of course we didn't want to create difficulties to our lecturers & we didn't ask anything when the lecture stopped. But we could see they are very unhappy, so we explained why we are not asking & prabhu & mataji insisted. So, then there was a very nice question - answer session & because it was quite late even we got somewhat tired. Meeting ended & everyone started to go, but prabhu, I could see, was standing with folded hands ready to talk with anybody who was in need. It was amazing!
When we finally came after four long years of break to Kartik Yatra 2023 there were more than 10000 & may be more than 11000 thousands of devotees, but it wasn't ordinary human or even ordinary Indian crowd, where everyone is thinking for himself & everyone more or less like others in his selfishness. No, we saw more then 10000 thousand individual conscious devotees each of them was totally attentive & sensitive toward others, especially towards westerners, who were obviously strangers & could feel some inconveniences. This was really convincing to me. For my weak self as I am it is difficult to believe into good things & difficult to surrender to good person, but by Your divine mercy, Guru Maharaj this materialistic side of me has less & less arguments. Guru Maharaj, after 26 years of my investigation I can firmly confirm: You are real Acharya, who are teaching through Your own example & by Your behaviour & teaching. By Lord Chaitanya's & Srila Prabhupad's mercy You created wonderful community where principles of spiritual world are in action & everyone can easily see it. I'm praying to become part of this amazing community & Krishna conscious movement not only in my imagination, but in action & in the heart. Thank You, very much, Guru Maharaj!
You insignificant servant,

My Beloved Spiritual Father,
Please accept my humble obeisances at your lotus feet.
All Glories to Srila Prabhupada!!! All glories to Guru & Gauranga!!!
I'm very grateful and feeling fortunate to write an offering to my beloved Guru Maharaj. When the Guru is pleased Krishna is pleased. Once one devotee asked Srila Prabhupada, what pleases him the most. Srila Prabhupada replied, "When you love Krishna that pleases me the most." Krishna tells, worship of My devotee is most pleasing to Me than direct worship to Me. I have no qualification to directly go to Lord Krishna. It is by your causeless mercy, I'm trying to serve Him through our bonafide Guru Parampara. Heartfelt thank you very very very much for so kindly accepting me as your disciple and daughter.
By your causeless mercy, I was given Transcription service of your lectures in the past. While transcribing, I heard from you the quote which is my personally favourite - "Without the mercy of Guru and Vaishnavas Krishna Consciousness is simply an Imagination." It's truly applied to my life. Without your mercy, I'm helpless, useless. Please bless me so that I will be able to serve Srila Prabhupada's mission in the mood of servants of servants of servants.

I always get surprised when you always give your beautiful pleasing smile to each and every one without even knowing them just only for pleasing those souls. Thank you so much for your cute smile at me, your merciful glance at me which gives tremendous pleasure to my heart.
Recently in your Pune visit, how you so compassionately visited HG Satyawati Mataji's house, how you cared your disciples, how you did soothing kirtan at Mataji's house before few days she left body. That is so much exemplary for all of us. You don't simply give us knowledge and wisdom but you personally show us by your example how to follow them in life. Your divine qualities and profound devotion always inspires me on my spiritual path. Your lectures are like torch light in my darken life. Word are very few to describe you, please accept my small offering at your lotus feet.
Thank you very much for everything. Lots of love to your dear Gurudev....
Hare Krishna. Dandvat Pranam.

Fallen soul seeking for your mercy,

Hare Krishna dear guru maharaj
Please accept my humble obeisances
All glories to your lotus feet
All glories to Srila Prabhupada
I am very honored to get this opportunity to make a verbal offering to your holiness on this auspicious day of your appearance.
On this occasion I wish to meditate upon a couple of interactions that I had, during

my stay in the USA. During the disciples meeting in Sri Sri Kishore Kishori temple in 2019, I asked you a question: when we see a devotee who has a potential to advance in spiritual path but he/she is unaware of the potential and make a compromise in his/her practice, how can we help them? You said "you can be strict with yourself in your sadhana and practice but you cannot be forcing other devotees just because you feel that they have a potential to grow. Rather you can inspire others to unleash their potential without forcing them by being exemplary in your behavior." That answer really gave me direction in terms of how I deal with devotees who are under my care. This instruction helped me cement deep loving relationships with many devotees. It taught me how I can conduct myself without being judgemental.

The second interaction was during my initiation in Sri Sri kishore kishori temple on September 12th 2019. It was the day of Srila Haridas thakur disappearance. You spoke amazingly about the importance of chanting the holy names and glorified the way Srila Haridas thakur chanted the holy names. I feel extremely grateful to you for accepting me and my wife as your disciples. Being recommended for initiation by the ISKCON temple in Naperville, I tried my best to please the temple authorities during my stay in the USA and I hope that it was pleasing to you.

The third interaction was during your informal Vyas puja celebration that happened at buffalo grove in Illinois. That was your 69th Vyas puja and you were personally present in the event. I remember that you started your talk by remembering srila Prabhupada. You mentioned "it is my 69th birthday and at this age srila Prabhupada started his journey to the USA on a mission to bring a spiritual revolution in the heart of every human being on the planet". I was very inspired by the way you always remain grateful to Srila Prabhupada and remember him always and in every occasion. I wish I too remember you and your instructions always in all the occasions in my life.

I was very fortunate to remain in Naperville which was near to Chicago (which was your birth place) for around 3.5 years. You too remained in Chicago for around 2 years because of the global COVID pandemic. But I regret that I could not get your personal association. However I always remain grateful to the modern day technological advancement as it gives me an opportunity to always remain in your vani association.

On this occasion I pray that I always remain conscious of your instructions and apply them in my life. I also sincerely pray and wish that you remain with us personally for many more years to come and inspire us by your example.

Thank you very much

Your servant

Sri Kishore das

Please accept my respectful obeisances. All glories to Srila Prabhupada
Happy birthday dear Guru Maharaj. I am eternally grateful to you and this year I had a glimpse of realising how your love, your divine shelter to me, to all of us, is deep.. beyond comprehension. After receiving second initiation last year I contemplated and realised how impossible it would be for me to repay you for this unmatched gift, for being my eternal father, guide, master.. and no matter how hard challenges in life may be, I know that you will be there for me. You'll be there to protect and nourish your dear disciples according to how much they trust and surrender to you.
Please forgive me for all my shortcomings. Once again I surrender to you and try to serve as best of my capacities. With humility, simplicity and most importantly honesty and integrity.
May my heart be forever yours and as the Ganges forever flows to the sea without hindrance, let my attraction be constantly drawn unto your service without being diverted to anyone else.

Dear Gurumaharaj,

Please accept my humble obesciences unto Your lotus feet.
On this auspicious day I simply want to thank You for all the inspiration You have given me by Your own personal example.

It was really a blessing to get Your darshan during Mangalarti of Sri Sri Radha Gopinath ji while You were dancing with full absorption. Seeing You chant is really inspirational and I pray and wish someday I would also be able to have such strong faith on the process of chanting with complete absorption.

By Your teachings and moral values, we have such a beautiful community of devotees in Mumbai. And now the GEV project has also flourished into Sri Vrindavan Dham under Your teachings.

Though I couldn't join this year's Kartik Yatra but it was such a joy to see You in the Mega Kitchen cooking and inspiring all the devotees. Your love & respect towards Your godbrothers & godsisters is really inspirational. I wish I also be able to follow your footsteps someday.

Thank You Gurumaharaj for everything.

HARE KRISHNA MAHARAJ !
PLEASE ACCEPT MY HUMBLE OBEISANCES Unto your Divine Lotus feet !
Before typing my offering this year I was thinking of my fortune of getting your VAPU last October, how your DIVINE VANI has saved me & YATRA Experience.
Beginning with YATRA Experience, I was thinking how I was always bent on being very harsh and strong with my father many times but when I heard your saying about SARVABHAUMA BHATTACHARYA PASTIME how LORD CAITANYA saw his parental affection and avoided devotees to criticize him I was shocked with gratitude understanding your divine connection with SUPERSOUL and thereby coming to sanity and stability. So spectacular are you and happenings in your YATRA MAHARAJ ! Even before that on day 1 the pastime of LORD CAITANYA coming to JAGANNATH PURI and the sacrifice involved was such a powerful medicine for my father from your being SAKTYAVESA AVATAR MAHARAJ ! Your compassion through your words flooding the entire atmosphere with 10000 Wonderful Devotees has flushed out deep deep rooted contamination and darkness in the core of many many hearts. Especially on day 1 after horrifying experience with peo-

ple and police the dealing with devotees while searching for toto has practically got me back into ISKCON ! I Realized that how the most diseased have become so sober by surrendering to GURU-PARAMPARA ! ISKCON is true Spiritual Organization True PARAMPARA, Directly in touch with KRSNA. Another of my soothing experience is that of BHAKTIVEDANTA Hospital such a compassionate dealing with my father that he felt so touched and encouraged. I bow down unto you MAHARAJ millions and millions of times for I cannot repay you for the Values you have set in.

I am feeling very guilty for my thought process on last day of your chanting with devotees in the morning where you left after my foolish mental calculation. I beg forgiveness for my mental disease and pray unto you to come off psychological atheism Maharaj. I beg forgiveness for demanding your VAPU during your visit in Calcutta. My main purpose is to get your attention to project and hand it over to someone and leave. But I found myself that it is one of many wonderful projects and just wanted to get your well wishes for that which indeed pleased you that you have showered your compassionate glance 3 times empowering me trillion times and more. I cannot repay you for that and I deserve the purification I underwent the day before for that Divine mercy.

My only desire now is to serve you by serving your instruction of reaching out people in Calcutta Maharaj ! Last 12 years I was in meditation of this instruction of yours. In order to do so in my insignificant ways I thought of reaching through Book Distribution. Despite so many scores there is always despondency of whether I am reaching main people of Calcutta ! I went to places like Dum-dum to end up messing with low class envious rascals many times. Then I decided to reach out Schools and was excited that It is core Calcutta crowd. There is so much struggle in outreach with influential junior insulting and senior supporting I practically felt myself lost. But by inconceivable mercy of PYAREMOHAN PRABHU, VAISESIKA PRABHU & HOLY NAME I could reach out 25 schools and over 1700 students with Reading of PRABHUPADA Purports. Now I wanted to make 16 Teams to reach out all schools in Calcutta & eventually entire next Generation as an offering unto you MAHARAJ ! I should have kept this as secret than propagating it and am now afraid whether I procrastinate it. I beg you to kindly bless me in this foolish condition of mine with Temple authorities half supporting and struggle for sponsorship & tremendous uncertainty of people coming forward, so that I can remain enthusiastic in being instrumental to become part of SANKIRTAN.

Your unworthy servant of your servant

Respected Guru Maharaj,

Please accept my humble obeisances at your divine Lotus feet.
All glories to Sri Guru and Gauranga.
All glories to Srila Prabhupada.

Guru Maharaj although I am not at all eligible to write this glorification of your divine qualities but I am attempting to purify myself and add some small particles to your wonderful qualities that you exhibit.

Guru Maharaj I always remember the wonderful opportunity that you have given us in this holy land of Kolkata(Srila Prabhupada-birth place). Meditating on this I always feel blessed and thank all devotees who helped/helping me to serve .

Guru Maharaj as previous reports goes i am still struggling to follow the vows that I have taken during my initiation and again I reconfirm that I will continue to follow, by your blessings and mercy.

Guru Maharaj as your recent visits and also previous visit you emphasised on good sadhana and remaining time share message of Krishna consciousness. So I am trying to do this and need your prayers and blessings to keep continued.

Guru Maharaj as per services trying to serve sri sri Nitai Gauranga in arranging for his day to day service requirements and rest of time assisting in youth preaching .

Guru Maharaj in recent times I have lost my mother although situations were very bewildering and not able to understand but by prayers to Lordships and guru parampara I got strength to come out of that situation but still sometimes the taught makes me unhappy.

Guru Maharaj,Your lectures are a source of great strength to my devotional life as you already said “whatever I have to say, I spoke in my lectures” so keeping this as my main instruction I try to hear lectures year wise although many times I am not able to do regularly....but I am planning atleast two -three lectures per week.
Guru Maharaj your recent mercy in form of visit to Kolkata and stay for almost 8-9days is a great inspiration for me and you showed how important the place of Kolkata is for all of us.

Thank you Guru deva for arranging such a wonderful Kartik Yatra for us and daily nurturing us through your kathas for hours together although you had health issues.in this yatra I was just trying to understand how much you care your disciples by getting them together and making them understand principle of “surrender to Krishna” and principle of how much you love Your god brothers and sisters.

It was very amazing to see how for spritual masters pleasure devotee endear great difficulties and ready for any sacrifices.
I was also get to understand the important principle of “do not try to speculate your Guru’s actions as he is not of this world....
Guru Maharaj one day I was speculating that your lecture will be very short and to my surprise that day it went very late and other day i speculated that lecture will not happen during yatra but it so happened that You came and bless us with Krishna Katha.....so I was completely humiliated and understood the principle that don’t speculate actions of Your spiritual master..... thank you Gurudev for breaking my false speculations.

Guru Maharaj your lectures always filled with Gaur Katha and your Guru Maharaj Katha Shows the deep relishment you feel in your heart by remembering them gives me a great attachment to them.
Guru Maharaj atlast although I am not serving to full capacity or enthusiasm due to my own anarthas and shortcomings and try to find faults with Vaishnavas,but I beg you to bless me on this divine appearance day so that I will serve to best of my capacity keeping aside my own false ego and my own so called speculations.
Guru Maharaj kindly forgive me for all my shortcomings in serving Your mission and offences at Your Lotus feet .
Thanking you for all that you have given me.

Respected Guru Maharaja,

Please accept my humble obeisances.
It’s a great opportunity to offer these broken words in your glorification again this year on the day of your Vyasapuja.

Gurudev, you are full of oceanic Vaisnava qualities. Your kindness, compassion, humility, loving and caring nature is very deep. Your dealings with the devotees are very inspiring. We often hear your pastimes from the devotees who have closely interacted with you and I am very much thrilled to see the beautiful Vaisnava character manifested by you in all your dealings.
I derive great shelter in hearing your lectures. They are full of nectarine Krsna Katha and also very instructive directly pointing out my short-comings and anarthas. Your classes full of so many important lessons and valuable instructions. Each one of them have so many valuable points to work upon.
You have always emphasized the importance of systematic training for devotees in Krsna Consciousness. In your classes you

often highlight the importance of proper conduct of Vaisnavas, cultivating genuine humility and service attitude in the service of Vaisnava community.

Although I am trying to follow your teachings, it's a long journey for me to come upto your expected standard of a pure Vaisnava. I seek your kind mercy so that I continue to sincerely practice what you expect from your disciples in the service of Vaisnavas.
I wish that I may be able to please you and Srila Prabhupada someday by developing genuine service attitude and by actively serving in spreading the mission of Srila Prabhupada.

I would like to thank for the wonderful gifts I have received from you in terms of Vaisnava Sanga, Lectures, Books, Yatras, temples and much more. I can't thank you really enough for what I received from you and your wonderful leading disciples.
Please bestow your kind mercy on this poor soul.

Aspiring to serve you eternally,

Respected Gurumaharaj,
Please accept my respectful obeisances.

Maharaj, so many things to learn from you. You are such an ocean of mercy, constantly expanding yourself to reach to all the suffering souls, accommodating and engaging as per everyone's quality and capacity. Love and compassion you have immensely for every living being. Whoever comes in contact with you even for a little time, devotional service surely starts or grow in that person.

I pray that I may follow your example and may tune in to your and Srila Prabhupad's values and instructions. I sincerely want to be your instrument. With all my anarthas I am sincerely trying to come out of it and become a worthy disciple so that I may be used in your service rather than just existing. You have always been a guiding force in my life , and your mercy is ever flowing. Gurudev please bless me that I may be eligible to receive that mercy which will help me to become an instrument and thus please you and Srila Prabhupada.

Hare Krishna Dear Gurudev,
Please accept my humble dandavat pranamas at your lotus feet, you are the ocean of "Vaishnava Qualities", especially your compassion, you are always merciful even though i am the most unqualified. During my recent visit to " GEV ", I was thinking if I get your "Darshan", I can come back to Hyderabad because that day I need to start no leave where I am working, so when you were chanting in front of Sri Sri Radha Madan Mohan, Lalitha Devi, I was sitting back & trying to chant, after your chanting, you were walking, that time you spoke with

one Devotee, I got your "Darshan", not only that you saw me, smiled & gave merciful hug, this is the" Cause less mercy" , I remembered "Lord Sri Chaitanya Mahaprabhu", because Lord Chaitanya's mercy comes to the most fallen, thank you so much" Guru Maharaj",
We pray at the lotus feet of "Lord.Jagannath & Lord. Dhanwantari" for your "Good Health", so that so many souls will be connected to" Sri Sri Radha Gopinath "& attain "Krishna Prema", which is the ultimate goal, Kindly forgive me for all my Offenses & keep at the dust particle of your lotus feet,
Your most insignificant servant,
Sri Vallabha Das(Dr.Srikanth Chakrala).

**Sridama sakha das (Mumbai Chowpatty)**

Dear Gurudev,
Please accept my humble obeisances unto your divine lotus feet. All glories to Srila Prabhupada!

Gurudev, this year I completed 25 years from that auspicious day on Narsimha Chaturdashi in 1998, where you extremely compassionately accepted this very sinful and most undeserving demon as your disciple. When I received initiation from you, I wasn't even sure what I was getting into, but I was just so much attracted to you, that when the opportunity presented itself, I just jumped at it.

At the beginning this was like an infatuation, but over the years, this has matured into genuine love based on your transcendental qualities, your amazing Vaishnava behaviour, your heart touching katha, and most of all your unfettered compassion and love for insignificant souls like me. You have been particularly caring towards my family and have always showered causeless mercy on all of us. There is absolutely nothing we have done to deserve your affection, but yet you consistently shower it on us.

Gurudev, I am a fallen soul who is in this movement simply because of your love, and the love and blessings of your wonderful disciples. You shower your mercy on me through your wonderful lectures – I literally can feel that these words are specifically meant for me, and are a great inspiration for me. Every time I start taking the process of bhakti and your vani for granted due to my conditioned nature, you say something in a lecture or in Q&A, which acts like a tight slap and wakes me up from my reverie. I am eternally grateful to you for this.

On this very auspicious day of your appearance, I beg forgiveness for all my shortcomings in executing your instructions, and beg for your continued mercy upon me, so that I can some day live up to your expectations, and hopefully do something that will please you. I also sincerely pray to Sri Sri Radha Gopinath that They may bless you with excellent health so that you can continue to deliver millions of more fallen souls who are awaiting your mercy.

Your eternal servant
Sridama sakha das

Dearest Srila Gurudev

Please accept my humble obeisance at your lotus feet. All glories to Srila Prabhupada, all glories to Guru and Gauranga.

I hope this Vyas puja greets you in good health.
Happy Birthday to you, Hare Krishna to you.

Gurudev you've really given me a blessed year. Byseeing your arrival at Heathrow on 1st January, blessed me and my son. Thank you so much for all your endless service of serving ISKCON for so many years, with humility, sincerity and love.
you
Seeing you also at Sri Sri Radha Gokhulanda's 50th anniversary, really gave me immense pleasure, seeing the love you have for your god family, watching you embrace

HH Shivram swami maharaj and the sweet exchanges, melted my heart. Being blessed to hear your blissful kirtan live after so many years, gave me the opportunity of dancing to my hearts content.

With your blessings Roni (my son) and I, were able to visit your amazing Govardhan Eco Village near Mumbai, thank you from the bottom of my heart, visiting GEV, stole our hearts and many other disciples on our yatra. The incredible, endless endeavour put in creating this gorgeous sacred surroundings, we lost our hearts there. Srila Prabhupada must be smiling. We heard you were resting their, hope your health has improved. You made my desires come to life, seeing you at Madan Mohan temple during Mangle arati, doing japa with you also asking for your blessings to enter Vrindavan in the right mood, you invoked this request from my heart as I get so shy when I see you. I was so fortunate to remember to take the dust from your sacred slippers. I'm so fortunate and blessed to have you as my gurudev, forever teaching me and showing me what I need to work on.

Gurudev with your blessings, my heart was pouring out tears of gratitude when entering the dhaam, not believing, I was allowed entrance, asking Radha rani and Srila Prabhupada why are they pouring such causeless mercy on this insignificant lost rascal. As my tears pour I had a realisation that Srila Prabhupada was leading our yatra coach in to the dhaam marching proudly with his walking stick and then he glanced and turned his head, saying "Come! Come in and see my Vrindavan! Oh dearest gurudev please teach me how to cope with all this causeless mercy. We were so fortunate to have HG Vaisesikha maharaj (my siksak guru for over 8 years) teaching us how to make our japa great, teaching about all the past times for all the temples in Vrindavan. With Maharaj's mercy and guidance we were so fortunate to distribute books in the dhaam, especially at Brahma gaat and Radha Raman temple in the hustle and bustle waiting for darshan the whole temple was singing to Maharaj's kirtan. I miss maharaj so much his practical tips on bhakti, please bless me that I get to see him again. Thank you so much for your prayers and guidance. Gurudev I felt so much bliss on yatra.At one time at Udhav kundh maharaj said in class "don't worry if you can't remember krsna at time of death, he'll remember you. " My heart just poured out rivers of tears as maharaj looked directly at me, I don't deserve this causeless mercy. Also at Uddhav kund, I felt I saw Mahaprabhu playing mrdanga and Nitai dancing whilst the kirtan was roaring with ecstasy with Vaisesikha maharaj singing.
The bliss I felt at Srila Prabhupada's bhajan kurti when we were singing kirtan and maharaj looked directly at me as I couldn't fight back my rivers of tears of compassion for our dearest Srila Prabhupada. Gurudev help me, hold back these tears as I cry internally as it's so embarassing, I can't control this feeling.
Being on yatra with my godfamily Jaganath Sharan prabhu, Vrinda Sundari mataji, Nimaichandra prabhu and Prana Shaki mataji was so wonderful getting to know them.
I always desired that I'll receive your blessings before entering the dhaam, your so kind to arrange everything from start to finish for our yatra, now I pray with all my heart that I get to listen to your yatra in person, that's my only wish.

Oh Srila Gurudev I miss you so much, thank you.

Hearing HG Jai Nitai prabhu and Bhava Bhakti are moving to New york to help you with your mission, I'm so heart broken as well as other god family, please help console our hearts, as they are so dear to us all, they've both helped my family and hundreds of others in our dark times. Please send someone else to support us as we will all struggle without them.
Right now my life is going to fast I'm struggling to cope with family life and looking after my dearest sweet mother, please guide me in my overwhelming times.

Sorry for all the offenses I might of caused and please guide me, in being the best version of myself. I pray I can make you smile one day.

Please gurudev look after your health every time I see you, my tears fill up on how tired you look.

Jai Srila Prabhupada Mahaprabhu ki jai! Jai Gurudev!

Till we meet again my forever well wisher

Dearest Guru Maharaja,
Please accept my humble obeisances. All glories to Srila Prabhupada. All glories unto your lotus feet on this auspicious day of your Vyasa Puja.

As I reflect upon your wisdom, humility, limitless compassion, causeless mercy, and depth, I feel awestruck. (And I realize that I can only truly appreciate a drop of these divine traits.) Listing these traits certainly doesn't do justice to the profundity of these personal qualities of yours, but the impact you have had on my life, and countless others' lives, is strong evidence for the magic that you carry and share. For example, while I only see you in person 1-2x a year, the mercy you pour into me during each brief interaction is more than enough to last me many lifetimes.

Last year when you visited, a portion of your instruction was for me to cultivate gratitude. For a long time, I was so perplexed, but I now better understand the perfection of your feedback. My insecurities, and thus duplicity and lack of humility prevent me from being properly situated, grateful, and selfless. Because of Krsna's mercy, your perfect instruction, and H.G. Tukaram Prabhu's expert guidance, this year I have had many opportunities to work on these shortcomings. Many of the opportunities were via seva. In this regard, I have been beyond blessed to be able to continue to serve Pancatattva intimately via dressing seva each week. This is the most austere, and most sobering, humbling, loving, and inspiring part of my week. I have also been lucky enough to be able to continue my seva helping to manage the finances at the Laguna Beach Temple, helping to manage festivals/programs at the Laguna & Long Beach Temples, and helping H.G. Tukaram Prabhu serve Gaura Nitai at Higher Taste. I have also started working on grants for the Laguna Beach & Long Beach Temples, and the farm in Escondido. Lastly, I have started to deepen my relationships with devotees younger than me, and my hope is to be able to help nurture and grow these future generations of devotees, not just as devotees, but also as leaders in our movement, who also can help to nurture future generations of devotees.

In this coming year, I pray that I am able to continue doing the aforementioned seva, and I specifically intend to increase my outreach efforts and connections with newer devotees. I also look forward to being able to report back next year as a deeper, more trustworthy, more grateful, and more sincerely humble disciple, as I continue to work on maturing as a devotee. Lastly, I do hope to move forward in my marital/family life this year. Having said that about marriage and family life, above all things, what I intend to do, and most sincerely pray for, is that if it is your desire, and Krsna's desire, that I am able to continue next year, and forever, serving you, the Deities in Laguna Beach, and the temple in Long Beach.

Maharaja, words cannot express the level of gratitude and indebtedness I feel toward you for the causeless mercy you have poured into me. I hope this year I can make you proud, and serve you, Srila Prabhupada, Pancatattva, and our mission as a servant of the servant of the servant.

Your servant,

Hare Krishna Dear Most Gurudeva,

Accept my humble obeisances. All glories to Srila Prabhupada, All glories to Sri Guru and Gauranga!

On the auspicious occasion of your holy Vyasa Puja, I express deep gratitude for the opportunity to glorify your holiness.

Gurudeva, my sincere and humble prayer to the Lord for your long and healthy life.

Thank you for the chance to be in the holy dham during this year's Jagannatha Puri yatra, surrounded by your association and that of 10,000 devotees. It felt like being by the ocean, immersed in the company of devotees.

Your merciful glances and potent, insightful, devotion-filled narrations and lectures have made us feel loved and nourished. Your teachings provide the necessary guidance for fallen souls like myself to uplift. I pray to learn and follow those instructions.

I bow down to my spiritual master who opened my eyes to see the world around through the spiritual vision. Dear guru maharaj I have no qualification to glorify you as you are like moon and I am a dwarf want to touch you with my small tiny hands. Dear maharaj your humility stole my heart. The perfect synchronisation of your actions and words, your smile, your respectful gesture

to other vaishnavas and your devotion towards your guru Srila Prabhupada touch my heart. The guidance of your disciples , their instructions and their teachings saved me from anarthas. Your disciples are just like Vishnu dutas who are saving the lives of sinful Ajamilas like me. I was drowned in the ocean of miseries. Committing sins are just like chewing bubble gums to me, i was happy in collecting garbage but your disciples pulled me out from the pool of garbage and gave me a crystal clear sweet water lake and trained me to swim like a swan. Your instructions are clear and simple still I am struggling hard to abide by them, this is my misfortune. Dear maharaj please bless me so that I can at least follow your instructions and can able to understand your mood and help you in propagating the mission of Srila Prabhupada

Dear Guru Maharaj,
Hare Krishna Maharaj!
Please accept my humble obeisance at your lotus feet!
All glories to Srila Prabhupada
All glories to Sri Guru and Gauranga
Hope you are in good health Maharaj. Whenever I stand in front of Lord I remember you and pray for your good health and good health of your God-brothers and God sisters.
Your presence is like our Beloved father who is empowering us through lectures, through personal examples, trying best to transform our life toward perfection. Trying to connect us to supreme eternal father Sri Krishna and Srimati Radharani for eternal happiness. You are helping us to get rid from our material bondage. You are our real well-wishing father Maharaj.
You have very caring heart for your disciples always wishing that we should take your instruction seriously and follow while practicing path of devotion to Krishna. You like that, we should do churning of your classes for deeper understanding in heart which many time I failed to do so maharaj. I confess. I was really taking you lightly but it was by your prayers and Lord Jagannath's arrangement during 2023 Puri yatra that one of your brahmachari disciple H.G. Janakinath Prabhu took resolution in Jagannath Temple to hear your class at least for half an hour every day. On occasion of your 73rd vyas pooja I seek your blessing and prayers maharaj that I should continue with this commitment hearing more and more from you to perfect my life.
Whenever temple arranged dham yatra with you Maharaj I feel like I am visiting my father's house where I spent wonderful time with my god sisters, yummy prasadam, roaming around in dhama, dancing in your melodious kirtan and enjoying nectar of your classes. Thank you maharaj and really grateful for giving the same during this year puri yatra.
You are like a responsible father taking all possible efforts and intensely praying for our success towards final destiny. I felt so embarrassing when I don't follow your instructions carefully in my life. Many times I take it so lightly giving excuse of my material responsibilities. I realised your feelings when being mother when I faced difficult time with my kids when they don't listen to my instructions and try to adopt experiment with their own wisdom and with lots of struggling with mind and hearth I have to accept it and pray to Krishna for their protection from maya. You also do the same accept our short comings and pray for our protection.
This was just short heart opening of my feeling for you maharaj. I know I am very insignificant soul have no qualification to glorify you. But I know for sure in deep of my heart you will be always my eternal well-wishing father. In spite of my many short comings you have accepted me as your daughter. I am always grateful to you.
I humbly requesting you to kindly keep me ,my caring husband Srikar prabhu and lovely daughters Aditi and Vrundarani under shelter of your prayers and eternal association.
Always in your service,
Srikar Das, Hemangi Kishori Devi Dasi,
Aditi and Vdarani

Dear Guru Maharaj
Please accept my humble obeisances at your lotus feet.
All glories to Srila Prabhupad.
Devotees across the world are giving heartfelt offerings to You on your 73rd Vyasa Puja. In my little way I am also trying to write my offering.
Dear Guru Maharaj you are inspiring thousands of people all over the world to become devotees of Krishna by your example.

A perfect disciple assimilates the instructions of his guru in his heart and in spite of challenging circumstances continues carrying forward that instruction of his guru without any selfish desire. You are one of the best examples of an ideal disciple.
As a 19 year old teenager you left your home in USA in search for truth. Like rest of the youngsters of your age, you did not just want to have good career, make money, get married, produce children and finish your life. You desperately wanted to understand the meaning and purpose of your life. So, you came to India.
In spiritual India, You performed penance in Himalayas, went to the places of pilgrimage, meditated on the Supreme Lord. And earnestly prayed to the Lord to show you the right path.
Pleased by your sincere devotion, Lord Krishna, the Supreme Lord, directed you to Srila Prabhupada, a pure devotee of Lord Krishna.
The very first time You met Srila Prabhupada you felt deep inner connection with him. Like a son meeting his father after a long period of time. You experienced satisfaction, great inner joy and felt protected. You got convinced that your search for truth is now over because you have found that great personality who knows “who is that Supreme Truth.”

Srila Prabhupada is the ambassador from the spiritual world. He had come to distribute love of Krishna to the people of this world. You begged Srila Prabhupada to accept you as his disciple. And Srila Prabhupada, the world acharya, happily accepted you and embraced you in his heart just like a father embraces his child.
You decided to dedicate your life to your spiritual father, Srila Prabhupada.
And from the day you met him and accepted him as your guru, you have been following each and every instruction of Srila Prabhupada as it is without any compromise.
As per the wish of Srila Prabhupada, you have dedicated your life to serve Krishna. And you are always ready to serve Krishna in all circumstances.
As a young brahmachari, celibate monk, when you were staying in ISKCON New Vrindavan, West Virginia, you were given the responsibility of doing deity worship. At that time New Vrindavan was a secluded place with almost no facility. You were taking care of the deities almost all alone.
To worship the deity, you have to take bath several times in a day. It was too cold there. There was no facility for hot water. In fact, the temperature would be so low that water would turn into ice. And you would break the ice and take ice water bath. You did it without any complain and without any grudge. Your purpose was to just serve Krishna in all situations. You did not ever think about your physical comforts.
Later when you were given the responsibility of sharing Krishna Conscious messages to the world, you took that service with great sense of responsibility. For last several decades, you have been speaking Krishna Conscious philosophy all over the world. Your lectures have inspired thousands of people to become sincere devotees of Krishna.

I do not have sufficient qualification to write Vyasa Puja offering to You Maharaj. With my limited intelligence I have tried to describe your qualities of a perfect disciple But your qualities are unlimited and cannot be quantified. Also, I do not have wisdom to know and understand all the qualities of you who is a pure devotee of Krishna
On the auspicious occasion of your 73rd Vyasa Puja, I beg you to give me shelter at your lotus feet and bless me so that I can become serious and sincere in my Krishna Conscious life. I beg You to give me knowledge, intelligence and determination so that

I give up all types of sense gratification, give up all the anarthas and develop great attachment to chant the holy names of Krishna, read Srila Prabhupada books and serve your mission as a servant of servant.

My Worshipable Dear Guru Maharaj

Please accept my humble obeisances
All glories to Srila Prabhupada
All glories to Sri Guru and Gauranga.

On this divine 73rd of Vyas Puja.I would like to rededicate myself in the mission of Srila Prabhupada.
Let me take complete shelter of Srila Prabhupada's teachings and shelter of the Holy Names of Sri Krishna.

I would like to express my deep gratitude for the shelter you have given me to stay in the association with my fellow god brothers, keeping Sri Sri Radha Gopinath Ji in the centre of my life.
Services to Sri Sri Radha Gopinath Ji has become my treasure of life.

Hearing in the association of devotees Bhagavatam classes festival classes and brahmachari classes is the source of my sustenance.

Holy Yatras to various tirthas of Bharat varsha is the most amazing experience to one and all and hearing about the lord's pastimes from your lotus mouth is most auspicious and fulfilling.

I am eternally grateful and indebted for engaging me in the Art related services.

It was a great and encouraging experience to receive all devotees to the Art Exhibitions including senior Srila Prabhupada's desciples and Sanyasis and see their exclusive love affection and dedication for Srila Prabhupada and ISKCON.

By the mercy of Sri Sri Radha Gopinath Ji and your divine mercy I could hold Exhibitions in Banglore, Banaras Hindu University Varanasi, and Pune, with an overwhelming response from devotees and artists artlovers and people in general

Also planning to have such Exhibitions abroad especially Europe and America.

And as per your valuable advice finally would like to place these paintings of Srila Prabhupada at his birthplace at Kolkata and at GEV Mumbai.

Once again I am deeply valuing the services you have engaged me in and rededicate myself at your divine lotus feet which are my ultimate shelter and treasure of my life.

Begging for your mercy and blessings to continue to serve devotees, deities and Srila Prabhupada's mission whole heartedly with gratitude and complete dedication.

Just as Caitanya mahaprabhu met devotees of Bengal after a very long period of time, we also have your direct association in Puri Kshetra dham after a long period of four years.

Root cause of this material existence is Envy toward sKrishna and other living entities

and it is expressed through mood of ownership, enjoyment and controller. Great souls possess such important quality, non-envy. You demonstrate us and train us how to attain this rarest quality by adopting the principle of "Trinad api suni sena".

Please make us pure instruments to assist you in spreading the Holy Name and bless us to chant the holy name with attention and without offenses.

Dear Gurudev,
Please accept my humble obeisances at your lotus feet.
All glories to Srila Prabhupada.
Congratulations on your 73rd vyasa puja. Ignorance is the greatest enemy of the eternally blissful soul. Enviousness of Krsna is the root cause of that ignorance and material conditioning tightens that grip. Human eye balls made with muscles and tissues to see only the layers of material covering and only to the details to keep this ignorance closely intact. Human ears can hear only frequency of sound that keeps the soul bound to material world forever. Human tongue taste and nose smells thinking that there is nothing more blissful than what is available in material world. Beyond these gross senses is the drama enacted by mind. All these layers of covering keep the soul in ignorance, away from Absolute Truth, prolongs the time in material world. This is an absolute freeze on the consciousness of the conditioned soul. Only the person who created this illusion, or the living entity who is empowered by the all merciful Lord can only liberate from it. My obeisances at your lotus feet for being that empowered devotee of the Lord in my life.

When the soul puts the head out of the water of the bottomless ocean of maya, by the mercy of Sri Guru, the soul can perceive that his only hope of survival in material world is the mercy of senior Vaisnavas. The mercy that is given to him is not based on qualifications, but completely causeless. Independently, the soul eternally has no qualifications at all. But Krsna created the soul for a purpose. He wants to have a unique relationship with the soul. That relationship is not based on the qualification of the jiva, but sraddha and saranagati. That relationship is the only reality and purpose, everything else is temporary and inferior. Krsna as Supreme Father and well-wisher, showers His mercy through Sri Guru. My obeisances at your lotus feet for setting the right mood to serve Vaisnavas and Krishna.

No one lives a moment even unconsciously without faith. But reposing that faith in Krsna takes an enormous amount of work and sacrifice. Krsna is unseen and the enemy of soul is everywhere to be seen. Your guidance to see this world through the eyes of sastra and to reawaken the faith in Krsna that He will always protect His devotees is liberating. Service to His lotus feet and His devotees is greatest bliss when done in proper consciousness. Cultivating that faith, protecting that faith, and growing that faith in the association of sincere devo-

tees is of paramount importance. Your guidance on this journey, that Vaisnavism is not about being right but being beyond right, keeps the headlights turned on through the long material drive in the night on endless mountain range. Vaisnavism is not about following rules, but it is about pleasing Krsna and His devotees. Bhakti is not about the qualifications of the jiva but about sincerity and surrender. That enables Krishna to empower the jiva to practice bhakti in sinful Kaliyuga in material world. If qualification is the basis to have relationship with Krsna, no one is qualified to practice bhakti, as Krsna is supremely qualified, and all other living entities in material world are supremely unqualified. It is sincerity and surrender alone and not any other material qualification that pleases Krsna to send help. My obeisances at your lotus feet for cultivating that faith in Krsna and bhakti, the jewel of all jewels.

Several years ago, you have sacrificed and surrendered your life for higher purpose, not knowing where you are going. Not knowing who you will be meeting on your life's journey. Not knowing how many lights you are going to light in the hearts of people. Not knowing that these helpless souls are eagerly waiting for your arrival into their life. Not knowing that they can't make the level of sacrifices that you can make but desperately needs your help. Not knowing that your every single spoken word in future would echo into their consciousness, reminding them melodious flute of the Lord. Mercy is at its best, when given to unknown. Leadership is at its best when it doesn't find faults with others to punish but to make a better person. Surrender is at its best when done without any motives. You are my best, my hero, my worshipable and my purpose. Today I fall down again and again at your lotus feet with a prayer of insignificant beggar of mercy, remembering my greatest fortune to be your disciple. To be one of those lamps that benefited from your mercy and sacrifice. Koti koti dandavats.

Almost every single word written in this offering is either your own or inspired by you. Just like a devotee takes the water from mother Ganga to worship her, I am using your own words to worship your lotus feet. I pray to Srila Prabhupada and Srimati Radharani that gratitude cries in ecstasy when given to an unknown person. Thank you maharaj. Thank you for being merciful towards me. Happy vyasa puja. I wish and pray that you have a wonderful celebration on this auspicious day.

Dear Srila Gurudeva, Hare Krishna !!

Please kindly accept our humble prostrated obeisances at your lotus feet.

All Glories to Srila Prabhupada !!

All Glories to Sri Guru and Gauranga !!

Dear Guru Maharaja, we are eternally grateful and indebted for the immense blessings, and protection bestowed upon us at every moment through your causeless mercy. Your divine discourses, love, care, and compassion are our constant source of inspiration. Your tireless service to Srila Prabhupada's mission, and the way you lead your dependent devotees and disciples, continue to attract countless fallen souls, like ourselves, through your amazing and inspiring actions.
Under the guidance of our authorities at ISKCON Brampton, Siksha gurus from Bharat, and your senior disciples in the GTA (Greater Toronto Area), we are endeavoring to serve to the best of our ability. We are trying to share the path of Bhakti Yoga both online and in person, and we are witnessing miraculous results in reaching out to the youth and adults. All these achievements are offered at your lotus feet, as they have only been possible due to your causeless mercy and empowerment.

We recently had the tremendous opportunity and blessing to visit the Holy Dham of New Vrindavan, West Virginia, a few months ago. It was truly an out-of-this-world experience. The austerity and dedication displayed by your holiness and your glorious godbrothers in establishing the old Vrindavan and new Vrindavan were awe-inspiring. We marveled at the efforts taken to provide comfort and even luxury to the current generation of devotees and those to come. Just as Krishna's glories are endless, so are the glories of His pure devotees.

We were profusely blessed with meeting your dearest god brothers during our 4-day stay and were very fortunate to have a close personal association with HH Varsana Swami Maharaja. There we heard the pastime of how deities of Sri Sri Radha Vrindavan Chandra saved all of you during a horrific attack by a notorious gang who were about to execute devotees but the cruel intoxicated gang startled and feared and ran away from old Vrindavan temple similar to the pastime of Jadabharatha. Later how your holiness through humble inputs saved the deities, mentioning if deities have to be put in water along with them Pujari has to go as per Sastric injections. This pastime was narrated and named as "How Deities Saved Devotees and How HH Radhanath Swami Saved Deities" by HH Varsana Swami Maharaja left us deeply moved and inspired. It highlighted the countless struggles, dangers, and challenges your holiness has faced, including those not widely known but revealed only very few in the book "The Journey Home".

On this auspicious occasion of your divine appearance, we humbly beg for a drop of your divine qualities so that we be blessed with the ability to serve Srila Prabhupada's mission with integrity, consistency, and humility until our last breath.

Your humble servants,

Dear Gurudev
Please accept my humble obeisances

Thank you very much Gurudev for all the teachings through your words and actions. You have done so much tapasya all through your life in order to deliver fallen souls like us. You are pure devotee of the lord who always thinks of delivering fallen souls.

You could have easily stayed in Mumbai and relished the fruits of your hard work done for so many years yet so mercifully you have taken the project of cultivating devotees in the western world especially United States which Srila Prabhupada will be so much proud of.

I wish and pray at the lotus feet of Sri Sri Radha Gopinath ji that they bless you with good health and give us your association for many many more years to come.

Thank you once again Gurudev.

Your Aspiring Servant,

**(Bahrain ( Balaramdesh))**

Its been 29 years Gurudev since I first had your darshan in the year 1994 in HG Murlidhar prabhus home program for doctors. Since then you have always been a pillar of strength for all of us. The highlight of your life is the dedication to serve your spiritual master Srila Prabhupada. Your Actions speak so loud that they amplify the sublime words that emanate from your transcendental Vani. The depth of your lectures, the intensity of your kirtans and the simplicity of your intricate storytelling with real life examples mesmerises us. The intense absorption of your consciousness in Krishna and service of all devotees worldwide is obvious even to the general public. Hope that we imbibe the message that you always give: to be sincere, serious and

without any ulterior motives in devotional service. Please bless me that I get the Spiritual strength to follow my vows .Always aspiring to become a sincere servant of your senior disciples. Dandavat pranams to your lotus feet.

**Srivishvambhar das (Chowpatty )**

I am a brahmachari trying to assist HG Keshav Candra pr in Vrindavan Forest. I am very grateful to temple management to give me a chance to do this seva.
I feel very indebted to those initial devotees whose kind example actually kindled the small flame of genuine dedicated devotional service in my heart. It's the kindness of these devotees that inspired me to follow your holy instructions as our life and soul and I got the fortune of being part of this spiritual family, here at Chowpatty.
I theoretically do understand, Guru Maharaj that whatever few twists and turns I had had in my life in the brahmachari ashram is a direct intervention of Sri Sri Radha Gopinathji DEMANDING MY EXCLUSIVE ATTENTION TOWARDS THEM & only Them. That is the consciousness of everyone in Sri Vrindavan dhāma ---- to be so absorbed in trying to please Krishna that any apparent difficulty in the process is in fact, no difficulty at all!! It is actually in this consciousness that the best service can be rendered at the lotus feet of all devotees. It's only by the devotees blessings that I will get to please Sri Sri Radha Gopinathji and Their pure hearted representative, Sri guru carana Padma kevala bhakati sadma.... So, I am trying my best to be very careful and alert in my services in the temple.
I pray at your Lotus feet, Gurudev, to give me the determination to just serve Srila Prabhupada's movement as the humble servant of the servant of the servant and to take shelter of the Yuga Dharma, Nāma Sankirtan. This if done seriously, consistently will result in the desired goal ---- Krishna Prem.

I remain your humble servant, Srivishvambhar das

Hare Krishna Dear Maharaj
please accept my humble obeisances at your lotus feet,
Maharaj since the day I have seen you my life has taken a new turn. I remember coming for the Prerana festival in 2010 and we reached late for it and there was no place to sit in the temple hall but for kirtan we somehow squeezed inside and had your divine darshan and association. That time I felt that this person has really something tangible in his life to give to the world and I was attracted to you.
Many times, devotees ask what is the turning point of your life and I am sure that you are really the one personality who has turned the life of so many people from Material subject matters to spiritual subject matter and they have gone closer to Krishna. Thank you, thank you so much Maharaj for being such a source of inspiration for all of us for going closer to Krishna. There are so many people whose life is changed just by seeing you.
Now coming to your life Maharaj, your journey home book has changed the life of thousands of people. I was fortunate to distribute journey home books to many people. whomever I met who read that book they would tell this is the best book they have read in their lives. This book describes the best life of a sadhaka. Your simplicity since birth, your eagerness to help the poor and needy people. Your eagerness to understand the spirituality practised in different cultures. The way you gave up your harmonica was very painful for me to hear but later it became inspirational for me to give up sense gratification (sometimes). Your special days in HImalayas and your meeting with Shrila Prabhupada and stay at Vrindavan was the culmination of your journey. I was thinking that how your Guru led your way to Vrindavan just after meeting him. This was really amazing. Your attraction for Vrindavan has made me attracted to Vrindavan and I will never forget the way you ate those Vraj Rotis in flight.
Maharaj, whenever I feel hollow inside, I understand that I have not associated with you sufficiently in the form of Vani and try

to start hearing your classes which are life and soul for all of us. Maharaj you have invested so much of your energy in preparing and giving these classes shows how much you care for all of us. My life owes to your lectures Maharaj. Please keep me in your shelter and give me strength to always take shelter of your lectures. please Maharaj I am missing your Vani association a lot nowadays please give me strength to hear that. I know for sure that I will not have a single problem in my life if I hear your classes regularly.
Thank you for giving us HG Radheshyam Prabhu. He is one of the best representatives of yours. We feel so blessed to have him in our life.
Thank you for giving us such a wonderful Kartik Yatras. We always wait for it. the greatest attraction in those yatras is your class and Kirtan.
Thank you very much for blessing my parents. My parents are personally attracted to you for gracious behaviour and devotion for Lord. Specially my mother likes you so much that she had tears in her eyes when you ended the lecture of the yatra. She was feeling that she is going to miss it again for one year.
Thank you very much for giving us the GEV where at every step I feel your presence. and it is one of the best places for me to get nourishment.
Thank you very much for giving me the opportunity to serve you in this youth preaching under the kind guidance of HG Radheshyam Prabhu. It gives me real fulfilment in my life.
Thank you for giving those 10 instructions for Brahmacharis. I really feel encouraged to follow this lifestyle of Brahmachari by reading them.
Thank you for so many things Maharaj.....
I am very fallen soul. There is only one thing which is making me do some good for Krishna is you. You have practically saved me from rotting in this material world ..... I need to take your instructions very sincerely. I need to hear classes once again seriously. I need to remember you daily. I need to serve you in a better way than now. I need to go more close to you. Maharaj please please give me the strength to understand your heart and act accordingly.

Your insignificant servant,

Dear Gurudev
PAMH0 , AGTSP
On this auspicious day of your appearance day would like to describe few qualities.
Gurudev you are always take care of your disciples and their family members.
It is said when spiritual mater accept disciple then he takes responsibility to take him to Godhead.But it is also responsibility of disciple to follow the instructions of his spiritual mater as life and soul.
There are so many examples we have seen in our congregation.
Last year at final moment you gave initiation to Varshabhanavi. Many time you prayed for her when she was in critical condition of life.
Also at last moment you chanted for father of HG Dwarkadhish pr.
Recently you came to Pune and Visited HG Satyavati Mataji and blessed her with you devine association.
Also you perform Kirtan for her and help her to progress on the path of back to Godhead.With your blessing only she was able to leave her body in full Krishna consciousness.
Recently when you were in Sridham Mayapur performing shraddha for your father. you were distributing prasadam to the devotees and personally you serve devotees by crawling on your knees and distributing prsadam. This was height of your humility and you are setting example for us, how to be good son of their parents.
I still remember around 23 years back ,when myself and Vilasmanjari came to meet you before our marriage. That time I was staying at Pune and Vilasmanjari was staying at Mira Road and working in Bhaktivedanta hospital. Many senior devotees wanted us to shift to Mira Road.
When we were discussing with you,that

time you asked me ,where you want to stay after your marriage.
That time without a second thought I said, want to stay in Pune.
I was so stupid and ignorant that I couldn't understand your wish.
It is said when disciple surrenders to his spiritual master then he should be like a sold out animal for his master.
But you were so loving and caring thaty ou did not enforce your order on us. As you are our spiritual master, had all the rights .
That is your love for your disciples.
On this auspicious day of your Vyasa Puja I pray at the lotus feet of Sri Sri Radhagovindji to give you good health.
I pray at your lotus feet to keep us under your devine shelter and engage in the mission of Srila Prabhupada as servant of your servant.
Aspiring to be servant of your servant

All Glories to Srila Prabhupad!

When I introspect, I find no qualifications in me for being eligible to be your disciple. It's only by your causeless mercy you have chosen me to keep me in your shelter. I am really indebted to you from the core of my heart for this kindness. What a benediction it is to realise or at least understand that we are eternal servant of Lord Sri Krsna and our eternal constitution is to serve Krsna life after life. What a mercy it is to receive the seed of devotional service after infinite life times. What an opportunity it is to reconnect with and serve the supreme lord whose part and parcel we are. What a great fortune it is to be connected with a disciplic succession adorned by Lord Sri Chaitanya Mahaprabhu himself. What a glory it is to have Srila Prabhupad as our founder acharya and pre-eminent Siksha Guru. What a glorious understanding it is to understand how insignificant we are. What a knowledge it is to to know that we know nothing. What a teaching it is to be servant of the servant of the servants. What a blessing it is to be your servant. What an aspiration it is to always serve your lotus feet. What a desire it is to assist you in assisting Srila Prabhupad. I thank you Guru Maharaj for everything.

Thank you Maharaj for your instructions and lectures. Thanks for so sensitively creating a wonderful caring community. Your lectures are very nice, and one point I liked in this yatra was that we have to love Krishna so as to constantly remember Him; And for loving Krishna we have to hear more and more about Him.

We have found a true sense and meaning to our lives by tasting KC.
Your attention to details and care for dev-

otees, inspires us to serve in the mood of servant of the servant. We Pray to Lord and your Holiness to bless us with this service attitude.
You have so nicely trained your disciples that their lectures are also so motivating and inspiring.
Thanks for giving Yatras, wonderful devotees, Dham Darshan, revealing to us serving mood.

Please bless us so that our acts and deeds may please your kind self, Srila Prabhupada, and Lord Krishna.

Hare Krishna Maharaj,

Please accept my most humble obeisance

This is my first vyas puja offering at your lotus feet. Although your divine oceanic personality is impossible to surpass for a small fish like me. I just wants to stay in the ocean of glories of your personality and purify myself.

Your search for a spiritual master proves that you are an ideal disciple. You met so many great personalities and received love and care from them. And then you met Srila Prabhupada who gave you The Krishna book in the Bombay Pandal. You kept that book close to your heart in your further travels. You loved that book and its first cover so much. Srila Prabhupada gave you Krishna and you surrendered unto him.

Your hardships at New Vrindavan are just beyond my imagination. How you literally sacrificed everything, every kind of comfort just to please your Guru Maharaj and protect his land. Being an acharya you have set the example of guru bhakti and devotee care but I don't see how I will follow such high standards then I see rays of mercy coming from your lectures. Your Hari Katha is the sunlight that nurtures my weak bhakti's creeper, I have been listening to them for the past 6 months and I am feeling so nourished. I am listening to your lecture series from the late 80s. They give me the hope of coming out of my comfort zones of laziness, arrogance, and comparison and pushing myself for service, humility, and love. Thank you so much Maharaj for all the nectarian kathas.

Srila Maharaj, your presence in my life is a blessing of Krishna. Like an ignorant fool, I was not putting any effort into growing my bhakti and I was just making a show of being in Krishna Consciousness. This situation was so distressing and depressing that I started hating myself. I was just an imposter. Then by Krishna's mercy, I met your vaani - your lectures. They saved me! what else can I say? I am now growing in Krishna Consciousness and I can feel it just like a hungry person feels satisfied after eating food. I have never seen you in real but one day Krishna will surely bless me with your darshans, I have that hope. Thank you so much for saving me, Maharaj!

I pray to your beloved Srila Prabhupada and Sri Sri Radha Gopinath for your good health!

I wish you a very blissful and Krishna conscious birthday. May you continue to serve Srila Prabhupada and inspire many souls to take up the path of Kṛṣṇa consciousness.

Maharaj ji , you are the epitome of humility. You demonstrate and life the verse 3 of Shikshashtakam. You are humility and compassion personified. You are a person whom by only looking at one becomes pious. You are always dedicated in your service to your Guru.

You have fulfilled the promise that you made to the immigration officer while he stopped you at the border. You gave such a thing in return that no body could ever even think of. You have give the most blissful Love of God to the people of India.

You are a very simple person. You don't have any tinge of being honoured and glorified, yet you are an inspiration to many people around the world.
You act as a True Vaishnav exhibiting all the 26 qualities enjoined in the Vedic scriptures. Even these qualities gets glorified when they are associated with you.
I am surprised how you have given mercy to this insignificant soul. I am such a low class rascal who is always attracted by opposite gender, eats too much and always thinking to be a controller, yet you have mercifully inspired me to take shelter of yourself.
Please continue to be merciful on this insignificant rascal and engage me in some menial seva whatsoever for my purification.

Hare Krishna Guru Maharaj
Please accept my humble obeisances

I am extremely grateful to you for you have shared with us the way to perfect our lives, which is indeed most rare. I feel ecstatic that you have brought me to the divine shelter of Srila Prabhupada.
Preaching is the most merciful act and Srila Prabhupada went to West carrying Sri Vrindavan Dham in his heart to give everyone the lost treasure of their hearts.
Taking the same mood, you have also brought millions of people to Krishna consciousness.
A disciple is a burden on spiritual master. Spiritual master has to take the pain of tolerating his conditioned disciple. I don't feel that ever I will be able to repay you. Please engage me in your service to assist your spiritual master. I want to live my life for your pleasure and satisfaction.

Guru Maharaj lectures are divine, encouraging to sincerely follow the spiritual path and to understand the love of God with the proper association of devotees.

Maharaj, you are ocean of truly brilliant qualities epitomizing what it means to truly be a Vaisnava.

This year as I listen to your classes and the classes of HG Radheshyam Prabhu I have recognized the importance of sadhana and sadhachara. We may externally depict ourselves to be devotees but if we do not inculcate the qualities of a Vaisnava then we are truly the most fallen. Dhana means wealth and sadhana is that thing which brings us true wealth, these spiritual practices. These are some of the points I have been deeply touched by in your early lectures Maharaj.

1. The morning programme was emphasized by Srila Prabhupad for all devotees, as Srila Prabhupad would often say “sleeping during Brahma Muhurat is a spiritual suicide”, your emphasis in your lectures of this morning programme, by which we can properly start each day and thereby dovetail our life in Krishna Bhakti, has been something I have been seriously touched by and has really had a major effect in my practice of Krishna Conciousness.
2. Chanting is crucial, in this age there is not other true means of progress. But Maharaj you have emphasized the essence of true chanting being hearing what we chant. Japa is like a yajna where the ghee is the mahamantra and we are pouring it into the yajnakunda of our ears. If we don’t hear when we are chanting we are simply pouring this ghee everywhere and missing the fire. The true change in heart and mind can come when we really hear what we chant.
3. Books are the basis, Srila Prabhupad has given us everything in the form of his books and you always emphasized the necessity to always read Srila Prabhupads books. These books are like gems, if one doesn’t know what a gem is they think it to be a mere piece of glass. In that same way if we don’t read Srila Prabhupad’s books and understand the philosophy of KC then we will simply consider this to be a piece of glass when it is actually like the greatest diamond. Everything one needs is there in these books of Srila Prabhupad, the answers to all material questions of history politics science and economics but more importantly they answer all spiritual questions by which we can go beyond Maya, beyond Brahman and achieve Krishna Prema. When we read these books we realise that the philosophy of KC is unshakeable and answers everything

I pray at your lotus feet that I can cultivate stonger sadhana accompanied by proper sadhachara and develop qualities of humility tolerance compassion kindness. I am currently serving in guiding the youth of Pandava Sena Manchester and in leading the preaching efforts here at the University of Cambridge through KCSOC, Gita Life and other events. I also am attempting to represent you and your teachings in my academic and career efforts.
I request for your mercy so that these endeavours may bear fruit.

Thank you very much Guru Maharaj for always uplifting me and protecting me in Krishna Consciousness through your lectures, Kirtan, Vaishnava behaviour and personal example. Many times my doubts are cleared and I get right direction in my life by hearing your lectures. Whenever I feel spiritually weak, lack of enthusiasm

and disturbed by anarthas - your lectures give me the strength to overcome these feelings. Recently, I heard your Srimad Bhagavatam class which you gave in ISKCON Bhubaneswar. It was outstanding and very much required for me in the current situation. Your lectures are nectar for my spiritual journey. I can never repay you.
You have done so much for Srila Prabhupada and ISKCON movement, is a great inspiration for me. Please bless me that I can do some insignificant service by which I can please you, Srila Prabhupada and Krishna.

Please accept our humble obeisances? All glories to Srila Prabhupada and all glories to you and your selfless endless services and love. Happy Krishna Conscious Appearance Day!
Dearest Guru Maharaja, my husband and I are eternally grateful to you for always praying for us and guiding us through your ever available recorded lectures online. We do very much miss your physical association, yet understand that vani association with you is as transcendental as your physical association. And for that, we are grateful. My parents and siblings continue to listen to your lectures and share with

extended family members, dear Guru Maharaja. My mom especially talks about you, praying that your lectures and Srila Prabhupada's teachings will someday be taught in the villages of Ambazonia, where there is constant killing of innocents by the government.

Dear Guru Maharaja, our spiritual journey is only moving forward all thanks to your mercy. We however find ourselves falling short due to our conditioning. Please, dear Guru Maharaja, accept our deepest gratitude for always being so present and patient with us. We pray that as we continue to work on our anarthas, that we will become truly worthy of serving all the vaisnavas for the pleasure of Srimati Radha Rani.

We love you so very much, dear Guru Maharaja and pray that on this auspicious day of your appearance in this world for our benefit, that you continue to be protected in everyway. Hare Krishna.

Dear Guru Maharaj,
Please accept my humble obeisances at your holy lotus feet. All glories to Srila Prabhupada & the entire Guru-shishya sanpradaya.

Guru Maharaj, because of your concern for every one of your disciples, I see, that you have made yourself accessible to each one of them, especially, through your Vani (words, recorded lectures,etc.). When I hear your classes, it seems that you are watching me, not only just externally, but even internally & guiding me to the ultimate perfection. That is the reason, I say it aloud, "Guru-mukha padma vakya, cittete koriya aikya," that let me take your words to my heart. For the strength for being able to do so also, I depend on your mercy, as Srila Bhaktivinoda Thakura writes, ***"Yogyata vicare, kichu nahi pai, tomara karuna sara."***

Thank you O Gurudeva, for being always there as my guide!

Dear Maharaj,
Please accept my humble obeisances at your lotus feet. On this most auspicious occasion of your appearance day, I would like to thank you for accepting me as your disciple.
Maharaj, you are the most glorious spiritual master teaching us by your example.
You are an ocean of good qualities. However, one quality which is most endearing to devotees and non -devotees alike is your genuine humility.
As you were explaining in the recent Jagannath Puri Yatra that Chaitanya Charitamrit has manifested from the utter humility of Krishnadas Kaviraj Goswami, who considered himself completely unqualified.
Maharaj, similarly you are a living example of the verse 'Trinad api suni chena, taror api sahisnuna'.
Maharaj, just by your purity, so many wonderful projects and devotees have flowered under your shelter and care.
Devotees who are fortunate to attend the recent Puri Yatra described it as nothing short of a kumbh mela with more than 10 ,000 devotees attending the festival. Maharaj, although I was initiated long time back, however I have not done anything to be worthy to call myself your disciple, but I have a small desire to improve.
In fact, in the last few months have been very difficult for me. I was diagnosed with cancer in July 23. After major surgery I have been on intensive chemotherapy. for the last 3 months and I have been almost confined to the bed, from the bed to the hospital and back. These 3 months have passed like 3 years.
Each cycle of chemotherapy brings its own fears and anxieties in my mind.
It is during these struggles that I have re-

alized the true value of devotees. So many devotees have stood by me like my own family.
Like this Remuna family which we have in Delhi led by His Grace Kanhai Priya Prabhu is a great boon for me in this most difficult and challenging time. Devotees, prayers and blessigns have been a great source of encouragement and hope for me.
Along with this I get calls from and messages from so many of your senior disciples like HH Bhakti Rasamrit Maharaja, HG Krsnanand Prabhuji, HG Krsnachandra Prabhuji, HG Adi Keshav Prabhuji, HG Vraj Vihari Prabhuji and so many others which is so full of hope, love and concern.
Maharaj I see all this as a manifestation of your love coming through all these exalted souls.
Maharaj, I need your blessings to fight this cancer as i still have a long way to go. Also give me the power to understand this as a plan of the Lord And that Krishna is trying to teach me some lessons through all this suffering and is ultimately good for me.
Maharaj if I am able to come out of this cancer, I will definitely try to be a better devotee and serve all these devotees big and small and I'm sure that will please you and Prabhupada.
And most importantly Maharaj, I pray for your long and healthy life So that you can deliver so many more fallen souls like me are delivered and we can have Yatras not with 10 ,000 people ut with ten lakh people attending the Yatra's All glories to you all glories to Srila Prabhupada.
Your unworthy servant
Sundar Anand Das

**Sunderi Manjari dasi (Mumbai)**

Dearest Gurudev
Please accept my humble obeisances.
You are a reservoir of love, compassion, gratitude and humility.
One amazing quality you have is how you reciprocate with each and every person whom you meet. You are a friend to all. You must be one of the few rare people in this world who know thousands of people personally and share a deep bond and a heart to heart relationship with each one. It is materially impossible for any person to deal with so many people so closely. Sometimes long travels with body fatigue, sometimes with bad health and busy schedule you still reciprocate with so many thirsty and hungry souls waiting just for your glance and a smile. Its not easy for you to reciprocate with so many. This is only possible due to your unlimited compassion and unconditional love upon each one of us. When we had our first child you had mentioned that just give the child lot of love as the child will experience Krsna's love through you. Gurudev. I see Krsna's unlimited love coming through you in our lives.
In the investment markets whenever there is any negative news about a company, most of the investors come to dump the shares and they just want to get rid of the company investments as they know that now there is no future with this company. Nobody wants to purchase a share which has lower growth or certain negative circumstances as everyone here is present to make returns on their investment. Thus when there are a lot of sellers and no buyers, the share price just keeps falling and falling and can reach penny numbers. The same thing is also observed in this world. When some person has a low period due to certain setbacks or mistakes most of the people immediately disconnect or exit the relationship thereby making the persons heart fall like the share price. But Gurudev, you are an investor who has unlimited tolerance, patience and love for each of the souls in this world, especially for your disciples who have taken your shelter. We may have our own shortcomings, bad phases, anarthas and struggles which you can very easily screen through just like an expert financial analyst studies the balance sheet and the PNL account. However you have always showered more and more love. You not only hold on to your investments in us, but in fact put in fresh money in a fallen stock in the form of your love and time so as to give some stability to the falling stock prices of our hearts in our low periods.

Once you had spent a lot of time with a devotee family and there was not much response that you were receiving and one of your disciples asked you “Maharaj how much more time and love will you give them as you hardly see any return in this effort.” But you mentioned that “I think I should have given little more to this family and maybe then perhaps they would have been more enthusiastic to practice Krsna Consiousness.” There is no end to your compassion. There is no boundary to your love, there is no limit to how much you can extend yourselves for a needy soul.
I have this faith and confidence that even if due to some reason in case I end up kowingly or unknowingly committing some mistake or a wrong activity. Even if the entire world leaves me I have faith that you will always be there for me. You will never ignore or give up on me in any situation. It’s my humble prayer to the Lord and a desire that I can always follow your instructions and always please you and serve you in a way that makes you happy. To see a smile on your face is the perfection of my life. I hope and pray that I don’t let you down in any situations. Gurudev please protect me. Please keep me under your shelter and the shelter of the association of devotees who love you and please you. Only this will be a strong defence shield to this dangerous material world and Maya. At present myself and I am sure all your children, we are having a great time Gurudev, cherishing each day in Krishna consciousness with such a vibrant community of Vaisnavas, beautiful deities and temples, dynamic projects run by responsible people. Each person more enthusiastic than the other and the seed of all this devotion is coming through Srila Prabhupada and you Gurudev. Thank you for blessing us with all this and not to forget our dear cows and bulls at GEV. All this keeps us enthusiastic and motivated each day to perform our sadhana and services better and better. Aspiring to serve you always.

Hare krishna Dear Guru Maharaj please accept my respectful obeisances,
Among many divine qualities of yours I would like to present some of them which my wicked mind can remember;
I see you as the true embodiment  of spirit

of servant of the servant.
Your sweet and deep lectures always glorify Supreme lord Krishna, holy name, Srila Prabhupad and devotees which inspires a lot to me.
You are the Living role model of all teachings of Srila Prabhupad.
In the early days of Krishna Consciousness, when I came to know about you, I got the privilege of listening to your sermons. Since then, I have come to accept you as my guru. Later I realized that it is a bit difficult to get your company/initiation, but since you are already in my heart, I tried hard to get you out of my heart, but I couldn't. Please forgive me for this inability.

On this auspicious occasion l pray at the lotus feet of Sri Sri Radha Madan Gopal for your good health and long life so that you can deliver many more souls with your divine instructions and Nectar like Krishna katha. Also I pray at your lotus feet for your blessings that in this life time I develop the quality of being the servant of the servant of the supreme lord and his devotees, meek and humble and other qualities of being a vaishnava.
You always glorify Srila Prabhupad in your lecture and show commitment and loyalty to him ... I pray that when shall I be doing the same as your loyalty and sincerity to Prabhupad ?
Also pray that I can become true to your words and instructions.

I pray to our most merciful Sri Sri Nitai Caitanya Chandra to bless you with continued good health in your mission to preach and spread Krsna consciousness and touch the

hearts of fallen souls like myself.
I remember the first time I saw you, it was Rathayatra in New York, you were talking to some devotees and I was passing by and just couldn't take my eyes away from your glowing face and radiant smile. I think of that day now so many years ago and I can't help but remember this verse from a bhajan by Narottama Das Thakur " gangara parasa hoile pascate pavan, darsane pavitra koro ei tumara gun, after bathing in the waters of the sacred Ganges many times, one becomes purified, but just by the sight of you, the fallen souls are purified. This is your great power."
My dear Guru Maharaj, please continue to look sometimes in the direction of this most fallen soul, so I may somehow develop love for Krishna.
I pray and beg to remain your servant,

१९८९ साली महराजांचे आई–वडील महाराजांना भेटण्यांसाठी भारतात आले होते. त्यांनी मुंबईजवळील प्रसिद्ध एलिफंटा गुफा दाखविण्यासाठी महाराज त्यांना घेऊन गेले. बोटीतून उतरल्यानंतर वनातील एका पायवाटेने चालत जात असताना अचानक एक माकडाने खाली उडी मारून त्यांच्या आईच्या हातातील पिैंवी हिरावून घेतली. त्यात आईवडीलांचे पासपोर्ट, विमानाची तिकिटे, क्रेडिट कार्ड, रोख पैसे आणि मौल्यवान वस्तु होत्या. महाराजांनी क्षणभरासाठी डोळे मिटून प्रार्थना केली. थोडयाच अंतरावर एक माणूस हातगाडीवरून फळे विकत होता. त्याच्याकडे महाराजांनी दोन केळी मागितली. त्याने ती देऊन पैसे विचारले महाराजांकडे काहीच पैसे नव्हते. आईवडीलांकडेही नव्हते. महाराजांनी त्याच्याकडे पूर्ण दुर्लक्ष करून तेथून पळाले. तोही काठी घेऊन महाराजांच्या मागे धावू लागला. इतक्यात दुसऱ्या एका माकडाने त्याच्या हातगाडीवर हल्ला केला. ते पाहून तो फळ विक्रेता मागे वळला.
महाराजांनी माकडाच्या दिैने एक केळ फेकले. माकड ते पकडण्यासाठी जसे पुढे झेपावले, तैंी माकडाच्या हातातील पिैंवी खाली पडली. महाराजांनी पिैंवी आईकडे परत केली. आईने फळविक्रेत्यास दहा रुपये दिले. मनही माकडाप्रमाण ेच वागते आणि कोणतेही कार्य एकाग्रतेने करू देत नाही. माकडासारख्या मनास ध्यांत ठेवणे अत्यंत कठिण असल्यामुळे आपण त्याला उच्चतर कार्य दिले पाहिजे असे महाराज येथे सांगत आहेत.

आपल्याला भगवंताचे प्रेमप्राप्ती हे भक्ती मार्गामधिल ध्येय आहे तर भगवतांची आणि इतरांची प्रेमपूर्वक सेवा करणे हे साधन आहे. आनंदाने आणि प्रेमाने परिपूर्ण भरलेले हृदय हीच सेवा करण्याची एकमेव पात्रता आहे. असे गुरू महाराज येथे सांगत आहेत.

आपल्यापैकी प्रत्येकाने स्वार्थ, संकुचितपणा आणि दंभ या दुर्गुणाचा त्याग केला पाहिजे आणि प्राणिमात्रे एकाच परम कृपाळू भगवंताची लेकरे आहेत हे जाणले पाहिजे. असेही महाराज म्हणतात. परमपूज, राधानाथ स्वामी महाराजांकडे अनेक गुण आहेत. त्यापैकी मला नम्रता हा गुण जास्त प्रमाणात जाणवतो. माझ्यामुळे महाराजांना काही त्रास होण ार नाही याची मी काळजी घेईन.

चौतन्य महाप्रभैच्या या मिैनमध्ये मला सहभागी करून घेतल्याबद्दल मी श्रील प्रभुपाद, परम पुज्य राधानाथ स्वामी महाराज, मंदिराचे अध्यक्ष श्रीमान राध्यैाम प्रभु, काउन्सिलर रासविग्रह प्रभु आणि भक्तिनिधी माताजी, प्रथम मार्गदैाक रंगप्रिया माताजी आणि महिंदर प्रभु तसेच सर्व वै÷णवाचा खूप–खूप आभारी आहे.

HH Radhanath Swami Vays Puja Nam Om Vishnupadaya Krishna Preshthaya Bhutale Shrimate Radhanath Swamin Iti Namine.

Salutations to His Holiness Radhanath Swami Maharaj.

1971 by Maharaj in order to get an honest sect.

Studied Bhakti Yoga in various places till. But while touring in Vrindavan, his A.C. Met with Bhaktivedanta Swami. Maharaja experienced that Prabhupada explained the essence of all the religions of the world in such a correct manner that Maharaja gained a correct view of these religions with equanimity and the conflict in his mind was removed. In the same year, Maharaja accepted Prabhupada's discipleship at the holy place of Vrindavan. Maharaja's only inner longing is to bestow the immense bliss of devotion to all. A woman named Dorothy came to Maharaj when according to doctors she had only one month to live due to cancer, Maharaja answered all her questions in a proper manner and showed her what real wealth is by giving her Hare Krishna Japa necklace and she too chanted Hare Krishna till the end of the entire flight. He thanked Maharaj very much.

In 1989, Maharaj's parents came to India to meet Maharaj. He took Maharaj to show him the famous Elephanta Cave near Mumbai. After getting off the boat, while walking along a path in the forest, a monkey suddenly jumped down and snatched the bag from his mother's hand. It contained the parents' passports, plane tickets, credit cards, cash and valuables. Maharaj closed his eyes for a moment and prayed. At a short distance, a man was selling fruits from a handcart. Maharaj asked him for two bananas. He gave it and asked for money, Maharaj did not have any money. Neither did the parents. Maharaj ignored him completely and ran away from there. He also started running behind Maharaj with a stick. Meanwhile, another monkey attacked his handcart. Seeing that, the fruit seller turned back.

Maharaj threw a banana towards the monkey. As the monkey lunged forward to grab it, the bag fell from the monkey's hand. Maharaja returned the bag to his mother. The mother gave ten rupees to the fruit seller. The mind also behaves like a monkey and does not allow any task to be done with concentration. Maharaj is saying here that since it is very difficult to keep the mind like a monkey still, we should give it a higher function.

For us, attaining God's love is the goal in the path of bhakti, while lovingly serving God and others is the means. A heart full of joy and love is the only qualification to serve. This is what Guru Maharaj is saying here.

Each one of us should renounce the vices of selfishness, narrow-mindedness and conceit and realize that all living beings are the children of the One Supremely Merciful Lord. Maharaj also says. His Holiness, Rad-

hanath Swami Maharaj has many qualities. Among them, I feel humility the most. I will see to it that I do not cause any trouble to His Majesty.

I am very thankful to Srila Prabhupada, Param Pujya Radhanath Swami Maharaj, Temple President Sriman Radhyesham Prabhu, Councilor Rasavigraha Prabhu and Bhaktinidi Mataji, First Guide Rangpriya Mataji and Mahinder Prabhu and all the Vaishnavas for involving me in this mission of Chaitanya Mahaprabhai.

Thank you Hare Krishna

My Acharya/ My Guru Maharaj

I am from Kolkata next to Prabhupad birthplace, I moved to Mumbai in 2016 and I saw you in GEV that year only and when I saw you I don't know but I love your humbleness and that time onwords I follow you and your and Prabhupad principles.

It is with utmost reverence and gratitude that I extend this offering to you, a beacon of wisdom and humility in my life. Your tireless dedication to the path of enlightenment has not only enriched my understanding but has also become a source of inspiration that propels me forward.

Your humbleness, like a gentle stream, flows through every interaction, leaving an indelible mark on those fortunate enough to be touched by your guidance. The sincerity with which you approach life mirrors a profound commitment to both knowledge and compassion.

In the tapestry of your teachings, I find threads of wisdom that weave through the complexities of existence, offering clarity in moments of uncertainty. Your humility, a reflection of a vast reservoir of inner strength, serves as a lighthouse, guiding us through the storms of life with grace.

This offering, though a small token, symbolizes the depth of my gratitude for the countless hours you invest in nurturing the spiritual growth of others. May it convey my heartfelt appreciation for the lessons learned at the altar of your wisdom and the inspiration drawn from your unwavering dedication.

With the utmost respect and gratitude,

YS

Hare Kṛṣṇa Guru Maharaja
Daṇḍavat Praṇām
All glories to Śrīla Prabhupāda

I am grateful for the opportunity to write this Vyāsa Puja offering.

Although I am not able to find the right words to write this offering, I am making this insignificant humble attempt.

In 2019, I had participated in my first Kartik Yatra to Śrī Vṛndāvana Dhāma, when I went alone. I had the fortune of hearing your katha, and kirtans and to associate with the devotees and I appreciated all this very much.

Then the next time recently in 2023, I had the opportunity to attend the Kartik Yatra to Śrī Jagannath Puri Dhāma along with my family and all of us together had the opportunity to hear your katha, kirtans and to associate with so many devotees.

We feel that all this is by your mercy alone, although we are not deserving candidates of your mercy.

I pray that you continue to bestow your mercy upon us in this way so that we can serve the Vaiṣṇavas and continue to progress in devotional service. This is only possible by your causeless mercy.

I am grateful to you for your blessings.

Aspiring to be your servant.

Hare Kṛṣṇa Maharaj. Please accept my humble obeisances. All glories to Srila Prabhupada. Maharaj, although this message may never reach you as I don't know about the policy of your servants whether or not they would reveal every offering to you, I wish you a very happy Vyasa Puja.
I aspire to become your disciple, and I am trying my best in that regard. However, I am facing serious health issues in all domains - spiritual, mental and physical, so it is especially challenging for me to conduct devotional service. Almost constantly I am under excruciating mental pain due to circumstances. But still somehow Krsna has carried me through all this. I hope I can become a better servant of Srila Prabhupada and everyone associated with him including Your Holiness. With that, I would like to end my offering.
Hare Kṛṣṇa,
Yours sincerely,

All glories to Srila Prabhupada

Thank you very much for giving us a wonderful Karthik yatra this year. I could see how much love and affection all the devotees have towards you. Some of the devotees were engaged in full time service to cater to the needs of 10000 devotees who were coming for the yatra from all over the world. Your personal example has inspired everyone to dedicate themself fully to the service of Krishna.

Another specialty of yours in that you have emphasized on devotee training since the initial days of your preaching. especially the training on Vaishnava sadachar and Vaishnava seva which are most essential for the community. Now after many years

we can see how the Radha Gopinath community has grown so big and is very stable. It has become an example for thousands of devotees all over the world. Anyone who comes into this community experiences a deep feeling of shelter.
You have also kept very deep relationship with your godbrothers. You invite all your godbrothers to the Chowpatty temple and give them very nice service. Many of your godbrothers came all the way to Puri to join the Karthik yatra. By your grace we could also get the opportunity to hear Krishna katha from them.
By your mercyI am getting an opportunity to serve at ISKCON South Bengaluru. We have inaugurated the new temple for Sri Sri Radha Vinoda ji, Sri Sri Nityananda Natawara Gaurasundara and Sri Sri Jagannatha Baladeva and Subhadra. I seek your blessings and prayers to be able to serve the Lordships and the community here. Kindly make me an instrument in your hand to accomplish the mission of Srila Prabhupada. I am a puppet in your hands. Kindly engage me in your service.
Thank you.

Hare Krishna Gurumaharaj !
Please accept my humble obeisances.
All glories to Shrila Prabhupada.

Dear beloved Gurumaharaj, I got to have the blissful darshan of Yours for the very first time at Sridham Mayapur in your most recent visit in October 2023. Then attending the Puri Kartik Yatra 2023 is an unforgettable experience. I cannot comprehend in words how much grateful I am to Krishna and Srila Prabhupada. When I came in Krishna Consciousness, I first thought that it was a religious movement. Indeed I am a rascal. Then I came across Your lectures and Srimad Bhagvatam classes where You vividly discussed the topics about humility, gratefulness, kindness, compassion, equality, selfless love, respectful attitude and many many related topics which are very crucial for our society. Then I came to know that Krishna Consciousness Movement is an eternal movement guiding souls to start there journey to there eternal home. You and Your Godbrothers are guiding a vast number of people especially the youths all over the world.

You are the embodiment of humility and compassion. You are an eternal associate of Shrila Prabhupada, who is distributing the teachings of Lord Chaitanya and Krishna Prema to masses. Your lectures are filled with deep philosophies and realisations. When You describe different pastimes of the Lord, You enable listeners to be a part of that pastime. You truly provide the nectar, that Srila Prabhupada and Guru Parampara provided You, as it is. You are revolving around the globe distributing love of Godhead to thousands of people, assisting Lord Gauranga to fulfill His prophecy (CB Antya-khaṇḍa 4.126):
“Pṛthivīte āche yata nagarādi grāma,
Sarvatra pracāra haibe mora nāma.”

I have no capacity to glorify You. I am just a tiny little soul who is seeking for you mercy. I am just a beggar and You are the reservoir of Krishna Prema Dhana. Gurumaharaj, please give me and all of us one drop of that nectar.

I am not able to write a nice offering to you what to speak of actually offering You something. I can’t even chant properly. So, on Your 73rd Vyasa Puja, I am making a commitment of chanting my rounds attentively early in the morning, read Shrila Prabhupada books everyday, hear lectures everyday and serve the mission of Shrila Prabhupada in the mood of the servant of the servant of the servitors of Shrila Prabhupada. Dear Gurumaharaj, this is my offering to You.

May Sri Sri Radha Gopinath and Shrila Prabhupada always bless You. I pray for Your good health and many more years of association. Always bless us all with Your lectures, Kirtans, and jokes.

All glories to Srila Prabhupada and you.

Maharaj this is small offering I am trying to make as gratitude to you for what you have given all these year in my spiritual journey. In the beginning years of Krishna consciousness I came in contact with devotees in my college time. I had fortune of meeting a devotees who are staunch followers of yours lecture. In the beginning of Krishna consciousness I was so astonished to see the care and love devotees have gave me. But I was always curious to know from where they all have learnt all these wonderful principals. Then gradually I came to know about Srila Prabhupada and you. All what you have given empathies in your lecture regarding the devotee care and serving the devotee can be very in your followers.

Maharaj all these years your lecture have been my strength and fuel to go head in Krishna consciousness. The nourishment that I get from your lecture to perform the devotional activity is always an inspiration. Whenever I am stuck or confused or not able to get motivation to perform the sadhana or my chanting your lecture give lot of upliftment to give my best.

Maharaj every year I came for the Kartik yatra. The mega devotees get-together which you have started is another sources of inspiration. Every I get to hear from various devotees and get lot of inspiration to improve in my various aspects of Krishna conscious responsibilities. The kind of devotees we meet and get lot of learning about, how devotees are practicing their Krishna consciousness in daily life and how they are managing their life and balancing is very good booster for me. Every year during the kartik yatra we miss our Diwali celebration at home. But actually being in the Kartik Yatra hearing your lectures ,doing seva and meeting various devotees the big life lamp of Krishna Conscious gets strength to survive.

Maharaj to be your follower is a great fortune and I will be always great full to Krishna that I got this opportunity to get to hear your lectures and be in the association of your followers. I have so many short comings. So much of attachments and impurity . I really don't know when and how I am going to get rid of them to serve you delicately. Only prayer at your lotus feet that may lord keep me in association of your followers and serving under their guidance's and understanding your mood and continue to serve as per my capacity.
Thank you for the everything Maharaj

Dear Guru Maharaja,
Please accept my respectful obeisances at Your lotus feet. All glories to Your Holiness, who are an ocean of transcendental qualities.
In 2013, when You were giving a class to thousands of devotees in a pandal in Sri Jagannath Puri, a stranger suddenly appeared in front of the stage and some brahmacaris on the stage were getting ready to stop him. You signaled not to, and very patiently and mercifully waited until he moved from Your right to center, offered pranams to You and moved to the other end of the pandal. I was and am so touched by Your humility and compassion and You taught us that everyone is a child of Krsna and deserves to be respected. Srila Guru Maharaja I pray for Your mercy to instill in me the strength to respect one and all, so that my chanting becomes pleasing to You and Krsna.
In New York, at the bhakti center, I was there along with a brahmacari, and when You came upstairs, You garlanded him, and on seeing me standing close by, You said "I should not be partial" and put that garland on both of us! Maharaja, every act and speech of Yours is controlled by the Lord and thus in any interaction, You touch our hearts and bring us closer to Krsna.
Guru Maharaja, You are adosadarshi, You do not see any fault in others, You only see good in others. I beg at Your lotus feet that

I can follow in Your footsteps. You are an epitome of love and Your presence or remembrance of Your presence is very soothing to the heart. Thank You Srila Gurudeva for Your causeless mercy upon this unqualified soul.

Maharaj, I have found myself very easily emulating various role models all my life, who have played a large role in moulding much of my life. Over the past few years, you and your kind disciples, who interact with others with such compassion, have been such blessings in my life. I admire how using both wisdom and intelligence, you and your disciples are reaching out to the world over the internet, with various preaching efforts. Hearing these have changed my life in many favorable ways. My pati, who is your disciple, has also imbibed this compassionate nature and gentle heart, and often guides me with words of wisdom and with his own example. I am so grateful to you Maharaj, and to your disciples who you so sincerely cultivate with your mercy, either through your direct association or indirectly through your instructions and discourses. Thank you for being a good example for me to follow, and thank you for moulding your disciples into those who allow the mercy of the Lord to flow through them to reach people like me, who benefit so much from hearing them. The world needs more individuals like you all.

Dear Guru Maharaj
Please accept my humble obeisance

On this auspicious day of your Vyasa puja, I would love to express my gratitude and thank you wholeheartedly for accepting me as your servant. Maharaj, I have no qualification but it's you're and the Vaishnava's causeless mercy that I have got shelter at Your Louts' feet.
Maharaj, I would love to inform you of things which had happened in the last one year of my life which have strength my faith in Krishna Consciousness, the teaching of HDG Srila Prabhupada and your guidance/ instructions –
My sister Komal and her husband have taken up KC, they are now associated with the counsellor in Thane and also participated in Puri Yatra – Thank you for setting up the counsellor system Maharaj.
Nishita is preparing for her May 2024 NEET exams, and she is under immense pressure. She gets some sort of solace in the holy name. Throughout this year she has kept her vow and chanted the Holy. Maharaj in this difficult time I pray for your causeless mercy for her, kindly send the special instructions for her. She has written a letter to you which I am hoping to hand over to you on the Vyasa puja day.
Niraj has taken up a challenging path to become a Chartered Accountant (CA) and I understand from devotee CA Sames Prabhuji that you would love to see a few Chartered Accountants taking up KC and wish and pray at the Lotus Feet of Sri Sri Radha Vrindavanchandra, HDG Srila Prabhupada's and your Lotus Feet to make this happened gracefully. He has also started chatting with rapt attention and participated in Puri Yatra and relished the darshan of Lord Jagannath.
Maharaj, I am struggling, fumbling, losing taste and finding it hard to maintain and increase the devotional service. Association of HG Parmeshwari Mataji, HG Sonar Sakhi Mataji, HG Mukund Anada Prabhuji, and Nirmalchand Prabhuji has helped me

to push hard and carry on in the HDG's mission with faith and hope that one day I can follow in their footsteps. By the mercy of Guru and Gauranga my Medical Practice is going well and I get an opportunity to serve devotees at times. Maharaj, I beg at your Lotus feet to help in maintaining the proper mood while serving Their Lordship and Devotee. I beg unconditional forgiveness for any offence caused while performing the seva or otherwise. You have kindly, allowed me to participate in Puri Yatra, chant with you, hear your nectarine instruction and honour the prasad.

I would like to conclude my offering with one humble request. Maharaj, I am a little bit concerned about your health. I have seen you extending yourself selflessly to the masses, if possible, please take care of your health. We all need your long physical association.

Your servant,

I came to yatra to have darshan of you it was fulfilled. I listened every of your instructions and words during lecture. It was heart bound to me. I never thought i am eligible to be in your yatra. I was inspired by your journey home book after reading for the first time. I decided that day you are not an ordinary soul I decided you are my guru. I started aspiring for you. I never thought anything more than that. I relished all the programs during the yatra. I beg you to bless me to follow orders of my siksha guru without any hurdles in my spiritual path guru maharaj. Thank you very much maharaj for accepting this fool and enlightening me with the essence of devotional service. It is very amazing to see that you in all your lectures always emphasize about being humble and being servant of servant.
These two verses trinad api shunichena and gopibhartu padakamalyor Das dasanudas are always there in your lectures. It's not that you have been speaking these principles from recent few years but it's there right from the beginning.
This is essence which you have captured from Srila Prabhupadas teachings and Srila Prabhupadas hearts.

Not only you speak these words but have been practicing it in your life right from beginning. Through many instances you have shown to us how to follow it and practice it. Aacarya shows by his example and Inspires everyone to follow.

Recently I came across beautiful lines - A mediocre teacher instructs. The good teacher explains. The superior teacher demonstrates. And the great teacher Inspires.

So all your life, through your lectures, through your actions you have been inspiring thousands of devotees to follow these teachings given by Lord Chaitanya Mahaprabhu.
Deriving inspiration from you so many devs, grihasthas and brahmacaris have dedicated their life for serving Srila Prabhupadas mission. The community which you have cared for, inspired and developed has become a prototype for many other devotees to emulate.

Your heart is Vrindavan and you always meditate on Vrindavan and outpour of your heart is manifested in the altar of Sri Sri Radha Gopinath, Vrindavan Garden and now in GEVs Vrindavan forest. You have given us priceless gift which i don't deserve it at all, but nonetheless out of your compassion you have given it to all.
You are always with us through your books, lectures and instructions. In one of the lecture you very clearly told your personal instructions and as such there is no ambiguity of what you expect of me.
But my foolish mind and senses are not in control, although you have been emphasising very sacred teachings of Srila Prabhupada and Chaitanya Mahaprabhu I am not able to follow it and following short of it like anything.

On this auspicious day I would like to seek your blessings so that I can try my best to follow what you want and please vaishnavas, you and Srila Prabhupada.

From the day you made the promise to the sikh security gaurd on the border of India till date your body soul and life has been an offering of love to your beloved Gurudev , Lord Krishna and endless no of people. U have given your very self to all of us through all the trails , tribulations and ill health. Oh Gurudev my Spiritual Father Please accept my humble obeisances unto your lotus feet. I am not really eligible to write anything Please accept a little offering on this auspicious day for you. It's your appearance day today as we wish everyone on their Birthdays I want to wish you A Very Very Happy Birthday to You My Spiritual Father, praying for your good health and lots of Love for you, Please always stay healthy. When I saw your pictures online for the first time I didn't had an idea that I will some day become so much attached with your words, your presence, your blissful kirtan, your lectures, your name. I am not even eligible for being in front of you and your Transcendental glance but still You have showered your mercy upon me and you gave your transcendental glance on this fallen soul when you came Kolkata minto park temple this year. This was the first day when I saw you in person It was like a dream that became true to see you with my little eyes.

The second day when Satsang was kept at Gurusaday kolkata, the second time I saw you I was very very much happy and attended your live kirtan I was sitting in the front row and I was able to see you, you also gave your glance on me many a times. I was feeling so ineligible for that mercy also. When satsang program was over I was there a little late and I saw you were ready to leave the place that time I was carrying The Journey Home and It was so fortune for me that I got that book signed by you with your own hands and this happiness was just indescribable. I was just counting the number of times I got your Transcendental Darshana when you were in Kolkata.

In Kartik yatra organised for Puri Dham I was also dreaming to go but I thought I won't be able to but somehow by Prabhupada's mercy, everything got arranged for me and I joined this blissful Puri Dham Kartik maas yatra. The most beautiful thing is that this was my first ever visit to Puri Dham. On the first day of yatra I was there in the evening lecture and when Kirtan started I went in the front and again you showered your ocean of mercy on me by your merciful glance with transcendental smile. Nothing can be more beautiful than this.
Thankyou word is also not qualified for showing gratitude but please accept my little ineligible Thankyou for showering so much mercy. Please give me blessings Gurudev so that I can do Bhakti with seriousness and sincerity because I know without your and Srila Prabhupada's - my Spiritual Grand Father's mercy I am nothing. I pray to you please Gurudev please give me your blessings and Kripa for developing taste in Bhakti, taste in Chanting and reading and hearing Srimad Bhagwatam and lectures. I can pray you only please look at this poor soul once Gurudev, I have a desire to talk to you  Without your mecry and desire it wont manifest so I pray you whole heartedly please let this dream be true one day by your Kripa only, your mercy only. Please have mercy on me so that I can be a little instrument to serve you, I have a desire to do something to serve you and Srila Prabhupada, I am waiting for the opportunities when I will be able to do some seva.
Gurudeva Kripa karke mujhko apna lena,

Please accept my humble obeisances. All glories to Srila Prabhupada.

When we met you in Sri Sri Radha Gopinath temple year 2000 to take shelter of you, you kindly accepted us. As our master you also gave us a mission: "To be the father and mother of the congregation" - a service we tried to do all up till now.

The spiritual master is first of all the master and the disciple is the servant. But he is also the ever well-wishing friend - just like Krishna is everybodies master but also their best friend.

In our recent meeting in GEV we experienced you as the well-wishing friend more clearly than ever before. Dear Guru Maharaja - thank you for being such a wonderful master and such a good friend.

You are teaching all the good qualities by your personal example. The way you deal with devotees, God brothers and your personal sadhana is exemplary .
Pl forgive me for all offences and please bless me to follow in your footsteps and remain servant of your servants eternally.

Praying to Their Lordships to give you long life and good health.

Hare Krsna Guru Maharaja, Please accept our humble obeisance.
All glories to Srila Prabhupada. All glories, all glories to you Guru Maharaj.

We are very excited to welcome the auspicious occasion of your Vyas puja. For on this day, we have received the greatest gift from Krsna, in the form of our dear Spiritual Master.
How can a tiny lamp even begin to praise the light and warmth of the Sun. You are inspiring, thoughtful, your kindness towards all the souls irrespective of the body that they are in is like a balm to those who encounter it. Even though I am utterly disqualified to be your disciple, you still accept me out of your boundless mercy, for that I am so grateful.
I would like to recollect some of the major focuses in your lectures that created deep impact on my heart. You always stressed the principle of "trinad api sunicena" i.e., being humbler than the blade of grass and more tolerant that the tree as a very important characteristic of a devotee. Without following this foundational principle, we won't be able to progress in bhakti.
You taught us to always be in the mood of a servant of the servants of the servants of the Lord and always serve selflessly without having any personal motive. You always emphasize having a relationship based on love and trust among the devotees to create a congenial atmosphere for practicing bhakti. You always stress on the importance of devotee association to protect oneself from maya and continuously progress in bhakti. You talk about praising others but not taking praise for oneself.
Let my mind be devoid/free of any Indra like qualities of ahankara, anger, illusion and lamentation. May I be able to become a sincere, serious disciple wanting to please vaishnavas in the humble mood of a servant of a servant of servant of a devotee, by following your instructions and continued guidance on this path to fulfill the purpose of this human form.
The most fortunate moment of my life came when I got your darshan at Sadhu Sanga, Marriott Dallas Allen Hotel & Convention Center in Dallas May 2022. You were so kind to let almost 30 of us in from Austin in that tiny room and somehow that room for one expanded to fit us all perfectly.
You gave a talk about the qualities of Sadhu.
SB.3.25.21
titikṣavaḥ kāruṇikāḥ
suhṛdaḥ sarva-dehinām
ajāta-śatravaḥ śāntāḥ
sādhavaḥ sādhu-bhūṣaṇāḥ
The symptoms of a sādhu are that he is tolerant, merciful and friendly to all living entities. He has no enemies, he is peaceful, he abides by the scriptures, and all his characteristics are sublime.
You also mentioned that wherever pious people gather it becomes a place of pilgrimage.
Like a true sadhu you are here to enlighten us in devotional service to the Lord. O spiritual master you are embodiment of Sadhu.
I sincerely pray to Krsna that he gives me strength to take all your teachings as my life, soul and adhere to your divine instructions at all circumstances. I wish you a very happy, blissful and Krishna conscious appearance.
In service of Hari, Guru, Vaisnavas

Hare Krishna Dear Beloved Maharaj,
Please accept my humble obeisances,
All Glories to Srila Prabhupada.
All Glories to your Holiness.

By your causeless mercy, you accepted me as your disciple and I am very grateful to you from the bottom of my heart.
Maharaj, I read your book "Journey Home" several times. Each and every incident of your journey to India and seeing your thirst to find out the real Guru in your life gives me immense inspiration. Whenever I hear your lectures, something happens in my heart and thus I derive mental strength and peace of mind. On hearing your melodious voice during sankirtan, I forget myself and become absorbed in Radha Krishna. Maharaj, I used to live in a village earlier spending my precious time in unnecessary talks and works but your merciful glance of rays, have transformed my life and brought me into Krsna consciousness. At the same time, I am also grateful to my son, daughter in law and grand daughters for bringing me into Krsna consciousness and introducing me to you. Thank you so much Maharaj for showering your causeless divine mercy upon this insignificant fallen soul. Today I am 81 years old and I still feel that I have not done anything for Srila Prabhupada.
Maharaj, please guide me how to serve Srila Prabhupada mission and you. I would be happy to embrace your instructions and follow them until the end of my life sincerely and whole heartedly. Maharaj, I am falling short of words in glorifying you and your divine qualities. Your mercy is what I am made of. Even though your health is very fragile, you have extended yourself for all of us in Karthik yatra 2023. Thank you so much for your nourishing lectures in Jagannath Puri Yatra and i am constantly praying for your good health and long life.
With my limited intelligence and words, I have written a small poem for you Maharaj which I would wish to offer at your lotus feet...

Bow down to our Guru Maharaj,
Following His footsteps forever..
We cannot glorify your qualities,
It is beyond our capacity...
Humble, Simple, Kind hearted,
Taking care of all living beings...
Always showering with smiling glance,
Filling our hearts with Krsna Prem..
Glancing at our face only,
Giving remedy for our problems..
How can we express our Love for you,
Maharaj, forgive us for our inability...
Forever praying for your long and healthy life.

Your insignificant servant,

Hare Krishna, dear Guru Maharaj! Please accept my humble obeisances in the dust of your feet. All glories to Srila Prabhupada!

I want to express my deep gratitude to you. You set an extraordinary example of the servant of the servant of the servant. You live by this principle, and everyone who is near you is imbued with this spirit. It is an incredible opportunity to see this example, to come into contact with you and your disciples who fully manifest your essence - caring for devotees, service, complete dedication to the mission.

Thank you for the opportunity to jointly japa with you in Mayapur and Jagantha Puri, listen to Krishna-katha, and be in service. By the grace of the devotees, throughout the year I was imbued with the spirit of caring for the devotees. And Kartik-yatra is an example of how Krishna consciousness manifests itself in practice, in life, in one large community, in a family.

Thank you for teaching me a lesson in humility and showing me the importance of doing service rather than trying to be noticed. You have shown that when the servant of the servant has the right mentality, everything happens in the most perfect way.

I want to admit that not everything can be followed from your instructions, but I continue, I continue to try, I continue not to give up, and I also continue to pray and ask for the mercy of Sri Sri Guru and Gauranga so that one day I can become a worthy student of yours.

I ask for your blessings to realize that I am completely dependent on the mercy of the Holy Name, and that the spirit of serving the Holy Name is pure without any selfish motives.

I sincerely wish you good health and the opportunity to give even more people the path to Krishna.

Your servant,
bhaktin Tatyana.

Your humility and serving attitude is so deep like the ocean. Dear Gurudev
Please accept my humble obeisances. All glories to Srila Prabhupada.

On this auspicious day, I humbly offer a few words of glorification at the dust of your lotus feet.

saṁsāra-dāvānala-līḍha-loka-
trāṇāya kāruṇya-ghanāghanatvam
prāptasya kalyāṇa-guṇārṇavasya

"The spiritual master is receiving benediction from the ocean of mercy. Just as a cloud pours water on a forest fire to extinguish it, so the spiritual master delivers the materially afflicted world by extinguishing the blazing fire of material existence. I offer my respectful obeisances unto the lotus feet of such a spiritual master, who is an ocean of auspicious qualities."

Just like a frog does not understand the ocean's vastness, I repeatedly fail to realise what a great benediction you are in my life due to my ignorance. But out of great compassion, you have always remembered to shower your mercy upon us through your love, compassion, instructions and examples.

It was an excellent opportunity to see you in person in Sridham Mayapur. It is always a wonderful experience to be with you. You have always shown by your example how to take care of devotees and be exemplary no matter the situation by being in a humble mood with a selfless service attitude. Your association always reminds me of the verse Srila Narottama das Thakur wrote:

gangara parasa hoile pascate pavan
darsane pavitra koro—ei tomara gun
"After bathing in the waters of the sacred Ganges many times, one becomes purified, but just by the sight of you, the fallen souls are purified. This is your great power."

Amongst all other instructions, You constantly remind us that Vani is more important than Vapu. Through your life lessons, we know how you have practiced this in your own life. You have always stressed to serve the devotees by holding straws in your teeth. Again and again, we observe that you practice this principle every moment, which inspires us from the core of our hearts, and we feel proud to be your aspiring disciple.

I beg for forgiveness, enlightenment, and engagement in your service on this special occasion. I hope to continually cultivate and cherish the beautiful instructions you leave for us.

Dear Radanath Swami.
It has been a year since I was given the opportunity to surrender at your lotus feet and be accepted for initiatiation as an aspiring eternal servant of the servant in the mission of Srila Prabhupada. To be lifted up from the darkness of material nescience by the grace of your selfless service unto the lotus feet of Srila Prabhupada and Sri Krishna is indeed a thankless task that you have so mercifully taken upon yourself as an instrument for the will of the Supreme Lord. Thanks to you I have been given the opportunity to engage my senses and mind in menial service and commence a life of blissful servitorship in the light rays of the benediction moon. Reflecting on my own self I realize that I am most fallen, unfortunate and unqualified and so I pray to you and to the countless Vaisnavas for the benediction that I one day may be elevated to become a Vaisnava devotee of the Lord myself.

On our initiation day you instructed your aspiring servants to sincerely serve in the temple because you are too busy to accept direct bodily service personally, an instruction that our fallen self has strived his very best to honour by attempting to be an agreeable, open, and simple servant of the servants at the lotus feet of Sri Sri Nitai Gauracandra here in Bergen, Norway. I will continue my best to live by your instruction, accepting that you know what is best for me as a spirit soul.

I also wish to express my gratitude for your presence as a pure devotee among us fallen conditioned living entities. You inspire us to stay enthusiastic in our quest for self-realization by your display of simplicity, humility, kindness, warmth and compassion, not only in accepting us as your servants in the eternal mission of bringing the lost souls back to Godhead, but also by the way you inspire millions on the internet and in dealings with the general populace in various Krishna conscious projects. Thus I again thank you for the gift you have given me by accepting me as your eternal servant and appreciate the fact that I can never repay you for this opportunity. I can only pray that I may be able to do my very best in whichever situation of life I may find myself in and remain optimistic that my service may be rendered useful on some level.

Thank you, thank you, thank you. May your appearance day and vyasa puja be blessed.
Your servant,
Tribhanga Govinda Das

Dear Maharaj;

Please Accept My Humble Obeisances!!!

I would like to express my heartfelt gratitude for you Maharaj. This year, we could get more of your physical association at various places, culminating in Karthik Yatra at the Holy Place of Jagannath Puri, which you mentioned was the perfect destination, considering the vipralamba of so many years from Kathik Yatra.

I would like to thank you Maharaj for the wonderful association of Vaishnavas you have created, where everyone is centered around pleasing Guru and Krishna, with no other ulterior motives. The amount of stress you put on trnad api sunicena has become very relevant to me of late. Previously I used to think that it is important to follow but could not understand to what extent, but now it has become very evident to me that under each and every circumstance it has to be the essence to be followed. In relationships, sevas, communications, sadhana, every other aspect, if trnad api sunicena is followed, it makes things extremely simple and brings about togetherness in devotees. Your example is the most apt for this verse, where you lead by this verse and everyone is just ready to surrender everything unto you as an expression of love for the ocean of mercy you shower upon us.

Thank you very much Maharaj for having given us so many lectures to train us in pure devotional service and how to please our

superiors under all circumstances. It is very heartening to hear how HDG Gour Govind Swami Maharaj thanked you for your service to Srila Prabhupada, which is your constant meditation; how to please Srila Prabhupada more and more. Even from the pastime with HH Tamal Krishna Goswami about how determined you are to carry out the Pujari sevas of Sri Sri Radha Vrindavanchandra at New Vrindavan, that he surely knew that you would keep executing what Srila Prabhupada has awarded you with utmost determination.

Thank you very much Maharaj for giving us GEV, each and every year its glories are increasing multifold. It is the manifestation of pure love you have for Krishna and Srila Prabhupada. Only to please Srila Prabhupada, you undertook such hardships to glorify Srila Prabhupada by setting the perfect example of farm community. It is only to save so many conditioned soul by giving them the best experience of Krishna consciousness, that you have been constantly endeavouring to improve the GEV. Recently some of my office colleagues went to GEV for weekend trip and post return, they started to address me with “Hare Krishna”, I was shocked to see the transformation, but then could easily understand how you have planted your whole mercy in GEV, and anyone who comes in touch with GEV, understands and sees Srila Prabhupada as the pure representative of Krishna.

I would like to personally beg for blessings from you Maharaj, so that I am able to etch trnad api sunicena to my heart and follow it under each and every circumstance of my life. Please let me always be under your shelter and remain a speck of dust at your lotus feet, by serving the servants of your servants.

Your aspiring servant of servant,
Trideep

Dear Guru maharaj,
Had you not been there in my inspiration of hearing, there would have been no scope for me to strive to be humble. Your example and speech is the only driving force to desire humility. I cant imagine what blessing is this! When I see myself not being able to remember your instructions, not feel connected to your vani, feel lathery to strive for acting humbly, not tolerating situations – I understand that as a lack of my faith in you. Really it is very horrifying contamination. To not have faith in you. But what is the solution? When I had strived for faith, I have seen my faith does not go above some certain gross observation of you. Your real transcendental nature is completely unknown to me. How can I understand your transcendental nature? Only of you desire to reveal it. I will strive for it guru maharaj, but kindly bestow the understanding of your transcendental nature and allow me to have unflinching faith on you. Without this quality all of my spiritual activities are vacant without any substance. I am void from the perspective of spiritual life. I don’t know how much and how long but I need it desperately as soon as possible since I am feeling vacant without it. You have power to bestow this on me. Please, if you think it fit, kindly bless me with unflinching faith and trust on you.

Aspiring to be the servant of your servants,
Tuhin.

Hare Krishna Maharaj,
Please accept my humble obeisances. All glories to Srila Prabhupada.
Thank you from all my heart for being a living example of compassion, care and devotion.
Just yesterday in a bhakti reading group that I am a part of, we were discussing what parts of bhakti have helped us deepen our

faith in Krishna. There were various examples - how the scriptures can answer our questions, the rich culture, the vast knowledge of other sciences like ayurveda, personal experiences, and many others.
Immediately what came to my mind was the example of devotees - your example as well as that of so many of your disciples. Seeing how caring and compassionate you are towards others helps me to see and feel Krishna's love. And feeling this love, depends my faith.
Thank you so very much. I hope and pray that as a token of my gratitude to you, by my example I may also be an instrument in helping others feel Krishna's love.

Hare Kṛṣṇa, dearest Gurumahārāja!
Please accept my humble obeisances. All glories to Srila Prabhupāda and to Your lotus feet.

Another year has passed since our last meeting in Prabhupāda Desh, Italy and I'm so happy to see you travelling around the USA, Europe and India so you can continue serving the mission of Lord Caitanya and Srīla Prabhupāda surrounded by your loving disciples.

I wish You many happy returns of Your appearance day and good health so You can fulfil Your Gurudeva's desires to distribute the blessings of the Holy Name all around the world!

After my initiation last year I've been feeling much more devoted to Guru and Srī Kṛṣṇa knowing that I have finally arrived at the best place ever, in the Krishna-conscious community. It is a wonderful feeling to chant the Holy Name on my japamālā knowing that you have already chanted on that the Hare Kṛṣṇa mahāmantra before. Please accept many thanks for your mercy.

Perhaps you already know that your Hungarian disciples have a big plan: We would like to publish your book Journey home in Hungarian language. The translation has already been completed which is my personal offering to You to express my gratitude for saving me, insignificant little fallen soul – hoping to contribute to saving some other fallen souls drowning in the deep material ocean. My husband Istvan prabhu's been doing the first proofreading but the editing, page setting and prepress are still to come. So we have to find some financial support in order to cover the producing and distributing costs. We've had in January an online meeting with Mandala Publishing, California and they were really supportive regarding the copyright and book publishing in Hungary. If you see our initiative as good and agree with it, please give your blessings to its successful implementation which would mean: a long desired dream could come true.

By the way dreaming: I already dreamed several times that you visited Hungary and we had an amazing festival during your stay in Budapest. I was brave enough to dare to dream like this, and I even dare to wish that this dream would become real!

Until we meet again (hopefully soon), I remain your grateful servant,

Dear Radhanath Maharaj
Please accept my humble obeisances
All glories to Srila Prabhupad
The recent Kartik Yatra to Jagannath Puri is a testimonial of how much your disciples love you,without which it would not be possible to have such a well organised yatra of more than ten thousand devotees. The sound system was so perfect that, those sitting far behind could clearly hear your wonderful lectures and kirtans.The Prasad was sumptuous. Thanks to the yatra committee who spent so many sleepless nights to make every thing a success. All the devotees could offer lamp during Damodar ashtakam without any difficulty.

Your natural care and concern for the young and old was expressed during the yatra, through the thoughtful kids zone and delivery of Prasad at the doorstep to the elderly devotees.
The Gopal's garden school and the hospital in Mumbai, the eye camp and dental camp in Barsana, are all expression of your concern for the needs of all.Most important is the spiritual care through your instructive lectures wherein you emphasise humility and service attitude which was brought out fully during the yatra. Thousands of bhogas were prepared with love and devotion on Srila Prabhupada disappearance day.
You treat each devotee with so much love that each one feels you love him or her the most and each one does his / her best to please you.
The way to please the Lord is to please the Guru. I beg to know how I can please you, what will make you happy.
I am eternally grateful to you Maharaj for your mercy. Begging to be forgiven for all offences. Seeking your blessings

Dear Gurudev
Hare Krishna
Please accept my humble obeisances. All glories to Srila Prabhupada.

Your coming to my life is no more than a miracle of Lord and Srila Prabhupada. Your constant travels, compassionate nature to give Krishna to one and all, attraction for chanting and kirtan with great absorption, creating projects and systems to engage 1000s of devotees systematically in Lord's service are very inspiring to me.

I am a conditioned soul with many faults and struggling with mind and senses but have great desire to advance in Krishna consciousness. I am trying to serve the vaishnava community here in Pune and hoping to get their blessings.

Last few years my major part of energy and time is invested in managing the Bhaktivedanta Model School that blends Vedic culture with modern academics. I am blessed with a team of almost 25 dedicated teachers and other staff members and together we are trying to make a difference in the field of education. How do we see Krishna in various aspects of life, what Vedic traditions tell us above a particular topic that students are learning, how Vedic knowledge is not outdated but still applicable and gives great results - these are few of the objectives we are focussing upon. As a result, a new curriculum is under development, 5 books are published, multiple small books are in pipelines that might help other schools as well.

Another service I am putting my heart into is training the counselees that are put under my care by Lord. I observed that devotees are coming and going without much thinking about implementing what we are learning from various preachers. Partly also because of the challenges one faces from various quarters. So since last few meetings, we are designing the details of each counselee meeting that includes overview of one book of Srila Prabhupada, one Vaishnav song, life story of one Gaudiya acharya, expectation that Guru and temple has from all of us, services that we can render that month/year and finally ending with nice prasadam. One of the above topics is presented by one counselee in turn and rest by me or my wife, Damodar rati. I know we are doing basics of KC but with your blessings we hope to grow deeper in our KC.

Few of the counselees and devotees come together and read Srimad Bhagavatam daily evening for half an hour online (Mon to Fri). We read a sloka translation and purport followed by 2-3 minutes of explanation on what we understand and implement in our lives from that. First time ever, we are understanding the flow of SB and what Srila Prabhupada is trying to teach us. This is now going on for last 3 years (started during COVID period)

But I admit my flaws to you too - my chanting. I am not able to focus and chant atten-

tively. When you were here in Pune for GBC meetings and before that for a day - I joined while you were chanting in the temple hall. It was very uplifting and satisfying. This is where I need to improve.

My wife, Damodar rati, was diagnosed with breast cancer this year and we underwent a difficult period of 2 surgeries, chemotherapy and radiotherapy sessions for about 6 months. Now she is improving her health. Currently hormone therapy is going on and started taking some ayurvedic treatment to get back to normal energy levels. We remembered your words that you gave to Vrishbhanu nandini mtj when she suffered cancer and following. We did not make it public since already community was reeling through pains of cancer news of 2 matajis - Satyvativati mtj and Anupam gopika mtj. We just told close devotee friends and their support was overwhelming. Haripriya radha mtj and Sri gurucharan pr helped us in many ways, so were few others. Now she is out of danger, we just hope that it should not recur. She also attended the recent Jagannath Puri yatra and later a visit to Mayapur.

My father, Hamsavatar pr is now 83 and is on bed for last 3 years since we met a car accident. Gradual health improvements are seen from totally bed ridden condition to now walking with the help of an assistant. My mother, Audaryalila mtj is serving him like no one. We assist her. Still in this condition, mother continues to guide her counselees, hold preaching programs for Saswad devotees. At times, father gives online katha. Their dedication is another inspiration for me. Both of them are counselors in Saswad center.

We hope that our children, Manjari and Ramanuj, flourish in all aspects of life, ultimately pleasing Guru and Gauranga.

This is a kind of small report of various things happening in our lives along with services we are able to render. One of the reasons of writing this is to please you and seek your blessings. We want to become a good instrument in spreading the mercy of Lord Chaitanya to as many people as possible. That is really a burning desire but main obstacle is our mind and senses.

Hoping to please you a bit with out little endeavours, we seek below prayers -
- protection from Maya at all levels (physical to spiritual) to us and devotees connected to us and Pune community,
- good vaishnava relationships with each other and devotees around us
- attraction to chant the holy names properly and
- may our words and actions please the vaishnavas

Next year, I would be more than happy to give update about these things and please you a bit more...
Eternally aspiring to be the servant of servant

your insignificant disciple,
Tulsi das
on behalf of wife, Damdar rati; parents, Hamsavatar pr and Audarya lila mtj; children, Manjari and Ramanuj.

All Glories to Srila Prabhupada.!

Thank you for introducing me the purifying realm of Krishna Consciousness. Thank you for being such hope and inspiration in my life which uplifts me and saves me again and again.
The success of my life will be to take seriously HDG Srila Prabhupada's mission of spreading Lord Chaitanya's desire here in Tokyo Japan.

You always emphasized and shown by your example that by helping the spiritual master serve the Lord's mission is the best way to become intimate and dear to lord Krsna.
If a disciple is very serious to execute the mission and follow the words of the spiritual master, he immediately associates with the Supreme Personality of Godhead...This is the only secret of success in seeing the Supreme Personality of Godhead.
I am eternally grateful to you for all you have given to me. On this most auspicious day, I want to say with deep gratitude "Thank You for everything".
I pray to Lord Narsinghdev to bestow you with good health and long life.

Dearest Sri Guru Maharaj,
On the occasion of this very auspicious 73rd Vyas Puja day of yours, I offer my humble obeisances to the dust of your lotus feet. I am so grateful to have an opportunity to submit my offerings to you. From the day I read Journey Home, it was an end to my search for spiritual master. From that very day, my heart accepted you as my spiritual master. Your journey in spiritual quest at the tender age of 19 is so inspiring. Whenver I hear some kirtan from your meldious voice or some lecture, I could see the purity of your heart and a deep sense of separation from Krishna in your heart. Through your lectures, I have tried to be in your association. Even if I could awaken a pinch of devotional service in my heart through your various preachings, I would consider it as receiving an ocean of mercy. Your preachings are so pure and your instructions, guidance are so simple that immediately inspires me to follow them. The words spoken by you are piercing my heart and at once awakens me from my ignorance. You are the only spark of light for me in this material world. By your relentless service and so many preachings, you have uplifted so many fallen souls and I see a hope in those preachings for my upliftment.

Until I came in contact of ISKCON, I was miserably fallen. It's only after I read Journey Home that I started thinking seriously of my life and then understood the purpose of human life. I would try to serve and please Your Holiness in whatever insignificant way I can and whenver I get an opportunity to do so.

Please keep me in your association and prayers. Please shower your blessings unto me so that I can uplift myself little bit after so many lives. Please guide me in my spiritual journey as I traverse this Sansara Davanal. There is no hope for me to awaken my love for Krishna other than your preachings and guidance. I beg of you to please please provide me a little place at your lotus feet so that I can awaken myself from fallen condi-

tion, I can feel the separation from Krishna and I can make an attempt to perform devotional service.

Respected Guru Maharaj,
Hare Krishna, please accept my humble obeisances.

HH Radhanath Swami Maharaj ki jai
I am very grateful that i got this mercy of Krsna bhakti because of Maharaj through HG Radheshyam pr. i had never thought that i would be practising spirituality, but i was fortunate to come in association of

devotees. Back in 2012 i had decided that i will be attending a course on gita, so i went to this session where HG Radheshyam pr ji was giving lecture on shifting to voice, and after lecture i had decided that i will be shifting to voice, and shifted to voice within 15days.
Staying in voice with devotees, chanting, dancing, feasting,yatras always charge me, as without devotees it is very difficult. i was very much inspired by Maharaj after reading his books and relationship with Ghanshyamdas babaji maharaj. i had never read or heard something like this before. The power station for getting charged in spirituality is attending yatras, the way maharaj explains the pastimes in details in dham, it feels as if we are seeing those pastimes happening in front of us, and with that the real life teachings are very practical and can be easily connected. Thank you very much Maharaj for giving all the facilities, devotees, resources to practice spiritually. Please bless me that i am empowered to spread krsna bhakti so that i can please krsna and all the Vaishnavas.
Your humble servant
Vaibhav

परम पुज्य राधानाथ स्वामी महाराज दंडवत प्रणाम जीवनाचा उद्दैा आणि अर्थ जाणून घेता यावा म्हणून महाराजांनी अमेरिकेतील स्वतः घर सोडून बाहेर पडले होते. ते तरुण होते आणि एकटेच र्विवभ्रमण करीत होते. जवळ पैसे सुध दा नव्हते.
परमैवराच्या नावाखाली चाललेला लोकांचा छळही महाराजांना पाहवत नव्हता आणि 'हे असे का घडत असावे' याचा अर्थही समजत

नदीकाठची दृ÷टी हटवून महाराज पुन्हा वास्तवात आले. आपल्या असंख्य कामना, अतृप्त इच्छा, चंचल सुखे आणि अटळ वैफल्य या सर्वांचा उगम एकच आहे ते म्हणजे आपल्या ठायी असलेल्या सुप्त प्रेमाचे आपल्याला झालेले विस्मरण होय. प्रेम स्वभावतःच मनु÷याला तृप्ती तथा समाधान प्रदान करते. हे अनुपम प्रेमच त्याला स्वतः मध्ये, स्वतः भोवतीच्या लोकांमध्ये तसेच वातावरणामध्येही परिवर्तन घडवून आणण्याची ६ाक्ती प्रदान करते. या अनादी सत्यापर्यंत महाराज पोहचले आणी औाप्रकारे महाराजांना जीवनाकडे पाहण्याचा दृ÷टीकोन

वृंदावनात भ्रमण करीत असताना १९७१ साली महाराजांची ए.सी० भक्तिवेदांत स्वामीाी भेट झाली. प्रभुपाद स्वतःला परमैवराचा आणि इतर सर्व मनु÷यमात्रांचा सेवक मानीत होते. तसेच ते अतिप्राचीन काळा पासून चालत येणाऱ्या भक्तिपरंपरेचे अधिकृत आचार्य होते. प्रभुपादांनी जगातील सर्व धर्मांचे सार औा योग्य पद्धतीने मांडले की त्यामुळे या धर्माकडे समत्वाने पाहण्याचा अचूक दृ÷टीकोन महाराजांना लाभला. आत्म्याचा परमात्म्याीी असणारा संबंध जाणून घेण्यानेच तृप्त होते, हेही महाराज प्रभुपादांकडून ौिकले.
दया किंवा करुणा म्हणजे वास्तविक अध्यात्माची अविभाज्य अभिव्यक्ती आहे. हे भक्ति मार्गातील प्रवासात महाराज ौिकले. श्रील प्रभूपादांनी सांगितलेल्या सहजसोप्या दृ÷टांन्तांद्वारे या सर्व क्लि÷ट प्रैनांचे निराकरण झाल्यामुळे त्याच व÷ी वृदांवन या पावन स्थळी महाराजांनी प्रभुपादांचे ौि÷यत्त्व स्वीकारले. आणि जीवनाच्या अंतापर्यंत त्यांच्या उपदैाांचे पालन करण्याची प्रतिज्ञाही घेतली.

"Param Pujya Radhanath Swami Maharaj Vyasa Puja Om Namah Vishnupadaya Krishna Presthaya Bhutale Shrimate Radhanath Swamin Iti Namine.
Param Pujya Radhanath Swami Maharaj, offering my humble obeisances at the lotus feet, understanding the purpose and es-

sence of life, left his own home in America. He was young and embarked on a singular world tour. Even money was scarce.
Observing people who were materially successful but lacked inner fulfillment, Maharaj did not find satisfaction and wondered, 'Is this how life should unfold?' While watching the obstacles during his journey on the Big Thames River, Maharaj's eagerness to understand the direction of his life intensified. Removing the veil of materialistic perspectives, Maharaj returned to the true path. The countless desires, unfulfilled wishes, fleeting happiness, and constant failures, all originate from the same dormant love within. Maharaj realized this timeless truth and redirected his focus towards understanding the purpose of life.
During his pilgrimage to Vrindavan in 1971, Maharaj met A.C. Bhaktivedanta Swami, the founder of the Bhakti Vedanta Institute. Prabhupada considered himself a servant of God and all humanity. He was an authorized Acharya in an ancient lineage. Prabhupada presented the essence of all religions in such a way that it promoted equality. Maharaj benefitted from Prabhupada's teachings and learned to have a personal relationship with the Supreme.
True compassion is the unadulterated expression of spirituality. Maharaj learned this on the path of devotion. By rejecting all difficult questions through simple and profound examples given by Srila Prabhupada, Maharaj accepted the discipleship of Prabhupada in Vrindavan. He pledged to follow Prabhupada's teachings until the end of his life. Maharaj spreads the message of Krishna devotion worldwide. The Counseling System, Bhaktivedanta Hospital, and Govardhan Eco Village are all established under the guidance of Radhanath Swami.
Expressing my gratitude for being a part of the Chaitanya Mahaprabhu movement, I am thankful to Srila Prabhupada, Param Pujya Radhanath Swami Maharaj, the temple president HG Radheshyam Prabhu, and the councilor Bhaktinidhi Mataji. We are all very grateful for your blessings.
Your mercy is our aspiration.

Hare Krishna Dear Guru Maharaj,
Please Accept My Humble Obeisance,

Just few days back, I was reading a verse from Srimad Bhagavad-Gita and I immediately remembered you.
BG 12.13-14: One who is not envious but is a kind friend to all living entities, who does not think himself a proprietor and is free from false ego, who is equal in both happiness and distress, who is tolerant, always satisfied, self-controlled, and engaged in devotional service with determination, his mind and intelligence fixed on Me – such a devotee of Mine is very dear to Me.
This verse and many more verses in this series of Pure Devotional Service Chapter, completely exemplifies your personality.
Non-Envious: When it comes to glorify devotees, you do it with thousand mouths describing every small detail, it may be about Bhagavatam characters, Gosvamis, Parampara Acharyas, your Godbrothers or even your own disciples. But when it is about your own self, you don't accept it and give credits to others saying that I'm a simple person, I don't know anything but Krishna.
Friendly to all living entities: Your one glance is sufficient to make a person feel deep connection with you. Also your dealings with devotees, well-wishers, other organisations, vrajvasis and even animals like cows, etc. shows your friendly nature.
No Proprietorship: You always teach us to respect your Godbrothers more than yourself. When one of your disciple commented that Maharaj, you are the best Spiritual Master, immediately you became grave and corrected him with mature understanding.
Free from False Ego: I heard many times from you saying to various devotees, " I'm eternally your servant and want to take dust from your feet".
Equal in Both Happiness and Distress: So many challenges, difficulties, came in your life in your journey to search for a Bonafide Guru, but you remain undisturbed, and same with success, it didn't affect you but through that you always glorified the arrangement of the Lord and Services of various devotees involved.

Tolerant: 'trnadapi sunicena...' Tolerant like a tree. You always speak on this because you are exemplifying it in your own life. Your New Vrindavan pastimes are the perfect example for this.
Always Satisfied: In the initial days of New Vrindavan, when you got service of taking care of cows, that was the world for you, later deity services, you just got absorbed in the service. Whatever service, responsibility was given you did your best in that without any hankering for Post, Position or Fame.
Self-controlled: 'vacho vegam Manas krodha vegam...' Situations where a conditioned soul get tempted and pours out his anarthas, you turned it into an opportunity to take shelter of Krishna.
Engaged in devotional service with determination: You are very meticulous in performing any service and getting the service done in the best possible way. You took repeated follow-up for the deity incharge to put thin garland on Srimati Radharani's head, reforming Radha Gopinath Mandir and the entire Vaishnav community and many more.
Mind and intelligence fixed on Krishna: Once HG Gauranga pr shared how you never uttered a single holy name unconsciously. Every situation in your life, you always remembered Krishna and how he is so merciful. Your lectures on Krishna Lila in Kartik Yatra, are so absorbing because you are fully fixed and narrates the pastimes as if you are into that.
I'm just trying to write some of your unlimited glories in my limited understanding. Eternally grateful to you Maharaj for giving me shelter at your lotus feet by accepting me as your disciple. Please bless me so that I never disappoint you and can follow your teachings and genuinely apply it in my life.
Seeking your blessings,
Your aspiring servant,
Vaishnav Sharan Das

Hare Krishna dear Gurumaharaj,
Please accept my most humble obeisances.
All glories to Srila Prabhupad!

Thank you for sharing your Journey Home which always motivates me to overcome various obstacles in spiritual life. After hearing your struggles, seeing your thirst to know God and determination to stay on the path, I feel my my problems and efforts insignificant.

Thank you for sharing your Journey Within which is an eternal guide book on spiritual journey.

Thank you for leading by example. You truly are humility personified. Having your darshan, reminds me of Lord Chaitanya saying to Srila Rupa and Santa Goswāmi - 'Your humility breaks my heart'.

Thank you for your entire life of dedication without which insignificant souls like me would be wondering without spiritual shelter.

Please forgive this ignorant child of yours for all the offenses committed and being lethargic in Sādhanā.

Please bless me so that I keep serving Lord and His devotees in the mood of servant of servants of Lord's servants and please you someday.

Dearest Guru Maharaj
Hare Krishna
Please accept my humble obeisance's at your Lotus feet.
All glories to His Divine Grace Srila Prabhupada. All glories to you on this auspicious day of your 73rd Vyas Puja Celebration.

Dear Guru Maharaj by Krishna's mercy once again I have got a beautiful opportunity to write this offering to you. This year has been the best year of my life. Not just once but four times I have got your mercy. And the best part is that, again with Jagannath ji's and by your will, hopefully I will be getting your wonderful association again in Kartik yatra in Jagannath Puri.
I never ever imagined that I will get this much mercy of yours, that too in such a short duration.

My first close meet with you during mangal aarti in front of our sweetest Sri Sri Radha Gopinath ji, Chowpatty temple. That 30 seconds glance of yours changed my life forever. I cannot describe in words how amazing and beautiful that moment was. In that moment you made me realize how beautiful is Krishna Consciousness and how difficult it is to be this happy and joyful, if Krishna is not the centre of our lives. You made me realize how valuable is this process of bhakti. At that moment my heart was just filled with love, but was also crying of being ashamed to even face you or to even greet you back. It was like something just pinned my heart, that tears poured out of my eyes. I just couldn't look up to you. It was like I was not worth of your mercy but also at the same time I just wanted to grab that moment of your transcendental glance with all of my heart so that I can keep that memory forever in my heart.
Yet you being so merciful that you gave me another opportunity of your association by accepting me to be a part of your Kartik yatra.

"Cakshu dan dilo jei, janme janme prabhu sei." You are my master, birth after birth. But still I feel I am not that capable of glorifying you. It's so difficult to put feelings into words. I am not even this much qualified to glorify you on such an auspicious day of yours. Please accept my sincere apologies for this.
Words cannot express the deepest gratitude I feel for being a recipient of your causeless mercy. Whenever I see your deepest compassion for the fallen souls, it just not inspires me but also gives me a source of shelter to my bhakti and challenges my material desires and brings my consciousness back to Krishna.
Your transcendental, ecstatic kirtans! Oh Gauranga, lifts up my heart filling with overflowing love and just love for Krishna.

Guru Maharaj your smile increases Krishna Prema in my heart, your glance is my spiritual strength, your instructions are like a treating syrup to survive in this diseased world. Your serving mood is my glucose which lifts up and energizes me to serve more enthusiastically. And your loving mood is that string which have held me tight with my Gauranga. Without you I am nothing.
Just nothing.

Your instructions not just help us to overcome spiritual but also the material issues. You have taught us the importance of forgiveness, tolerance, patience, gratitude and humility and how we can preserve our loving relationships with these wonderful practices. In every way you have taught us the mood of becoming servant of the servant. I pray to Srila Prabhupada, that may we get, even the tiniest drop of that pure mood of yours, so that we can help you serve Srila Prabhupada and Sri Chaitanya Mahaprabhu's Mission.

Gurudev on this auspicious day of yours I want to place a small request to you. Please, please keep me close to your lotus feet. Please allow me to stay in devotional service, as I have no pure love for Krishna. I have no taste in chanting. But if I have your mercy and blessing, I am sure someday I will definitely develop some love for Krishna and would want to serve with more genuineness and sincerity.

I am so grateful to Krishna, to Srila Prabhupada, that I have been blessed with the best devotee's association in my life. If they would not be there, I cannot even imagine to understand even a drop of your love.

Thank you, Guru Maharaj, for always reciprocating to my prayers. Thank you for always residing in my heart and showering

your immense mercy and love. I beg at your Lotus feet for your kind love and spiritual strength so that I could serve Srila Prabhupada more sincerely till the last breath I take. Please accept my humble apologies if you find this letter to be very long.

It's always so joyful to seek your darshan. Wish you a very Happy 73rd Vyas Puja Gurudev. Hoping to have your association soon. I love you so much Guru Maharaj. You are my source of everything. Please keep residing in our hearts. Forever and ever.
Always praying for your good health.

All glories to Sri Sri Radha Gopinath Ji.
All glories to Srila Prabhupada.
All glories to you Gurudev.

Today is the most auspicious day guru dev that is your appearance day .Gurudev you are ocean of vaishnav qualities.Actually gurudev I am person of dirty heart ,impure thoughts, complicated mind how such person can glorify such a pure exaulted vaishnava like you maharaj.
At the same time I don't want to miss this apportunity .Recently we had kartik yatra 2023 .In one class you told about vaishnav culture.A culture of co operation, helping eachother and care eachother.And you are the best example this.How you co-operate with your god brothers and sisters to take the mission of srila Prabhupada ahead that we all have seen in GBC meeting which held in Pune Nvcc recently.Then how you care your disciple which I have seen in case of my shiksha Guru HG satyavati mtj.
It is only And only causeless mercy upon me that you accepted me as your disciple

Dear Srila Gurudev,
Please accept my dandvat pranam.

All glories to Srila Prabhupada.

This year we got blessed with many special moments to have your darshan. Also, hearing from you and the kirtan during your Pune visit were so divine. These moments will be long cherished in my heart.

Thank you so much, Srila Gurudev. Almost 4years before you kindly accepted me as you disciple. I am really so happy and grateful to receive shelter at your divine Lotus feet. You are carrying mercy and compassion of Srila Prabhupada and all the privious acharyas in your heart. You are carrying Krishna's mercy in your heart. By associating with you through your nectarine lectures and kirtans we are receiving that mercy and compassion.

Srila Gurudev, my heart is covered with ignorance and desires for material enjoyments. And I am hardly serving you in any way. But I am taking sincere efforts and making it the first priority to follow your one instruction, i.e., attentively chanting the Hare Krishna mahamantra daily!!
This one thing is giving me so much strength and hope that although I am in a deep dark well of ignorance, soon i shall be delivered. Personally it's impossible for me to cross this mountain of Anarthas. But by the strength of your mercy and compassion Srila Gurudev, I shall surely cross this mountain of Anarthas.

Srila Gurudev, i really aspire to dedicate my complete time and energy to serve and please you. Although at this stage I am hardly serving you, I really desire to serve you more and more.

Srila Gurudev, I pray to Lord Jagannath to protect you and to keep you in good health. Whatever good health I have, may Lord Jagannath transfer it to you. Because your divine association is so important for the conditioned souls like me. I really pray to Lord Jagannath to remove all the obstacles in your service to Srila Prabhupada. I sincerely pray to Radharani and Krishna that let my mind be a better place so that I can become instrument of your mercy and compassion, Srila Gurudev.

Thank you so much Srila Gurudev.

All glories to Srila Prabhupada!!
All glories to Sri Guru and Sri Gaurang!!!

Aspiring to serve you eternally,
Your servant of the servant,

Dear Maharaj,
Please accept my humble obeisances at your lotus feet.
All glories to you for a life of dedication, determination & devotion!
All glories to Srila Prabhupada!

I feel myself completely unqualified to glorify you. But for my own purification I am making this feeble effort. Kindly accept it Maharaj just as Lord Ramachandra accepted the efforts of the squirrel in building the bridge.

I was at a juncture in life when I was completely confused regarding the aim of life. I was wasting my life in useless pursuits and was deeply feeling inside for some higher purpose. Day by day I was becoming morose from within. It was then that I was introduced to your dear servant HG Gaura Lila Prabhuji's programs by my friend Venkat Prabhu. These programs were like a soothing rain shower in the desert of my heart. The Kirtans, classes, deities, the prasadam - everything was like nectar. And soon one day we were taken to Chowpatty to hear you speak. Honestly speaking I hardly understood anything. Instead, all the time I was feeling terribly compressed in that jam packed temple hall and was thinking that you will see me and take pity on me. I was disappointed that you didn't speak anything to those sitting near me to give me ample space to sit properly.

Nevertheless, I continued attending Prabhuji's programs. Soon we were given to hear some lectures of your's. Initially, it was difficult but soon I sensed that your words had power which can touch and transform the heart like no one else. By the grace of Krsna, I began to derive immense inspiration from your lectures. Your powerful words were like a thunderbolt which were powdering the thick layers of anarthas on my heart.

Soon, albeit reluctantly, I attended your 2009 Mayapur Kartik Yatra. It was an amazing experience hearing your lectures amid 1000s of devotees. The elaborate arrangements of daily feast prasadam, accommodation, buses for visiting different holy places and the beautiful Damodar prayers in front of Sri Sri Radha Madhav was such a delight for the soul. Ever since, by your cause causeless mercy, I never missed any yatra and I pray to never do so.

Then came your wonderful web seva and the opportunity to know more about you and your teachings through your different websites. I started seeing in you the most simple and humble person that I have ever come across and possibly the world can see in these times of quarrel and hypocrisy. I considered myself greatly fortunate to have the association of such a saintly, pure hearted personality who was not only speaking but also teaching by his personal example.

In 2014, you kindly accepted me as your disciple and gave me initiation into this glorious Gaudiya Vaishnava parampara.

Your lectures on every topic - Gaur Leela, Krsna Leela, Humility, tolerance, Grhastha life are I feel your best contribution to this

world. Each and every lecture is like a magnum opus which can be heard again and again. Your lectures have saved me in so many occasions. I remember when once on a book Distribution my head got hurt and was profusely bleeding on the road. I immediately asked my wife to play your lecture and somehow I was miraculously saved from getting stitches. So many times your lectures have saved me and guided me in my grhastha and also professional life.

We can see that whatever you do is with so much love and devotion - be it speaking Hari Katha or chanting or cooking or dancing. Every single aspect of your's is so attractive and touching to the heart Maharaj. But still, despite receiving so much, I continue to be ungrateful and fallen.

On this most auspicious occasion of your 73rd Vyasa Puja, I feel the world has been so richly blessed by the descent of such a great saintly person like you. Thank you Maharaj for appearing in our lives and filling them with so much love and devotion. I pray that may I someday imbibe your mood of being a humble servant of servant. May I someday be able to following your teachings of trna dapi sunicena to a small extent. You take great pleasure in glorifying your godbrothers and can speak hours and hours about them. May I someday be able to also genuinely glorify other devotees. Currently I see only faults in them. May I someday be able to cry out the Holy Names sincerely and helplessly as instructed and exemplified by you Maharaj. Please bless Me Maharaj so that I can give up lust, greed, anger, duplicity and so many anarthas and develop some gratitude and attraction towards your lotus feet.

Time is running out very fast and my anarthas seem to be consuming my life. I have no desire for seva. Please bless me Maharaj with a little seva bhaav.

Pls save my life Maharaj, forgiving me for my countless offences, and help it become worthwhile in this wonderful mission of Srila Prabhupada.

Your servant

Dear Guru Maharaj, In 2023 I've had the opportunity to see you 3 times. During Sadhu Sangha in Dallas, Chaupatty and NVPP in Pune in October by Krishna's arrangement. What can I say Guru Maharaj, your blessings and mercy is the only thing I can hold on to. Though it is very difficult for me to approach you one on one, I'm so lucky to have your association. After initiation in 2019, in summer of 2023 I was pleased to run into you in an elevator at Sadhu Sangha, my joy had no bounds to be in your presence with the co-commuters in that elevator. I felt you are leading me spiritually in the Bakthi elevator in the association of other sadhakas. Your lectures and Kirtans are my life blood to keep me going. Hopefully by Krishna's arrangement I can be part of your Dham Yatra that I have only so far followed on YouTube. My material work responsibilities and family ties usually keep me away from you but I'm grateful that Krishna arranged a rendezvous 3 times this year. I wish you a very happy appearance day, all glories to your Vyas Puja! This year I have consistently joined morning Japa calls and shared a Vaishnava Bhajan before the call closing. I have also conducted Srimat Bhagawatam classes for kids on Sundays on zoom. I have tremendous challenges at home due to my doctor wife not being favorable and sometimes demoniac when she throws away my pictures and kartal when I'm away. But by Krishna's mercy I'm serving your lotus feet in your instructions to assist in Srila Prabhupada's mission in the humble way Iam able to. Your servant and disciple, Vamsi Vilas das.

Dear Gurudev,

Please accept my humble obeisances unto your lotus feet.All glories to your Spiritual Master Srila Prabhupad.

My husband and I were born in Ajinkya hospital beside Sri Sri Radha Gopinath Mandir.

When I did my graduation in Psychology-philosophy at Bharatiya Vidya Bhavan, I was fortunate to be blessed by Srila Prabhupada.He personally taught me and whole class on 12th chapter of Sri Bhagavad Gita as part of 'philosophy of religion' asked to study it,recite in breaks.

However I was totally disconnected as I was soon married after graduation.
But After my daughter got connected to you in August 2003 through HG Trivikram Prabhuji , I also started coming to your classes. I got connected to Srila Prabhupada through you.

I lost my husband Vinayak on 22 July 2022. In his illness and death we went through tough times. But by your and Srila Prabhupad mercy I could take shelter of Srila Prabhupad books like Srimad Bhagavat Geeta,Bhagavatam and CC through an online study circle. With my age I find it difficult to travel too often as we do not have vehicles. I hear your classes online and through online study and chanting I feel connected to you and inspired to complete my devotional service in this life

Both my children are your initiated disciples Gitapriti Dasi & Ghanashyam Krishna das. but they are not married and not in any ashram. Please keep them in your prayers so they engage in pure devotional service.

Please give me your causeless mercy, blessings and pray that I am perfect in this life to attain Krishna Lok and meet my husband Vinayak there.

Thanking you

GRAND PRIX WITH RADHANATH SWAMI AND CALLING THE PHONE WITH MAHARAJ

परम पूज्य राधानाथ स्वामी महाराज के साथ कानपुर में एक किस्सा ष्ेयर करना चाहता हूं परम पूज्य राधानाथ महाराज जब कानपुर आए थे 8 जनवरी 2011 में तो मुझे महाराज को लखनऊ एयरपोर्ट छोड़ने का अवसर प्राप्त हुआ था इस दौरान मैंने महाराज से प्रार्थना किया था बंत में की महाराज सिर्फ 5 मिनट के लिए आप हमारे घर चलिए महाराज ने वह विनती मेरी स्वीकार की और महाराज हमारे घर आए.

I want to share an incident with Param Pujya Radhanath Swami Maharaj in Kanpur. When Param Pujya Radhanath Maharaj came to Kanpur on 8 January 2011, I had the opportunity to drop Maharaj to Lucknow airport. During this time, I prayed to Maharaj in the car. Maharaj, you come to our house just for 5 minutes. Maharaj accepted my request and Maharaj came to our house.

परम पूज्य राधानाथ महाराज के साथ राधेंयाम प्रभु जी भी घर पर आए और महाराज जी ने करीब करीब आधा घंटा घर पर बिताया और हम सभी को बहुत औीर्वाद दिया इसके बाद महाराज जी को मैं लखनऊ एयरपोर्ट छोड़ने गया फ्लाइट का टाइम हो चुका था और महाराज जी ने मुझको कर बहुत तेज बंत चलाने को कहा साथ में ब्रज चंद्र प्रभु जी भी थे हमारी कार की रफ्तार 130 किलोमीटर प्रति घंटा थी और महाराज बराबर बोलते जा रहे थे कि कार और तेज चलाओ और तेज चलाओ उसे समय महाराज लीला में थे ऐसा मुझे प्रतीत हुआ और महाराज जस्ट ओन टाइम एयरपोर्ट पहुंचे और फ्लाइट में बैठने के बाद महाराज ने बृजचंद प्रभु से बोला कि आप

Radheshyam Prabhu ji also came to the house along with His Holiness Radhanath Maharaj and Maharaj ji spent about half an hour at home and blessed all of us very much. After this I went to drop Maharaj ji to Lucknow airport. It was time for the flight and Maharaj ji. He asked me to drive the car very fast. Braj Chandra Prabhu ji was also with me. The speed of our car was 130 kilometers per hour and Maharaj kept saying that drive the car faster and drive faster. It seemed to me that at that time Maharaj was in Leela. It happened that Maharaj reached the airport just on time. And after sitting in the flight Maharaj asked Braj Chandra prabhu to call Vikas Gupta as he wanted to talk to him.

विकास गुप्ता को कॉल करिए मुझे उन्हें कॉल से बात करना है मेरे जीवन का यह सबसे बड़ा औंचर्य चकित समय है कि महाराज इतने विनम्र हैं कि महाराज ने हमारी छोटी सी सेवा के लिए भी मुझको बहुत धन्यवाद कहा और 5 मिनट्स कॉल से बात करके बहुत सारी ब्लेसिंग मुझे और मेरे परिवार को दी ।

This was the biggest surprise of my life that Maharaj is so humble that even for our small service, Maharaj thanked me a lot and after talking on call for 5 minutes, he gave many blessings to me and my family.

On the auspicious day of Ram Navami, I got darshans of my Guru Maharaj for the first time ever. Finally my desire to have His Holiness' association was fulfilled by mercy of Lordships and Vaishnavas. It was a magical feeling that just as He came, the melodious and meaningful lyrics of Sri Guru Carana Padma filled the temple hall. At this time I had a warm feeling in my heart that He surely is your Guru. And the infinite mercy of Srila Gurudev is such that I somehow ended up dancing next to Him during kirtan. It is all Krishna's mercy and since then I firmly believe that Everything is an arrangement of Krishna's mercy. Hare Krishna.

I consider myself most fortunate that I am writing an offering to HH Radhanath Swami Maharaj on the occasion of his 73rd Vyasa Puja..Maharaj is pure devotee of lord krishna and is inspiring thousands of people all over the world to become Krishna Consciousness. Maharaj has unlimited qualities

which inspires me a lot. Recently I got a chance to attend Kartik yatra 2023.That was my first Yatra where I was fortunate to get Darshan of Maharaj and many pure devotees. Maharaj is so so humble..soft spoken ..mild..selflessness and full of compassion that everyone attracts towards him and get his merciful blessings. Even after long long lecture he is so compassionate to meet each devotee with full of energy and compassion and give his merciful blessings upon all devotees. Maharaj has dedicated his entire life to his spiritual guru, Srila Prabhupada. His lectures are so inspiring that it quickly connect our heart to Krishna. Under his guidance devotees from all strata of society come together and chanting the holy name of Krishna. Actually I fall in love with Maharaj during my first Kartik Yatra 2013 at Jagannath Puri Dham after getting his Darshan which was full of compassion. Thanks Maharaj for your kind blessings.

So on this auspicious occasion I beg Maharaj to give me shelter to his lotus feet and bless me so that I can become serious and sincere in my Krishna conscious life and always be eager to remain in service of devotees with a mood of servant of servant of the servants and to serve and uplift the Mission of Srila Prabhupada with my full strength.

Dear Maharaj,

Please accept my humble Obessiances, All glories to Srila Prabhupada. All glories to your most auspicious appearance day

It's that time of the year where I have the opportunity to hear your glories in company of cherished personalities, its my immense fortune to come under your shadow of mercy where I can bath under the nectar of your sweet words and directions. Maharaj I see you as a tall tree in the garden of Srila Prabhupada movement and providing relief to us in the blazing heat of the material world, also various branches which coming out of you are your stalwart magnificent disciples which is extending the shade towards us.

Recently I had the chance to experience your Kartik Yatra for the very first time, there I had the chance to get darshan of all stalwarts and I was able to perceive the element of your nature in all of them which is in turn nourishing me in countless ways.

Maharaj I am always amazed by the element of simplicity which you have and this child like heart is attracted by all. Your selfless service towards the greater humanity is widely appreciated. In the yatra it was heartening to see how you are keeping your godbrothers and sisters in forefront and acknowledging and making us aware about the valuable contributions they have made in the service of the Prabhupada.

It is so fortunate of me to have Maharaj you as a moon in this dark night, lightening up this world and showing the progressive path of bhakti to me and countless beings.

"Focus on the roots and not on fruits". I've heard this statement from my superiors far too often in the past couple of months. As a part of a fledgling movement, it's easy to get lost into the secondary benefits of practicing or preaching pure bhakti. Your lectures and exemplary life you've led have always focussed on the most foundational never going after big temples, huge follower-base, boisterous fundraisers. This helped us stay chaste to parampara and fixed in surrender to Krishna

I'm also very grateful to have read the book "Guru Smaranam" which is a compilation

of some of your glorious pastimes. I could get clearly understand that he's a person with absolute clarity on the ins and outs of the process of devotion - the way you maturely navigate through various situations with an appropriate blend of principles and practicalities is very inspiring

We were extremely fortunate to have stayed in GEV for almost 6 weeks. It was easily the most memorable 6 weeks of my life. I often tell my friends that GEV makes even those without deep spiritual vision get progressively attached to Vrindavan. And such attachment and attraction gradually takes us away from the mundane attractions of this world

There's a beautiful statement I heard of late that reminded me of you. "We need more leaders, who don't want to be leaders". As the society of Vaishnavas is growing, we obviously need leaders to hold the society together while at the same time not obsessively holding on to opinions or people. Your daily routine during COVID lockdown and the incident when you just left by a flight after some discrepancy in execution of some meeting points show how you are leader who's leading just because tens of thousands of devotees want you as a leader and not because you want it

On this auspicious occasion of your vyasapuja, I sincerely pray to Sri Sri Radha Gopinath, Sri Sri Gaura Nitai and Srila Prabhupada that they provide with you all facilities to continue serving Them in a monumental manner and also seek your blessings to follow your teachings with my heart and soul

Dear Radhanath swami, please accept my humble obeisances, all glories to Srila Prabhupada.

Dear guru maharaja, I am here in the Hare Krishna village, Bergamo, thinking of you, a most compassionate person who is trying his best to satisfy Srila Praabhupada.
I am begging at your feet for freedom from the stringent rope of material karma. I'm fighting every single day against ignorance and passion, trying to wake up to sattva and suddha sattva. It is so difficult to be self-illuminated.
I desire this great blessing not only for myself but also for the benefit of the people in general, to be able to give something more genuine without any mental construction. My point, maharaja, is that my deeper desire is to reach this state of consciousness but the reality of my life is different.
Day by day I'm trying to rise my consciousness, then at night I'm falling asleep in ignorance again. I'm growing old and can't wait to receive your mercy.
Tears are coming down on my cheeks, I perceive this love and I become more eager to go deeper then again I fall in ignorance, sleep, and my mind float anywhere.
This is my situation guru maharaja, naturally I'm feeling grateful for everything I received in the past, in my present situation, and hopefully a more bright future.
I greatly appreciate your tremendous loving effort in giving everything you have for the benefit of other people. I am in awe and veneration for you, my greatest friend, father, guru and my everything.
I would like to reveal to you a small aspira-

tion in my heart that you may already know. My ambition, dear Gurudeva, is to know, to love and to emulate the pure transcendental love of the inhabitants of Vrindavan. I feel attracted to the Lord's pastimes; my heart is attracted by hearing His pastimes from the mouth of pure devotees, dear gurudeva, at this stage of my spiritual journey my desire is to go forward.
I pray for your mercy to become able to absorb your instructions, to purify my soul, obtaining the necessary qualification and becoming your pure servant.

Dearest Guru Maharaj,

Please accept my obeisances, respect, gratitude, and love. This year marked the 25th anniversary of the day you mercifully initiated me, connecting me to our guru parampara, and giving me shelter. I have no words to properly thank you. Over the course of these twenty-five years, you have given me and my family so many gifts-- in the form of your time, loving care and attention, encouragement, kindness, and guidance. We do not deserve these gifts, but we accept them eagerly and gratefully, knowing them to be your grace and the grace of Krishna.

Maharaj, I know I haven't always been a proper disciple, and have let you down in many ways. But you've always encouraged me and loved me unconditionally, and you continue to do so. I'm so grateful and I promise to keep trying. I love you with my heart and soul.

Dear GuruMaharaj,
Please accept our respectful obeisances.
All glories to Srila Prabhupada and your esteemed self!
We are grateful to you for endeavoring to pick us up from this dirty pit of material misery and taking us towards Sri Sri Radha Gopinath!
We are amazed by your compassion towards your God brothers and your disciples. In the past year, you had guided HG NayanaSundari M in her departure from this world. In the past month, you have gently guided our dear HG Satyavati M towards the loving embrace of Sri Sri Radha Gopinath, giving her the exact instructions of boldly going ahead. You are blessed by Sri Gopinath to be present for the struggling souls just when they need it. Thank you for that, Guru Maharaj.
Though we do not have any qualification to expect that you will be available for us at the time of our departure, it is hope giving to us that your mercy will be available to us in some form through your sound or your disciples.
We are not able to measure our good fortune due to having coming in touch with you. We are those "bhagyavan jivas" who have got the mercy of Krsna through the Bhakti Lata Bija given by you. This creeper is only nourished by your words in the form of kirtans and discourses.
Srila Prabhupada quotes in his purports :
If, by the grace of the Lord and the great-souled devotees of the Lord, a living being becomes fortunate enough to associate with the unadulterated devotees of the Lord and gets a chance to hear the unadulterated glories of the Lord, certainly the flow of devotional service takes place like the flow of a river. As the river flows on till she reaches the sea, similarly pure devotional service flows by the association of pure devotees till it reaches the ultimate goal, namely, transcendental love of God. Such a flow of devotional service cannot stop. On the contrary, it increases more and more without limitation. The flow of devotional service is so potent that any onlooker also becomes liberated from the influence of the modes of passion and ignorance and the living being is liberated, being situated in his original position.
Srila Prabhupada continues in another purport:
The neophyte devotee has no ability to approach the Absolute Personality of Godhead by the strength of his present imperfect material senses, and therefore under the direction of the spiritual master he is trained in transcendental service of the Lord. And by such training, even for some days, the neophyte devotee gets intelligence in such transcendental service, which leads him ultimately to get free from perpetual inhabitation in the material worlds and to be promoted to the transcendental world to become one of the liberated associates of

the Lord in the kingdom of God.
Therefore, GuruMaharaj, you are the pure devotee that we are looking upto here. We are totally incapable of taking any step by ourselves. We do not know how to serve Sri Sri Radha Gopinath. It is only under your directions that we can attempt.
Today, we promise to keep up our vows of initiation and serve in our best possible capacity. We hope not to disappoint you in any way. Praying for your good health and many more years of service to Srila Prabhupada.

Therefore any person who seriously desires real happiness must seek a bona fide spiritual master and take shelter of him by initiation. The qualification of the bona fide guru is that he has realized the conclusions of the scriptures by deliberation and is able to convince others of these conclusions. Such great personalities, who have taken shelter of the Supreme Godhead, leaving aside all material considerations, should be understood to be bona fide spiritual masters.
Just like in the translation,you have know the essence of shastras.
Thank you so much GuruMaharaj for coming in my life and making me understand the gods realisation.
I am eternally yours,o Gurudev!
Yours most insignificant and fallen servant.

Dear Guru Maharaj,

Please accept my humble obeisances at your lotus feet. On this auspicious occasion of Vyasa Puja, I am deeply grateful for your divine guidance on my spiritual journey.
This year May 2023 your divine grace accepted me as your disciple and I am still not able to believe whether it is real or whether I am dreaming.
Guru Maharaj, Your teachings have illuminated the path of bhakti, and I am forever indebted for the transformative impact they have had on my life.
Sometime ago I was struggling to do my rounds of chanting, and you had come to my dreams and were softly chastising me, even then I somehow was not able to do my rounds properly.
I have been asking my senior siksha gurus why I am not able to do it, and they said to me that “you have to have your guru mercy” .
Then one day while I was chanting and crying asking Krishna, Prabhupada and your divine grace that whether I will be able to get initiated or not in this life time, what happens if i die, I will be lost. I was not having any hopes.
But Krishna, Prabhupada, your Devine Grace and Devotees heard my prayers and you have given me the shelter at your lotus feet in this life itself, and gave me understanding of my spiritual identity.
Guru Maharaj, There are many wonderful spiritual events that happened this year by your mercy, which I can relish for ever.
As I offer my simple words on this Vyasa Puja day, I pray for your good health, longevity, and the strength to guide countless souls on their spiritual journey.
May my meager efforts in devotional service contribute to the fulfillment of your mission.

In eternal gratitude,
Venu Bihari Das, Dallas.

Dear Guru Maharaj,
Please accept my humble obeisances
All glories to Srila Prabhupad
As I reflect on how big our movement is, I am feeling great gratitude and comfort for the many Godbrothers and Godsisters that I am able to turn to for encouragement and advice.
Because of you guru maharaj, who have followed your own spiritual masters instructions and more. I feel secure in the thought that you are always there leading us forward on our journey in developing our Krsna consciousness.
We are always told that consciousness means being conscious of Krsna at all times. By your great exemplary example of being bold and fearless, to use a British colloquial saying the proof is in the pudding, meaning that all that you have learned from scriptures and your spiritual master you have put into practice, thereby showing us by example we can change from a moth into a beautiful butterfly.
You have rightly expressed Guru Maharaj, in your teachings that, "The future we do not know. The past is dead. But to prepare for our future and learn from the past, we have to be very keenly aware of the present". Slowly I'm beginning to realise this point as I understand my chanting should be in the present listening to the names of Krsna etc. My prayer is that my mind should be brought back to the holy name with full focus and great emphasis, as there are too many distractions to keep me from my goal. That of extinguishing the blazing fire of material existence.
Thank you Guru Maharaj for all that you have given me.
There is so much I have yet to learn so please forgive me for my shortcomings.

Radhanath Swami ki Jai

My Love and best regards,
Your servant,

Thank you for blessings which I receive everyday by hearing your lectures in Amrita Droplets. Just a 1° change in direction has a significant difference in long term. Similarly I hear everyday the short lecture of yours which immensely help me stay connected to Krsna even on the busy office schedule. Your book journey home has made life changing experience. My perception about Guru and Spirituality has got a direction. I didnt get much opportunity to physically in contact with you, but through journey home i feel im very closely connected to you. I cant explain my love for you. From 2011 I am chanting 16 rounds. I am very hopeful that this time I will get initiation from you. I am very eagerly waiting for that day when as a spiritual father you will bless me take me in your shelter and first to call me by initiated name. I was thinking a lot to write about the love I have for you but by nature I am like that who cant express about the feeling whom we love the most. From my heart I just want to thank you. Humbly request you to please accept me in your shelter. Without your blessings I will be nothing. Please help me to progeess in Krsna consciousness and grant me the nectar of Krsna prem. Without ISKCON I would never understood what is

bhakti. I never imagined I will also get such nice devotees association. Grateful to ISKCON.I want your blessings to complete all the prabhupads book and always engage in service of Lord Krsna and his devotees.
Thank you very much.

Dearest Guru Maharaj

Please accept my humble obeisances. All glories to Srila Prabhupad.
All glories to you dear Guru Maharaj.

What I feel in my heart cannot be put down in words to glorify you dearest Guru Maharaj. There is so much of joy and happiness and I am very feeling very unqualified to even write an offering for you.

I have written a short poem,

Desert dweller saved by a divine being

In scorching sun
my body failed to move forward
The deathstalker scorpion follows behind
My mouth is dry
How can I look to find water, when
My eyes are covered with sand
My vision is again clouded due to miseries of this material nature,
What can save this desert dweller besides a divine being?
My limbs fail me
The deathstalker scorpion follows behind

My knees bent on the sand,
Trying to move forward
I hear the footsteps of a divine being
Unable to see,
but I felt his divine presence
My heart beats faster
I move more and more closer as I feel a cooling embrace
I know this divine being will be my strength
And I move more and more closer to this cooling shelter of such a divine being
The dust of your lotus feet is cooling the atmosphere
Although my senses failed me
My heart filled with dirt and impurities,
My limbs fail me
The obstacles that lie ahead
I will overcome with your divine presence

Now my vision is a little clearer
Just with your divine presence
The nectar overflows just as your humility and compassionate nature
Your cooling embrace is what I search for,
My water is your divine nectar which I long for,
Your lotus feet is my cooling shelter,
My mouth is dry,
I feel your presence close by,
Longing for your divine embrace,
With your precious words and
The shelter of your lotus feet that has become saving grace

Without your mercy, I am a lost desert dweller trying to survive the horrid clutches of this material world, that is embracing me
every second, every minute and every hour.
Without your mercy I am unable to move forward Your mercy is my saving grace,
I long and long,
As I try to follow behind you
Only with your mercy dear Guru Maharaj
Which is my strength each day
I crawl moving forward knowing I am following the right path right behind you
Receiving the perfect instructions from you and the dust from your lotus feet
Is where this lost dessert dweller belongs

Dear Guru Maharaj,

Pls accept my humble obeisances at your lotus feet. All glories to Srila Prabhupada.

It's been a long time since I last submitted my offering notice speed. Generally I write an offering but keep it to myself.

I am just grateful for all the mercy that you have been showering upon me since so many years. Though I don't deserve it you still continue to guide me and show your endless love to me and my family.

I vividly remember how you saved my father at the very moment of his death. He was able to remember Krishna and Prabhupada by your mercy at the very moment of his departure. The way you chanted for him while looking at his picture was a moment that will live eternally with me. I couldn't fathom my good fortune and that moment I realised you are actually there for me. You haven't forgotten me.

Despite my misgivings and fall down you continue to guide me and show me the proper way of dealing with devotees and Krishna. It's by you causeless mercy that somehow or the other in my heart I have received this innate desire to chant Hare Krishna Kirtan. I am grateful for your blessings and though sometimes I doubt that you are there but whenever I called you with all my sincerity you came and allowed me to relish your association.

I just hope and pray that one day I could become a devotee to please you and serve this glorious mission of Srila Prabhupada.

Hare Krishna Maharaj
Pls accept my humble obeisances at your lotus feet, all glories to Srila Prabhupada.
Dear Maharaj, First of all pls accept the heartfelt gratitude and appreciation from our kids Raaghav and Vasudha for arranging such a divine "Kids Playing Area" in the Sri Jagannath Puri Yatra and Out of world Prasadam Yatra, specially the "Nitai Curry".

Dear Maharaj, you have always taught us the principle of "Celebrating the success of other devotees" ,in fact in one of Yatra Katha ,you were explaining that how, when the queens of Dwaraka were listening the glories of Gopies from Mother Rohini, They knew they were insignificant in front of Gopies but they were happy and not envious ,Maharaj on so many occasions we have seen your immense appreciation towards various achievements of your God Brothers and other devotees in general ,Maharaj on this auspicious occasion please bless so that I could also celebrate the success of so many of your wonderful servants who ,even though I remain an infinitesimally tiny servant in your service and could not contribute anything substantial.
Dear Maharaj ,again in one of Yatra Katha ,you were explaining the principle of selfless love through the example of Maharaj Prataprudra ,that how though he was not getting the mercy of Mahaprabhu but he was utilizing all his power in arranging the various services for Mahaprabhu. Maharaj. Maharaj we have seen so many times how your love towards your disciples and other devotees remains unaffected even if they are not able to or sometimes willingly don't reciprocate to your affection. Maharaj please bless so that I could also develop the tiny drop of this quality and could remain faithful to you midst of tribulations created by mind and false ego.
Dear Maharaj, You were explaining that in while your visit to Golden temple ,your were very much amazed by automatic Roti maker but while serving you prasadam they served you hand made Rotis because ,Rotis of Rotimaker are for masses and hand made rotis are for special guests. Thank you very much for practically demonstrating the principle that devotees are not "Masses " and "more the devotees are more is the opportunity to serve",in fact It is so wonderful and inspiring to observe that in spite of so many voluminous service in Yatra , you make sure all the services are done by devotees and not through any commercial team ,which could have been may be easily managed.so that we could learn that purpose of our lives is to try to serve devotees .Maharaj please bless so that I could also learn this principle by heart and could be servant of your servant.

Nama Om Vishnu-Padaya Krishna-Preshthaya Bhu-tale
Srimate Radhanath-Svamin Iti Namine

Happy 73rd Vyasa Puja to you dear Gurumaharaj, and to all the members of Srila Prabhupada’s family!

Dear Gurumaharaj,
Gurumaharaj, during Sadhu Sanga 2023 in Dallas, I got to hear from you and spend four days with you for the first time in my life. My personal favourite is your walk, GM. It’s like you’re swaying, and it makes me think of the description of Goloka in the Brahma Samhita prayers, where it is said that every gait is a dance.

Gurumaharaj, just by your walk and glance, you preach to so many people. While you were in Dallas, you visited Kalachandji’s restaurant and went around giving your darshan to many new people who had come there to eat. After you left, one young girl came to me and asked, “Who is that holy man? He looked into my eyes, and I felt connected. I want to know more about him.” After hearing your glories, she bought the Journey Home book, and she started reading it. She came to the temple again after a few days and expressed her interest in going to India. In this way, Gurumaharaj, you connect so many fallen souls like me to journey back Home.

In this same visit, Gurumaharaj, you accepted this very fallen soul as your disciple. I still remember the way you were seeing through my eyes. You are so merciful that, although you saw so many faults in me, you very kindly accepted me. I would also like to express my gratitude to HG Sri Nitai Prabhuji, who is also your disciple and has guided me from the beginning of my spiritual journey and on how to follow your instructions sincerely.

I pray that I always hear your instructions through your lectures and get an association of sincere and serious devotees who help me to get the mood you always want us to be in: humbler than a blade of grass, tolerant as a tree, and expecting no respect but always giving respect. I pray that I may get this mood soon, chant the holy names daily in this mood, and assist in Srila Prabhupada’s preaching mission in this same mood.

Thank you, Gurumaharaj.

Vihari Govinda Das

Dear Guru Maharaj,

Please accept my humble obeisance’s at your divine lotus feet
All Glories to Srila Prabhupada !

I hereby express my sincere gratitude to you for all you have selflessly given, which is the only treasure I have. Your guidance and teachings have been a source of profound inspiration and transformation in my life. The wisdom you share, the lessons you impart, and the love and compassion you extend have shaped my understanding of spirituality and enriched my personal spiritual growth in Krishna Consciousness.

Your dedication to inspire us to lead a life of virtue and your tireless efforts to share spiritual knowledge have been a guiding light for me. Through your teachings, I have found solace, purpose, and a deeper connection to Shri Krishna.

I am grateful for the times you have patiently answered questions, offered guidance in moments of uncertainty, and provided a space for Krishna Conscious spiritual contemplation. Your presence in my life has been a true blessing, and I am continually inspired by the depth of your wisdom and the sincerity of your spiritual practice.

As I walk this spiritual path of Krishna Consciousness, I carry with me the invaluable lessons you have imparted — lessons of love, compassion, humility, and mindfulness. Your teachings have become a compass, guiding me through life's challenges and helping me find peace within.

I want to express my sincere appreciation for the positive impact you have had on my spiritual journey in Krishna Consciousness. Your selfless dedication to serving others and your unwavering commitment to truth have left an lasting mark on my heart.

I express my deepest gratitude, Guru Maharaj, for being a beacon of light on my spiritual path. Your presence is a gift to this world, and I feel blessed to have your Krishna Conscious association.

Hare Krishna Gurumaharaja , Please Accept My Humble Obeisances, All Glories To Sri Guru And Gauranga , All Glories To Srila Prabhupada .

Last week only we were fortunate enough to attend the Jaganath Puri Yatra . It was sheer joy from every angle of it. Your holy asso-

ciation , Prasad , Darshan , Devotees and above all your nectarine lecturers . During your lecturers you many time given the references and praised like anything about the Prasad for the minutes together. You talked about chapattis and devotee making chapatis, subji cutting , sweets etc and of course about Gaurang Prabhu. But Acharya or Guru is that person , one of the definition is that He walks the Talk. Like that boy, mother and Guru. Mother takes her boy to Guru and complained him about boys eating sweets and after 3 weeks Guru said that boy give up the sweet. Because guru has given up the sweets in those three weeks. Similarly Gurumaharaja you not only talked or praised the cooking but you actually went there everyday for the cooking . Be it Fire lighting , encouraging the devotees or stirring the subji , making the sweets. And this happens in every yatra.
On this auspicious day I pray that let me cultivate this quality of yours in some minute quantity and quality.

Please accept my humble obeisances. All glories to Srila Prabhupada. All glories to Sril Guru and Sri Gauranga.

I am fortunate to be in your association for past 30 years and I have seen how the congregation has grown to multifold times under guidance and care. Our temple area was also very small in initial days and now we see by Krishna's grace and blessings of Vaishnavas it also has expanded to what it is today.

With your guidance and grace there were many satellite centers in various parts of country which are the extension of Sri Sri Radha Gopinath congregation.

Maharaj all these things could happen because you have always stressed on devotee care. I remember your statement

"A family that prays together, stays together.

A family that sings together, clings together.

A family that dines together, shines together.

A family that dances together, advances together."

You have created Radha Gopinath Bhakta samaj a community is like a big family. In this family you have taught us how we should keep Krishna in center and care for each other in order to advance together. Maharaj, we are very grateful to you for what you have given us.

Maharaj on this auspicious day of your appearance I beg for your blessings and prayers in order to keep mood of our spiritual master and always engage in your service as servant of servant of servant.

Please accept my humble obeisance. I heard your lecture first time in 2014. My counsellor and a senior devotee had burned a CD of your lectures for me to listen in my car. I used to commute in my car daily and I was suggested to listen to those lectures. I heard around 20 of your lectures in that month and few of those I heard multiple times in next few weeks. Till that point I had heard only Srila Prabhupada lectures. I was stuck with wonder when I heard a few of basic and advanced Krishna consciousness concepts from you. After hearing that series, I realized that you are one of those few self-realized pure living devotees of the Lord. Few times I had to stop my car and rewind the recording and again hear a few sentences. I heard those sentences again not because I had not understood in first hearing but because you were talking such profound truth which no one had talked before to me. There itself, in the middle of the road and traffic, I decided to get diksha from you. From your lectures which I heard so far there are a few things on top of my mind I am describing below.

1. When you spoke about how Maya tricked Hiranyakashipu to gave him feeling that there is some chance of him winning, I got completely new view of how I am getting cheated again and again by Maya. Your "Maya is very strong" sentence actually made me feel that I am insignificant in front of Maya and then what to speak about how insignificant I am in front of Lord Krishna in front of whom maya is insignificant.
2. When you spoke about how Ambrish maharaj ( SB 9.4.18) had engaged all his senses in the service of Krishna, I also got a very little wish to do the same then.
3. When you spoke about how Gajendra took shelter of the Lord that also gave me some feeling that I should also take shelter. Crocodile of maya and her strongest teeth description is something I should remember throughout my life.
4. Your detailed lectures on devotion

of Shreedhar Kolavecha, Murari Gupta, Vasudev Ghosh, Shuklambar Brahmachari brought inspiration in my mind to read / hear more about Chaitanya Leela.

5. When I was about to visit Vrindavan in a yatra taken from Pune by one of your disciples HG Dauji Nitai Prabhu, I was suggested to read book written by you "Vrindavan yatra with Radhanath Swami" and I actually read it. That was the first time I got detailed introduction to Six Goswamis and their pastimes. That book of yours actually showed me a glimpse of Vrindavan dham. I have full conviction that although you are born in Chicago, you are originally a Vrindavanvasi. It just happened that you started your pastime in Chicago. You actually are in Vrindavan all the time.

6. I remember how you fulfil wish of your aspiring disciples. I had heard one verse which Lord Shiva spoke to mother Parvati after she cursed Chitraketu maharaj in some other lecture. Narayan Para sarve (ŚB 6.17.28). When I heard that verse, I wished I could hear that verse from you. Very soon while hearing one of your lecture, you quoted this verse and gave a very concise explanation of it. There I got feeling that you spoke about this verse only because I had very recently wished to hear about it from you.

Maharaj, Kartik yatra that you take every year to different dhams are definitely a must event any devotee should experience in his life. I generally don't like to travel. But because of your yatras, I could enter into Jagannath Puri dham (2018) and Vrindavan dham (2019) along with my family members. Although I missed 2023 yatra at Puri, I still have memories of earlier yatras very fresh in my mind. I wish to attend many more such yatras where I will sit in the crowd of devotees and hear Krishna Katha and Gaur katha from you.

Another wonderful thing Maharaj you have given me is your disciples in Pune. Like HG Radheshyam Prabhu, HG Ramnitai Prabhu, HG Kaustubh Prabhu, HG Shreedhar Krishna Prabhu, HG Rajeshwari mataji (my counsellor), HG Narsimha Avatar prabhu, HG Paramgati Prabhu, HG Krishna Preeti mataji, HG Urukrama Krishna Prabhu, HG Aanand Leela Prabhu, HF Sudheer Murari Prabhu and many others. All these devotees are keeping me in Krishna consciousness in Pune and I look at all of them as your representatives in my life. I always wish to stay in their Sanga as their servants.

HH Radhanath Swami Maharaj ki Jay !
Srila Prabhupada ki Jay !!

Firstly, I offer my humble prostate obeisance at the divine Lotus feet of my dear Gurumaharaj.

Dear Gurumaharaj,
I become speechless when it comes to mention about your divine qualities not because I have forgotten anything but just juggling with where to start.
You are the Oasis of inspiration to many fallen souls like me who get upliftment by your divine words.
Your simplicity and humility is so adorable that cannot be put down is any words.

Your insignificant servant and Divya Charan abhilashi,

Dear Maharaj,

All glories to Srila Prabhupada
Please accept obeisances at your louts feet

With each passing year my deep appreciation for all that you have done but most of all the community you have been instrumental in creating and maintaining increases.

How year after year you personal grace and commitment comes out so strongly and deepens in an ever increasing manner.

And as you scale newer heights in terms of taking more and more repsonsibility for Srila Prabhupad, your humility is unstrikingly impactful as ever

I have personally found my shelter at your Lotus feet and the shelter of the Vaishnavas you have inspired and on this auspicious occasion I hope and pray that I will be able to do a tiny bit of service which will be pleasing for you

Your servant

Hare Krishna dear Radhanath Maharaj,
Please accept my humble obeisances.
All glories to Srila Prabhupada.

My only small interaction with you in the last 22 years of my Krishna Consciousness is when you addressed us in December 2005 when HG Radheshyam prabhu brought us, a group of devotees from IIT Kharagpur, to Chowpatty temple. I asked you a question on how to be humble when you have a desire to be appreciated and respected. How to act on that highest platform of trinad api sunicena when we are still not there. How to go beyond being right when you are right and others are wrong. We sometimes demand some respect and appreciation from our authorities but we don't feel very happy asking for it. My question was very long and confusing. After a few minutes of my rambling you asked me, "What do you want?" and I said one word "Krishna ". Everyone laughed. You asked me, "So! are you going to demand your authorities to give you Krishna ". Everyone again laughed. You said, "Trinad api sunicena is not the highest, aslisya va padaratam is the highest". Everyone again laughed. But you understood my need and gave a wonderful reply, which I am trying to realise to this day. You said, "Are we performing our services because we are appreciating Krishna or because we are appreciated for it? Appreciation is encouraging, we should feel unworthy and grateful. If we are not appreciated, we should understand Guru and Krishna are appreciating. If we get appreciation, it is causeless mercy, if we don't get it, it is another type of causeless mercy." Last year when I had to give a class, I remembered this interaction and heard it again and realized, how deep these words are and I have not yet understood them fully. Although with each passing year I am able to take a step forward in my understanding of how far I am from this Truth, how so many times I resort to ignorance because accepting this Truth, that I have little desire to serve Krishna, is so difficult to accept.

It is December 2023, 18 years have passed, and I still have the same question maharaj. How can I become humble, how can I become tolerant and give respect to others despite my imaginations that I am right and they doing wrong to me. And the answer is also the same which you gave me 18 years ago. But to follow this is not possible without your mercy. Maharaj, I pray at your lotus feet to give me a drop of your mercy, so that I can develop some humility and tolerance and ability to respect everyone, only then will I be able to chant properly and not commit offences.

Your unworthy servant,
Vipul Agrawal

Dear Guru Maharaj,

Please accept my humble Pranam,
Srila Prabhupada ki Jaya!,

On this most auspicious occasion of your holy appearance day, I am thankful to you for all the facilities which you have kindly arranged & provided to us, so that we perform devotional service without any hindrance.

Oh my glorious Spiritual Master, for more than 16 years I was not able to hear your lectures, this was due to my own physical imperfections of not able to hear with my ears, but one day I stumbled upon your one lecture on YouTube and to my surprise I discovered that I can hear your lectures with the support of Subtitles! And since then on I have been hearing your lectures and also Srimad Bhagavatam lectures which are given live on every Sunday by your dear disciples.

I have been steadily hearing Srimad Bhavavatam lectures now and have started developing a little, minute, infinitesimal taste to hearing Srimad Bhavavatam. This is all due to mercy of your dear disciples and I can't ask for more than this.

I can see the mercy of Srila Prabhupada and your mercy flowing through your disciples.

I am also very greatful to you for giving us Sri Sri Radha Gopinath ji, they have been a pivot in my own life.

You always stress that we should become a servant of the Servant of the servant of servant of servant of servant.....till it goes to Sri Sri Radha Gopinath!

Oh my glorious Spiritual Master, by your instructions and mercy I have been trying to become a servant of all and especially the servant of the Holy Names! As you always stress that in this age of Kali Yuga we should always be chanting the Holy Names.

And who else other than Srila Prabhupada and your own glorious self can be a best example of how we should serve the Holy Names.

I am ending my offering here with one very important Sanskrit sloka which Srila Prabhupada used to quote quite often to stress the importance of developing faith in our spiritual master.

Yasya deve para bhakti
yatha deve tatha gurau
Yasya ete kathotha hi artha
prakasyanta mahatmanah

“Anyone who has developed unflinching faith in the Lord and the Spiritual Master can understand the revealed scripture unfold before him.”
(ŚU 6.23)

Hare Krishna
All Glories to Sri Guru and Sri Gauranga.

Many Many People Would have practicing Bhakti Yoga Path through Different Different Societies/ Sampradaya/ Temples/ Groups/ Centers etc. but being part of ISKCON is indeed very fortunate thing.

In ISKCON by Grace of Srimati Radharani i connected with 21, Maqbool Road Amritsar, My Shiksha Guru is H.G Raghunath Prabhuji and even after joining i couldn’t exactly know anything about different Gurus system for Diksha.

And then I Gradually came to know about Param Pujya Sripad Radhanath Swami Maharaj and started hearing his lectures and through his lectures i came to know that Maharaj always keeps in Prabhupad’s Mood, he only and only talks about Prabhupada.

In Kartik Yatra 2023, In Sri Dham Jagannath Puri and first time I got the opportunity to see Param Pujya Radhanath Maharaj and by seeing his humbleness, Polite way to deliver his point of view is really so touching.

His warm Approach towards meeting Devotees is really connects.

His contribution in ISKCON by starting many projects, GEV, Many Preaching Centres, protecting Old Scriptures of our Gaudiya Acharayas such as.

I considered myself very fortunate to have the association of Guru Maharaj.

I pray to Sri Sri Radha Gopinath Ji for Maharaj’s Good Health and waiting his visit to Amritsar. :-)

Dear Guru Maharaj,
Please accept my humble obeisances unto your Lotus feet. All glories to Srila Prabhupada. All glories to Sri Guru and Gauranga.
Guru Maharaj, I am really struggling hard with my mind, my nature, my inflated ago and dealing with Vaishnavas. Whenever I see you or hear you, I get a lot of relief and feel great bliss and happiness and thereby forget all my miseries or shortcomings in my personality. This is the beauty of Krishna Consciousness and Maharaj, you are presenting it in a very nice way which is understandable by us, so that we can sustain our Krishna Consciousness and live our life happily and at the same time try to inspire others by our example, not just by preaching to them.
Maharaj, your depth in devotion is affecting everyone and still trying to understand, what is it that brings such a mood like you in oneself. The only thing I know that I have to try to follow your instructions so as to please you, because only by pleasing you, I can please the Lord and as a result of that, i can make little progress in KC, or even if I am not making any progress, at least i should be able to sustain my KC and make my life sublime.
Maharaj, I don't have so much love for you because of so many anathas, even though you are giving so much love to all us, but i am trying to sincerely chant the Holy names, associate with devotees, refrain from fault finding, read the scriptures, hear classes regularly, go for yatras, take inspiration by seeing other beautiful Vaishnavas, make notes from classes for future reference, etc. All these aspects of KC keep me engaged and brings me closer to Vaishnavas and the Lord and feel great satisfaction.
Thank you Maharaj for coming into my life and educating me what is real happiness.
Hare Krishna.

Your instructions have made the path to the spiritual world so clear,
After your mercy, I am still failing to come close to you out of fear.

Struggling to follow your instructions to my heart and soul,
You guidance do not allow in game of human life any foul.

You have the expertise in heart to heart communications,
Always helping me to overcome all kinds of tribulations.

I wish to serve you by serving your God-brothers in the mood of servant of the servant of the servant,
By following your example along with behavior with the love and care for others which is is so fervent.

Dear Guru Maharaj I am trying to make you happy by performing Sewas to the countries like China and Japan, I am in desperation of your mercy and blessings.

Dear Gurumaharaj,
Please accept my humble obeisances at the dust of your lotus feet

***oṁ ajñāna-timirāndhasya***
***jñānāñjana-śalākayā***
***cakṣur unmīlitaṁ yena***
***tasmai śrī-gurave namaḥ***

I offer my respectful obeisances unto my spiritual master, who has opened my eyes, which were blinded by the darkness of ignorance, with the torchlight of knowledge.

Neither I consider myself qualified to be call myself as your aspiring disciple nor do I have any qualification to glorify you because my heart is filled with lot of anarthas, fault-finding tendencies and sinful proclivities. Still by the blessings of Vaishnavas I would like to say a drop of your qualities from your ocean of qualities.

Gurudeva! You are humility and tolerance personified. Almost in every lecture you focus on the point – "tṛṇād api sunīcena taror eva sahiṣṇunā". It is said in Bible also that – "the humble and meek own the kingdom of God." Although you are very exalted still a tinge of pride is not visible in your character. In your youth in America you were harassed or sometime beaten because of your looks by the police or other people but still you didn't counteracted or said ill about them. In one of the Pune yatra when you saw that bathroom is not clean you personally cleaned it. In this world almost every person wants fame and prestige but you are not of this world. You have come from the spiritual world to spread the mission of Srila Prabhupada and delivering fallen souls like me. This thing was confirmed by Lord Rama's prophecy in the dream of his pure devotee Rama Sevak Swami – "This young boy is a devotee of Krishna, but he does not know it yet." Sometimes I wish if I would have taken birth quiet earlier then I could have got your more divine association but then I think that whatever I am getting I am not qualified for that also. I feel myself infinitely fortunate that I am able to see and hear from a pure devotee like you.

You are full of gratitude and you hate to see any fault in a devotee. You are not even judgmental to non-devotees. Although in past some people blasphemed you but still you didn't criticized them rather you glorified them. This quality is rarest of the rare to find. In your autobiography The Journey Home you wrote a beautiful point regarding the judgmental attitude – "I contemplated again how the tendency to judge others is often a symptom of insecurity, immaturity, or selfishness, and I yearned to rise above it. Everyone is a child of God. God loves all of His children. If I wish to love God, I must

learn to love those whom He loves." You focus on becoming a humble menial servant of the devotees of the Lord and you exemplify it by your own character. Recently I heard from a senior devotee that you are elated to know when the number of devotees increase every year in Kartik yatra. You once said – More the number of devotees, more is the opportunity to serve. You have inspired lakhs of devotees to live in the mood of servants.

By your exemplary character and sublime teachings you had inspired and still inspiring thousands of devotees to commit their life for preaching Krishna Consciousness. Because of you we got many exemplary devotees in this organization to follow and take guidance like HG Radheshyam Prabhuji, HG Gauranga Prabhuji, HH Bhakti Rasamrita Swami Maharaj etc. HG Radheshyam Prabhuji did youth preaching in India by your inspiration and empowerment because of which many people like me got saved from wasting this precious human life. Your compassionate heart is clearly visible in you and yours disciples enthusiasm to preach.
I aspire to have an iota of love towards you which you have towards your beloved spiritual master Srila Prabhupada. Just as you offered your life to Srila Prabhupada in Vrindavan I also aspire to offer my life for pleasing you and Srila Prabhupada but I require lot of your blessings and mercy for doing this. Although by yours and Krishna's mercy I got Krishna Consciousness still I am not very sincere in my spiritual practices. My mind is uncontrolled and still hankers for sense-gratification. But I know by regularly hearing your transcendental lectures and taking association of devotees I can get out of my insincerity and conditionings. Begging for your mercy and blessings so that I can become a humble menial servant of devotees and serve the mission without any ulterior motive.

Aspiring to be a servant of your servants

On this Vyasa Puja day of your grace, I want to express my heartfelt gratitude to you for being an exemplary leader, an effective teacher, a caring guardian, a loving father and an all merciful Spiritual master.

Whenever I am in a situation where I don't know the correct consciousness in which I should act, simply remembering you and that how you would have dealt in such a situation answers all the doubts and I feel really empowered and strengthened. Many times your instructions in the forms of your Quotes have saved me from entering into severely bad conditions in life.

Meditating on the unparalleled contributions of yours in the service of your beloved Spiritual master, I beg at your lotus feet to kindly forgive my offences to you and for any disservice to the movement. I also beg your mercy to stay strong against the tidal waves of material nature and keep serving by not compromising in my sadhna and remaining in the mood of a servant of the servant.

I humbly pray to Sri Sri Radha Gopinath for your good health and long life.

Hare Krishna dear Gurudev,
Though I am not initiated formally yet, but in my heart of hearts I am convinced to accept you as my Diksha Guru, in the parampara and the method recommended from the Supreme Lord Krishna and mercifully handover to us through ISKCON by dear Srila Prabhupada.
Though I am actually not qualified to take initiation and to glorify you on this vyasa puja, nevertheless for ensuring my own fixity in the process of Krishna Consciousness and for my purification, I am attempting to do this.
Dear Gurudev, I would like to deeply remember how you have given me shelter in devotional service through your yatras, congregation, lectures, community of devotees, GEV and very advanced disciples. You have thus enabled me to carry on in my Krishna consciousness journey year after year, though I m not so sincere. However the memories that have got created in my mind in my early days of bhakti , all by your various direct and indirect influence, have propelled me to do my sadhana and focus on the ultimate goal. You really guide me internally as GPS whenever I found difficulty and more importantly I get inspired to the core even by a slight glimpse of yours, all because of your wonderful lectures. Your truly personify what you preach. I pray for very long life to you on this earthly realm so that I get your association more and more.
I beg you to accept me as your disciple this time as due to my insincerity , I have not got your shelter for so long, and I will further sway in material realm if I don't accept vows in front of you, for I don't trust my mind, but I trust in you and my vows taken in front of you. That's the hope I have to steady myself in the practice of bhakti and contribute to my fullest capacity in the ISKCON mission.

My Dear Guru Maharaj,
Please accept my humble obeisances at your lotus feet. You always mention that the lord is inconceivable, but for an idiot like myself, that is too far a concept. For me, you are inconceivable too. Every time I share or recall the story of how Ganga Mayya gave you the Hare Krishna mahamantra, and how it felt as if a billion voices spoke the mantra from the depth of the Ganges - that is really inconceivable for most brains, including mine. To top it, you were only a teenager then, and you hadn't even met Srila Prabhupad. And today, as you celebrate your 73rd birthday - more than 53 years after that auspicious day, you are without a doubt even more inconceivable. After all, you've had 50+ years of Srila Prabhupad's blessings, 50+ years of chanting, reading, serving the Deities, the community, building temples, preaching, giving diksha to thousands of disciples, attending and leading so many yatras...and only Krishna knows what else. Thank you Guru Maharaj for being so inconceivable and yet so humble, loving and accessible to all of us in person, and in the form of your lectures - they are truly a lifesaver. And most of all for accepting a foolish person like myself. Yours in service, Vraj Vijay das.

Most respected dear Guru Maharaj,
Please accept my humble obeisances.
All glories to Srila Prabhupada.

Vidurji in Shrimad Bhagavatam 3.7.36 says:

***anuvratānāṁ śiṣyāṇāṁ***
***putrāṇāṁ ca dvijottama***
***anāpṛṣṭam api brūyur***
***guravo dīna-vatsalāḥ***

O best among the brāhmaṇas, those who are spiritual masters are very kind to the needy. They are always kind to their followers, disciples and sons, and without being asked by them, the spiritual master describes all that is knowledge."

Maharaj, this verse nicely brings out your quality of "Dina vatsala" which you have imbibed from the source of all Vatsalya - Lord Krishna who is dinabandhu and karunasindhu.

The balance with which you give Krishna consciousness to everyone as per their capability to digest is profound. It really takes a person who is deeply concerned and sensitive with the empowerment from the Lord to do this.

You make everyone remember Krishna just by your sight. And as you interact with people they realize the Lord based on degrees of their attention and surrender.

Every word that you speak is so carefully composed with full realization. You never speak in vain. Even in your jokes there is profound philosophy.

Our family has been such a fortunate recipient of your causeless attention. Personally I don't deserve it. But as the above verse says - even if people like me don't want Krishna consciousness, spiritual masters like you give it to them because you are "dina vatsala".

Maharaj, carrying on with faith, loyalty and integrity in this world is so nicely exemplified by you. I wish to imbibe this quality of yours to the best possible extent and thus serve Hari, Guru and Vaishnavas.

Personally I don't have any good quality of my own and am full of vanity and ego. Dear Maharaj please destroy the ignorance in my heart so that I can really utilize my time and do impactful services for you and Srila Prabhupada.

Hare Krishna Dear Most Respectable Guru Maharaj
Please accept my humble obeisances at your divine lotus feet.
All glories to our most beloved Srila Prabhupada!
Wishing you a most blissful and ecstatic appearance day filled with association and love of the pure devotees of Lord Krishna.

May the sweet Lords keep you healthy and safe in these turbulent times.
I pray to our most merciful Lords Shri Shri Radha Kalachandji to always keep you in their divine blessings.

Shri Shri Radha Kalachandji are truly the most merciful. By their grace, I got the blessing of second initiation from you last year. Every time I enter the altar, my heart wells up with joy and gratitude to behold them closely and to be able serve them personally. I cannot express the connection I feel with them in every moment of my small service to them.

I am truly fortunate to also have the blessing of my son getting initiation from you this year. Rasakishor das is now under your divine shelter and his spiritual journey is secured by your causeless grace. I pray that he becomes very worthy of the invaluable benediction he has received and serves Srila Prabhupada to the best of his ability.

Every passing year makes Krishna consciousness more and more special and every day I reflect on the immense good fortune I have received inspite of being totally unqualified.

And hence I try my best to share this treasure with whoever I meet and talk to.
I cannot give what I don't have and hence sharing Bhakti also makes me accountable to my daily practice and inspired to chant and serve humbly so that I may become a transparent via medium of Srila Prabhupada's message.

Krishna and you have been so kind to me as to show the way and guidance in every one of my spiritual challenges. Every hurdle is surmountable and every goal achievable as soon as I pray to you and SS Radha Kalachandji. I have truly experienced how Krishna reciprocates when we have a sincere desire to serve him.

My only obstacle is my own laziness and heart still attracted to material possessions. But I stay determined to persevere and stay strong by your divine grace and blessings. I strive to one day become a pure spiritual flower that you can offer at Krishna's lotus feet. That day my existence will be perfected.

Aspiring to become a worthy servant of the dust of your lotus feet

Hare Krishna dear Maharaj,
Please accept my humble & respectful obeisances at Your Holiness' Lotus Feet.
All glories to Sri Guru and Gauranga.
All glories to Srila Prabhupada.
All glories to Your Holiness.

I am so grateful that I am being blessed with an opportunity to glorify Your Holiness on this auspicious occasion of 73rd Vyasa Puja. It's out of Your Holiness' kindness and causeless mercy that Your Holiness has given me shelter, even though I am succumbed with all bad qualities.
Your Holiness is a personification of all Vaishnava qualities. Your Holiness' teaches all, through your lectures and personal examples, how one should always be humble, tolerant, grateful for everything & ready to offer honour & respect to others, without expecting anything in return and ultimately develop pure devotional service by taking shelter of Hare Krishna maha mantra.
Your Holiness has wonderfully implemented devotee care & counsellor systems which have been helping devotees to balance their life & advance spiritually.
Your Holiness guided & inspired disciples to build a wonderful Govardhan Eco Village, a replica of Sri Vrindavan Dham, as one may have the same feeling as one has entered Vrindavan. Kartik Yatra has been a great benediction for all of us to get Your Holiness' association with enlightening lectures & devotees painstakingly make all arrangements systematically so that we can be free of any anxieties, & just we have to chant & hear. All glories to Yatra team & devotees engaged in various services, the source of

inspiration for all is Your Holiness.
On this auspicious occasion of Sri Vyasa Puja, prayers to Sri Sri Radha Gopinath to keep Your Holiness in good health and spirits so that Your Holiness can continue inspiring millions of souls in Krishna consciousness & execute the will of Srila Prabhupada. Kindly bless me so that one day I can be a good disciple by taking Your Holiness' order as my life & soul. Always holding on to Your Holiness' Lotus Feet

Dear Guru Maharaj Dandavat Pranama "Vande Guru Sri Charanarvinda" - Your association through your lectures, your kirtan,your Mahaprasada is very purifying. I was considering having more and more influence to take decisions, position of control to increase preaching as success of life. But by your assication in pune in the satsang program, kirtans and association in yatra gave me very clear view in my spiritual what to aspire for in devotional service. How expecting respect is also mixed devotional service in this world. Please bestow your mercy to this fallen soul so weeds of my hearts are exposed because what i am considering to be very valuable becomes insignificant only by your mercy because in your heart only resides pure devotion to Krishna. your disciple VrajaKrishna Das

Dear Guru maharaj,
Please accept my humble obeisances at your lotus feet.
All glories to Srila Prabhpada.
Thank you very much for the wonderful & most nourishing Kartik yatra to Sri Jagannath Puri dham.It was very enlivening, meeting so many devotees whom we had not met for a long time. Very very rejuvenating experience.Maharaj,we are seeing Srila Prabhupada thru his books. But you have revealed his mood,his personality,his inner desires,by your personal example.Every moment of your life is utilized in pleasing your Gurudev.
Gurudev,we didn't know what is true Vaishnavism,who are Vaishnava acharyas. By causeless mercy of the lord & devotees we got shelter in Srila Prabhupada's home.By your causeless mercy,although unqualified you gave us shelter at your lotus feet.
Gurudev by your personal example you have showed us who is a real Vaishnava & how to follow in their footsteps. Your compassion & kindness touches the hearts of the people at large.
Gurudev,we have so many short-comings. we are struggling to imbibe your instructions in our lives. Your shelter & devotees association is our only hope.We want to serve in whatever way you want us to serve in Srila Prabhpada's mission till our last breath,if Lord desires so.Please continue to keep us under your shelter.

Dear Srila Gurudeva,

Please accept my humble obeisances. All glories to Srila Prabhupada. All glories unto the dust of your lotus feet.

You often quote Bhaktivinoda Thakura that where there's a need, there's an opportunity to serve.

I very much appreciate this statement, to focus on solutions rather than problems.

It's clear to me that it's something you embody.

Rather than getting caught up in the politics of the movement, you get on with the job of trying to fulfil the instruction given to Srila Prabhupada by Bhaktisiddhanta Sarasvati Thakura of spreading the teachings of Chaitanya Mahaprabhu in the English speaking countries and beyond.

It's something I try to remember and apply in my efforts to serve.

Dear Guru Maharaj,

By the mercy of Shrila Prabhupada and Guru Parampara we got possibility to meet you and to hear from you about the essence of life and about the true path. You gave us that possibility to know about great knowledge given in Bhagavat Gita, Srimad Bhagavatam and other instructions given by His Divine Grace Abhaya Caraṇāravinda Bhaktivedanta Swami Prabhupāda. We can feel you as a father who looks for everyone as a child and we are happy to see you in good health actively visiting your children during the last year. In these days there is a very popular word in this world. It is a programmer. It is usually a person who installs a proper software to make a work. By your exemplary service to the Guru to spread Krishna consciousness all over the world we received the proper software to start our consciousness working properly and to share that information to all and everyone around us. Srila Prabhupada used to say that you don't need to think how to move a hand or a leg. It just works when you feed your body properly. Thank you Guru Maharaj that you give us proper mood. It is like a proper meal for body to be active and we can be active in the mission you attracted us. We can see you travel a lot. It is not a distance for you to cross this world and we see many happy souls as your footprints on this path. You tell us stories about how Prabhupada went around this world. We are grateful you continue this process and inspires us to participate in the movement Prabhupada gave to this world. More and more devotees start to participate in preaching programmes. More and more devotees start to participate in book distribution. We hear about glories of Prabhupada books distribution marathon every year. It touches every heart one way or another. You kindly shared your story about journey Home. Many souls can do same steps on this path. Back home back to Godhead.

My Dearmost Gurumaharaj,
Please accept sincere humble obeisances at your most merciful lotus feet.

All grlories to Srila Prabhupada!
All grlories to the glorious mission of lord Chaitanya!
All glories to you- my only connection to anything auspicious in life!

The day of Vyaspuja is the most auspicious, most awaited and most important day in a disciple's life.
It gives me a chance to reflect on the good fortune that is being bestowed upon me so causelessly... It helps me to reflect on your teachings more deeply ... It helps me to see where i stand and where I wish to be and what's the way...

Life in the material world is so very complex... And more than that this material mind ... But Maharaj, your teachings make everything so sublime, but only when we are consciously endeavouring to put them into practice. even though we may fail each time still what we learn through that effort is such a blessing... That's your mercy!

I know that my baggage of conditionings is huge and my capacity to deal with them is so very weak... You are always so kind upon this daughter of yours, although I am insincere and lack determination.
I am so very grateful to you Maharaj for the blessing of the association of my loving, caring godbrothers and godsisters... In their affectionate association every struggle becomes easy to go through... Such immemse matured guidance .. so much love ... I can't be asking for more... Very very grateful to you maharaj.. I hope I can some day reciprocate by being of some service to them in some way that is pleasing to them..

I beg at your lotus feet to please forgive me for my unlimeted offences. I beg for mercy at your lotus feet & at the lotus feet of all the acharyas and Sri Sri Radha Gopinathji to give me strength to live by your teachings for your pleasure in your service in this life and forever...
And I also seek blessings for being a good parent to our daughter Shreeji .. represent your love in her life through our example & affection in helping her serve the lord and his devotees.

My most sincere prayers for your good health and long long life .

Dearest Gurudev,

As I sit down to write my offering,
I scramble for words, difficult to explain.
How do I show, how full is my heart...
How do I pour my thoughts and say thanks.

Millions of people, walking this planet,
engaged in nonsense, playing with their lives.
I could have also been them..
lying somewhere in worldly trash and being wasted away....
But... Selected and handpicked by Krishna
Handed over to Srila Prabhupada and you!
I've been gifted a life of service and grace , mercy and meaning , hope and transformation, harinaam and vrindavan!

I feel cared and protected.
Nourished and loved.
I feel special and sheltered
Grateful and empowered.

Although I'm foolish and dumb, silly and little
You are caring and compassionate, beyond imagination...
I got no skill, not any talent...
My desire to serve you, is my only qualification.

Your love for harinaam....
Your love for all living entities..
Your love for Srila Prabhupada...
Your love is beyond all boundaries.

I surrender my life, in the hands of your servant..
Use me, O gurudev, make me your instrument!

Let me be used, to pass on this grace,
Let me be used , to make this a better place.
Let me be used , to please Srila Prabhupada
Let me be used O Guru dev, to win your heart !!!

Dear Radhanath Swami Maharaj,

Please accept my humble prostrated obeisance at the dust of your lotus feet. All glories to you and all glories to Srila Prabhupada,

I feel immensely fortunate to have the opportunity to offer my heartfelt gratitude on your auspicious appearance day. It's difficult to find the right words to express my gratitude toward you. You are the beacon of everything auspicious in my life, encompassing every aspect of my being.

During the Kartik Yatra of 2023, I had the privilege of serving in the pandal department under the guidance of Dauji Prabhu and Arvind Madhav Prabhu. Initially, the weather was sunny, but there were predictions of rainfall on November 16th and 17th. To safeguard our devotees, we took advanced precautions by reinforcing our setup with additional tarpaulin, anticipating the impending rain.

Jagannath Puri's weather is known for its unpredictability. Despite our preparations for rain, a significant challenge arose in the form of a cyclone. Weather forecasts predicted heavy wind speeds of 30-35 km/s and gusts reaching 65-70 km/s. To maximize space with fewer pillars, modern technology in the form of aluminum hangers was installed. As the gusty winds intensified, particularly on your first day of discourse after the lunch prasadam, everyone was eager for your session. However, from 11 a.m. onwards, the wind picked up, causing our sound system to sway, and unfortunately, one LED screen fell due to the heavy gusts. The pressure mounted as the main pandal's

back hang rod banged, creating unsettling sounds, and the towering pillars swayed precariously.

I continually moved to a point where I could catch a glimpse of the Jagannath temple chakra, praying fervently for protection amidst the swirling sand carried by the heavy winds.

As your class approached, another incident occurred - the trampoline above the drinking water area was lifted by the wind. The knots securing it loosened, and as the gusts hit our pandal, the PVC trampoline supporting the main katha pandal began to oscillate with alarming noise.
The following day, planned events, including Srila Prabhupada's appearance day cooking, were considered for postponement. Our sole reliance was on your divine grace and the mercy of the Lord. Many senior devotees engaged in earnest prayers.
Continuing our service, we reinforced our pandal by adding more cross bamboos. Kirtan commenced at 4 p.m., and devotees gathered, singing the Hare Krishna mantra. When you graciously arrived and took your seat on a simple white bed sheet, the chanting of "Jay Jay Jagannath Sachidananda" began.

I witnessed a miraculous change as you initiated the singing. The fierce gusts subsided, replaced by a gentle, soothing breeze. Devotees, previously struggling due to sand in their eyes and mouths, found relief. Children joyously played in the beach sand. From that moment, everything became calm and serene.
Guru Maharaj, that day I realized the profound reciprocation of the Lord towards absorbed devotees like yourself. I am in awe of the love you harbor for us, and I wonder how many times you must have prayed for our well-being.

Thank you immensely, Maharaj, for your boundless love and prayers. On this divine occasion of your Vyasa Puja, I humbly seek your blessings for me and all ISKCON members to forever remain engaged in your service. Your teachings, your institution, your literature, and your followers are the most precious assets in my life.

Dear Guru Maharaj,
Please accept our humble obeisances at your lotus feet.
All glories to you. All glories to Srila Prabhupada. All glories to Sri Gauranga.

I am making this offering on behalf of all my family members. Maharaj, thank you very much for being the guiding light in our lives. You know the way, show the way and go the way. We are immensely fortunate that you have accepted us as your disciples and shower the nectar of valuable lessons and instructions on us through your lectures.

Recently I came across this acronym MASTER by our god brother HG Toshan Nimai pr in his new book "Captain" on Srila Prabhupada. As I was reading that I naturally got reminded of your glories as a perfect master.

M - Medium: Guru maharaj, you are the transparent via medium for us to access Krishna. Krishna se tomar, Krishna dite paro. You love Krishna and you are distributing His love to us. It is only through you that we understand what pleases Krishna. The deep lessons you draw from different pastimes in your lectures give us the real understanding of what Krishna Consciousness really is.

A - Authority: As a true representative of Srila Prabhupada, you are the greatest authority for us. No matter what situation of life we may be in, if we take shelter of your vani, we get answers to all questions. Upon hearing from you, all illusion is dispelled. I remember once in a leaders' gathering called Prema Mahotsava in GEV, after a long question answer session, at the end you remarked, "30 years back also we had same questions and now also we have same questions. We have to become more Krishna Conscious and all questions will go away. Krishna Consciousness is the real and only solution to all problems and conflicts". Thank you Maharaj for being such an authority for us.

S - Successor: Gurudev, your loyalty to Srila Prabhupada is exceptional. When you give initiations, you always consciously make sure to say that “on behalf of Srila Prabhupada and our parampara, I am happy to offer you the name..”. I have heard that when you answer some questions about what one should do in a given situation, you often answer by saying what would please Srila Prabhupada the most. You carry Srila Prabhupada in your heart and give us access to his mercy.

T - Transcendental - You are always in Vrindavan, in transcendental consciousness. I heard once a Vrajbasi came to Chowpatty temple and upon seeing kadamba tree in the courtyard, said this is not from Vrindavan, but this is from Bengal. You acknowledged and said that you know this and deliberately didn’t get one from Vrindavan because you felt it inappropriate to take something out of Vrindavan. Upon hearing this the Vrajbasi said that wherever you are is Vrindavan!

E - Endearing: Maharaj, you are a king of relationships and are adored by the whole world. You know how to connect with everyone and inspire Krishna Consciousness in their heart. Once upon seeing you talking to a new boy for a long time, when HG Navina Nirada pr asked you about your strategy for that boy, you said “strategy is for projects. For people, we have heart.”. Gurudev, since whatever you do comes out of your heart, it goes straight into the hearts of the recipients.

R - Role Model: You are an acharya. You set an ideal example for all to follow. You walk your talk. Once when somebody asked you what is the best gift they can give you on your birthday, you said “chant with faith, attention and humility”. We get deeply inspired by seeing your own example of giving first priority to sadhna. Similarly, when it comes to sadachar, in any situation, all we have to do is to remember what you would do in that situation and we can be assured of following the highest standards of sadachar.

Dear Gurudev, thank you for being such an amazing master for us. Though we are unqualified unworthy disciples of yours, we pray for your mercy so that we can please you more. Satisfying you is the only hope we have in making progress in Krishna Consciousness. This year a lot of our time, energy and money went into constructing/renovating our residence in Bangalore. We are making humble attempts in using the new facility in inviting devotees for priti-lakshanam and for hosting programsfor new comers and devotees. We seek your prayers and blessings Maharaj that we can increase our surrender and services for your pleasure.

On this most auspicious day of your Vyas Puja, we beg forgiveness for the innumerable offenses we have knowingly or unknowingly committed unto you and all vaishnavas and sincerely pray at your lotus feet for your mercy so that we can become better disciples who can shoulder your burden of love.

Thank you very much,

Dear Radhanath Maharaj,
Please accept our humble obeisance.

On this auspicious day, it is a great pleasure to be with our god brothers and celebrate your birthday and express our gratitude. Your presence in our lives is like finding soothing shelter in a forest fire. Though, our goal is to get out of this forest fire, this shelter is making sure that we are sticking together and progressing together and your wisdom, association of devotees is our guiding path to get out of it.

Among the many lessons and stories you have given us, I like the story of the good dog and bad dog and it has been very instructive for all of us. You mention that a good dog represents good behaviour, generosity, kindness, and compassion. And a bad dog represents the six anarthas of lust, anger, greed, arrogance, envy illusion, selfishness and so many other bad vices.And there is a constant duel going on in our hearts between the good dog and bad dog. And you ask us, which dog would win? You answer that the dog we feed the most would win. And the dog we feed would get nourishment and get strength. So, we have a choice to decide which dog we want to feed.
There are many many lessons you have taught us Maharaj. You are showing by your example how to respect and love your god brothers and family. Each and every moment of your life is so absorbing that even if we get thousands of mouths to glorify you, we wouldn't be able to cover so many things you have been exemplifying. All we can do is to be grateful for whatever nectar we have been receiving.

On this auspicious day of your appearance, we beg for your mercy and blessings to continue with vigour and renewed enthusiasm, so as to come upto your expectations and contribute in ways as a householder.

We are eternally grateful to you dear Maharaj and we profusely want to thank your parents, Srila Prabhupada and Krishna for giving such a genuine shelter under your lotus feets.

["I offer my respectful obeisances unto my spiritual master, who with the torchlight of knowledge has opened my eyes, which were blinded by the darkness of ignorance."]

There is no work as auspicious as serving the spiritual master. Of all worship, the worship of the Supreme Personality of Godhead is the greatest. But the worship of the lotus feet of the spiritual master is even greater than the worship of the Supreme Personality of Godhead. Unless this is firmly realized we can not understand what saintly association means; we cannot understand what the shelter of a spiritual master means; we cannot understand that we are dependent and he is our maintainer.

My dear Lord, You are glorified by the selected verses uttered by great personalities. Such glorification of Your lotus feet is just like saffron particles. When the transcendental vibration from the mouths of great devotees carries the aroma of the saffron dust of Your lotus feet, the forgetful living entity gradually remembers his eternal relationship with You. Devotees thus gradually come to the right conclusion about the value of life. My dear Lord, I therefore do not need any other benediction but the opportunity to hear from the mouth of Your pure devotee.

I'm indebted to you Maharaj that you facilitated so many wonderful Vaishnavas like HG Radhey Shyam Pr ,HG Gaurang Pr and many more. Because of them i got to know about Krsna Consciousness and able to practice some components of bhakti like Chanting, hearing about krsna and reading about krsna. I pray at hour lotus feet that i could keep Your mood of servant of servant in my actions and remain loyal to Srila Prabhupad.

**Yog chorge (ISKCON chowpatty)**

I always used to think about how it would feel to have Prabhupada around and to engage in bhakti. How lucky these devotees (Prabhupada's disciples) are. However, lat-

er on, I had a realization.
I have never associated with or seen Prabhupada, but I feel his complete presence through the teachings and presence of HH Radhanath Swami Maharaj. When I had this realization, I felt so lucky for myself. It was something I had always been seeking, and I feel it's the best realization I've ever had until now.
As a born devotee, during my childhood, I wasn't aware of any other temple or maharaj, as my parents are disciples of H.H. Radhanath Swami Maharaj. It was a default setting for me – the love and respect for Maharaj have been enduring and never-ending. At those days i used to think there is only one maharaj
I vividly recall the sensation of Maharaj's cold, soft feet when my mother encouraged me to bow and place my head upon them. I can still picture Maharaj placing his chanting bag on my head, accompanied by his warm smile. These interactions occurred in the early stages of my life, and though many memories from that time have faded, these moments are indelibly etched in my mind – memories I can never forget.
Now, I deeply miss those days of receiving love from Maharaj, and a sense of sadness envelops me as I yearn to reclaim my childhood. Yet, within, I cherish and live in those unforgettable moments and try to follow his vani and do seva for him.

Dear Gurudev, Please accept my humble obeisance at your lotus feet.
Through journey your life, Krishna has shown to all of us that devotional service to Him is the essence of all paths to perfection. Your determination to come India in search for truth is so inspiring. In this journey you faced so many obstacles, but you are showing all of us that the means to overcome those obstacles are to take shelter of Krishna every moment. When you met Srila Prabhupada, you gave your life to him and since then you have been inspiring millions of people to take shelter of SP's ISKCON.
I pray to you to give me strength to follow the instructions of Srila Prabhupada - following 4 regulative principles strictly and chanting minimum 16 R attentively - coming through you. Please give me strength to become more humble than blade of grass, to become more tolerant than the tree, to respect everyone and not expect the respect from others so that i can chant the holy name of the lord offenselessly. On this auspicious day of your Vyasa puja, I would love to express my gratitude and thank you wholeheartedly for accepting me as your servant. Maharaj, I have no qualification but it's you're and the Vaishnava's causeless mercy that I have got shelter at Your Louts' feet.
Maharaj, I am struggling, fumbling, losing taste and finding it hard to maintain and increase the devotional service. Association of HG Mukund Anada Prabhuji, HG Jagannath Dham Prabhuji, HG Sankarshan Lilla

Prabhuji and HG Nirmalchand Prabhuji has helped me to push hard and carry on in the HDG's mission with faith and hope that one day I can follow in their footsteps. By the mercy of Guru and Gauranga, I get an opportunity to serve devotees at NVCC temple. Maharaj, I beg at your Lotus feet to help in maintaining the proper mood while serving Their Lordship and Devotee. I beg unconditional forgiveness for any offence caused while performing the seva or otherwise. You have kindly, allowed me to participate in Puri Yatra, chant with you, hear your nectarine instruction and honour the prasad.

I would like to conclude my offering with one humble request. Maharaj, I am a little bit concerned about your health. I have seen you extending yourself selflessly to the masses, if possible, please take care of your health. We all need your long physical association.

Dear Gurumaharaj,
Please accept my prostrated obesciences at the holy dust of your lotus feet.
All Glories to Srila Prabhupada!
All Glories to you and Gauranga

Gurumaharaj you are the embodiment of the oceanic qualities coming from the supreme Lord through the divine grace of Srila Prabhupada. I would like to touch upon, with my limited understanding, on few of those qualities. Your compassion for us have taken many shapes and forms. Few of them are like Counsellor system, Bhaktivedanta Hospital, etc. You have genuine care and concern for sustained and overall (all aspects) care of a devotee.
You once said: "Elegant temple, beautiful

deities, melodious kirtan and mind boggling classes will bring people but loving relationship between devotees will sustain it." You are the best example for putting vaishnavas first. Be it during HH Jayapataka Swami Maharaj`s health crisis or be it spending time with HH Bhakti Tirtha Swami Maharaj in his last days. For your God Brothers you have an overwhelming love and affection. I remember once you were giving class during Kartik yatra and HH Bhakti Charu Swami Maharaj came there were around 7000 devotees sitting in front of you. You just got up and went straight to him and personally escorted him.

For these Vaishnava Relationships to be place, you have been arranging Yatras like Pune Yatra, Kartik Yatra. This year's yatra had an overwhelming response of 11000 devotees. Once you said: "If you want to know Krishna, you have to put Vaishnavas in front of yourself. We should not be self-centered. Selfishness is the enemy but yet we are so inclined to fall into that state of mind. The cure is to serve. Let us be absorbed in the spirit of service for all the other devotees." This is what we get to see what happens in yatra. All the devotees serving are trying to adopt this mood given by you.

In my own insignificant life, I got an opportunity to receive your causeless mercy. Be it during the sickness of my mother or be it during your visit to our Pune temple for HG Satyavati Mataji or during GBC Mid-term Meeting; opportunities to interact with are so much fulfilling. You give your 100% to the slightest of the interaction you have knowing well that for us it's a lifetime experience.

You have made yourself available to all of us in form of your thousands of wonderful discourses. You once said that everything what I want to give you is in my classes. They are the nourishment and solace for us Even after receiving so much from you my condition still seems to be so critical. My mind and senses at-times creates havoc for my existence. It is said Spiritual Master is the external manifestation of supersoul. In that sense what I can hide from you? Hence knowing my vernalable condition, I beg for your shelter. Your shelter is the only hope for me. Please allow me to be in the association of your dear devotees because there only I have hope for my purification and perfection.

Sri Vrindavan Dham,2023:

With the grace of Gurudev, I had the opportunity to worship at this holy place and immerse myself in the spiritual daily life of the Brijwasis.

The attitude of being the 'Servant of Servant of Servant,' following Gurudev's instructions, stands as the original motto for every Vrindavan resident. Thousands of instructions received through various mediums and darshans throughout the year aim to awaken our minds to life's essence—to please Krishna and act in accordance with His wishes.But the Brijwasis embody this at every step spontaneously and unconditionally.They are natural sevants of the servants of the Supreme Personality of Godhead.

Gurudev's teachings in Vrindavan transition from theory to practice effortlessly. Here, we don't just hear but earnestly strive to implement every instruction flawlessly, driven by an intense longing for service. Anxiety about material miseries transforms into an insatiable thirst for learning the Divine couple's pastimes.

The guidance to always remember Krishna and never forget Him confirms it's not just feasible but an uncontrollable urge, often leading to tears at the sight of the Supreme Personality of Godhead.

Dear Gurudev, the experiences in this sacred place inspire me to write endlessly, sharing realizations that fuel my joy and reignite the enthusiasm for service, crucial for progress in this journey.

Today, amidst the celebration, I confess my sadness and longing for our reunion. I know we should celebrate your greatness on this auspicious day, yet my heart yearns for our reunion. All Vrindavan realizations stem from your mercy. Without you, I would have been lost in the material world. I selfishly wish to eternally celebrate this day in your presence and in subsequent lives seek refuge at your lotus feet, promising to ardently follow your instructions.

I wish you eternal presence to the Radha and Krishna lilas.

Your servant,
bh.Zharko
